It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before January 25, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by section 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MARY B. KIDD,
Acting Secretary.

[Project 2685—New York]

POWER AUTHORITY OF THE STATE OF NEW YORK

Notice of Availability of Staff Draft Environmental Statement for Inspection

JANUARY 9, 1973.

Notice is hereby given that on January 15, 1973, as required by § 2.81(b) of Commission Regulations under Order 415-C (37 FR 28412, Dec. 23, 1972), a staff draft environmental statement, pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (43 U.S.C. 4332(2)), was placed in the public files of the Federal Power Commission. This statement deals with an application for approval of exhibits for the routing of a proposed transmission line filed by the Power Authority of the State of New York pursuant to article 34 of the license for the Blenheim-Gilboa Pumped Storage Project No. 2685 (41 FPC 712, 718).

This statement is available for public inspection in the Commission's Office of Public Information, Room 2523, General Accounting Office, 441 G Street NW., Washington, DC and its New York regional office. Copies will be available from the National Technical Information Service, Department of Commerce, Springfield, Va. 22151.

The Commission, on June 6, 1969 (41 FPC 712), issued a license to the Power Authority of the State of New York (PASNY) to construct and operate the Blenheim-Gilboa Pumped Storage Project No. 2685 including, as part of the project works, three 345 kv. transmission lines. By its order issued April 10, 1970 (43 FPC 521), the Commission approved exhibits authorizing construction of the Gilboa-Fraser and Gilboa-New Scotland lines only (now in operation). The Commission reserved decision as to the design and the routing of the Gilboa-Leeds line in view of opposition thereto.

The subject application and proceeding involve PASNY's request for approval of exhibits to authorize the route prior to construction of the Gilboa-Leeds 345 Kv. transmission line. Exhibit J, K, and M show the design and alternative routes "A-1" and "B-1" for the Leeds line which will originate at the project switchyard adjacent to the powerhouse in Schoharie County, N.Y. and extend about 35 miles into Albany (Route "B-1") and Greene Counties (Routes "A-1" and "B-1") to the Leeds substation near Catskill, N.Y.

Alternative designs and routes, in addition to those mentioned above, are under consideration. Additional transmission tower designs are under consideration, modifying the original proposal from single-circuit towers to towers which would permit transmission of larger amounts of power projected for the northeast region without duplicating corridors in the area.

Unless previously granted intervention, any person desiring to present evidence regarding environmental matters in this proceeding must file with the Federal Power Commission a petition to intervene, and also file an explanation of his environmental position, specifying any difference with the environmental statement upon which the intervenor wishes to be heard, including therein a discussion of the factors enumerated in section 2.80 of Order 415-C. Written statements by persons not wishing to intervene may be filed for the Commission's consideration. The petitions to intervene or comments should be filed with the Commission on or before March 1, 1973. The Commission will consider all responses to the statement.

MARY B. KIDD,
Acting Secretary.

[FR Doc.73-773 Filed 1-12-73;8:45 am]

[Docket No. CP73-169]

UNITED GAS PIPE LINE CO.

Notice of Application

JANUARY 9, 1973.

Take notice that on December 27, 1972, United Gas Pipe Line Co. (Applicant), 1500 Southwest Tower, Houston, Tex. 77002, filed in Docket No. CP73-169 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas services, and to abandon in place as well as to abandon and remove certain pipeline and measuring facilities originally installed to make such gas sales, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks permission and approval for the abandonment of natural gas services to Air Products and Chemicals, Inc. (Air Products) at Air Products' Escambia Plant located near Floridatown, Santa Rosa County, Fla., being made in accordance with a contract dated February 10, 1955, as amended, and authorized in Dockets Nos. G-8230, G-13142, CP60-14 and CP70-297, and for the abandonment in place of 145 feet of 16-inche pipeline, and the removal of a sales meter and regulator station.

Applicant states that its agreement with Air Products was subject to a rate schedule with a stated monthly rate that expired on January 1, 1973, although said contract would have expired by its own terms on January 1, 1983. It is stated that Applicant submitted a new monthly rate schedule for the period January 1, 1973 through January 1, 1978, and two alternative proposals, all of which were rejected by Air Products, thereby Applicant states, effectively terminating the agreement between the parties. Applicant contends that since Air Products would agree only to a new monthly rate that would not enable Applicant to acquire the new reserves necessary to enable continuing industrial service during a time of gas shortage, and because the subject contract is in effect terminated, the Commission should grant Applicant's request to discontinue service to Air Products and to abandon facilities supporting such service.

Applicant states further that Air Products is an industrial customer utilizing the gas it purchases from Applicant as feedstock for the manufacture of chemicals, and that Air Products will most likely utilize natural gas from another source, or another fuel, upon cessation of sales of natural gas by Applicant. It is further stated that since Applicant has been forced to curtail deliveries on its system of natural gas, Air Products, as an industrial customer, should have a lower priority than other nonindustrial customers of Applicant.

Applicant asserts that authorization of the termination of service requested herein will not result in a loss of gas to interstate commerce.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before January 25, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MARY B. KIDD,
Acting Secretary.

[Docket No. CP73-168]

UNITED GAS PIPE LINE CO.

Notice of Application

JANUARY 9, 1973.

Take notice that on December 27, 1972, United Gas Pipe Line Co. (Applicant), 1500 Southwest Tower, Houston, Tex. 77002, filed in Docket No. CP73-168 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas services, and to abandon and remove certain pipeline and measuring facilities originally installed to make such gas sales, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks permission and approval for the abandonment of natural gas services to Stauffer Chemical Co. (Stauffer) at Stauffer's chemical plant located near Salco, Mobile County, Ala., being made in accordance with a contract dated December 24, 1954, as amended, and authorized in Docket No. G-13142, and to abandon in place 22 miles of 4-inch pipeline, and to abandon and remove a sales meter regulator station.

Applicant states that its agreement with Stauffer was subject to a rate schedule with a stated monthly rate that expired on January 1, 1973, although said contract would have expired by its own terms on January 1, 1983. It is stated that Applicant submitted a new monthly rate schedule for the period January 1, 1973 through January 1, 1978, and two alternative proposals, all of which were

V38-9 JAN 15 73 XUM

rejected by Stauffer, thereby, Applicant states, effectively terminating the agreement between the parties. Applicant contends that since Stauffer would agree only to a new monthly rate that would not enable Applicant to acquire the new reserves necessary to enable continuing industrial service during a time of gas shortage, and because the subject contract is in effect terminated, the Commission should grant Applicant's request to discontinue service to Stauffer and to abandon facilities supporting such service.

Applicant states further that Stauffer is an industrial customer utilizing the gas it purchases from Applicant as feedstock and boiler fuel for the manufacture of chemicals, and that Stauffer will most likely utilize natural gas from alternative sources, butane or fuel oil upon cessation of sales of natural gas by Applicant. It is further stated that since Applicant has been forced to curtail deliveries on its system of natural gas, Stauffer, as an industrial customer, should have a lower priority than other nonindustrial customers of Applicant.

Applicant asserts that authorization of the termination of service requested herein will not result in a loss of gas to interstate commerce.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before January 25, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MARY B. KIDD,
Acting Secretary.

[Docket No. CP73-171]

UNITED GAS PIPE LINE CO.

Notice of Application

JANUARY 9, 1973.

Take notice that on December 27, 1972, United Gas Pipe Line Co. (Applicant), 1500 Southwest Tower, Houston, Tex. 77002, filed in Docket No. CP73-171 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas services, and to abandon in place as well as to abandon and remove certain pipeline and measuring facilities originally installed to make such gas sales, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks permission and approval for the abandonment of natural gas services to Kentwood Brick and Tile Manufacturing Co., Inc. (Kentwood) at Kentwood's plant located in Tangipahoa Parish, near Kentwood, La., being made in accordance with a contract dated January 27, 1966, and authorized in Docket No. CP66-415, and for the abandonment in place of 1.9 miles of 2-inch pipeline, and the removal of a sales meter and regulator station.

Applicant states that its agreement with Kentwood was subject to a rate schedule with a stated monthly rate that expired on January 1, 1973, although said contract would have expired by its own terms on January 1, 1983. It is stated that Applicant submitted a new monthly rate schedule for the period January 1, 1973 through January 1, 1978, as well as an alternative proposal, both of which were rejected by Kentwood, thereby Applicant states, effectively terminating the agreement between the parties. Applicant contends that since Kentwood would agree only to a new monthly rate that would not enable continuing industrial service during a time of gas shortage, and because the subject contract is in effect terminated, the Commission should grant Applicant's request to discontinue service to Kentwood and to abandon facilities supporting such service.

Applicant states further that Kentwood is an industrial customer utilizing the gas it purchases from Applicant as fuel for its brick kilns and will most likely utilize natural gas from an alternative source, butane, or propane upon cessation of sales of natural gas by Applicant. It is further stated that Since Applicant has been forced to curtail deliveries on its system of natural gas, Kentwood, as an industrial customer, should have a lower priority than other nonindustrial customers of Applicant.

Applicant asserts that authorization of the termination of service requested herein will not result in a loss of gas to interstate commerce.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before January 25, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petiton to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the National Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MARY B. KIDD,
Acting Secretary.

[Docket No. CP73-170]

UNITED GAS PIPE LINE CO.

Notice of Application

JANUARY 9, 1973.

Take notice that on December 27, 1972, United Gas Pipe Line Co. (Applicant), 1500 Southwest Tower, Houston, TX 77002, filed in Docket No. CP73-170 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas services, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks permission and approval for the abandonment of natural gas services to Scott Paper Co. (Scott) at Scott's Mobile plant located in Mobile, Ala., being made in accordance with a contract dated September 8, 1964, as amended, and authorized in Docket No. G-6060. Applicant states that its agreement with Scott was subject to a rate schedule with a stated monthly rate that

expired on January 1, 1973, although said contract would have expired by its own terms on January 1, 1983. It is stated that Applicant submitted a new monthly rate schedule for the period January 1, 1973 through January 1, 1978, as well as an alternative proposal, both of which were rejected by Scott, thereby Applicant states, effectively terminating the agreement between the parties. Applicant contends that since Scott would agree only to a new monthly rate that would not enable continuing industrial service during a time of gas shortage, and because the subject contract is in effect terminated, the Commission should grant Applicant's request to discontinue service to Scott.

Applicant states further that Scott is an industrial customer utilizing the gas it purchases from Applicant as boiler fuel for the manufacture of paper and will most likely utilize natural gas from alternative sources, butane or fuel oil upon cessation of sales of natural gas by Applicant. It is further stated that since Applicant has been forced to curtail deliveries on its system of natural gas Scott, as an industrial customer, should have a lower priority than other nonindustrial customers of Applicant.

Applicant asserts that no facilities are to be abandoned and that the termination of service requested herein will not result in a loss of gas to interstate commerce.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with with reference to said application should on or before January 25, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MARY B. KIDD,
Acting Secretary.

[Docket No. CP73-180]

UNITED GAS PIPE LINE CO.

Notice of Application

JANUARY 9, 1973.

Take notice that on January 4, 1972, United Gas Pipe Line Co. (Applicant), 1500 Southwest Tower, Houston, TX 77002, filed in Docket No. CP73-180 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas services, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks permission and approval for the abandonment of natural gas services to Allied Paper Inc. (Allied) at Allied's pulp mill located in Jackson, Ala., being made in accordance with a contract dated May 14, 1964, as amended, and authorized in Docket No. CP64-301.

Applicant states that its agreement with Allied was subject to a rate schedule with a stated monthly rate that expired on January 1, 1973, although said contract would have expired by its own terms on January 1, 1983. It is stated that Applicant submitted a new monthly rate schedule for the period January 1, 1973 through January 1, 1978, as well as an alternative proposal, both of which were rejected by Allied, thereby, Applicant states, effectively terminating the agreement between the parties. Applicant contends that since Allied would agree only to a new monthly rate that would not enable Applicant to acquire the new reserves necessary to enable continuing industrial service during a time of gas shortage, and because the subject contract is in effect terminated, the Commission should grant Applicant's request to discontinue service to Allied.

Applicant states further that Allied is an industrial customer utilizing the gas it purchases from Applicant as boiler fuel for the manufacture of paper, and that Allied will most likely utilize natural gas from another source, butane, or fuel oil, upon the cessation of sales of natural gas by Applicant. It is further stated that since Applicant has been forced to curtail deliveries on its system of natural gas, Allied, as an industrial customer, should have a lower priority than other nonindustrial customers of Applicant.

Applicant asserts that authorization of the termination of service requested herein will not result in a loss of gas to interstate commerce.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before January 26, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commisson's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate for the proposed abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MARY B. KIDD,
Acting Secretary.

[FR Doc.73-779 Filed 1-12-73;8:45 am]

FEDERAL RESERVE SYSTEM

CHARLES STEWART MOTT FOUNDATION

Determination Regarding "Grandfather" Privileges

Section 4 of the Bank Holding Company Act (12 U.S.C. 1843) provides certain privileges ("grandfather" privileges) with respect to nonbanking activities of a company that, by virtue of the 1970 Amendments to the Bank Holding Company Act, became subject to the Bank Holding Company Act. Pursuant to section 4(a)(2) of the Act, a "company covered in 1970" may continue to engage, either directly or through a subsidiary, in nonbanking activities that such a company was lawfully engaged in on June 30, 1968 (or on a date subsequent to June 30, 1968, in the case of activities carried on as a result of the acquisition by such company or subsidiary, pursuant to a binding written contract entered into on or before June 30, 1968, of another company engaged in such activities at the time of the acquisition), and has been

V 38 I 9 JAN 15 73 XUM

continuously engaged in since June 30, 1968 (or such subsequent date).

Section 4(a)(2) of the Act provides, inter alia, that the Board of Governors of the Federal Reserve System may terminate such grandfather privileges if, having due regard to the purposes of the Act, the Board determines that such action is necessary to prevent undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices. With respect to a company that controls a bank with assets in excess of $60 million on or after December 31, 1970, the Board is required to make such determination within a two year period.

Notice of the Board's proposed review of the grandfather privileges of The Charles Stewart Mott Foundation, Flint, Michigan, and an opportunity for interested persons to submit comments and views or request a hearing, has been given (37 FR 22414). The time for filing comments, views, and requests has expired, and all those received have been considered by the Board in light of the factors set forth in section 4(a)(2) of the Act.

On the evidence before it, the Board makes the following findings. The Charles Stewart Mott Foundation, Flint, Mich. (Registrant), became a bank holding company on December 31, 1970, as a result of the 1970 Amendments to the Act, by virtue of Registrant's ownership of 58 percent of the outstanding voting shares of Wayne Oakland Bank, Royal Oak, Mich. (Bank) (assets of $245.4 million as of Dec. 31, 1970). Bank, control of which was acquired by Registrant in July 1944, had total deposits of approximately $267.9 million as of June 30, 1972, representing approximately 2 percent of the total commercial bank deposits in the Detroit SMSA, and is the ninth largest bank in the Detroit SMSA. In addition to its majority interest in Bank, Registrant also owns 5 percent of Gary National Bank ($298.7 million of deposits), Gary, Ind., and less than 5 percent of each of four other banking organizations of which one is located in Chicago, Ill., two in Detroit, Mich., and one in Flint, Mich.[1] Bank's management, financial condition and prospects are regarded as satisfactory, and the Board has found no evidence of any unsound banking practices.

Registrant is a private, charitable foundation which was established in 1926 to maintain a fund and make grants from the fund for educational, health, and similar purposes that are intended to improve individual growth and development, and strengthen society. Registrant's total assets (as of Dec. 31, 1971) amount to about $320 million, the bulk of which is represented by investments in 65 companies and banks; and, except as noted, Registrant's holdings in each of these is less than 5 percent of the outstanding voting shares.[2] Registrant has four nonbanking subsidiaries which are engaged in nonbanking activities that appear eligible for grandfather benefits, namely, United States Sugar Corp., Clewiston, Fla. (acquired in Dec. 1937), St. Louis County Water Corp., University City, Mo. (acquired in July 1963), Missouri Water Co., University City, Mo. (acquired in July 1963), a subsidiary of St. Louis Water Corp., and Everglades Corp., Miami, Fla. (acquired in Jan. 1948). United States Sugar Corp. (about 37 percent of the voting shares of which are held by Registrant) is engaged principally in growing sugarcane and cattle raising and owns approximately 106,000 acres of land in Florida. Registrant's wholly owned subsidiary Everglades Corp. operates leasehold properties in Florida. St. Louis County Water Co. and Missouri Water Co., both of which are wholly owned subsidiaries, are water utilities in St. Louis, Mo., and are subject to the jurisdiction of the Public Service Commission of Missouri.

On the basis of the foregoing and all the facts before the Board, it appears that the volume, scope, and nature of the activities of Registrant and its subsidiaries do not demonstrate an undue concentration of resources, decreased or unfair competition, conflicts of interest nor unsound banking practices.

There appears to be no reason to require Registrant to terminate its grandfathered interests. It is the Board's judgment that, at this time, termination of the grandfather privileges of Registrant is not necessary in order to prevent an undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices. However, this determination is not authority to enter into any activity that was not engaged in on June 30, 1968 and continuously thereafter, or any activity that is not the subject of this determination. Nor is this determination authority for Registrant to acquire any additional real property or additional shares of any company if the Registrant's holdings in said company will exceed 5 percent of the outstanding voting shares of such company.

A significant alteration in the nature or extension of Registrant's activities or a change in location thereof (significantly different from any described in this determination) will be cause for a reevaluation by the Board of Registrant's activities under the provisions of section 4(a)(2) of the Act, that is, whenever the alteration or change is such that the Board finds that a termination of the grandfather privileges is necessary to prevent an undue concentration of resources or any of the other evils designated in the Act. No merger, consolidation, acquisition of assets other than in the ordinary course of business, nor acquisition of any interest in a going concern, to which the Registrant or any nonbank subsidiary thereof is a party may be consummated without prior approval of the Board. Further, the provision of any credit, property, or service by the Registrant or any subsidiary thereof shall not be subject to any condition which, if imposed by a bank, would constitute an unlawful tie-in arrangement under section 106 of the Bank Holding Company Act Amendments of 1970.

The determination herein does not preclude a later review by the Board of Registrant's nonbank activities and a future determination by the Board in favor of termination of grandfather benefits of Registrant. The determination herein is subject to the Board's authority to require modification or termination of the activities of Registrant or any of its nonbanking subsidiaries as the Board finds necessary to assure compliance with the provisions and purposes of the Act and the Board's regulations and orders issued thereunder, or to prevent evasions thereof.

By determination of the Board of Governors,[3] effective January 5, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-754 Filed 1-12-73;8:45 am]

[1] These are, respectively, First Chicago Corp. (deposits of $5.2 billion); National Bank of Detroit (deposits of $4.2 billion); Michigan Bank, N.A. (deposits of $757.0 million); and Gennessee Merchants Bank & Trust Co. (deposits of $406.0 million).

[2] The holding of 5 percent or less of the shares of any company is permissible for a bank holding company under section 4(c)(6) of the Act.

[3] Voting for this action: Chairman Burns and Governors Robertson, Mitchell, Daane, Brimmer, and Sheehan. Absent and not voting: Governor Bucher.

CONTRACT LEASING CORP. AND CLAYTON BANKSHARES CORP.

Determination Regarding "Grandfather" Privileges

Section 4 of the Bank Holding Company Act (12 U.S.C. 1843) provides certain privileges ("grandfather" privileges) with respect to nonbanking activities of a company that, by virtue of the 1970 amendments to the Bank Holding Company Act, became subject to the Bank Holding Act. Pursuant to section 4(a)(2) of the Act, a "company covered in 1970" may continue to engage, either directly or through a subsidiary, in nonbanking activities that such company was lawfully engaged in on June 30, 1968 (or on a date subsequent to June 30, 1968, in the case of activities carried on as a result of the acquisition by such company or subsidiary, pursuant to a binding written contract entered into on or before June 30, 1968, of another company engaged in such activities at the time of the acquisition), and has been continuously engaged in since June 30, 1968 (or such subsequent date).

Section 4(a)(2) of the Act provides, inter alia, that the Board of Governors of the Federal Reserve System may terminate such grandfather privileges if, having due regard to the purposes of the Act, the Board determines that such action is necessary to prevent undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices. With respect to a company that controls a bank with assets in excess of $60 million on or after December 31, 1970, the Board is required to make such a determination within a 2-year period.

Notice of the Board's proposed review of the grandfather privileges of Contract Leasing Corp., St. Louis, Mo., and of Clayton Bankshares Corp., St. Louis, Mo., and an opportunity for interested persons to submit comments and views or request a hearing, has been given (37 FR 22414). The time for filing comments, views, and requests has expired, and all those received have been considered by the Board in light of the factors set forth in section 4(a)(2) of the Act.

On the evidence before it, the Board makes the following findings. Contract Leasing Corp., St. Louis, Mo. (Contract Leasing), owns approximately 34 percent of Clayton Bancshares Corp., St. Louis, Mo. (Clayton), and has owned such shares continuously since before June 30, 1968. Each of these companies became a bank holding company on December 31, 1970, as a result of the 1970 amendments to the Act, by virtue of Clayton's ownership of approximately 95 percent of the outstanding voting shares of Clayton Bank, Mo. (Bank) (assets of $62 million as of December 31, 1970). Bank, control of which was acquired by Clayton in 1958, had total deposits of approximately $84 million as of December 31, 1971, representing 5 percent of the total deposits in the 45 commercial banks in St. Louis County and 1.4 percent of the total deposits in the St. Louis market, and was the 19th largest bank in the State. Bank's management, financial condition, and prospects are regarded as satisfactory, and the Board has found no evidence of any unsound banking practices.

Contract Leasing[1] reports that it does not engage directly in any activities except for its ownership of shares of Clayton.

Clayton owns the real property on which Bank and its drivein facility are located.[2] In addition, Clayton engages directly in the following activities: Conducting audits of affiliated banks and preparing reports to the respective boards of directors of those banks; providing and supervising messenger and delivery service between affiliated banks and affiliated corporations; supervising new business development, installment loan, and bank operations of affiliated banks; and supervising automation operations of the affiliated banks. It appears that all of the above activities have been engaged in continuously since before June 30, 1968, and are eligible for retention by virtue of the grandfather privileges of Contract Leasing and Clayton (Registrants).

Through its banking subsidiary Clayton has a one-third interest in one nonbanking subsidiary, Databank Corp., St. Louis, Mo., a company providing data processing services to Bank and two affiliated banks. Although Databank Corp. was acquired after June 30, 1968, and thus is not eligible for grandfather benefits, Registrants' retention of their indirect interest in this subsidiary of Bank appears to be permissible under section 4(c)(5) of the Act.

In view of the size of the assets held by Contract Leasing and Clayton ($0.8 million and $3.6 million, respectively, as of December 31, 1970), it appears that continuation of their nonbanking activities would not result in an undue concentration of resources; and, in view of the facts herein, particularly the fact that Registrants perform services only for Bank and affiliated banks and corporations, it appears that continuation of the aforesaid nonbanking and banking activities of Registrants would not result in decreased or unfair competition, conflicts of interest, or unsound banking practices.

On the basis of the foregoing and all the facts before the Board, it appears that the volume, scope, and nature of the activities of Registrants and their subsidiaries do not demonstrate an undue concentration of resources, decreased or unfair competition, conflicts of interest nor unsound banking practices.

There appears to be no reason to require Registrants to terminate their grandfathered interests. It is the Board's judgment that, at this time, termination of the grandfather privileges of Registrants is not necessary in order to prevent an undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices. However, this determination is not authority to enter into any activity that was not engaged in on June 30, 1968, and continuously thereafter, or any activity that is not the subject of this determination, nor is this determination authority for Registrants to provide services for banks in addition to those Registrants have been serving since before June 30, 1968.

A significant alteration in the nature or extension of Registrants' activities or a change in location thereof (significantly different from any described in this determination) will be cause for a reevaluation by the Board of Registrants' activities under the provisions of section 4(a)(2) of the Act, that is, whenever the alteration or change is such that the Board finds that a termination of the grandfather privileges is necessary to prevent an undue concentration of resources or any of the other evils designated in the Act. No merger, consolidation, acquisition of assets other than in the ordinary course of business, nor acquisition of any interest in a going concern, to which the Registrants or any nonbank subsidiary thereof is a party, may be consummated without prior approval of the Board. Further, the provision of any credit, property, or service by the Registrants or any subsidiary thereof shall not be subject to any condition which, if imposed by a bank, would constitute an unlawful tie-in arrangement under section 106 of the Bank Holding Company Act Amendments of 1970.

The determination herein does not preclude a later review, by the Board, of Registrants' nonbank activities and a future determination by the Board in favor of termination of grandfather benefits of Registrants. The determination herein is subject to the Board's authority to require modification or termination of the activities of Registrants or of their nonbanking subsidiary as the Board finds necessary to assure compliance with the provisions and purposes of the Act and the Board's regulations and orders issued thereunder, or to prevent evasions thereof.

By determination of the Board of Governors,[3] effective January 5, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-752 Filed 1-12-73;8:45 am]

[1] On the facts before the Board to the effect that a Mr. James owns 100 percent of the voting shares of Contract Leasing, this holding company may be entitled to the exemption in section 4(c)(11) of the Act, by virtue of which the general prohibitions of section 4 against nonbanking activities are not applicable to a holding company covered in 1970 more than 85 percent of the voting shares of which was owned on June 30 1968, and continuously thereafter by members of the same family.

[2] Section 4(c)(1)(A) of the Act enables a bank holding company to hold shares of a company engaged solely in holding or operating properties used wholly or substantially by any banking subsidiary of such bank holding company in the operations of such banking subsidiary or acquired for such future use.

[3] Voting for this action: Chairman Burns and Governors Robertson, Daane, Brimmer, Sheehan, and Bucher. Absent and not voting: Governor Mitchell.

EQUITABLE BANCORPORATION

Order Approving Acquisition of Bank

Equitable Bancorporation, Baltimore, Md., a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire not less than 41 percent of the voting shares of University National Bank, Rockville, Md.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant, with three subsidiary banks holding aggregate deposits of $731.2 million, is the largest bank holding company and second largest banking organization in Maryland with 12.3 percent of the commercial deposits in the State. (All banking data are as of December 31, 1971, unless otherwise indicated, and reflect bank holding company formations and acquisitions approved by the Board through November 30, 1972.) Acquisition of Bank ($56.7 million in deposits) would

V 38 9 JAN 15 73 XUM

increase applicant's share of statewide deposits by only 1 percent and would leave applicant as the second ranking banking organization in Maryland. Consummation of the transaction would not result in a significant increase in the concentration of banking resources in Maryland.

Bank is the eighth largest of 23 banking organizations serving the Maryland portion of the Washington, D.C., SMSA (which portion approximates the relevant banking market), holding about 3.2 percent of market deposits (as of June 30, 1970). This proposal would represent applicant's initial entry into Montgomery County. Some competition between applicant's offices in Prince George's County and Bank would be eliminated as applicant's offices in Laurel, Seabrook, and Greenbelt are approximately 10, 8, and 3 miles, respectively, distant from Bank's College Park office. However, the amount of competition is not substantial, since applicant's market share is only 2.9 percent and Bank's 3.2 percent. In view of this fact and the number of banking alternatives available, it appears that only a small amount of competition would be eliminated by consummation of this proposal. Moreover, it appears unlikely that meaningful competition would develop in the future in the light of the fact that the population per banking office in the relevant market approximates the statewide figure despite the market's much more rapid population growth during the 1960's, and the fact that applications to form branches in the area have been denied by bank regulatory agencies on the ground that the area is being adequately served. It does not appear, therefore, that significant competition would be eliminated or significant potential competition foreclosed by consummation of applicant's proposal, or that there would be undue adverse effects on any bank in the area involved.

The financial and managerial resources and future prospects of applicant, its subsidiaries, and Bank are all regarded as generally satisfactory and consistent with approval of the application. It appears that the banking needs of the residents of the market area are being met; however, customers of Bank should benefit from the higher lending limits and additional services that applicant will be able to provide, and this increase in the competitive capacity of Bank would be in the public interest. Accordingly, convenience and needs considerations are consistent with approval of the application. It is the Board's judgment that the proposed transaction would be in the public interest and that the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be consummated (a) before the 30th calendar day following the effective date of this order or (b) later than 3 months after the effective date of this order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Richmond pursuant to delegated authority.

By order of the Board of Governors,[1] effective January 5, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-757 Filed 1-12-73;8:45 am]

HELDENFELS BROTHERS

Order Approving Exemption of Nonbanking Activities of Bank Holding Company

Heldenfels Brothers, Corpus Christi, Tex. ("Applicant"), a partnership and a bank holding company within the meaning of the Bank Holding Company Act of 1956 (12 U.S.C. 1841), by virtue of ownership of 52.6 percent of the voting shares of First National Bank of Rockport, Rockport, Tex. ("Bank"), has applied to the Board of Governors, pursuant to section 4(d) of the Act, for an exemption from the prohibitions of section 4 (relating to nonbanking activities and acquisitions).

Notice of receipt of the application was published in the FEDERAL REGISTER on September 8, 1972 (34 FR 18242). Time for filing comments and views has expired and all received have been considered. No request for a hearing has been received.

Section 4(d) of the Act provides that to the extent such action would not be substantially at variance with the purposes of the Act and subject to such conditions as the Board considers necessary to protect the public interest, the Board may grant an exemption from the provisions of section 4 of the Act to certain one-bank holding companies in order (1) to avoid disrupting business relationships that have existed over a long period of years without adversely affecting the banks or communities involved, or (2) to avoid forced sales of small locally owned banks to purchasers not similarly representative of community interests, or (3) to allow retention of banks that are so small in relation to the holding company's total interests and so small in relation to the banking market to be served as to minimize the likelihood that the bank's powers to grant or deny credit may be influenced by a desire to further the holding company's other interests.

The Board has considered the application and all comments received in the light of the factors set forth in section 4(d) of the Act and finds that:

Heldenfels Brothers, a partnership with $10.7 million in assets as of December 31, 1971, engages in the principal business activity of general contracting for highway construction. Applicant and its predecessors have operated in Rockport, Tex. (population 3,879), since 1917 and Applicant states that it still maintains an office and marine repair facility in Rockport on the site of the old World War I shipyard. The record shows that the first investment in Bank made by the Heldenfels family was in the early 1920's by the father of the present partners of Applicant; he acquired a controlling interest of about 80 percent in Bank, in 1935. A predecessor partnership to Applicant subsequently acquired Bank's stock. Applicant now owns over 50 percent of the stock of Bank, and Applicant or its predecessors have held control of Bank continuously for the past 37 years. Furthermore, as of December 31, 1971, approximately one-quarter of Bank's total deposits represent deposits on behalf of Applicant or its subsidiaries, or their directors or officers. Bank appears to be well managed and in sound financial condition and the record contains nothing to suggest that Applicant has abused its relationship with Bank or misused Bank's services for the benefit of Applicant's other interests. There is no reason to believe that permitting this relationship to continue indefinitely will adversely affect Bank or the communities involved.

At the present time, controlling interest in Bank is owned by Applicant and residents of the Rockport community and its environs. The record indicates that as a result of an effort to diversify the stock ownership of Bank the number of stockholders, all of whom are residents of the Rockport-Fulton area, has been increased from 45 in 1956 to 113 (as of Aug. 17, 1971). It also appears from the record that were Bank to be sold, any prospective purchaser would not be as similarly representative of the community interest as is Applicant, in view of the history of Applicant and its predecessors, and their contributions to the affairs of the Rockport community. The only offers to purchase control of Bank in the past 10 years have reportedly come from persons outside the Rockport-Fulton-Corpus Christi area. Because of the nature of the Rockport community and the nature of Bank under present ownership, it is the Board's view that forced sale of Bank would result in control by interests not similarly representative of the Rockport community.

Based on the foregoing and other considerations reflected in the record, the Board has concluded, pursuant to section 4(d)(1), that an exemption is warranted to avoid disrupting a business relationship that has existed over a long period of years without adversely affecting the banks or communities involved; and pursuant to section 4(d)(2), that forced sale of Bank would result in sale of Bank to purchasers not similarly representative of community interests. Accordingly, an exemption is granted; provided, however, that this determination is subject to revocation if the facts upon which it is based change in any material respect.

By order of the Board of Governors,[1] effective January 5, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

NATIONAL ASSOCIATION OF INSURANCE AGENTS, INC.

Order Denying Petition For Stay

The National Association of Insurance Agents, Inc. (NAIA), has filed a Petition requesting the Board to stay, pending judicial review, the effectiveness of the Board's interpretation (12 CFR 225.128) of § 225.4(a)(9) of Regulation Y relating to insurance agency activities. The interpretation was issued by the Board on August 31, 1972, and published in 37 FR 18520–18521 on September 13, 1972. On October 5, 1972, NAIA petitioned the U.S. Court of Appeals for the District of Columbia to set aside the interpretation.

The allegations and arguments presented in NAIA's Petition to the Board have been considered by the Board in the light of fairness to persons who may be affected by § 225.4(a)(9) of Regulation Y and the interpretation in question or by the proposed stay; and the Board has weighed the public interest considerations.

The Board has reviewed § 225.4(a)(9) of Regulation Y and the Board's published interpretation thereof, and the procedures used in promulgating the regulation and the interpretation; and has concluded that the regulation and the interpretation are in the public interest and were adopted in accordance with the provisions of the statute and all requirements of due process. In the Board's judgment, the Petitioner has not demonstrated that it is likely to prevail on the merits in its court suit.

The Petition alleges that NAIA will suffer irreparable harm if the stay is denied and Petitioner should prevail in court. The Board finds that the Interpretation does not constitute the approval of any application by a bank holding company to engage in insurance agency activities; NAIA and its members may object to any application by a bank holding company to engage in insurance agency activities and, to the extent that they are aggrieved parties under section 105 of the Bank Holding Company Act Amendments of 1970, they may seek court review of any Board order approving a holding company application over their objections. In view of these circumstances and because NAIA has failed to show that it or its members would suffer irreparable harm in the absence of a stay, the Board concludes that the Interpretation itself and its continued effectiveness are not likely to cause any irreparable harm to NAIA or its members.

The Board concludes that justice does not require a stay and that denial of the requested stay is in the public interest.

It is hereby ordered, that the Petition by NAIA for stay of the Interpretation of § 225.4(a)(9) of Regulation Y relating to insurance agency activities is denied.

By order of the Board of Governors,[1] effective January 4, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc. 73-753 Filed 1-12-73;8:45 am]

SOUTH ST. LOUIS INVESTMENT CO. AND HAMPTON BANKSHARES CORP.

Determination Regarding "Grandfather" Privileges

Section 4 of the Bank Holding Company Act (12 U.S.C. 1843) provides certain privileges ("grandfather" privileges) with respect to nonbanking activities of a company that, by virtue of the 1970 Amendments to the Bank Holding Company Act, became subject to the Bank Holding Company Act. Pursuant to section 4(a)(2) of the Act, a "company covered in 1970" may continue to engage, either directly or through a subsidiary, in nonbanking activities that such a company was lawfully engaged in on June 30, 1968 (or on a date subsequent to June 30, 1968, in the case of activities carried on as a result of the acquisition by such company or subsidiary, pursuant to a binding written contract entered into on or before June 30, 1968, of another company engaged in such activities at the time of the acquisition), and has been continuously engaged in since June 30, 1968 (or such subsequent date).

Section 4(a)(2) of the Act provides, inter alia, that the Board of Governors of the Federal Reserve System may terminate such grandfather privileges if, having due regard to the purposes of the Act, the Board determines that such action is necessary to prevent undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices. With respect to a company that controls a bank with assets in excess of $60 million on or after December 31, 1970, the Board is required to make such determination within a 2-year period.

Notice of the Board's proposed review of grandfather privileges of South St. Louis Investment Co., St. Louis, Mo., and of Hampton Bankshares Corp., St. Louis, Mo., and an opportunity for interested persons to submit comments and views or request a hearing, has been given (37 FR 22414). The time for filing comments, views, and requests has expired, and all those received have been considered by the Board in light of the factors set forth in section 4(a)(2) of the Act.

On the evidence before it, the Board makes the following findings. South St. Louis Investment Co., St. Louis, Mo. (South St. Louis), owns 53 percent of Hampton Bankshares Corp., St. Louis, Mo. (Hampton) and has owned such shares continuously since before June 30, 1968. Each of these companies became a bank holding company on December 31, 1970, as a result of the 1970 Amendments to the Act, by virtue of Hampton's direct ownership of approximately 56 percent of the outstanding voting shares of Hampton Bank of St. Louis, St. Louis, Mo. (Bank) (assets of $64 million as of June 30, 1971). Bank, control of which was acquired by Hampton in 1957, had total deposits of approximately $61 million as of December 31, 1971, representing 1.7 percent of the total deposits in the 27 commercial banks in the City of St. Louis and 1.0 percent of total deposits in the St. Louis market, and was the 28th largest bank in the State. Bank's management, financial condition and prospects are regarded as satisfactory, and the Board has found no evidence of any unsound banking practices.

South St. Louis[1] reports that it does not engage directly in any activities except for its ownership of shares of Hampton.

Hampton engages directly in the following nonbanking activities: procuring and managing supplies for affiliated banks and corporations; assisting in establishing policy and supervision of systems and methods of operations for affiliated banks and corporations; and owning, leasing, and managing real estate used and occupied by Bank and by affiliated banks and corporations. It appears that all of the above activities have been engaged in continuously since before June 30, 1968, and are eligible for retention by virtue of the grandfather privileges of South St. Louis and Hampton (Registrants).

Bank has two nonbanking subsidiaries (acquired after Dec. 31, 1970): Hampton Bank Building Corp., a wholly owned subsidiary formed to hold the land and operate the building that Bank will occupy; and Databank Corp., a corporation formed by Bank and two other banks to provide data processing services for the three banks. The activities conducted by Hampton Bank Building Corp. appear to be exempt from the general prohibitions of section 4 of the Act, by virtue of section 4(c)(1)(A), and the interest in Databank Corp. appears to be permissible on the basis of section 4(c)(5) of the Act.

South St. Louis and Hampton ranked as the 20th largest banking organization

[1] Voting for this action: Vice Chairman Robertson and Governors Mitchell, Daane, Brimmer, and Sheehan. Absent and not voting: Chairman Burns and Governor Bucher.

[1] On the facts before the Board to the effect that a Mr. James owns 100 percent of South St. Louis, this holding company may be entitled to the exemption in section 4(c)(11) of the Act, by virtue of which the general prohibitions of section 4 against nonbanking activities are not applicable to a holding company covered in 1970 more than 85 percent of the voting shares of which was owned on June 30, 1968, and continuously thereafter by members of the same family.

V 38 N 9 JAN 15 73 XUM

in the State as of June 30, 1972, by virtue of their control of Bank. In view of the size of the assets held by South St. Louis ($1.4 million as of June 30, 1972), and Hampton ($3.5 million as of Dec. 31, 1971), it appears that continuation of their nonbanking activities and retention of Banks' subsidiaries would not result in an undue concentration of resources; and, in view of the facts herein, particularly the fact that Registrants perform services only for Bank and affiliated banks and corporations, it appears that continuation of the aforesaid nonbanking and banking activities of Registrants will not result in decreased nor unfair competition, conflicts of interest, or unsound banking practices.

On the basis of the foregoing and all the facts before the Board, it appears that the volume, scope, and nature of the activities of Registrants and their subsidiaries do not demonstrate an undue concentration of resources, decreased or unfair competition, conflicts of interest nor unsound banking practices.

There appears to be no reason to require Registrants to terminate their grandfathered interests. It is the Board's judgment that, at this time, termination of the grandfather privileges of Registrants is not necessary in order to prevent an undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices. However, this determination is not authority to enter into any activity that was not engaged in on June 30, 1968 and continuously thereafter, or any activity that is not the subject of this determination; nor is this determination authority for Registrants to provide services for banks in addition to those Registrants have been serving since before June 30, 1968.

A significant alteration in the nature or extension of Registrants' activities or a change in location thereof (significantly different from any described in this determination) will be cause for a re-evaluation by the Board of Registrants' activities under the provisions of section 4(a)(2) of the Act, that is, whenever the alteration or change is such that the Board finds that a termination of the grandfather privileges is necessary to prevent an undue concentration of resources or any of the other evils designated in the Act. No merger, consolidation, acquisition of assets other than in the ordinary course of business, nor acquisition of any interest in a going concern, to which the Registrants or any nonbank subsidiary thereof is a party, may be consummated without prior approval of the Board. Further, the provision of any credit, property, or service by the Registrants or any subsidiary thereof shall not be subject to any condition which, if imposed by a bank, would constitute an unlawful tie-in arrangement under section 106 of the Bank Holding Company Act Amendments of 1970.

The determination herein does not preclude a later review, by the Board, of Registrants' nonbank activities and a future determination by the Board in favor of termination of grandfather benefits of Registrants. The determination herein is subject to the Board's authority to require modification or termination of the activities of Registrants or any of their nonbanking subsidiaries as the Board finds necessary to assure compliance with the provisions and purposes of the Act and the Board's regulations and orders issued thereunder, or to prevent evasions thereof.

By determination of the Board of Governors,[2] effective January 5, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-755 Filed 1-12-73;8:45 am]

THIRD NATIONAL CORP.

Order Approving Acquisition of Bank

Third National Corp., Nashville, Tenn., a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire all of the voting shares (less directors' qualifying shares) of the successor by merger to the First National Bank of Lawrenceburg, Lawrenceburg, Tenn. (Bank). The bank into which Bank is to be merged has no significance except as a means to facilitate acquisition of the voting shares of Bank. Therefore, the proposed acquisition of the shares of the successor bank is treated herein as the proposed acquisition of shares of Bank.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and none has been timely received. The Board has considered the application in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant is the fourth largest banking organization in Tennessee. It controls one bank, Third National Bank in Nashville, with deposits of $540 million, representing 6 percent of total commercial bank deposits in the State. (All banking data are as of Dec. 31, 1971.) Approval of this application, which would increase Applicant's control of State deposits by less than 0.5 percent, would not have an adverse effect on the concentration of banking resources in Tennessee.[1]

Bank is the largest of five banks in the Lawrence County banking market. It has deposits of $19.6 million and controls approximately 37.8 percent of the commercial bank deposits in that market. The nearest banking office of Third National Bank is in Nashville, approximately 98 miles northeast of Lawrenceburg. Third National Bank has no offices that compete with Bank, which derives less than 1 percent of its loans and deposits from Davidson County, the banking market of Third National Bank. Consummation of the proposed transaction would not, therefore, result in the elimination of any significant existing competition. Because of the distance separating Third National Bank and Bank, the numerous intervening banks, and the home county branching limitation under Tennessee law, there is little likelihood of the development of future competition. Moreover, the possibility of future competition through de novo entry by Applicant is slight. Lawrence County has experienced minimal population growth in the past decade and is not an attractive market for de novo entry. Per capita personal income has increased substantially since 1965 but remains well below State and national levels. Accordingly, competitive considerations are consistent with approval of the application.

The financial and managerial resources of Applicant, its banking subsidiaries and Bank are considered generally satisfactory. The future prospects of Applicant, its subsidiary banks and Bank are regarded as good. Considerations relating to the convenience and needs of the community are consistent with, and provide some support for, approval of the application. Applicant proposes to offer expanded and improved banking services, and it is expected that the community will benefit. It is the Board's judgment that consummation of the proposed transaction is in the public interest and that the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be consummated (a) before the 30th calendar day following the effective date of this order or (b) later than 3 months after the effective date of this order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Atlanta pursuant to delegated authority.

By order of the Board of Governors,[3] effective January 5, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-756 Filed 1-12-73;8:45 am]

[2] Voting for this action: Chairman Burns and Governors Robertson, Daane, Brimmer, Sheehan, and Bucher. Absent and not voting: Governor Mitchell.

[1] In a separate application approved by the Board of Governors on Nov. 22, 1972, Applicant was granted permission to acquire all of the voting shares of the successor by merger to the Merchants Bank, Cleveland, Tenn. Affiliation of both banks would increase Applicant's share of the total commercial bank deposits in Tennessee only to 6.81 percent.

[3] Voting for this action: Vice Chairman Robertson and Governors Mitchell, Daane, Brimmer, and Sheehan. Absent and not voting: Chairman Burns and Governor Bucher.

FEDERAL TRADE COMMISSION

PROPOSED PROTOCOL FOR RETAIL FOOD PRICE SURVEY

Notice of Opportunity to Submit Views

A proposed protocol for the Federal Trade Commission Retail Food Price Survey is hereinafter set forth and is today made public by the Commission for consideration by industry members and other interested or affected parties pursuant to the Federal Trade Commission Act as amended, 15 U.S.C. sections 45, 46. In general, the protocol describes a procedure for the twice monthly collection and publication of prices of 50 to 100 commonly purchased supermarket items, on a chain by chain basis in selected metropolitan areas.

Opportunity is hereby extended by the Federal Trade Commission to all persons, firms, corporations, organizations or other parties affected by or having an interest in the proposed protocol for the Federal Trade Commission Retail Food Price Survey to present to the Commission their written comments concerning the protocol. For this purpose, copies of the proposed protocol may be obtained upon request to the Commission. Such comments may be submitted by letter, memorandum, brief or other written communication not later than March 16, 1973 to Assistant Director, Division of General Litigation, Bureau of Consumer Protection, Federal Trade Commission, Pennsylvania Avenue and Sixth Street NW., Washington, D.C. 20580. To the extent practicable, persons wishing to file written presentations in excess of two pages should submit 20 copies.

The comments presented with respect to the proposed protocol will be available for examination by interested parties at the Office of the Secretary, Federal Trade Commission.

I. *Introduction.* The purpose of the proposed protocol is to notify retail food stores, trade associations, consumer organizations and other persons interested in the retail food industry that the Federal Trade Commission intends to initiate a retail food price survey. The design of the survey and the alternative methodologies which may be employed are disclosed at this time. In this way, the Commission is inviting views from all interested persons as to its methodology for the survey.

The Commission's interest in this area has been heightened by the recent widespread use in supermarket advertising of such terms as "lowest prices" and "discount prices." These claims often lead the consuming public to believe that they can satisfy their food needs at the lowest cost at the store which claims the "lowest prices."

If the public and the Commission knew whether, in fact, such advertisements were accurate, they would be aided in evaluating competing claims for retail food stores, and in distinguishing between the seller who is advertising truthfully and the one who is unfairly treating both consumers and competitors by representing, directly or by implication, that its prices are low when, in fact, its prices are not lower than those at other competing stores.

Considering the importance of these questions to consumers and businessmen, the Commission, in fulfilling its statutory responsibility under section 5 of the Federal Trade Commission Act (15 U.S.C. section 45) with respect to unfair and deceptive practices and unfair methods of competition, will initiate retail food price surveys in selected metropolitan areas. These surveys will enable the Commission swiftly to institute appropriate enforcement proceedings against significant false advertisers and, thus, prevent injury to the truthful competitor and the consumer.

Also, in light of the importance of these questions to consumers and businessmen and as an aid in fulfilling its statutory responsibilities under section 5, the information secured by the Commission from the surveys will be made available to the public, pursuant to section 6(f) of the Act, under such terms and conditions as the Commission may from time to time determine. Publication can aid enforcement in two ways: First, the publication of this information will encourage advertising supermarkets to make truthful claims about price. Second, public disclosure can enhance competition by assisting consumers to make a more rational choice among competing supermarkets.

The survey will be conducted in an as yet to be determined number of Standard Metropolitan Statistical Areas (SMSAs). Designed to be experimental, the program will be run for a fixed period of time, after which it will be evaluated as to its significance for Commission enforcement activities, impact on the protection of consumers, and enhancement of competition.

II. *Proposed protocol*—A. *Firms to be included and surveyed.* The following components of the supermarket industry will be included in each survey: All food chains operating in the selected SMSA which account for 1 percent or more of the total percent of grocery store sales in that area, or the top 10 chains by volume, whichever yields the lower number of stores, as determined by Metro Market Studies' Grocery Distribution Guide (1972 ed.).

For the purpose of the above standard, food chain is defined as a corporation, partnership, or sole proprietorship which exercises price control over three or more store locations engaged in the retail sale of food in the given SMSA. This price control can be exercised by specifying the prices charged for each item sold by the individual store or by specifying the percentage of markup over wholesale or profitability of various product categories sold by the store. Such control does not necessarily mean that the prices charged by all individual stores in the chain must be uniform but the control looks only to the relationship between the corporate headquarters, regional office, or local office and each individual store within the corporate structure. Voluntary or cooperative groups will not be included in the survey.

Chains which will be subject to the survey will be notified approximately 1 month before the survey is initiated.

Initially three store locations will be surveyed for each chain, including those operating three or more store locations within the given SMSA. The surveyed store locations will vary each time the survey is made but they will be chosen to uncover price differences made by each chain in different neighborhoods of the SMSA. Where a chain does not adhere to substantially uniform pricing within the metropolitan area, the price of each surveyed item in each store as well as the address of each store will be published. In compiling for each chain subtotals for food groups and totals for an entire market basket, the average price for each surveyed item will be used. If, however, it is determined that a chain adheres to substantially uniform prices throughout the metropolitan area, only one store will thereafter be surveyed for that chain.

B. *Dates and frequency of the survey.* The first survey will be initiated sometime in 1973. Thereafter, subsequent surveys will be undertaken on a semimonthly basis; one survey during the first 15 days and one during the remainder of each month. The exact date of each survey will not be disclosed until the price data is actually collected. All surveyors engaged in the food price survey will be regular Federal Trade Commission employees. Immediately after the data is collected a copy of the store's prices will be given to the manager of that particular store or his delegate to be reviewed at that time for surveyor error. The store's representatives must notify the Commission of any inaccurate prices before the surveyor leaves the store. The price data will be published approximately 2 days after the survey is made. Each published survey will disclose the exact date on which the data was collected.

C. *The survey structure and methodology.* The survey will be composed of a sample of 50 to 100 items each time it is made. Approximately one-half of these items will remain constant. The other items will be rotated on a random or probability basis from a master list. Both the master list and the selection method will remain confidential.

The same name brands will be surveyed in each store in any given survey week, thereby achieving exact quality comparability. From time to time, however, name brands will also be rotated. As to some of those products where house brands have a substantial market share, house brands will be surveyed.

Items of fresh meat and produce will be selected to achieve the degree of quality comparability which can be attained through the use of U.S. and State Department of Agriculture grades and specifications, where possible. The surveyor will also be furnished with a detailed description derived from USDA publications and regulations for each

V 38 9 JAN 15 73 XUM

meat or fresh produce item to be surveyed. See 7 CFR 51 et seq. Other items will be described by specifications as to size or weight and brand.

Once a tentative survey list is compiled, a pre-survey check will be made to insure that the items as specified in the survey list are actually found in virtually all chains. Substitutions will be made for those items found to be missing in a significant number of stores by selecting food items with characteristics similar to one another (e.g., spinach, kale, and broccoli) from the BLS list of food items and/or by choosing another brand, if necessary.

The price of each food item surveyed will be listed individually. High, low, and middle prices will also be listed after each item. The prices of items on sale will be noted by an "S" following the item's price. "N.A." will be recorded for items which are not available and "N.C.Q." (not comparable quality) for meat and produce items which do not carry Federal or State grades.

In cases where a store is missing an item or only offers a noncomparable item, the following procedure will be followed, regardless of whether totals are to be weighted or unweighted. I: We will compute the variation between that store's prices and the average price for other stores on items which that and the other stores have. II: The average price will be computed on the item which is missing or noncomparable in the particular store. The price to be used in computing the basket total will be the average cost for that item (II) adjusted by the store's variation from average on all items (I). Where these extrapolated prices are used, the appropriate subtotals and totals will be marked by an asterisk.

The Commission is presently considering two different methods of computing "market basket" totals and invites industry and consumer comments on the relative merits of the methods.

Under "Method A," the basket total each week at each store will be computed by totaling the cost of one of each product in the surveyed sample for that week. The quantity chosen for each item will be the most frequently purchased quantity of that product as determined by the Bureau of Labor Statistics. The products chosen each week for inclusion in the survey will be selected so as to preserve a dollar ratio for each product group which is approximately equal to the dollar ratio for purchases of that group by consumers as a whole. See Bureau of Labor Statistics, Relative Importance of Components in the Consumer Price Index, 1971–72. At the same time, the items to be surveyed within each product group will be chosen on a sales volume basis, with the most frequently purchased items (certainty items) included in each survey, and the somewhat less frequently purchased items (probability items) rotated on a random or probability basis.

"Method B" differs from Method A chiefly in that those items which command a larger share of the typical consumer's food budget will be more heavily stressed in computing product group subtotals and the total market basket figure. As in Method A, selection will begin by determining the average relative importance by dollar volume of each product group from BLS data. Also as in Method A, selection of products within each product group will be on a probability sample basis with the probability of inclusion proportional to relative sales volume. About one-half of the items (certainty items) will be included every week; the remainder (probability items) will be included sporadically.

The computation of the basket total and product group subtotals will take place in two stages. First, product group subtotals will be computed by adding (a) the prices of all certainty items weighted by their relative sales volume and (b) the prices of those probability items which are included in the particular survey weighted by the relative sales volume of the subgroup within the product group which the probability item represents. In the second stage, the basket total will be computed by weighting the product group subtotals so as to achieve for each product group the same relative importance vis-a-vis the other product groups that it has in BLS data on average dollar sales volume. The sum of these adjusted product group subtotals will comprise the weighted market basket total. Proposed disclosures to alert consumers to survey limitations for both methods A and B are attached in Appendixes A and B.

D. *Data collection and publication.* The data will be brought to selected regional offices where it will be checked for obvious errors. Sale prices will be checked against the chains' newspaper advertisements. Data will be transmitted by telephone to Commission headquarters for keypunching and computer processing.

The survey results will be announced at press conferences. Copies of the surveys and explanatory material will be distributed to the press and other interested groups. Materials will also be distributed for educational use. In addition, the Commission will attempt to arrange publication of the survey results in a major daily newspaper in each selected SMSA.

III. *Areas of special Commission concern.* The Commission invites comment as to all aspects of the survey, but it is especially interested in receiving comments on the following questions:

1. In how many SMSA's should the survey be conducted? Which ones?

2. What criteria should be employed to determine the inclusion or noninclusion of various retail food marketing entities?

3. How should the existence or absence of zone pricing in an SMSA be ascertained? Where zone pricing exists, how should the zone boundaries be identified?

4. How long should this experimental project be scheduled to run?

5. Of the items in each survey basket, how many should be included each time and how many rotated?

6. Should name brands be rotated from time to time? If so, on what basis?

7. Should "house" brands be surveyed? If so, on what basis and as to which products? How can it be determined whether quality comparability has been achieved?

8. What should the criteria be to ensure quality comparability with respect to meat and fresh produce?

9. How should items to be surveyed within product groups be selected? Should dollar volume, shelf space, or another indicator be the factor which determines the "leading" products? Should only the "leading" products within a group be surveyed, or should some of the "less important" products be included on a probability basis? On what basis should those items which are not to be included in each survey be rotated? (Possibilities include regular rotation, random selection, and probability selection with probabilities based on relative sales volume.)

10. Is there available data as to product volume which will be more reflective of present consumer purchasing patterns than BLS data? Is there available data reflecting regional consumption differences and if so, should it be used instead of national data in determining products to be surveyed and weights (if any) to be assigned to them?

11. On what basis should items which are unavailable or not of comparable quality be dealt with in computing a basket total?

12. Within product groups, should products be weighted in computing the basket total to reflect sales volume? (This question is illustrated in the comparison of Methods A and B.)

Issued: January 9, 1973.

By the Commission.

[SEAL] CHARLES A. TOBIN, *Secretary.*

APPENDIX A

SAMPLE DISCLAIMER—METHOD A

This survey is not a complete guide to food pricing.

Meat and produce items surveyed were of the same grade at all stores participating in Federal and State grading programs (most stores), but quality may vary within grades, with the result that quality may be somewhat higher at one store than at another.

Sale prices vary from week to week. Therefore, this week's prices may not be indicative of a store's general pricing policy.

Some subtotals and totals have been derived by substituting an "average" price based on a mathematical formula for missing or noncomparable items. Such subtotals and totals, therefore, are not necessarily an accurate reflection of that store's product group or overall prices as compared with the stores with no missing or noncomparable items.

In addition to price, service, selection, convenience, and store appearance should be considered in making shopping decisions. The items surveyed do not constitute a statistically valid sample of the items likely to be purchased by a typical consumer. Basket totals are therefore not necessarily indicative of the overall price levels of each store. You will likely purchase different items in different quantities than are on this list, so use these basket totals with extreme caution.

APPENDIX B

SAMPLE DISCLAIMER—METHOD B

This survey is not a complete guide to food pricing.

Meat and produce items surveyed were of the same grade at all stores participating in Federal and State grading programs (most stores), but quality may vary within grades, with the result that quality may be somewhat higher at one store than at another.

Sale prices vary from week to week. Therefore, this week's prices may not be indicative of a store's general pricing policy.

Some subtotals and totals have been derived by substituting an "average" price based on a mathematical formula for missing or noncomparable items. [Notice 73-4]

COMMITTEE ON GUIDANCE, CONTROL, AND INFORMATION SYSTEMS

Notice of Meeting

The NASA Research and Technology Advisory Council, Committee on Guidance, Control, and Information Systems will meet on January 31 and February 1, 1973 at the NASA Langley Research Center, Hampton, Va. 23365. The meeting will be held in Room 225 of Building 1219. Members of the public will be admitted to the open portion of the meeting beginning at 8:30 a.m. on the agenda below on a first come first served basis up to the seating capacity of the room, which is about 40 persons. All visitors must report to the Langley Research Center receptionist in Building 1219.

The NASA Research and Technology Advisory Council, Committee on Guidance, Control, and Information Systems serves in an advisory capacity only. In this capacity, the Committee is concerned with electronic, electro-optic, and electro-mechanical sensors, components, and systems and their use in the guidance, control, and processing of information in aerospace vehicles. The current Chairman is Prof. J. Frank Reintjes. There are 16 members. The following list sets forth the approved agenda and schedule for the January 31 and February 1, 1973 meeting of the Guidance, Control, and Information Systems Committee. For further information, please contact Mr. Frank J. Sullivan: area code 202—755–2385.

JANUARY 31, 1973

Time	*Topic*
8:30 a.m.----	Chairman and Executive Secretary's Reports (Purpose: To review results of RTAC meetings, operating policies and introduce new members.)
9:00 a.m.----	Visible Laser Communication Experiment Status Report (Purpose: To update Committee on progress and current status of experiment development program with objective of obtaining comments on program plans.)
10:00 a.m.---	Artificial Intelligence/Robotics Ad Hoc Group Report (Purpose: To review the Ad Hoc Group's activities and report with objective of obtaining Committee recommendations on NASA plans and programs in Artificial Intelligence/Robotics R&D.)
12 noon-----	Lunch.
1:30 p.m.----	Active Controls Technology Review (Purpose: To brief Committee on planning and coordination of Active Controls Technology program and obtain recommendations for followon activities.)

FEBRUARY 1, 1973

Time	*Topic*
8:30 a.m.----	Key Technical Area Review (Purpose: To review status of selected technical areas with the objective of obtaining Committee recommendations of topics for detailed consideration at subsequent meetings.)
10:30 a.m.---	Executive Session (Purpose: To develop Committee action and recommendations on previously listed agenda items. Budget considerations, internal organizational problems and interagency coordination needs will be considered.) (Closed to Public.)
12:30 a.m.---	Adjournment.

HOMER E. NEWELL, *Associate Administrator, National Aeronautics and Space Administration.*

JANUARY 9, 1973.

[Notice 73-5]

CONTINUATION OF ADVISORY COMMITTEES

Notice of Determinations

Pursuant to the Federal Advisory Committee Act (Public Law 92-463), it is hereby determined that the continuation of the following existing NASA advisory committees is in each case in the public interest in connection with the performance of duties imposed upon NASA by law:

1. The Aerospace Safety Advisory Panel.

2. The NASA Historical Advisory Committee.

3. The NASA Research and Technology Advisory Council and Related Committees and Ad-Hoc Sub-Groups.

4. The NASA Space Program Advisory Council and Related Committees.

5. The Medical Isotopes Advisory Subcommittee of the Manned Spacecraft Center Radiation Safety Committee.

SELECTIVE SERVICE SYSTEM

REGISTRANTS PROCESSING MANUAL

Cancellation of Induction and Alternate Service Orders

The Registrants Processing Manual is an internal manual of the Selective Service System. The following portions of that Manual are considered to be of sufficient interest to warrant publication in the FEDERAL REGISTER. Therefore these materials are set forth in full as follows.

[Temporary Instruction 632-13, 660-8]

Issued: December 27, 1972.

Subject: Cancellation of Induction and Alternate Service Orders for Registrants Postponed or Rescheduled to January or February 1973.

The Selective Service System will not deliver registrants for induction in January or February 1973 since no requisition for men from the Department of Defense has been received.

In accordance with Section 625.2 of the RPM, you are requested to reopen and consider anew the classification of each registrant who has been rescheduled for induction or alternate service or whose postponement is scheduled to expire in January or February 1973, or who was placed in an acceptability undetermined status upon reporting for induction on a date prior to December 28, 1972, other than (1) a violator who is willing to submit to induction in lieu of prosecution, (2) any registrant who is paroled for induction (reference Part 1643, SSR; Chapter 643, RPM) and (3) any registrant certified by his respective armed force as an unsatisfactory participant (reference Section 1631.7, SSR; Section 631.7, RPM). This request shall immediately cancel any order to report for induction or alternate service.

All registrants whose induction orders are canceled will be assigned to the 1973 Extended Priority Selection Group as of January 1, 1973.

This temporary instruction will terminate on February 28, 1973.

[Temporary Instruction 632-12, 628-8, 660-7]

Issued: December 27, 1972.

Subject: Cancellation of Induction and Alternate Service and Rescheduling of Armed Forces Examination (AFE) Scheduled for December 28, 1972.

This temporary instruction confirms telephone message to State Directors on December 27, 1972.

Due to the death of President Truman and the fact that all Federal installations, including Armed Forces Examination and Entrance Stations (AFEES) are closed on December 28, 1972, the following actions are to be taken:

1. In accordance with Section 625.2 of the RPM, you are requested to reopen and consider anew the classification of each registrant who was scheduled to report for induction or alternate service on December 28, 1972. This request shall cancel any order to report for induction or alternate service of a registrant who was to report on that date.

V38-9 JAN 15 73 XUM

2. All AFE's scheduled for December 28, 1972, are to be rescheduled for January 1973, except for registrants born in 1953 whose orders for AFE will be canceled.

3. All registrants affected by the provisions in subparagraphs 1 and 2 above, are to be notified immediately.

4. Any authorized costs incurred by a registrant in complying with his induction order who was not notified of the cancellation of his induction order is to be absorbed by the Selective Service System.

5. Violators who have agreed to induction or alternate service may be delivered for induction or may report for alternate service on December 29, 1972.

6. Any registrant whose induction order or order to report for alternate service is canceled under the provisions of this temporary instruction will be assigned to the Extended Priority Selection Group as of January 1, 1973.

This temporary instruction will expire on January 31, 1973.

BYRON V. PEPITONE,
Acting Director.

JANUARY 9, 1973.

[FR Doc.73-794 Filed 1-12-73;8:45 am]

SMALL BUSINESS ADMINISTRATION

NORTHWEST CAPITAL INVESTMENT CORP.

Notice of Filing of an Application for Exemption With Respect to Conflict-of-Interest Transaction

Notice is hereby given that Northwest Capital Investment Corp. (NCIC), 1111 West Spruce, Suite 31–B, Post Office Box 509, Yakima, WA 98902, a Federal licensee under the Small Business Investment Act of 1958, as amended (the Act), License No. 10/10–0159, has filed an application pursuant to section 107.1004 of the Small Business Administration (SBA) rules and regulations (13 CFR 107.1004 (1972)) for an exemption with respect to a conflict-of-interest transaction covered by section 312 of the Act.

NCIC proposes to purchase a 5-year convertible debenture in the amount of $85,000 from Chelco, Inc. (Chelco), 134 East Woodin Avenue, Chelan, WA 98816. This investment comes within the purview of the above cited regulation because Mr. Robert M. Harris, the president, a director, and more than 10 percent owner of NCIC, owns approximately 18 percent of the common stock of Chelco.

The application represents the following:

1. Mr. Robert M. Harris is not an officer and/or a director of Chelco.

2. When NCIC converts the debenture into the common stock of Chelco, Mr. Harris will own less than 10 percent of the Chelco stock, thus removing the investment from the restrictions of section 107.1004 of the regulations. NCIC has indicated that it will convert the debenture before the maturity date.

3. All parties believe the proposed transaction to be fair, reasonable, and beneficial, and that no special privileges or benefits will accrue to Mr. Harris or any other stockholder or group of stockholders.

4. The board of directors unanimously approved (Mr. Robert Harris abstaining) the investment.

Notice is further given that any interested person may, not later than 15 days from the publication of this notice, submit to SBA, in writing, relevant comments on this transaction. Any such communication should be addressed to the Associate Administrator for Operations and Investment, Small Business Administration, 1441 L Street NW., Washington, DC 20416. After the aforementioned 15-day period, SBA may, under the regulations, dispose of the application upon the basis of the information stated in said application and other relevant data.

Dated: January 8, 1973.

ANTHONY G. CHASE,
Deputy Administrator.

TARIFF COMMISSION

[TEA-W-171]

DOVER SHOE MANUFACTURING CO.

Workers' Petition for a Determination; Notice of Investigation

On the basis of a petition filed under section 301(a)(2) of the Trade Expansion Act of 1962, on behalf of the workers and former workers of the Dover Shoe Manufacturing Co., Somersworth, N.H., the U.S. Tariff Commission, on January 9, 1973, instituted an investigation under section 301(c)(2) of the Act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with footwear for women (of the type provided for in item 700.43, 700.45, and 700.55 of the Tariff Schedules of the United States) produced by said firm are being imported into the United States in such increased quantities as to cause, or threaten to cause, the unemployment or underemployment of a significant number or proportion of the workers of such firm or an appropriate subdivision thereof.

The optional public hearing afforded by law has not been requested by the petitioners. Any other party showing a proper interest in the subject matter of the investigation may request a hearing, provided such request is filed by January 25, 1973.

The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, 8th and E Streets NW., Washington, D.C., and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: January 10, 1973.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

INTERSTATE COMMERCE COMMISSION

[Notice 155]

ASSIGNMENT OF HEARINGS

JANUARY 10, 1973.

Cases assigned for hearing, postponement, cancellation, or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the official docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after the date of this publication.

MC 134063 Sub 5, Frank R. Chullino, doing business as Midwest Transportation Co., now assigned January 18, 1973, at Omaha, Nebr., will be held in the Winnebago Room, Omaha Hilton, 16th and Dodge.

MC–C–7849, Idaho Cedar Sales Co., Inc.—Investigation of Operations—now assigned January 15, 1973, at Billings, Mont., is canceled.

MC 4405, Sub 494, Dealers Transit, Inc., now assigned February 13, 1973, at Washington, D.C., is canceled and the application is dismissed.

AB 49, Ann Arbor Railroad Co. abandonment entire line of railroad, including all of its car ferry routes, north and west of Thompsonville, Mich., in Benzie County, Mich., and Kewaunee and Manitowoc Counties, Wis., now assigned January 15, 1973, at Frankfort, Mich., is postponed to February 5, 1973, at Frankfort, Mich., will be held at the Eagle Hall, Highway M–22.

MC–128218 Sub 6, Jersey Area Food Transport, Inc., now assigned January 17, 1973, at New York, N.Y., is canceled and application dismissed.

MC–83539 Sub 327, C. & H. Transportation Co., Inc., now assigned January 23, 1973, at Miami, Fla., is canceled and application dismissed.

MC 111812 Sub 478, Midwest Coast Transport, Inc., now assigned February 1, 1973, at Omaha, Nebr., is cancelled and application dismissed.

NO. 35634, Lighterage at New York Harbor, Erie Lackawanna Railway, now assigned continued hearing January 17, 1973, at Washington, D.C., postponed to January 31, 1973, at the Offices of the Interstate Commerce Commission, Washington, D.C.

MC 118806 Sub 26, Arnold Bros. Transport, Ltd., now being assigned hearing February 12, 1973 (1 day), at Chicago, Ill., in a hearing room to be later designed.

MC 105566 Sub 80, Sam Tanksley Trucking, Inc., now being assigned hearing, February 13, 1973 (1 day), at Chicago, Ill., in a hearing room to be later designated.

AB–62, Marinette, Tomahawk & Western Railroad Co., Abandonment Between Tomahawk and Kings, Lincoln County, Wis., now being assigned hearing February 15, 1973 (2 days), at Tomahawk, Wis., in a hearing room to be later designated.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.73-816 Filed 1-12-73;8:45 am]

FOURTH SECTION APPLICATION FOR RELIEF

JANUARY 10, 1973.

An application, as summarized below, has been filed requesting relief from the requirements of section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 1100.40 of the general rules of practice (49 CFR 1100.40) and filed by January 30, 1973.

FSA No. 42603—*Bituminous Coal to Plaines, Ill.* Filed by Illinois Freight Association, agent (No. 380), for interested rail carriers. Rates on bituminous coal, in carloads, as described in the application, from Western Kentucky, Brazil-Clinton, Linton-Sullivan, and Princeton, Ind. groups as described in the involved tariffs, to Plaines, Ill.

Grounds for relief—Rail competition.

Tariffs—Supplement 3 to Illinois Central Gulf Railroad Co. tariff ICC E–1926 (IC series), and two other schedules named in the application. Rates are published to become effective on March 1, 1973.

By the Commission.

MOTOR CARRIER TRANSFER PROCEEDINGS

JANUARY 10, 1973.

Application filed for temporary authority under section 210a(b) in connection with transfer application under section 212(b) and Transfer Rules, 49 CFR Part 1132:

No. MC–FC–74194. By application filed January 5, 1973, CONTAINER TRANSFER CORPORATION, 26 East Oneida Street, Oswego, NY 13126, seeks temporary authority to lease the operating rights of MOTOR RAIL TRANSPORT, INC., in Bankruptcy (Stanley R. Rudin, trustee), 825 University Building, Syracuse, N.Y. 13202, under section 210a(b). The transfer to CONTAINER TRANSFER CORPORATION, of the operating rights of MOTOR RAIL TRANSPORT, INC., in Bankruptcy (Stanley R. Rudin, trustee), is presently pending.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Finance Docket 20812]

RAILWAY EXPRESS AGENCY, INC.

Reopening of Proceeding Regarding Promissory Notes

Order. At a general session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the ninth day of January, 1973.

It appearing, that by order of September 25, 1959, as amended, this Commission authorized the issuance of promissory notes by the Railway Express Agency, Inc., to a number of railroads in the amount of $27,637,053.70; the notes were to be issued in exchange for certain "nonnegotiable debt" on the express company's books in the same face amount;

It further appearing, that on September 30, 1971, REA Express, Inc., as successor to the above-named company, commenced an action in the U.S. District Court for the Southern District of New York entitled REA Express, Inc. v. The Alabama Great Southern Railroad Co., et al., 71 Civ. 4278, alleging that the railroad companies, which had until 1968 or 1969 exercised voting control over REA, inter alia, (1) violated section 10 of the Clayton Act, such as for example in creating the nonnegotiable debt, (2) violated section 20a of the Interstate Commerce Act by causing the issuance of a security by REA without approval of the Commission, and thereafter voided the 1959 notes under section 20a(11) by terminating the standard operating agreement, (3) caused the issuance of the 1959 notes which are void for lack of consideration, (4) voided the 1959 notes by breaching an implied covenant to retain the standard operating agreement in force, (5) breached fiduciary obligations to REA, (6) engaged in price fixing in violation of section 1 of the Sherman Act, 15 U.S.C. 1, and (7) violated section 10 of the Clayton Act by issuing the 1959 notes without competitive bidding;

It further appearing, that upon being advised of the pendency of the aforesaid suit, the questions that had been raised concerning our authorization to REA in 1959 to issue promissory notes to its railroad parents and the course of events extending back to 1929 which had led to that authorization, and the decision of District Judge Metzner of June 5, 1972 (343 F. Supp. 851), we voted on August 10, 1972, to reopen the above-entitled proceeding for reconsideration, but to enter no order until the court had been apprised of our vote and had been given an opportunity to entertain a motion to defer further proceedings;

It further appearing, that on December 20, 1972, a three-judge district court, composed of Circuit Judge Friendly and District Judges Knapp and Griesa, entered an order granting motions made by this Commission to intervene in the court proceeding and to stay further court proceedings on the merits of REA's complaint;

It further appearing, that the District Court's stay is conditioned upon our proceeding with expedition in view of the fact that the notes in issue mature on December 31, 1973; and hence the stay will expire on May 1, 1973, unless by motion made not later than April 13, 1973, the Commission shall show good cause for an extension; accordingly,

It is ordered, That this proceeding is hereby reopened for reconsideration, and such hearing as the need therefor may appear;

It is further ordered, That REA Express, Inc., and the railroads and their assignees listed below are hereby made parties to this reopened proceeding;

It is further ordered, That REA Express, Inc., and the parties set forth below, shall file with the Commission a verified original and 15 copies of each of the affidavits bearing on the merits of REA's complaint, which they have already filed in the district court, on or before the expiration of 20 days from the entry of this order;

It is further ordered, That the parties to this reopened proceeding shall on or before the expiration of 30 days from the entry of this order, file an original and 15 copies of briefs, verified statements of

V 38 9 JAN 15 73 XUM

facts, and proposed findings and conclusions, relating to whatever matters the parties shall desire the Commission to consider or decide in this reopened proceeding; the parties shall, without limiting the matters that may be raised, address themselves to the substance of the following issues and the Commission's authority in the matter:

1. Did the nonnegotiable debt represent the buildup of railroad equity in REA by its railroad parents?

2. Did REA's repayment of that debt or interest thereon represent a return of or on equity capital?

3. If the answer to Nos. 1 or 2 is "yes," what legal and practical consequences should flow from that finding?

4. Did the 1959 order or prior orders exempt the 1959 notes or the nonegotiable debt from the requirements of the antitrust laws?

5. Are there findings that should now be made by this Commission that would retroactively exempt the railroads from the requirements of the antitrust laws?

It is further ordered, That the parties hereto may on or before March 6, 1973, file reply briefs, verified statements of facts, and proposed findings and conclusions in response to the initial briefs and other papers filed herein;

It is further ordered, That any party requesting oral hearing shall set forth with specificity in his initial or reply brief the need therefor and the evidence to be adduced;

And it is further ordered, That copies of this order shall be mailed to REA Express, Inc., to the parties named below in the appendix, to the Governors of each of the contiguous States, and upon the Attorney General of the United States; and that a copy of this order be delivered to the Director, Office of the Federal Register, for publication in the FEDERAL REGISTER.

By the Commission.

DEPARTMENT OF THE INTERIOR

Office of Coal Research

GENERAL TECHNICAL ADVISORY COMMITTEE

Notice of Meeting

Notice is hereby given, pursuant to Executive Order 11671, and as required by the Federal Advisory Committee Act (96 Stat. 770), that a meeting of the General Technical Advisory Committee of the Office of Coal Research will convene at 10 a.m., January 16, 1973, at Room 5160, Department of the Interior Building, 18th and C Streets NW., Washington, D.C.

The Committee is composed of qualified technical representatives from industry and research organizations.

The following agenda items will be discussed, and the meeting will be open to the public except for those items marked with an asterisk below, and such items to be discussed in the afternoon portion of the meeting will be held in executive session:

Opening remarks, Director of Coal Research and Secretary of the Interior.

Discussion of Federal Advisory Committee Act, by representative of Office of the Solicitor.

Status of Power Projects—Technical Review

1. Low B.t.u. Gasification
2. MHD
3. Supporting by member of the OCR Staff.

Discussion of OCR Annual Report by member of the OCR Staff.

Briefing regarding the Program for High B.t.u. Gasification by Director of Office of Coal Research (OCR), and by Director of Research and Engineering, American Gas Association (AGA).

*Review of Fiscal Year 1974 Budget Request.

*Contracts under Negotiation or Planned.

*General Discussion regarding fiscal year 1974 Budget and Future Contract Actions.

Records shall be kept of all proceedings of the General Technical Advisory Committee (and shall be available for public review at the Office of Coal Research, U.S. Department of the Interior Building, 18th and E Streets NW., Washington, DC 20240).

Signed at Washington, D.C., on January 8, 1973.

GEORGE R. HILL, *Director, Office of Coal Research.*

Approval and Termination of Approval

V 38 - 9 JAN 15 73 XUM

DEPARTMENT OF TRANSPORTATION

Coast Guard

[CGD 73-1 N]

EQUIPMENT, CONSTRUCTION, AND MATERIALS

Approval Notice

1. Certain laws and regulations (46 CFR Ch. I) require that various items of lifesaving, firefighting and miscellaneous equipment, construction, and materials used on board vessels subject to Coast Guard inspection, on certain motorboats and other recreational vessels, and on the artificial islands and fixed structures on the Outer Continental Shelf be of types approved by the Commandant, U.S. Coast Guard. The purpose of this document is to notify all interested persons that certain approvals have been granted as herein described during the period from October 30 to November 2, 1972 (List No. 33–72). These actions were taken in accordance with the procedures set forth in 46 CFR 2.75–1—2.75—50.

2. The statutory authority for equipment, construction, and material approvals is generally set forth in sections 367, 375, 390b, 416, 481, 489, 526p, and 1333 of title 46, United States Code, section 1333 of title 43, United States Code, and section 198 of title 50, United States Code. The Secretary of Transportation has delegated authority to the Commandant, U.S. Coast Guard with respect to these approvals (49 CFR 1.46(b)). The specifications prescribed by the Commandant, U.S. Coast Guard for certain types of equipment, construction, and materials are set forth in 46 CFR Parts 160 to 164.

3. The approvals listed in this document shall be in effect for a period of 5 years from the date of issuance, unless sooner cancelled or suspended by proper authority.

GAS MASKS, SELF-CONTAINED BREATHING APPARATUS AND SUPPLIED-AIR RESPIRATORS, FOR MERCHANT VESSELS

Approval No. 160.011/16/0, Acme Type FD all-purpose gas mask, Bureau of Mines Approval No. BM–1436, consisting of BM–1436 canister, BM–1435 timer, BM–1435 canister harness, and BM–1418 facepiece with BM–1418 head harness or BM–1418A facepiece with BM–1418A head harness, manufactured by Acme Protection Equipment Co., 1201 Kalamazoo Street, South Haven, MI 49090, effective October 30, 1972. (It is an extension of Approval No. 160.011/16/0 dated October 31, 1967.)

LIFEBOAT WINCHES FOR MERCHANT VESSELS

Approval No. 160.015/100/1, Model 2040 survival capsule launching winch; approved as an alternate to a lifeboat winch for a maximum lowering load of 11,000 lbs. on a single fall; identified by assembly drawing 2040–690–370 (sheet 1 of 3) revision A dated October 4, 1972, and drawing list dated October 4, 1972, approved for use on non-self-propelled drilling rigs, artificial islands and fixed structures with the Whittaker survival capsule, manufactured by Ocean Science and Engineering, Inc., 1601 Water Street, Long Beach, CA 90802, effective October 30, 1972. (It supersedes Approval No. 160.015/100/0 dated Aug. 22, 1972 to show change in design.)

LIFEBOATS

Approval No. 160.035/97/7, 22.0′ x 7.5′ x 3.17′ steel, motor-propelled lifeboat, without radio cabin or searchlight Class 1, 28-person* capacity, identified by general arrangement and construction drawing No. 22–001–02 Rev. A dated July 10, 1970, this boat is built with a wooden or fibrous glass reinforced plastic (FRP) removable interior, *approved for 29-person capacity for replacement lifeboats, 46 CFR 160.035–13(c) Marking, Weights: Condition "A"=3,598 pounds; Condition "B"=9,191 pounds, manufactured by Lane Lifeboat Division of Lane Marine Technology, Inc., 150 Sullivan Street, Brooklyn, NY 11231, effective October 30, 1972. (It supersedes Approval No. 160.035/97/7 dated July 16, 1970 to show change in capacity.)

Approval No. 160.035/98/5, 22.0′ x 7.5′ x 3.17′ steel, oar-propelled lifeboat, 30-person* capacity, identified by general arrangement and construction drawing No. 22–001–01 Rev. A dated March 20, 1970, this boat is built with a wooden or fibrous glass reinforced (FRP) removable interior, *approved for 31-person capacity for replacement lifeboats, 46 CFR 160.035–13(c) Marking, Weights: Condition "A"=2,540 pounds; Condition "B"=8,445 pounds, manufactured by Lane Lifeboat Division of Lane Marine Technology, Inc., 150 Sullivan Street, Brooklyn, NY 11231, effective October 30, 1972. (It supersedes Approval No. 160.035/98/5 dated April 23, 1970, to show change in capacity.)

Approval No. 160.035/322/3, 22.0′ x 7.5′ ×3.17′ steel, hand-propelled lifeboat, 30-person* capacity identified by general arrangement drawing No. 22–2E, Rev. C dated July 14, 1971,* approved for 31-person capacity for replacement lifeboats, 46 CFR 160.035–13(c) Marking, Weights: Condition "A"=3,500 pounds; Condition "B"=9,182 pounds, manufactured by Marine Safety Equipment Corp., Foot of Wycoff Road, Farmingdale, N.J. 07727, effective October 30, 1972. (It supersedes Approval No. 160.035/322/3 dated July 29, 1971, to show change in capacity.)

Approval No. 160.035/404/1, 22.0′ x 7.5′ x 3.17′ aluminum, oar-propelled lifeboat, 30-person* capacity, identified by general arrangement and construction drawing No. 22–001–04, Rev. A dated August 20, 1971, this boat is built with a wooden or fibrous glass reinforced plastic (FRP) removable interior, *approved for 31-person capacity for replacement lifeboats, 46 CFR 160.035–13(c) Marking, Weights: Condition "A"=1,750 pounds, Condition "B"=7,659 pounds, manufactured by Lane Lifeboat Division of Lane Marine Technology, Inc., 150 Sullivan Street, Brooklyn, NY 11231, effective October 30, 1972. (It supersedes Approval No. 160.035/404/1 dated August 31, 1971, to show change in capacity.)

Approval No. 160.035/414/1, 22.0′×7.5′ ×3.16′ steel, hand-propelled lifeboat, 30-person* capacity, identified by general arrangement drawing No. 56–2224 dated April 3, 1958, and revised October 22, 1966, *approved for 31-person capacity for replacement lifeboats, 46 CFR 160.035–13(c) Marking, Weights: Condition "A"=3,320 pounds; Condition "B"=9,097 pounds, manufactured by Lane Lifeboat Division of Lane Marine Technology, Inc., 150 Sullivan Street, Brooklyn, NY 11231, effective October 30, 1972. (It supersedes Approval No. 160.035/414/1 dated May 3, 1972 to show change in capacity.)

BUOYANT VESTS, KAPOK, OR FIBROUS GLASS

Approval No. 160.047/300/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 154, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, effective November 2, 1972. (It supersedes Approval No. 160.047/300/0 dated Feb. 1, 1972.)

Approval No. 160.047/301/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 154, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, effective November 2, 1972. (It supersedes Approval No. 160.047/301/0 dated Feb. 1, 1972.)

Approval No. 160.047/302/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 154, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, effective November 2, 1972. (It supersedes Approval No. 160.047/302/0 dated Feb. 1, 1972.)

Approval No. 160.047/312/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 148, manufactured by The Safegard Corp., Post Office Box 14037, Cincinnati, OH 45214, effective November 2, 1972. (It supersedes Approval No. 160.047/312/0 dated Aug. 26, 1968.)

Approval No. 160.047/313/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 148, manufactured by The Safegard Corp., Post Office Box 14037, Cincinnati, OH 45214, effective November 2, 1972. (It supersedes Approval No. 160.047/313/0 dated August 26, 1968.)

Approval No. 160.047/314/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 148, manufactured by The Safegard Corp., Post Office Box 14037, Cincinnati, OH 45214, effective November 2, 1972. (It supersedes Approval No. 160.047/314/0 dated August 26, 1968.)

Approval No. 160.047/324/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 118, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 2, 1972. (It supersedes Approval No. 160.047/324/0 dated June 4, 1971.)

Approval No. 160.047/325/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 118, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 2, 1972. (It supersedes Approval No. 160.047/325/0 dated June 4, 1971.)

Approval No. 160.047/326/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 118, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 2, 1972. (It supersedes Approval No. 160.047/326/0 dated June 4, 1971.)

Approval No. 160.047/327/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.047/327/0 dated February 18, 1970.)

Approval No. 160.047/328/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.047/328/0 dated February 18, 1970.)

Approval No. 160.047/329/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.047/329/0 dated February 18, 1970.)

Approval No. 160.047/330/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 126, manufactured by Crawford Manufacturing Co., Inc., an Indian Head company, Third and Decatur Streets, Richmond, Va. 23212, effective November 2, 1972. (It supersedes Approval No. 160.047/330/0 dated February 10, 1971.)

Approval No. 160.047/331/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 126, manufactured by Crawford Manufacturing Company, Inc., an Indian Head company, Third and Decatur Streets, Richmond, Va. 23212, effective November 2, 1972. (It supersedes Approval No. 160.047/331/0 dated February 10, 1971.)

Approval No. 160.047/332/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 126, manufactured by Crawford Manufacturing Co., Inc., An Indian Head Co., Third and Decatur Streets, Richmond, Va. 23212, effective November 2, 1972. (It supersedes Approval No. 160.047/332/0 dated Feb. 10, 1971.)

Approval No. 160.047/339/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 137, manufactured by Kent Sporting Goods Co., 710 Orange Street, Ashland, OH 44805, effective November 2, 1972. (It supersedes Approval No. 160.047/339/0 dated Oct. 21, 1970.)

Approval No. 160.047/340/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 137, manufactured by Kent Sporting Goods Co., 710 Orange Street, Ashland, OH 44805, effective November 2, 1972. (It supersedes Approval No. 160.047/340/0 dated Oct. 21, 1970.)

Approval No. 160.047/341/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 137, manufactured by Kent Sporting Goods Co., 710 Orange Street, Ashland, OH 44805, effective November 2, 1972. (It supersedes Approval No. 160.047/341/0 dated Oct. 21, 1970.)

Approval No. 160.047/357/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy, Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.047/357/0 dated Mar. 23, 1970.)

Approval No. 160.047/358/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy, Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.047/358/0 dated March 23, 1970.)

Approval No. 160.047/359/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy, Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.047/359/0 dated March 23, 1970.)

Approval No. 160.047/429/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 143, manufactured by Noble Products Co., 306 West Street, Caldwell, OH 43724, effective November 2, 1972. (It supersedes Approval No. 160.047/429/0 dated February 19, 1970.)

Approval No. 160.047/430/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 143, manufactured by Noble Products Co., 306 West Street, Caldwell, OH 43724, effective November 2, 1972. (It supersedes Approval No. 160.047/430/0 dated February 19, 1970.)

Approval No. 160.047/431/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 143, manufactured by Noble Products Co., 306 West Street, Caldwell, OH 43724, effective November 2, 1972. (It supersedes Approval No. 160.047/431/0 dated February 19, 1970.)

Approval No. 160.047/554/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 150, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 2, 1972. (It supersedes Approval No. 160.047/544/0 dated March 27, 1972.)

Approval No. 160.047/545/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 150, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 2, 1972. (It supersedes Approval No. 160.047/545/0 dated March 27, 1972.)

Approval No. 160.047/546/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 150, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 2, 1972. (It supersedes Approval No. 160.047/546/0 dated March 27, 1972.)

Approval No. 160.047/556/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 119, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Belknap, Inc., Post Office Box 28, Louisville, KY 40201, effective November 2, 1972. (It supersedes Approval No. 160.047/556/0 dated June 7, 1968.)

Approval No. 160.047/557/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ

V 38 N 9 JAN 15 73 XUM

119, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way Dallas, TX 75237, for Belknap, Inc., Post Office Box 28, Louisville, KY 40201, effective November 2, 1972. (It supersedes Approval No. 160.047/557/0 dated June 10, 1968.)

Approval No. 160.047/558/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 119, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Belknap, Inc., Post Office Box 28, Louisville, KY 40201, effective November 2, 1972. (It supersedes Approval No. 160.047/558/0 dated June 10, 1968.)

Approval No. 160.047/565/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 125, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Coast to Coast Stores, Central Organization, Inc., 7500 Excelsior, Minneapolis, MN 55440, effective November 2, 1972. (It supersedes Approval No. 160.047/565/0 dated December 19, 1968.)

Approval No. 160.047/566/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 125, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 2, 1972. (It supersedes Approval No. 160.047/566/0 dated December 19, 1968.)

Approval No. 160.047/567/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 125, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Coast to Coast Stores, Central Organization, Inc., 7500 Excelsior, Minneapolis, MN 55440, effective November 2, 1972. (It supersedes Approval No. 160.047/567/0 dated December 19, 1968.)

Approval No. 160.047/601/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 144, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, for Outdoor Supply Co., 1648 Lawson Street, Durham, NC 27703, effective November 2, 1972. (It supersedes Approval No. 160.047/601/0 dated April 8, 1968.)

Approval No. 160.047/602/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 144, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, for Outdoor Supply Co., 1648 Lawson Street, Durham, NC 27703, effective November 2, 1972. (It supersedes Approval No. 160.047/602/0 dated April 8, 1968.)

Approval No. 160.047/603/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 144, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, for Outdoor Supply Co., 1648 Lawson Street, Durham, NC 27703, effective November 2, 1972. (It supersedes Approval No. 160.047/603/0 dated April 8, 1968.)

Approval No. 160.047/607/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 147, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Red Head Brand Corp., Post Office Box 10956, Dallas, TX 75207, effective November 2, 1972. (It supersedes Approval No. 160.047/607/0 dated October 1, 1968.)

Approval No. 160.047/608/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 147, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Red Head Brand Corp., Post Office Box 10956, Dallas, TX 75207, effective November 2, 1972. (It supersedes Approval No. 160.047/608/0 dated October 1, 1968.)

Approval No. 160.047/609/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 147, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas TX 75237, for Red Head Brand Corp., Post Office Box 10956, Dallas, TX 75207, effective November 2, 1972. (It supersedes Approval No. 160.047/609/0 dated October 1, 1968.)

Approval No. 160.047/613/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 130, manufactured by Farber Brothers, Inc., 1324 Farmville Road, Memphis, TN 38122, effective November 2, 1972. (It supersedes Approval No. 160.047/613/0 dated October 9, 1968.)

Approval No. 160.047/614/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 130, manufactured by Farber Brothers, Inc., 1324 Farmville Road, Memphis, TN 38122, effective November 2, 1972. (It supersedes Approval No. 160.047/614/0 dated October 9, 1968.)

Approval No. 160.047/615/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 130, manufactured by Farber Brothers, Inc., 1324 Farmville Road, Memphis, TN 38122, effective November 2, 1972. (It supersedes Approval No. 160.047/615/0 dated October 9, 1968.)

Approval No. 160.047/628/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 134, manufactured by Hunter Outdoor Products, Inc., 234 Union Street, North Adams, MA 01247, effective November 2, 1972. (It supersedes Approval No. 160.047/628/0 dated October 1, 1970.)

Approval No. 160.047/629/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 134, manufactured by Hunter Outdoor Products, Inc., 234 Union Street, North Adams, MA 01247, effective November 2, 1972. (It supersedes Approval No. 160.047/629/0 dated October 1, 1970.)

Approval No. 160.047/630/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 134, manufactured by Hunter Outdoor Products, Inc., 234 Union Street, North Adams, MA 01247, effective November 2, 1972. (It supersedes Approval No. 160.047/630/0 dated October 1, 1970.)

Approval No. 160.047/632/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 158, manufactured by Swan Products Co., Inc., 1355 West Front Street, Plainfield, NJ 07063, effective November 2, 1972. (It supersedes Approval No. 160.047/632/0 dated November 11, 1971.)

Approval No. 160.047/633/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 158, manufactured by Swan Products Co., Inc., 1355 West Front Street, Plainfield, NJ 07063, effective November 2, 1972. (It supersedes Approval No. 160.047/633/0 dated November 11, 1971.)

Approval No. 160.047/634/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 158, manufactured by Swan Products Co., Inc., 1355 West Front Street, Plainfield, NJ 07063, effective November 2, 1972. (It supersedes Approval No. 160.047/634/0 dated November 11, 1971.)

BUOYANT VESTS, UNICELLULAR PLASTIC FOAM

Approval No. 160.052/116/1, adult, Model UPA, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 118, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 2, 1972. (It supersedes Approval No. 160.052/116/1 dated August 19, 1970.)

Approval No. 160.052/117/1, child medium, Model UPM, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 118, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 2, 1972. (It supersedes Approval No. 160.052/117/1 dated August 19, 1970.)

Approval No. 160.052/118/1, child small, Model UPS, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 118, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 2, 1972. (It supersedes Approval No. 160.052/118/1 dated August 19, 1970.)

Approval No. 160.052/119/1, adult, Model 245, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 154, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, effective November 2, 1972. (It supersedes Approval No. 160.052/119/1 dated February 1, 1972.)

Approval No. 160.052/120/1, child medium, Model 246M, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 154, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, effective November 2, 1972. (It supersedes Approval No. 160.052/120/1 dated February 1, 1972.)

Approval No. 160.052/121/1, child small, Model 246S, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 154, manufactured by Tapatco, Inc., Post Office Box 49, Fairfield, CA 94533, effective November 2, 1972. (It supersedes Approval No. 160.052/121/1 dated February 1, 1972.)

Approval No. 160.052/128/1, adult, Model FM300, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.052/128/1 dated April 25, 1968.)

Approval No. 160.052/129/1, child medium, Model FM320, nonstandard unicellular, plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.052/129/1 dated April 25, 1968.)

Approval No. 160.052/130/1, child small, Model FM310, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.052/130/1 dated April 25, 1968.)

Approval No. 160.052/140/0, adult, Model 390, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 148, manufactured by The Safegard Corp., Post Office Box 14037, Cincinnati, OH 45214, effective November 2, 1972. (It supersedes Approval No. 160.052/140/0 dated August 25, 1970.)

Approval No. 160.052/141/0, child medium, Model 391, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 148, manufactured by The Safegard Corp., Post Office Box 14037, Cincinnati, OH 45214, effective November 2, 1972. (It supersedes Approval No. 160.052/141/0 dated August 25, 1970.)

Approval No. 160.052/142/0, child small, Model 392, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 148, manufactured by The Safegard Corp., Post Office Box 14037, Cincinnati, OH 54214, effective November 2, 1972. (It supersedes Approval No. 160.052/142/0 dated August 27, 1970.)

Approval No. 160.052/186/0, adult, Model BBA, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy, Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.052/186/0 dated June 5, 1972.)

Approval No. 160.052/187/0, child medium, Model BBM, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.052/187/0 dated June 5, 1972.)

Approval No. 160.052/188/0, child small, Model BBC–1, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.052/188/0 dated June 5, 1972.)

Approval No. 160.052/222/0, adult, Model AP–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 150, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 2, 1972. (It supersedes Approval No. 160.052/222/0 dated July 16, 1971.)

Approval No. 160.052/223/0, child medium, Model CPM–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 150, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 2, 1972. (It supersedes Approval No. 160.052/223/0 dated March 24, 1972.)

Approval No. 160.052/224/0, child small, Model CPS–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 150, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 2, 1972. (It supersedes Approval No. 160.052/224/0 dated March 24, 1972.)

Approval No. 160.052/234/2, adult, Model ACFL, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 137, manufactured by Kent Sporting Goods Co., 710 Orange Street, Ashland, OH 44805, effective November 2, 1972. (It supersedes Approval No. 160.052/234/2 dated October 21, 1970.)

Approval No. 160.052/235/2, child medium, Model CCFM, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 137, manufactured by Kent Sporting Goods Co., 710 Orange Street, Ashland, OH 44805, effective November 2, 1972. (It supersedes Approval No. 160.052/235/2 dated October 21, 1970.)

Approval No. 160.052/236/2, child small, Model CCFS, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 137, manufactured by Kent Sporting Goods Co., 710 Orange Street, Ashland, OH 44805, effective November 2, 1972. (It supersedes Approval No. 160.052/236/2 dated October 21, 1970.)

Dated: January 8, 1973.

G. H. READ,
Captain, U.S. Coast Guard, Acting Chief, Office of Merchant Marine Safety.

[FR Doc.73–790 Filed 1–12–73;8:45 am]

[CGD 73–2 N]

EQUIPMENT, CONSTRUCTION, AND MATERIALS

Approval Notice

1. Certain laws and regulations (46 CFR Chapter I) requires that various items of lifesaving, firefighting and miscellaneous equipment, construction, and

V 38 - 9 JAN 15 73 XUM

materials used on board vessels subject to Coast Guard inspection, on certain motorboats and other recreational vessels, and on the artificial islands and fixed structures on the outer Continental Shelf be of types approved by the Commandant, U.S. Coast Guard. The purpose of this document is to notify all interested persons that certain approvals have been granted as herein described during the period from October 31, 1972 to November 8, 1972 (List No. 34–72). These actions were taken in accordance with the procedures set forth in 46 CFR 2.75–1 to 2.75–50.

2. The statutory authority for equipment, construction, and material approvals is generally set forth in sections 367, 375, 390b, 416, 481, 489, 526p, and 1333 of title 46, United States Code, section 1333 of title 43, United States Code, and section 198 of title 50, United States Code. The Secretary of Transportation has delegated authority to the Commandant, U.S. Coast Guard with respect to these approvals (49 CFR 1.46(b)). The specifications prescribed by the Commandant, U.S. Coast Guard for certain types of equipment, construction, and materials are set forth in 46 CFR Parts 160 to 164.

3. The approvals listed in this document shall be in effect for a period of 5 years from the date of issuance, unless sooner canceled or suspended by proper authority.

BUOYANT VESTS, KAPOK, OR FIBROUS GLASS

Approval No. 160.047/390/0, adult, Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 140, manufactured by Miltco Products Corp., 129 Emerson Place, Brooklyn, NY 11205, effective November 2, 1972. (It supersedes Approval No. 160.047/390/0 dated March 16, 1970.)

Approval No. 160.047/391/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 140, manufactured by Miltco Products Corp., 139 Emerson Place, Brooklyn, NY 11205, effective November 2, 1972. (It supersedes Approval No. 160.047/391/0 dated March 16, 1970.)

Approval No. 160.047/392/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 140, manufactured by Miltco Products Corp., 139 Emerson Place, Brooklyn, NY 11205, effective November 2, 1972. It supersedes Approval No. 160.047/392/0 dated March 16, 1970.)

BUOYANT VESTS, UNICELLULAR PLASTIC FOAM

Approval No. 160.052/254/0, adult, Model LG62L, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 152, manufactured by Stearns Manufacturing Co., 30th and Division Street, St. Cloud, Minn. 56301, effective November 2, 1972. (It supersedes Approval No. 160.052/254/0 dated December 4, 1968.)

Approval No. 160.052/255/0, child medium, Model LG62M, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 152, manufactured by Stearns Manufacturing Co., 30th and Division Street, St. Cloud, Minn. 56301, effective November 2, 1972. (It supersedes Approval No. 160.052/255/0 dated December 4, 1968.)

Approval No. 160.052/256/0, child small, Model LG62S, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 152, manufactured by Stearns Manufacturing Co., 30th and Division Street, St. Cloud, Minn. 56301, effective November 2, 1972. (It supersedes Approval No. 160.052/256/0 dated December 4, 1968.)

Approval No. 160.052/257/0, adult, Model AP–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 119, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Belknap, Inc., Post Office Box 28, Louisville, KY 40201, effective November 2, 1972. (It supersedes Approval No. 160.052/257/0 dated June 10, 1968.)

Approval No. 160.052/258/0, child medium, Model CPM–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 119, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Belknap, Inc., Post Office Box 28, Louisville, KY 40201, effective November 2, 1972. (It supersedes Approval No. 160.052/258/0 dated June 10, 1968.)

Approval No. 160.052/259/0, child small, Model CPS–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 119, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Belknap, Inc., Post Office Box 28, Louisville, KY 40201, effective November 2, 1972. (It supersedes Approval No. 160.052/259/0 dated June 10, 1968.)

Approval No. 160.052/260/0, adult, Model AU, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 140, manufactured by Miltco Products Corp., 139 Emerson Place, Brooklyn, N.Y. 11205, effective November 2, 1972. (It supersedes Approval No. 160.052/260/0 dated September 14, 1970.)

Approval No. 160.052/261/0, child medium, Model CUM, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 140, manufactured by Miltco Products Corp., 139 Emerson Place, Brooklyn, NY 11205, effective November 2, 1972. (It supersedes Approval No. 160.052/261/0 dated September 14, 1970.)

Approval No. 160.052/262/0, child small, Model CUS, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 140, manufactured by Miltco Products Corp., 139 Emerson Place, Brooklyn, NY 11205, effective November 2, 1972. (It supersedes Approval No. 160.052/262/0 dated September 14, 1970.)

Approval No. 160.052/274/0, adult, Model AP–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 125, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Coast to Coast Stores, Central Organization Inc., 7500 Excelsior, Minneapolis, MN 55440, effective November 2, 1972. (It supersedes Approval No. 160.052/274/0 dated December 19, 1968.)

Approval No. 160.052/275/0, child medium, Model CPM–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 125, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Coast to Coast Stores, Central Organization Inc., 7500 Excelsior, Minneapolis, MN 55440, effective November 2, 1972. (It supersedes Approval No. 160.052/275/0 dated December 19, 1968.)

Approval No. 160.052/276/0, child small, Model CPS–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 125, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Coast to Coast Stores, Central Organization Inc., 7500 Excelsior, Minneapolis, MN 55440, effective November 2, 1972. (It supersedes Approval No. 160.052/276/0 dated December 19, 1968.)

Approval No. 160.052/277/1, adult, Model SEM300, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.052/277/1 dated December 11, 1968.)

Approval No. 160.052/278/1, child medium, Model SFM320, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.052/278/1 dated December 11, 1968.)

Approval No. 160.052/279/1, child small, Model SFM310, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 153, manufactured by Gladding-Style Crafters Division of Gladding Corp., Post Office Box 8277, Station A, Greenville, SC 29604, effective November 2, 1972. (It supersedes Approval No. 160.052/279/1 dated December 11, 1968.)

Approval No. 160.052/316/0, adult, Model 1–BB, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy, Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.052/316/0 dated August 27, 1970.)

Approval No. 160.052/317/0, child medium, Model 2–BB, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy, Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.052/317/0 dated August 27, 1970.)

Approval No. 160.052/318/0, child small, Model 3–BB, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 120, manufactured by Billy Boy Products Division, Crotty Corp., Quincy, Mich. 49082, effective November 2, 1972. (It supersedes Approval No. 160.052/318/0 dated August 27, 1970.)

Approval No. 160.052/347/0, child small, Model LVCS–100, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 124, manufactured by the Carlon Products Co., 1 New Haven Avenue, Derby, CT 06418, effective November 2, 1972. (It supersedes Approval No. 160.052/347/0 dated April 29, 1968.)

Approval No. 160.052/348/0, child medium, Model LVCM–200, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 124, manufactured by the Carlon Products Co., 1 New Haven Avenue, Derby, CT 06418, effective November 2, 1972. (It supersedes Approval No. 160.052/348/0 dated April 29, 1968.)

Approval No. 160.052/349/0, adult, Model LVA–300, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 124, manufactured by the Carlon Products Co., 1 New Haven Avenue, Derby, CT 06418, effective November 2, 1972. (It supersedes Approval No. 160.052/349/0 dated April 29, 1968.)

Approval No. 160.052/359/0, adult, Model 521UV, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 131, manufactured by Gentex Corp., Carbondale, Pa. 18407, effective November 2, 1972. (It supersedes Approval No. 160.052/359/0 dated March 25, 1971.)

Approval No. 160.052/360/0, child medium, Model 522UV, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 131, manufactured by Gentex Corp., Carbondale, Pa. 18407, effective November 2, 1972. (It supersedes Approval No. 160.052/360/0 dated March 25, 1971.)

Approval No. 160.052/361/0, child small, Model 523UV, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 131, manufactured by Gentex Corp., Carbondale, Pa. 18407, effective November 2, 1972. (It supersedes Approval No. 160.052/361/0 dated March 25, 1971.)

Approval No. 160.052/375/0, adult, Model AP–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 147, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Red Head Brand Corp., Post Office Box 10956, Dallas TX 75207, effective November 2, 1972. (It supersedes Approval No. 160.052/375/0 dated October 1, 1968.)

Approval No. 160.052/376/0, child medium, Model CPM–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 147, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Red Head Brand Corp., Post Office Box 10956, Dallas, TX 75207, effective November 2, 1972. (It supersedes Approval No. 160.052/376/0 dated October 1, 1968.)

Approval No. 160.052/377/0, child small, Model CPS–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 147, manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, for Red Head Brand Corp., Post Office Box 10956, Dallas, TX 75207, effective November 2, 1972. (It supersedes Approval No. 160.052/377/0 dated October 1, 1968.)

Approval No. 160.052/387/0, adult, Model AP–2, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 139, manufactured by Cut 'N' Jump Ski Corp., 11525 Sorrento Valley Road, San Diego, CA 92121, for Mermatec, Inc., 11525 Sorrento Valley Road, San Diego, CA 92121, effective November 2, 1972. (It supersedes Approval No. 160.052/387/0 dated February 25, 1969.)

Approval No. 160.052/388/0, child medium, Model CPM, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 139, manufactured by Cut 'N' Jump Ski Corp., 11525 Sorrento Valley Road, San Diego, CA 92121, for Mermatec, Inc., 11525 Sorrento Valley Road, San Diego, CA 92121, effective November 2, 1972. (It supersedes Approval No. 160.052/388/0 dated February 25, 1969.)

Approval No. 160.052/389/0, child small, Model CPS, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 139, manufactured by Cut 'N' Jump Ski Corp., 11525 Sorrento Valley Road, San Diego, CA 92121, for Mermatec, Inc., 11525 Sorrento Valley Road, San Diego, CA 92121, effective November 2, 1972. (It supersedes Approval No. 160.052/389/0 dated February 25, 1969.)

Approval No. 160.052/411/0, adult, Model AP, standard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 130, manufactured by Farber Bros., Inc., 1324 Farmville Road, Memphis, TN 38122, effective November 2, 1972. (It supersedes Approval No. 160.052/411/0 dated December 28, 1971.)

Approval No. 160.052/412/0, child medium, Model CPM, standard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 130, manufactured by Farber Bros., Inc., 1324 Farmville Road, Memphis, TN 38122, effective November 2, 1972. (It supersedes Approval No. 160.052/412/0 dated December 28, 1971.)

Approval No. 160.052/413/0, child small, Model CPS, standard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 130, manufactured by Farber Brothers, Inc., 1324 Farmville Road, Memphis, TN 38122, effective November 2, 1972. (It supersedes Approval No. 160.052/413/0 dated December 28, 1971.)

Approval No. 160.052/414/0, adult, Model AP, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 170, manufactured by Cut 'N' Jump Ski Corp., 11525 Sorrento Valley Road, San Diego, CA 92121, effective November 2, 1972.

Approval No. 160.052/415/0, child medium, Model CPM, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 170, manufactured by

V 38 9 JAN 15 73 XUM

Cut 'N' Jump Ski Corp., 11525 Sorrento Valley Road, San Diego, CA 92121, effective November 2, 1972.

Approval No. 160.052/416/0, child small, Model CPS, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 170, manufactured by Cut 'N' Jump Ski Corp., 11525 Sorrento Valley Road, San Diego, CA 92121, effective November 2, 1972.

SPECIAL PURPOSE WATER SAFETY BUOYANT DEVICES FOR DESIGNATED USE ON ALL MOTORBOATS AND FOR GENERAL USE ON MOTORBOATS OF CLASSES A, 1, OR 2 NOT CARRYING PASSENGERS FOR HIRE

Approval No. 160.064/404/0, child medium, Model Yachtsman, cloth covered unicellular plastic foam "Yachting Jacket," manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 38, Type III Device, manufactured by Ero Industries, Inc., 308 South William Street, Hazlehurst, GA 31539, effective November 6, 1972.

Approval No. 160.064/405/0, adult X-large, Model Yachtsman, cloth covered unicellular plastic foam "Yachting Vest," manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 38, Type III Device, manufactured by Ero Industries, Inc., 308 South William Street, Hazlehurst, GA 31539, effective November 6, 1972.

Approval No. 160.064/409/0, adult small, Model No. 14031, vinyl dipped unicellular plastic foam, "Sail 'N' Ski Vest," manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 3, Type III Device, manufactured by Texas Recreation Corp., Post Office Drawer 539, Wichita Falls, TX 76307, for Red Head Brand Corp., 4100 Platinum Way, Dallas, TX 75237, effective November 6, 1972.

Approval No. 160.064/414/0, adult small, Model No. 6755, vinyl dipped unicellular plastic foam, "Sail 'N' Ski Vest," manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 3, Type III Device, manufactured by Texas Recreation Corp., Post Office Drawer 539, Wichita Falls, TX 76307, for Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas, TX 75237, effective November 6, 1972.

TELEPHONE SYSTEMS, SOUND-POWERED

Approval No. 161.005/37/5, sound-powered telephone station, selective ringing, common talking, dripproof, bulkhead mounting, drawing No. 70–525, Alt. 12 dated May 4, 1972, Types 2, 8, 17, 2–0, 8–0, 17–0, 2–3, 8–3, 17–3, 2–6, 8–6, 17–6, 2–8, 8–8, 17–8, 2–R, 8–R, and 17–R, for use in locations not exposed to the weather, stations Types 2–0, 8–0, 17–0 without bell; Types 2–R, 8–R, and 17–R, without bell, with relay, shall be supplemented by a separately mounted magneto-operated bell, manufactured by Henschel Corp., Amesbury, Mass. 01913, effective November 8, 1972. (It supersedes Approval No. 161.005/37/4 dated September 17, 1968.)

Approval No. 161.005/62/1 sound-powered telephone stations, selective ringing, common talking, dripproof bulkhead mounting, with internal relay, types 1R and 2R, dwg. No. 70–538, Alt. 4 dated August 24, 1972, for use in locations not exposed to the weather, relay and pilot light to indicate station called, manufactured by Henschel Corp., Amesbury, Mass. 01913, effective November 8, 1972. (It supersedes Approval No. 161.005/62/0 dated December 3, 1969.)

SAFETY VALVES (STEAM HEATING BOILERS)

Approval No. 162.012/3/2, Series 90 cast iron body safety valve for steam heating boilers and unfired steam generators, drawing No. D–90, Rev. B dated August 8, 1972, approved for 1", 1¼", 1½", 2", 3", and 4" inlet sizes for a maximum pressure of 30 p.s.i. (pounds per square inch), ASTM B–61 Discs and Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, Ohio 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/3/1 dated October 11, 1967.)

Approval No. 162.012/4/2, Series 90–E cast iron body safety valve for steam heating boilers and unfired steam generators, drawing No. D–90–E, Rev. B dated August 8, 1972, approved for 1", 1¼", 1½", 2" 2½", 3", and 4" inlet sizes for a maximum pressure of 30 p.s.i., ASTM B–61 Discs and Seat Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, OH 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/4/1 dated October 11, 1967.)

Approval No. 162.012/5/2, Series 92 cast iron body safety valve for steam boilers and unfired steam generators, drawing No. D–90, Rev. B, dated August 8, 1972, approved for 1", 1¼", 1½", 2", 2½", 3", and 4" inlet sizes for a maximum of 30 p.s.i., ASTM B–61 Discs and Seat Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, OH 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/5/1, Dated October 11, 1967.)

Approval No. 162.012/6/2, Series 92–E cast iron body safety valve for steam heating boilers and unfired steam generators, drawing No. D–90–E, Rev. B dated August 8, 1972, approved for 1", 1¼", 1½", 2", 2½", 3", and 4" inlet sizes for a maximum pressure of 30 p.s.i., ASTM B–61 Discs and Seat Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, OH 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/6/1 dated October 11, 1967.)

Approval No. 162.012/10/2, Series 70 pop safety valve, cast iron body enclosed spring standard outlet for steam heating boilers and unfired steam generators drawing No. P–20119–A, Rev. B dated August 7, 1972, approved for a maximum pressure of 30 p.s.i. in the following sizes and capacities:

Size (inches)	Capacity (pounds/hour) at 30 p.s.i.
1	405
1¼	668
1½	1384
2	1984
2½	2469
3	3255
4	5182

ASTM B–61 Discs and Seat Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, Ohio 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/10/1 dated October 11, 1967.)

Approval No. 162.012/11/2, Series 70E pop safety valve, cast iron body exposed spring standard outlet for steam heating boilers and unfired steam generators, drawing No. P–20120–A, Rev. B dated August 8, 1972, approved for a maximum pressure of 30 p.s.i. in the sizes and capacities shown below:

Size (inches)	Capacity (pounds/hour) at 30 p.s.i.
1	405
1¼	668
1½	1384
2	1984
2½	2469
3	3255
4	5182

ASTM B–61 Discs and Seat Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, Ohio 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/11/1 dated October 11, 1967.)

Approval No. 162.012/12/2, Series 72 pop safety valve, cast iron body enclosed spring expanded outlet for steam heating boilers and unfired steam generators, drawing No. P–20119–A, Rev. B dated August 7, 1972, approved for a maximum pressure of 30 p.s.i. in the sizes and capacities shown below:

Size (inches)	Capacity (pounds/hour) at 30 p.s.i.
1	405
1¼	668
1½	1384
2	1984
2½	2469
3	3255
4	5182

ASTM B–61 Discs and Seat Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, OH 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/12/1 dated October 11, 1967.)

Approval No. 162.012/13/2, Series 72E pop safety valve, cast iron body exposed spring expanded outlet for steam heating boilers and unfired steam generators, Drawing No. P–20120–A, Rev. B dated August 8, 1972, approved for a maximum pressure of 30 p.s.i. in the sizes and capacities shown below:

Size (inches)	Capacity (pounds/hour) at 30 p.s.i.
1	405
1¼	668
1½	1384
2	1984
2½	2469
3	3255
4	5182

ASTM B–61 Discs and Seat Bushings limited to 450° F., ASTM B–62 Discs and Seat Bushings limited to 366° F., manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, OH 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/13/1 dated October 11, 1967.)

Approval No. 162.012/14/2, Series 5 pop safety valve, bronze body, for steam heating boilers and unfired steam generators, drawing No. D–5L–2½, Rev. C dated August 8, 1972, approved for a maximum pressure of 30 p.s.i. and maximum temperature of 366° F. in the sizes and capacities shown below:

Size (inches)	Capacity (pounds/hour) at 30 p.s.i.
¾	221
1	310
1¼	586
1½	1068
2	1085
2½	1706
3	2103

manufactured by MIPCO Division, Clark-Reliance Corp., 15901 Industrial Parkway, Cleveland, Ohio 44135, effective October 31, 1972. (It supersedes Approval No. 162.012/14/1 dated October 11, 1967.)

PRESSURE VACUUM RELIEF VALVES AND SPILL VALVES FOR TANK VESSELS

Approval No. 162.017/100/0, Morrison Fig. 153B pressure-vacuum relief valve, atmospheric pattern, weight-loaded pressure and vacuum poppets, all stainless steel construction as per ASTM A–351–63T Grade CF8M, drawing No. B4584, dated February 27, 1951, and revised March 12, 1951, and drawing No. B4585, dated March 6, 1951, approved for size 2½", same as 162.017/63/0 except for material, manufactured by Morrison Bros. Co., Dubuque, Iowa 52001, effective October 31, 1972. (It is an extension of Approval No. 162.017/100/0 dated December 19, 1967.)

BACKFIRE FLAME CONTROL, GASOLINE ENGINES; FLAME ARRESTERS; FOR MERCHANT VESSELS AND MOTORBOATS

Approval No. 162.041/6/2, Barbron backfire flame arrester, Part No. 5733B, brass element, cover, and base, also Part No. 5733A, having brass element, anodized aluminum base and cover, opening in base is 4.250" in diameter, size of mounting hole increased from 4.180" to 4.250", manufactured by Barbron Corp., 14580 Lesure Avenue, Detroit, MI 48227, effective November 7, 1972. (It supersedes Approval No. 162.041/6/1 dated August 28, 1970 to show revision.)

Approval No. 162.041/8/2, Barbron backfire flame arrester, Part No. 5753B, brass element, cover, and base, also Part No. 5753A, having brass element, anodized aluminum base and cover, opening in base is 4.250", size of mounting hole increased from 4.180" to 4.250", manufactured by Barbron Corp., 14580 Lesure Avenue, Detroit, MI 48227, effective November 7, 1972. (It supersedes Approval No. 162.041/8/1 dated August 28, 1970 to show revision.)

Approval No. 162.041/138/1, Barbron backfire flame arrester, Part No. 5723B, brass element, cover, and base, also Part No. 5723A, having brass element, anodized aluminum base and cover, opening in base is 4.250" in diameter, size of mounting hole increased from 4.180" to 4.250", manufactured by Barbron Corp., 14580 Lesure Avenue, Detroit, MI 48227, effective November 7, 1972. (It supersedes Approval No. 162.041/138/0 dated November 1, 1971 to show revision.)

INCOMBUSTIBLE MATERIALS FOR MERCHANT VESSELS

Approval No. 164.009/89/0, "Fiberglas Insulation PF–CG," glass wool insulation type incombustible material identical to that described in National Bureau of Standards Test Report No. TG10230–29: FR3661 dated January 20, 1966, and Owens-Corning letter dated August 27, 1963, approved in a 6 lb./cu. ft. density in bat, blanket, and molded form, manufactured by Owens-Corning Fiberglas Corp., Toledo, Ohio 43602, effective November 7, 1972. (It is an extension of Approval No. 164.009/89/0 dated November 1, 1967.)

Dated: January 8, 1973.

G. H. READ,
Captain, U.S. Coast Guard, Acting Chief, Office of Merchant Marine Safety.

[FR Doc.73–789 Filed 1–12–73;8:45 am]

[CGD 73–9N]

EQUIPMENT, CONSTRUCTION, AND MATERIALS

Approval Notice

1. Certain laws and regulations (46 CFR Ch. I) require that various items of lifesaving, firefighting and miscellaneous equipment, construction, and materials used on board vessels subject to Coast Guard inspection, on certain motorboats and other recreational vessels, and on the artificial islands and fixed structures on the outer Continental Shelf be of types approved by the Commandant, U.S. Coast Guard. The purpose of this document is to notify all interested persons that certain approvals have been granted as herein described during the period from November 2, 1972 to November 17, 1972 (List No. 36–72). These actions were taken in accordance with the procedures set forth in 46 CFR 2.75–1–2.75–50.

2. The statutory authority for equipment, construction, and material approvals is generally set forth in sections 367, 375, 390b, 416, 481, 489, 526p, and 1333 of title 46, United States Code, section 1333 of title 43, United States Code, and section 198 of title 50, United States Code. The Secretary of Transportation has delegated authority to the Commandant, U.S. Coast Guard with respect to these approvals (49 CFR 1.46(b)). The specifications prescribed by the Commandant, U.S. Coast Guard for certain types of equipment, construction, and materials are set forth in 46 CFR Parts 160 to 164.

3. The approvals listed in this document shall be in effect for a period of 5 years from the date of issuance, unless sooner canceled or suspended by proper authority.

LIFEBOAT WINCHES FOR MERCHANT VESSELS

Approval No. 160.015/92/0, Type CW–75 lifeboat winch; approval limited to mechanical components only, and for a maximum working load of 7,500 pounds pull at the drums (3,750 pounds per fall); identified by general arrangement drawing No. WA–9198, dated August 21, 1967, and drawing list dated January 25, 1968, manufactured by Carroll Engineering Co., 313 State Street, Box 711, Perth Amboy, NJ 08862, effective November 15, 1972. (It is an extension of Approval No. 160.015/92/0 dated January 30, 1968.)

DAVITS FOR MERCHANT VESSELS

Approval No. 160.032/146/1, mechanical davit, straight boom sheath screw, Type 20–20F, approved for a maximum working load of 5,800 pounds per set (2,900 pounds per arm), using either two or six part falls, identified by general arrangement drawing 5014–1D, Alteration C dated January 30, 1963, does not include approval of optional tilting foundation, manufactured by Marine Safety Equipment Corp., Foot of Wycoff Road, Farmingdale, N.J. 07727, effective November 15, 1972. (It is an extension of Approval No. 160.032/146/1 dated February 2, 1968 and change of address of manufacturer.

Approval No. 160.032/177/0, gravity davit, Type CG–150–2G, approved for a maximum working load of 15,000 pounds per set (7,500 pounds per arm) using two-part falls; identified by general arrangement drawing DA–9178 dated May 25, 1967, and drawing list dated December 28, 1967, manufactured by Carroll Engineering Co., 313 State Street, Box 711, Perth Amboy, NJ 08862, effective November 15, 1972. (It is an extension of Approval No. 160.032/177/0 dated January 15, 1968.)

Approval No. 160.032/179/0, gravity davit, Type 30–22 MK III; approved for a maximum working load of 22,000 pounds per set (11,000 pounds per arm)

V 38 N 9 JAN 15 73 XUM

using two-part falls; identified by general arrangement drawing D1–F–016, Revision C dated October 24, 1967, and drawing list dated December 19, 1967, manufactured by Marine Safety Equipment Corp., Foot of Wycoff Road, Farmingdale, NJ 07727, effective November 15, 1972. (It is an extension of Approval No. 160.032/179/0 dated January 25, 1968 and change of address of manufacturer.)

BUOYANT VESTS, KAPOK, OR FIBROUS GLASS

Approval No. 160.047/342/0, adult Model AK–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 129, manufactured by Ero Industries, Inc., 1923–34 North Washtenaw Avenue, Chicago, IL 60647, effective November 2, 1972. (It supersedes Approval No. 160.047/342/0 dated May 19, 1970.)

Approval No. 160.047/343/0, child medium, Model CKM–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 129, manufactured by Ero Industries, Inc., 1923–34 North Washtenaw Avenue, Chicago, IL 60647, effective November 2, 1972. (It supersedes Approval No. 160.047/343/0 dated May 19, 1970.)

Approval No. 160.047/344/0, child small, Model CKS–1, standard kapok buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.047 and UL/MD report file No. MQ 129, manufactured by Ero Industries, Inc., 1923–34 North Washtenaw Avenue, Chicago, IL 60647, effective November 2, 1972. (It supersedes Approval No. 160.047/344/0 dated May 19, 1970.)

BUOYANT CUSHIONS, KAPOK, OR FIBROUS GLASS

Approval No. 160.048/221/0, group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048–4(c) (1) (i), manufactured by Buddy Schoellkopf Products, Inc., 4100 Platinum Way, Dallas TX 75237, effective November 16, 1972. (It is an extension of Approval No. 160.048/221/0 dated January 29, 1968 and change of address of manufacturer.)

BUOYANT CUSHIONS, UNICELLULAR PLASTIC FOAM

Approval No. 160.049/51/0, group approval for rectangular and trapezoidal unicellular plastic foam buoyant cushions with vinyl dip coatings, sizes to be as per Table 160.049–4(c) (1) and construction and materials to be as per drawings Nos. 1 and 2 dated February 22, 1963, manufactured by Billy Boy Products. Inc., Quincy, Mich. 49082, effective November 16, 1972. (It is an extension of Approval No. 160.049/51/0 dated January 29, 1968.)

BUOYS, LIFE, RING, UNICELLULAR PLASTIC

Approval No. 160.050/48/0, 20-inch unicellular plastic ring life buoy, U.S.C.G. Specification Subpart 160.050, Cal–June Corp. letter dated October 22, 1967, and drawing No. R dated January 25, 1968, manufactured by Cal-June Corp., Post Office Box 9551, North Hollywood, CA 91606, effective November 16, 1972. (It is an extension of Approval No. 160.050/48/0 dated February 13, 1968.)

Approval No. 160.050/49/0, 30-inch unicellular plastic ring life buoy, U.S.C.G. Specification Subpart 160.050, Cal-June Corp. letter dated October 22, 1967, and drawing No. R dated January 25, 1968, manufactured by Cal-June Corp., Post Office Box 9551, North Hollywood, CA 91606, effective November 16, 1972. (It is an extension of Approval No. 160.050/49/0 dated February 13, 1968.)

Approval No. 160.050/50/0, 24-inch unicellular plastic ring life buoy, U.S.C.G. Specification Subpart 160.050, Cal-June Corp. letter dated October 22, 1967, and drawing No. R dated July 30, 1967, manufactured by Cal-June Corp., Post Office Box 9551, North Hollywood, CA 91606, effective November 15, 1972. (It is an extension of Approval No. 160.050/50/0 dated January 12, 1968.)

BUOYANT VESTS, UNICELLULAR PLASTIC FOAM

Approval No. 160.052/190/1, adult Model 4155 or 4156, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 129, manufactured by Ero Industries, Inc., 1924–34 North Washtenaw Avenue, Chicago, IL 60647, effective November 15, 1972. (It supersedes Approval No. 160.052/190/1 dated August 19, 1970.)

Approval No. 160.052/191/1, child medium, Model 4160 or 4161, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 129, manufactured by Ero Industries, Inc., 1924–34 North Washtenaw Avenue, Chicago, IL 60647, effective November 15, 1972. (It supersedes Approval No. 160.052/191/1 dated August 19, 1970.)

Approval No. 160.052/192/1, child small, Model 4165 or 4166, nonstandard unicellular plastic foam buoyant vest, manufactured in accordance with U.S.C.G. Specification Subpart 160.052 and UL/MD report file No. MQ 129, manufactured by Ero Industries, Inc., 1924–34 North Washtenaw Avenue, Chicago, IL 60647, effective November 15, 1972. (It supersedes Approval No. 160.052/192/1 dated August 19, 1970.)

SPECIAL PURPOSE WATER SAFETY BUOYANT DEVICES FOR DESIGNATED USE ON ALL MOTORBOATS AND FOR GENERAL USE ON MOTORBOATS OF CLASSES A, 1, OR 2 NOT CARRYING PASSENGERS FOR HIRE

Approval No. 160.064/328/1, adult small, Model No. VAS, vinyl dipped unicellular plastic foam "Sail 'N' Ski Vest," manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 3, Type III Device, manufactured by Texas Recreation Corp., Texas Water Crafters Division, 912 North Beverly Drive, Wichita Falls, TX 76307, effective November 8, 1972. (It supersedes Approval No. 160.064/328/0 dated March 17, 1972.)

Approval No. 160.064/349/0, child medium, Model No. 321–C, vinyl dipped unicellular plastic foam, "Jump Vest," manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 7, Type III Device, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 8, 1972.

Approval No. 160.064/350/0, adult small, Model No. 322–S, vinyl dipped unicellular plastic foam, "Jump Vest," manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 7, Type III Device, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 8, 1972.

Approval No. 160.064/351/0, adult medium, Model No. 323–M, vinyl dipped unicellular plastic foam, "Jump Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 7, Type III Device, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 8, 1972.

Approval No. 160.064/352/0, adult large, Model No. 324–L, vinyl dipped unicellular plastic foam, "Jump Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 7, Type III Device, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn, NY 11201, effective November 8, 1972.

Approval No. 160.064/389/0, child medium, Model No. Guardian, cloth covered unicellular plastic foam, "Utility Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 16, Type III Device, manufactured by Gentex Corp., Carbondale, Pa. 18407, effective November 8, 1972.

Approval No. 160.064/395/0, child small, Model No. Guardian, cloth covered unicellular plastic foam, "Utility Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 16, Type III Device, manufactured by Gentex Corp., Carbondale, Pa. 18407, effective November 8, 1972.

Approval No. 160.064/418/0, adult, Model No. LV, vinyl dipped unicellular plastic foam, "Water Ski Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 3, Type III Device, manufactured by Texas Recreation Corp., Texas Water Crafters Division, 912 North Beverly Drive, Wichita Falls, TX 76307, effective November 8, 1972.

Approval No. 160.064/428/0, child medium, Model No. 100M, vinyl dipped unicellular plastic foam "Ski Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 164, Type III Device, manufactured by O'Brien Manufacturing Corp., 14615 Northeast 91st Street, Redmond, WA 98052, effective November 17, 1972.

Approval No. 160.064/429/0, adult X-large, Model No. 100XL, vinyl dipped unicellular plastic foam "Ski Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 164, Type III Device, manufactured by O'Brien Manufacturing Corp., 14615 Northeast 91st Street, Redmond, WA 98052, effective November 17, 1972.

Approval No. 160.064/430/0, adult XX-large, Model No. 100XXL, vinyl dipped unicellular plastic foam "Ski Vest", manufactured in accordance with U.S.C.G. Specification Subpart 160.064 and UL/MD report file No. MQ 164, Type III Device, manufactured by O'Brien Manufacturing Corp., 14615 Northeast 91st Street, Redmond, WA 98052, effective November 17, 1972.

SAFETY VALVES (POWER BOILERS)

Approval No. 162.001/72/1, Type 2575A carbon steel body pop safety valve, 300 p.s.i. (pounds per square inch) maximum pressure for all sizes except 4" P 6", 250 p.s.i. for size 4" P 6", 650° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/72/1 dated January 29, 1968.)

Approval No. 162.001/73/1, Type 2575B carbon steel body pop safety valve, 300 p.s.i. maximum pressure for all sizes except 4" P 6", 250 p.s.i. for size 4" P 6", 750° F. maximum temperature drawing No. 13664B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/73/1 dated January 29, 1968.)

Approval No. 162.001/74/1, Type 2575C alloy steel body pop safety valve, 300 p.s.i. maximum pressure for all sizes except 4" P 6", 250 p.s.i. for sizes 4" P 6", 900° F. maximum temperature drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/74/1 dated January 29, 1968.)

Approval No. 162.001/75/1, Type 2576A carbon steel body pop safety valve, 450 p.s.i. maximum pressure for all sizes except 4" P 6", 350 p.s.i. for size 4" P 6", 650° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/75/1 dated January 29, 1968.)

Approval No. 162.001/76/1, Type 2576B carbon steel body pop safety valve, 450 p.s.i. maximum pressure for all sizes except 4" P 6", 350 p.s.i. for size 4" P 6", 750° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/76/1 dated January 29, 1968.)

Approval No. 162.001/77/1, Type 2576C alloy steel body pop safety valve, 450 p.s.i. maximum pressure for all sizes except 4" P 6", 350 p.s.i. for size 4" P 6", 900° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manuactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/77/1 dated January 29, 1968.)

Approval No. 162.001/78/1, Type 2577A carbon steel body pop safety valve, 600 p.s.i. maximum pressure for all sizes except 4" P 6", 500 p.s.i. for size 4" P 6", 650° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/78/1 dated January 29, 1968.)

Approval No. 162.001/79/1, Type 2577B carbon steel body pop safety valve, 600 p.s.i. maximum pressure for all sizes except 4" P 6", 500 p.s.i. for size 4" P 6", 750° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/79/1 dated January 29, 1968.)

Approval No. 162.001/80/1, Type 2577C alloy steel body pop safety valve, 600 p.s.i. maximum pressure for all sizes except 4" P 6", 500 p.s.i. for size 4" P 6", 900° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/80/1 dated January 29, 1968.)

Approval No. 162.001/81/1, Type 2578A carbon steel body pop safety valve, 750 p.s.i. maximum pressure for all sizes except 4" P 6", 700 p.s.i. for size 4" P 6", 750° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. It supersedes Approval No. 162.001/81/1 dated January 29, 1968.)

Approval No. 162.001/82/1, Type 2578B carbon steel body pop safety valve, 750 p.s.i, maximum pressure for all sizes except 4" P 6", 700 p.s.i. for size 4" P 6", 750° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/82/1 dated January 29, 1968.)

Approval No. 162.001/83/1, Type 2578C alloy steel body pop safety valve, 750 p.s.i. maximum pressure for all sizes except 4" P 6", 700 p.s.i. for size 4" P 6", 900° F. maximum temperature, drawing No. 16364B, Rev. A dated November 1, 1972, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Teledyne Farris Engineering, Palisades Park, N.J. 07650, formerly Farris Engineering Corp., effective November 14, 1972. (It supersedes Approval No. 162.001/83/1 dated January 29, 1968.)

BULKHEAD PANELS FOR MERCHANT VESSELS

Approval No. 164.008/66/0, Wayne Manufacturing Corp. "Memphis 1⅜" marine bulkhead panel system identical to that described in National Bureau of Standards Test Report No. FR 3824 dated September 15, 1972, and Wayne's letter dated August 10, 1972, approved as meeting Class B–0 requirements, Wayne Manufacturing Corp. drawing M–138 forms part of this approval, this product may not be used as a component of A Class construction, manufactured by Wayne Manufacturing Corp., Post Office Box 550, Waynesboro, VA 22980, effective November 17, 1972.

Approval No. 164.008/67/0, Wayne Manufacturing Corp. "Memphis 2½" marine bulkhead panel system identical to that described in National Bureau of Standards Test Report No. FR 3824 dated September 15, 1972, and Wayne's letter dated August 10, 1972, approved as meeting Class B–0 requirements, Wayne Manufacturing Corp. drawing M–138 forms part of this approval, this product may not be used as a component of A Class construction, manufactured by Wayne Manufacturing Corp., Post Office Box 550, Waynesboro, VA 22980, effective November 17, 1972.

INCOMBUSTIBLE MATERIALS FOR MERCHANT VESSELS

Approval No. 164.009/108/0, "Fiberglas Incombustible Marine Pipe Insulation Type I", fibrous glass type incombustible material identical to that described in National Bureau of Standards Test Report No. TG10210–2162:FR3699 dated November 28, 1967, approved in a 4½±0.5 pounds per cubic foot density, manufac-

EQUIPMENT, CONSTRUCTION, AND MATERIALS

Termination of Approval Notice

1. Certain laws and regulations (46 CFR Ch. I) require that various items of lifesaving, firefighting and miscellaneous equipment, construction, and materials used on board vessels subject to Coast Guard inspection, on certain motorboats and other recreational vessels, and on the artificial islands and fixed structures on the outer Continental Shelf be of types approved by the Commandant, U.S. Coast Guard. The purpose of this document is to notify all interested persons that certain approvals have been terminated as herein described during the period from June 13, 1972 to November 21, 1972 (List No. 35-72). These actions were taken in accordance with the procedures set forth in 46 CFR 2.75-1—2.75-50.

2. The statutory authority for equipment, construction, and material approvals is generally set forth in sections 367, 375, 390b, 416, 481, 489, 526p, and 1333 of title 46, United States Code, section 1333 of title 43, United States Code, and section 198 of title 50, United States Code. The Secretary of Transportation has delegated authority to the Commandant, U.S. Coast Guard with respect to these approvals (49 CFR 1.46(b)). The specifications prescribed by the Commandant, U.S. Coast Guard for certain types of equipment, construction, and materials are set forth in 46 CFR Parts 160 to 164.

3. Notwithstanding the termination of approval listed in this document, the equipment affected may be used as long as it remains in good and serviceable condition.

BUOYANT VESTS, KAPOK, OR FIBROUS GLASS

The Peerless Maid Plastics, Inc., Box 38, Farmington, MN 55024, no longer manufactures certain kapok buoyant vests and Approval No. 160.047/635/0 was therefore terminated effective October 21, 1972.

SAFETY VALVES (POWER BOILERS)

The Crosby Valve & Gage Co., Wrentham, Mass. 02093, Approval Nos. 162.001/6/2 and 162.001/7/2 expired and were terminated effective August 23, 1972.

PRESSURE VACUUM RELIEF VALVES AND SPILL VALVES FOR TANK VESSELS

The Tate Industries, Inc., 516 South Eutaw Street, Baltimore, MD 21201, Approval No. 162.017/94/0 expired and was terminated effective June 13, 1972.

BACKFIRE FLAME CONTROL, GASOLINE ENGINES; FLAME ARRESTERS; FOR MERCHANT VESSELS AND MOTORBOATS

The Barbron Corp., 14580 Lesure Avenue, Detroit, MI 48227, Approval No. 162.041/102/0 expired and was terminated effective November 21, 1972.

Dated: January 8, 1973.

G. H. READ,
Captain, U.S. Coast Guard, Acting Chief, Office of Merchant Marine Safety.

PART III

POSTAL SERVICE

■

SPECIAL THIRD-CLASS MAIL RATES

Eligibility Standards for Nonprofit Organizations

No. 9—Pt. III——1

V 38 - 9 JAN 15 73 XUM

Title 39—POSTAL SERVICE

Chapter I—U.S. Postal Service

PART 134—THIRD CLASS

Special Third-Class Mail Rates; Eligibility Standards for Nonprofit Organizations

Section 134.5(a) of Title 39, Code of Federal Regulations, lists eight types of organizations or associations eligible for special third-class bulk mail rates. The present regulations do not, however, contain any definitions of the eight categories.

In the daily issue of August 26, 1972 (37 FR 17423), the Postal Service, complying voluntarily with the advance notice requirement of the Administrative Procedure Act (5 U.S.C. 553 (b), (c)) regarding proposed rule making, published proposed eligibility standards for determining whether an organization is entitled to special third-class mail rates as a nonprofit organization within the purview of 39 CFR 134.5(a). The proposed eligibility standards were based on longstanding administrative interpretations made through the years. Interested members of the public were given 30 days within which to submit written data, views, or arguments concerning the proposed regulations.

After consideration of all comments received, the Postal Service has determined to adopt the proposed criteria essentially as published, with certain modifications. The educational category has been more precisely defined so as clearly to include education-oriented organizations in addition to schools, colleges, universities, etc., such as, for example, Parent Teachers Associations, symphony orchestras, museums and zoos.

In addition, the philanthropic category has been modified so as not to exclude organizations such as animal welfare leagues and other charitable organizations. In this regard the word "philanthropic" has been historically interpreted in Postal Service regulations as synonymous with "charitable" (see 39 CFR 134.5(b)). This interpretation is also consistent with the Internal Revenue Service's charitable organization category as respects tax exempt organizations. (26 U.S.C. 501(c)(3).) The definitions of agricultural, labor, and veterans organizations have been modified to parallel similar definitions in use by other agencies. In addition, organizations which are "action" organizations as defined in § 134.53 (a)(1) and (b) cannot qualify for special third-class rates as religious, educational, scientific, or philanthropic organizations.

Generally, an organization granted income tax exemption under title 26, United States Code, section 501(c)(3), as a religious, educational, scientific, or charitable (philanthropic) organization, under section 501(c)(5) as an agricultural or labor organization; under 501(c)(8) as a fraternal organization; or under 501(c)(19) as a veterans organization will be considered as qualifying for the special third-class rate.

The definitions set out below more clearly express historical interpretations by the Postal Service than the proposed regulations and, where possible, parallel similar definitions in use by other Government agencies. These regulations are effective January 15, 1973.

Paragraphs (a), (b), (c), and (d)(1) of § 134.5 of this title are amended to read as follows:

§ 134.5 Qualification requirements and application procedure for special third-class rates.

(a) *Kinds of organizations or associations that may qualify.* Only the following organizations or association not organized for profit, none of the net income of which benefits any private stockholder or individual, may be authorized to mail pieces at the special rates provided by §§ 134.1 (b) (1) and (2):

(1) Religious.
(2) Educational.
(3) Scientific.
(4) Philanthropic.
(5) Agricultural.
(6) Labor.
(7) Veterans'.
(8) Fraternal.

Primary purpose: The standard of "primary purpose" in this definition shall require that the organization be both organized for and operated for the primary purpose. Organizations which incidentally engage in qualifying activities only to accomplish other goals do not meet the primary purpose test.

(b) *Definitions*—(1) *Religious.* A nonprofit organization whose primary purpose is one of the following:

(i) To conduct religious worship—for example, churches, synagogues, temples, or mosques;

(ii) To support the religious activities of nonprofit organizations whose primary purpose is to conduct religious worship;

(iii) To perform instruction in, to disseminate information about, or otherwise to further the teaching of particular religious faiths or tenets.

(2) *Educational.* A nonprofit organization whose primary purpose is: The instruction or training of the individual for the purpose of improving or developing his capabilities; or the instruction of the public on subjects beneficial to the community. An organization may be educational even though it advocates a particular position or viewpoint so long as it presents a sufficiently full and fair exposition of the pertinent facts to permit an individual or the public to form an independent opinion or conclusion. On the other hand, an organization is not educational if its principal function is the mere presentation of unsupported opinion.

(i) The following are examples of organizations which are educational:

(a) An organization, such as a primary or secondary school, a college, or a professional or trade school, which has a regularly scheduled curriculum, a regular faculty, and a regularly enrolled body of students in attendance at a place where the educational activities are regularly carried on;

(b) An organization whose activities consist of presenting public discussion groups, forums, panels, lectures, or other similar programs. Such programs may be on radio or television;

(c) An organization which presents a course of instruction by means of correspondence or through the utilization of television or radio;

(d) Museums, zoos, planetariums, symphony orchestras, and other similar organizations.

(3) *Scientific.* A nonprofit organization whose primary purpose is one of the following:

(i) To conduct research in the applied, pure or natural sciences;

(ii) To disseminate systematized technical information dealing with applied, pure or natural sciences.

(4) *Philanthropic (charitable).* A nonprofit organization organized and operated for purposes beneficial to the public. Examples of philanthropic (charitable) organizations are organizations which are organized for:

(i) Relief of the poor and distressed or of the underprivileged;

(ii) Advancement of religion;

(iii) Advancement of education or science;

(iv) Erection or maintenance of public buildings, monuments, or works;

(v) Lessening of the burdens of Government;

(vi) Promotion of social welfare by organizations designed to accomplish any of the above purposes or;

(*a*) to lessen neighborhood tensions;

(*b*) to eliminate prejudice and discrimination;

(*c*) to defend human and civil rights secured by law; or

(*d*) to combat community deterioration and juvenile delinquency.

The fact that an organization which is organized and operated for the relief of indigent persons may receive voluntary contributions from the persons intended to be relieved will not necessarily prevent such organization from being exempt as an organization organized and operated exclusively for charitable purposes. The fact that an organization, in carrying out its primary purpose, advocates social or civic changes or presents opinion on controversial issues with the intention of molding public opinion or creating public sentiment to an acceptance of its views does not preclude such organization from qualifying so long as it is not an "action" organization as described in 134.5(c).

(5) *Agricultural.* A nonprofit organization whose primary purpose is the betterment of the conditions of those engaged in agricultural pursuits, the improvement of the grade of their products, and the development of a higher degree of efficiency in agriculture. The organization may further and advance agricultural interests through educational activities; the holding of agricultural fairs; the collection and dissemination of information concerning cultivation of the soil and its fruits; the rearing, feeding, and management of livestock, poultry, bees, etc., or other activities relating to agricultural interests.

(6) *Labor.* A nonprofit organization whose primary purpose is the betterment of the conditions of workers. Labor organizations include, but are not limited to, organizations in which employees or workmen participate, whose primary purpose is to deal with employers concerning grievances, labor disputes, wages, hours of employment, working conditions, etc. Examples are labor unions and employees' associations formed for the stated purposes.

(7) *Veterans'.* A nonprofit organization of veterans of the Armed Services of the United States, or an auxiliary unit or society of, or a trust or foundation for, any such post or organization.

(8) *Fraternal.* A nonprofit organization which meets all of the following criteria:

(i) Has as its primary purpose the fostering of brotherhood and mutual benefits among its members;

(ii) Is organized under a lodge or chapter system with a representative form of government;

(iii) Follows a ritualistic format; and

(iv) Is comprised of members who are elected to membership by vote of the members.

Fraternal organizations include such organizations as the Masons, Knights of Columbus, Elks, college fraternities, and the like. Fraternal organizations do not encompass such organizations as business leagues, professional associations, civic associations or social clubs.

(c) *Examples of organizations or associations that may not qualify.* The following and similar organizations do not come within the prescribed categories even though they may be organized on a nonprofit basis: Automobile clubs; business leagues; chambers of commerce; citizens' and civic improvement associations; individuals; municipal, county, or State governmental bodies; mutual insurance associations; political organizations; service clubs such as Civitan, Kiwanis, Lions, Optimist, and Rotary; social and hobby clubs; associations of rural electric cooperatives; trade associations; and religious, educational, scientific and philanthropic "action" organizations.

(1) Religious, educational, scientific and philanthropic "action" organizations for purposes of this section are defined as follows:

(i) An organization is an "action" organization if a substantial part of its activities is attempting to influence legislation by propaganda or otherwise. For this purpose, an organization will be regarded as attempting to influence legislation if the organization:

(*a*) Contacts, or urges the public to contact, members of a legislative body for the purpose of proposing, supporting, or opposing legislation; or

(*b*) Advocates the adoption or rejection of legislation.

The term "legislation", as used in this subdivision, includes action by the Congress, by any State legislature, by any local council or similar governing body, or by the public in a referendum, initiative, constitutional amendment, or similar procedure. An organization will not fail to meet the operational test merely because it advocates, as an insubstantial part of its activities, the adoption or rejection of legislation.

(ii) An organization is an "action" organization if it participates or intervenes, directly or indirectly, in any political campaign on behalf of or in opposition to any candidate for public office. The term "candidate for public office" means an individual who offers himself or is proposed by others, as a contestant for an elective public office, whether such office be national, State, or local. Activities which constitute participation or intervention in a political campaign on behalf of or in opposition to a candidate include, but are not limited to, the publication or distribution of written or printed statements or the making of oral statements on behalf of or in opposition to such a candidate.

(iii) An organization is an "action" organization if it has the following two characteristics: (*a*) Its main or primary objective or objectives (as distinguished from its incidental or secondary objectives) may be attained only by legislation or a defeat of proposed legislation; and (*b*) it advocates, or campaigns for, the attainment of such main or primary objective or objectives as distinguished from engaging in nonpartisan analysis, study, or research and making the results thereof available to the public. In determining whether an organization has such characteristics, all the surrounding facts and circumstances, including the articles and all activities of the organization, are to be considered.

(d) *Application*—(1) *Filing.* Application on Form 3624, *Application to Mail at Special Bulk Third-Class Rates for Qualified Nonprofit Organizations or Associations*, must be filed by the organization or association at the post office where mailings will be deposited. The application must included evidence that the organization is nonprofit, and, if available, a certificate of exemption from Federal income tax should accompany the application. An exemption from the payment of Federal income tax is not required in order to qualify for the special third-class bulk rates. Such exemption will be considered as evidence of qualification for preferred postal rates but will not be controlling in the matter. When an organization submits proof that it has been granted income tax exemption under title 26, United States Code, section 501(c)(3), as a religious, educational, scientific, or charitable (philanthropic) organization; under section 501(c)(5) as an agricultural or labor organization; under section 501(c)(8) as a fraternal organization; or under section 501(c)(19) as a veterans' organization, it will be considered as qualifying for the special third-class rates unless the available evidence discloses some disqualification.

An Invaluable Reference Tool

1972/73 Edition

This guidebook provides information about significant programs and functions of the U.S. Government agencies, and identifies key officials in each agency.

Included with most agency statements are "Sources of Information" sections which give helpful information on:

- Employment
- Contracting with the Federal Government
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups

This handbook is a "must" for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.

TUESDAY, JANUARY 16, 1973

WASHINGTON, D.C.

Volume 38 ■ Number 10

Pages 1569–1627

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

NOTICE TO READERS

This week several new features are being introduced to remind readers of important action dates established by documents published in the FEDERAL REGISTER.

Beginning January 17th, two new lists will be published. One, entitled "Next Week's Deadlines for comment on Proposed Rules," will serve as a weekly reminder to readers of the opportunity to participate in certain administrative actions of their Government. The other, entitled "Next Week's Hearings," will itemize hearings that appear to be of interest to broad segments of the public. These lists will appear every Wednesday and will cover the week beginning on the Monday following publication.

On Thursday, January 18th, a list entitled "Rules Going into Effect Today" will be introduced. When a rule becomes effective more than 14 days after publication in the FEDERAL REGISTER a reminder will be published on the day that the rule goes into effect. This list will appear daily.

Other changes scheduled to be introduced during January involve changes in the typography of the Highlights, contents pages, and various headings—all designed to make the FEDERAL REGISTER easier to use.

The Administrative Committee of the Federal Register is interested in continued improvement of the FEDERAL REGISTER in order to serve readers more efficiently. Comments on these changes and recommendations for other improvements are welcome. Write to the Director of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408.

Guide to Record Retention Requirements

[Revised as of January 1, 1972]

This useful reference tool is designed to keep businessmen and the general public informed concerning the many published requirements in Federal laws and regulations relating to record retention.

The 92-page "Guide" contains over 1,000 digests which tell the user (1) what type records must be kept, (2) who must keep them, and (3) how long they must be kept. Each digest carries a reference to the full text of the basic law or regulation providing for such retention.

The booklet's index, numbering over 2,200 items, lists for ready reference the categories of persons, companies, and products affected by Federal record retention requirements.

Price: $1.00

Compiled by Office of the Federal Register, National Archives and Records Service, General Services Administration

Order from Superintendent of Documents, U.S. Government Printing Office Washington, D.C. 20402

FEDERAL REGISTER

Area Code 202 Phone 962-8626

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for filing, publishing, and making available to the public, regulations and legal notices issued by the Executive Branch of the Government. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $2.50 per month or $25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Rules and Regulations

Title 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 567, Amdt. 1]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

This regulation increases the quantity of California-Arizona lemons that may be shipped to fresh market during the weekly regulation period January 7–13, 1973. The quantity that may be shipped is increased due to improved market conditions for California-Arizona lemons. The regulation and this amendment are issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and Marketing Order No. 910.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The need for an increase in the quantity of lemons available for handling during the current week results from changes that have taken place in the marketing situation since the issuance of Lemon Regulation 567 (38 FR 847). The marketing picture now indicates that there is a greater demand for lemons than existed when the regulation was made effective. Therefore, in order to provide an opportunity for handlers to handle a sufficient volume of lemons to fill the current market demand thereby making a greater quantity of lemons available to meet such increased demand, the regulation should be amended, as hereinafter set forth.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restriction on the handling of lemons grown in California and Arizona.

(b) *Order, as amended.* The provision in paragraph (b) (1) of § 910.867 (Lemon Regulation 567 (38 FR 847)) is hereby amended to read as follows:

§ 910.687 Lemon Regulation 567.

* * * * *

(b) *Order.* (1) * * * 225,000 cartons.

* * * * *

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: January 11, 1973.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.73-861 Filed 1-15-73;8:45 am]

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[CCC Grain Price Support Reseal Loan Regs., 1971–72 and Subsequent Storage Periods, Amdt. 1]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—Farm Storage Reseal Loan Program

STORAGE PAYMENT LIMITATION

The regulations issued by Commodity Credit Corporation published at 36 FR 7417, which contain the regulations governing farm storage reseal loan programs for the 1971–72 and subsequent storage periods are hereby amended as follows:

Paragraph (c) of § 1421.537 is amended to provide that storage credit shall not be allowed beyond the month preceding the month in which a commodity is released to a borrower for delivery to a buyer for sale or conversion to a warehouse storage loan. The amended paragraph reads as follows:

§ 1421.537 Storage payments.

* * * * *

(c) *Storage credit.* Credit will be given for each full month of storage beginning on the day following the original loan program maturity date. Credit will not be allowed for the month in which redemption, release of the commodity to the borrower for delivery to a buyer for sale or for conversion to a storage loan, delivery to CCC, or loss or damage to the commodity to be assumed by CCC under § 1421.16 occurs. A final storage payment shall not include any credit for any part of the 2 calendar months after the original loan maturity date or after the anniversary of the original loan maturity date if the redemption, release to the borrower for delivery to a buyer for sale or for conversion to a storage loan, or loss or damage to the commodity to be assumed by CCC under § 1421.16 occurs within 2 calendar months after the original loan maturity date or after the anniversary of the original loan maturity date.

* * * * *

Since this amendment is necessary to carry but the reseal loan program more effectively, compliance with the notice of proposed rule making and public participation procedure would be impractical and contrary to the public interest. Therefore, this amendment is issued without compliance with such procedure.

(Secs. 4, 5, 62 Stat. 1070, as amended; secs. 101, 105, 107, 301, 401, 405, 63 Stat. 1051, as amended; 15 U.S.C. 714 (b) and (c); 7 U.S.C. 1441, 1447, 1421, 1425)

Effective date: January 16, 1973.

Signed at Washington, D.C., on January 5, 1973.

KENNETH E. FRICK,
Executive Vice President, Commodity Credit Corporation.

[FR Doc.73-862 Filed 1-15-73;8:45 am]

[CCC Farm Storage and Drying Equipment Loan Program Regs., Amdt. 9]

PART 1474—FARM STORAGE FACILITIES

Farm Storage and Drying Equipment Loan Program Regulations

The subpart of Part 1474, Title 7, Code of Federal Regulations, published in the FEDERAL REGISTER of July 1, 1967 (32 FR 9510), and amended in the FEDERAL REGISTERS of December 14, 1967 (32 FR 17888), June 1, 1968 (33 FR 8221), January 24, 1969 (34 FR 1132), May 30, 1969 (34 FR 8361), April 1, 1970 (35 FR 5397), February 13, 1971 (36 FR 2960), July 1, 1971 (36 FR 12509), corrected July 15, 1971 (36 FR 13131), March 30, 1972 (37 FR 6491), and April 11, 1972 (37 FR 7148), is further amended as follows:

It is essential that the regulations be made effective as soon as possible in order that the changes be implemented during a period when the volume of applications for loans being filed is normally low and for the changes to accomplish the desired objectives. It is hereby found and determined that compliance with the notice of proposed rule making procedure provided for in the statement of policy issued by the Secretary on July 20, 1971 (36 FR 13804), is impracticable and contrary to the public interest. Accordingly, this program

V 38 - 10 JAN 16 73 XUM

amendment is effective with respect to loan applications filed on or after December 13, 1972.

1. Section 1474.4 paragraph (b) is revised to change the manner in which the need for storage is determined. The revised paragraph reads as follows:

§ 1474.4 Eligible borrowers.

* * * * *

(b) *Need for storage or equipment.* At the time any loan application is being considered, the county committee shall determine if the proposed farm storage or drying equipment is needed for the storage or conditioning of eligible commodities produced on the farm(s) to which the loan application relates: *Provided, however,* That in making this determination (1) production of a price support commodity on a farm shall not be included unless the applicant either is or indicates he will be eligible for price support on the commodity, (2) 1 year's estimated production of eligible commodities shall be used in determining whether the proposed drying equipment is needed, (3) the maximum storage space for which a loan may be made for commodities other than baled hay shall be the amount by which the total capacity of existing storage on the farm(s) which is suitable for storage of eligible commodities is less than the storage capacity necessary to store 1 year's production (computed on the basis of estimated yields) of all eligible commodities produced on the farm(s) to which the loan application relates, and (4) the maximum storage space for which a loan may be made for baled hay storage shall be the amount by which the total capacity of existing storage for baled hay is less than the capacity necessary to store 1 year's production (estimated) of baled hay which the producer is authorized to harvest from set-aside acres. If the capacity of the storage to be purchased or erected by the applicant exceeds the need as determined above, the application may be approved, but the amount of such loan shall not exceed the maximum authorized in § 1474.8(b).

2. Paragraph (a) of § 1474.5 is amended to (1) exclude oxygen-limiting and other silo-type structures in the definition of "farm storage," and (2) revise paragraph (b)(8) to provide that conditioning, handling, and operating equipment shall not be for use with oxygen-limiting and other silo-type structures. The revised § 1474.5 reads as follows:

§ 1474.5 Loans to purchase eligible storage or drying equipment.

(a) *General.* Loans will be made only for the purchase, construction, erection, or installation of farm storage and drying equipment meeting the eligibility requirements in paragraph (b) of this section. For commodities other than baled hay, the term "farm storage" means new or newly constructed conventional-type cribs, bins, or buildings designed for dry storage. The term "farm storage" shall not mean oxygen-limiting and other silo-type structures. For baled hay, the term "farm storage" means a new or newly constructed structure, which, in the opinion of the county committee, is of the type normally used for the storage of baled hay in the area and will be of a permanent-type construction. The term "farm storage" also means used storage structures (including the real estate upon which such structures are located, if any) to be purchased from CCC. Loans may be made for multipurpose (dry storage) structures provided that the area or space to be used for storage is isolated or closed off from other use areas, and provided further that only the cost of the portion or space used for storage will be included in determining the amount of the loan. The term "drying equipment" means new continuous-flow type dryers, or new drying systems with wagons or trailers as integral parts thereof, or new batch or in-store drying systems (including integral parts and equipment) using heated or unheated air, equipment which conditions or facilitates drying by aerating, circulating, or stirring the commodity, or used drying equipment (including the real estate upon which such equipment is located, if any) to be purchased from CCC. For the purposes of this program, used farm storage and used drying equipment sold by CCC under the provisions of its security documents may be considered to be "purchased from CCC".

(b) *Eligibility requirements.* * * *

(8) Loans on storage and drying equipment may include the conditioning, handling, and operating equipment considered essential to the practical operation of the proposed storage or drying unit, and loans may be approved to add individual items of equipment to an existing storage or drying unit when the equipment is considered necessary to make the existing unit more practical and efficient: *Provided, however,* That any conditioning, handling, or operating equipment to be eligible for a loan or for inclusion in a loan shall not be for use with oxygen-limiting or other silo-type structures: *Provided further,* That no equipment shall be eligible for inclusion in a loan for baled hay storage.

* * * * *

3. In § 1474.8, paragraph (a) is revised to provide that "net cost" shall not include the costs of material and labor for concrete work and electrical wiring. Paragraph (b) is revised to remove the reference to wet storage and reduce the maximum aggregate outstanding balance from $35,000 to $25,000. The revised paragraphs read as follows:

§ 1474.8 Amount of loan and loan application approvals.

(a) *Definitions.* (1) "Net cost" means the actual cost to the applicant, after deduction of any discount or rebate, and may include the purchase price, local sales taxes payable by purchasers, and costs for transportation, delivery, and erection or installation of the farm storage or drying equipment. "Net cost" shall not include the cost of used or second-hand material to be used in the proposed construction of otherwise new farm storage or the remodeling of existing storage structures, costs for labor performed by the applicant or other labor usually employed on the farm, or costs of material and labor for concrete work and electrical wiring.

(b) *Amount of loan.* The amount of any loan, including those for baled hay storage, shall not result in an aggregate outstanding balance in excess of $25,000 and shall not exceed (1) 85 percent of the net cost of the applicant's needed farm storage and drying equipment, or (2) the prorated cost for the applicant's farm storage which is needed and suitable for the storage of the eligible commodities when a farm storage structure has a larger capacity than the applicant's needed farm storage.

* * * * *

4. Section 1474.10 is revised to raise the interest rate. The revised section reads as follows:

§ 1474.10 Repayment of loan and acceleration of maturity date.

The principal of the loan shall be repayable in equal annual installments with interest (at an annual percentage rate of 6 percent) on the unpaid balance from date of disbursement or date of last repayment at 50 cents for each whole unit of $100 or fraction thereof (stated to the nearest 10th) for each calendar month or fraction thereof, from and including the calendar month of disbursement, or month to which interest has been paid, but excluding the calendar month of repayment. The first installment plus interest on the unpaid balance shall be payable during the 12-month period beginning on the first anniversary date of the note. A like installment shall be similarly payable during the 12 months following each anniversary date thereafter until the principal, together with the interest thereon, has been paid in full. Payment of each installment shall be by cash, check, money order, or by deduction from the amounts of any price support loans, incentive payments, reseal storage payments, or payments for purchases by CCC which may be due the borrower: *Provided, however,* That any such deduction shall not be made until after service charges and amounts due prior lienholders have been deducted. Payment shall be applied first to accrued interest and then to principal. Each installment must be paid not later than the end of the applicable 12-month repayment period. Upon failure to pay any installment by the end of such period, the loan may be declared delinquent and, at the option of the approving State or county committee, the loan may be called and the entire unpaid amount of the loan shall become immediately due and payable. Any delinquent loan or any past due amount on any annual payment may be deducted and paid out of any amounts due the borrower under any program carried out by the Department of Agriculture or any other agency of the United States. Upon breach by the maker of the note of any covenants, agreements, terms, or conditions on his part to be performed under §§ 1474.1 to 1474.16 or under the loan application, promissory note, chattel mortgage, or other security instruments securing the note, or under any other instruments executed in connection with the loan, or if the farm storage or drying equipment is used in connection with any commercial operation including, but not limited to, elevators, warehouses, dryers, or processing plants, during the life of the loan, CCC may declare the entire indebtedness immediately due and payable. The loan may be paid in full or in part by the borrower at any time before maturity. Upon payment of a loan secured by a chattel mortgage or other security instrument, the county committee shall, upon request by the borrower, release or obtain the release of such instrument. The chairman of each county committee or the county executive director is authorized to act as agent of CCC in releasing or obtaining the release of such instruments.

(Secs. 4 and 5(b), 62 Stat. 1070–1072, as amended; 15 U.S.C. 714b, 714c(b))

Effective date. This amendment is effective with respect to loan applications filed on or after December 13, 1972.

Signed at Washington, D.C., on January 8, 1973.

GLENN A. WEIR,
Acting Executive Vice President,
Commodity Credit Corporation.

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Animal and Plant Health Inspection Service, Department of Agriculture

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS; EXTRAORDINARY EMERGENCY REGULATION OF INTRASTATE ACTIVITIES

[Docket No. 73-501]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Areas Quarantined

These amendments quarantine an additional portion of Southampton County in Virginia and an additional portion of Hertford County in North Carolina because of the existence of hog cholera. This action is deemed necessary to prevent further spread of the disease. The restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will apply to the quarantined areas.

The amendments remove Virginia from the list of hog cholera Free States in § 76.2(g), and the special provisions pertaining to the interstate movement of swine and swine products from Eradication and Free States are no longer applicable to Virginia.

Therefore, pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

1. In § 76.2, in paragraph (g) the name of the State of Virginia is deleted and paragraph (e)(10) relating to the State of Virginia is amended to read:

(10) *Virginia.* That portion of Southampton County bounded by a line beginning at the junction of the Virginia-North Carolina State line and Secondary Road 701; thence, following Secondary Road 701 in a northerly direction to State Highway 195; thence, following State Highway 195 in a northeasterly direction to State Highway 35; thence, following State Highway 35 in a southerly direction to Secondary Road 670; thence, following Secondary Road 670 in a southeasterly direction to Secondary Road 743; thence, following Secondary Road 743 in a southeasterly direction to Secondary Road 716; thence, following Secondary Road 716 in a northeasterly, then northwesterly direction to Secondary Road 665; thence, following Secondary Road 665 in an easterly direction to Secondary Road 672; thence, following Secondary Road 672 in a northeasterly direction to Secondary Road 673; thence, following Secondary Road 673 in a northwesterly direction to Secondary Road 671; thence, following Secondary Road 671 in a northeasterly direction to Secondary Road 749; thence, following Secondary Road 749 in a northeasterly direction to Secondary Road 731; thence, following Secondary Road 731 in a southeasterly direction to Secondary Road 674; thence, following Secondary Road 674 in a northeasterly direction to Secondary Road 680; thence, following Secondary Road 680 in a southeasterly direction to Secondary Road 671; thence, following Secondary Road 671 in a northeasterly direction to Secondary Road 687; thence, following Secondary Road 687 in a southeasterly direction to Secondary Road 689; thence, following Secondary Road 689 in a southeasterly direction to U.S. Highway 258; thence, following U.S. Highway 258 in a southwesterly direction to Secondary Road 687; thence, following Secondary Road 687 in a southeasterly direction to the east bank of the Nottoway River; thence, following the east bank of the Nottoway River in a southeasterly direction to the Virginia-North Carolina State line; thence, following the Virginia-North Carolina State line in a westerly direction to its junction with Secondary Road 701.

2. In § 76.2, in paragraph (e)(6) relating to the State of North Carolina, subdivisions (ii) relating to Hertford County and (iii) relating to Northampton County are deleted and a new subdivision (ii) relating to Northampton and Hertford Counties is added to read:

(ii) The adjacent portions of Northampton and Hertford Counties bounded by a line beginning at the junction of the North Carolina-Virginia State line and Secondary Road 1339 in Northampton County; thence, following Secondary Road 1339 in a southwesterly direction to Secondary Road 1333; thence, following Secondary Road 1333 in a southeasterly direction to Secondary Road 1337; thence, following Secondary Road 1337 in a southeasterly direction to Secondary Road 1344; thence, following Secondary Road 1344 in a southwesterly direction to Secondary Road 1343; thence, following Secondary Road 1343 in a southeasterly direction to Secondary Road 1341; thence, following Secondary Road 1341 in a northeasterly direction, then southeasterly direction to Secondary Road 1342; thence, following Secondary Road 1342 in a southeasterly direction to State Highway 35; thence, following State Highway 35 in a southerly direction to U.S. Highway 158; thence, following U.S. Highway 158 in an easterly direction to U.S. Highway 158, 258 in Hertford County; thence, following U.S. Highway 158, 258 in a northeasterly direction to U.S. Highway 258; thence, following U.S. Highway 258 in a northeasterly direction to the south bank of the Meherrin River; thence, following the south bank of the Meherrin River in a northeasterly direction, then southeasterly direction to the west bank of the Chowan River; thence, following the west bank of the Chowan River in a generally northeasterly direction to the North Carolina-Virginia State line; thence, following the North Carolina-Virginia State line in a westerly direction to its junction with Secondary Road 1339 in Northampton County.

(Secs. 4–7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791–792, as amended; sec. 1–4, 33 Stat. 1264, 1265, as amended; sec. 1, 75 Stat. 481; secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f; 37 FR 28464, 28477)

Effective date. The foregoing amendments shall become effective January 10, 1973.

The amendments impose certain further restrictions necessary to prevent the interstate spread of hog cholera, and must be made effective immediately to accomplish their purpose in the public interest. It does not appear that public participation in this rule making proceeding would make additional relevant information available to the Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable, unnecessary and contrary to the public in-

V 38 I 10 JAN 16 73 XUM

terest, and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 10th day of January 1973.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

[FR Doc.73-918 Filed 1-15-73;8:45 am]

[Docket No. 73-502]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Release of Area Quarantined

This amendment excludes portions of Montgomery and Bucks Counties in Pennsylvania from the areas quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas contained in 9 CFR Part 76, as amended, do not apply to the excluded area, but will continue to apply to the quarantined areas described in § 76.2(e). Further, the restrictions pertaining to the interstate movement of swine and swine products from nonquarantined areas contained in said Part 76 apply to the excluded area.

Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

In § 76.2, in paragraph (e)(11) relating to the State of Pennsylvania, subdivision (i) relating to Montgomery and Bucks Counties is deleted.

(Secs. 4–7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791–792, as amended; sec. 1–4, 33 Stat. 1264, 1265, as amended; sec. 1, 75 Stat. 481; secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f; 37 FR 28464, 28477)

Effective date. The foregoing amendment shall become effective January 10, 1973.

The amendment relieves restrictions presently imposed but no longer deemed necessary to prevent the spread of hog cholera and must be made effective promptly in order to be of maximum benefit to affected persons. It does not appear that public participation in this rule making proceeding would make additional relevant information available to this Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and unnecessary, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 10th day of January 1973.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

[FR Doc.73-919 Filed 1-15-73;8:45 am]

PART 82—EXOTIC NEWCASTLE DISEASE; AND PSITTACOSIS OR ORNITHOSIS IN POULTRY

Areas Quarantined

This amendment quarantines an additional portion of Riverside County in California because of the existence of exotic Newcastle disease. Therefore, the restrictions pertaining to the interstate movement of poultry, mynah, and psittacine birds, and birds of all other species under any form of confinement, and their carcasses and parts thereof, and certain other articles from quarantined areas, as contained in 9 CFR Part 82, as amended, apply to the quarantined area.

Pursuant to the provisions of sections 1, 2, 3, and 4 of the Act of March 3, 1905, as amended, sections 1 and 2 of the Act of February 2, 1903, as amended, sections 4, 5, 6, and 7 of the Act of May 29, 1884, as amended, and sections 3 and 11 of the Act of July 2, 1962 (21 U.S.C. 111, 112, 113, 115, 117, 120, 123, 124, 125, 126, 134b, 134f), Part 82, Title 9, Code of Federal Regulations, is hereby amended in the following respects:

In § 82.3, in paragraph (a)(1) relating to the State of California, a new subdivision (iv) relating to Riverside County is added to read:

(iv) The premises of the Woodcrest Egg Ranch, 17000 King Street, city of Riverside in Riverside County, located in the southeast quarter of sec. 26, T. 3 S., R. 5 W.

(Secs. 4–7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791–792, as amended; secs. 1–4, 33 Stat. 1264, 1265, as amended; sections 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111–113, 115, 117, 120, 123–126, 134b, 134f; 37 FR 28464, 28477)

Effective date. The foregoing amendment shall become effective on January 11, 1973.

The amendment imposes certain restrictions necessary to prevent the interstate spread of exotic Newcastle disease, a communicable disease of poultry, and must be made effective immediately to accomplish its purpose in the public interest. It does not appear that public participation in this rule making proceeding would make additional relevant information available to the Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 11th day of January 1973.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

[FR Doc.73-917 Filed 1-15-73;8:45 am]

SUBCHAPTER D—EXPORTATION AND IMPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS

PART 92—IMPORTATION OF CERTAIN ANIMALS AND POULTRY AND CERTAIN ANIMAL AND POULTRY PRODUCTS; INSPECTION AND OTHER REQUIREMENTS FOR CERTAIN MEANS OF CONVEYANCE AND SHIPPING CONTAINERS THEREON

Cattle From Mexico

The purposes of these amendments are to provide for the use of a dip which is effective for both ticks and scabies when required; to provide an alternative for arsenic dips which is biodegradable and meets environmental residual standards; and to provide for a wider range of effective products with less toxicity to animals subjected to treatment than is possible when arsenic dip is used.

Therefore, pursuant to the provisions of section 2 of the Act of February 2, 1903, as amended, and sections 2, 3, 4, and 11 of the Act of July 2, 1962 (21 U.S.C. 111, 134a, 134b, 134c, and 134f), Part 92, Title 9, Code of Federal Regulations, is hereby amended as follows:

1. In § 92.35, the third sentence in paragraph (a)(1) and paragraph (a)(2)(ii) and (iv) are amended to read:

§ 92.35 Cattle from Mexico.

(a) • • •

(1) • • •. Notwithstanding such certificates, such cattle shall be detained or quarantined as provided in § 92.34 and shall be dipped at least once, under supervision of an inspector, in one of the permitted dips listed in § 72.13(b) of this chapter. The selection of the permitted dip to be used will be made by the port veterinarian in each case. • • •

(2) • • •

(ii) The cattle shall be shown by a certificate of a salaried veterinarian of the Mexican Government to have been dipped in a tickicidal dip within 7 to 12 days before being offered for entry.

• • • • •

(iv) The cattle when offered for entry shall receive a chute inspection by an inspector. If found free from ticks they shall be given one dipping in one of the permitted dips listed in § 72.13(b) of this chapter under the supervision of an inspector 7 to 14 days after the dipping required by subdivision (ii) of this subparagraph. The selection of the permitted dip to be used will be made by the port veterinarian in each case. If found to be infested with fever ticks, the entire lot of cattle shall be rejected and will not be again inspected for entry until

10 to 14 days after they have again been dipped in the manner provided by subdivision (ii) of this subparagraph.

• • • • •

(Sec. 2, 32 Stat. 792, as amended; secs. 2, 3, 4, and 11, 76 Stat. 129, 130, 132; 21 U.S.C. 111, 134a, 134b, 134c, 134f; 37 FR 28464, 28477)

Effective date. The foregoing amendments shall become effective on January 16, 1973.

The amendments relieve certain restrictions presently imposed but no longer deemed necessary to prevent the spread of animal diseases, and must be made effective immediately to be of maximum benefit to affected persons. It does not appear that public participation in this rule making proceeding would make additional relevant information available to the Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable and unnecessary and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 11th day of January 1973.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

[FR Doc.73-864 Filed 1-15-73;8:45 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 12323, Amdt. 39-1585]

PART 39—AIRWORTHINESS DIRECTIVES

Handley Page HP-137 Mark I Airplanes

Pursuant to the authority delegated to me by the Administrator, an amendment to Amendment 39-1548 (37 FR 22846), AD 72-23-1 was adopted on December 1, 1972, and made effective immediately as to all known United States operators of Handley Page HP-137 Mark I airplanes. The amendment extends the time for compliance with the AD until January 24, 1973.

The FAA has been advised that the modification kits required for compliance with AD 72-23-1 are not available in sufficient quantities to permit compliance with the AD within the time specified and that this will result in grounding of airplanes. AD 72-23-1 was issued as a result of reports of ruptures of the horizontal firewall under the engine hot section due to engine rotor failures or combustor torching flame penetrating the combustor case and firewall, in order to provide additional fire shielding to protect the aft nacelle, wing, and fuel tank in case the horizontal firewall is penetrated. Subsequent to the issuance of AD 72-23-1 the FAA has determined that only a single case of inservice rupture of the horizontal firewall has occurred, that that rupture was caused by an uncontained engine rotor disc failure, and that there have been no cases of rupture caused by combustor torching flames. These determinations have been confirmed by the British CAA.

The FAA issued AD 70-15-4 establishing service life limits on certain engine rotor discs and requiring modifications of the fuel and hydraulic systems in order to reduce the possibility of inflight failure of those discs and subsequent rupture of fuel and hydraulic lines.

In view of the foregoing and based on further review of the service history of these airplanes the FAA has determined that the situation is not as severe as originally determined, that the compliance time specified in AD 72-23-1 is unnecessarily restrictive, and that extension of the compliance time for 60 days will not adversely affect safety.

Since it was found that the amendment relieves a restriction and imposes no additional burden on any person, notice and public procedure thereon was unnecessary. Those conditions still exist and the amendment is hereby published in the FEDERAL REGISTER as an amendment to § 39.13 of Part 39 of the Federal Aviation Regulations to make it effective as to all persons.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39-1548 (37 FR 22846), AD 72-23-1, is amended by amending the compliance statement therein to read as follows:

Compliance is required on or before January 24, 1973, unless already accomplished.

This amendment is effective on January 16, 1973, as to all persons except those persons to whom it was made immediately effective by the telegram, dated December 2, 1972, which contained this amendment.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on January 4, 1973.

C. R. MELUGIN, JR.,
Acting Director, Flight Standards Service.

[FR Doc.73-848 Filed 1-15-73;8:45 am]

[Airspace Docket No. 72-EA-99]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

On page 24120 of the FEDERAL REGISTER for November 14, 1972 the Federal Aviation Administration published a proposed rule which would alter the Wilmington, Del., control zone (38 FR 351) and transition area (38 FR 435).

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received. However, the description is being modified to correct an omission establishing the transition area. The area was described impliedly from the surface but should be described from 700 feet above the surface. The modification is thus less restrictive, eliminating a need for notice and public procedure thereon.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t. March 1, 1973, except as follows:

1. Insert after the words "upward from" in item 2 of the description the words "700 feet above the surface within an".

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y. on December 26, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend §71.171 of Part 71, Federal Aviation Regulations, by deleting the description of the Wilmington, Del., control zone and by substituting the following in lieu thereof:

WILMINGTON, DELAWARE

Within a 6-mile radius of the center 39°-40'42" N., 75°36'27" W., of the Greater Wilmington Airport, Wilmington, Del.; within 3.5 miles each side of the New Castle, Del., VORTAC 281° radial extending from the 6-mile zone to 9.5 miles west of the VORTAC and within 3.5 miles each side of the New Castle VORTAC 114° radial extending from the 6-mile radius zone to 9.5 miles southeast of the VORTAC.

2. Amend § 71.181 of Part 71, Federal Aviation Regulations, by deleting the description of the Wilmington, Del., 700-foot floor transition area and by substituting the following in lieu thereof:

WILMINGTON, DELAWARE

That airspace extending upward from 700 feet above the surface within an 11.5-mile radius of the center 39°40'42" N., 75°-36'27" W. of Greater Wilmington Airport, Wilmington, Del., extending clockwise from a 270° bearing to a 030° bearing from the airport; within a 10-mile radius area of the center of the airport extending clockwise from a 030° bearing to a 270° bearing from the airport; and within 3.5 miles each side of the New Castle, Del. VORTAC 281° radial extending from the VORTAC to 10.5 miles west of the VORTAC; within 3.5 miles each side of the New Castle VORTAC 114° radial extending from the VORTAC to 11 miles southeast of the VORTAC. Within a 5-mile radius of the center 39°31'00" N., 75°43'00" W. of Summit Airpark Airport, Middletown, Del., and within 3 miles each side of a 234° bearing from the Greater Wilmington, Del., ILS OM extending from the 5-mile radius area to 13 miles southwest of the OM.

V38-10 JAN 16 73 XUM

[Airspace Docket No. 72-EA-100]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone

On page 24121 of the FEDERAL REGISTER for November 14, 1972 the Federal Aviation Administration published a proposed rule which would alter the Atlantic City, N.J., control zone (38 FR 351).

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received. However, the proposal is being modified to delete reference to Crescent Airport since it is no longer an active airport. This modification is less restrictive, making notice and public procedure thereon unnecessary.

In view of the foregoing, the proposed regulations are hereby adopted, effective 0901 G.m.t., March 1, 1973, except as follows:

1. Delete in the description of the airspace the words "within a 1.5 mile radius of the center 39°28'27" N., 74°44'03" W. of Crescent Airport, Mays Landing, N.J."

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on December 22, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Atlantic City, N.J., control zone and insert the following in lieu thereof:

Within a 5-mile radius of the center 39°27'22" N., 74°34'41" W. of NAFEC Atlantic City Airport, Atlantic City, N.J.; within 2 miles each side of the NAFEC Atlantic City Airport ILS localizer southwest course, extending from the 5-mile radius zone to the OM; within 3 miles each side of the Atlantic City VORTAC 303° radial, extending from the 5-mile radius zone to 8.5 miles northwest of the VORTAC; within a 3-mile radius of the center 39°21'35" N., 74°27'28" W. of Atlantic City Municipal-Bader Field, Atlantic City, N.J.; within 2 miles each side of the Atlantic City VORTAC 136° radial, extending from the VORTAC to the 3-mile radius zone and within 1.5 miles each side of a 283° bearing from a point 39°21'43" N., 74°27'46" W., extending from said point to 5.5 miles west.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On page 24121 of the FEDERAL REGISTER for November 14, 1972, the Federal Aviation Administration published a proposed rule which would alter the Buffalo, N.Y. transition area (38 F.R. 435).

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulations are hereby adopted, effective 0901 G.m.t. March 1, 1973.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on December 20, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to amend the description of the Buffalo, N.Y., 700-foot floor transition area by inserting after "Buffalo, N.Y., VORTAC 034° radial", the following:

within a 5.5-mile radius of the center 43°01'-15" N., 78°29'08" W. of Akron Airport, Akron, N.Y.; within 2.5 miles each side of the Buffalo, N.Y., VORTAC 052° radial, extending from the 5.5-mile radius area to 17.5 miles northeast of the VORTAC.

[FR Doc.73-851 Filed 1-15-73;8:45 am]

[Airspace Docket No. 72-EA-106]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On page 24121 of the FEDERAL REGISTER for November 14, 1972, the Federal Aviation Administration published a proposed rule which would alter the Red Hook, N.Y. transition area (38 F.R. 435).

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulations are hereby adopted, effective 0901 G.m.t. March 1, 1973.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on December 20, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Red Hook, N.Y., transition area and insert the following in lieu thereof:

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the center, 41°59'12" N., 73°50'12" W., of Skypark Airport, extending clockwise from a 220° bearing to 025° bearing from the airport; within a 10-mile radius of the center of the airport, extending clockwise from a 025° bearing to a 160° bearing from the airport; within a 7-mile radius of the center of the airport, extending clockwise from a 160° bearing to a 220° bearing from the airport; and within 4.5 miles each side of the Kingston, N.Y., VORTAC 358° radial, extending from 1.5 radius north of the Kingston VORTAC to 22 miles north of the Kingston VORTAC.

[FR Doc.73-852 Filed 1-15-73;8:45 am]

[Airspace Docket No. 72-EA-111]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

On page 24765 of the FEDERAL REGISTER for November 21, 1972, the Federal Aviation Administration published a proposed rule which would designate a Summersville, W. Va., transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulations are hereby adopted, effective 0901 G.m.t. March 1, 1973.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on December 26, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a Summersville, W. Va., 700-foot-floor transition area as follows:

That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the center 38°13'50" N., 80°52'15" W., of Summersville Airport, Summersville, W. Va., extending clockwise from a 244° bearing to a 304° bearing from the airport; within a 7-mile radius of the center of the airport, extending clockwise from a 304° bearing to a 337° bearing from the airport; within a 9.5-mile radius of the center of the airport, extending clockwise from a 337° bearing to a 018° bearing from the airport; within an 8.5-mile radius of the center of the airport, extending clockwise from a 018° bearing to a 056° bearing from the airport; within a 10-mile radius of the center of the airport, extending clockwise from a 056° bearing to a 070° bearing from the airport; within a 10.5-mile radius of the center of the airport, extending clockwise from a 070° bearing to a 083° bearing from the airport; within a 12-mile radius of the center of the airport, extending clockwise from a 083° bearing to a 100° bearing from the airport; within a 14.5-mile radius of the center of the airport, extending clockwise from a 100° bearing to a 109° bearing from the airport; within a 22-mile radius of the center of the airport, extending clockwise from a 109° bearing to a 132° bearing from the airport; within a 19-mile radius of the center of the airport, extending clockwise from a 132° bearing to a 147° bearing from the airport; within a 17.5-mile radius of the center of the airport, extending clockwise from a 147° bearing to a 163° bearing from the airport; within a 12-mile radius of the center of the airport, extending clockwise from a 163° bearing to a 190° bearing from the airport; within a 7-mile radius of the center of the airport, extending clockwise from a 190° bearing to a 212° bearing from the airport; within a 6.5-mile radius of the center of the airport, extending clockwise from a 212° bearing to a 244° bearing from the airport; and within 4.5 miles southeast and 8 miles northwest of a 221° bearing from the Summersville, W. Va. RBN 38°13'46" N., 80°52'14" W., extending from the RBN to 11.5 miles southwest of the RBN excluding the portion that coincides with Lewisburg, W. Va., transition area.

[Airspace Docket No. 72-SO-56]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On November 25, 1972, a notice of proposed rule making was published in the FEDERAL REGISTER (37 FR 25052), stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Shelbyville, Tenn., transition area.

Interested persons were afforded an opportunity to participate in the rule making through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., March 1, 1973, as hereinafter set forth.

In § 71.181 (38 FR 435), the Shelbyville, Tenn., transition area is amended as follows:

"• • • 18.5 miles south • • •" is deleted and "• • • 18.5 miles south; within a 9.5 mile radius of Ellington Airport, Lewisburg, Tenn. (Lat. 35°30'35" N., Long. 86°48'15" W.); excluding the portion within the Mount Pleasant, Tenn., transition area • • •" is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in East Point, Ga., on December 27, 1972.

PHILIP M. SWATEK,
Director, Southern Region.

[FR Doc.73-854 Filed 1-15-73;8:45 am]

[Airspace Docket No. 72-SW-76]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the 700-foot transition area at Little Rock, Ark.

On November 25, 1972, a notice of proposed rule making was published in the FEDERAL REGISTER (37 FR 25052) stating the Federal Aviation Administration proposed to alter the Little Rock, Ark., transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., March 29, 1973, as hereinafter set forth.

In § 71.181 (38 FR 435), the Little Rock, Ark., transition area is amended to read:

LITTLE ROCK, ARK.

That airspace extending upward from 700 feet above the surface bounded by a 23-mile radius of Little Rock AFB, Ark. (latitude 34°55'00" N., longitude 92°09'00" W.), and clockwise along a 23 NM arc of Adams Field Airport, Little Rock, Ark. (latitude 34°43'48" N., longitude 92°13'59" W.), to latitude 34°26'50" N., longitude 92°26'00" W., to latitude 34°26'00" N., longitude 92°30'00" W., to latitude 34°28'00" N., longitude 92°36'00" W., thence clockwise along the arc of a 6.5-mile-radius circle centered at latitude 34°33'30"N., longitude 92°36'30" W., to latitude 34°39'30" N., longitude 92°37'50" W., thence clockwise along a 23-mile radius of Adams Field Airport.

(Sec 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Fort Worth, Tex., on January 5, 1973.

R. V. REYNOLDS,
Acting Director, Southwest Region.

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 8843]

PART 13—PROHIBITED TRADE PRACTICES

Georgia-Pacific Corp.

Subpart—Acquiring corporate stock or assets: § 13.5 *Acquiring corporate stock or assets:* 13.5-20 Federal Trade Commission Act.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; sec. 7, 38 Stat. 731, as amended; 15 U.S.C. 45, 18) [Cease and desist order, Georgia-Pacific Corp., Portland, Oreg., Docket No. 8843, Dec. 26, 1972]

In the Matter of Georgia-Pacific Corp., a Corporation

Consent order requiring, among other things, the divestiture by Nation's leading producer and distributor of softwood plywood, headquartered in Portland, Oreg., of certain acquisitions alleged to be anticompetitive and monopolistic in nature. The principal provisions of the order are that the respondent shall create an independent corporation and transfer approximately 20 percent of its assets to said corporation. The order further restricts and prohibits future acquisitions in the timber industry in the South for 5 years and places a 10-year ban on the acquisition of the stocks and assets of softwood plywood concerns with prior Federal Trade Commission approval.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

Order. For the purposes of this order, the following definitions shall apply:

1. *Respondent.* Georgia-Pacific Corp., its officers, directors, agents, representatives, employees, subsidiaries, affiliates, successors and assigns and any person, partnership, corporation, or other legal entity acting for or on its behalf or with its express or implied consent: *Provided, however,* That the term Respondent shall not be construed to include Louisiana-Pacific.

2. *The South.* The States of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Oklahoma, Arkansas, Louisiana, Texas, and Tennessee.

3. *Market price.* The price established within the same area, for similar quantities, grades, and types of the commodity being sold.

4. *Single ownership.* One or more parcels of timberland in which any interest in the fee is commonly or jointly held by any one or more persons, trust, partnerships, corporations or other legal entities.

5. *Person.* Any individual, partnership, firm, association, corporation, governmental agency or other legal or business entity.

PARAGRAPH 1. *It is ordered,* That Respondent shall:

(A) Prior to thirty (30) days from the date of service of this order (hereinafter referred to as the "effective date") have existing or cause to be formed an independent corporation (hereinafter called "Louisiana-Pacific") with at least sufficient shares of authorized common stock in order to comply with the provisions of this Order and with by-laws containing a provision which shall insure compliance with subparagraph (G) hereof;

(B) Within sixty (60) days of the effective date mail to its stockholders a notice of a special meeting of stockholders, together with a proxy statement containing the recommendation of management that the stockholders authorize the transfer of assets called for by this order;

(C) Prior to thirty (30) days after the effective date transfer to Louisiana-Pacific assets of Respondent, including 45 plants and mills, having a net worth of not less than $150 million and more fully described in Appendices 1 and 2 of this order, in exchange for all of the capital stock of Louisiana-Pacific and the assumption by Louisiana-Pacific of the liabilities transferred in connection with the assets referred to;

V38-10 JAN 16 73 XUM

(D) Prior to February 1, 1973, after retaining shares of Louisiana-Pacific stock for possible distribution under Respondent's contingent valuation contracts, distribute the remainder of said stock of Louisiana-Pacific to the stockholders of record on January 2, 1973, in the ratio of one share of Louisiana-Pacific stock for each four shares of Respondent's stock held on January 2, 1973, and shall make appropriate provisions for the handling of fractional shares;

(E) Within ninety (90) days of distribution of the Louisiana-Pacific stock, the amount credited to all salaried personnel in Respondent's stock bonus plan shall be transferred to a similar plan for the salaried employees who were former employees of Respondent and who shall become employees of Louisiana-Pacific, and a like procedure shall be followed regarding the pensions of hourly employees so involved;

(F) Make available executive personnel of Respondent, including officers who have present responsibility concerning the properties to be transferred by the Respondent to Louisiana-Pacific. These officers shall resign from their respective positions with the Respondent upon assuming their office with Louisiana-Pacific and all of the present personnel of the Respondent presently employed by the Respondent in the respective operations transferred to Louisiana-Pacific shall be transferred to Louisiana-Pacific. In addition, all of the present Respondent personnel involved in timber management, timber and log purchases and logging for these operations shall likewise be transferred to Louisiana-Pacific. The present sales organization of Respondent now selling all of its lumber production, kitchen cabinets, and aluminum and wood door and window production for the properties transferred to Louisiana-Pacific shall likewise be transferred to Louisiana-Pacific; and

(G) Respondent shall provide that:

1. Prior to the distribution of the Louisiana-Pacific stock to the stockholders of Respondent, Respondent shall vote the stock of Louisiana-Pacific for the election of an interim Board of Directors to serve until the election of an initial Board of Directors by the stockholders of Louisiana-Pacific;

2. Louisiana-Pacific shall within sixty (60) days of the distribution of the Louisiana-Pacific stock call a stockholders' meeting for the purpose of electing an initial Board of Directors;

3. Except as provided for in subparagraph 1 hereof and except with respect to organizational matters prior to the distribution of the Louisiana-Pacific stock to the Stockholders of Respondent, Georgia-Pacific Corp. shall not vote any stock of Louisiana-Pacific which it shall hold or which shall be held under its direction or control;

4. No nominee for the initial Board of Directors of Louisiana-Pacific shall at the time of his election be an officer or Director of Respondent; and

5. Subsequent to the election of the initial Board of Directors of Louisiana-Pacific no officer or Director of Respondent shall concurrently serve as an officer or Director of Louisiana-Pacific nor shall any officer or Director of Louisiana-Pacific serve concurrently as an officer or Director of Respondent.

PAR. 2. *It is further ordered*, That Respondent may, as requested by Louisiana-Pacific, for a period of ten (10) years from the effective date, purchase the softwood plywood production of Louisiana-Pacific at the current market price for such product and on the same terms and conditions as other purchases of softwood plywood made by Respondent, but only up to the percentage of Louisiana-Pacific's production as set forth immediately hereafter:

	Percent
1st year	100
2d year	80
3d year	60
4th year	40
5th to the 10th year	20

Provided, however, That the purchases by Respondent from Louisiana-Pacific of redwood plywood siding shall not be considered to be included in the limitations or in the percentages set forth above.

PAR. 3. *It is further ordered*, That for a period of five (5) years from the effective date, Respondent shall cease and desist from acquiring directly or indirectly any fee ownership or leasehold interest in pine or mixed pine and hardwood timberland in the South which is held in single ownership exceeding 25,000 acres: *Provided however*,

(A) That this limitation shall not apply to land acquired for and utilized for a purpose other than in plywood production;

(B) That, for the purpose of determining whether 25,000 acres have been acquired, acres acquired from a single owner in separate transactions will only be accumulated if they occur within 12 months of each other;

(C) That this limitation shall not apply to any tract regardless of its size on which Respondent at the time of said acquisition and at the effective date shall have cutting rights thereon existing on the effective date and a bona fide offer has been made for such land by a person not affiliated with Respondent; and

(D) That if Respondent does acquire said timberland pursuant to Paragraph 3(C), Respondent is:

(a) Prohibited from using from said lands so acquired any greater volume of plywood logs for use in any softwood plywood plant of Respondent than the average annual amount taken from said lands by Respondent in the three (3) years prior to said acquisition;

(b) Prohibited from terminating (except for substantial breach) any cutting contract, timber deed or any other right held by any other person other than the person from whom such timberland was acquired, in respect of timber on such acquired lands;

(c) Required to offer for sale annually, on the open market and at market prices, the same volume of softwood timber from the acquired lands as that board footage constituting the average annual open market sales of softwood timber cut from the acquired lands during the three (3) calendar years ending immediately prior to such acquisition by third parties having no interest in the fee of such lands;

(d) Required, within sixty (60) days of any acquisition of such interest, to file a report in writing with the Federal Trade Commission setting forth in detail a description of the interest so acquired and the information necessary to insure compliance with the provisions of this Order.

PAR. 4. *It is further ordered*, That for a period of five (5) years if Respondent acquires, for utilization in any plywood plant, directly or indirectly any fee ownership or leasehold interest in pine or mixed pine and hardwood timberland in the South, which is held in single ownership ranging in size from 10,000 acres to 25,000 acres, Respondent is:

(A) Prohibited from using from said lands so acquired any greater volume of plywood logs for use in any softwood plywood plant of the Respondent than the average annual amount taken from said lands by Respondent in the three (3) years prior to said acquisition;

(B) Prohibited from terminating (except for substantial breach) any cutting contract, timber deed or any other right held by any other person other than the person from whom such timberland was acquired, in respect of timber on such acquired lands;

(C) Required to offer for sale annually, on the open market and at market prices, the same volume of softwood timber from the acquired lands as that board footage, constituting the average annual open market sales of softwood timber cut from the acquired lands during the three (3) calendar years ending immediately prior to such acquisition by third parties having no interest in the fee of such lands;

(D) Required, within sixty (60) days of any acquisition of such interest, to file a report in writing with the Federal Trade Commission setting forth in detail a description of the interest so acquired and the information necessary to insure compliance with the provisions of this Order; and

(E) Prohibited from acquiring in any one year more than 100,000 such acres.

PAR. 5. *It is further ordered*, That for a period of five (5) years from the effective date, Respondent is prohibited from utilizing in its individual softwood plywood plants now in operation any higher percentage of pine timber purchased in the open market (which as used herein shall mean all acquisitions of Southern Pine plywood timber other than from lands held by Respondent in fee), than the percentage of such timber utilized by the said individual plants of Respondent from open market purchases made in 1972, except that the following plants of Respondent may purchase on the open market such logs up to the percentage set opposite the plant listed below:

	Percent
Crossett, Ark. No. 1	20
Crossett, Ark. No. 2	20
Fordyce, Ark	20
Chiefland, Fla	95
Emporia, Va	95
Russellville, S.C	75
Whiteville, N.C	85

Provided, however, That if any event beyond the control of Respondent shall occur which prevents Respondent from cutting timber on lands held by Respondent in fee, Respondent shall be relieved of the limitation on open market purchases, but only to the extent that such event shall have prevented the acquisition of timber from lands held in fee by Respondent: *And provided further*, That within ninety (90) days following the end of each of the five annual periods during which this prohibition is in effect, Respondent shall file with the Federal Trade Commission a report showing compliance with the provision of this Order.

PAR. 6. *It is further ordered*, That for ten (10) years from the effective date, Respondent shall cease and desist from acquiring, directly or indirectly, through subsidiaries, or otherwise, for its use in the manufacture of softwood plywood, from any person, firm or corporation other than the manufacturer thereof or a regular dealer or distributor of such equipment in the ordinary course of such dealer's or distributor's business:

(A) Any equipment specifically designed for the manufacture of softwood plywood;

(B) Any equipment specifically designed and theretofore used in the manufacture of softwood plywood; and

(C) Any equipment thereafter converted by Respondent, directly or indirectly, into equipment specifically designed for the manufacture of softwood plywood;

in the absence of prior Federal Trade Commission approval of such acquisition.

PAR. 7. *It is further ordered*, That for a period of ten (10) years from the effective date, Respondent shall cease and desist from acquiring, directly or indirectly, through subsidiaries, or otherwise, the whole or any part of the share capital or assets of, or any other interest in, any other person, firm or corporation engaged in the manufacture of softwood plywood in the United States immediately prior to such acquisition, in the absence of prior Federal Trade Commission approval of such acquisition: *Provided, however*, That nothing contained in this paragraph shall preclude or be deemed to preclude Respondent from acquiring timberlands or any interest therein or timber in any form (including but not limited to stumpage, logs, veneers, chips, sawdust, and cores). *And further provided*, That nothing contained in this paragraph shall apply to purchases of lumber, plywood, machinery, or any other product, by Respondent in the regular conduct of its business from suppliers in the regular conduct of their businesses, or to sales made by Respondent in the regular conduct of its business.

PAR. 8. *It is further ordered*, That Respondent while it has voting control of Louisiana-Pacific shall not cause or permit except in the ordinary course of the operation of its business any deterioration in the value of any of the plants, machinery, parts, equipment, timberland, or any other property or assets of the corporations to be transferred which may impair their present capacity or market value unless such capacity or value be restored prior to transfer.

PAR. 9. *It is further ordered*, That Respondent shall within sixty (60) days after date of service of this order, and every ninety (90) days thereafter during the first calendar year following the effective date and thereafter sixty (60) days following each succeeding nine annual periods submit in writing to the Federal Trade Commission a verified report setting forth in detail the manner and form in which Respondent intends to comply or has complied with this order. All compliance reports shall include such information necessary or pertinent to insure compliance with the provisions of this order.

PAR. 10. *It is further ordered*, That Respondent notify the Commission at least thirty (30) days prior to any proposed change in the corporate Respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any change in the corporation which may affect compliance obligations arising out of the order.

Issued: December 26, 1972.

By the Commission.

[SEAL] CHARLES A. TOBIN, *Secretary.*

FOREWORD TO APPENDIXES 1 AND 2

The contracts relating to the purchase of raw material for use in connection with the operation of the various properties described in Appendixes 1 and 2, together with all property leases and leases on automotive and other equipment will be assigned to Louisiana-Pacific Corp. by Georgia-Pacific Corp.

APPENDIX 1

SAMOA DIVISION

This division, headquartered at Samoa, Calif., with timberlands and plants located in the northern California coastal area, manufactures kraft pulp, lumber, and plywood products.

Division assets include the following:

Timber. Three major tracts of fee timber, involving 125,000 acres of timberland. Timber is 71 percent redwood, 25 percent Douglas fir, and 4 percent other species. Annual harvest is approximately 300,000M ft. Logging is performed by company and contract personnel.

Sawmills. Three redwood sawmills, located at Samoa, Big Lagoon and Carlotta with a combined capacity of 214,000M ft. operate on a two-shift basis with a crew of 680 men. Rough lumber is transferred to three remanufacturing plants located at Eureka, Cloverdale, and Healdsburg. The remanufacturing plants process approximately 50,000M ft. per year and employ 210 persons. A studmill, cutting 60,000M ft. per year and glueboard plant is also located at Samoa.

Plywood. This plant, located at Samoa, employs 290 men and produces approximately 127,000M ft. (⅜ inch) of fir and redwood plywood per year.

Pulp. 600-ton-per-day pulpmill constructed in 1964–65 employs 275 people and operates on 65 percent fir and 35 percent redwood chips. Redwood and fir chips come from G-P operations and from local mills in the area. This mill produces bleached kraft pulp which is shipped approximately 55 percent to export markets and 45 percent domestically. G-P converting plants are a user of this pulp.

Chip Export. A new chip export facility has just been completed wherein G-P will supply redwood chips for export and handle and load fir chips for other exporters.

All plants are in good repair with many continued capital improvements being made. Total Samoa division employment is 1,800.

UKIAH DIVISION

The Ukiah operations, headquartered at Ukiah, Calif., is made up of 8 sawmills and one millwork plant. Principal products are Douglas fir, redwood and white fir lumber, pulp chips and moulding. A total of 865 people are employed.

Division's assets include the following:

Timber. Fee timber involves 157,500 acres of timberland. The timber species is principally Douglas fir, along with some redwood, white fir and pine. In addition to fee timber, the mills cut a substantial volume of Forest Service timber purchased on the open market. Logging is performed principally by contract operators.

Sawmills. Eight sawmills, located at Alderpoint, Covelo, Dinsmore, Fort Bragg, Oroville, Potter Valley, Ukiah, and Willits, Calif., have an annual rated capacity of 413,000M ft. A remanufacturing or millwork plant, located at Calpella, Calif., produces doorjambs and mouldings. All plants are in good repair and equipped with modern milling equipment.

INTERMOUNTAIN DIVISION

This operation, headquartered at Coeur D'Alene, Idaho, consists of seven sawmills and one planing mill located in southeastern Washington, eastern Oregon, and northern Idaho, and manufactures pine, fir, hemlock and other white wood species of lumber and pulp chips. A total of 765 people are employed in the division.

Division assets include the following:

Timber. Fee timber consists of 107,000 acres of timberland. The timber species are principally pine, fir, hemlock and other white woods. The mills are currently cutting a substantial volume of Forest Service timber purchased on the open market. Logging is performed principally by contract loggers.

Sawmills. Seven sawmills located at Pilot Rock, Oreg., Walla Walla and Ione, Wash., and Post Falls, Moyle Springs, Chilco, and Priest River, Idaho, have an annual rated capacity of 225,000M ft. A remanufacturing or planing mill located at Sandpoint, Idaho, processes rough lumber produced at the Priest River and Chilco sawmills. All plants are in good repair and equipped with modern milling equipment.

WEATHER-SEAL DIVISION

The Weather-Seal Division is comprised of six plants manufacturing complete lines of wood windows, doors and cabinets, and aluminum windows and doors. About 50 percent of 1972 sales will be made through the Distribution Division, with the balance sold by outside salesmen or through Nu-Sash dealers.

The Orrville, Ohio, plant produces wood windows, most of which are sold by outside salesmen. This is a union plant employing 109 people. Annual rated capacity (one 8-hour shift, 5 days a week) is 200,000 windows. G-P owns the 157,000 square foot plant, which is 13 years old and in good condition.

The Ottawa, Ohio, plant produces wood casement windows, solid core doors and kitchen cabinets. Windows and doors are

V 38 - 10 JAN 16 73 XUM

sold through the Distribution Division and by outside salesmen. Cabinets are produced in six major styles and three colors with many size variations and are sold through the Distribution Division. This is a union plant employing 153 people. Annual rated capacity is 75,000 windows, 200,000 doors and 125,000 cabinets. G-P owns the 351,000 square foot plant, which is 9 years old and in good condition.

The Caldwell, Ohio, plant manufactures aluminum windows used by schools and offices as replacement windows. All sales are made outside G-P, with Nu-Sash dealers handling about 50 percent of the volume. This small, nonunion plant employs 30 people. Annual rated capacity is 126,000 windows. G-P has a lease option on the 24,000 square foot plant, which is 4 years old and in very good condition.

The Winesburg, Ohio, plant produces aluminum storm doors and windows for residential construction. All sales are made through the Distribution Division. This is a nonunion plant employing 152 people. Annual rated capacity is 450,000 windows and 200,000 doors. G-P has a lease option on the 41,000 square foot plant, which is 15 years old and in good condition.

The processing operation at Norton, Ohio, produces Nu-Sash aluminum windows and doors for residential replacement. The windows are sold mainly through Nu-Sash dealers and the doors mainly through Distribution Division and outside salesmen. This union plant employs 134 people. Annual rated capacity is 210,000 windows and 282,000 doors.

The extrusion operation at Norton, Ohio, produces aluminum sashes from purchased aluminum billets. All production is used in the processing operation at Norton or is transferred to the Caldwell and Winesburg plants. This union plant employs 38 people. Annual rated capacity is 9 million pounds of extrusions.

The extrusion and processing operations at Norton are both located in one 138,000 square foot plant which is owned by G-P. It is 12 years old and in fair condition.

An agreement may be reached with The Anaconda Co., to acquire the metal operations of the Weather-Seal Division which encompass the plants at Norton, Caldwell, and Winesburg, Ohio. This is subject to Board approval of The Anaconda Co.

TEXAS-LOUISIANA OPERATIONS

These operations consist of three plywood plants, one particleboard plant with another one under construction, five sawmills with another one under construction, and one wood treating plant. Products produced are softwood plywood, particleboard, creosoted poles and lumber. A total of approximately 1,500 people are employed.

Timber and timberland. Fee timber involves 118,000 acres of timberland.

Plants. The three plywood plants located at Urania, La.; New Waverly, Tex.; Corrigan, Tex., with an annual rated capacity of 499 million square feet, 3/8 inch basis.

The particleboard plant is at Urania, La., with an annual rated capacity of 72 million square feet, 3/4 inch basis; and one is under construction at Corrigan, Tex.

Five sawmills, located at DeQuincy, La.; Jasper, Tex.; Kountze, Tex.; and two at New Waverly, Tex., have a total annual rated capacity of 144,800,000 board feet; and additional sawmill is under construction at Carthage, Tex.

One 1,600 Mcf treating plant for creosote and Woman treating of poles and lumber is at Urania, La. Raw material comes mostly from Urania lands. Sales are primarily to public utilities for transmission poles.

to keep the mill up-to-date and modern. Approximately 500 persons are employed.

Miscellaneous. The Forestry Department, which also operates the treating plant, is responsible for managing the timber and procurement of all raw materials for the plants.

KETCHIKAN (50 PERCENT OWNED)

The Ketchikan operations, located at Ketchikan and Annette, Alaska, are comprised of a pulpmill and two sawmills. Georgia-Pacific and FMC each share 50 percent ownership in these operations.

Pulp mill. This modern 640-ton-per-day pulpmill, constructed in 1954, produces approximately 225,000 tons per year of dissolving pulp for shipment to domestic and export markets. This pulp is used principally in the manufacture of rayon fibers and cellophane film. Substantial capital expenditures have been made over the recent years

Sawmills. Two sawmills located at Ketchikan and Metlakatla, Alaska, with an annual capacity of 160,000M bd. ft. produce spruce and hemlock lumber, principally for export markets. The mills have been recently remodeled and modernized. Total employment in the two sawmills is approximately 190 people.

Timber. Approximately 200,000M bd. ft. per year of hemlock and spruce logs for the pulpmill and sawmill operations are taken from the Tongass National Forest under a Forest Service allotment program through purchases at periodic sales conducted by the Forest Service. Approximately 5,000,000M bd. ft. remain to be logged in the allotment. A small volume of logs is available from fee lands and private owners. Logging is performed by company and contract personnel. The timber division employs 75 people.

TITLE 18—CONSERVATION OF POWER AND WATER RESOURCES

Chapter I—Federal Power Commission

[Docket No. R-448; Order No. 466]

UNIFORM SYSTEMS OF ACCOUNTS FOR CLASSES A, B, C, AND D NATURAL GAS COMPANIES AND FPC ANNUAL REPORT FORMS NO. 2 AND 2-A

JANUARY 9, 1973.

On July 18, 1972, the Commission issued a notice of proposed rule making in this proceeding (37 FR 14618, July 21, 1972) proposing to amend its Uniform Systems of Accounts for Classes A, B, C, and D Natural Gas Companies to provide accounting for unrecovered purchased gas adjustment costs consistent with Commission Order No. 452, issued April 14, 1972, in Docket No. R-406, authorizing deferral and recovery in rates of increases in the cost of purchased gas. The rule making proposed the addition of a new and separate account numbered and entitled Account 191, Unrecovered Purchased Gas Costs, to account for changes in purchased gas costs.

Comments were invited from interested parties to be submitted on or before September 1, 1972. In response to this notice, the Commission received comments from eight respondents.[1]

Two respondents were in full agreement. The other six respondents were in general agreement but suggested modifications to the proposed accounting.

We are adopting the suggestion made by one respondent that the text of Account 191 be amended to authorize the amortization of unrecovered purchased gas costs over other than six-month periods of time when pipeline companies have Commission approved PGA clauses authorizing recovery of the increased costs over such other periods of time.

Two respondents suggested using one subaccount within the purchase gas accounts to record increases or decreases in purchased gas costs incurred so that the actual cost of purchased gas would be shown. We believe the suggestion should be adopted. However, we believe it would be better to establish a separate account following the purchased gas accounts to record such increases or decreases and are adding new Account 805.1, Purchased Gas Cost Adjustments, to our Uniform System of Accounts for Class A and Class B Natural Gas Companies and new Account 731.1, Purchase Gas Cost Adjustments, to our Uniform System of Accounts for Class C and Class D Natural Gas Companies.

Finally, as suggested by one respondent, we are deleting the proposed note to Account 191 that would disallow carrying charges. As noted in Commission Order No. 452-A, ratemaking treatment of carrying charges shall be considered on its merits when the issue is raised in rate proceeding for individual companies.

Three respondents suggested that the Commission establish an unbilled revenue account for recording increases in purchased gas costs. The respondents would credit revenues at the time such increases occur and debit the unbilled revenue account. When the increases in costs are recovered in rates, the balance in the unbilled revenue account would be closed out. The suggested accounting however, is inappropriate because the new rates will not yet have been placed in effect at the time the cost is incurred. Thus, there would be a mismatching of billed revenues and expenses. Our proposal defers the expense until they can be billed, thus providing for a matching of relevant income items.

We will clarify two points raised by respondents. One respondent commented that the proposed text of Account 191 did not provide for the crediting of jurisdictional refunds to that account. Another respondent commented that companies should be allowed to defer costs to limit purchased gas adjustment filings. With respect to the comment on jurisdictional refunds, the text of Account 191 provides that decreases in the cost of purchased gas shall be credited to that account, which includes refunds. With respect to the latter comment, neither the text of Account 191 nor Order No. 452 require that pipeline companies file for rate schedule changes each 6 months.

The Commission finds:

(1) The notice and opportunity to participate in this rule making proceeding with respect to the matters presently before this Commission through the submission, in writing, of data, views, comments, and suggestions in the manner described above, are consistent and in accordance with the procedural requirements prescribed by 5 U.S.C. 553.

(2) The amendments to Parts 201 and 204 of the Commission's Uniform Systems of Accounts for Natural Gas Companies, and Annual Report Forms Nos. 2 and 2-A prescribed by § 260.1 and § 260.2 in Chapter I, Title 18 of the Code of Federal Regulations, herein prescribed, are necessary and appropriate for the administration of the Natural Gas Act.

(3) Since the amendments prescribed herein, which were not included in the notice of this proceeding, are of a minor nature and are consistent with the prime purpose of the proposed rule making, further compliance with the notice provision of 5 U.S.C. 553 is unnecessary.

(4) Good cause exists for making the amendment to the Uniform Systems of Accounts for Natural Gas Companies ordered herein, effective upon issuance, and the amendments to FPC Annual Report Forms Nos. 2 and 2-A ordered herein, effective for the reporting year 1972.

The Commission, acting pursuant to the provisions of the Natural Gas Act, as amended, particularly sections 8, 9, 10, and 16 thereof (52 Stat. 825, 826, 830; 15 U.S.C. 717g, 717h, 717i, 717o), orders:

PART 201—UNIFORM SYSTEM OF ACCOUNTS FOR NATURAL GAS COMPANIES

A. The Commission's Uniform System of Accounts for Class A and Class B Natural Gas Companies prescribed by Part 201, Chapter I, Title 18 of the Code of Federal Regulations is amended effective upon issuance of this Order, as follows:

1. The Chart of Balance Sheet Accounts is amended by adding a new account "191, Unrecovered Purchased Gas Costs," following account "188, Research and Development Expenditures." As amended, the Chart of Balance Sheet Accounts reads:

Balance Sheet Accounts

. . . . . .

ASSETS AND OTHER DEBITS

. . . . . .

4. DEFERRED DEBITS

. . . . . .

191 Unrecovered purchased gas costs.

. . . . . .

2. The text of the Balance Sheet Accounts is amended by adding new account "191, Unrecovered Purchased Gas Costs," following account "188, Research and Development Expenditures." As amended, the text of the Balance Sheet Accounts reads:

Balance Sheet Accounts

. . . . . .

[1] Arthur Andersen & Co., Columbia Gas Transmission Corp., Natural Gas Pipeline Co., Northern Natural Gas Company, Southern Natural Gas Company, Texas Gas Transmission Corporation, Transcontinental Gas Pipe Line Corporation, and United Gas Pipe Line Company.

V 38 I 10 JAN 16 73 XUM

ASSETS AND OTHER DEBITS

. . . . .

4. DEFERRED DEBITS

. . . . .

191 Unrecovered purchased gas costs.

A. This account shall include purchased gas costs related to Commission approved purchased gas adjustment clauses when such costs are not included in the utility's rate schedules on file with the Commission.

B. This account shall be debited or credited, as appropriate, each month for increases or decreases in purchased gas costs with contra entries to Account 805.1, Purchased Gas Cost Adjustments.

C. After a change in a rate schedule recognizing the increases or decreases in purchased gas costs recorded in this account is approved by the Commission, this account shall be debited or credited, as appropriate, with contra entries to expense Account 805.1, Purchased Gas Cost Adjustments, so that the balance accumulated in this account will be amortized on an appropriate basis over a succeeding 6-month period or over such other periods that the Commission may have authorized. Any over or under applied debits or credits to this account shall be carried forward to the succeeding period of amortization.

D. Separate subaccounts shall be maintained for the amounts relating to the period in which the increase or decrease is accumulated and for the amortization of purchase gas increases or decreases, as applicable, so as to keep each period separate.

. . . . .

3. The Chart of Operation and Maintenance Expense Accounts is amended by adding a new account "805.1, Purchased Gas Cost Adjustments," following account "805, Other Gas Purchases." As amended, the Chart of Operation and Maintenance Expense Accounts reads:

Operation and Maintenance Expense Accounts

1. PRODUCTION EXPENSES

. . . . .

D. OTHER GAS SUPPLY EXPENSES

. . . . .

805.1 Purchased gas cost adjustments.

. . . . .

4. The text of the Operation and Maintenance Expense Accounts is amended by adding new account "805.1, Purchased Gas Cost Adjustments," following account "805, Other Gas Purchases." As amended, the text of the Operation and Maintenance Expense Accounts reads:

Operation and Maintenance Expense Accounts

1. PRODUCTION EXPENSES

. . . . .

D. OTHER GAS SUPPLY EXPENSES

. . . . .

805.1 Purchased gas cost adjustments.

A. This account shall be debited or credited with decreases or increases in purchased gas costs related to Commission approved purchased gas adjustment clauses when such costs are not included in the utility's rate schedules on file with the Commission.

B. This account shall be debited or credited with amounts amortized from Account 191, Unrecovered Purchased Gas Costs.

. . . . .

PART 204—UNIFORM SYSTEMS OF ACCOUNTS FOR CLASS C NATURAL GAS COMPANIES

B. The Commission's Uniform System of Accounts for Class C and Class D Natural Gas Companies prescribed by Part 204, Chapter I, Title 18 of the Code of Federal Regulations is amended as effective upon issuance of this Order, as follows:

1. The Chart of Balance Sheet Accounts is amended by adding a new account "191, Unrecovered Purchased Gas Costs," following account "188, Research and Development Expenditures." As amended, the Chart of Balance Sheet Accounts reads:

Balance Sheet Accounts

. . . . .

ASSETS AND OTHER DEBITS

. . . . .

4. DEFERRED DEBITS

. . . . .

191 Unrecovered purchased gas costs.

. . . . .

2. The text of the Balance Sheet Accounts is amended by adding new account "191, Unrecovered Purchased Gas Costs," following account "188, Research and Development Expenditures." As amended, the text of the Balance Sheet Accounts reads:

Balance Sheet Accounts

. . . . .

4. OTHER GAS SUPPLY EXPENSES

OPERATION

. . . . .

731.1 Purchased gas cost adjustments.

A. This account shall be debited or credited with decreases or increases in purchased gas costs related to Commission approved purchased gas adjustment clauses when such costs are not included in the utility's rate schedules on file with the Commission.

B. This account shall be debited or credited with amounts amortized from Account 191, Unrecovered Purchased Gas Costs.

. . . . .

PART 260—STATEMENTS AND REPORTS (SCHEDULES)

C. Effective for the reporting year 1972, FPC Form No. 2, Annual Report for Natural Gas Companies (Class A and Class B) prescribed by § 260.1, Chapter I, Title 18 of the Code of Federal Regulations is amended by revising schedule pages 110 and 528, as set out in Attachment A hereto.[1]

D. Effective for the reporting year 1972, FPC Form No. 2–A, Annual Report for Natural Gas Companies (Class C and Class D) prescribed by § 260.2, Chapter I, Title 18 of the Code of Federal Regulations is amended by revising schedule page 3, as set out in Attachment B hereto.[1]

The Secretary shall cause prompt publication of this notice to be made in the FEDERAL REGISTER.

By the Commission

[SEAL] MARY B. KIDD,
Acting Secretary.

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T.D. 73-18]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

Pollution of Coastal and Navigable Waters

Executive Order 11548 (35 FR 11677), designates the Coast Guard as the appropriate agency for the purpose of receiving the notice of discharge of oil and the notice of discharge of any hazardous substance required by the Water Quality Improvement Act of 1970 (84 Stat. 91, 98; 33 U.S.C. 1161, 1162). This necessitates amending the Customs Regulations to show the Coast Guard as the agency to be notified of violations of the Act. Certain statutory references found in the Customs Regulations must also be amended.

In order to reflect these changes, § 4.66b of the Customs Regulations is amended as set forth below:

§ 4.66b Pollution of coastal and navigable waters.

(a) When any Customs officer has reason to believe that any refuse matter is being or has been deposited in navigable waters or any tributary of any navigable waters in violation of section 13 of the Act of March 3, 1899 (30 Stat. 1152; 33 U.S.C. 407), or any hazardous substance is being or has been deposited in navigable waters or that oil is being or has been discharged into or upon the coastal or navigable waters of the United States in violation of the Water Quality Improvement Act of 1970 (84 Stat. 91, 98; 33 U.S.C. 1161, 1162), he shall promptly furnish to the district director a full report of the incident, together with the names of witnesses, and, when practicable, a sample of the material discharged from the vessel in question.

(b) The district director shall forward this report immediately, without recommendation, to the district commander of the Coast Guard district concerned and a copy of such report shall be furnished to the Bureau.

(c) [Deleted]

(30 Stat. 1152, 84 Stat. 91, 98; 33 U.S.C. 407, 1161, 1162)

This amendment conforms the Customs Regulations to show the proper statutory authority and the proper recipient of reports of violations of the statutes cited in the amendment. Therefore, good cause exists for dispensing with notice and public procedure thereon as unnecessary, and good cause is found for the amendment to become effective on the earliest date possible, under 5 U.S.C. 553.

Effective date. This amendment shall be effective January 16, 1972.

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

Certain Coastwise Transport Privileges Accorded Austrian Vessels

In accordance with section 27, 41 Stat. 999, as amended (46 U.S.C. 883), the Secretary of State has advised the Secretary of the Treasury under date of September 26, 1972, that Austria allows privileges reciprocal to those provided for in the cited statute, to vessels of the United States. Therefore, corresponding privileges are accorded to vessels of Austrian registry. Those privileges related to the coastwise transportation, under the conditions specified in the applicable proviso of section 27, 41 Stat. 999, as amended (46 U.S.C. 883), of empty cargo vans, empty lift vans, empty shipping tanks; equipment for use with those articles; empty barges specifically designed for carriage aboard a vessel; any empty instruments for international traffic exempted from application of the Customs laws by the Secretary of the Treasury pursuant to section 14, 67 Stat. 516 (19 U.S.C. 1322(a)); and certain stevedoring equipment and material.

Accordingly, paragraph (b)(1) of § 4.93, Customs Regulations, is amended by the insertion of "Austria" in appropriate alphabetical order in the list of countries under that paragraph. Paragraph (b)(2) of § 4.93, Customs Regulations, is also amended by the insertion of "Austria" in appropriate alphabetical order in the list of countries under that paragraph.

(Sec. 27, 41 Stat. 999, as amended, sec. 14, 67 Stat. 516; 5 U.S.C. 301, 19 U.S.C. 1322(a), 46 U.S.C. 883)

There is a statutory basis for the described extension of reciprocal privileges, and the amendment recognizes an exemption from the coastwise prohibition of section 27, 41 Stat. 999, as amended (46 U.S.C. 883). Therefore, good cause exists for dispensing with notice and public procedure thereon as unnecessary, and good cause is found for the amendment to become effective on the earliest date possible, under 5 U.S.C. 553.

Effective date. This amendment shall be effective January 16, 1973.

[SEAL] EDWIN F. RAINS,
Acting Commissioner of Customs.

Approved: January 9, 1973.

EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

graphs (a) and (h) of § 2800.0–5 where reference is made to the Secretary of Transportation and Department of Transportation, respectively. The appropriate titles are the Secretary of the Interior and Department of the Interior which were present until the January 1, 1971, edition of Title 43 of the Code of Federal Regulations.

It is the policy of the Department of the Interior to give notice of proposed rule making and to invite the public to participate in rule making except where such participation would be impracticable, unnecessary or contrary to the public interest and a specific finding to this effect is published with the rules or regulations (36 FR 8336, May 4, 1971). Public participation is unnecessary in this case since the amendment simply corrects earlier obvious errors in rules of long standing.

Section 2800.0–5 paragraphs (a) and (h) are revised to read:

§ 2800.0–5 Definitions.

(a) "Secretary" means the Secretary of the Interior.

• • • • • •

(h) "Reservation lands" includes national parks and monuments, or any other reservations of the United States for the use of or administration by the National Park Service, the Fish and Wildlife Service, the Bureau of Reclamation, or any agency outside the Department of the Interior.

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 5325]

[Montana 20087]

MONTANA

Withdrawal for National Forest Recreation Areas

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 FR 4831), it is ordered as follows:

1. Subject to valid existing rights, the following described national forest lands are hereby withdrawn from appropriation under the mining laws, 30 U.S.C. Ch. 2, but not from leasing under the mineral leasing laws, in aid of programs of the Department of Agriculture:

LOLO NATIONAL FOREST

PRINCIPAL MERIDIAN, MONTANA

Rock Creek Streamside Zone

A strip of land of variable width along Rock Creek in and through the following described subdivisions, and as shown on a map titled "Rock Creek Streamside Zone" dated May 1, 1971, copies of which are on file in the office of the Forest Supervisor, Lolo National Forest, Missoula, Mont., the Regional Forester, Northern Region, Forest Service, U.S. Department of Agriculture, Missoula, Mont., and in the Montana State Office, Bureau of Land Management, Billings, Mont.:

T. 7 N., R. 16 W.
Secs. 6 and 7.
T. 10 N., R. 18 W.,
Secs. 6, 7, 18, 19, and 30.
T. 7 N., R. 17 W., Unsurveyed, but when surveyed probably will be,
Secs. 1 and 2.
T. 8 N., R. 17 W., Unsurveyed, but when surveyed probably will be,
Secs. 4, 7, 16, 17, 18, 20, 21, 22, 27, 28, 34, 35.
T. 9 N., R. 17 W., Unsurveyed, but when surveyed probably will be,
Secs. 1, 2, 3, 9, 10, 11, 16, 17, 19, 20, 29, 30, 31, 32.
T. 10 N., R. 17 W., Unsurveyed, but when surveyed probably will be,
Secs. 25, 35, and 36.

The areas described appregate approximately 2,140 acres in Granite County.

2. The withdrawal made by this order does not alter the applicability of those public land laws governing the use of the national forest lands under lease, license, or permit or governing the disposal of their mineral or vegetative resources other than under the mining laws.

HARRISON LOESCH,
Assistant Secretary of the Interior.

Sec. 34, E½NE¼SE¼SW¼, NE¼SE¼SE¼SW¼, NW¼SW¼SE¼, N½SW¼SW¼SE¼;
Sec. 35, S½SW¼SE¼NE¼, SW¼SE¼SE¼NE¼, NW¼NE¼SE¼, W½NE¼NE¼SE¼.
T. 41 N., R. 8 E., unsurveyed, but which when surveyed will be:
Sec. 19, W½E½NE¼SE¼, W½NE¼SE¼, NE¼SW¼SE¼, E½SE¼SE¼SE¼;
Sec. 20, W½SW¼SW¼SW¼;
Sec. 29, SW¼NE¼NW¼SW¼, S½NW¼NW¼SW¼, SW¼NW¼SW¼, SW¼SW¼SW¼, W½SE¼NW¼SW¼;
Sec. 30, S½SE¼SE¼SE¼;
Sec. 31, NE¼NE¼NE¼, N½SE¼NE¼NE¼;
Sec. 32, W½NW¼NW¼NW½.

The areas described aggregate approximately 185 acres.

The total of the areas described aggregates approximately 1,131.60 acres in Shoshone and Clearwater Counties.

2. The withdrawal made by this order does not alter the applicability of those public land laws governing the use of the national forest lands under lease, license, or permit, or governing the disposal of their mineral or vegetative resources other than under the mining laws.

HARRISON LOESCH,
Assistant Secretary of the Interior.

JANUARY 10, 1973.

[FR Doc.73–844 Filed 1–15–73;8:45 am]

Title 49—TRANSPORTATION

Chapter III—Federal Highway Administration, Department of Transportation

SUBCHAPTER B—MOTOR CARRIER SAFETY REGULATIONS

[Docket No. MC–44; Notice 73–2]

PART 392—DRIVING OF MOTOR VEHICLES

Stopping at Railrodd Grade Crossing Controlled by Signal Light

The Director of the Bureau of Motor Carrier Safety is amending § 392.10(b) (3) of the Motor Carrier Safety Regulations for the purpose of eliminating an ambiguity in that subparagraph.

Section 392.10 establishes rules pertaining to stopping at, and proceeding across, railroad grade crossings. Those rules, which apply to all commercial motor vehicles operated in interstate or foreign commerce transporting certain hazardous materials, require, with certain exceptions, the driver of such a vehicle to bring the vehicle to a full stop before crossing railroad tracks at grade. Among the exceptions to this general rule is one, found in paragraph (b) (3) of that section, providing that a stop need not be made at "a railroad grade crossing where a stop and go traffic light controls the movement of traffic".

The Director has received a number of inquiries about the purport of the language quoted above. Some persons have asked for a definition of the term "stop and go traffic light." Others have asked whether the rule permits a commercial motor vehicle subject to its terms to proceed through a red light. Still others have asked about compliance with the rule in case a driver encounters an inoperative signal or a so-called blinker signal.

These inquiries indicate that § 392.10 (b) (3), as it presently stands, is not as clear as it might be, and that a modification in its language to eliminate possible ambiguity is in order. Therefore, the Director is revising the subparagraph to make it clear that the driver of a commercial motor vehicle transporting certain hazardous materials, as specified in § 392.10(a) (1) through (6), must stop when approaching a railroad grade crossing that is equipped with train approach signals or gates, or by a highway traffic signal unless, under local law, he is permitted to proceed through the highway traffic signal without stopping or reducing speed.

Since this amendment merely eliminates an ambiguity and does not add to the rule's substantive burden, notice and public procedure thereon are unnecessary, and it is effective on January 16, 1973.

In consideration of the foregoing, § 392.10(b) (3) of the Motor Carrier Safety Regulations (Subchapter B in Chapter III of Title 49, CFR) is revised to read as follows:

§ 392.10 Railroad grade crossings; stopping required.

• • • • • •

(b) A stop need not be made at:

• • • • • •

(3) A railroad grade crossing controlled by a functioning highway traffic signal transmitting a green indication which, under local law, permits the vehicle to proceed across the railroad tracks without slowing or stopping.

• • • • • •

This amendment is issued under the authority of section 204 of the Interstate Commerce Act, as amended, 49 U.S.C. 304, section 6 of the Department of Transportation Act, 49 U.S.C. 1655, and the delegations of authority by the Secretary of Transportation and the Federal Highway Administrator at 49 CFR 1.48 and 389, respectively.

Issued on January 5, 1973.

ROBERT A. KAYE,
Director, Bureau of Motor Carrier Safety.

[FR Doc.73–871 Filed 1–15–73;8:45 am]

[Docket No. MC–38; Notice 73–1]

PART 395—HOURS OF SERVICE OF DRIVERS

Adverse Driving Conditions

The Director of the Bureau of Motor Carrier Safety is revising § 395.10 of the Motor Carrier Safety Regulations, which provides for special rules on the maximum hours a driver may drive when he encounters adverse driving conditions, such as bad weather or traffic congestion.

In normal circumstances, the regulations, 49 CFR 395.3(a), provide that a driver may not drive for more than 10 hours following 8 consecutive hours off duty. The purpose of the special adverse driving conditions rule was to take account of the fact that a driver may encounter conditions that arise after he has been dispatched and that make it impossible or hazardous for him to complete, within his remaining lawful driving time, a run that was originally scheduled in good faith to consume no more than that amount of driving time. The Bureau has, however, received a number of disturbing reports that the flexibility provided by § 395.10 has been abused. It appears that some carriers are scheduling runs during periods when adverse driving conditions are known to exist, so that drivers will almost certainly be compelled to violate the 10-hour limitation. In one documented instance, a passenger carrier was dispatching drivers in one direction on a scheduled 4-hour run when drivers coming into the terminal from the other direction on the same run were reporting that current driving conditions had extended it to 6 or more hours. This was done in spite of the fact that some of the drivers being dispatched had less than 6 allowable driving hours remaining.

Information of this type led the Director to issue a notice of proposed rule making on May 18, 1972, in which he announced that he was considering revising § 395.10 (37 FR 11684). The principal features of the proposal were that: (a) It would have defined "adverse driving conditions" so that conditions which were foreseen or could have been foreseen in the exercise of reasonable prudence when a run was begun would not have been deemed "adverse" within the meaning of the rule; (b) it would have required a driver who encountered adverse conditions to stop driving when he reached "the nearest place offering safety for vehicle occupants and security for the vehicle and its cargo"; and (c) it would have made explicit the previously implied restriction against driving for more than 12 hours without 8 consecutive hours off duty.

The proposal drew an unusually large response considering its subject matter, and, unlike many of the Bureau's rule making actions in the past, quite a few of the persons who filed comments did so as members of the general public not associated with the motor carrier industry.

The majority of the comments were directed to the three issues noted above. Carriers argued that the "foreseen or could have been foreseen in the exercise of reasonable prudence" standard required them to exercise a greater degree of prescience about weather conditions than could reasonably be expected. One carrier submitted in tabular form an hour-by-hour description of the weather conditions and reports at its home terminal, along its routes, and at its destination terminal for a sample period. This and other submissions indicated that during the winter, particularly in the Midwest, weather conditions are so protean as to defy rational prediction. Granting this to be the case, there remain instances in which the existence of adverse driving conditions en route is not a matter of prediction. There are times when those conditions are a certainty, as the case described above makes clear. In those circumstances, the rules do not, and should not, permit a carrier to dispatch drivers with full knowledge that they will not be able to complete their driving tasks within the allowable hours of service. To countenance such operating practices would amount to sanctioning wanton disregard of the public interest in safe highways.

V 38 - 10 JAN 16 73 XUM

The Director has decided that both of these interests can best be accommodated by providing, as he has, that adverse driving conditions are defined as conditions which were not "apparent on the basis of information known to a person dispatching the run at the time it was begun." This formulation would prevent use of the 2-hour allowance for bad weather or heavy traffic in cases where any rational motor carrier must know that those conditions will certainly be faced. On the other hand, it does not require carriers to be, or attempt to be, weather prophets.

When a driver is en route and encounters adverse driving conditions, what must he do? Many comments pointed out that, under the proposed rule, he would have been required to seek a place to stop immediately and to utilize considerable discretion in determining whether that place was adequately safe or secure, or both. In most cases, however, the most secure and safe location is the final destination, provided it can be reached within a reasonable time. It appears, therefore, that the best policy in the majority of cases is to permit the driver to continue to drive until it becomes more clear whether or not he can complete his run within the 10-hour allowable driving time plus the 2 extra hours that accrue because of the adverse conditions. Thus, the revised rule provides that a driver who encounters adverse driving conditions and is unable to complete his run within the 10-hour maximum driving time, may within 2 additional hours, complete the run or stop at a safe and secure place.

Some persons opposed any limitation on maximum driving time of drivers who encounter adverse driving conditions. One group of comments suggested that it would always be preferable, in the interests of safety, for the driver to drive until he reaches his destination, regardless of the duration of his driving stint. The Director has concluded, however, that there is a point at which the hazards of driver fatigue outweigh the hazards or discomfort of an unscheduled stop. That point approaches when the 10-hour limitation has been exceeded. To permit continued, unrestricted operation of a commercial motor vehicle by a driver who has been driving for more than 10 hours without adequate rest is risky at best; to allow the driver to exceed 12 driving hours invites catastrophe. Another viewpoint on this issue was that carriers who were inclined to violate the purport of § 395.10 in the past are unlikely to honor it after the section is revised to clarify its terms. The Director is of the opinion that enforcement of § 391.10 will be enhanced by making it less ambiguous. In addition, the secondary impact of the revised rule (in labor-management relations and the operative rules of tort law, to name a few instances) should make both carriers and drivers more inclined to adhere to its mandate.

It should be emphasized that, for the most part, the revision is an attempt to restate the present rule in a clearer fashion. Some persons who filed comments evidently misapprehended this point. For example, some drivers objected to what they believed was a general extension of the 10-hour rule to allow 12 hours' driving time under all circumstances. No such change was intended, and none is being made.

In consideration of the foregoing, § 395.10 of the Motor Carrier Safety Regulations (Subchapter B of Chapter III in Title 49, CFR), is revised to read as follows:

§ 395.10 Adverse driving conditions.

(a) Except as provided in paragraph (b) of this section, a driver who encounters adverse driving conditions (as defined in paragraph (c) of this section) and cannot, because of those conditions, safely complete the run within the 10-hour maximum driving time permitted by § 395.3(a) may drive and be permitted or required to drive a motor vehicle for not more than 2 additional hours in order to complete that run or to reach a place offering safety for vehicle occupants and security for the vehicle and its cargo. However, that driver may not drive or be permitted or required to drive—

(1) For more than 12 hours in the aggregate following 8 consecutive hours off duty; or

(2) After he has been on duty 15 hours following 8 consecutive hours off duty.

(b) A driver who is driving a motor vehicle in the State of Alaska and who encounters adverse driving conditions (as defined in paragraph (c) of this section) may drive and be permitted or required to drive a motor vehicle for the period of time needed to complete the run. After he completes the run, that driver must be off duty for 8 consecutive hours before he drives again.

(c) "Adverse driving conditions" means snow, sleet, fog, other adverse weather conditions, a highway covered with snow or ice, or unusual road and traffic conditions, none of which were apparent on the basis of information known to the person dispatching the run at the time it was begun.

Effective date. This revision is effective on April 1, 1973.

This revision is issued under the authority of section 204 of the Interstate Commerce Act, as amended, 49 U.S.C. 304, section 6 of the Department of Transportation Act, 49 U.S.C. 1655, and the delegations of authority by the Secretary of Transportation and the Federal Highway Administrator at 49 CFR 1.48 and 389.4, respectively.

Issued on January 5, 1973.

ROBERT A. KAYE,
Director,
Bureau of Motor Carrier Safety.

[FR Doc.73-872 Filed 1-15-73;8:45 am]

Proposed Rule Making

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR Part 3540]

MINERAL COLLECTION FROM CERTAIN ACQUIRED NATIONAL FOREST SYSTEM LANDS

Permits

The purpose of this amendment is to incorporate into the regulations provisions for authorizing mineral collectors to enter upon acquired National Forest System lands, within areas herein designated, to collect mineral specimens under terms and conditions necessary for the conservation of natural resources, multiple use of National Forest System lands, equitable distribution of recreation privileges, and public safety. Presently there are no regulations authorizing such authority. The proposed regulations are based on the authority of the Act of March 4, 1917 (16 U.S.C. 520).

It is the policy of the Department of Interior, whenever practicable, to afford the public an opportunity to participate in the rule making process. Accordingly, interested persons may submit written comments, suggestions, or objections with respect to the proposed amendment to the Bureau of Land Management (210), Washington, D.C. 20240 until February 19, 1973.

Copies of comments, suggestions, or objections made pursuant to this notice will be available for public inspection in the Office of Information, Bureau of Land Management, Room 5643, Interior Building, Washington, D.C., during regular business hours (7:45 a.m. to 4:15 p.m.).

A new subpart is added to Part 3540 to read as follows:

Subpart 3541—Mineral Collection Permits

Sec.
3541.0–1 Purpose.
3541.0–2 Objectives.
3541.0–5 Definitions.
3541.1 Lands to which applicable.
3541.2 Permit requirements.
3541.3 Fees for issuance of permits.
3541.4 Terms and conditions of permits.
3541.5 Penalty for violations.
3541.6 Trespass.

AUTHORITY: Act of March 4, 1917 (16 U.S.C. 520).

Subpart 3541—Mineral Collection Permits

§ 3541.0–1 Purpose.

The purpose of the regulations in this Subpart 3541 is to authorize mineral collectors to enter upon lands pursuant to § 3501.2–6(d) of this chapter for the purpose of searching for and removing mineral specimens.

§ 3541.0–2 Objectives.

The objective is to make certain acquired lands within the National Forest System available to mineral collectors at a reasonable fee and under terms and conditions necessary for the conservation of natural resources, multiple use of National Forest System lands, equitable distribution of recreation privileges, and public safety.

§ 3541.0–5 Definitions.

For purposes of the regulations in this Subpart 3541,

(a) "Chief" is the Chief of the Forest Service or his delegate.

(b) "Fee" is a user charge for searching for and removing mineral specimens. It includes a reasonable amount to defray the cost of rehabilitation and revegetation of the lands.

(c) "Permit" is the authorization issued upon payment of a fee to a permittee to search for or remove mineral specimens.

(d) "Permittee" is the holder of a permit.

§ 3541.1 Lands to which applicable.

The acquired lands for which a permit may be obtained are clearly identifiable by boundary markings and corner monuments at each site and by a boundary map available for public inspection in the offices of the forest supervisor and district ranger in charge of the lands. Areas designated for mineral collecting are described as follows:

EMERALD CREEK GARNET AREA

Lying approximately 8 airline miles south of Fernwood and 4 airline miles west of Clarkia, on the East Fork of Emerald Creek, Clarkia Ranger District, St. Joe National Forest, Idaho.

MOAT MOUNTAIN SMOKY QUARTZ AREA

Lying approximately 2.5 airline miles southwest of North Conway and 1,000 feet south of Thompson Falls on Elm Brook, town of Hales Location, Saco Ranger District, White Mountain National Forest, N.H.

§ 3541.2 Permit requirements.

Any individual who desires to search for or remove mineral specimens on acquired National Forest System lands must first have a permit to do so on the lands involved, signed by the authorized representative of the Bureau of Land Management. Permits can be secured in person or by mail from the forest supervisor or district ranger in charge of the area.

§ 3541.3 Fees for issuance of permits.

Fees will be determined by the Director and will be based on charges for comparable privileges on private and State lands, including recognition of the costs of supervising the activities of permittees, maintaining and providing improvements, and rehabilitating and revegetating the lands disturbed by mineral collecting.

§ 3541.4 Terms and conditions of permits.

The permit will contain terms and conditions which are deemed necessary by the Director and by the Chief to achieve the objectives of the regulations in this subpart, including, but not limited to, the following:

(a) Limits on the amount of material that may be taken by a permittee per day, calendar year, or other period of time, and the total number of days per calendar year any permittee shall be permitted to collect on any site.

(b) Prohibition or restriction of the use of explosives.

(c) Specifications as to the type of tools and equipment which may be used.

(d) Measures to be taken to prevent destruction of other natural resources or antiquities, to rehabilitate the land after removal of mineral specimens, and to protect the environment in any other respect deemed desirable.

(e) Use of fire.

(f) Cleanup.

(g) Avoidance of hazards.

§ 3541.5 Penalty for violations.

Permits are subject to immediate cancellation if any of the terms and conditions are violated. In such case no portion of the fee will be refunded. The Director may refuse to issue a permit to any individual who violated the terms and conditions of any prior permit.

§ 3541.6 Trespass.

Removal of mineral specimens from any National Forest System lands described in § 3541.1 without, or in violation of, a permit issued under the regulations in this subpart is a trespass against the United States. Trespassers will be liable in damages to the United States and may be subject to criminal prosecution.

HARRISON LOESCH,
Assistant Secretary of the Interior.

[20 CFR Part 726]

BLACK LUNG BENEFITS

Requirements for Coal Mine Operators Insurance

Pursuant to authority contained in sections 422 and 423 of title IV of the

V38-10 JAN 16 73 XUM

Federal Coal Mine Health and Safety Act of 1969 as amended (83 Stat. 742, 86 Stat. 156; 30 U.S.C. 901, et seq.) it is proposed to amend Chapter VI of Title 20, Code of Federal Regulations, by adding thereto a new Part 726 as set forth below. The proposed new part will implement and effectuate provisions of the Act requiring coal mine operators to take prescribed action to secure the payment of any black lung benefits to coal miners and their survivors, for periods after December 31, 1973, to which such individuals may be entitled as a result of employment of such miners in mines operated by such operators.

Interested persons are invited to submit written data, views, or arguments concerning the proposed Part 726 to the Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210, on or before February 15, 1973.

The proposed Part 726 reads as follows:

PART 726—BLACK LUNG BENEFITS: REQUIREMENTS FOR COAL MINE OPERATORS' INSURANCE

Subpart A—General

Sec.
726.1 Statutory insurance requirements for coal mine operators.
726.2 Purpose and scope of this part.
726.3 Relationship of this part to other parts in this subchapter.
726.4 Form, submission of information.

Subpart B—Authorization of Self-Insurers

726.101 Procedure and qualifications for self insurer.
726.102 Prior authorization to self-insure.

Subpart C—Contracts of Insurance

726.201 Who may underwrite an operator's liability.
726.202 Insurance contracts—required provisions.
726.203 Terms of policies.

AUTHORITY: 83 Stat. 742, 86 Stat. 156; 30 U.S.C. 901, et seq.

Subpart A—General

726.1 Statutory insurance requirements for coal mine operators.

Section 423 of title IV of the Federal Coal Mine Health and Safety Act requires each coal mine operator who is operating a coal mine in a State which is not included in the list published by the Secretary (see Part 722 of this subchapter) to secure the payment of benefits for which he may be found liable under section 422 of the Act and the provisions of this subchapter by either (a) qualifying as a self-insurer, or (b) by subscribing to and maintaining in force a commercial insurance contract.

§ 726.2 Purpose and scope of this part.

(a) This Part 726 provides rules directing and controlling the circumstances under which a coal mine operator shall fulfill his insurance obligations under the Act.

(b) This Subpart A sets forth the scope and purpose of this Part 726 and generally describes the statutory framework within which this part is operative.

(c) Subpart B of this part sets forth the criteria a coal mine operator must meet in order to qualify as a self-insurer.

(d) Subpart C of this part sets forth the rules and regulations of the Secretary governing contracts of insurance entered into by coal operators and commercial insurance sources for the payment of black lung benefits under Part C of the Act.

§ 726.3 Relationship of this part to other parts in this subchapter.

(a) This Part 726 implements and effectuates responsibilities for the payment of black lung benefits placed upon coal operators by sections 415 and 422 of the Act and the regulations of the Secretary in this subchapter, particularly those set forth in 20 CFR Part 725. All definitions, usages, procedures, and other rules affecting the responsibilities of coal operators prescribed in Parts 715 and 725 of this subchapter are hereby made applicable, as appropriate, to this Part 726.

(b) Part 703 of this chapter sets forth the rules and regulations of the Secretary in respect to the obligations of employers to secure workmen's compensation benefits payable under the Longshoremen's and Harbor Workers' Compensation Act (44 Stat. 1424, 33 U.S.C. 901 et seq., as amended from time to time, hereinafter referred to as the Longshoremen's Act). The provisions of Part 703 of this chapter are hereby made applicable to this Part 726 to the extent prescribed herein.

(c) In the event that an apparent conflict arises between the interpretation of any provision in this Part 726 and the interpretation of some provision appearing in a different incorporated part of this chapter, the conflicting provisions shall be read harmoniously to the fullest extent possible. In the event that a harmonious interpretation of the provisions is impossible the provision or provisions of this Part 726 shall govern insofar as the question is one which arises out of a dispute over the responsibilities and obligations of coal mine operators to secure the payment of black lung benefits as prescribed by the Act. No provision of this Part 726 shall be operative as to matters falling outside the purview of this part.

§ 726.4 Forms, submission of information.

Any information required by this Part 726 to be submitted to the Office of Workmen's Compensation Programs or any other office or official of the Department of Labor, shall be submitted on such forms or in such manner as the Secretary deems appropriate and authorizes from time to time for such purposes.

Subpart B—Authorization of Self-Insurers

§ 726.101 Procedure and qualifications for self-insurer.

In order to qualify as a self-insurer under this part a coal mine operator shall follow the procedures and meet the qualifications prescribed in Part 703 of this chapter governing the certification of self-insurers under the Longshoremen's Act, insofar as and to the extent that Part 703 of this chapter may be made applicable within the context of title IV of the Federal Coal Mine Health and Safety Act as amended. Revocation of the privilege of self-insurance shall also be governed by the provisions of Part 703 of this chapter.

§ 726.102 Prior authorization to self-insure.

(a) Any corporation or other business entity which is presently authorized to self-insure under the Longshoremen's Act and the regulations promulgated thereunder may, without formal application, be permitted to self-insure for purposes of title IV of the Act, provided that such corporation or other business entity has deposited or deposits sufficient security to insure the payment of benefits and the discharge of its other obligations under the Act. The amount of any additional deposits of security shall be determined by the Office in accordance with the provisions of Part 703 of this chapter.

(b) In the case of self-insurance permitted under paragraph (a) of this section, the revocation of the privilege of self-insurance granted for purposes of the Longshoremen's Act shall constitute the revocation of such privilege for purposes of the Federal Coal Mine Health and Safety Act (see Part 703 of this chapter).

Subpart C—Contracts of Insurance

§ 726.201 Who may underwrite an operator's liability.

Each coal mine operator who is not authorized to self-insure shall insure and keep insured the payment of benefits as required by the Act with an authorized insurance carrier. Such a carrier, for purposes of this part, shall include any stock company or mutual company or association, any other person or fund, including any State fund, while such company, association, person or fund is authorized under the laws of any State to insure workmen's compensation.

§ 726.202 Insurance contracts—required provisions.

(a) Every contract of insurance entered into for purposes of fulfilling an operator's obligations under the Act shall contain:

(1) A provision to pay benefits required under section 422 of title IV of the Act, notwithstanding the provisions of a State workmen's compensation law which may provide for lesser payments; and,

(2) A provision that insolvency or bankruptcy of the operator or discharge therein or both shall not relieve the carrier from liability for the full payment of benefits predicated upon a disability or death occurring during the life of the insurance contract; and,

(3) A provision that notification of the responsible operator or potentially responsible operator pursuant to § 725.151 of this Subchapter B shall constitute notification of the insurance carrier; and,

(4) A provision that jurisdiction over the operator by a deputy commissioner, an administrative law judge, the Benefits Review Board, the Secretary, or any court under the Act shall constitute jurisdiction over the insurance carrier; and,

(5) A provision that any ruling or order made by a deputy commissioner, an administrative law judge, the Benefits Review Board, the Secretary, or any court shall be binding upon the insurance carrier in the same manner and to the same extent as upon the coal mine operator.

(b) No policy or contract of insurance issued by a carrier to comply with the requirements of this subpart shall be canceled prior to the date specified in such policy or contract for its expiration until at least thirty days have elapsed after notice of cancellation has been sent by registered or certified mail to the Secretary and to the insured operator at his last known place of business. Each policy or contract of insurance issued for purposes of this subpart shall contain a provision requiring notice of cancellation as prescribed in this paragraph.

(c) Nothing in this section shall relieve any operator of the duty to comply with any State workmen's compensation law, except insofar as such State law is in conflict with the provisions of this section.

§ 726.203 Terms of policies.

A policy or contract of insurance shall be issued for the term of not less than 1 year from the date that it becomes effective, but if such insurance be not needed except for a particular contract or operation, the term of the policy may be limited to the period of such contract or operation.

Signed at Washington, D.C., this 11th day of January 1973.

RICHARD J. GRUNEWALD,
Assistant Secretary for Employment Standards.

Occupational Safety and Health Administration

[29 CFR Part 1910]

[S-73-1]

CERAMIC PERMANENT MAGNETS

Proposed Modification of Certain Machine Brake Standards To Allow Use as Setting Devices

Sections 1910.68(c)(1)(i), 1910.217(b)(2), and 1910.263(h)(2) of Title 29 of the Code of Federal Regulations presently require the use of mechanically set brakes for certain kinds of equipment. A petition has been received for the modification of the three sections so as to allow the use of ceramic permanent magnets as setting devices. It is argued in the petition that magnetically set brakes of this type are at least as effective as those presently required, because the former have a braking force comparable to that of the latter and do not depend on an external source of power. It is also pointed out that if electrical power is available in an emergency application of the brakes, magnetic brakes are two-to-three times more effective than mechanical brakes.

It appears that the petition has merit. Accordingly, pursuant to section 6(b) of the Williams-Steiger Occupational Safety and Health Act of 1970 (84 Stat. 1593; 29 U.S.C. 655), Secretary of Labor's Order No. 12-71 (36 FR 8754), and 29 CFR Part 1911, it is hereby proposed to revise 29 CFR 1910.68(c)(1)(1), 1910.217(b)(2) and 1910.263(h)(2) to read as set forth below.

Written data, views, and arguments concerning the proposal may be mailed to the Office of Standards, Room 504, 400 First Street NW., Washington, DC 20210. All written submissions received before February 17, 1973, will be considered. The data, views, and arguments will be available for public inspection and copying at the Office of Standards.

Pursuant to 29 CFR 1911.11 (b) and (c), interested persons may, in addition to filing written matter as provided above, file objections to the proposal requesting an informal hearing with respect thereto in accordance with the following conditions:

(1) The objections must include the name and address of the objector;

(2) The objections must be postmarked on or before February 17, 1973;

(3) The objections must specify with particularity the provision of the proposed rule to which objection is taken, and must state the grounds therefor;

(4) Each objection must be separately stated and numbered; and

(5) The objections must be accompanied by a summary of the evidence proposed to be adduced at the requested hearing.

1. In § 1910.68, paragraph (c)(1)(i) is proposed to be revised to read as follows:

§ 1910.68 Manlifts.

* * * * * * *

(c) *Mechanical requirements*—(1) *Machines, general*—(i) *Brakes.* A ceramic permanent magnet-set brake or a mechanically-set, electrically released brake shall be applied to the motor shaft for direct-connected units or to the input shaft for belt-driven units. The brake shall be capable of stopping and holding the manlift when the descending side is loaded with 250 pounds on each step.

* * * * * *

2. In § 1910.217, paragraph (b)(2) is proposed to be revised to read as follows:

§ 1910.217 Mechanical power presses.

* * * * * *

(b) * * *

(2) *Brakes.* Friction brakes provided for stopping or holding the slide movement shall be set with compression springs or ceramic permanent magnets. Brake capacity shall be sufficient to stop the motion of the slide quickly and to hold the slide and its attachments at any point in its travel.

* * * * * *

3. In § 1910.263, paragraph (h)(2) is proposed to be revised to read as follows:

§ 1910.263 Bakery equipment.

* * * * * *

(h) * * *

(2) *Emergency stop bar.* An emergency stop bar shall be provided, so located that the body will press against it if the operator slips and falls toward the rolls, or if the operator gets his hand caught in the rolls. The bar shall be such that this pressure will positively open a circuit which will deenergize the drive motor. In addition, a magnetic spring-set brake or a ceramic permanent magnet-set brake shall be activated at the same time, causing the rolls to stop instantly. The emergency stop bar shall be checked every 30 days.

* * * * * *

(Sec. 6, 84 Stat. 1593; 29 U.S.C. 655; 29 CFR 1910.4)

Signed at Washington, D.C., this 10th day of January 1973.

G. C. GUENTHER,
Assistant Secretary of Labor.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 39]

[Docket No. 12493]

BRITISH AIRCRAFT CORPORATION VISCOUNT 810 SERIES AIRCRAFT

Proposed Airworthiness Directives

The Federal Aviation Administration is considering amending Part 39 of the Federal Aviation Regulations by adding an airworthiness directive applicable to British Aircraft Corporation (BAC) Viscount 810 series airplanes. There has been a report of the discovery of a restriction in a power plant fire extinguisher pipe caused by the collapse of the rubber seal sleeve in the pipe connector assembly located at the engine fireproof bulkhead. Such a restriction could result in a fire hazard to the aircraft. Since the condition is likely to exist or develop in other airplanes of the same type design, the proposed airworthiness directive would require the repetitive replacement of the rubber seal sleeves, installed in the power plant fire extinguisher system, at 5-year intervals on BAC Viscount 810 series airplanes.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the docket number and be submitted in duplicate to the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, AGC-24, 800 Independence Avenue SW., Washington, DC 20591. All communications re-

V38-10 JAN 16 73 XUM

ceived on or before February 15, 1973, will be considered by the Administrator before taking action upon the proposed rule. The proposals contained in this notice may be changed in the light of comments received. All comments will be available, both before and after the closing date for comments, in the rules docket for examination by interested persons.

In consideration of the foregoing, it is proposed to amend § 39.13 of Part 39 of the Federal Aviation Regulations by adding the following new airworthiness directive:

BRITISH AIRCRAFT CORPORATION. Applies to Viscount Series 810 airplanes.

Compliance is required as indicated.

To prevent a possible restriction in a power plant fire extinguisher pipe accomplish the following:

Within the next 500 hours' time in service after the effective date of this AD, unless already accomplished within 5 years prior to the effective date of this AD, and thereafter at intervals not to exceed 5 years from the last replacement, replace the rubber seal sleeves P/N FRS.-F-Series 1, installed in the power plant fire extinguisher system in the pipe connector assembly located at the engine fire-proof bulkhead, with seal sleeves of the same part number.

(BAC Alert Preliminary Technical Leaflet No. 149, Issue 1, dated July 30, 1971, covers this same subject.)

This amendment is proposed under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on January 8, 1973.

C. R. MELUGIN, JR.,
Acting Director,
Flight Standards Service.

Notices

DEPARTMENT OF THE TREASURY

Office of the Secretary

HIGH-SPEED TOOL STEEL FROM SWEDEN

Withholding of Appraisement Notice

Information was received on October 12, 1971, that high-speed tool steel from Sweden was being sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 et seq.) (referred to in this notice as "the Act"). This information was the subject of an "Antidumping Proceeding Notice" which was published in the FEDERAL REGISTER of November 25, 1971, on page 22607. The "Antidumping Proceeding Notice" indicated that there was evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States.

Pursuant to section 201(b) of the Act (19 U.S.C. 160(b)), notice is hereby given that there are reasonable grounds to believe or suspect that the exporter's sales price (section 204 of the Act; 19 U.S.C. 163) of high-speed tool steel from Sweden is less, or likely to be less, than the foreign market value or constructed value (sections 205 and 206) of the Act; (19 U.S.C. 164, 165).

Statement of Reasons. The information currently before the Bureau tends to indicate that the probable basis of comparison for fair value purposes will be between exporter's sales price and the adjusted home market price or constructed value, where appropriate, of such or similar merchandise.

Preliminary analysis suggests that the exporter's sales price will probably be calculated by deducting from the resale price of the related firm to unrelated purchasers in the United States, processing costs, selling expenses, and other distribution costs incurred in the United States as appropriate. Deductions will probably be made for cash discounts, transportation charges in the United States and Sweden, ocean freight and insurance, Customs brokerage clearance charges and U.S. duty.

The home market price probably will be calculated on the basis of a weighted-average price to purchasers in the home market or a constructed value, where appropriate. Deductions probably will be made for quantity discounts, inland freight, and insurance with adjustments for differences in packing costs, where applicable.

Using the above criteria, there are reasonable grounds to believe or suspect that exporter's sales price will be lower than adjusted home market price.

Customs officers are being directed to withhold appraisement of high-speed tool steel from Sweden in accordance with § 153.48, Customs regulations (19 CFR 153.48).

High-speed tool steel produced by Stora Kopparberg of Falun, Sweden, is excluded from this withholding of appraisement since 100 percent of Swedish export sales during the period under consideration were examined and the home market prices or constructed value of Stora Kopparberg's merchandise were found to be lower than the exporter's sales price of identical merchandise in every instance.

In accordance with §§ 153.32(b) and 153.37, Customs regulations (19 CFR 153.32(b), 153.37), interested parties may present written views or arguments, or request in writing that the Secretary of the Treasury afford an opportunity to present oral views.

Any requests that the Secretary of the Treasury afford an opportunity to present oral views should be addressed to the Commissioner of Customs, 2100 K Street NW., Washington, DC 20229, in time to be received by his office not later than January 26, 1973. Such requests must be accompanied by a statement outlining the issues wished to be discussed.

Any written views or arguments should likewise be addressed to the Commissioner of Customs in time to be received by his office not later than February 15, 1973.

This notice, which is published pursuant to § 153.34(b), Customs regulations (19 CFR 153.34(b)), shall become effective January 16, 1973. It shall cease to be effective June 18, 1973, unless previously revoked.

Dated: January 12, 1973.

[SEAL] EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR

Office of Hearings and Appeals

[Docket No. M-73-14]

INLAND STEEL CO.

Petition for Modification of Mandatory Safety Standard

Notice. In regard petition of Inland Steel Co. for modification of mandatory safety standard, Docket No. M-73-14.

In accordance with the provisions of section 301(c) of the Federal Coal Mine Health and Safety Act of 1969, 30 U.S.C. section 861(c) (1970), notice is given that Inland Steel Co., Sesser, Ill., has filed a petition to modify the application of section 309(a) of the Act and 30 CFR 75.900 of the Secretary's implementing regulations to its mine in Jefferson County, Ill.

Section 309(a) of the Act provides as follows:

Low- and medium-voltage power circuits serving three-phase alternating current equipment shall be protected by suitable circuit breakers of adequate interrupting capacity which are properly tested and maintained as prescribed by the Secretary. Such breakers shall be equipped with devices to provide protection against undervoltage, grounded phase, short circuit and overcurrent.

Inland Steel Co. makes the following statement in support of its petition:

Our breakers are equipped with shunt trip instead of undervoltage releases. Undervoltage protection is provided on the high voltage circuit entering the mine, and this will provide protection for the low and medium voltage circuits should this condition develop on the high voltage circuit.

In event the voltage should decrease in the low and medium voltage circuits, protection is provided by the operating coils on the starters, which are so designed as to drop out the circuit well above the required 40–60 percent of rated voltage. These breakers are of adequate interrupting capacity, they are properly tested and maintained and are equipped with grounded phase, short circuit and overcurrent protection.

It is thought the protection in use on this equipment is superior to that stipulated in the regulations.

Parties interested in this petition shall file their answer or comment and their request for a hearing if they wish one, on or before February 15, 1973, with the Office of Hearings and Appeals, Hearings Division, U.S. Department of the Interior, Ballston Tower No. 3, 4015 Wilson Boulevard, Arlington, VA 22203. Copies of the petition are available for inspection at that address.

JAMES M. DAY,
Director,
Office of Hearings and Appeals.

JANUARY 5, 1973.

Office of the Secretary

INDIAN EDUCATION FOR HEALTH COMMITTEE

Establishment, Charter, and Functions

Purpose. The Secretary, Department of the Interior, and the Secretary's delegate are charged under 25 U.S.C. 13; 42 Stat. 208, with the responsibility for the care and assistance of Indians throughout the United States and in developing and administering educational programs to improve their quality of life and education. The Secretary, Department of Health, Education, and Welfare and by

V 38 - 10 JAN 16 73 XUM

delegation the Administrator, Health Services and Mental Health Administration, and the Director, Indian Health Service are charged under Public Law 568, 83d Cong., First session, 42 U.S.C. 2001 et seq., with the responsibility to maintain and operate health care facilities and to deliver health care and services to Indians.

The purpose of the Indian Education for Health Committee is to advise and assist in coordinating and improving the education and health programs for Indians throughout the United States in a joint venture by the Department of the Interior and the Department of Health, Education, and Welfare.

Authority. 25 U.S.C. 13; 42 Stat. 208 and 42 U.S.C. 217a, section 222 of the Public Health Service Act, as amended. This committee is established in accordance with and governed by provisions of Executive Order 11671, which sets forth standards for the formation and use of advisory committees.

Function. The committee will advise and make recommendations to the Secretary, Department of the Interior and the Secretary's delegate; the Secretary of Health, Education, and Welfare and the Director, Indian Health Service, Health Services and Mental Health Administration on guidelines, standards and evaluation techniques concerning the recruitment and provision of additional training for native Americans in education and health; the introduction of comprehensive health curricula in Indian schools; the production of health education materials, especially in maternal and child care; and in dealing with other crucial issues relating to education and health for Indian people in the United States.

Structure. The committee will consist of seven members, including the chairman. Two public members and two members who are full-time Federal employees, will be selected by the Secretary of the Interior and three members who are full-time Federal employees will be selected by the Secretary of Health, Education, and Welfare, or his designee, from leading authorities in the fields of education and health and who have wide knowledge of the needs for these services to better the life style of American Indians and Alaska natives. The chairman shall be designated by the Secretary of the Interior.

Members who are regular Government employees will be invited to serve for overlapping terms of 4 years, which in the case of initial members, shall be staggered to permit orderly rotation of members. Terms of more than 2 years are contingent upon a formal determination at the end of 2 years that continuance of the committee is in the public interest. The two public members shall be appointed for periods not to exceed 1 year; however, they may be reappointed for additional 1-year periods.

Management and staff services will be provided by the Department of the Interior.

Meetings. Meetings will be held quarterly, at the call of the chairman, with the advance approval of a Government official, who shall also approve the agenda. A Government official will be present at all meetings.

Meetings shall be open to the public and notice of all meetings will be given to the public.

Meetings shall be conducted, and records of the proceedings kept, as required by Executive Order 11671 and applicable Office of Management and Budget, Department of the Interior, and Department of Health, Education, and Welfare regulations.

Compensation. Members who are not full-time Federal employees will be paid at the rate of $75 per day, plus per diem and travel expenses in accordance with Standard Government Travel Regulations.

Annual cost estimate. Estimated annual cost for operating the committee, including compensation and travel expenses for members but excluding staff support is $8,000. Estimate of annual man-years of staff support required is one-sixth, at an estimated annual cost of $5,000. The Department of the Interior shall bear the costs for operation of the Committee.

Reports. A report will be submitted to the Secretary of the Interior through the delegate of the Secretary of the Interior and to the Secretary of Health, Education, and Welfare through the Administrator, Health Services and Mental Health Administration and the Director, Indian Health Service on July 15 of each year, which shall contain as a minimum, a list of members and their business addresses, the dates and places of meetings, and a summary of the committee's activities and recommendations during the fiscal year. A copy of the report shall be provided to the Department of the Interior Committee Management Officer and the Department of Health, Education, and Welfare Committee Management Officer.

Duration. The Indian Education for Health Committee will terminate 2 years from the date of its establishment unless extension beyond that date is found to be in the public interest.

FORMAL DETERMINATION

It is hereby determined that the formation of the Indian Education for Health Committee is in the public interest in connection with the performance of duties imposed on the Department of the Interior and the Department of Health, Education, and Welfare by law, and that such duties can best be performed through the advice and counsel of such a group.

Dated: January 4, 1973.

ROGERS C. B. MORTON,
Secretary of the Interior.

Dated: January 8, 1973.

ELLIOT P. RICHARDSON,
Secretary of Health, Education and Welfare.

HUMANELY SLAUGHTERED LIVESTOCK

Identification of Carcasses; Changes in Lists of Establishments

Pursuant to section 4 of the Act of August 27, 1958 (7 U.S.C. 1904), and the statement of policy thereunder in 9 CFR 391.1, the lists (37 FR 23853 and 25550) of establishments which are operated under Federal inspection pursuant to the Federal Meat Inspection Act, as amended (21 U.S.C. 601 et seq.) and which use humane methods of slaughter and incidental handling of livestock are hereby amended as follows:

The reference to goats with respect to Dexter Packing Co., Inc., establishment 5845, is deleted. The reference to Lamb Specialties, Inc., establishment 6018, and the reference to sheep with respect to such establishment, are deleted. The reference to swine with respect to Geneva Meats and Processing Service, establishment 8979, is deleted.

The following table lists species at additional establishments and additional species at previously listed establishments that have been reported as being slaughtered and handled humanely.

[Docket No. D-73-214]

ASSISTANT SECRETARY FOR ADMINISTRATION AND DEPUTY ASSISTANT SECRETARY FOR ADMINISTRATION

Designation and Delegation of Authority Regarding Certain Oaths Required in Connection With Employment

SECTION A. *Designation and delegation.* The Assistant Secretary for Administration and the Deputy Assistant Secretary for Administration each is hereby:

1. Designated to administer the oath of office required by 5 U.S.C. 3331 incident to entrance into the executive branch, or any other oath required by law in connection with employment in the executive branch, as authorized under 5 U.S.C. 2903(b).

2. Authorized to:

a. Designate the Director, Office of Personnel, the Deputy Director, Office of Personnel, each Regional Administrator, and each Deputy Regional Administrator to administer oaths as authorized under 5 U.S.C. 2903(b).

b. Empower the Director and the Deputy Director, Office of Personnel, each Regional Administrator, and each Deputy Regional Administrator to:

i. Designate in writing subordinate employees by position to administer oaths as authorized under 5 U.S.C. 2903 (b); and

ii. Redelegate to subordinate employees the authority to designate in writing subordinate employees by position to administer oaths as authorized under 5 U.S.C. 2903(b).

SEC. B. *Supersedure.* This designation and delegation supersedes unpublished designation and delegation effective May 19, 1967.

(5 U.S.C. 2903; sec. 7(d) of Department of HUD Act, 42 U.S.C. 3535(d))

Effective date. This delegation of authority is effective as of October 15, 1972.

GEORGE ROMNEY,
Secretary of Housing and Urban Development.

[Docket No. N-73-135; Administrative Division Docket No. Z-151]

HIDDEN VALLEY SUNRISE DEVELOPMENT CORP. ET AL.

Notice of Hearing

Notice is hereby given that:

1. Sunrise Development Corp., its officers and agents, hereinafter referred to as "Respondent," being subject to the provisions of the Interstate Land Sales Full Disclosure Act (Public Law 90-448) (15 U.S.C. 1701 et seq.), received a notice of proceedings and opportunity for hearing dated November 21, 1972, which was sent to the developer pursuant to 15 U.S.C. 1706(d) and 24 CFR 1710.45(b)(1) informing the developer of information obtained by the Office of Interstate Land Sales Registration showing that a change had occurred which affected material facts in the developer's statement of record for Hidden Valley and the failure of the developer to amend the pertinent sections of the statement of record and property report.

2. The respondent filed an answer postmarked December 13, 1972, in answer to the allegations of the notice of proceedings and opportunity for a hearing.

3. In said answer the respondent requested a hearing on the allegations contained in the notice of proceedings and opportunity for a hearing.

4. Therefore, pursuant to the provisions of 15 U.S.C. 1706(d) and 24 CFR 1720.160(b), *It is hereby ordered,* That a public hearing for the purpose of taking evidence on the questions set forth in the notice of proceedings and opportunity for hearing will be held before David Knight in Room 7233, Department of HUD Building, 451 Seventh Street SW., Washington, DC, on January 31, 1973, at 10 a.m.

The following time and procedure is applicable to such hearing:

All affidavits and a list of all witnesses are requested to be filed with the Hearing Clerk, HUD Building, Room 10150, Washington, D.C. 20410, on or before January 24, 1973.

5. Respondent is hereby notified that failure to appear at the above-scheduled hearing shall be deemed a default and the proceeding shall be determined against respondent, the allegations of which shall be deemed to be true, and an order suspending the statement of record, herein identified, shall be issued pursuant to 24 CFR 1710.45(b)(1).

This notice shall be served upon the respondent forthwith pursuant to 24 CFR 1720.440.

By the Secretary.

GEORGE K. BERNSTEIN,
Interstate Land Sales Administrator.

FIFTH ANNUAL NATIONAL AVIATION SYSTEM PLANNING REVIEW CONFERENCE

Notice of Conference and Agenda

The purpose of this notice is to announce the Fifth Annual National

V 38-10 JAN 16 73 XUM

Aviation System Planning Review Conference. (The establishment of annual consultative planning procedures was originally documented and publicized in 33 FR 19205, dated December 24, 1968, and 35 FR 17798, dated November 19, 1970.)

The Department of Transportation announces that the Fifth Annual National Aviation System Planning Review Conference will be held May 21–23, 1973, at the Washington Hilton Hotel, Washington, D.C.

The following topics were developed in meetings with representatives of industry and user groups through the consultative planning process. The Department of Transportation encourages comments that assist in the development of agenda topics. These suggestions should be submitted not later than January 30, 1973 to:

Associate Administrator for Plans, Attention: AAV–1, 800 Independence Avenue SW., Washington, DC 20591.

A list of topics is provided for use as guidance:

(1) Community Involvement in Planning.
(2) Landing Systems.
(3) Navigation.
(4) Air Traffic Control.
(5) Airports.
(6) Short Haul.
(7) Performance Assurance.

A registration fee of $15, payable either in advance or at the conference, is required. Additionally, a fee of $5 is required of those who wish to receive the 1973 edition of the National Aviation System Ten Year Plan, Policy Changes, and Summary Report. (Those persons who do not register may purchase the National Aviation System Policy Summary (1972 edition) and Ten Year Plan directly from the Government Printing Office.)

To register for the Fifth Annual National Aviation System Planning Review Conference, please write to the following address giving: (1) Name, (2), address, (3) company/association if any, (4) area of interest (airports, air traffic control, navigation, or specify), and (5) enclose a check (if preregistration or publications are desired), payable to:

Federal Aviation Administration, Attention: AHQ–200, 800 Independence Avenue SW., Washington, DC 20591.

Issued in Washington, D.C., on December 12, 1972.

RONALD W. PULLING,
Acting Associate Administrator for Plans.

FEDERAL POWER COMMISSION

[Docket No. CP72–9]

ARKANSAS LOUISIANA GAS CO.

Notice of Petition To Amend

JANUARY 10, 1973.

Take notice that on December 12, 1972, Arkansas Louisiana Gas Co. (petitioner), P.O. Box 1734, Shreveport, LA 71151, filed in Docket No. CP72–9 a petition to amend the order of the Commission heretofore issued in said docket pursuant to section 7(c) of the Natural Gas Act on November 1, 1971 (46 FPC 1110) as amended on July 17, 1972 (48 FPC ——), by authorizing petitioner to exchange gas with Cities Service Gas Co. (Cities) at a fourth point of delivery, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

By the Commission's initial order issued in subject docket, petitioner was authorized to exchange gas with Cities under an agreement dated June 11, 1971, at two points of delivery. The order of July 17, 1972 authorized petitioner and Cities to exchange gas at a third point of delivery for the mutual operating convenience of the parties.

Petitioner states that on October 27, 1972, its exchange agreement with Cities was amended by adding a fourth point of delivery and that authorization of such a fourth point will benefit the mutual operating convenience of both parties. Under the requested authorization petitioner purposes to install and operate approximately 1,000 feet of gathering line, a dehydrator, and related facilities costing approximately $9,700. Petitioner further states that Cities will install and operate the necessary tap and sidegate on Cities' existing pipeline, together with measurement facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73–891 Filed 1–15–73;8:45 am]

[Docket No. E–7918]

CAROLINA POWER & LIGHT CO.

Notice of Proposed Changes in Rates and Charges

JANUARY 10, 1973.

Take notice that Carolina Power and Light Co. (Carolina) on December 18, 1972, tendered for filing proposed changes in its FPC rate schedules, with a proposed effective date of February 16, 1973. The proposed changes would increase jurisdictional sales and service by approximately $2,889,000 based on a volume of sales for the 12-month period ending December 31, 1971.

The proposed changes increase the rates for wholesale electric service rendered by Carolina to municipal and private electric systems, and provide general terms and conditions for wholesale electric power service to those customers. The filing also contains a new form of service agreement and attachment thereto. All of these proposed changes are embodied in FPC Electric Tariff Original Volume No. 1.

Carolina maintains the increase is necessary because the present rates do not provide a rate of return sufficient to attract new capital.

Carolina further states that the filing seeks to establish a uniformity of terms and conditions and to provide a tariff form of filing in lieu of the present individual contract type filings. However, it is not proposed that new contracts be entered into at the present time but that the general terms and conditions be made applicable to existing contracts. All contracts executed in the future would conform to the tariff in all respects. Special provisions are contained in the general terms and conditions for application to existing contracts.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before January 30, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene.

Copies of this filing have been served on Carolina's affected customers and interested state commissions. Copies are on file with the Federal Power Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73–893 Filed 1–15–73;8:45 am]

[Docket No. CP73–163]

CONSOLIDATED GAS SUPPLY CORP.

Notice of Application

JANUARY 10, 1973.

Take notice that on December 22, 1972, Consolidated Gas Supply Corp. (Applicant), 445 West Street, Clarksburg, WV 26301, filed in Docket No. CP73–163 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of natural gas transportation facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks authorization to construct and operate approximately 1.4 miles of 8-inch transmission pipeline extending from Way Farm, Wood County, W. Va., to a point of connection with the facilities of the River Gas Co. in Washington County, Ohio; the proposed facilities will cross the Ohio River parallel to the existing 8-inch rivercrossing in Line No. TL–290.

Applicant states that 40 percent of the gas that it delivers to the River Gas Co. is delivered through the 23-year-old bare, welded Line No. TL–290 rivercrossing. Additional deliveries by Applicant to the River Gas Co. are made through the double rivercrossing in Line H–51; it is stated that one of these rivercrossings has developed leaks. Applicants contend that the proposed facilities are necessary to ensure continuity of service to the River Gas Co.

It is stated the estimated cost of the proposed facilities will be $174,174 and will be financed from funds on hand and from funds obtained from Applicant's parent corporation, Consolidated Natural Gas Co.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73–898 Filed 1–15–73;8:45 am]

[Docket No. CP73–172]

GARDNER PIPELINE, INC.

Notice of Application for Exemption

JANUARY 10, 1972.

Take notice that on December 29, 1972, Gardner Pipeline, Inc. (Applicant), 133 Pleasant Street, Gardner, Mass., filed in Docket No. CP73–172 an application pursuant to section 1(c) of the Natural Gas Act for exemption from the provisions of said Act, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that it transports gas over an approximate 8-mile distance between a point near the intersection of Route 2A and the Fitchburg-Westminster Town Line, Worcester County and the Gardner Gas, Fuel and Light Co.'s facilities in Gardner Mass. Applicant further states that it transports gas exclusively for Gardner Gas, Fuel and Light Co., which sells and delivers gas to its retail customers within the Commonwealth of Massachusetts, that Applicant has no retail customers, and that Applicant is authorized to do business only within the Commonwealth.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 2, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73–895 Filed 1–15–73;8:45 am]

[Docket No. CI73–150]

H & H GAS CO.

Order Vacating Certificate and Rescinding Rate Schedule

JANUARY 9, 1973.

By order issued November 1, 1972, the Commission issued a limited-term certificate of public convenience and necessity to H & H Gas Co. (H&H) in Docket No. CI73–150 authorizing the sale of natural gas in interstate commerce to United Gas Pipe Line Co. (United) from the Bayou Portuguese Field, Lafourche Parish, La., pursuant to § 2.70 of the Commission's general policy and interpretations (18 CFR 270).

By telegram filed November 14, 1972, H & H rejected the subject certificate because the gas could not be produced against United's line pressure. By letter filed November 30, 1972, United confirmed that H & H could not meet United's line pressure and as a result the well went dead because of watering.

The Commission finds:

It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that the certificate issued in Docket No. CI73–150 should be vacated and the acceptance for filing of the related rate schedule should be rescinded.

The Commission orders:

The certificate of public convenience and necessity issued in Docket No. CI73–150 is vacated and the acceptance for filing of the related rate schedule is rescinded.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.73–905 Filed 1–15–73;8:45 am]

[Docket No. E–7843]

KANSAS GAS AND ELECTRIC CO.

Notice of Application

JANUARY 10, 1973.

Take notice that Kansas Gas and Electric Co. (Applicant) on November 28,

V 38 - 10 JAN 16 73 XUM

1972, filed an application pursuant to section 204 of the Federal Power Act seeking approval of an agreement to guaranty repayment of $15 million in pollution control revenue bonds, which the city of La Cygne, Kans., intends to issue.

The city intends to issue $30 million in pollution control revenue bonds to pay for construction of air pollution control facilities to be installed at Unit #1 at La Cygne Station located near La Cygne, Kans., which is jointly owned by Kansas Gas and Electric Co. and Kansas City Power & Light Co. as tenants in common. Final completion of these facilities is expected to be in September 1973 or thereafter.

The facilities will be owned by the companies and the financing for the facilities will be arranged under a lease-sublease arrangement between the city and Kansas Gas & Electric Co. and Kansas City Power & Light Co. with the companies making payments under the sublease sufficient to pay the principal, premium, if any, and interest due on the bonds together with related expenses.

The bonds would not be issued by Kansas Gas & Electric Co., and no payments would be required under the guaranty if the utility makes all the payments under the sublease.

Any person desiring to be heard or to make any protest with reference to such application should on or before January 22, 1973, file with the Federal Power Commission, Washington, D.C. 20426, petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-899 Filed 1-15-73;8:45 am]

[Docket No. CI73-430]

McCULLOCH OIL CORPORATION OF TEXAS

Notice of Application

JANUARY 10, 1973.

Take notice that on December 21, 1972, McCulloch Oil Corporation of Texas (Applicant), 10880 Wilshire Boulevard, Suite 1500, Los Angeles, CA 90024, filed in Docket No. CI73-430 an application pursuant to section 7(c) of the Natural Gas Act and § 2.75 of the Commission's general policy and interpretations (18 CFR 2.75) for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Arkansas Louisiana Gas Co. (Arkla), from the Southwest Mathers Ranch Area, Hemphill County, Tex., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes under the optional gas pricing procedure to sell approximately 301,500 Mcf of natural gas per month to Arkla; 187,500 Mcf pursuant to an August 14, 1972, contract between Applicant and Arkla, and 114,000 Mcf pursuant to an August 9, 1972, contract between J. M. Huber Corporation, as predecessor in interest to Applicant, and Arkla. The proposed sale will be at an initial rate of 35 cents per Mcf until October 1, 1976, with a 1-cent-per-Mcf price escalation every 4 years thereafter, to a maximum price of 39 cents per Mcf, subject to upward and downward B.t.u. adjustment, at 14.65 p.s.i.a. The subject contracts, which shall continue in effect until October 1, 1992, and from year to year thereafter, also provide for price adjustments allowing for the recovery of compression and dehydration charges, and price escalations reflecting changes in state production taxes.

Applicant asserts that the 35-cents-per-Mcf initial price proposed herein is lower than any number of alternative sources of energy including the importation of liquefied natural gas, and the cost of synthetic gas, and is lower than prices of natural gas in the intrastate market, as evidenced by reported sales of gas at 42.5 cents and 73 cents in Texas and Oklahoma, respectively. Applicant further asserts that the 35-cents-per-Mcf price is in line with limited term certificates that have been issued by the Commission.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-892 Filed 1-15-73;8:45 am]

[Dockets Nos. CI72-834, CP72-274]

NAVARRO GAS PRODUCTION CO. ET AL.

Order Rejecting Notice of Withdrawal, and Order to Show Cause

JANUARY 9, 1973.

Navarro Gas Production Co. and Louisiana Gas Production Co., a division of Commercial Solvents Corp., Docket No. CI72-834; Georgia Pacific Corp., Docket No. CP72-274.

By orders issued October 20 and November 10, 1972, we consolidated proceedings, granted interventions, and provided for hearing on the application of Georgia Pacific Corp. (GP) for a certificate of public convenience and necessity which requests authorization to construct and operate facilities required to attach additional supplies of natural gas in the Monroe Field, La. By means of said facilities, GP proposes to transport gas purchased from Navarro Production Co. and Louisiana Gas Production Co., a division of Commercial Solvents Corp. (Navarro) to its Crossett, Ark., plant.

Navarro has been selling gas, which is the subject of the application in Docket No. CP72-274, to Mid-Louisiana Gas Co. through existing facilities pursuant to a limited term certificate issued August 10, 1972. Said limited term certificate required Navarro to terminate its sale to Mid-Louisiana on December 1, 1972.

Subsequent to the issuance of our orders on October 20, 1972, providing for hearing, GP moved for reconsideration or in the alternative issuance of a temporary certificate and rescheduling procedural dates. By order issued November 10, 1972, we reiterated that "an evidentiary record should be made to develop the public interest issues involved in issuing a certificate of public convenience and necessity to GP, including the proposed end use of natural gas". We also referred therein to an issue raised by intervenor Mid-Louisiana that dwindling sources of natural gas in the Monroe Field might not justify the authorization of the new industrial pipeline into the area in view of the reduction in available supplies.

Subsequent to the order of November 10, GP on November 21 filed a notice of withdrawal of its application in Docket No. CP72-274 pursuant to the provisions of § 1.11(d) of the Commission's rules of practice and procedure. GP advised the Commission therein that Navarro served GP with a purported notice of termination of the gas sales contract and that a dispute exists between GP and Navarro with respect to Navarro's rights to the gas. GP further stated that it does not propose to construct or operate the 2.4 miles of 12¾-inch pipeline which GP had requested authorization for in Docket No. CP72-274 as it now proposes to install and operate certain other facilities to utilize its existing system in order to transport gas from Navarro to GP's plant in Crossett. On November 29, 1972, GP by telegram advised the Commission that it proposes to utilize its existing facilities certificated in Docket No. CP72-50 for the transportation of gas to be purchased from Navarro.

In Docket No. CP72-50, the Commission issued an order on November 15, 1971, authorizing GP to construct its initial facilities from Crossett, Ark., into the North Bastrop Area at an initial cost of $669,000, 46 FPC 1209. Said facilities were to be used by GP only during emergency conditions in order to provide 5,000-6,000 Mcf/d natural gas indispensably required as ignition fuel, for alternative fuel use in the drying operation in paper manufacturing where there was no practical alternative fuel suitable for this use, and only in the event that GP's regular natural gas supplier, Mississippi River Transmission Corp. (MRT) was totally curtailing GP (p. 1210).

GP's notice and telegram referred to previously in this order, indicates the intention of GP to proceed and to construct and operate facilities to connect gas supplies not specifically authorized by the certificate issued in Docket No. CP72-50. The construction and operation of facilities by GP to connect gas supply from Navarro may not be within the actual or legal contemplation of the certificate issued to GP and may be an unauthorized action. A pipeline connecting Navarro reserves to an interstate system, such as GP, may be a jurisdictional facility requiring prior Commission authorization (30 FPC 1477). Good cause therefore has not been shown to permit the effectuation of Notice of Withdrawal filed November 21, 1972. The hearing hereafter ordered should, as we have previously directed, develop an evidentiary record on the public interest issues involved in issuing a certificate of public convenience and necessity to GP to connect Navarro gas supplies, including the proposed end-use of natural gas. The resumed hearings hereinafter ordered should cure any deficiencies in preparation of a complete evidentiary record and provide all parties an opportunity to present their views.

The Commission finds:

(1) The grant of permission to withdraw the application of GP in Docket No. CP72-274 is not in the public interest.

(2) GP should be required to show cause why it should not first obtain a certificate of public convenience and necessity as required by section 7(c) of the Natural Gas Act prior to extension of facilities or transportation of additional gas supplies through existing facilities to its Crossett plant.

(3) An order to show cause should hereinafter issue, pursuant to § 1.6(d) of the rules.

(4) The record in these proceedings should be completed without undue delay in view of the circumstances.

The Commission orders:

(A) The notice of withdrawal filed November 21, 1972, by GP in Docket No. CP72-274 is rejected.

(B) GP is required to show cause why it is not required to first obtain a certificate of public convenience and necessity, pursuant to section 7(c) of the Natural Gas Act and the rules and regulations thereunder, before extending its facilities.

(C) Orders previously issued in these dockets are amended to provide participants an opportunity to complete the evidentiary record commencing on February 5, 1973, at 10 a.m., e.s.t., in a hearing room at Federal Power Commission, 441 G Street NW., Washington, DC 20426, at which time GP shall respond to these orders through appropriate witnesses.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Docket No. E-7690]

NEPOOL POWER POOL AGREEMENT

Notice of Further Extension of Time

JANUARY 10, 1973.

On December 29, 1972, the Northeast Public Power Association filed a motion for extension of time to file prepared testimony as required by the Commission's order issued on September 21, 1972 (37 FR 20278, Sept. 28, 1972), and amended by notices issued October 27, 1972 (37 FR 23666, Nov. 7, 1972) and December 13, 1972 (37 FR 28217, Dec. 21, 1972). The motion states that the NEPOOL Executive Committee and other interveners do not oppose the request.

Upon consideration, notice is hereby given that the time is extended to and including January 12, 1973, within which the Northeast Public Power Association shall file its prepared testimony and exhibits.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-896 Filed 1-15-73;8:45 am]

[Docket No. CP73-162]

SEA ROBIN PIPELINE CO.

Notice of Application

JANUARY 10, 1973.

Take notice that on December 21, 1972, Sea Robin Pipeline Co. (Applicant), Post Office Box 1407, Shreveport, LA 71158, filed in Docket No. CP73-162 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation and delivery of natural gas from Block 225, Ship Shoal Area, and Block 262 Eugene Island Area, offshore Louisiana, for Southern Natural Gas Co. (Southern), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Pursuant to a November 29, 1972, agreement between Applicant and Southern, Applicant will receive up to 25,200 Mcf of Southern's gas per day from Southern and transport such gas to Erath, Virmilion Parish, La., for delivery to United Gas Pipe Line Co. for exchange. United and Southern have filed in Docket No. CP69-305 a petition to amend the order issuing a certificate in said docket by authorizing the exchange of additional gas.

Applicant will charge Southern a monthly demand charge determined by multiplying $1.21 by the contract demand and by the ratio of the number of days such contract demand was in effect during such month to the total days in the month. Said rate is subject to adjustment for overruns and underruns.

Applicant states that the proposed service does not require the construction of additional facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-890 Filed 1-15-73;8:45 am]

V 38 - 10 JAN 16 73 XUM

[Project 382]

SOUTHERN CALIFORNIA EDISON CO.

Notice of Application for New License

JANUARY 9, 1973.

Public notice is hereby given that application was filed on February 4, 1972, under section 15 of the Federal Power Act (16 U.S.C. 791a–825r) by Southern California Edison Co. (correspondence to: Mr. Rollin E. Woodbury, vice president and general counsel, Southern California Edison Co., 2244 Walnut Grove Avenue, Rosemead, CA 91770) for a new license for constructed Project No. 382, known as the Borel Project, located on the North Fork of the Kern River in Kern County, Calif.

The installed capacity of the Borel Project is 9,200 kw. (14,400 hp.). The project consists of: (1) Diversion works consisting of a 4-foot high, 158-foot long concrete dam across the east river channel, a 61-foot long intake structure with three 10 by 10-foot radial gates across the west river channel and a 200-foot long earth dike extending from the east channel dam to the abutment; (2) a settling basin, immediately downstream of the intake, formed in the west river channel by a 2,850-foot long earth dike having an overflow concrete section with two 8 by 10-foot radial gates; (3) a canal intake structure with three 10 by 10-foot radial gates and a sluice gate section; (4) a conduit system which includes the 3,240-foot long settling basin, 50,551 feet of open concrete-lined canal, 453 feet of rectangular section concrete canal, 2,898 feet of siphon, a 632-foot overflow weir and auxiliary intake structure at the Corps of Engineers Isabella Auxiliary Dam, a 518-foot double barreled conduit through this dam, six concrete and four steel flumes with a total length of 2,601 feet and four tunnels (total length—1,998 feet); (5) a small forebay with a spillway; (6) four 522-foot long steel penstocks; (7) a powerhouse containing three generating units with a total installed capacity of 9,200 kw.; (8) 38 miles of 66 kv. transmission line extending from the powerhouse to a point near Tehachapi; and (9) all other facilities and interests in land appurtenant to the operation of the project.

The project as originally constructed had a diversion dam with insignificant storage. In 1954 the Corps of Engineers completed Isabella Dam and Reservoir and the regulation of flows provided by that reservoir has increased the generation by the Borel plant.

According to the application, the net investment as of the end of the license term will be $2,475,000, which is less than the fair market value. Applicant estimates that the project increases local and state tax revenues by $123,700 annually. In the event of federal takeover, Applicant estimates severance damages to be not less than $7,746,000.

The Borel Project has no recreation facilities. Recreation facilities are provided, however, at the Corps of Engineers Isabella Reservoir which include fishing, sailing, boating, swimming, water skiing, camping, picnicking, and hiking.

The power generated at the Borel Powerhouse is supplied to the Applicant's interconnected power system for the use of its customers.

Any person desiring to be heard or to make protest with reference to said application should on or before March 9, 1973, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to a proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and is available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-900 Filed 1-15-73;8:45 am]

[Docket No. CP73-136]

SOUTHERN NATURAL GAS CO.

Notice of Amendment to Application

JANUARY 10, 1973.

Take notice that on December 26, 1972, Southern Natural Gas Co. (Applicant), Post Office Box 2563, Birmingham, AL 35202, filed in Docket No. CP73-136 an amendment to its application filed in said docket pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain metering and regulating facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

In the original application Applicant proposed to abandon metering and regulating facilities located on its Tinsley Branch Line in Yazoo County, Miss., which have been used for the sale of natural gas to various petroleum companies, including Sohio Petroleum Co. (Sohio), because of the cancellation of its contracts with all but one of the subject purchasers.

In its amended application, Applicant states that it has agreed to disregard Sohio's October 10, 1972, letter requesting cancellation of service, and to continue Sohio's service as originally provided for in the original gas sales agreement, as authorized by the Commission in Docket No. CP66-161, on March 8, 1966 (35 FPC 369). Applicant therefore requests the Commission to delete that portion of its original application requesting authorization to abandon service to Sohio.

Any person desiring to be heard or to make any protest with reference to said amendment should on or before January 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-897 Filed 1-15-73;8:45 am]

[Docket No. CP73-4]

TRANSCONTINENTAL GAS PIPE LINE CORP.

Order Setting Date for Formal Hearing Prescribing Procedures, and Permitting Interventions

JANUARY 9, 1973.

On July 3, 1972, Transcontinental Gas Pipe Line Corp. (Transco) filed in Docket No. CP73-4 an application pursuant to section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain facilities and the transportation of natural gas on an interruptible basis from Texas and Louisiana to New Jersey for the Elizabethtown Gas Co. (Elizabethtown). The gas to be transported will be sold to Elizabethtown by its wholly owned production affiliate, National Exploration Corp. (Exploration), and gathered, measured and delivered to Transco's system for the account of Elizabethtown by either Exploration or another wholly owned subsidiary, National Gas Gathering Co. (Gathering). Transco alleges that the proposed interruptible transportation service is to provide sufficient quantities of gas to Elizabethtown to offset certain curtailments in service which Transco is now required to make due to deficiencies in flowing gas supplies in its system. According to Transco's application, Elizabethtown's affiliate, Exploration, currently has wells already drilled in the McCaskill Field located in Karnes and Goliad Counties, Tex., which are capable of delivering through gas to meet a daily curtailment of Elizabethtown's services of 12.02 Mcf and an annual curtailment of 2.856 Bcf.

We believe that Transco's application presents several issues warranting the benefit of a formal evidentiary hearing. The overriding policy issue, with respect to the sale of the gas which Transco is to convey, is the same policy issue raised by the Commission Staff and others in Northern Michigan Exploration Co. et al., Docket No. CI72-301 et al.[1]

[1] We remanded Docket No. CI72-301 et al., for further hearings on Dec. 6, 1972.

The issue, simply stated, is whether it is in the public interest to authorize proposals which encourage natural gas distributors to enter the production business and tie whatever gas is found and produced to their systems. The question of end-use is also of primary concern herein. We consider all agreements between Elizabethtown and Exploration with respect to the gas which Transco proposes to transport herein, to be relevant and material to the issues in this proceeding.

Petitions requesting leave to intervene in Docket No. CP73-4 were timely filed by the following petitioners:

Elizabethtown Gas Co.
National Exploration Co.
Public Service Electric & Gas Co.
Brooklyn Union Gas Co.
Board of Public Utility Commissioners of the State of New Jersey.

The Commission finds:

(1) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that a public hearing be held on the issues presented by the application filed in Docket No. CP73-4.

(2) It is desirable to allow all petitioners who have so requested to intervene in Docket No. CP73-4, in order that they may establish the facts and law from which the nature and validity of their alleged rights and interests may be determined and show what further action may be appropriate under the circumstances in the administration of the Natural Gas Act.

The Commission orders:

(A) The above named petitioners are permitted to intervene in the proceedings in Docket No. CP73-4 subject to the rules and regulations of the Commission: *Provided, however,* That the participation of such interveners shall be limited to matters affecting rights and interests expressly asserted in the petition to intervene: *And provided, further,* That the admission of such interveners shall not be construed as recognition by the Commission that they or any of them might be aggrieved because of any order or orders entered in these consolidated proceedings.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 7 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing on the issues presented by the application filed in the proceedings in Docket No. CP73-4 will be held in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, DC 20426, commencing at 10 a.m., on February 27, 1973. Applicant and supporting intervenors shall file with the Commission and serve on all parties, the Commission Staff and the Presiding Law Judge its proposed direct presentation in support of its application, including the prepared testimony of witnesses and exhibits, on or before February 2, 1973.

(C) A Presiding Law Judge to be designated by the Chief Law Judge for that purpose (see Delegation of Authority, 18 CFR 3.5(d)), shall preside at the hearing in these proceedings and prescribe relevant procedural matters not herein provided.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.73-903 Filed 1-15-73;8:45 am]

[Docket No. CP73-179]

UNITED GAS PIPE LINE CO.

Notice of Application

JANUARY 10, 1973.

Take notice that on January 12, 1972, United Gas Pipe Line Co. (Applicant), 1500 Southwest Tower, Houston, Tex. 77002, filed in Docket No. CP73-179 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas services, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks permission and approval for the abandonment of natural gas services to Monsanto Textiles Co. (Monsanto) at Monsanto's synthetic textile fiber manufacturing plant located near Pensacola, Fla., being made in accordance with a contract dated September 15, 1967, and to abandon in place 0.3 mile of 12-inch pipeline, and to abandon and remove a sale meter and regulator station, as authorized in Docket No. CP60-14.

Applicant states that its agreement with Monsanto was subject to a rate schedule with a stated monthly rate that expired on January 1, 1973, although said contract would have expired by its own terms on January 1, 1983. It is stated that Applicant submitted a new monthly rate schedule for the period January 1, 1973, through January 1, 1978, and two alternative proposals, all of which were rejected by Monsanto, thereby, Applicant states, effectively terminating the agreement between the parties. Applicant contends that since Monsanto would agree only to a new monthly rate that would not enable Applicant to acquire the new reserves necessary to enable continuing industrial service during a time of gas shortage, and because the subject contract is in effect terminated, the Commission should grant Applicant's request to discontinue service to Monsanto and to abandon facilities supporting such service.

Applicant states further that Monsanto is an industrial customer utilizing the gas it purchases from Applicant as feedstock and boiler fuel for the manufacture of synthetic textile fiber, and that Monsanto will most likely utilize natural gas from another source, butane, or fuel oil, upon the cessation of sales of natural gas by Applicant. It is further stated that since Applicant has been forced to curtail deliveries on its system of natural gas, Monsanto, as an industrial customer, should have a lower priority than other non-industrial customers of Applicant.

Applicant asserts that authorization of the termination of service requested herein will not result in a loss of gas to interstate commerce.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before January 25, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate for the proposed abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-839 Filed 1-15-73;8:45 am]

[Docket No. CP69-305]

UNITED GAS PIPE LINE CO. AND SOUTHERN NATURAL GAS CO.

Notice of Joint Petition To Amend Order

JANUARY 10, 1973.

Take notice that on December 21, 1972, United Gas Pipe Line Co. (United), 1500 Southwest Tower, Houston, TX 77002, and Southern Natural Gas Co. (Southern), Post Office Box 2563, Birmingham, AL 35202, filed in Docket No. CP69-305 a petition to amend the order of the Commission heretofore issued on August 19, 1969 (42 FPC 556), in said docket pursuant to section 7(c) of the

V 38 - 10 JAN 16 73 XUM

Natural Gas Act by authorizing an increase in the volumes of natural gas to be exchanged, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

The Commission's order of August 19, 1972, authorizes petitioners to exchange up to 400,000 Mcf per day of natural gas under an exchange agreement dated April 25, 1969. Pursuant to a supplemental agreement dated November 29, 1972, amending the April 25, 1969, agreement, petitioners propose to exchange up to an additional 25,200 Mcf of gas per day.

Pursuant to a transportation agreement dated November 29, 1972, Sea Robin Pipeline Co. (Sea Robin) will deliver the additional volumes of southern's gas to United at Erath, Vermilion Parish, La.; United will deliver to Southern an approximately equivalent amount of gas at the Bayou Sale Compressor Station, St. Mary Parish, La. Sea Robin has filed in Docket No. CP73-162 an application for a certificate of public convenience and necessity authorizing the transportation of Southern's gas.

Petitioners state that no additional facilities will be needed to implement the proposed additional exchange and that the additional exchange of natural gas between their respective pipeline systems will afford them greater flexibility in their daily operations enabling them to meet better their respective natural gas requirements.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before January 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-894 Filed 1-15-73;8:45 am]

[Docket No. E-7865]

WEST PENN POWER CO.

Notice of Proposed Changes in Rates and Application for Fuel Adjustment Clause

JANUARY 9, 1973.

Take notice that West Penn Power Co. (West Penn) on November 14, 1972, tendered for filing proposed changes in its FPC Rate Schedule No. 60. The filing consists of an electric service agreement between West Penn and Somerset Rural Electric Cooperative, Inc., which incorporates the proposed fuel adjustment clause and would increase West Penn's revenues from jurisdictional sales and services by an estimated $1,016 based on the 12-month period beginning November 15, 1972. The filing is also applicable to Southwest Rural Electric Cooperative Corp. and the proposed fuel adjustment clause would increase West Penn's revenues from jurisdictional sales and services by an estimated $582 based on the 12 months succeeding August 11, 1972.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before January 18, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-902 Filed 1-15-73;8:45 am]

[Docket No. R-427]

CONNECTICUT LIGHT & POWER CO.

Order Denying Application for Rehearing

DECEMBER 1, 1972.

Statement of policy implementing the Economic Stabilization Act of 1970 (Public Law 91-15, 84 Stat. 799, as amended by Public Law 92-15, 85 Stat. 38), and Executive Orders Nos. 11615 and 11627.

On November 1, 1972, the Connecticut Municipal Group[1] (CMG) applied for rehearing of Commission Order No. 437A-12, issued October 12, 1972. In that order, we found that since the fuel clause of Connecticut Light & Power (CL&P) is in conformity with § 35.14 of the regulations and that CL&P had certified that clause to the Commission in accordance with our Order No. 437A-5, the fuel clause was consistent with the purposes of the Economic Stabilization Act of 1970, as amended. We therefore authorized CL&P to implement the clause as of November 14, 1971, subject to authorization of the Price Commission.

CMG has alleged in their application that such authorization to CL&P constitutes an illegal retroactive rate increase. CMG also alleges that application of CL&P fuel clause is a direct violation of our Order 437A-5, in that it is equivalent to certifying a defective clause. Finally, CMG alleges that the fuel clause has been superseded by a proposed clause filed June 16, 1972, as part of a general rate increase and that our order of August 14, 1972, suspending the increases for 5 months also suspends the fuel adjustment clause.

The certification of CL&P's fuel adjustment clause in our Order No. 437A-12 on October 12, 1972 is not retroactive rate making as CMG alleges. This fuel clause was operative prior to August 15, 1971, and would have remained operative but for Executive Order Nos. 11615 and 11627. In certifying this clause we did not make new rates, we merely satisfied ourselves that the clause was in conformity with the Economic Stabilization Program of the United States. CMG's position is that the price freeze terminated CL&P's fuel clause rather than suspended its operation, and, as pointed out above, this conclusion is incorrect.

CMG is in error in insisting on the fact that the fuel adjustment clause in effect on August 14, 1971 was not in conformity with § 35.14 of the rules and regulations. Again, this results from confusing the certification process set out in Order No. 437A-5 with the issues that may arise in a general rate case. Contrary to CMG's assertions, we have not found that CL&P's fuel clause, as it existed on August 14, 1971, is inconsistent with § 35.14 of our regulations. However, with the changes agreed to by the company to be effective on November 14, 1971, the fuel clause more accurately allocates transmission and distribution losses to the wholesale customers.

Finally, the fuel clause in question is not affected by our suspension order of August 14, 1972, in Docket No. E-7743. Although that proceeding may result in the utilization of a new fuel clause after January 16, 1973, the date the suspension period specified in Docket No. E-7743 terminates, the fuel clause we certified in our Order No. 437A-12 is presently operational until replaced.

The Commission finds:

(1) For the reasons stated herein and in our Order No. 437A-12, the fuel clause of CL&P has been properly certified pursuant to Order No. 437A-5.

(2) The instant application for rehearing should be denied.

The Commission orders:

(A) The application for rehearing, filed by CMG on November 1, 1972, is hereby denied.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.73-884 Filed 1-15-73;8:45 am]

[Docket No. E-7810]

KANSAS GAS & ELECTRIC CO.

Order Accepting Rate Schedules for Filing; Order To Show Cause

JANUARY 9, 1973.

Kansas Gas & Electric Co. (KG & E), on November 8, 1972, tendered for filing proposed changes in its rates and charges applicable to private and municipal electric distribution utilities and to rural electric cooperative associations. The changes which would increase annual revenues approximately $367,000 (9.89 percent) based upon 1972 operations, are proposed to become effective on January 10, 1973. The tendered rate filing consists of rate schedules proposed to supersede PMW-268, public utility resale, REA-369, service to nonprofit rural electric cooperative associations and electric interconnection contracts or agreements and service schedules to various municipalities.

KG & E states that the increased rates are needed to permit it to earn a more equitable return from its service to resale customers, and that under present rates KG & E earned 5.39 percent overall from these services in 1971. The 5.39 percent includes 3.95 percent from rural electric, 7.38 percent from small municipalities without generation, and 4.91 percent from municipalities with generation. The proposed rates would provide rate of return of 6.09 percent from rural electric, 7.61 percent from systems (municipalities and private systems) without generation, and 6.86 percent from municipalities with generation, based upon 1971 test year operations. KG & E further states that without the proposed rate increase, the company cannot attract on reasonable terms the new capital necessary to finance its $141 million construction program through 1976, needed to provide a continued supply of electricity, including the growth in requirements. KG & E requests that in view of its supporting statements reflecting declining earnings, the rate filing be permitted to become effective on January 10, 1973, without suspension.

Our review of KG & E's cost of service included with its filing indicates that the rates are not excessive. Accordingly, we shall accept the filing without suspension.

In addition to the increases in rates and charges, the rate filing includes changes in the fuel adjustment clause contained in KG & E's rate schedules, revised to update the base cost of fuel and to reflect increased system efficiency. The clause is formulated in such a way that the company's own fuel expense variations would be imputed to its purchased energy and interchange receipts. In this respect, the fuel clause appears to be inconsistent with the principles enunciated in the Commission's Opinion No. 633, issued October 30, 1972, in New England Power Co., Docket No. E-7541, 48 FPC ——, and § 35.14 of the Commission's regulations under the Federal Power Act. KG & E, therefore, should be required to show cause why its fuel adjustment clause should not be made to conform to those principles. There we stated that sound long-term regulatory policy should require a "fuel clause design which would adjust for variations in the cost of the fuel which is consumed to generate purchased power (i.e., the seller's fuel costs), as distinguished from the cost of fuel attributable to such power (i.e., the purchaser's fuel costs)" (mimeo., p. 12).

The filing also contains a provision for an increase or decrease in rate level to coincide with a change in taxes. We shall provide that upon invocation of such change KG & E shall submit to the Commission the appropriate data and computations showing the basis for the calculations of change in rate.

Notice of the filing was issued on December 13, 1972, and was published in the FEDERAL REGISTER on December 19, 1972 (37 FR 27556). Notice of intervention was filed by State Corporation Commission of Kansas. Comments were filed by the Caney Valley Electric Cooperative Association, Inc., and by the Sedgwick County Electric Cooperative Association, Inc. Neither the notice nor the comments raises any factual issue, and neither requests a hearing. The cooperatives do not request leave to intervene.

The Commission finds:

It is reasonable and appropriate and in the public interest pursuant to the provisions of the Federal Power Act that KG & E's filing tendered on November 8, 1972, be accepted for filing and be permitted to be effective without suspension as hereinafter ordered and conditioned.

The Commission orders:

(A) The proposed rates tendered herein on November 8, 1972, are accepted for filing to be effective as of January 10, 1973, subject to the terms and conditions of this order.

(B) Pursuant to sections 205, 206, and 309 of the Federal Power Act, the Commission's regulations issued thereunder, and the Commission's rules of practice and procedure, KG & E on or before February 7, 1973, shall show cause why its fuel adjustment clause should not be made to conform to the principles set forth in the Commission's Opinion No. 633.

(C) Prior to KG & E's effecting any change in rate pursuant to the tax clause described herein, KG & E shall submit appropriate data and computations showing the basis for the change in rate.

(D) This order is without prejudice to any findings or orders which have been or may hereafter be made by this Commission in this or any other proceeding instituted by or against KG & E or any other person or party affected by the rates hereby permitted to become effective.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

CERTIFICATION OF RATE INCREASE, KANSAS GAS & ELECTRIC CO.—E-7810

(1) The former price, before the increase granted herein, the new price as granted, and the percentage increase in price are as follows (based on test year operations, 12 months ended December 31, 1971):

	Former price	New price	Percent increase
Revenues	$3,416,708	$3,756,308	9.9

(2) The rate increase is expected to provide increased annual revenues of $339,600 from the wholesale customers.

(3) The increase in the company's profits will be $164,672, or stated in terms of percentage of its total jurisdictional sales, will be 2.0 percent.

(4) The increase in the company's overall rate of return on capital (rate base) will be from 8.13 percent to 8.28 percent, 0.15 percentage point or 1.85 percent.

(5) Sufficient evidence was taken during the course of this proceeding to determine whether or not the criteria set forth in paragraphs (d) (1) through (4) of § 300.16 of the rules and regulations of the Price Commission have been met.

(6) The rate increase granted in this proceeding meets the criteria set out in paragraphs (d) (1) through (4) of § 300.16 of the rules and regulations of the Price Commission.

[FR Doc.73-883 Filed 1-15-73;8:45 am]

[Dockets Nos. RP71-107, RP72-127]

NORTHERN NATURAL GAS CO.

Order Accepting for Filing and Suspending Proposed Revised Tariff Sheet and Consolidating Proceedings

JANUARY 5, 1973.

Northern Natural Gas Co. (Northern), on December 7, 1972, tendered for filing as part of its FPC Gas Tariff, Third Revised Volume No. 1, First Revised Sheet No. 6a, which has the effect of combining presently effective operational areas E and F into one new operational area designated E-F. The tendered filing was given Docket No. RP71-107. An effective date of January 5, 1973, is requested.

Northern states that with the advent of a new supply of gas authorized pursuant to Commission Opinion No. 618 which is now flowing into the northern end of Northern's system, the system operations do not require two operational areas. Northern further states that the combining of these operational areas will give more operating flexibility to Northern's utility customers that have communities located in both the currently effective operational areas E and F.

Northern requests waiver to the extent necessary of the notice requirements of § 154.22 under § 154.51 of the regulations.

Northern's operational areas formally demarcate the areas covered by various customer billing groups. By our order issued October 2, 1972, in Docket No. RP71-107 (Phase I), we deferred decision on the issue of group billing and directed that the issue be considered in Docket No. RP72-127. Since a determination of the justness and reasonableness of consolidation of operational areas E and F is predicated on a determination of the justness and reasonableness of group billing, it is reasonable and appropriate to suspend the use of First Revised Sheet No. 6a to Northern's FPC Gas Tariff Third Revised Volume No. 1 for 1 day, subject to refund, and to consolidate the instant filing in Docket No. RP71-107 with Docket No. RP72-127 for purposes of hearing and decision.

The Commission finds:

It is reasonable and proper in the public interest and to aid in the enforcement of the Natural Gas Act that Northern's

[1] The city of Groton, borough of Jewett City, second and third taxing districts of the city of Norwalk, city of Norwich, town of Wallingford, and the Connecticut Municipal Electric and Gas Association.

V 38 - 10 JAN 16 73 XUM

First Revised Sheet No. 6a tendered for filing on December 7, 1972, be accepted for filing, suspended, and the use thereof be deferred as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 5 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Chapter I), a public hearing shall be held concerning the lawfulness of the rates, charges, classifications, and services contained in Northern's FPC Gas Tariff, as proposed to be amended herein.

(B) The issues raised in the December 7, 1972, tendered filing in Docket No. RP71-107 are hereby consolidated for hearing and decision with Docket No. RP72-127.

(C) Pending hearing and a final decision in these consolidated proceedings, First Revised Sheet No. 6a to Northern's FPC Gas Tariff, Third Revised Volume No. 1 is accepted for filing, suspended for 1 day, and the use thereof deferred until January 6, 1973, and until such further time as it is made effective in the manner provided in the Natural Gas Act.

(D) The notice requirements of § 154.22 of the Commission's regulations under the Natural Gas Act are hereby waived.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.73-885 Filed 1-15-73;8:45 am]

[Docket No. RP71-119]

PANHANDLE EASTERN PIPE LINE CO.

Motion of Commonwealth Edison Co. for Extraordinary Relief

JANUARY 9, 1973.

Take notice that on December 29, 1972, Commonwealth Edison Co. (Commonwealth) filed a motion in Docket No. RP71-119 petitioning the Commission for extraordinary relief in the form of an order temporarily modifying Panhandle Eastern Pipe Line Co.'s (Panhandle) deliveries as contemplated under the interim curtailment plan heretofore approved by the Commission.[1] Commonwealth requests that Panhandle be ordered to provide it with a delivery volume of 1,920 Mcf per day and 10,500 Mcf per month of natural gas at such times as those volumes are required by Commonwealth during that period of time during which the aforementioned interim curtailment plan continues in effect.

Commonwealth alleges that it is a major public utility generating and distributing electricity throughout the northern one-fifth of the State of Illinois, including the City of Chicago. The natural gas it purchases from Panhandle is consumed at its Kincaid electric generating station and this station provides approximately 10 percent of Commonweath's generating capacity.

Commonwealth states that the natural gas consumed at the Kincaid Station is used to ignite coal in its cyclone burners when bringing up the boilers from a cold start and for flame stabilization during periods of light load.

Commonwealth alleges that it does not have alternate facilities that can utilize oil or propane to ignite the coal that is consumed in these boilers. Hence, it strongly urges that these small amounts of natural gas are essential to assure the continued operation of the station. It further notes that the inability to offer adequate and reliable electric service to a large part of Illinois could have a significant human needs impact since electric power is a basic need of the consuming public.

Commonwealth stresses that it does not seek total exemption from the effects of Panhandle's curtailment plan. However, it contends that it will not be able to operate its Kincaid facilities in the event that Panhandle delivers only 1,664 Mcf per day and 7,290 Mcf per month as is currently projected for January 1973.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 17, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 5, 15, and 16 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the request is required by the public convenience and necessity. If a petition for leave to intervene is timely filed or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.73-886 Filed 1-15-73;8:45 am]

[Dockets Nos. G-10426, CP70-137]

EL PASO NATURAL GAS CO.

Findings and Order Issuing Temporary Certificate of Public Convenience and Necessity, Providing for Hearing, and Establishing Procedure

JANUARY 8, 1973.

On September 6, 1972, and on September 22, 1972, El Paso Natural Gas Co. (Petitioner) filed in Dockets Nos. CP70-137 and G-10426, respectively, petitions to amend the orders of the Commission issuing certificates of public convenience and necessity in said dockets on May 12, 1970 (43 FPC 723), and November 21, 1957 (18 FPC 690), as amended, respectively, by authorizing an increase in its contract demand service for certain of its Northwest Division customers, all as more fully set forth in the appendix and in the petitions to amend in this proceeding.

By certain Commission orders,[1] Petitioner is authorized to import, in increments, into the United States from Canada, an additonal 300,000 Mcf of natural gas per day purchased from its Canadian supplier, Westcoast Transmission Co., Ltd., at Sumas, Wash., and to construct and operate the facilities necessary to transport the additional gas to its customers. Petitioner herein seeks authorization to allocate 65,000 Mcf of the final increment of 75,000 Mcf of natural gas per day to its Northwest Division customers in the manner described in the attached appendix. Petitioner on September 29, 1972 and October 16, 1972, filed a total of 18 superseding service agreements providing for the proposed service. Petitioner proposes to reserve the remaining 10,000 Mcf of natural gas per day for itself to assure a margin of service reliability.

In response to Commission Staff inquiry, Petitioner, on November 16, 1972, filed supplemental data reflecting the contemplated peak day and annual enduse of the additional volumes proposed to be allocated as a result of this proceeding. The supplemental data reflect that a portion of the peak day requirements on an annual basis, over 50 percent of the incremental volumes will be for industrial use. Accordingly, during this period of critical gas supply shortage, we believe that a full evidentiary record should be developed to explore the public convenience and necessity issues involved in this proceeding. That record should include, inter alia, a full market review (including end-use) through the submission of evidence by Petitioner, its customers, and where appropriate, its customers' customers. The inquiry should establish, inter alia, the ultimate use of the natural gas proposed to be sold by Petitioner in order to permit us to evaluate the public interest issues of whether to grant the certificate as requested during this period of national gas supply shortages.

Petitioner has requested the Commission to permit its proposal to become effective as of November 1, 1972. However, Petitioner has not shown any good cause for granting waiver of our regulations to permit the grant of the proposed effective date. In its supplemental data

[1] Order issued June 20, 1972.

[1] Docket No. G-8923 et al., on Jan. 20, 1970 (43 FPC 87), and May 12, 1970 (43 FPC 723); Docket G-10428 on Nov. 21, 1957 (18 FPC 690), and Nov. 4, 1971 (48 FPC ——); Docket No. CP70-137 on May 12, 1970 (43 FPC 723), and July 28, 1971 (FPC 232); and Docket No. CP70-138 on Feb. 9, 1971 (45 FPC 252).

filing, Petitioner alleges that several of its distributor customers have been unable to cover their growth in residential and commercial peak day requirements with their prorata allocations. Thus, there exists the possibility of a shortage of supply to meet the needs of residential and commercial consumers. Accordingly, an emergency within the meaning of section 7(c) of the Natural Gas Act exists and we will issue a temporary certificate pending determination of this proceeding to assure maintenance of adequate service to the residential and commercial consumers on Petitioner's system. However, El Paso should specifically advise all of its recipient customers herein that, because of the temporary grant, a firm reliability cannot be placed on the instant volume, and that their respective operations should be conducted accordingly.

After due notice by publication in the FEDERAL REGISTER of the petitions to amend on October 7, 1972 (37 FR 21379), a notice of intervention was filed in Docket No. G-10426 by The People of the State of California and the Public Utilities Commission of the State of California; however said notice of intervention was subsequently withdrawn. No petitions to intervene, protests to the granting of the petitions to amend or further notices of intervention have been filed.

The Commission finds:

(1) Good cause exists for issuing a temporary certificate of public convenience and necessity to Petitioner as hereinafter conditioned.

(2) Good cause exists for the Commission to enter upon a hearing and for establishing the procedures for that hearing.

The Commission orders:

(A) Upon the terms and conditions of this order, a temporary certificate of public convenience and necessity is issued authorizing Petitioners to render the service as requested and hereinbefore described and as more fully set out in the application filed in this proceeding.

(B) The temporary certificate issued above is conditioned as follows:

(1) The temporary certificate shall take effect upon the date of the issuance of this order and shall remain in effect pending final resolution of the issues involved in this proceeding.

(2) The issuance of this temporary certificate is without prejudice to the final disposition of the application for the certificate requested herein as the record may require.

(C) Pursuant to the authority of the Natural Gas Act, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing shall be held commencing on February 14, 1973, at 10 a.m., e.s.t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, DC 20426, on the issues involved in determining whether the public convenience and neeessity require the issuance of a permanent certificate as proposed in Petitioner's application.

(D) On or before January 29, 1973, Petitioner shall prepare and file with the Commission and serve on all parties, including Staff, its testimony and exhibits on the issues set forth in the body of this order and all other issues in support of its requested certificate.

(E) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for the purpose [see Delegation of Authority, 18 CFR 3.5(d)] shall preside at the hearing in this proceeding pursuant to the Commission's rules of practice and procedure.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

APPENDIX

Customer	Contract demand, in therms[4] Present	Proposed
Town of Buckley, Wash	23,545	24,685
California-Pacific Utilities Co	294,455	308,710
Cascade Natural Gas Corp	1,861,500	1,951,730
Colorado Interstate Gas Co	[1] 1,501,769	[1] 1,575,494
Columbia Gas Co	51,220	53,630
City of Ellensburg, Wash	42,265	[2] 55,000
City of Enumclaw, Wash	24,455	25,715
Intermountain Gas Co	1,554,890	1,630,235
Mountain Fuel Supply Co	[1] 750,884	[1] 787,303
City of Naturita, Colo	3,300	3,525
Northwest Natural Gas Co	2,583,265	2,708,440
Northern Natural Gas Co. operating as Peoples Natural Gas Division	50,870	52,965
Rocky Mountain Natural Gas Co., Inc	5,400	[3] 5,400
Southwest Gas Corp	1,143,710	1,199,130
Utah Gas Service Co	63,550	66,560
Washington Natural Gas Co	2,771,000	2,905,330
The Washington Water Power Co	1,220,000	1,279,065
Western Slope Gas Co	30,000	31,455
Wyoming Industrial Gas Co	24,000	25,270
Total	14,000,078	14,689,632

[1] Deliveries to Colorado Interstate Gas Co. and Mountain Fuel Supply Co. are made on an Mcf basis. Such therm quantities shown equate to 143,710 Mcf and 150,675 Mcf, respectively, for Colorado Interstate and 715,85 Mcf and 75,340 Mcf, respectively, for Mountain Fuel. Authorization to increase these volumes was requested in Docket No. G-10426. All other authorization was requested in Docket No. CP70-137.

[2] The actual allocated pro rata share for the city of Ellensburg is 44,225 therms; however, by agreement reached among the other customers, an additional 10,775 therms has been allocated for service to Central Washington State College.

[3] Rocky Mountain Natural Gas Co., Inc., does not require nor desire an increase in contract demand quantities.

[4] 10 therms are equivalent to 1 Mcf of natural gas at 1,000 B.t.u.'s per cubic foot.

[Docket No. E-7815, et al.]

OHIO EDISON CO. ET AL.

Notice of Applications

JANUARY 8, 1973.

Take notice that each of the applicants listed herein has filed an application pursuant to section 205 of the Federal Power Act and part 35 of the regulations issued thereunder.

Any person desiring to be heard or to make any protest with reference to said applications should on or before January 19, 1972, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The applications are on file with the Commission and available for public inspection.

APPLICATIONS FOR INTERCONNECTION RATE SCHEDULES AND AMENDMENTS THERETO

Docket Nos.	Date filed	Name of applicant	Action
E-7815	11- 2-72	Ohio Edison Co	Amendment to interconnection agreements, dated Jan. 1, 1970 (rate schedule FPC 71 and rate schedule FPC 21). Company requests accompanying rate adjustment.
E-7816	10-30-72	Dayton Power & Light Co.	Company requests interconnection agreement, establishing 1 point of delivery with the city of Piqua, Ohio.
E-7823	11-10-72	NEPOOL	NEPOOL participants submit requests modifying effective date of NEPOOL interconnection agreements (rate schedule FPC 27, 41, 74, and 12) from Nov. 1, 1972 to Oct. 1, 1972.
E-7835	7- 7-72	Florida Power Corp	Interconnection agreement between company and 8 operating utilities in Florida.
E-7837	11- 2-72	Arkansas Power & Light.	Amendment to interconnection agreement (rate schedule FPC 67) and transmission agreement (rate schedule FPC 52). Company requests transfer of 7 points of delivery served under rate schedule FPC 52 to be served under rate schedule FPC 67, effective July 1, 1972.
E-7848	11-22-72	Southern Services, Inc	Proposed amendment to interchange agreement, dated Oct. 10, 1950 (rate schedule FPC Nos. 40, 126, 782, 55, and 107). Amendment is to take effect Jan. 1, 1973.
E-7859	9-29-72	Iowa Public Service Co	Amendment to interconnection agreement, dated Dec. 21, 1962 (rate schedule FPC 19).
E-7857	9- 7-72	Idaho Power Co	Amendment to interconnection agreement, dated Apr. 23, 1958 (rate schedule FPC 28). Company requests incorporation of wheeling agreement under rate schedule FPC 28.
E-7858	9-15-72	Utah Power and Light Co.	Amendment to interconnection agreement, dated July 8, 1963 (rate schedule FPC 26).
E-7860	9-25-72	do	May 15, 1972, agreement, designated service schedule H-2, amends interconnection agreement dated Mar. 4, 1941 (rate schedule FPC Nos. 19 and 3) between Utah Power & Light and Montana Power Co.
E-7871	8-11-72	Union Electric Co	Amendment to interconnection agreement (rate schedule FPC 76). Company requests 2 amendments to filed rate schedule, to be effective Oct. 1, 1972.
E-7872	8-15-72	Cleveland Electric Illuminating Co.	Company files interim interconnection agreement, dated July 25, 1972. The interconnection agreement is to take effect under the CAPCO transmission facilities agreement, filed with the Commission on Nov. 30, 1971.

CIVIL AERONAUTICS BOARD

[Docket No. 25105; Order 73-1-31]

KODIAK-WESTERN ALASKA AIRLINES, INC.

Service Mail Rates; Order To Show Cause

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 11th day of January 1973.

By this order the Board proposes to establish a final service mail rate which is necessitated by Board approval of the merger of Kodiak Airways, Inc., and Western Alaska Airlines, Inc., and the reissuance of the certificate of public convenience and necessity and all operating authority of each carrier to a single carrier under the name of Kodiak-Western Alaska Airlines, Inc.[1] The record in the merger case shows that the merged operations will result in improved mail service, inasmuch as the routes formerly flown by Western Alaska will receive daily rather than 6-days-per week service.[2]

Order 72-1-103, dated January 28, 1972, established separate final service mail rates for Kodiak and Western Alaska for the period on and after May 2, 1970. Each rate consists of a scale of terminal charges for originating mail pounds and a scale of line-haul charges based on mail ton-miles which are expressed as unit rates per pound or per ton-mile, respectively. The rates are payable to each carrier by 28-day accounting periods in accordance with a payment formula which scales down the unit rates for block increases in pounds originated and mail ton-miles flown. Unless new rates are established, the merger of Western Alaska into Kodiak will result in the surviving carrier's receiving service mail pay based on Kodiak's rate for the combined mail volume previously transported by the two carriers individually.

Application of Kodiak's unit rates to the increased mail volume without making a proportionate revision in the number of mail pounds originated and mail ton-miles flown in each pound and ton-mile block would result in transportation of a large portion of the mail volume at succeedingly lower rates. As there is nothing to indicate any appreciable change in the cost of the mail service since the recent establishment of rates for these carriers, it is appropriate to revise the rate structure so that the surviving carrier will receive approximately the same dollars of service mail pay as the sum of the dollars of service mail pay received by Kodiak and Western Alaska under their individual rate formulas. In order to accomplish this revision, we have combined the originating mail pounds and mail ton-miles in each pound and ton-mile block, in each carrier's rate formula, to which Kodiak's respective unit rates will apply.[3]

Proposed findings and conclusions. On the basis of the foregoing, the Board tentatively finds that:

1. The fair and reasonable rate of compensation to be paid Kodiak-Western Alaska Airlines, Inc., pursuant to the provisions of section 406 of the Federal Aviation Act of 1958, for the transportation of mail by aircraft over its entire system, the facilities used and useful therefor, and the services connected therewith, for future annual periods on and after the date of institution of services by Kodiak-W.A. pursuant to the certificate to be issued as provided in Order 72-11-71, is a service mail rate consisting of the following charges:

(a) Terminal charges of 7.5 cents per pound for the first 400,000 originating mail pounds per year, of 5 cents per pound for the second 400,000 originating mail pounds per year, and of 2.5 cents per pound for any mail pounds in excess of 800,000 pounds originating during the year.

(b) Line-haul charges of $4 per ton-mile for the first 20,000 mail ton-miles per year, and of $2 per ton-mile for the additional mail ton-miles in excess of 20,000 ton-miles per year.

(c) The foregoing charges would be made payable to Kodiak-W.A. by 28-day postal accounting periods, beginning on the date of institution of services by Kodiak-W.A. pursuant to the certificate to be issued as provided in Order 72-11-71, in accordance with the following formula:

PAYMENT FORMULA PER 28-DAY POSTAL ACCOUNTING PERIOD

	Unit Rate Cents
Terminal charges:	
First 30,800 pounds originated	7.5
Second 30,800 pounds originated	5.0
All other pounds originated	2.5
Line-haul charges:	*Dollars*
First 1,540 ton-miles	4.00
All other ton-miles	2.00

2. The mail ton-miles used in computing the service mail payments at the foregoing rates shall be based upon the great circle airport-to-airport mileage between points served for the carriage of mail.

3. The final service mail rate here fixed and determined is to be paid in its entirety by the Postmaster General.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof, and the Board's procedural regulations, 14 CFR, Part 302, *It is ordered*, That:

1. All interested persons and particularly Kodiak-Western Alaska Airlines, Inc., and the Postmaster General are directed to show cause why the Board should not adopt the foregoing proposed findings and conclusions and fix, determine, and publish the final rate specified above.

2. Further procedures herein shall be in accordance with 14 CFR, Part 302, and, if there is any objection to the rate or to the other findings and conclusions proposed herein, notice thereof shall be filed within 10 days after the date of service of this order, and if notice is filed, written answer and supporting documents shall be filed on or before February 12, 1973.

3. If notice of objection is not filed on or before January 22, 1973, or if notice is filed and if answer is not filed on or before February 12, 1973, all persons shall be deemed to have waived the right to a hearing and all other procedural steps short of a final decision by the Board, and the Board may enter an order incorporating the findings and conclusions proposed herein and fix and determine the final rate specified herein.

4. If answer is filed presenting issues for hearing, the issues involved in determining the fair and reasonable rate herein shall be limited to those specifically raised by such answers except as otherwise provided in 14 CFR 302.307.

5. This order shall be served upon Kodiak-Western Alaska Airlines, Inc., and the Postmaster General.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] HARRY J. ZINK,
Secretary.

[FR Doc.73-912 Filed 1-15-73;8:45 am]

[Docket No. 25106; Order 73-1-32]

KODIAK-WESTERN ALASKA AIRLINES, INC.

Subsidy Mail Rates; Order To Show Cause

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 11th day of January 1973.

By this order, the Board proposes to establish a final subsidy rate for Kodiak-Western Alaska Airlines, Inc., which is made necessary by Board approval of the merger of Kodiak Airways, Inc., and Western Alaska Airlines, Inc.[1] The operations of Kodiak and Western Alaska are to be merged, and the certificate and all operating authority of each carrier are to be reissued in the name of Kodiak-Western Alaska Airlines, Inc., as the surviving carrier, when all of the conditions attached to the merger are met. Ordering paragraph No. 4 of Order 72-11-71 provides for the institution of a proceeding to establish a final subsidy rate for the merged carrier, and withholds final approval of the merger until conclusion of the rate proceeding. The Board has reviewed all available facts bearing on the merged carrier's need for subsidy support and by this order proposes to establish a final subsidy rate.

Orders E-23085, January 5, 1966, and E-24725, February 7, 1967, established a final rate of mail compensation for Kodiak for periods on and after July 1, 1965, of $165,962 annually. This amount included both the compensation for the carrier's mail services, which is paid by the Postmaster General at rates established by the Board (service mail rates), and subsidy, payable by the Board. Order E-17469, September 19, 1961, established a final rate of mail compensation for Western Alaska for periods on and after April 1, 1961, of $186,775 annually, consisting of a subsidy element payable by the Board, and a service-rate element payable by the Postmaster General.

The two carriers' total mail pay, including subsidy, amounts to $353,906 annually.[2] However, based upon the facts developed at the hearing in the merger case, the Administrative Law Judge found, and the Board adopted his finding, that the merged carrier should realize a $36,856 increase in net profit for calendar year 1973, and that the subsidy need of the merged carrier would thus be reduced. The resulting amount is $317,050. Additionally, the Board by Order 73-1-31, issued contemporaneously herewith, is proposing to establish service mail rates for the merged carrier which are estimated to yield $187,541 in service mail pay.[3] Deducting this amount from the total mail pay need of $317,050 produces a subsidy requirement of $129,509.[4]

On the basis of our review of all available information, we are satisfied that the rate proposed by this order meets the standards of section 406(b) of the Act. Both carriers are now operating under final rates. We have examined their Form 41 reports for the latest period and it is clear that neither carrier is realizing excess earnings. Moreover, neither carrier has claimed inadequate earnings or subsidy. We have no reason to believe at this juncture that a full-scale review of the surviving carrier's operations as projected in the merger case would result in the establishment of a subsidy requirement significantly different from the subsidy element in the current rates of the merger partners, less the $36,856 reduction in need we are here proposing to take into consideration. In view of these circumstances, the Board tentatively finds that the final rate proposed herein will meet the need of the carrier and is fair and reasonable.

The Board therefore concludes that the fair and reasonable mail compensation for Kodiak-W.A.'s system, for annual periods on and after the date of institution of services by Kodiak-W.A. pursuant to the certificate to be issued as provided in Order 72-11-71, is the sum of (1) the carrier's service mail pay as established in other orders of the

---

[1] Kodiak-Western Alaska Merger, Docket 23760, Order 72-11-71, dated Nov. 16, 1972.

[2] Western Alaska has not provided service over its routes on Saturdays.

[3] The revised formula would have produced service mail pay of $187,541 for the 12 months ended June 30, 1972, the latest period for which the Postmaster General has furnished certified mail volume data. For the same period, the estimated combined total service mail payment to Kodiak and Western Alaska, on the basis of their individual rate formulas, is $189,325.

[1] Kodiak-Western Alaska Merger, Docket 23760, Order 72-11-71, dated Nov. 16, 1972.

[2] In order to be consistent with the estimate of service mail pay developed in Order 73-1-31, the total mail pay has been computed on the basis of 366 days. This accounts for the difference between the total stated here and the total for the two carriers stated in the preceding paragraph.

[3] Kodiak and Western Alaska are the last Alaskan carriers to receive mail pay under total rates of mail compensation. Orders E-23085, Jan. 5, 1966, and E-24725, Feb. 7, 1967, for Kodiak, and Order E-17469, Sept. 19, 1961, for Western Alaska. Under the so-called total rates, the subsidy element varies from month to month depending on the amount of service mail pay actually received, so that the total mail compensation remains the same. Consistency of treatment requires that separate subsidy rates be established for the merged carrier. The subsidy rates proposed herein will not vary with fluctuations in the service mail pay received.

[4] $129,082 for a 365-day year.

V 38-10 JAN 16 73 XUM

Board,[5] and (2) subsidy of $129,509 for a 366-day year and $129,082 for a 365-day year.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof, and the Board's Procedural regulations, 14 CFR Part 302, *it is ordered*, That:

1. Kodiak-Western Alaska Airlines, Inc., is directed to show cause why the Board should not fix, determine, and publish as the fair and reasonable final rate or compensation to be paid Kodiak-W.A. for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith between the points between which the carrier hereafter may be authorized to transport mail by its certificates of public convenience and necessity, the sum of (a) the carrier's service mail pay as established in other orders of the Board, and (b) subsidy as follows:

For each calendar month on and after the date of institution of services by Kodiak-W.A., in which miles designated by the Postmaster General for the transportation of mail are flown, an amount determined by multiplying the appropriate rate stated below by the scheduled miles flown during the month, or the appropriate base mileage times the number of days in the month, whichever is lower:

Period of operation [1]	Rate per mile	Daily base mileage
Date service instituted through Apr. 30, 1973	*Cents* 53.37	800
May 1, 1973, through Oct. 31, 1973, and the like 6-month period in each succeeding year	28.15	1,000
Nov. 1, 1973, through Apr. 30, 1974, and the like 6-month period in each succeeding year	53.37	800

[1] In accordance with normal practice with regard to Alaskan carriers, the rate is designed to provide Kodiak-W.A. with 60 percent of the annual payment for services during the low-revenue, higher-subsidy-need months of November through April.

Provided, That the rate set forth above shall be reduced by any adjusted annual capital gain in accordance with the provisions set forth in Appendix B to the *Capital Gains Proceeding*, 29 CAB 384 (1959), as such Appendix B may be amended from time to time, and said Appendix B is incorporated by reference herein.

The scheduled revenue plane-miles flown shall be computed on the direct airport-to-airport mileage between the points actually served on each revenue trip operated over Kodiak-W.A.'s authorized routes pursuant to its flight schedules filed with the Board, including all revenue trips operated as extra sections thereto.

2. All further procedures herein shall be in accordance with the rules of practice, particularly Rule 302, et seq., and if there is any objection to the rate specified in this order, notice thereof shall be filed on or before January 22, 1973, and, if notice is filed, written answer and supporting documents shall be filed on or before February 12, 1973.

3. If notice of objection is not filed on or before January 22, 1973, or, if notice is filed, and answer is not filed on or before February 12, 1973, all parties shall be deemed to have waived the right to a hearing and all other procedural steps short of a final decision by the Board, and the Board may enter an order fixing the rate specified in this order.

4. If answer is filed, the issues involved in determining the fair and reasonable rate shall be limited to those specifically raised by the answer, except insofar as other issues are raised in accordance with Rule 307 of the rules of practice.

5. This order shall be served upon Kodiak-Western Alaska Airlines, Inc., and the Postmaster General.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board:

NOTE: An appendix showing computation of the subsidy mail rate for Kodiak-W.A. during fiscal year 1972 is filed as part of the original document.

[SEAL] HARRY J. ZINK,
Secretary.

[FR Doc.73-913 Filed 1-15-73;8:45 am]

[5] This order is not intended to affect Kodiak-W.A.'s service mail rates as established in other applicable orders of the Board.

COMMISSION ON CIVIL RIGHTS

MICHIGAN STATE ADVISORY COMMITTEE

Notice of Meeting

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a meeting of the Michigan State Advisory Committee will convene at 12 noon on January 18, 1973, at the Michigan Civil Rights Commission, Cadillac Square and Bates, Detroit, Mich. 48504. Persons wishing to attend this meeting should contact the Committee Chairman, or the Midwestern Regional Office of the Commission at 219 South Dearborn Street, Room 1428, Chicago, IL 60604. The purpose of this meeting will be (1) to discuss Revenue Sharing and the Commission's forthcoming Human Relations Conference and (2) to hear a subcommittee report on the possibility of forming a Watchdog Committee on Racial Extremes.

This meeting will be conducted pursuant to the rules and regulations of the Commission.

Dated at Washington, D.C., January 10, 1973.

ISAIAH T. CRESWELL, JR.,
Advisory Committee Management Officer.

[Independent Ocean Freight Forwarder License 1055]

SARA SANDFORD DODD

Order of Revocation

Sara Sandford Dodd, Post Office Box 1115, Mobile, AL 36601, voluntarily surrendered her Independent Ocean Freight Forwarder License No. 1055 for revocation.

By virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commission Order No. 1 (revised) § 7.04(f) (dated May 1, 1972);

It is ordered, That Independent Ocean Freight Forwarder License No. 1055 of Sara Sandford Dodd be and is hereby revoked effective August 23, 1972, without prejudice to reapply for a license at a later date.

It is further ordered, That a copy of this order be published in the FEDERAL REGISTER and served upon Sara Sandford Dodd.

AARON W. REESE,
Managing Director.

FEDERAL COMMUNICATIONS COMMISSION

[Report 630]

COMMON CARRIER SERVICES INFORMATION [1]

Domestic Public Radio Services Applications Accepted for Filing [2]

JANUARY 8, 1973.

Pursuant to §§ 1.227(b)(3) and 21.30 (b) of the Commission's rules, an application, in order to be considered with any domestic public radio services application appearing on the attached list, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cut-off dates are set forth below alternative—applications will be entitled to consideration with those listed below if filed by the end of the 60-day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

[1] All applications listed below are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations, and other requirements.

[2] The above alternative cutoff rules apply to those applications listed below as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio and Local Television Transmission Services (Part 21 of the rules).

POINT-TO-POINT MICROWAVE RADIO SERVICE—continued

4767-C1-P-73—Same (KLV93), 7.9 miles north-northwest of Paloduro, Tex. Latitude 34°55'01" N., longitude 101°15'18" W. C.P. to add frequencies 6256.5V and 6375.2V MHz toward Wayside, Tex.; frequencies 6256.5V and 6375.2V MHz toward Hedley, Tex.

4768-C1-P-73—Same (KLV94) 3.3 miles west-southwest of Hedley, Tex. Latitude 34°51'53" N., longitude 100°42'38" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward Paloduro, Tex.; frequencies 6004.5V and 6123.1V MHz toward Wellington, Tex.

4769-C1-P-73—Same (KLV95), 5.4 miles south-southeast of Wellington, Tex. Latitude 34°47'24" N., longitude 100°10'24" W. C.P. to add frequencies 6256.5H and 6375.2H MHz toward Hedley, Tex.; frequencies 6004.5H and 6123.1H MHz toward Reed, Okla.

4770-C1-P-73—American Telephone and Telegraph Co. (KLV96), 2.5 miles west of Reed, Okla., latitude 34°53'55" N., longitude 99°44'12" W. C.P. to add frequencies 6256.5V and 6376.2V MHz toward Wellington, Tex.; frequencies 6256.5H and 6376.2H MHz toward Sentinel, Okla.

4771-C1-P-73—Same (KLV97) 5.6 miles southwest of Sentinel, Okla., latitude 35°05'55" N., longitude 99°16'13" W. C.P. to add frequencies 6004.5V and 6123.1V MHz toward Reed, Okla.; frequencies 6004.5H and 6123.1H MHz toward Mountain View, Okla.

4772-C1-P-73—Same (KLV98) 5.6 miles north-northwest of Mountain View, Okla., latitude 35°10'07" N., longitude 98°47'37" W. C.P. to add frequencies 6256.5V and 6375.2V MHz toward Sentinel, Okla.; frequencies 6256.5H and 6375.2H MHz toward Washita, Okla.

4773-C1-P-73—Same (KLV99), 3.9 miles north-northeast of Washita, Okla., latitude 35°08'48" N., longitude 98°18'09" W. C.P. to add frequencies 6004.5V and 6123.1V MHz toward Mountain View, Okla.; frequencies 6004.5H and 6123.1H MHz toward Middleberg, Okla.

4774-C1-P-73—Same (KLW20), 1.0 mile north-northeast of Middleberg, Okla., latitude 35°07'01" N., longitude 97°43'30" W. C.P. to add frequencies 6256.5V and 6376.2V MHz toward Washita, Okla.; frequencies 6256.5H and 6375.2H MHz toward Noble, Okla.

4775-C1-P-73—Same (KLW21), 1.7 miles northeast of Noble Okla., latitude 35°09'39" N., longitude 97°22'07" W. C.P. to add frequencies 6004.5V and 6123.1V MHz toward Middleberg, Okla.; frequencies 6004.5H and 6123.1H MHz toward Asher, Okla.

4776-C1-P-73—Same (KLD87), 1.5 miles north-northeast of Asher, Okla., latitude 35°00'45" N., longitude 96°54'50" W. C.P. to add frequencies 6256.5V and 6376.2V MHz toward Noble, Okla.; frequencies 6256.5H and 6375.2H MHz toward Spaulding, Okla.

4777-C1-P-73—Same (KVD65), 2.9 miles north of Stuart, Okla., latitude 34°56'43" N., longitude 96°05'20" W. C.P. to add frequencies 6256.5V and 6376.2V MHz toward Spaulding, Okla.; frequencies 6256.5H and 6375.2H MHz toward Hartshorne, Okla.

4778-C1-P-73—Same (KVD86), 3.8 miles west-northwest of Spaulding, Okla., latitude 35°01'48" N., longitude 96°30'02" W. C.P. to add frequencies 6004.5V and 6123.1V MHz toward Stuart, Okla.; frequencies 6004.5H and 6123.1H MHz toward Stuart, Okla.

4779-C1-P-73—Same (KVD84), 5.2 miles south of Hartshorne, Okla., latitude 34°45'46" N., longitude 95°34'28" W. C.P. to add frequencies 6004.5V and 6123.1V MHz toward Stuart, Okla.; frequencies 6004.5H and 6123.1H MHz toward Talihina, Okla.

4780-C1-P-73—Same (KVD83), 6.9 miles west of Talihina, Okla., latitude 34°44'59" N., longitude 95°10'21" W. C.P. to add frequencies 6256.5V and 6375.2V MHz toward Hartshorne, Okla.; frequencies 6256.5H and 6375.2H MHz toward Bates, Ariz.

4781-C1-P-73—American Telephone & Telegraph Co. (KVD82), 4 miles north-northeast of Bates, Ark., latitude 34°57'45" N., longitude 94°22'29" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward Talihina, Okla.; frequencies 6004.5V and 6123.1V MHz toward Union Hill, Ark.

4782-C1-P-73—Same (KVD81), 8.2 miles south of Sugar Grove, Ark, latitude 34°57'41" N., longitude 93°49'08" W. C.P. to add frequencies 6256.5V and 6375.2V MHz toward Danville, Ark.; frequencies 6256.5H and 6375.2H MHz toward Bates, Ark.

4783-C1-P-73—Same (KVD80), 2.1 miles south-southwest of Danville, Ark., latitude 35°00'58" N., longitude 93°24'40" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward Union Hill, Ark.; frequencies 6004.5V and 6123.1V MHz toward Paron, Ark.

4784-C1-P-73—Same (KVD79), 8.2 miles west-northwest of Paron, Ark., latitude 34°50'13" N., longitude 92°52'64" W. C.P. to add frequencies 6256.5H and 6375.2H MHz toward Danville, Ark.; frequencies 6286.2H and 6404.8H MHz toward Alexander, Ark.

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

4759-C2-TC-73—Sweeny-Old Ocean Telephone Company, consent to transfer of control of Sweeny-Old Ocean Telephone Co., Transferee. KLJ674 from Brazos Cattle Co., Ltd., Transferor, to: Sugarland Telephone Co., Transferee. KLB574 Sweeny, Tex.

4760-C2-AL-73-Sweeny-Old Ocean Telephone Co., consent to assignment of license from Sweeny-Old Ocean Telephone Co., Assignor, to T.C. Inc., Assignee. Station: KLJ674 Sweeny, Tex.

4793-C2-P-73—Dunkirk and Fredonia Telephone Co. (New), for a new one-way station to operate on 158.10 MHz at 0.83 mile northeast of Stockton, N.Y.

4794-C2-P-73—Florida Telephone Corp. (KIQ609), replace transmitter operating on 152.78 MHz, add facilities to operate on 152.78 MHz and change the antenna system at 319 Broadway, Ocala, Fl.

4795-C2-TC-73—Westchester Mobilfone Systems Inc., consent to transfer of control from estate of Norman W. Mediar, Transferor, to Madeline J. Mediar, Transferee. Station: KEA274 Mount Pleasant, N.Y.

4796-C2-AL-73—Tel-Missouri, Inc., consent to assignment of license from Tel-Missouri, Inc., Assignee, to Ram Broadcasting of Missouri, Inc., Assignee. Station: KAA888 St. Louis, Mo.

4791-C2-P-73—South Central Bell Telephone Co. (KLB711), change the antenna system operating on 152.51 MHz at the corner of Ninth and Willard Streets, Morgan City, La.

4849-C2-P-(2)-73—General Telephone Company of the Southwest (KLB790), change the antenna system operating on 152.64 and 152.66 MHz on Tate Street between Atkinson and 15th Streets, Brownfield, Tex.

4850-C2-P-73—General Telephone Company of Pennsylvania (KGI779), change the antenna system operating on 35.58 MHz at 3614 State Street, Erie, PA.

RURAL RADIO SERVICE

4759-C1-TC-73—Sweeny-Old Ocean Telephone Co., consent to transfer of control from Brazos Cattle Co., Ltd., Transferor, to: Sugarland Telephone Co., Transferee. Station: KKK62 Temp-Fixed.

4760-C1-AL-73—Same as above, consent to assignment of license from Sweeny-Old Ocean Telephone Co., Assignor, to T.C. Inc., Assignee. KKK52 Temp-Fixed.

POINT-TO-POINT MICROWAVE RADIO SERVICE

4757-C1-P-73—The Mountain States Telephone and Telegraph Co. (KYC60), 12.1 miles southeast of Deming, N. Mex. Latitude 32°09'19" N., longitude 107°35'56" W. C.P. to replace transmitter and change power on frequencies 6946.2H and 6063.8H MHz toward Fairacres, N. Mex.

4758-C1-P-73—Same (KLU90), 13 miles west-northwest of Fairacres, N. Mex. Latitude 32°22'23" N., longitude 107°02'53" W. C. P. to replace transmitter and change power on frequencies 6197.2H and 6316.9H MHz toward Deming, N. Mex.

4761-C1-P-73—The Pacific Telephone and Telegraph Co. (KMA38), 434 South Grand Avenue, Los Angeles, CA. Latitude 34°03'02" N., longitude 118°15'08" W. C.P. to add frequency 4010H MHz toward Mount Gleason, Calif.

4762-C1-P-73—Same (KMQ30), 14600 Ventura Boulevard, Sherman Oaks, CA. Latitude 34°09'06" N., longitude 118°27'19" W. C.P. to add frequency 4090V MHz toward Mount Gleason, Calif.

4763-C1-P-73—Same (KNF48), Mount Gleason, 13 miles northeast of Sunland, Calif. Latitude 34°22'20" N., longitude 118°10'17" W. C.P. to add frequency 4050V MHz toward Sherman Oaks, Calif.; frequency 3970H MHz toward Los Angeles, Calif.

4764-C1-P-73—The Mountain States Telephone and Telegraph Co. (KOV63), 228 West Adams Street, Phoenix, AZ. Latitude 33°26'58" N., longitude 112°04'35" W. C.P. to add frequency 3890V MHz toward Towers Mountain, Ariz.

4765-C1-P-73—Same (WAY52), Tower Mountains, 2.6 miles northwest of Crown King, Ariz. Latitude 34°14'01" N., longitude 112°22'11" W. C.P. to add frequency 4010V MHz toward Wayside, Tex.; frequencies 6256.5V and 6375.2V MHz toward Hedley, Tex.

4766-C1-P-73—American Telephone and Telegraph Co. (KLN81), 2 miles north-northeast of Wayside, Tex. latitude 34°49'27" N., longitude 101°33'36" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward Paloduro, Tex.

4789–C1–P–73—Same (KTG41), 1.3 miles north-northeast of West Helena, Ark., latitude 34°34'02" N., longitude 90°37'37" W. C.P. to add frequencies 6256.5H and 6375.2H MHz toward Palmer, Ark.; frequencies 6256.5V and 6375.2V MHz toward Arkabutla, Miss.

4790–C1–P–73—Same (KTG40), 1 mile southwest of Arkabutla, Miss., latitude 34°41'08" N., longitude 90°08'18" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward West Helena, Ark.

4100–C1–MP–73—New York Telephone Co. (KZI47), 6 miles west of Windsor, N.Y., latitude 42°06'54" N., longitude 75°44'44" W., modification of C.P. to change antenna systems, add points of communication and change power on frequency 6152.8V MHz toward New Berlin, N.Y.; frequency 6152.6V MHz toward Bing (SUNY), N.Y.; frequency 6152.8V MHz toward Bing (WSKG), N.Y.

4101–C1–MP–73—New York Telephone Co. (WGI68), Lecture Hall Building, State University of New York at Binghamton, N.Y. Latitude 42°05'19" N., longitude 75°58'20" W. Modification of C.P. to change antenna system and delete point of communication on frequency 6404.8V MHz toward Windsor, N.Y.

4102–C1–P–73—Same (KZI46), 5.8 miles southwest of New Berlin, N.Y. Latitude 42°34'41" N., longitude 75°25'53" W. C.P. to add frequencies 11,405H and 11,645H MHz toward Franklin Mountain, N.Y., via passive reflector.

4103–C1–P–73—Same (New), 17 Elm Street, Oneonta, N.Y. Latitude 42°27'18" N., longitude 75°03'42" W. C.P. for a new station on frequencies 10,715H and 10,955H MHz toward Franklin Mountain, N.Y., via passive reflector.

4797–C1–ML–73—American Telephone & Telegraph Co. (KMC31), East Bay Hills, 3750 Grizzley Peak Boulevard, Oakland, CA. Latitude 37°52'25" N., longitude 122°13'08" W. Modification of license to cover the transfer of one Western Electric Co. type TD–2 transmitter and associated frequency from the Pacific Telephone & Telegraph Co. to American Telephone & Telegraph Co.

4798–C1–ML–73—Same (KMC32), Vaca Hill, 2.3 miles south of Vacaville, Calif. Latitude 38°-19'09" N., longitude 121°59'30" W. Modification of license to cover the transfer of two (2) Western Electric Co. type TD–2 transmitters and associated frequency from the Pacific Telephone & Telegraph Co. to American Telephone & Telegraph Co.

4799–C1–ML–73—Same (KMC33), 1407 "J" Street, Sacramento, CA. Latitude 38°34'45" N., longitude 121°29'11" W. Modification of license to cover the transfer of one (1) Western Electric type TD–2 transmitter and associated frequency from the Pacific Telephone & Telegraph Co. to American Telephone & Telegraph Co.

4800–C1–ML–73—Same (KMC67), East Bay Hills, 3750 Grizzley Peak Boulevard, Oakland, CA. Latitude 37°52'25" N., longitude 122°13'08" W. Modification of license for authorization for transfer of (1) Western Electric, Type TD–2 transmitter and associated frequency 3710 MHz from the Pacific Telephone & Telegraph Co. to the American Telephone & Telegraph Co. under call sign KMC31.

4801–C1–ML–73—Same (KMJ95), 1407 "J" Street, Sacramento, CA. Latitude 38°34'45" N., longitude 121°29'11" W. Modification of license to cover the transfer of (1) Western Electric, Type TD–2 transmitter and associated frequency 3710 MHz from the Pacific Telephone & Telegraph Co. to the American Telephone & Telegraph Co. under call sign KMC33.

4802–C1–ML–73—American Telephone & Telegraph Co. (KMM98), Vaca Hill, 2.3 miles south of Vacaville, Calif. Latitude 38°19'09" N., longitude 121°59'30" W. Modification of license to cover the transfer of (2) Western Electric, Type TD–2 transmitters and associated frequency 3750 MHz from the Pacific Telephone and Telegraph Co. to the American Telephone & Telegraph Co. under call sign KMC32.

4834–C1–P–73—The Mountain States Telephone & Telegraph Co. (KVD53), 58 North First East, Roosevelt, UT. Latitude 40°18'01" N., longitude 109°59'22" W. C.P. to add frequencies 11,405V and 11,645H MHz toward Ioka, Utah.

4835–C1–P–73—Same (New), 8.9 miles west of Roosevelt, Utah. Latitude 40°19'29" N., longitude 110°09'19" W. C.P. for a new station on frequencies 10,715H and 10,955V MHz toward Roosevelt, Utah via passive reflector; frequencies 10,755H and 10,995V MHz toward Duchesne, Utah via passive reflector.

4836–C1–P–73—Same (New), 55 South 100 West, Duchesne, UT. Latitude 40°09'46" N., longitude 110°24'01" W. C.P. for a new station on frequencies 11,445V and 11,685H MHz toward Ioka, Utah via passive reflector.

4821–C1–MP–73—MCI New York West, Inc. (WLI96), 2 miles south-southeast of Jefferson, Ohio. Latitude 41°42'24" N., longitude 80°44'43" W. Modification of C.P. to change radio path azimuth toward Hickernell, Pa. to 76°5'.

4822–C1–MP–73—Same (WLI98), modification of C.P. to change station location to 1.5 miles southwest of Hickernell, Pa. Latitude 41°47'02" N., longitude 80°19'29" W., and to change radio path azimuth toward Jefferson, Ohio to 256°22' and to 46°15' toward Erie South, Pa.

4823—C1–MP–73—Same (WLI99), modification of C.P. to change station location to 5.8 miles south of Erie South, Pa. Latitude 41°57'30" N., longitude 80°04'49" W., and to change radio path azimuth toward Hickernell, Pa. to 226°24' and to 359°22' toward Erie, Pa.

4824–C1–MP–73—Same (WLJ20), State and 10th Streets, Erie, PA. Latitude 42°07'31" N., longitude 80°04'58" W. Modification of C.P. to change radio path azimuth toward Erie South, Pa. to 179°22'.

4825–C1–MP–73—Same (WLJ23), modification of C.P. to change station location to 5.1 miles north of Zellenople, Pa. Latitude 40°52'18" N., longitude 80°07'56" W., and to change radio path azimuth toward Poland Center, Ohio to 239°50' and to 144°2' toward Glenshaw, Pa.

4826–C1–MP–73—Same (WLJ24), 7.2 miles southwest of Glenshaw, Pa. Latitude 40°37'16" N., longitude 79°53'38" W. Modification of C.P. to change radio path azimuth toward Zellenople, Pa. to 324°12'.

4827–C1–MP–73—MCI New York West, Inc. (WLJ27), 7 miles northwest of Boswell, Pa. Latitude 40°13'56" N., longitude 79°06'09" W. Modification of C.P. to change radio path azimuth toward Reels Corner, Pa. to 127°28'.

4828–C1–MP–73—Same (WLJ26), modification of C.P. to change station location to 3 miles southeast of Reels Corner, Pa. Latitude 40°02'27" N., longitude 78° 46'42" W. and to change radio path azimuth toward Boswell, Pa. to 307°40' and 57°28' toward Martinsburg, Pa.

4829–C1–MP–73—Same (WLJ29), modification of C.P. to change station location to 3 miles southeast of Martinsburg, Pa. Latitude 40°17'33" N., longitude 78°15'39" W. and to change radio path azimuth toward Reels Corner, Pa. to 237°46' and to 90°46' toward Butler, Knob, Pa.

4830–C1–MP–73—Same (WLJ30), Butler Knob, 7 miles north of Three Springs, Pa. Latitude 40°17'21" N., longitude 77°58'10" W. Modification of C.P. to change radio path azimuth toward Martinsburg, Pa. to 270°57'.

4831–C1–MP–73—Same (WLJ34), 1.3 miles south of Womelsdorf, Pa. Latitude 40°20'09" N., longitude 76°10'50" W. Modification of C.P. to change frequency to 6197.2V MHz toward a new point of communication at Boyertown, Pa.

4832–C1–MP–73—Same (WLJ35), modification of C.P. to relocate station at 2.9 miles west of Boyertown, Pa. Latitude 40°19'53" N., longitude 75°41'38" W. and to change frequency to 5945.2H MHz toward Womelsdorf, Pa. and to 6063.8V MHz toward Spinnerstown, Pa.

4833–C1–MP–73—Same (WLJ36), 3.1 miles north-northwest of Spinnerstown, Pa. Latitude 40°29'38" N., longitude 75°27'01" W. Modification of C.P. to change frequency to 6315.9V MHz toward a new point of communication at Boyertown, Pa.

4851–C1–P–73—The Pacific Telephone & Telegraph Co. (WHB68), 6.7 miles southwest of San Ardo, Calif. Latitude 35°57'14" N., longitude 120°59'23" W. C.P. to add frequency 4010V MHz toward Greenfield, Calif.; frequency 4010H MHz toward Tassajera, Calif.

POINT-TO-POINT MICROWAVE RADIO SERVICE—continued

4852–C1–P–73—Same (KMA38), 434 South Grand Avenue, Los Angeles, CA. Latitude 34°03'02" N., longitude 118°15'08" W. C.P. to add frequency 4170H MHz toward Topanga Ridge, Calif.

4853–C1–P–73—Same (KMJ93), Loma Prieta Mountain, Calif. Latitude 37°06'31" N., longitude 121°50'39" W. C.P. to add frequency 10,995V MHz toward San Jose, Calif.; frequency 3970H MHz toward Chualar, Calif.

4854–C1–P–73—Same (KMN91), 95 Almaden Avenue, San Jose, CA. Latitude 37°19'58" N., longitude 121°53'31" W. C.P. to add frequency 11,445H MHz toward Loma Prieta Mountain, Calif.

4856–C1–P–73—The Pacific Telephone & Telegraph Co. (KMX56), Santa Ynez Peak, 5 miles northeast of Captain, Calif. Latitude 34°31'36" N., longitude 119°58'16" W. C.P. to add frequency 3890V MHz toward Hall Canyon, Calif.; frequency 3890H MHz toward Santa Maria, Calif.

4857–C1–P–73—Same (KMX57), 308 West Cypress Street, Santa Maria, Calif. Latitude 34°57'02" N., longitude 120°26'19" W. C.P. to add frequency 3930H MHz toward Santa Ynez, Calif.; frequency 4010H MHz toward Tassajera, Calif.

4658–C1–P–73—Same (KMZ71), Tassajera, 5.5 miles west of Santa Margarita, Calif. Latitude 35°23'37" N., longitude 120°42'29" W. C.P. to add frequency 3970H MHz toward San Ardo, Calif.; frequency 3970H MHz toward Santa Maria, Calif.

4859–C1–P–73—Same (WDD99), Topanga Ridge, 2.3 miles west of Fernwood, Calif. Latitude 34°05'02" N., longitude 118°38'16" W. C.P. to add frequency 4130H MHz toward Los Angeles, Calif; frequency 4130V MHz toward Hall Canyon, Calif.

4860–C1–P–73—Same (WHB66), 6.8 miles north of Chular, Calif. Latitude 36°40'06" N., longitude 121°31'09" W. C.P. to add frequency 4010H MHz toward Loma Prieta Mountain, Calif.; frequency 4010H MHz toward Greenfield, Calif.

4861–C1–P–73—Same (WHB67), 716 miles south-southwest of Greenfield, Calif. Latitude 36°13'11" N., longitude 121°18'08" W. C.P. to add frequency 3970H MHz toward Chular, Calif.; frequency 3970V MHz toward San Ardo, Calif.

4862–C1–P–73—South Central Bell Telephone Co. (KYC49), approximately 2.3 miles southeast of Fern Creek, Ky. Latitude 38°07'32" N., longitude 85°34'44" W. C.P. to add frequency 10,875H MHz toward Hazelwood Hospital, Louisville, Ky.

4863–C1–P–73—American Telephone & Telegraph Co. (KKK80), 121 West Seventh Street, Little Rock, Ark. Latitude 34°44'31" N., longitude 92°16'18" W. C.P. to add frequency 3710V MHz toward Lonoke, Ark.

4864–C1–P–73—Same (KLK60), 3 miles south of Lonoke, Ark. Latitude 34°44'36" N., longitude 91°24'39" W. C.P. to add frequency 3710V MHz toward Hunter, Ark.

4865–C1–P–73—Same (KLK79), 0.5 mile west of Biscoe, Ark. Latitude 34°49'24" N., longitude 91°24'39" W. C.P. to add frequency 3710 V MHz toward Hunter, Ark.

4866–C1–P–73—Same (KLO93), 1 mile south of Hunter, Ark. Latitude 35°02'42" N., longitude 91°07'51" W. C.P. to add frequency 3750V MHz toward Forrest City, Ark.

4867—C1–P–73—Same (KGH83), 2.5 miles east-southeast of Lionville, Pa. Latitude 40°03'06" N., longitude 75°36'40" W. C.P. to add frequencies 6256.5V and 6375.2V MHz toward Landenberg, Pa.

4868–C1–P–73—American Telephone & Telegraph Co. (KVU49), 1.9 miles northwest of Cedarbrook, N.J. Latitude 39°44'41" N., longitude 74°54'48" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward Carmel, N.J.

4869–C1–P–73—Same (KGP41), 3 miles southeast of Avondale, Pa. Latitude 39°47'16" N., longitude 75°44'55" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward Lionville, Pa.; frequencies 6004.5H and 6123.1H MHz toward Glasgow, Del.

4870–C1–P–73—Same (KGP43), 2.3 miles south of Glasgow, Del. Latitude 39°34'14" N., longitude 75°44'39" W. C.P. to add frequencies 6256.5V and 6375.2V MHz toward Landenberg, Pa.; frequencies 6256.5V and 6375.2V MHz toward Quinton, N.J.

4871—C1–P–73—Same (KEM73), 2 miles southeast of Quinton, N.J. Latitude 39°31'49" N., longitude 75°22'53" W. C.P. to add frequencies 6004.5H and 6123.1H MHz toward Glasgow, N.J.; frequency 6004.5H MHz toward Mount Royal, N.J.; frequencies 6004.5V and 6123.1V MHz toward Carmel, N.J.

4872–C1–P–73—Same (KEM30), 1.1 miles southeast of Mount Royal, N.J. Latitude 39°47'56" N., longitude 75°11'55" W. C.P. to add frequency 6256.5V MHz toward Quinton, N.J.; frequency 6256.5V MHz toward Philadelphia, Pa.

4873–C1–P–73—Same (KGP64), 900 Race Street, Philadelphia, PA. Latitude 39°57'17" N., longitude 75°09'18" W. C.P. to add frequency 6004.5V MHz toward Mount Royal, N.J.

4874–C1–P–73—Same (KVU50), 1.6 miles north of Carmel, N.J. Latitude 39°27'23" N., longitude 75°06'49" W. C.P. to add frequencies 6256.5H and 6375.2H MHz toward Quinton, N.J.; frequencies 6256.5V and 6375.2V MHz toward Cedarbrook No. 2, N.J.

4875–C1–P–73—The Pacific Telephone & Telegraph Co. (WHT99), 221 West Winton Avenue, Hayward, CA. Latitude 37°39'35" N., longitude 122°05'45" W. C.P. to add frequency 11,505H MHz toward Walpert Ridge, Calif.

4876–C1–P–73—Same (KMN91), 95 Almaden Avenue, CA. Latitude 37°19'58" N., longitude 121°53'31" W. C.P. to add frequency 4010H MHz toward Walpert Ridge, Calif.

4877–C1–P–73—Same (KTG20), Walpert Ridge, 3.7 miles east-southeast of Hayward, Calif. Latitude 37°39'20" N., longitude 122°00'06" W. C.P. to add frequency 397H MHz toward San Jose, Calif.; frequency 11,015V MHz toward Hayward, Calif.

4878–C1–P/L–73—General Telephone Company of the Northwest, Inc. (New), in any temporary fixed location within the operating territory of General Telephone Company of the Northwest, Inc. C.P. & License to add frequencies 5925–6425 and 10,700–11,700 MHz Band.

4879–C1–P–73—The Bell Telephone Company of Pennsylvania (KIK88), 110 North Hall Street, Allentown, PA. Latitude 40°36'13" N., longitude 75°28'26" W. C.P. to add frequency 6093.5H MHz toward Farm Flats, Pa.

4880–C1–P–73—Same (KIL21), Farm Flats, 3.4 miles northeast of Jim Thorpe, Pa. Latitude 40°54'13" N., longitude 75°41'23" W. C.P. to add frequency 6345.5V MHz toward Allentown, Pa.; frequency 6345.5V MHz toward Lookout, Pa.

4881–C1–P–73—Same (KIL37), Lookout, 4.7 miles southeast of Dupont, Pa. Latitude 41°15'45" N., longitude 75°42'26" W. C.P. to add frequency 6093.5H MHz toward Farm Flats, Pa.; frequency 6093.5H MHz toward Scranton, Pa.

4882–C1–P–73—Same (KIL58), 121 Adams Avenue, Scranton, PA. Latitude 41°24'23" N., longitude 75°39'49" W. C.P. to add frequency 6345.5V MHz toward Lookout, Pa.

SPECIAL NOTICE ON "PRIOR COORDINATION"

POINT TO POINT MICROWAVE RADIO SERVICE

Federal Communications Commission rules and regulation Title 47, Chapter 1, § 21.100(d) specify that all applicants for regular authorization in the Point to Point Microwave Radio and Local Television Transmission Services shall, before filing an application, coordinate proposed frequency usage with existing users and applicants with previously filed applications where such facilities could be adversely affected by the proposed filing. Further coordination guidelines are contained in Public Notices issued September 20, 1971 and May 22, 1972.

A recommended comprehensive uniform system for the exchange of information for prior coordination has been developed by an informal committee composed of interested carriers and the FCC Common Carrier Staff. The purpose of this system is to improve the efficiency of exchanging, analyzing and recording coordination data. This system, including instructions and necessary coded lists, is available from Keuffel & Esser Co., 1521 North Danville Street, Arlington, VA 22201 at a cost of approximately $12 plus tax and postage. The document is entitled: "Recommended Uniform System for the Exchange of Information Required for Prior Coordination Pursuant to § 21.100(d)". All carriers are urged to obtain a copy of this document and to begin using the system as soon as possible in the exchange of prior coordination data. The coded lists of common carrier applicants, transmitters and antennas could possibly be made available on computer cards at the Clearinghouse for Federal and Technical Information if there is sufficient interest in purchasing the information in that form.

Full sized copies of the 3-page form (exclusive of instructions and coded lists) are available at the Commission's Washington offices and will be mailed to carriers requesting it (limit: one copy per carrier).

Alternatively, a copy of the entire document (approximately 100 pages) can be made available, as scheduling permits, at the Commission's offices (Room 542) for copying if it can be returned the same day.

XUM

Major Amendments

INFORMATIVE: Nebraska Consolidated Communications Corp. has filed amendments for the remaining portion of its original specialized carrier proposal filed April 14, 1970 for service throughout the mid-United States. On July 26, 1972, the Commission granted 109 of these applications, including one for a station at St. George, Mo. The remaining portion of this system, for which these amendments have been filed, runs from St. George, Mo. to Atlanta, Ga.

6267–C1–P–70—Nebraska Consolidated Communications Corp. (New), 4.6 miles east of Lepanto, Ark. Latitude 35°36'23" N., longitude 90°15'03" W. Change polarization of frequency 6226.9 to vertical toward Jonesboro, Ark., azimuth 308°09'.

6268–C1–P–70—Same (New), 100 Main Street, Memphis, TN. Latitude 35°08'36" N., longitude 90°03'11" W. Change frequency 5974.8V to 6004.5V toward Cockrum, Miss., azimuth 151°28'.

6269–C1–P–70—Same (New), 2 miles south of Cockrum, Miss. Latitude 34°46'24" N., longitude 89°48'34" W. Change frequency 6271.4H to 6226.9H toward Waterford, Miss., azimuth 105°11' and 6271.4V to 6256.5H toward Memphis, Tenn., azimuth 331°36'.

1091–C1–P–71—Same (New), Wallfield, 5 miles south of Houlka, Miss. Latitude 34°06'13" N., longitude 89°00'00" W. Change frequency 5974.8H to 6093.5H toward Keel, Miss., azimuth 320°57'.

889–C1–P–72—Same (New), 2 miles west-northwest of Tilden, Miss. Latitude 34°11'52" N., longitude 88°22'28" W. Change frequency 5974.8V to 6004.5H toward Sulligent, Ala., azimuth 143°43'.

6276–C1–P–70—Same (New), 2.9 miles southeast of Oakman, Ala. Latitude 33°40'20" N., longitude 87°21'03" W. Change frequency 6226.9H to 6315.9H toward Winfield, Ala., azimuth 308°57'.

1092–C1–P–71—Same (New), 0.5 mile south of Hopkins, Ala. Latitude 33°28'30" N., longitude 87°04'37" W. Add frequency 5974.8H to Signal Mountain, Ala., azimuth 100°45'.

6277–C1–P–70—Same (New), 1 mile east of North Birmingham, Ala. Latitude 33°36'40" N., longitude 86°39'20" W. Change frequency 6226.9H to 10,975H toward Hopkins, Ala., azimuth 249°01'.

6283–C1–P–70—Same (New), relocate station to 2 miles east of Douglasville, Ga. Latitude 33°44'40" N., longitude 84°47'16" W. Change azimuths of 6286.2V toward Atlanta, Ga., to 69°02' and 6226.9H toward Buchanan, Ga., to 279°54'.

6284–C1–P–70—Same (New), relocate station to 2911 Pharr Court South NW., Atlanta, GA. Latitude 3350'08" N., longitude 84°23'07" W. Change azimuth of 5945.2H to Douglasville, Ga., to 249°15'.

ATOMIC ENERGY COMMISSION

PROPOSED RADIOACTIVE LEVEL AMENDMENTS

Availability of AEC Draft Environmental Statement

Pursuant to the National Environmental Policy Act of 1969 and the regulations of the Atomic Energy Commission (the Commission) in 10 CFR Part 50, Appendix D, notice is hereby given that a draft environmental statement related to the issuance of proposed amendments to 10 CFR Part 50 of the Commission's regulations to provide numerical guidance defining "as low as practicable" levels of radioactive material in light-water-cooled nuclear power reactor effluents, has been prepared by the Commission and is available for inspection by the public in the Commission's Public Document Room at 1717 H Street NW., Washington, DC 20545.

A notice concerning the proposed amendments to the Commission's regulations was published in the FEDERAL REGISTER on June 9, 1971 (36 FR 11113).

Copies of the Commission's draft environmental statement may be obtained upon request addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Director of Regulatory Standards.

Interested persons may, on or before March 2, 1973, submit comments on the proposed action, and on the draft environmental statement for the Commission's consideration. Federal and State agencies and participants in the hearings (now recessed) held on the proposed amendments to the regulations are being provided with copies of the draft environmental statement and, when comments thereon are received, they will be made available for public inspection at the Commission's Public Document Room.

Comments on the draft environmental statement from interested members of the public should be addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Secretary of the Commission.

Dated at Bethesda, Md., this 11th day of January 1973.

For the Atomic Energy Commission.

LESTER ROGERS,
Director of Regulatory Standards.

FEDERAL RESERVE SYSTEM

BELLEVUE CAPITAL CO.

Formation of One-Bank Holding Company

Bellevue Capital Co., Bellevue, Nebr., has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company through acquisition of 94 percent or more of the voting common stock of Bank of Bellevue, Bellevue, Nebr. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Kansas City. Any person wishing to comment on the application should submit his views in writing to the Reserve Bank to be received not later than February 1, 1973.

Board of Governors of the Federal Reserve System, January 10, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73–865 Filed 1–15–73;8:45 am]

BOONE COUNTY INSURANCE AGENCY, INC.

Order Approving Acquisition of Additional Shares of Bank

Boone County Insurance Agency, Inc., Centralia, Mo., a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire an additional 25.65 percent of the voting shares of the First National Bank of Centralia, Centralia, Mo. (Bank) through the acquisition of Centralia Insurance Agency, Inc., Centralia, Mo. (Centralia).

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant and Centralia were organized in 1964 and are both registered one-bank holding companies, wholly owned by the same family. Both firms have approximately the same number of shares of Bank and the insurance agency activities of each firm are conducted at the same premises by the same individual.[1] Bank, with deposits of $8.5 million is the fifth largest of eight banks in Boone County with 5.54 percent of the County's commercial bank deposits. (Banking data are as of Dec. 31, 1971.) Since the present application is in the nature of a corporate reorganization whereby Centralia's assets are to be acquired and its liabilities are to be assumed by Applicant, approval of the present proposal will have no competitive effects.

Considerations relating to the financial and managerial resources and prospects of Applicant and Bank are consistent with approval as are considerations relating to the convenience and needs of the communities involved. It is the Board's judgment that consummation of the transaction is consistent with the public interest and should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be consummated (a) before February 7, 1973, or (b) later than April 9, 1973, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of St. Louis pursuant to delegated authority.

By order of the Board of Governors,[2] effective January 8, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73–921 Filed 1–15–73;8:45 am]

[1] Applicant may continue to engage in insurance agency activities under the exemption found in subsection 4(c)(11).

BSB CORP.

Formation of Bank Holding Company

BSB Corp., Boone, Iowa, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company through acquisition of 98 percent or more of the voting shares of Boone State Bank & Trust Co., Boone, Iowa. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Chicago. Any person wishing to comment on the application should submit his views in writing to the Reserve Bank to be received not later than January 25, 1973.

Board of Governors of the Federal Reserve System, January 9, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73–922 Filed 1–15–73;8:45 am]

FIDELITY BANKSHARES, INC.

Formation of One-Bank Holding Company

Fidelity Bankshares, Inc., Topeka, Kans., has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company through acquisition of up to 100 per cent of the voting shares of Fidelity State Bank & Trust Co., Topeka, Kans. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Chicago. Any person wishing to comment on the application should submit his views in writing to the Reserve Bank to be received not later than January 26, 1973.

[2] Voting for this action: Vice Chairman Robertson and Governors Mitchell, Daane, Sheehan, and Bucher. Absent and not voting: Chairman Burns and Governor Brimmer.

Board of Governors of the Federal Reserve System, January 10, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-926 Filed 1-15-73;8:45 am]

MANUFACTURERS HANOVER CORP.

Order Approving Acquisition of Bank

Manufacturers Hanover Corp., Dover, Del., a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)), to acquire 100 percent (less directors' qualifying shares) of the voting shares of Citizens Bank of Monroe, Monroe, N.Y. (Bank).

Notice of the application affording opportunity for interested persons to submit comments and views has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant is the third largest banking organization in New York, controlling three banks with aggregate deposits of $9.2 billion representing approximately 9 percent of all deposits of commercial banks in the State.[1] Acquisition of Bank (deposits of $25 million) would not change Applicant's ranking among banking organizations in New York and would not significantly increase the concentration of banking resources in the State.

Bank is the eighth largest of 15 banks in the Middletown banking market, controlling about 5 percent of total deposits in that market.[2] Applicant's nearest banking subsidiary to Bank is 32 miles distant and it appears that there is no significant existing competition between this subsidiary or the other banking subsidiaries of Applicant and Bank.[3] Nor is there a reasonable probability of significant future competition developing between Applicant's banking subsidiaries and Bank since these subsidiaries are prohibited until 1976 from branching into the Middletown market. On the other hand, Applicant could open a de novo bank in the Middletown market. However, this is unlikely as that market is relatively undesirable as measured by the ratios of per capita income and population per banking office compared to the respective statewide averages. The acquisition of Bank by Applicant would not foreclose entry by other bank holding companies into the Middletown market since eight independent banks remain as potential members of other bank holding companies. Further, entry by Applicant may have a procompetitive effect by enabling Bank to be a stronger competitor for the largest bank in the market, which is more than two-and-a-half times as large as the second ranking bank. On the basis of all facts before the Board, including those aforementioned, the Board concludes that consummation of the proposal herein would not have an adverse effect on competition in any relevant area.

The financial condition, managerial resources and future prospects of Applicant, its subsidiary banks and Bank appear satisfactory and are consistent with approval of the application. Considerations relating to the convenience and needs of the community to be served are also consistent with approval of the application. It is the Board's judgment that consummation of the proposed acquisition would be in the public interest and that the application should be approved.

On the basis of the record the application is approved for the reasons summarized above. The transaction shall not be consummated (a) before February 7, 1973, or (b) later than April 9, 1973, unless such period is extended for good cause by the Board or by the Federal Reserve Bank of New York, pursuant to delegated authority.

[1] All banking data are as of June 30, 1972, except for those relating to the Middletown banking market which are as of June 30, 1970, and are adjusted to reflect bank holding company formations and acquisitions approved by the Board through Dec. 31, 1972.

[2] The Middletown banking market is approximated by Sullivan and Orange Counties, with the exclusion of the cities of Newburg, Newburg City, Montgomery, New Windsor, Cornwall, and Highlands, all located in Orange County.

[3] Applicant presently has pending two other applications to acquire banks. However, neither of these banks are in close proximity to Bank.

By order of the Board of Governors,[4] effective January 8, 1973.

[SEAL] TYNAN SMITH, *Secretary of the Board.*

PREFERRED INVESTMENT SHARES, INC.

Acquisition of Bank

Preferred Investment Shares, Inc., Denver, Colo., has applied for the Board's approval under section 3(a)(3) of the Bank Holding Company Act (12 U.S.C. 1842(a)(3) to retain 63.4 percent of the voting shares of Center State Bank, Denver, Colo. Prior to its acquisition of these shares, Applicant held approximately 34 percent of the shares of Center State Bank. The factors that are considered in acting on the application are set forth in section 3(c of the Act (12 U.S.C. 1842(c)).

The shares of Center State Bank which Preferred Investment Shares, Inc., has applied to retain were acquired during 1972 without prior Board approval. By Order dated June 22, 1971 (36 FR 12331), the Board has provided a procedure whereby any company which, after December 31, 1970, has acquired an interest in a bank without obtaining prior Board approval may apply to the Board for subsequent approval of that action if certain circumstances are present. Whether these conditions are met in this case is currently under study.

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Kansas City. Any person wishing to comment on the application should submit his views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, to be received not later than February 5, 1973.

Board of Governors of the Federal Reserve System, January 9, 1973.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

DELAWARE DEVELOPMENTAL PLAN

Notice of Submission of Plan and Availability for Public Comment

1. *Submission and description of Plan.* Pursuant to section 18 of the Occupational Safety and Health Act of 1970 (29 U.S.C. section 667) and § 1902.11 of Title 29, Code of Federal Regulations, notice is hereby given that an Occupational Safety and Health Plan for the State of Delaware has been submitted to the Assistant Secretary of Labor for Occupational Safety and Health. The Assistant Secretary has preliminarily reviewed the Plan, and hereby gives notice that the question of approval of the Plan is in issue before him.

The Plan designates the Department of Labor as the agency responsible for administering the Plan throughout the State. It proposes to define the occupational safety and health issues covered by it as defined by the Secretary of Labor in 29 CFR 1902.2(c)(1). All safety and health standards and amendments thereto which have been adopted by the Secretary of Labor except those found in 29 CFR Parts 1915, 1916, 1917, and 1918 (Ship repairing, Ship building, Shipbreaking and Longshoring) as well

[4] Voting for this action: Vice Chairman Robertson and Governors Mitchell, Daane, Sheehan, and Bucher. Absent and not voting: Chairman Burns and Governor Brimmer.

V 38 N 10 JAN 16 73 XUM

as certain vertical issues associated with the inspection of pressure vessels will, subsequent to public hearings, be adopted by the State. The Plan provides that changes in the Federal standards shall be automatically adopted by the State.

Included in the Plan is proposed draft legislation to be considered by the Delaware legislature during its January 1973 session. Under the proposed legislation the Department of Labor will have full authority to enforce and to administer laws respecting safety and health of employees; the draft legislation provides for the coverage of all employees within the State including employees of the State and its political subdivisions. There are provisions which grant the Secretary of Labor the authority to inspect workplaces and to issue citations for the abatement of violations and there is also included a prohibition against advance notice of any such inspection. In addition, there is a provision made for judicial review as well as for the creation of an Occupational Safety and Health Review Commission. Provision for prompt restraint of imminent danger situations and a system of penalties for violations of standards are also included in the draft legislation. Included in the Plan is a statement of the Governor's support for the proposed legislation and a statement of legal opinion that it will meet the requirements of the Occupational Safety and Health Act of 1970.

Set forth in the proposed Plan is a timetable providing for the future drafting of various administrative rules, regulations and procedures. The Plan contains a provision for coverage of personnel under the existing merit system. Also included are assurances for the protection of trade secrets and a provision to protect employees against discharge and discrimination in terms and conditions of employment.

2. *Location of Plan for inspection and copying.* A copy of the Plan may be inspected and copied during normal business hours at the following locations: Office of Federal and State Operations, Occupational Safety and Health Administration, Room 305, Railway Labor Building, 400 First Street NW., Washington, DC 20210; Regional Administrator, Occupational Safety and Health Administration, U.S. Department of Labor, Suite 410, Penn Square Building, 1317 Filbert Street, Philadelphia, PA 19107; Department of Labor, Division of Industrial Affairs, Wilmington, Del. 19805.

3. *Public participation.* Interested persons are hereby given until February 17, 1973, in which to submit to the Assistant Secretary written data, views, and arguments concerning the Plan. The submissions are to be addressed to the Director, Office of Federal and State Operations, Room 305, Railway Labor Building, 400 First Street NW., Washington, DC 20210. The written comments will be available for public inspection and copying at the above address.

Any interested person(s) may request an informal hearing concerning the proposed Plan, or any part thereof, whenever particularized written objections thereto are filed by February 17, 1973. If the Assistant Secretary finds that substantial objections are filed, he shall hold a formal or informal hearing on the subjects and issues involved.

The Assistant Secretary of Labor for Occupational Safety and Health shall thereafter consider all relevant comments and arguments presented and issue his decision as to approval or disapproval of the Plan.

Signed at Washington, D.C. this 10th day of January 1973.

G. C. GUENTHER,
Assistant Secretary of Labor.

INTERSTATE COMMERCE COMMISSION

[Notice 156]

ASSIGNMENT OF HEARINGS

JANUARY 11, 1973.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after the date of this publication.

MC 35628 Sub 334, Interstate Motor Freight System, now assigned February 7, 1973, at Kansas City, Mo., is canceled and application dismissed.

MC 115841 Sub 438, Colonial Refrigerated Transportation, Inc., now assigned February 26, 1973, at Washington, D.C. is postponed indefinitely.

MC 134922 Sub 28, B. J. McAdams, Inc., Extension—Twenty-Four States, now being assigned February 26, 1973, at San Francisco, Calif., in a hearing room to be later designated.

MC 134068 Sub 13, Kodiak Refrigerated Lines, Inc., now being assigned February 28, 1973, at San Francisco, Calif., in a hearing room to be later designated.

MC 134884 Sub 4, Farwest Furniture Transport, Inc., now being assigned March 12, 1973, at Seattle, Wash., in a hearing room to be later designated.

MC 115162 Sub 212, Poole Truck Line, Inc., now assigned January 15, 1973, at Mobile, Ala., is postponed indefinitely.

MC 133316 Sub 7, Frank R. Givigliano doing business as Givigliano Transport, now assigned January 22, 1973, at Denver, Colo., is postponed indefinitely.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Notice 193]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-73998. By order of December 13, the Motor Carrier Board approved the transfer to Redhage Truck Lines, Inc., St. Louis, Mo., of the operating rights in Certificate No. MC-2442 issued July 7, 1972, to Martin E. Davis, Donald R. Gardner, and Billy G. Gist, a partnership, doing business as Redhage Truck Line, St. Louis, Mo., authorizing the transportation of general commodities, with exceptions, between Richwoods, Mo., and National Stock Yards, Ill., serving all intermediate points and specified off-route points. Arthur Friedman, 1910 Boatmen's Bank Building, St. Louis, MO 63102, attorney for applicants.

No. MC-FC-74034. By order entered December 4, 1972, the Motor Carrier Board approved the transfer to Eagle Foods, Inc., doing business as Rutherford's, New Britain, Pa., of the operating rights set forth in Certificate No. MC-75584, issued by the Commission August 31, 1950, to William Earl Rutherford, Doylestown, Pa., authorizing the transportation of general commodities, with the usual exceptions and except livestock, between Doylestown, Pa., and Riegelsville, N.J., over specified routes, serving intermediate points, and the off-route points of Stockton and Milford, N.J., and those within 5 miles of Doylestown, Pa.; between Philadelphia, Pa., and Riegelsville, Pa., serving all intermediate points between Doylestown and Riegelsville, Pa., including Doylestown, and the off-route points within 5 miles of Doylestown, and those in Pennsylvania within 3 miles of U.S. Highway 611 between Doylestown and Riegelsville, Pa. J. Franklin Hartzel, 110 N. Main St., Doylestown, PA 18901, attorney for applicants.

No. MC-FC-74059. By order of December 4, 1972, the Motor Carrier Board approved the transfer to Hygrade Messenger Service, Inc., New York, N.Y., of the operating rights in Certicate No. MC-113968 (Sub-No. 2), issued December 11, 1956, to Grandview Trucking Corp., Brooklyn, N.Y., authorizing the transportation of used upholstered furniture for repair and reupholstering, from points in Connecticut and New Jersey to New York, N.Y., and repaired and reupholstered furniture, from New York, N.Y., to points in Connecticut and New Jersey. Morris Honig, 150 Broadway, New York, NY 10038, attorney for applicants.

No. MC-FC-74076. By order of December 14, 1972 the Motor Carrier Board approved the transfer to Blair Transport, Inc., Blair, Nebr., of the operating rights in Certificate No. MC-2052 issued July 23, 1953, to Harvey V. Simpson and Richard D. Zimmerman, a partnership, doing business as Blair Transfer and Fairway Transfer, Blair, Nebr., authorizing the transportation of general commodities, with exceptions, between Blair, Nebr., and Council Bluffs, Iowa, with service to and from intermediate points and the off-route point of Orum, Nebr.; livestock, and household goods, as defined by the Commission, radially between Blair, Nebr., and Missouri Valley and Sioux City, Iowa; portable grain elevators, tractor disc harrows, and other related farm machinery from Blair, Nebr., to points in North Dakota, South Dakota, Minnesota, Iowa, Missouri, and Kansas; livestock, agricultural commodities, and household goods, as defined by the Commission, radially between Florence, Nebr., and points in Nebraska within 30 miles of Florence, and Iowa and Missouri; and feed, farm machinery and machine parts, from Council Bluffs, Iowa, to points in Nebraska on and within 10 miles of U.S. Highway 73 between Blair, Nebr., and Omaha, Nebr. Arnold J. Stern, 1166 Woodmen Tower, Omaha, NE 68102, attorney for applicants.

No. MC-FC-74080. By order entered December 7, 1972, the Motor Carrier Board approved the transfer to Philadelphia Merchants Delivery Service, Inc., Philadelphia, Pa., of the operating rights set forth in Certificate No. MC-119210, issued March 18, 1960, to Cal Cartage, Inc., Camden, N.J., authorizing the transportation of new furniture, from Philadelphia, Pa., to New York, N.Y., and points in Maryland, Delaware, and New Jersey, restricted against service from, to, or between Philadelphia, Pa., and Bordentown, N.J., or any points of service on the following route between said points, including intermediate points thereon and the off-route points of Merchantville, Maple Shade, Bridgeboro, and Mount Holly, N.J.; from Philadelphia across the Delaware River to Camden, N.J., thence over unnumbered highway via Riverton, Riverside, and Beverly, N.J., to Burlington, N.J., and thence over U.S. Highway 130 to Bordentown. Alan Kahn, 1920 Two Penn Center Plaza, Philadelphia, PA 19102, attorney for applicants.

No. MC-FC-74113. By order of December 14, 1972 the Motor Carrier Board approved the transfer to Mullikin Transfer, Inc., Arcola, Ill., of the operating rights in Certificate No. MC-68283 issued November 17, 1954 to Mason R. Mullikin, doing business as Mullikin Transfer, Arcola, Ill., authorizing the transportation of various commodities from, to, and between specified points and areas in Illinois, Minnesota, Indiana, Iowa, Ohio, Missouri, New York, Pennsylvania, North Carolina, Kentucky, and Michigan. Robert T. Lawley, 300 Reisch Building, Springfield, Ill. 62701, attorney for applicants.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Notice 2]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 10, 1973.

The following are notices of filing of applications[1] for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 1759 (Sub-No. 29 TA), filed December 5, 1972. Applicant: FROEHLICH TRANSPORTATION CO., INC., 31 Victory Street, Stamford, CT 06902. Applicant's representative: Thomas W. Murrett, 342 North Main Street, West Hartford, CT 06117. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Bakery products*, from Hauppauge, N.Y., to points in Connecticut, points in New Jersey within 25 miles of Newark, including Newark and Totowa, N.J., points in Bennington and Rutland Counties, Vt., points in Erie County, N.Y., points in Pittsfield, Mass.; and points within 25 miles of Pittsfield, Mass., and *stale, rejected, and returned bakery products on return*, for 150 days. Supporting shipper: Koster Bakeries, Inc., 265 Marcus Boulevard, Hauppauge, NY 11787. Send protests to: David J. Kiernan, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 135 High Street, Room 324, Hartford, CT 06101.

No. MC 1977 (Sub-No. 16 TA), filed December 22, 1972. Applicant: NORTHWEST TRANSPORT SERVICE, INC., 5231 Monroe Street, Denver, CO 80216. Applicant's representative: Leslie R. Kehl, 1600 Lincoln Center, Denver, CO 80203. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, petroleum products in bulk and commodities requiring the use of special equipment), between Salt Lake City, Utah, and Denver, Colo., serving no intermediate points, from Denver north over Interstate Highway 25 to junction Colorado Highway 14, thence west on Colorado Highway 14 to junction U.S. Highway 287, thence north on U.S. Highway 289 to junction Interstate Highway 80, thence west on Interstate Highway 80 to Salt Lake City and return over the same routes; including the right to use highways generally paralleling the specified interstate highways where the designated interstate highways are not completed. From Denver west over Interstate Highway 70 to Green River, Utah, thence north on U.S. Highways 6 and 50 to junction U.S. Highway 89, thence north on U.S. Highway 89 to Provo, Utah, thence north on Interstate Highway 15 to Salt Lake City and return over the same routes; including the right to use highways generally paralleling the specified

[1] Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

V 38 I 10 JAN 16 73 XUM

interstate highways where the designated interstate highways are not completed, for 180 days. NOTE: Applicant states it does intend to interline at Denver, Colo., and Salt Lake City, Utah. Supporting shippers: Jerry D. McMorris, President, Northwest Transport Service, Inc., Chevron Oil Co., Post Office Box 599, Denver, CO 80201; Will Soder, Manager of Maintenance, Northwest Transport Service, Inc., James H. Anderson, Arthur L. Davis, and Fred Hartle, drivers for Northwest Transport Service, Inc., Denver, Colo. Send protests to: Roger L. Buchanan, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 2022 Federal Building, Denver, Colo. 80202.

No. MC 2860 (Sub-No. 120 TA), filed December 22, 1972. Applicant: NATIONAL FREIGHT, INC., 57 West Park Avenue, Vineland, NJ 08360. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Containers, container ends, metal, and accessories and material, equipment and supplies* used in connection with manufacture, sale and distribution of containers (except commodities in bulk), from Baltimore, Md., Pennsauken, Paterson, and Hillside, N.J., and Maspeth, N.Y., to the plantsite and warehouse of Anheuser-Busch at or near Williamsburg, Va., for 180 days. Supporting shippers: Continental Can Co., Inc., 633 Third Avenue, New York, NY 10017; American Can Co., American Lane, Greenwich, Conn. 06830. Send protests to: Richard M. Regan, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 428 East State Street, Room 204, Trenton, NJ 08608.

No. MC 50307 (Sub-No. 61 TA), filed December 5, 1972. Applicant: INTERSTATE DRESS CARRIERS, INC., 247 West 25th Street, New York, NY 10001. Applicant's representative: Arthur Liberstein, 1 World Trade Center, New York, NY 10048. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wearing apparel and materials, supplies and equipment* used in the manufacture thereof, between the New York, N.Y., commercial zone, on the one hand, and, on the other, Edinburg, Va., for 150 days. Supporting shipper: Edinburg Manufacturing Corps., Edinburg, Va. 22824, Attention: Mr. Jerome Rolun. Send protests to: Paul W. Assenza, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 26 Federal Plaza, Room 1807, New York, NY 10007.

No. MC 59117 (Sub-No. 39 TA), filed December 5, 1972. Applicant: ELLIOTT TRUCK LINE, INC., 101 East Excelsior, Post Office Box 1, Vinita, OK 74301. Applicant's representative: Vincent Elliott, (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Alfalfa pellets*, from Holdredge, Nebr., to Vinita, Okla., for 180 days. Supporting shipper: Vinita Hay & Grain, Inc., R. L. Kresyman, 202 South Vann Street, Vinita, OK 74301. Send protests to: C. L. Phillips, District Supervisor, Interstate Commerce Commission, Bureau of Operations, Room 240, Old Post Office Building, 215 Northwest Third, Oklahoma City, OK 73102.

No. MC 95084 (Sub-No. 91 TA), filed December 19, 1972. Applicant: HOVE TRUCK LINE, Stanhope, Iowa 50246. Applicant's representative: Kenneth F. Dudley, Post Office Box 279, Ottumwa, IA 52501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Refuse containers and compactors, hoists, and truck bodies and boxes*, from Grundy Center, and Nevada, Iowa, to points in Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin, for 180 days. Supporting shipper: Mid Equipment, Inc., Grundy Center, Iowa 50638. Send protests to: Herbert W. Allen, Transportation Specialist, Bureau of Operations, Interstate Commerce Commission, 875 Federal Building, Des Moines, Iowa 50309.

No. MC 104675 (Sub-No. 32 TA), filed December 6, 1972. Applicant: FRONTIER DELIVERY, INC., 620 Elk Street, Buffalo, NY 14210. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid petroleum wax*, in bulk, in tank vehicles, from Congo, W. Va., to points in New York State and points of entrance into Canada. *Returned, rejected and refused shipments of the same commodity* in the reverse direction, for 180 days. Supporting shipper: L. R. Cross, Inc., 525 North Salina Street, Syracuse, NY 13208. Send protests to: George M. Parker, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 612 Federal Building, 111 West Huron Street, Buffalo, NY 14202.

No. MC 109542 (Sub-No. 2 TA), filed December 29, 1972. Applicant: ELLIS TRANSFER & STORAGE, INC., 1953 West Evans Street, Florence, SC 29501. Applicant's representative: M. A. Ellis (same address as above). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Telephone equipment, material, and supplies, including tools*, used in the construction and maintenance of telephone system and communication, between Florence, S.C., and points in the counties of Chesterfield, Clarendon, Darlington, Dillon, Florence, Georgetown, Horry, Lancaster, Lee, Marion, Marlboro, Sumter, and Williamsburg, S.C., for 180 days. Supporting shipper: Western Electric, 6701 Roswell Road NE., Atlanta, GA 30328. Send protests to: E. E. Strotheid, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 300 Columbia Building, 1200 Main Street, Columbia, SC 29201.

No. MC 114097 (Sub-No. 3 TA), filed December 29, 1972. Applicant: NIEDFELDT TRUCKING SERVICE, INC., 821 South Front Street, La Crosse, WI 54601. Applicant's representative: Fred C. Niedfeldt (same address as above). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Empty containers*, sheet iron or sheet, liquid capacity not exceeding 1 gallon from the plantsite of the Continental Can Co., La Crosse, Wis., and the G. Heileman Brewing Co., Inc., Warehouse, La Crosse, Wis., to the G. Heileman Brewing Co., Inc., St. Paul, Minn., for 180 days. Supporting shipper: G. Heileman Brewing Co., Inc., 925 South Third Street, La Crosse, WI 54601. Send protests to: Barney L. Hardin, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 139 West Wilson Street, Room 202, Madison, WI 53703.

No. MC 118959 (Sub-No. 104 TA), filed December 6, 1972. Applicant: JERRY LIPPS, INC., 130 South Frederick, Cape Girardeau, MO 63701. Applicant's representative: Axelrod, Goodman, Steiner & Bazelon, 39 South La Salle Street, Chicago, IL 60603. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Paper and paper products, plastic and plastic products*, products produced or distributed by manufacturers and convertors of paper and paper products, plastic and plastic products; *materials and supplies* used in the manufacture and distribution of the aforegoing commodities (except commodities which because of size or weight require the use of special equipment and commodities in bulk), between the plantsites and facilities of the Mead Corp., at or near Chillicothe, Ohio; Schooleys, Ohio; Kingsport, Tenn., on the one hand, and, on the other, points in Florida, for 180 days. Supporting shipper: The Mead Corp., Talbott Tower, Dayton, Ohio 45402. Send protests to: District Supervisor J. P. Werthmann, Interstate Commerce Commission, Bureau of Operations, 210 North 12th Street, Room 1465, St. Louis, MO 63101.

No. MC 120615 (Sub-No. 13 TA), filed December 5, 1972. Applicant: AMERICAN INTERNATIONAL DRIVEAWAY, INC., 2000 West 16th Street, Long Beach, CA 90813. Applicant's representative: E. D. Helmer (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Motor homes and campers* by driveaway and truckaway service, between points in Collin and Hopkins County, Tex., and Snohomish County, Wash., on the one hand, and, on the other, points in the United States, for 180 days. Supporting shipper: Fleetwood Enterprises, Inc., 3125 Myers Street, Post Office Box 7638, Riverside, CA 92503. Send protests to: John E. Nance, Officer-in-Charge, Interstate Commerce Commission, Bureau of Operations, 300 North Los Angeles Street, Room 7708, Los Angeles, CA 90012.

No. MC 124373 (Sub-No. 13 TA), filed December 6, 1972. Applicant: NELMAR TRUCKING CO., Route 1 and Duncan Avenue, Jersey City, N.J. 07306. Applicant's representative: Walter B. Blanken (same address as above). CANCELLATION OF REGISTRATION OF PESTICIDE DDT

Notice of Cancellation of Public Hearing

Notice is hereby given that the public hearing scheduled for January 16, 1973

V 38 - 10 JAN 16 73 XUM

(37 FR 28548), in Seattle, Wash., with respect to the cancellation of the registration of Crop King Co., Yakima, Wash., of a pesticide containing DDT pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 135 et seq.), as amended by the Federal Environmental Pesticide Control Act of 1972 (Public Law 97-516; 86 Stat. 973), is canceled as the parties indicated that no evidence was to be adduced at such hearing.

For information concerning the issues involved and other details of these proceedings, interested persons are referred to the dockets of the proceedings on file with the Hearing Clerk, Environmental Protection Agency, Room 3902A, Waterside Mall, 401 M Street SW., Washington, DC 20460.

WILLIAM D. RUCKELSHAUS,
Administrator.

WATER POLLUTION PREVENTION AND CONTROL

List of Categories of Sources

Section 306(b)(1)(A) of the Federal Water Pollution Control Act, as amended October 18, 1972 (Public Law 92-500), directs the Administrator of the Environmental Protection Agency to publish no later than January 16, 1973, and from time to time revise a list of categories of sources which shall, at the minimum, include those listed in section 306(b)(1)(A). As soon as practicable, but in no case more than 1 year after the inclusion of a category of sources in such list, the Administrator is required to propose and publish regulations establishing Federal standards of performance for new sources within such categories.

The Administrator, after evaluating available information has determined that the categories of sources set forth below meet the above requirement. Evaluation of other source categories will be conducted, and the list will be revised from time to time as the Administrator deems appropriate. Accordingly, pursuant to section 306(b)(1)(A) of the Act, notice is given that the Administrator establishes a list of categories of sources as follows:

LIST OF CATEGORIES OF SOURCES

1. Pulp and paper mills.
2. Paperboard, builders paper and board mills.
3. Meat product and rendering processing.
4. Dairy product processing.
5. Grain mills.
6. Canned and preserved fruits and vegetable processing.
7. Canned and preserved seafood processing.
8. Sugar processing.
9. Textile mills.
10. Cement manufacturing.
11. Feedlots.
12. Electroplating.
13. Organic chemicals manufacturing.
14. Inorganic chemicals manufacturing.
15. Plastic and synthetic materials manufacturing.
16. Soap and detergent manufacturing.
17. Fertilizer manufacturing.
18. Petroleum refining.
19. Iron and Steel manufacturing.
20. Nonferrous metals manufacturing.
21. Phosphate manufacturing.
22. Steam electric powerplants.
23. Ferroalloy manufacturing.
24. Leather tanning and finishing.
25. Glass and asbestos manufacturing.
26. Rubber processing.
27. Timber products processing.

Dated: January 15, 1973.

WILLIAM D. RUCKELSHAUS,
Administrator.

An Invaluable Reference Tool

1972/73 Edition

This guidebook provides information about significant programs and functions of the U.S. Government agencies, and identifies key officials in each agency.

Included with most agency statements are "Sources of Information" sections which give helpful information on:

- Employment
- Contracting with the Federal Government
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups

This handbook is a "must" for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.

$3.00 per copy.

WEDNESDAY, JANUARY 17, 1973

WASHINGTON, D.C.

Volume 38 ■ Number 11

Pages 1629–1712

PART I

(Part II begins on page 1695)

NOTICE TO READERS

This week several new features are being introduced to remind readers of important action dates established by documents published in the FEDERAL REGISTER.

Beginning today, two new lists will be published. One, entitled "Next Week's Deadlines for Comment on Proposed Rules," will serve as a weekly reminder to readers of the opportunity to participate in certain administrative actions of their Government. The other, entitled "Next Week's Hearings," will itemize hearings that appear to be of interest to broad segments of the public. These lists will appear every Wednesday and will cover the week beginning on the Monday following publication.

On Thursday, January 18th, a list entitled "Rules Going into Effect Today" will be introduced. When a rule becomes effective more than 14 days after publication in the FEDERAL REGISTER a reminder will be published on the day that the rule goes into effect. This list will appear daily.

Other changes scheduled to be introduced during January involve changes in the typography of the Highlights, contents pages, and various headings—all designed to make the FEDERAL REGISTER easier to use.

The Administrative Committee of the Federal Register is interested in continued improvement of the FEDERAL REGISTER in order to serve readers more efficiently. Comments on these changes and recommendations for other improvements are welcome. Write to the Director of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408.

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

NEW ANIMAL DRUGS—FDA withdraws approval of six new drug applications; effective 1–17–73.. 1658

(Continued Inside)

V 38 - 11 JAN 17 73 XUM

REMINDERS

(The items in these lists were editorially compiled as an aid to FEDERAL REGISTER users. Inclusion or exclusion from these lists has no legal significance. Since these lists are intended as reminders, they do not include effective dates, comment deadlines, or hearing dates that occur within 14 days of publication.)

Next Week's Deadlines for Comments on Proposed Rules

(This listing is limited to proposed rules published after October 1, 1972, with a deadline date for comments occurring during the week of Jan. 21–Jan. 27, 1973.)

37 FR page no. and date

JANUARY 21

John F. Kennedy Airport; shift of peak hour air carrier IFR reservations—FAA 28765; 12–29–72

JANUARY 22

Drug Listing Act of 1972; implementation regulations—FDA 26431; 12–12–72

Common carriers by water in foreign commerce of U.S. and conferences of such carriers; requirements regarding filing of tariffs—FMC 28307; 12–22–72

Relocation assistance and real property acquisition policies—HEW 26523; 12–13–72

Papayas grown in Hawaii; limitation of handling—USDA 38 FR 1395; 1–12–73

Ampicillin monographs; recodification and technical revision—FDA 24830; 11–22–72

Use of public records in determining public assistance eligibility—HEW 28189; 12–21–72

Airspace transition areas at Scottsbluff, Nebr.; Doylestown, Pa.; and Babylon, N.Y.—FAA 28190, 28191; 12–21–72

Nondiscrimination and equal employment opportunity in federally assisted programs—CSC 28191; 12–21–72

Closing completed contract files—HEW 28428; 12–23–72

Freight rates and charges; procedures governing increases—ICC 26609; 12–14–72

Estate taxes; deductions for certain family expenses—IRS 28302; 12–22–72

Income tax; definition of qualified export receipts—IRS 28302; 12–22–72

Drug Abuse Education Program; mini-grants and contracts; criteria—OE 28426; 12–23–72

JANUARY 23

Live poultry purchases; time of payment for packers, dealers, and handlers—USDA 28186; 12–21–72

Etiologic agents; shipment of cultures on passenger aircraft—DoT 25243 11–29–72

Drawbridge operations; Wabash River, Ill.—Coast Guard 26833; 12–16–72

JANUARY 24

First aid kits on airline aircraft; requirements—FAA 25052; 11–25–72

JANUARY 25

Electric service; reliability and adequacy; reporting of data—FPC 28194; 12–21–72

JANUARY 26

Milk in St. Louis-Ozarks marketing area—USDA 38 FR 1281; 1–11–73

Elimination of employment discrimination; necessity or appropriateness of Rule Making proceedings—SEC 28767; 12–29–72

Transition areas (airspace): Bennettsville; designation Hartford-Brainard, Conn.; alteration Richmond, Va.; alteration—FAA 28521–22; 12–27–72

Coal mine safety standards; equipment, testing devices, communications systems, escape routes, etc.—Interior Dept 26422; 12–12–72

Next Week's Hearings

(This listing is limited to notices of hearings published in the FEDERAL REGISTER after October 1, 1972, and scheduled during the week of January 21–27, 1973. Only hearings that appear to be of interest to broad segments of the public are included in this list.)

JANUARY 22

Pollution of Great Lakes boundary waters. Held at Sault Ste. Marie, Ont.—Intnl. Jt. Comm 27660; 12–19–72

JANUARY 23

Federal Railroad Admn. Proposed minimum safety standards for freight cars 19821, 24768; 9–22–72, 12–21–72

Coast Guard. Marine shipment of cultures of etiologic agents 26531; 12–13–72

CAB—Miami-Los Angeles Competitive Nonstop Case 28646; 12–28–72

TARIFF—Importation of roller chain (other than bicycle) from Japan 26169; 12–8–72

JANUARY 24

DoT—Lubrication of journal bearings of freight cars 24444; 11–17–72

Pollution of Great Lakes boundary waters. Held at London, Ont.—Intnl. Jt. Comm 27660; 12–19–72

JANUARY 25

Coast Guard. Proposed bridge across Doctors Pass Waterway, Florida 26843; 12–16–72

Federal Railroad Admn. Freight cars and freight car components; safety standards 24445; 11–17–72

AEC—Washington Public Power Supply System, Hanford No. 2 Nuclear Power Plant. Health, safety and environmental considerations 38 FR 72; 1–3–73

AEC—Commonwealth Edison Co., Zion Nuclear Station; prehearing conference 38 FR 1228; 1–10–73

federal register
Area Code 202 Phone 962–8626

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by the Executive Branch of the Federal Government. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $2.50 per month or $25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

HIGHLIGHTS—Continued

BROKERS, DEALERS, AND INVESTMENT ADVISERS—

SEC proposes to exempt certain investment advisers from registration requirement; comments by 2–16–73 1649

SEC proposes to allow payment to broker-dealer employees for soliciting purchases on national security exchanges; comments by 3–15–73 1647

SEC proposal specifying special procedures for exchange rules concerning option trading; comments by 2–15–73 1646

SEC proposal exempting securities underlying certain options from registration; comments by 2–15–73 1648

ENVIRONMENT—

EPA interim regulations set procedures for preparation of EPA environmental impact statements; effective 2–16–73 1695

Council on Environmental Quality listing of impact statements for proposed Federal projects 1660

U.S. BALANCE OF PAYMENTS—Treasury Dept. expands reporting requirements for foreign purchase and sales of U.S. debt securities; effective 1–17–73 1637

MOTOR VEHICLE SAFETY—DoT proposes to establish "vehicle seating reference" for driver compartment design; comments by 4–16–73 1645

CIVIL WORKS PROJECTS—Army Corps of Engineers guidelines for assessing economic, social, and environmental effects; effective 9–28–72 1637

IMPORT QUOTAS—Customs Bur. proposes revised regulations; comments by 3–19–73 1642

FOOD STANDARDS—FDA to permit market testing of canned peaches, pears, and fruit cocktail in brown sugar/honey sirup 1658

PROCESSED FRUITS, VEGETABLES AND OTHER PRODUCTS—USDA increases inspection fees; effective 2–14–73 1640

MEETINGS—

NASA: Aerospace Safety Advisory Panel, 1–19–73 1667
USDA: Peanut Advisory Committee, 1–22–73 1655
National Commission on Materials Policy, 1–18–73 1690

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month. In the last issue of the month the cumulative list will appear at the end of the issue.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1973, and specifies how they are affected.

Title 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 213—EXCEPTED SERVICE

Department of Defense

Section 213.3306 is amended to show that one position of Confidential Assistant to the Special Assistant to the Secretary is excepted under Schedule C.

Effective on January 17, 1973, subparagraph (46) is added to paragraph (a) of § 213.3306 as set out below.

§ 213.3306 Department of Defense.

(a) *Office of the Secretary.* • • •

(46) One Confidential Assistant to the Special Assistant to the Secretary.

(5 U.S.C. secs. 3301, 3302, E.O. 10577; 3 CFR 1954–58 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.73-979 Filed 1-16-73;8:45 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Airspace Docket No. 72-WA-66]

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Change to Area High Route Waypoint

The purpose of this amendment to Part 75 of the Federal Aviation Regulations is to make a change of the name Summerville, Ga., to Trion, Ga., in area high route J952R.

A policy to eliminate the duplication of names for air navigation aids has been adopted by the Federal Aviation Administration. Therefore, action is taken herein to make this change.

Since this amendment is minor in nature and no substantive change in the regulation is effected, notice and public procedure thereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, this amendment will become effective March 1, 1973.

In consideration of the foregoing, Part 75 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., March 1, 1973, as hereinafter set forth.

Section 75.400 (38 FR 700) is amended as follows:

In J952R "Summerville, Ga., 34°37'25" N., 85°14'12" W. Atlanta, Ga.," is deleted and "Trion, Ga., 34°37'25" N., 85°-14'12" W. Atlanta, Ga.," is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on January 10, 1973.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

[FR Doc.73-947 Filed 1-16-73;8:45 am]

[Airspace Docket No. 71-WA-14]

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Designation of Area High Routes

On December 7, 1972, FR Doc. 72-20964 was published in the FEDERAL REGISTER (37 FR 26003) which amends Part 75 of the Federal Aviation Regulations, effective 0901 G.m.t., February 1, 1973.

This document amended Part 75 of the Federal Aviation Regulations, in part, by including the Cabin Creek, Colo., waypoint in area high route J969R and substituting this waypoint for the Powder Horn, Colo., waypoint in area high route J801R.

In the description of Cabin Creek waypoint the longitude was erroneously listed as "106°38'31"" rather than as "106°34'-31"." Therefore, action is taken herein to change "106°38'31"" to "106°34'31"" in J801R and J969R.

Since this amendment is editorial in nature and no substantive change in the regulation is effected, notice and public procedure thereon are unnecessary, and good cause exists for making this amendment effective on less than 30 days notice.

In consideration of the foregoing, effective upon publication in the FEDERAL REGISTER, FR Doc. 72-20964 (37 FR 26003) is amended, as hereinafter set forth.

In Item b. "38°21'36" N./106°38'31" W." is deleted and "38°21'36" N./106°-34'31" W." is substituted therefor.

In Item c. "38°21'36"/106°38'31"" is deleted and "38°21'36"/106°34'31"" is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a), sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C. on, January 10, 1973.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. C-2327]

PART 13—PROHIBITED TRADE PRACTICES

Glen Head Mills of Georgia, Inc., et al.

Correction

In FR Doc. 73-232, appearing at page 968, in the issue of Monday, January 8, 1973, in the second line of the authority citation, change "88 Stat. 719", to read "38 Stat. 719".

[Docket No. C-2329]

PART 13—PROHIBITED TRADE PRACTICES

William Freihofer Baking Co., Inc.

Correction

In FR Doc. 73-231, appearing at page 971, in the issue of Monday, January 8, 1973, in the sixth line of the first paragraph, change "13.170-74" to read "13.170-64".

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Subpart D—Food Additives Permitted in Food for Human Consumption

CHLORDIMEFORM

Correction

In FR Doc. 73-81, appearing at page 11, in the issue of Wednesday, January 3, 1973, in the third and fourth line of § 121.1249, change the chemical name "(*N'* - (4-chloro-o-tolyl)-*N,N*-dimethylformamidine)", to read "*N'*-(4-chloro-o-tolyl)-*N,N*-dimethylformamidine)".

V 38 - 11 JAN 17 73 XUM

Title 29—LABOR

Subtitle A—Office of the Secretary of Labor

PART 40—FARM LABOR CONTRACTOR REGISTRATION

Procedural Changes for Filing Applications for Certificates of Registration and Employee Identification Cards

Secretary's Order No. 32–72 of October 16, 1972, transferred the responsibilities for determining the eligibility of applicants for certificates of registration and employee identification cards and issuance thereof and for the enforcement programs under the Farm Labor Contractor Registration Act of 1963 (Public Law 88–582) from the Assistant Secretary for Manpower to the Assistant Secretary for Employment Standards and Secretary's Order No. 33–72 of October 16, 1972, redelegated these responsibilities to the Deputy Assistant Secretary/Wage-Hour Administrator.

The revisions in this part reflect the changes in titles of offices and officials who will process the application for a certificate of registration and employee identification card and will administer the substantive provisions of the Act.

In addition, pursuant to a notice (37 FR 16787, Aug. 19, 1972) which changed the title hearing examiners as used in Subpart B—Appointment, Pay and Removal of Hearing Examiners of Part 930 of Title 5 to Administrative Law Judge, such changes are sought to be incorporated in Part 40.

Notice of proposed rule making is unnecessary in this instance since the revisions involve changes in rules of Department organization and procedures. A delay in the effective date is not necessary because the changes in the Department's organization and procedures made by the amendments are now in effect. The public is not prejudiced since the material submitted pursuant to the old procedure will be placed in the proper channels by the Department to the mutual benefit of the public and the Department.

Part 40 of Title 29 is hereby amended as follows:

1. Paragraphs (g), (i), and (j) of § 40.2 are amended to read as follows:

§ 40.2 Definitions.

• • • • • •

(g) The "Regional Administrator" is the Administrative officer in charge of a regional office of the Employment Standards Administration, U.S. Department of Labor.

• • • • • •

(i) The "Administrator" means the Deputy Assistant Secretary/Wage-Hour Administrator of the United States Department of Labor or his authorized representative.

(j)(1) The "Administrative Law Judge" means a person appointed as provided in 5 U.S.C. 3105 and Subpart B of Part 930 of Title 5 of the Code of Federal Regulations (see 37 FR 16787) and qualified to preside at hearings under 5 U.S.C. 557.

(2) The "Chief Administrative Law Judge" means the Chief Administrative Law Judge, U.S. Department of Labor, Washington, D.C. 20210.

• • • • • •

2. Paragraphs (f), (g), and (h) of § 40.4 are amended to read as follows:

§ 40.4 Application for Certificate of Registration.

• • • • • •

(f) Before any person may transport migrant workers within the meaning of the Act, he shall submit evidence satisfactory to the Regional Administrator that he is in compliance with the rules and regulations promulgated by the Bureau of Motor Carrier Safety, Federal Highway Administration of the U.S. Department of Transportation that are applicable to his activities and operations in interstate commerce.

(g) The holder of a valid Certificate of Registration may request the renewal of his Certificate of Registration by executing and filing with a local office of the Employment Service of the various States or any office designated by the Governor of a State pursuant to § 40.4 the following: (1) An application which shall set forth the information required thereon; (2) proof of insurance coverage as required in paragraph (c)(1) of this section or proof of financial responsibility as required in paragraph (c)(2) of this section; (3) upon request, a completed Form FD–258 Fingerprint Card; and (4) upon request, evidence of compliance with applicable rules and regulations promulgated by the Bureau of Motor Carrier Safety, Federal Highway Administration of the U.S. Department of Transportation.

(h) If a Certificate of Registration is lost or destroyed, a duplicate Certificate of Registration may be obtained by submission to any Regional office of the Employment Standards Administration of a written statement explaining its loss or destruction, indicating where the original application was filed, and requesting that a duplicate be issued.

(31 FR 14773, Nov. 22, 1966, as amended at 32 FR 10649, July 20, 1972; 35 FR 532, Jan. 1970, and 38 FR 1636, Jan. 17, 1973)

3. Paragraphs (b) and (c) of § 40.6 are hereby amended to read as follows:

§ 40.6 Farm Labor Contractor Employee Identification Cards, applications.

• • • • • •

(b) An application for a Farm Labor Contractor Employee Identification Card shall be acknowledged by the Regional Administrator. Until a determination is made upon the application, such acknowledgement shall authorize the applicant to engage in any of the covered activities of a farm labor contractor, as defined in the Act, in behalf of any holder of a valid Certificate of Registration. While engaging in such activities, the employee must have in his possession either the letter of acknowledgement, which shall not be effective for more than 30 days, or a Farm Labor Contractor Employee Identification Card where such has been issued. Such employee shall not be engaged as a driver of a bus or truck for transportation of migrant workers in connection with the business activities, or operations of a farm labor contractor subject to the Act, unless he shall comply with rules and regulations promulgated by the Bureau of Motor Carrier Safety, Federal Highway Administration of the U.S. Department of Transportation, that are applicable to his activities and operations in interstate commerce.

(c) If a Farm Labor Contractor Employee Identification Card is lost or destroyed, a duplicate Farm Labor Contractor Employee Identification Card may be obtained by submitting to the Office of the Regional Administrator of the Employment Standards Administration, a written statement explaining its loss or destruction, indicating where the original application was filed, and requesting that a duplicate be issued.

• • • • • •

4. Subparagraph (8) of § 40.10(c) is hereby amended to read as follows:

§ 40.10 Terms of Certificates of Registration, other conditions and obligations.

• • • • • •

(c) • • •

(8) Has failed to comply with rules and regulations promulgated by the Bureau of Motor Carrier Safety, Federal Highway Administration of the U.S. Department of Transportation that are applicable to his activities and operations in interstate commerce.

• • • • • •

5. Paragraph (a) of § 40.11 is hereby amended to read as follows:

§ 40.11 Cancellation of insurance, review of financial responsibility, change of ownership.

(a) Any insurance policy or liability bond required by the Act or this part shall provide that it shall not be cancelled, rescinded, or suspended, nor become void for any reason whatsoever during such period in which the insurance or liability bond is required by the Act to be effective, except by the expiration of the term for which it is written, or until the company or the named insured, in the case of an insurance policy, or the "surety" or the "principal", in the case of a liability bond, shall have first given thirty (30) days' notice in writing by registered mail to the Office of Administrator of Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210 said thirty (30) days' notice to commence to run from the date notice is actually received.

• • • • • •

(31 FR 14775, Nov. 22, 1966 as amended at 35 FR 532, Jan. 15, 1970 and 38 FR 1636, Jan. 17, 1973)

6. Paragraph (b) of § 40.16 is hereby amended to read as follows:

§ 40.16 Notice of proposed denial of an application for renewal of a Certificate of Registration or a Farm Labor Contractor Identification Card or suspension or revocation thereof.

• • • • • •

(b) Apprise the applicant or holder of his right to a hearing on the proposed action and that such a hearing will be held upon his request, provided that his request is made in writing no later than twenty (20) days after the service of the notice, and mailed to the Office of the Administrator of Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210; and

• • • • • •

7. Pursuant to changes effected in Title V, Part 930 as reported in 37 FR 16787, August 19, 1972, wherever the term Hearing Examiner appears in this Part 40 the term shall be changed to Administrative Law Judge and wherever the term Chief Hearing Examiner appears the term shall be changed to Chief Administrative Law Judge.

Signed at Washington, D.C., this 11th day of January 1973.

R. J. GRUNEWALD,
Assistant Secretary for Employment Standards.

[FR Doc.73–915 Filed 1–16–73;8:45 am]

Title 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices, Department of the Treasury

PART 128—TRANSACTIONS IN FOREIGN EXCHANGE, TRANSFERS OF CREDIT, AND EXPORT OF COIN AND CURRENCY

Subpart B—Description of Forms Prescribed Under This Part

REVISION OF FOREIGN EXCHANGE FORM S–2

The Department of the Treasury finds it necessary to amend the reporting requirements contained in 31 CFR Part 128 by revising Foreign Exchange Form S–2 described in 31 CFR 128.19. The revised Foreign Exchange Form S-2 will include, in addition to the existing columns for foreign official purchases and sales of U.S. Government bonds and notes, separate columns for foreign official purchases and sales of debt securities of U.S. Government corporations and agencies and federally sponsored agencies, and debt securities of private corporations and State and local governments. The objective of the revision is to improve the collection of statistics pertaining to the U.S. balance of payments.

The Department further finds that notice and public procedure under the provisions of 5 U.S.C. 553 are not necessary in this case since the amendment pertains only to rules of agency procedure and practice and since each reporting institution affected by the amendment will be notified individually.

Accordingly, Subpart B, Part 128, Chapter I of Title 31 of the Code of Federal Regulations is amended by revising § 128.19 to read:

§ 128.19 Foreign Exchange Form S–2: Purchases and sales of "long-term" domestic debt securities by "foreign official institutions."

On this form bankers and banking institutions, brokers and dealers in the United States are required to report monthly to a Federal Reserve bank purchases and sales of "long-term" domestice debt securities by "foreign official institutions."

(Sec. 5, 40 Stat. 415, as amended, sec. 8, 59 Stat. 515; 50 U.S.C. App. 5, 22 U.S.C. 286f, E.O. 6560, Jan. 15, 1934, E.O. 10033, 14 FR 561, 3 CFR, 1949–53 Comp.)

Effective date. This amendment shall become effective on January 17, 1973.

Dated: January 11, 1973.

[SEAL] JOHN M. HENNESSY,
Assistant Secretary for International Affairs.

[FR Doc.73–1026 Filed 1–16–73;8:45 am]

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

[ER 1165–2–501]

PART 209—ADMINISTRATIVE PROCEDURE

Guidelines for Assessment of Economic, Social, and Environmental Effects of Contemplated Civil Works Projects

On July 27, 1972, notice was published in the FEDERAL REGISTER (37 FR 15013) of proposed guidelines for use by the Corps of Engineers in the assessment of possible economic, social, and environmental effects of contemplated civil works projects. Notice is hereby given that, after consideration of comments received, the Chief of Engineers has adopted the regulation and guidelines as set forth below. These guidelines comply with section 122 of the River and Harbor and Flood Control Act of 1970 (Public Law 91–611; 84 Stat. 1818). These guidelines became effective September 28, 1972.

§ 209.400 Guidelines for assessment of economic, social, and environmental effects of Civil Works projects.

(a) *Purpose.* This section furnishes guidelines, published September 28, 1972, for the assessment of economic, social, and environmental effects of Civil Works projects. They are designed to ensure that all significant adverse and beneficial effects of Corps of Engineers projects are fully considered in pre- and post-authorization planning. The guidelines have been approved by the Secretary of the Army and comply with the directive of Congress contained in section 122 of the River and Harbor and Flood Control Act of 1970, Public Law 91–611. (See Appendix A to this part.) They supplement and extend the requirements of the National Environmental Policy Act of 1969. (Public Law 91–190).

(b) *Applicability.* The guidelines will be used by all elements of the Corps of Engineers having Civil Works responsibilities.

(c) *References.* (1) Section 122, Public Law 91–611.

(2) National Environmental Policy Act of 1969 (Public Law 91–190).

(d) *Reports covered.* The guidelines specify steps in effect assessment to be taken as part of the planning process in preauthorization investigations. They shall be appropriately adapted by reporting officers, however, to cover effect assessment in planning for projects under continuing authorities, and in postauthorization planning (General Design Memoranda, Phase I). The guidelines will apply to the following reports:

(1) Survey reports now under preparation or in progress, including those that have not been formally acted upon by the Board of Engineers for Rivers and Harbors by December 31, 1972.

(2) Reports being prepared or now being processed on proposed projects under the special continuing authorities available to the Corps of Engineers.

(3) General Design Memoranda—Phase I—Plan Formulation Memoranda for projects authorized in the River and Harbor and Flood Control Act of 1970.

(4) General Design Memoranda—Phase I—Plan Formulation Memoranda being prepared for projects authorized by Congress subsequent to the 1970 Act where the survey report did not cover these effects. This category includes completed survey reports now with Congress as well as survey reports acted upon by the Board of Engineers for Rivers and Harbors prior to December 31, 1972.

(5) Certain Design Memoranda—Phase I—Plan Formulation Memoranda for projects authorized by Congress prior to the River and Harbor and Flood Control Act of 1970. While not required by the Act, guideline procedures will be incorporated into the planning for Phase I reports not funded for completion this fiscal year.

(e) *Action.* Reporting officers will incorporate utilization of these guidelines into all phases of the planning process to insure that:

(1) All significant adverse and beneficial project effects, particularly the adverse effects specified in section 122, are identified and assessed in a systematic way;

(2) The feasibility and cost of eliminating or minimizing adverse effects are given full consideration;

(3) Decisions and project recommendations are made in the best overall public interest based on a balanced consideration of the monetary benefits and costs, the degree that public needs are satisfied, and the extent of other beneficial and adverse effects.

V 38 - 11 JAN 17 73 XUM

APPENDIX A

GUIDELINES FOR ASSESSMENT OF ECONOMIC, SOCIAL, AND ENVIRONMENTAL EFFECTS OF CIVIL WORKS PROJECTS

SEPTEMBER 28, 1972.

These guidelines are designed to insure that all significant adverse and beneficial effects of proposed projects are fully considered.

Effect (impact) assessment is an integral part of the planning process. It serves as one test of the adequacy of that process and of any positive or negative recommendations resulting therefrom. It is fully compatible with multiobjective planning.

Any alternative developed in the planning process may produce unintended effects which are not responsive to the planning objectives and which are not included in benefit-cost analysis. Such effects are the subject of these guidelines.

Effect assessment is an iterative process which consists of the following steps: identification of anticipated project-caused economic, social, and environmental effects; quantitative and qualitative description and display of the effects; evaluation of the effects, whether adverse or beneficial; and consideration of measures to be taken if a proposed project would cause adverse effects.

The sequence of steps in effect assessment is summarized below:

1. Assemble a profile of existing conditions in the planning area;
2. Extend the profile to make projections of "without project" conditions through the expected life of the project;
3. Make "with project" projections, identifying causative factors and tracing their effects for each alternative;
4. Identify significant effects;
5. Describe and display each significant effect;
6. Evaluate adverse and beneficial effects;
7. Consider project modifications where adverse effects are significant;
8. Seek assessment feedback from other sources;

(Steps 1 through 8 are common to each iteration of the effect assessment process.)

9. Use effect assessment in making recommendations;
10. Prepare a Statement of Findings;
11. Use effect assessment in preparing the Environmental Impact Statement.

This sequence is discussed in more detail in the paragraphs that follow.

EFFECT ASSESSMENT

1. *Assemble a profile.* Portray existing conditions in a profile describing the relevant economic, social, and environmental characteristics of the affected area. Judgment is of critical importance in determining what information will be needed.

A tentative profile should be prepared early in the planning process. Subsequently, as alternatives are considered in greater detail, the profile should be made more precise and focused on identified significant effects.

The boundary areas of the profile will vary depending upon whether the focus of an effect is local or regional; whether the area is defined by political jurisdiction or by hydrologic unit; and by the nature of the project effects.

When completed, the profile should provide a clear understanding of the significant existing conditions, problems, and needs of the affected area and of the rationale for any action, if proposed.

2. *Make projections of "without project" conditions.* Extend the profile of existing conditions to portray future conditions without any project action. Projections should cover the expected life of each alternative considered over a reasonable range of probable future conditions.

Utilize a range of values to compensate in part for the uncertainties of projecting the future.

Projection of existing economic, social, and environmental conditions should yield pertinent information about the conditions, problems, and needs of the affected area in the future and provide a basis or baseline for a comparison of the effects of alternative plans. The projection may suggest issues to be addressed in designing alternative "with project" plans.

3. *Make "with project" projections, identifying causative factors and tracing their effects for each alternative.* Make projections of the "with project" conditions for each alternative being considered, including preconstruction, construction, and operation periods through its expected life.

Identify and list project-related causative factors (see Attachment B) and their likely economic, social, and environmental effects (see Attachment C) concurrently with the formulation of alternative plans.

The causative factors and effect elements for each alternative should be set forth in sufficient detail to ensure that all significant interactive relationships are considered. The interrelatedness of economic, social, and environmental aspects cannot be overlooked and must be considered regardless of the category in which any given effect is placed.

Assessments initially should emphasize breadth rather than depth. Refinements should await later stages of plan formulation.

Effect assessment at any stage should be carried to a degree of detail commensurate with the alternative it addresses.

4. *Identify significant effects.* Examine causative factors and the effects they produce for each alternative. Select those effects which appear significant in view of the conditions, problems and needs of the affected area as projected for the "with" and "without" project conditions.

A "significant" effect is one which would be likely to have a material bearing on the decision-making process.

A determination regarding significance should be made at the earliest stage possible in the assessment process. The determination should be reconsidered at each stage, particularly in the light of public input and reaction.

In the process of formulation, adjustments may be made in the alternative plans that avoid or reduce identified adverse effects. In such cases, only residual adverse effects should be identified for further analysis in the concurrent assessment process.

5. *Describe and display all significant effects.* Describe the effects of the various alternative plans in quantitative terms to the extent possible. Where this cannot be done, effects should at a minimum be set forth in qualitative-descriptive terms.

The effects should be described objectively, and tentatively designated as adverse or beneficial.

Beneficial effects that are identified should be included, to the extent possible, in the benefit evaluation section of the survey report.

Beneficial effects of one kind cannot be considered to cancel out an adverse effect of another kind.

Display the effects of the alternative plans in a form that is easily understood, interpreted, and evaluated, and that clearly shows the differences among them. The display is to be used in consulting with State and Federal agencies and public groups with particular expertise. The display also provides one of the bases for assessing alternative plans, selecting a recommended plan, and assisting in public participation.

6. *Evaluate effects.* Place values on the significant adverse and beneficial effects in monetary terms where applicable, quantitatively where possible, and qualitatively in any event.

The assumptions or criteria on which a judgment is based should be made explicit, since segments of the public may perceive any single effect quite differently.

Significant adverse effects must be sufficiently well displayed to facilitate the weighing of need and type of project modification, if any. No single method for determining relative value is generally accepted. Public policy, community preferences, and the magnitude and degree of severity of effect are factors to be considered.

The aggregate or systems interaction of combined economic, social, and environmental effects should be considered along with evaluation of individual effects. In addition, the possibility of individual effects being part of a larger cumulative process should be investigated.

Effects not significant, not relevant, or that can be adequately incorporated in benefit-cost evaluation should not be accommodated in the effect evaluation.

An evaluation cannot be validated without obtaining the review and reaction of other agencies and the public.

7. *Consider project modifications where adverse effects are significant.* For each significant adverse effect, investigate the possibility of:

a. Eliminating the effect;

b. Mitigating the effect by minimizing or reducing it to an acceptable level of intensity; or by compensating for it by including a counterbalancing positive effect.

The costs of such measures, as well as any costs of reduced project performance, provide further bases for comparing alternatives and for deciding how or whether to modify them or to accept the adverse effects.

If effect assessment has not proceeded in step with the formulation of alternatives, the possibility always exists that an identified adverse effect may be of such magnitude or character that it cannot be accepted in the best overall public interest, or be corrected by project modifications. In such a case, one or more new alternatives must be formulated to avoid an unacceptable adverse consequence. "No action" is always one of the alternatives to be considered.

For each beneficial effect investigate the possibility of:

1. Reflecting it in the benefit-cost analysis of the project formulation process; or
2. Describing and displaying the effect for consideration by the public and in plan selection; or
3. Considering it as an offset for a corresponding adverse effect.

8. *Seek assessment feedback from other sources.* Effect assessment procedures require a variety of information sources and continuous feedback.

Informal exchanges with Federal, State, and private groups and with individuals should be sought at the beginning of any investigation and maintained throughout planning. More formal discussion occurs in the course of initial formulation and late-stage public meetings.

Consultation with a wide range of interests tests the adequacy of identification of effects, validates their designation as beneficial or adverse, and provides commentary on measures considered for project modification.

Response should be solicited to ensure that effects have not been overlooked or that the significance of effects has not been misjudged.

Fully utilize all the public participation procedures of the planning process. For survey report investigations, effects, and possible modifications will be introduced at the initial, formulation, and late-stage public meetings at a level of detail commensurate with that with which the alternatives are presented.

For continuing authority reports and Phase I General Design Memoranda, effect assessment will be tailored to the public participation requirements of existing regulations.

Steps 1–7 should be taken before each public meeting to complete a formal iteration of the effect assessment process.

9. *Use effect assessment in making recommendations.* More detailed assessment will be applied to the alternatives, including the tentatively selected proposal, by the time they are presented in the late-stage public meeting. At this meeting, formal presentation of the alternatives and measures to overcome adverse effects will be made and the degree of public acceptance gaged.

The reporting officer should recommend the alternative that is in the best overall public interest considering the planning objectives, the benefits and costs, and the significant economic, social, and environmental effects, including costs of treating those that are adverse.

While assessment and appraisal from all sources influence the alternative recommended by the reporting officer, the burden of judgment and defense ultimately rests with him.

10. *Prepare a statement of findings.* Include a summary of the completed effect assessment in the report immediately before the statement of findings.

The statement of findings presents the rationale of the reporting officer for his conclusions and recommendations in accordance with the "best overall public interest."

11. *Use effect assessment in the environmental impact statement.* The requirements of section 122 supplement the requirements of Public Law 91–190 (NEPA). Consequently, the completed effect assessment for environmental effects should be used as input for the environmental impact statement.

ATTACHMENT A

SECTION 122—PUBLIC LAW 91–611

"Not later than July 1, 1972, the Secretary of the Army, acting through the Chief of Engineers, after consultation with appropriate Federal and State officials, shall submit to Congress, and not later than 90 days after submission, promulgate guidelines designed to assure that possible adverse economic, social, and envorinmental effects relating to any proposed project have been fully considered in developing such project, and that the final decisions on the project are made in the best overall public interest, taking into consideration the need for flood control, navigation, and associated purposes, and the cost of eliminating or minimizing such adverse effects and the following:

"1. Air, noise, and water pollution;

"2. Destruction or disruption of man-made and natural resources, esthetic values, community cohesion and the availability of public facilities, and services;

"3. Adverse employment effects and tax and property value losses;

"4. Injurious displacement of people, businesses, and farms; and,

"5. Disruption of desirable community and regional growth.

"Such guidelines shall apply to all projects authorized in this Act, and proposed projects after the issuance of such guidelines."

ATTACHMENT B

SAMPLE CAUSATIVE FACTORS

In order to identify and evaluate the effects of a project, describe aspects of the project in terms of factors likely to produce significant effects. Evaluation of effects should not be carried out in greater detail than the project alternative being considered. The list below is illustrative. It is not to be considered complete or limiting.

INPUT FACTORS

Natural resources
- Water.
- Land.
- Resources products.
  - Gravel.
  - Sand.
  - Coal.
  - Timber.
  - Crushed rock.
- Wildlife and Fish.
- Esthetics.
- Flora (plant life).

Energy resources

Capital

Labor

SYSTEMIC FACTORS

Physical alterations.
- Channelization.
- Excavation.
- Dredging.
- Draining.

Structures
- Dam/lake.
- Levee.
- Jetty.
- Channel.
- Barrier.
- Road and utility relocation.

Institutional
- Acquisition.
- Easements.
- Relocation.

OPERATION AND MAINTENANCE FACTORS

Equipment service

Resource management
- Harvesting.
- Planting.
- Buffer zone maintenance.
- Grazing.
- Fencing.

Maintenance
- Recreational areas.
- Water quality protection.
- Dredging operations.
- Navigation controls.
- Reservoir controls and procedures.

OUTPUT FACTORS

Hydro-power
Flood control
Navigation
Water supply
Recreation
Irrigation
Fish and wildlife
Water quality
Shoreline protection

ATTACHMENT C

SAMPLE PROJECT EFFECTS

All significant effects of project should be identified and assessed. In some cases, a causative factor may result in only one significant effect. In other cases, the significant effects of a causative factor will be numerous and may require consideration in all three effect categories. (Example: A causative factor such as dredging may result in turbidity in the water for a brief period. This should be considered a predominantly environmental effect. Yet, because of the turbid water, a textile factory downstream may have to close down for a few days. This is an economic effect, and should be considered as a result of dredging even though it is a lesser effect than the environmental one. The increased turbidity may also have the effect of reducing water recreation temporarily. This is a social effect of dredging). Judgment must be used as to the limits of tracing out effects. Generally, the degree of detail involved in assessment should be no greater than that of the plan it addresses.

An asterisk denotes items specifically mentioned in section 122. These must be identified and evaluated. If they are considered to be not significant, that should also be noted. Other effects should be identified and evaluated only if they are considered to be significant. The list below is an illustrative one. It is not to be considered complete or limiting.

SOCIAL EFFECTS

- *Noise.
- Population, e.g.
  - Mobility.
  - Density.
  - *Displacement of people.
- *Esthetic values.
- Housing.
- Archeologic remains.
- Historic structures.
- Transportation.
- Education opportunities.
- Leisure opportunities (recreation, active, and passive).
- Cultural opportunities.
- *Community cohesion.
- *(Desirable) community growth.
- Institutional relationships.
- Health.

ECONOMIC EFFECTS:

- National Economic Development.
- Local government finance, e.g.
  - *Tax revenues.
  - *Property values.
- Land use.
- *Public facilities.
- *Public services.
- Local/regional activity, e.g.
  - *(Desirable) regional growth.
  - Relocation.
- Real income distribution.
- *Employment/labor force.
- *Business and industrial activity.
- Agricultural activity.
  - *Displacement of farms.
  - Food supply.
- National defense.

ENVIRONMENTAL EFFECTS:

- *Man-made resources.
- *Natural resources.
- Pollution aspects.
  - *Air.
    - CO.
    - Sulphur oxides.
    - Hydrocarbons.
    - Particulates.
    - Photochemicals.
  - *Water.
    - Pathogenic agents.
    - Nutrients N and P.
    - Pesticides, herbicides, rodenticides.
    - Organic materials.
    - Solids, dissolved, and suspended.
  - Land.
    - Soils.
  - Animal and plant.
    - Birds.
    - Mammals.
    - Amphibians.
    - Fish, sport, and commercial.
    - Shellfish.
    - Insects.
    - Microfauna.
    - Trees, shrubs, and plants.
    - Microflora.
  - Ecosystems.
    - Habitats.
    - Food chains.
    - Productivity.
    - Diversity.
    - Stability.

V 38 - 11 JAN 17 73 XUM

Physical and Hydrologic aspects.
Erosion.
Erosion and sedimentation effects.
Compaction and subsidence.
Slope stability.
Groundwater regime alteration.
Surface flow effects.
Micrometeorological effects.
Physiologic changes (e.g., wetlands destruction).

[Engineer Reg. 1105-2-105, Dec. 15, 1972] (Public Law 91-190; 83 Stat. 852, Sec. 122, Public Law 91-611; 84 Stat. 1823, sec. 3012, 70A Stat. 157; 10 U.S.C. 3012)

For the Adjutant General.

E. W. GANNON,
Lieutenant Colonel, U.S. Army,
Chief, Plans Office, TAGO.

Title 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 52—PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

Inspection and Certification Fees

The Agricultural Marketing Act of 1946 authorizes official inspection and certification of processed fruits and vegetables, processed products thereof, and certain other processed food products.[1] Such inspection and certification is voluntary and is made available upon request of financially interested parties and upon payment of a fee. The Act requires such fees to be reasonable and, as nearly as possible, to cover the cost of rendering the service.

Statement of consideration leading to amendment of regulations. The rising costs of maintaining the inspection service has made it necessary to increase inspection fees. Most of these increased costs are due to adjustments in the salaries of employees as authorized by the Congress.

The regulations were last revised to reflect increased fees on July 23, 1972. Since that time there has been a 5.14 percent salary increase which became effective January 7, 1973. Contracts with processors, in which one or more inspectors are assigned to a plant, will be amended individually to recover increased costs.

Accordingly, §§ 52.42, 52.47, 52.49, and 52.50, schedule of fees and charges for micro, chemical, and certain other special analyses, are being revised to recover increased costs for such services as sampling, checkloading, condition of container examination, analytical and other grading services.

[1] Among such other processed food products are the following: Honey, molasses, except for stockfeed; nuts and nut products, except oil; sugar (cane, beet, and maple); sirups (blended), except from grain; tea; cocoa; coffee; spices; condiments.

Pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., as amended; 7 U.S.C. 1621 et seq.), the following sections dealing with Fees and Charges of the subpart are hereby amended to read as follows:

§ 52.42 Schedule of fees.

Unless otherwise provided in a written agreement between the applicant and the Administrator, the fee for any inspection service performed under the regulations in this part, including analyses specified in § 52.47, shall be at the rate of $12 per hour.

§ 52.47 Charges for micro, chemical, and certain other special analyses.

(a) The applicable times listed in this section shall be used for computation of charges for micro, chemical, and certain other special analyses when any of these analyses are made at the request of the applicant or because of additional specification requirements and are not performed in connection with the normal inspection to determine the quality or condition of the product.

Type of analysis	Hours for first analysis	Hours for each additional analysis
Alcohol insoluble solids	1	½
Alcohol (distillation and specific gravity)	2	1½
Ascorbic acid (vitamin C)	1	¼
Ash, acid insoluble	1½	1
Ash, total (carbonated or sulfated)	1	½
Ash, water soluble or water insoluble	1½	1
Ash, NaCl Free (approximate method—total ash less NaCl)	1½	1
Ash, NaCl Free (P_2O_5×2)	2½	1½
Brix reading (double dilution)	1	½
Brix reading (refractometric or spindle)	¼	¼
Catalase test	½	½
Color determination of extracted honey	½	¼
Color determination of sugarcane molasses or sugarcane sirup	½	¼
Diastase test for honey (AOAC method)	2	1
Ether Extract (crude fat)	1½	1
Fat (acid hydrolysis)	1½	1
Fiber test (green and wax beans)	1	½
Fly egg and maggot count	½	¼
Free fatty acids	½	¼
Iodine number	1½	1
Moisture (drying method)	½	½
Mold Count:		
Direct Smear	½	½
Centrifuge or dilution	¾	½
Pulping	1	¾
Nitrogen or crude protein	1½	1
Nonvolatile ether extract	1½	1
Oil volatile	1	1
Phosphorous pentoxide (P_2O_5)	2½	1½
Potash (K_2O)	2½	1½
Peroxidase test (frozen vegetables)	½	½
Recoverable oil (citrus juices)	1	½
Reducing sugars	2	1
Salt (NaCl—direct titration)	½	¼
Soluble solids (refractometric method)	½	¼
Sucrose (chemical methods)	2½	1½
Sucrose (direct polarization)	1	½
Starch or carbohydrates (direct hydrolysis)	2½	1½
Sulphur dioxide (direct titration)	1	½
Sulphur dioxide (distillation method)	1½	1
Sodium	1½	1
Total acidity (direct titration)	½	¼
Total solids (drying method)	½	½
Tough string test (green and wax beans)	½	½
Vanillin (colorimetric)	1	½
Volatile and nonvolatile ether extract	1½	1
Water-insoluble-inorganic-residue	1	½
Water insoluble solids	1½	1
Worm larvae and insect fragment count	1	½

(b) The following charges shall be made for certain other special analyses whether or not made in connection with an inspection to determine quality and condition of the product: Type of analyses:

Aflatoxin in peanuts and peanut products (thin layer, chromatography methods)	$15

§ 52.49 Charges for copies of score sheets.

If the applicant for inspection service requests one or more copies of a score sheet referable to the processed product covered thereby, he may obtain such copies from the inspector in charge of the office of inspection serving the area where the service was preformed at a charge of one-half hour per copy: *Provided*, That no charge shall be made for one copy if requested in connection with the request for inspection.

§ 52.50 Charges for additional copies of inspection certificates.

Charges for additional copies of inspection certificates issued in accordance with § 52.21 may be supplied to any interested party at a charge for such copies at the rate of one-half hour for each seven (7), or fewer, copies.

Notice of proposed rule making, public procedure thereon, and the postponement of the effective time of this action later than February 4, 1973 (5 U.S.C. 553), are impracticable, unnecessary, and contrary to the public interest in that (1) the Agricultural Marketing Act of 1946, provides that the fees charged shall be reasonable and, as nearly as possible, cover the cost of the service rendered, (2) the increases in fee rates set forth herein are necessary to more nearly cover such cost including, but not limited to, Federal employee salary adjustments, and (3) additional time is not required by users of the inspection service to comply with this amendment.

(Secs. 203, 205, 60 Stat. 1087, as amended, 1090, as amended, 7 U.S.C. 1622, 1624)

Dated to become effective at 12:01 a.m., February 4, 1973.

Dated: January 11, 1973.

E. L. PETERSON,
Administrator,
Agricultural Marketing Service.

[FR Doc.73-920 Filed 1-16-73;8:45 am]

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Avocado Regulation 14, Amdt. 3]

PART 915—AVOCADOS GROWN IN SOUTH FLORIDA

Limitation of Shipments

This amendment to Avocado Regulation 14 revises the maturity requirements for the handling of the Brooks Late variety of avocados, effective during the period January 18 through February 15, 1973, so as to prevent the marketing of smaller immature avocados of this variety. The amended regulation establishes minimum weights for the handling of Brooks Late avocados, during this period, which are the minimum weights necessary for the avocados to ripen properly. The regulation and this amendment are issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and Marketing Order No. 915.

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 915, as amended (7 CFR Part 915), regulating the handling of avocados grown in South Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendation of the Avocado Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of avocados, as hereinafter provided, will tend to effectuate the declared policy of the Act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of Florida avocados are currently regulated pursuant to Avocado Regulation 14, as amended, (37 FR 11465; 37 FR 18899; 37 FR 20315) and, unless sooner modified or terminated, will continue to be so regulated until February 12, 1973. The recommendation and supporting information for amendment during the period specified herein were promptly submitted to the Department after an open meeting of the Avocado Administrative Committee on January 10, 1973; such meeting was held to consider recommendation for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the recommended amendment and information upon which the amendment is based were received by the Department on January 10, 1973; the provisions of this amendment, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of avocados; it is necessary, in order to effectuate the declared policy of the act, to make this amendment effective during the period and in the manner hereinafter set forth so as to provide for the appropriate regulation of the handling of such avocados; and compliance with this amendment will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

The need for the amendment to Avocado Regulation 14 stems from recent maturity studies by the committee of the Brooks Late variety of avocados which indicate that such variety of avocados is maturing later than the dates such avocados are permitted to be handled pursuant to the current applicable provisions of such regulation. Therefore, the committee unanimously recommended amendment of the aforesaid regulation so as to prevent the handling of immature avocados of the Brooks Late variety.

Order. The provisions of paragraph (a)(2) of § 915.314 (Avocado Regulation 14; 37 FR 11465; 37 FR 18899; 37 FR 20315) are hereby amended by adding in Table I, after the Schmidt variety, dates and minimum weights applicable to the Brooks Late variety of avocados, so that after such addition the portion of Table I relating to such variety reads as follows:

§ 915.314 Avocado Regulation 14.

(a) Order:

• • • • • •

(2) • • •

Variety	Date	Minimum weight or diameter (ounces)	Date	Minimum weight or diameter (ounces)	Date	Minimum weight or diameter (ounces)	Date
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
Brooks Late	1-18-73	12	2-1-73	10	2-15-73		

• • • • • •

(Secs. 1–19, 48 Stat. 31, as amended, 7 U.S.C. 601–674)

Dated, January 12, 1973, to become effective January 18, 1973.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.73-1077 Filed 1-16-73;8:45 am]

[971.313, Amdt. 2]

PART 971—LETTUCE GROWN IN LOWER RIO GRANDE VALLEY IN SOUTH TEXAS

Limitation of Shipments

This amendment to the Limitation of Shipments regulation relieves through January 28, 1973, the prohibition on Sunday packaging of South Texas lettuce. Inclement weather has impeded the harvesting and packaging of lettuce in the Lower Rio Grande Valley and these three additional packaging days will reduce losses of maturing lettuce.

Findings. (a) Pursuant to Marketing Agreement No. 144 and Order 971 (7 CFR Part 971), regulating the handling of lettuce grown in the Lower Rio Grande Valley in South Texas (Cameron, Hidalgo, Starr, and Willacy Counties), effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and upon the basis of the recommendation and information submitted by the South Texas Lettuce Committee, established pursuant to said marketing agreement and order, and upon other available information, it is hereby found that the amendment to the limitation of shipments hereinafter set forth will tend to effectuate the declared policy of the act.

(b) It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, or engage in public rule making procedure, and that good cause exists for not postponing the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, (2) compliance with this amendment will not require any special preparations on the part of handlers, (3) information regarding the committee's recommendation has been made available to producers and handlers in the production area, and (4) this amendment relieves the prohibition on Sunday packaging through January 28, 1973.

Regulation, as amended. In § 971.313 (37 FR 24114 and 38 FR 1116) the last sentence in the introductory paragraph is hereby further amended to read in part as follows:

§ 971.313 Limitation of shipments.

• • • Further, no person may package lettuce during the period ending March 31, 1973, on any Sunday, except January 14, 21, and 28, 1973.

• • • • • •

(Secs. 1–19, 48 Stat. 31, as amended: 7 U.S.C. 601–674)

Issued January 12, 1973 to become effective upon issuance.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.73-1029 Filed 1-16-73;8:45 am]

V38-11 JAN 17 73 XUM

Proposed Rule Making

DEPARTMENT OF THE TREASURY

Bureau of Customs

[19 CFR Parts 12, 132]

MERCHANDISE SUBJECT TO QUOTAS

Notice of Proposed Rule Making

Notice is hereby given that under the authority of Revised Statute 251, as amended, section 624, 46 Stat. 759, 77A Stat. 14, as amended; 5 U.S.C. 301, 19 U.S.C. 66, 1202, and 1624, it is proposed to revise the Customs Regulations relating to imported merchandise subject to quota.

This revision is part of the general revision of the Customs Regulations, and replaces the provisions of §§ 12.49, 12.50, and 12.51 with a new Part 132. This part follows a new format, and contains changes or additions in language to clarify the current provisions and to reflect current administrative practice and policy.

The principal changes in the provisions or procedures in proposed Part 132 from those set forth in §§ 12.49, 12.50, and 12.51, are as follows:

1. In Subpart A, relating to the general provisions relating to quotas:

Section 132.1 adds definitions of commonly used terms in one convenient section.

Section 132.2 explains the enactment of quotas, factors in the administration of quotas, and gives notice of the strict compliance with quota terms required of importers.

Section 132.5 sets forth the procedures applicable to the disposition of merchandise imported in excess of quantities admissible under the quota.

2. In Subpart B, relating to the administration of quotas:

Section 132.11 sets forth the rules governing priority and quota status and explains the importance of presentation of an entry in proper form.

Section 132.12 clarifies the regulations having application at the opening of potentially filled quotas. The time statement is simplified by using "12:00 noon e.s.t. in all time zones."

Section 132.14 explains the effect of and limitations on the issuance of permits of delivery and special permits for immediate delivery.

3. In Subpart C, relating to mail importations of absolute quota merchandise:

Current § 12.51(a) of the Customs Regulations, which duplicates the information and procedures currently in §§ 9.3 and 9.4 of the regulations, is omitted.

Current § 12.51(e) of the regulations is omitted as the requirements for entry of mail importations are more completely covered in Part 9 of the Customs Regulations.

Current § 12.51(g) of the regulations is omitted because it is obsolete. The privilege accorded returning residents of importing unaccompanied merchandise under their personal exemptions has been revoked.

Section 132.23 clarifies the procedure on partial release of absolute quota merchandise. The district director will release only whole packages and will return inadmissible packages to the postmaster for reurn to the sender immediately.

There is included as part of the proposed revision a parallel reference table showing the relationship between the proposed provisions and those in 19 CFR Part 12.

Accordingly, it is proposed to amend the Customs Regulations as set forth below:

PART 12—SPECIAL CLASSES OF MERCHANDISE

§ 12.09 [Amended]

§§ 12.50 and 12.51 [Deleted]

Part 12 is amended by deleting therefrom the centerheading "Merchandise Subject to Quota Provisions", §§ 12.49, 12.50, and 12.51, and footnote 33 appended to § 12.49.

PART 132—QUOTAS

Chapter I of title 19, Code of Federal Regulations, is amended by adding a new Part 132 entitled "Quotas" to read as follows:

Sec.

132.0 Scope.

Subpart A—General Provisions

132.1 Definitions.
132.2 Enactment and administration of quotas.
132.3 Observation of official hours.
132.4 Quota quantity entry limits.
132.5 Merchandise imported in excess of quota quantities.
132.6 Exception to reduced rates.

Subpart B—Administration of Quotas

132.11 Quota priority and status.
132.12 Procedure on opening of potentially filled quotas.
132.13 Quotas after opening.
132.14 Issuance of permits of delivery and special permits for immediate delivery.
132.15 Withdrawal from warehouse prior to opening of quota.

Subpart C—Mail Importation of Absolute Quota Merchandise

132.21 Regulations applicable.
132.22 When quota is filled.
132.23 Partial release procedure.
132.24 Entry.
132.25 Undeliverable shipment.

AUTHORITY: The provisions of this Part 132 issued under R.S. 251, as amended, section 624, 46 Stat. 759, 77A Stat. 14; 5 U.S.C. 301, 19 U.S.C. 66, 1202 (Gen. Hdnote. 11), and 1624.

§ 132.0 Scope.

This part sets forth rules and procedures applicable to quotas administered by the Bureau of Customs.

Subpart A—General Provisions

§ 132.1 Definitions.

When used in this part, the following terms shall have the meaning indicated:

(a) *Absolute (or quantitative) quotas.* "Absolute (or quantitative) quotas" are those which permit a limited number of units of specified merchandise to be entered or withdrawn for consumption during specified periods. Once the quantity permitted under the quota is filled, no further entries or withdrawals for consumption of merchandise subject to quota are permitted. Some absolute quotas limit the entry or withdrawal of merchandise from particular countries (geographic quotas) while others are global quotas and limit the entry or withdrawal of merchandise not by source but by total quantity.

(b) *Tariff-rate quotas.* "Tariff-rate quotas" permit a specified quantity of merchandise to be entered or withdrawn for consumption at a reduced duty rate during a specified period.

(c) *Official acceptance.* "Official acceptance" is the final acceptance of the entry or withdrawal for consumption after filing the documents in the proper form in accord with §§ 8.4(d) or 8.4(g) of this chapter, and depositing estimated duties with the appropriate Customs officer.

(d) *Presentation.* "Presentation" is the submission of the entry or withdrawal for consumption in proper form, with estimated duties attached, to the appropriate Customs officer.

(e) *Quota-class merchandise.* "Quota-class merchandise" is any imported merchandise subject to limitations under an absolute or a tariff-rate quota.

(f) *Quota priority.* "Quota priority" is the precedence granted to one entry or withdrawal for consumption of quota-class merchandise over other entries or withdrawals of merchandise subject to the same quota.

(g) *Quota status.* "Quota status" is the standing which entitles quota-class merchandise to admission under an absolute quota, or to a reduced rate of duty under a tariff-rate quota, or to any other quota benefit.

§ 132.2 Enactment and administration of quotas.

(a) *Enactment.* Tariff-rate quotas and absolute quotas are established by Presidential proclamations, Executive orders, and legislative enactments. These documents are published in the Customs Bulletin.

(b) *Administration.* Quotas vary by the type of commodity involved, the country of exportation, the period or periods the quota is open and the type of quota. Quotas are divided into two categories: Quotas administered directly by the Bureau of Customs, and quotas administered by other agencies which are enforced by the Bureau of Customs, and which may require special procedures or special documentation in accordance with the regulations and directives of the particular agency involved.

(c) *Strict construction employed.* The terms of an Executive order, Presidential proclamation, or legislative enactment establishing a quota, and the regulations implementing the quota, must be strictly complied with.

§ 132.3 Observation of official hours.

Entries and withdrawals for consumption of quota-class merchandise shall be accepted only during official office hours except as otherwise provided for in §§ 8.4 (b), 8.59(g) of this chapter, and § 132.12.

§ 132.4 Quota quantity entry limits.

At the opening of the quota no importer shall be permitted to present entries or withdrawals for consumption of quota-class merchandise for a quantity in excess of the quantity admissible under the applicable quota.

§ 132.5 Merchandise imported in excess of quota quantities.

(a) *Absolute quota merchandise.* Absolute quota merchandise imported in excess of the quantity admissible under the applicable quota must be disposed of in accordance with paragraph (c) of this section.

(b) *Tariff-rate quota merchandise.* Merchandise imported in excess of the quantity admissible at the reduced quota rate under a tariff-rate quota is permitted entry at the higher duty rate. However, it may be disposed of in accordance with paragraph (c) of this section.

(c) *Disposition of excess merchandise.* Merchandise imported in excess of either an absolute or a tariff-rate quota may be held for the opening of the next quota period by placing it in a foreign-trade zone or by entering it for warehouse, or it may be exported or destroyed under Customs supervision.

§ 132.6 Exception to reduced rates.

Reduced or modified duty rates under tariff-rate quotas established pursuant to section 350 of the Tariff Act of 1930, as amended and extended (19 U.S.C. 1351), are not applicable to products imported directly or indirectly from the countries or areas listed under general headnote 3(e), Tariff Schedules of the United States, as amended (19 U.S.C. 1202).

Subpart B—Administration of Quotas

§ 132.11 Quota priority and status.

(a) *Factors determining quota priority and status*—(1) *Absolute (quantitative) quotas.* Quota priority and status on absolute quota merchandise are determined as of the time of presentation of the entry or withdrawal for consumption in the proper form.

(2) *Tariff-rate quotas.* The time of official acceptance of an entry or withdrawal for consumption determines quota priority and status of merchandise subject to tariff-rate quotas, except at the opening of the quota period. At the opening of the quota period, the time of presentation of the entry or withdrawal for consumption in proper form determines quota priority and status.

(b) *Entry in proper form and deposit required.* Entries or withdrawals for consumption, for which the documents are not in proper form or for which duties or taxes have not been attached or deposited in proper form, shall not be regarded as entered for purposes of quota priority and shall not acquire quota status. §§ 8.3(a), 8.4(a), (d), and (g) of this chapter.

(c) *Informal entries.* Mail entries or informal entries shall be regarded as presented for purposes of quota priority when all requirements have been met for the preparation of such an entry.

(d) *Premature presentation of entry or withdrawal.* Quota status will not attach to merchandise in a quota perior by reason of the presentation of an entry or withdrawal for consumption at any time prior to the opening of that period.

§ 132.12 Procedure on opening of potentially filled quotas.

(a) *Time for presentation of entries.* When it is anticipated that entries or withdrawals for consumption, or both, covering quantities sufficient to fill a quota will be presented at the opening of the quota period, an entry or withdrawal for consumption shall not be accepted before 12 noon eastern standard time in all time zones.

(b) *Simultaneous presentation.* Special arrangements shall be made so that all entries or withdrawals for consumption of quota merchandise may be presented at the exact moment of the opening of the quota in all the time zones in the Customs territory of the United States. All importers who are present to file entries or withdrawals for consumption when the quota opens shall be given equal opportunity to do so. All entries and withdrawals for consumption presented in the proper form shall be considered to have been presented simultaneously, even though some time may be required for checking purposes.

(c) *Proration of quantities.* The quantities on all entries and withdrawals for consumption submitted simultaneously shall be prorated by the Commissioner of Customs against the quota quantity admissible to determine the percentage to be allocated to each importer under the quota. Merchandise in excess of the quota will be disposed of in accordance with § 132.5

§ 132.13 Quotas after opening.

(a) *Procedure prior to fulfillment.* In order to secure for each importer the rightful quota priority and status for his quota-class merchandise and to close the quota simultaneously at all ports of entry, the Commissioner of Customs may require that authorization prior to the acceptance of an entry or withdrawal be secured or that entry or withdrawal for consumption be made at over-quota rates of duty or that special release of merchandise procedures be followed and that reports be made to the Bureau of Customs as follows:

(1) *Absolute quotas.* The appropriate Customs officer shall note the exact date, hour, and minute of presentation on each entry or withdrawal and shall report the foregoing facts to the Commissioner of Customs and secure his approval prior to the official acceptance of the entry or withdrawal for consumption.

(2) *Tariff-rate quotas.* The appropriate Customs officer shall note the exact date, hour, and minute of official acceptance on each entry and withdrawal for consumption and report the foregoing facts to the Commissioner of Customs.

(b) *Closing of the quota.* Except as provided by § 132.12, at the closing of a quota all entries or withdrawals for consumption which have acquired quota status due to priority of presentation or of official acceptance shall be entitled to quota benefits. All other entries or withdrawals are without quota status and are not entitled to any quota benefits. All the latter shall be disposed of in accordance with § 132.5.

§ 132.14 Issuance of permits of delivery and special permits for immediate delivery.

(a) *Effect of issuance of permits of delivery and special permits for immediate delivery prior to entry.* A permit of delivery, or a special permit for immediate delivery prior to entry, does not accord quota priority or status, nor is it entitled to any consideration in according any quota benefit.

(b) *Permits of delivery.*—(1) *Absolute quota merchandise.* Permits of delivery on merchandise subject to an absolute quota shall not be issued prior to a determination of quota status.

(2) *Tariff-rate quota merchandise.* Permits of delivery on merchandise subject to a tariff-rate quota shall not be issued prior to a determination of quota status unless estimated duties are deposited at the over-quota rate of duty.

(c) *Entry following special permit for immediate delivery.* If quota-class merchandise is the subject of an application for a special permit for immediate delivery prior to entry, the time of presentation of the entry for consumption shall not precede the time when the importing carrier reaches the limits of the port where entry is to be made. See §§ 8.4(b) and 8.59(g) of this chapter on the time allowed for filing the entry at the close of a quota period.

§ 132.15 Withdrawal from warehouse prior to opening of quota.

Merchandise entered for warehouse for which a withdrawal for consumption has been made in the manner prescribed in § 8.4(g) of this chapter prior to the opening of any quota period, may not be accorded any quota benefit which may

V 38 - 11 JAN 17 73 XUM

become effective after the time of acceptance of such withdrawal, even though the permit of delivery for the withdrawn merchandise is not delivered to the Customs warehouse officer until after the effective date of the quota benefit.

Subpart C—Mail Importation of Absolute Quota Merchandise

§ 132.21 Regulations applicable.

In addition to the regulations applicable to all mail importations (see Part 9 of this chapter), the regulations in this subpart shall apply to mail importations of absolute quota merchandise.

§ 132.22 When quota is filled.

Any packages containing merchandise subject to an absolute quota which is filled shall be returned to the postmaster for return to the sender immediately as undeliverable mail. The addressee will be notified on Customs Form 3509 or in any other appropriate manner that entry has been denied because the quota is filled.

§ 132.23 Partial release procedure.

(a) *Notification of quota restrictions.* If because of quota restrictions, a mail importation cannot be released, the district director at the port of destination shall notify the addressee on Customs Form 3509 of the procedure required by paragraph (b) of this section, and shall inform the addressee that upon return of the Acknowledgement of Delivery by Postal Service, the packages admissible under the absolute quota will be forwarded to him and the restricted packages will be returned to the sender as inadmissible. The district director may at his discretion hold packages if it appears that the absolute quota will reopen in less than 30 days.

(b) *Acknowledgement of delivery.* An Acknowledgement of Delivery by Postal Service shall be sent to the addressee. He shall be advised that if he desires to secure release of less than the total number of packages of the merchandise, the Acknowledgement of Delivery by Postal Service must be signed by him and returned to the district director. Such Acknowledgement of Delivery by Postal Service shall be in the following form:

ACKNOWLEDGEMENT OF DELIVERY BY POSTAL SERVICE

In consideration of the fact that certain articles in a mail importation consisting of

---

(state number) packages mailed to me by

(name of sender)

of

(address) on _____ (date of mailing), are subject to quota restrictions under which only a portion of such articles may be admitted to entry at one time, and the Postal Service permits no division of the importation before delivery thereof, and since I am desirous of receiving the packages of such importation which are admissible to entry under the quota administered by the United States Customs, I hereby agree and acknowledge that delivery of the package or packages to the United States Customs shall be regarded as delivery by the Postal Service to me.

(Signature of addressee)

(c) *Agreement to less than full delivery.* If, in any case, the sender of a mail package has indicated his agreement to the delivery of less than the entire importation at one time, an Acknowledgement of Delivery by Postal Service need not be secured from the addressee.

(d) *Deposit required.* If a portion of a mail shipment may be released, the district director may require a deposit of an amount sufficient to defray the expenses of repacking merchandise for shipment by mail to the addressee. The shipment shall be under Government frank without new postage.

§ 132.24 Entry.

Unless a formal entry or entry by appraisement is required, a mail entry on Customs Form 3419 shall be issued and forwarded with the package to the postmaster for delivery to the addressee and collection of any duties in the same manner as for any other mail package subject to Customs treatment.

§ 132.25 Undeliverable shipment.

If within a reasonable time, but not to exceed 30 days, the addressee fails to indicate to the district director an intention to receive delivery of the packages or a portion thereof in accordance with the notice on Customs Form 3509 which was sent to him by the district director, the importation shall be treated in the same manner as other undeliverable mail.

Prior to the adoption of the revision, consideration will be given to any relevant data, views, or arguments which are submitted in writing to the Commissioner of Customs, Attention: Regulations Division, Washington, D.C. 20226, and received not later than March 19, 1973.

Written material or suggestions submitted will be available for public inspection in accordance with § 103.3(b) of the Customs Regulations (19 CFR 103.3 (b)), at the Regulations Division, Bureau of Customs, Washington, D.C., during regular business hours.

[SEAL] EDWIN F. RAINS,
Acting Commissioner of Customs.

Approved: January 10, 1973.

EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 72–NW–26]

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the description of the Idaho Falls, Idaho Transition Area.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Operations, Procedures and Airspace Branch, Northwest Region, Federal Aviation Administration, FAA Building, Boeing Field, Seattle, Wash. 98108. All communications received by February 16, 1973 will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the office of the Regional Counsel, Northwest Region, Federal Aviation Administration, FAA Building, Boeing Field, Seattle, Wash. 98108.

An extension to the existing 700' Transition Area is necessary in order to provide controlled airspace protection for aircraft executing a procedure turn northwest of the UCON LOM.

In consideration of the foregoing, the FAA proposes the following airspace action.

In § 71.181 (38 FR 435) the description of the Idaho Falls, Idaho Transition Area is amended as follows:

In line two of the text, delete, "• • • extending from 21.5 miles northeast • • •" and substitute therefor, "• • • extending from 25.5 miles northeast • • •"

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958, as amended (49 U.S.C. 1348(a)), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Seattle, Wash., on January 9, 1973.

C. B. WALK, Jr.,
Director, Northwest Region.

[FR Doc.73–949 Filed 1–16–73;8:45 am]

National Highway Traffic Safety Administration

[49 CFR Part 571]

[Docket No. 73–1; Notice 1]

VEHICLE SEATING REFERENCE

Proposed Motor Vehicle Safety Standard

The NHTSA hereby proposes to issue a new motor vehicle safety standard, "Vehicle Seating Reference", in Part 571 of Title 49, Code of Federal Regulations.

The proposed standard is intended to define an area in which the hip point ("H Point") of a weighted SAE manikin, installed in the driver's seating position, would fall in relation to the manufacturer's seating reference point, a term defined in 49 CFR 571.3, *Definitions*. A procedure for installing the manikin in the motor vehicle and a method for determining the manikin's hip point location and its relation to the seating reference point would be set forth in this standard.

Presently, the seating reference point is used by motor vehicle designers as a basic datum in establishing and designing many dimensions of a motor vehicle's driver compartment. Additionally, the following Federal motor vehicle safety standards utilize the seating reference point: Standard No. 103, "Windshield Defrosting and Defogging Systems", No. 104, "Windshield Wiping and Washing Systems", No. 201, "Occupant Protection in Interior Impact", No. 202, "Head Restraints", No. 207, "Seating Systems", and No. 210, "Seat Belt Assembly Anchorages." It is anticipated that the seating reference point will serve as the basic reference point in future rule making. Accordingly, this point represents a critical link between a motor vehicle's designer and its driver, since it plays such an important role in the establishment of criteria for external visibility, control operability, and crash injury protection.

Essentially, the seating reference point is a point on a drawing board which may not correspond to the actual location of a driver's hip point in a motor vehicle. Variations between the design and the actual location of the driver's hip point are caused by several factors including design error and production variances. Therefore, a definition is needed to delineate an acceptable tolerance between the location of a design hip point on the drawing board and a driver's hip point in the vehicle.

This idea was explored in meetings held by the NHTSA in 1967 during discussions on Federal Motor Vehicle Safety Standard No. 201, "Occupant Protection in Interior Impact." At those meetings it was determined that the seating reference point would be the reference point from which test devices would be articulated, and that further data determining an H Point tolerance magnitude should be developed.

As a result of those meetings, the NHTSA conducted tests to determine the extent to which driver compartments are designed to accommodate known percentages of the driving population. Based on this information, this notice proposes that the relationship between the manufacturer's seating reference point and the H point be objectively determined by using a device which simulates certain seating characteristics of a human driver.

Presently, the proposal uses the three-dimensional manikin of SAE Standard J826a, but it is anticipated that modifications to the device may be proposed as further data is developed.

The tolerance between the locations of the seating reference point and the H point is proposed in the form of a quadrant, to encourage the manufacturers to locate the manikin's H Point, through appropriate seat design, in an area slightly forward and above the seating reference point. Tests conducted by the NHTSA indicate that downward H Point "migration" occurs with use. If the H Point in a new vehicle is already located in an area below the seating reference point, this migration with use will cause the driver's hip to be located significantly below the seating reference point, which is used to determine many safety features in the driver's compartment.

Information and suggestions are solicited as to any changes that may be necessary to extend the proposed specifications to other seating positions.

Proposed effective date: September 1, 1975.

In light of the foregoing, it is proposed that a new motor vehicle safety standard, Vehicle Seating Reference, be added to Part 571 of Title 49, Code of Federal Regulations, as set forth below. Interested persons are invited to submit comments on the proposal. Comments should refer to the docket and notice numbers and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5221, 400 Seventh Street SW., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on April 16, 1973, will be considered, and will be available for examination in the docket at the above address both before and after the closing date. To the extent possible, comments filed after the above date will also be considered. However, the rule making action may proceed at any time after that date, and comments received after the closing date will be treated as suggestions for future rule making. The NHTSA will continue to file relevant material, as it becomes available, in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new materials.

This notice is issued under the authority of sections 103, 112, and 119 of the National Traffic and Motor Vehicle Safety Act (15 U.S.C. 1392, 1401, 1407) and the delegations of authority at 49 CFR 1.51 and 49 CFR 501.8.

Issued on January 10, 1973.

ROBERT L. CARTER,
Associate Administrator, Motor Vehicle Programs.

§ 571.____ Standard No. ___: Vehicle seating reference.

S1. *Scope.* This standard specifies the area within which the hip point ("H Point") of a weighted SAE manikin must fall in relation to the manufacturer's seating reference point, and establishes a procedure for installing the manikin in the driver's seating position.

S2. *Purpose.* The purpose of this standard is to require the location of a manufacturer's design hip point to conform to the location of a driver's hip point in a motor vehicle, so as to reduce the hazards caused by improperly situated driver control and restraint systems.

S3. *Application.* This standard applies to passenger cars, multipurpose passenger vehicles, trucks, and buses.

S4. *Definition.* "Foot angle" means the angle measured from the rear of a line extended from the knee point center through the ankle point center of the manikin, and a line tangent to the sole and heel of the manikin's foot.

S5. *Requirements.*

S5.1 Each vehicle shall have a seating reference point for the driver's seating position, with its location established by reference to permanent marks or other identifiable permanent points on the vehicle.

S5.2 There shall be sufficient space within the driver's designated seating position to allow a three-dimensional manikin as specified in SAE standard J826a, February 1970 (hereafter referred to as "manikin") to be installed in accordance with the procedures specified in S6.

S5.3 In the side view, the manikin's H point shall fall within the area consisting of the upper forward quadrant of a circle 3 inches in diameter with its center at the driver's seating reference point, lying in a vertical longitudinal plane, as shown in Figure 1, when the manikin is installed according to the specifications of S6. If the driver's seat is designed to be

V 38 - 11 JAN 17 73 XUM

manually adjusted without tools from the driver's designated seating position, the seat shall meet this requirement at at least one position within its adjustment range.

S6. *Manikin installation procedure.* Install the manikin in the vehicle according to the following procedure.

(a) Place the vehicle on a level surface at unloaded vehicle weight with the tires at the vehicle manufacturer's specified cold tire pressure.

(b) Place the driver's seat in the rearmost and lowest adjustable position. If the seat has an adjustable back, place the seat back in the manufacturer's nominal design riding position. If the seat has independently adjustable bottom pad angles and vertical positioning, place the bottom pad at the lowest angle and elevation.

(c) Place two pieces of 12-inch by 4-inch 20-gauge stainless steel plate on the floor carpet in front of the driver's seat, and arrange both plates so that the manikin's heels will slide on them throughout the remainder of the procedure.

(d) Place muslin cloth over the seat area and seat back directly behind the steering wheel.

(e) Adjust the thigh and leg segments of the manikin to the length of the 95th percentile. Adjust the foot angle of the manikin's feet to 85 degrees.

(f) Attach the right foot and lower leg assembly to the manikin's T-bar. Place the manikin in the driver's seating position and center the assembly laterally on the steering wheel center plane. If the steering wheel has more than one operating position, place the steering wheel in the locked position nearest the middle of its adjustment range. Attach the left foot and lower leg assembly to the manikin's T-bar.

(g) Elevate the leg segment to release friction on the floor, and lower the leg segments until the manikin's heels make contact with the stainless steel plates. No attempt should be made to prevent the manikin's foot from depressing the accelerator and/or brake pedal throughout S6.

(h) Pull the manikin's back and pan assembly away from the seat back, using the T-bar, and tilt the back pan forward. Maintain the rearmost portion of the manikin at approximately 1 inch from the seat back through step (1).

(i) Attach the lower leg and thigh weights.

(j) Adjust the knee separations so that the manikin's right foot is laterally midway between the centers of the accelerator and brake pedal, and the right edge of the left foot is one-half inch outboard of the outermost extremity of the brake pedal, or the clutch pedal if so equipped. Adjust the stainless steel plates as needed.

(k) Place the forward lateral portion of the T-bar parallel to the ground and perpendicular to the vehicle's vertical longitudinal plane to assure that the H point buttons on the seat pan assembly are properly alined.

(l) Repeat the procedure specified in step (g) to release friction on the floor.

(m) Reposition the manikin assembly by sliding the seat pan rearward, gradually applying a force of 50 pounds in the direction of the thigh bar longitudinal centerline, then gradually removing the force.

(n) Move the back pan rearward so that the upper portion of the back pan contacts the seat.

(o) Repeat the procedure specified in step (k).

(p) Move the head probe forward and install the right and left buttock weights. Place the eight torso weights, one by one on alternate sides.

(q) While maintaining the seat pan level in a lateral direction, tilt the back pan forward until the torso weights are over the H point to release any seat back friction. Without changing the position of the manikin, tilt the back pan forward and hold the thigh bar to prevent the manikin from sliding forward. Reposition the back pan and the head probe to their original positions.

(r) Gradually, apply a horizontal force of 5 pounds in a rearward direction to the back pan at the screw located at the base of the graduated scale on the headroom probe with the probe in full down position to vertically reposition the manikin, and gradually remove the force. Repeat once. Level the manikin assembly laterally.

(s) Determine the longitudinal and vertical location of the seating reference point by using the reference points or marks specified in S5.1.

(t) Measure the longitudinal and vertical location of the manikin's H point in relation to the reference points or marks specified in S5.1.

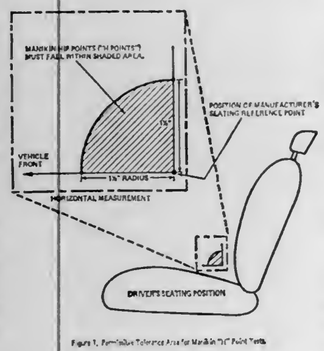

Figure 1. Permissible Tolerance Area for Manikin "H" Point Tests

[FR Doc.73-878 Filed 1-16-73;8:45 am]

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 240]

[Release No. 34-9930; File No. S7-473]

ACTS OR TRANSACTIONS IN OPTIONS

Proposal Regarding Special Procedures

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposal to adopt a rule under section 9 (b) and (c) of the Securities Exchange Act of 1934 (the Act) specifying special procedures in connection with the adoption and alteration of rules of a registered national securities exchange concerning acts or transactions in certain options, particularly puts and calls.

The proposed rule arises out of the pending proposed registration of the Chicago Board Options Exchange, Inc. (CBOE) as a national securities exchange and the consideration also being given by certain presently registered exchanges to trading options. Historically, exchanges have not traded options. The Commission is of the opinion that in addition to the novelty of exchange option trading, such trading may involve complex problems and special risks to investors and to the integrity of the marketplace.[1] The Commission therefore believes that, utilizing the broad power granted under sections 9 and 23 of the Act,[2] it should provide itself with a substantial amount of flexibility in carrying out its regulatory responsibilities with respect to option trading on exchanges.

Pursuant to Rule 17a-8 (17 CFR 240.17a-8) under the Act, national securities exchanges are required to file with the Commission reports of proposed rule changes prior to the exchange taking such action. The rule provides, however, that the "failure on the part of an exchange to file * * *" reports of its rule changes "shall not affect the validity, force or effect of any rule of the exchange or of any exchange action or omission to act thereunder." But the unique problems, already noted, that trading in options raises and the broad authority vested in the Commission, pursuant to section 23(a) of the Act, to "classify * * * securities, exchanges, and other persons or matters within * * *" the jurisdiction of the Commission, makes it more appropriate, in the Commission's view, to propose a specific rule governing the conduct of option trading on national securities exchanges under sections 9 and 23(a) of the Act. For these reasons, it does not appear appropriate to utilize the broad authority vested in the Commission under other sections of the Act, including section 19, over the activities of national securities exchanges, which would also permit the Commission to propose the action herein noticed for public comment.

Proposed Rule 9b-1 (17 CFR 240.9b-1) would require registered national securities exchanges to file with the Commission copies of any changes in or addition to the rules of the exchange concerning acts or transaction in options. The Commission would be empowered to review, and if appropriate disapprove such changes or additions prior to their becoming effective. Proposed Rule 9b-1 would also establish procedures by which the Commission, after notice and opportunity for hearing, may by order require the adoption, amendment, alteration, or rescission of any rule of a national securities exchange concerning acts or transactions in options, but the holding of such a hearing would not prevent adoption of any such order upon expiration of the notice period.

STATUTORY BASIS

The Securities and Exchange Commission, acting pursuant to the provisions of the Securities Exchange Act of 1934, and particularly sections 9(b), 9(c), and 23(a) thereof, and deeming it necessary and appropriate in the public interest and for the protection of investors, proposes hereby to amend Part 240 of Chapter II of Title 17 of the Code of Federal Regulations by adopting § 240.9b-1 as set forth below.

§ 240.9b-1 Exchange rules concerning act or transactions in certain options.

It shall be unlawful for any member of a national securities exchange directly or indirectly to effect, by use of any facility of a national securities exchange, any act or transaction in options, unless such exchange complies with the following conditions:

(a) Every registered national securities exchange shall file with the Commission copies of any changes in or additions to the rules of the exchange concerning acts or transactions in options, which shall take effect upon the 30th day after such filing, or upon such earlier date as the Commission may determine, unless the Commission shall by notice to the exchange, setting forth the reasons therefor, disapprove the same, in whole or in part, as being contrary to the public interest or the purposes of the Act.

(b) The Commission may by rule, regulation or order, if necessary or appropriate in the public interest or to effectuate the purposes of the Act, require the adoption, amendment, alteration of, supplement to, or rescission of any rule of a national securities exchange concerning acts or transactions in options. Determinations of the Commission, for purposes of this paragraph, shall be after appropriate notice and opportunity for a hearing, and for submission of views of interested persons, in accordance with the rule making procedures specified in section 553 of title 5, United States Code, but the holding of a hearing shall not prevent adoption of any order upon expiration of the notice period specified in subsection (d) of such that section 553 and shall not be required to be on a record within the meaning of subchapter II of chapter 5 of such title.

(c) For the purposes of this rule, the term "rules" of any exchange shall mean its constitution, articles of incorporation, bylaws, rules, or provisions corresponding thereto whatever the name, and its stated policies.

(d) For the purposes of this rule, the term "acts or transactions in options" shall mean any act designed to induce or effect any sale, purchase, endorsement or guarantee of performance, clearance or settlement of or exercise of any privilege granted by, any put, call, straddle or other option or privilege of buying a security from or selling a security to another without being bound to do so.

All interested persons are invited to submit their views and comments on the proposed rule. Written statements of views and comments should be addressed to Martin Moskowitz, Assistant Director, Division of Market Regulation, Securities and Exchange Commission, 500 North Capitol Street, Washington, DC 20549, on or before February 15, 1973. Reference should be made to file number S7-473. All such communications will be available for public inspection.

(Secs. 9(b), 9(c), 23(a); 48 Stat. 889, 901; as amended 49 Stat. 1379, 15 U.S.C. 781(b), 781(c), 78w(a))

By the Commission.

[SEAL] RONALD F. HUNT, *Secretary.*

[Release No. 34-9926; File S7-471]

SOLICITATION OF PURCHASES ON AN EXCHANGE TO FACILITATE A DISTRIBUTION OF SECURITIES

Notice of Proposed Rule Making

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposal to amend paragraph (c) of Rule 10b-2 (17 CFR 240.10b-2) under the Securities Exchange Act of 1934 (Exchange Act). Subject to certain exceptions,[1] Rule 10b-2 prohibits any person participating or otherwise financially interested in a distribution[2] of securities from compensating any person for soliciting on a national securities exchange the purchase of any security of the same issuer whose securities are the subject of the distribution.

Paragraph (c) of Rule 10b-2 presently states that the provisions of the rule shall not apply to compensation in the form of a salary paid by a broker or dealer to any person regularly employed by him whose ordinary duties include the solicitation or execution of brokerage orders on a national securities exchange, if such salary represents only ordinary compensation paid to such persons in the regular course of employment and is not paid directly or indirectly for the inducement on a national securities exchange of the purchase or sale of any security of the issuer whose securities are being distributed. Thus, paragraph (c) presently prohibits the payment of any compensation for the solicitation on an exchange of any securities of the issuer whose securities are being distributed.

Substantial changes have occurred in the securities markets since the adoption of Rule 10b-2 in 1937[3] and the Commission, giving consideration to the public interest and the protection of investors, proposes to amend paragraph (c) of Rule 10b-2 to reflect such changes. The purpose of Rule 10b-2 is to prohibit extra selling efforts on an exchange during a distribution; however the rule in fact goes beyond its purpose by prohibiting even usual and customary compensation in connection with a distribution on an exchange. As amended, paragraph (c) would permit usual and customary compensation[4] to be paid by a broker or dealer who is participating or otherwise financially interested in a distribution of an issuer's securities to its regular employees for soliciting on a national securities exchange the purchase of any security of the issuer whose securities are the subject of the distribution. As amended, paragraph (c) of the rule will continue to prohibit the practice of stimulating exchange activity in securities which are the subject of a distribution

[1] Paragraphs (c) and (d) of Rule 10b-2.

[2] This release is directed to the prohibitions imposed by Rule 10b-2 on the solicitation of purchases on an exchange to facilitate a distribution of securities and does not attempt to define a distribution.

[3] In the past decade the nature of securities transactions have changed markedly. During 1960 individual investors accounted for approximately 60 percent of the public dollar value of trading on the New York Stock Exchange, while institutions and nonmember broker-dealers accounted for 40 percent. By 1969 these proportions were reversed, with institutions and nonmember brokerdealers accounting for approximately 62 percent. See Institutional Investor Study Report of the Securities and Exchange Commission, House Doc. No. 92-64, 92d Cong., first sess., Summary Volume, Part 8 at 78.

[4] Such compensation would not exceed the usual or customary compensation payable for regular solicitation or execution of brokerage transactions involving similar quantities of the securities at the same price and not as part of a distribution.

V 38 - 11 JAN 17 73 XUM

by prohibiting payment of extra or special compensation for the solicitation of the securities being distributed.

The present language of paragraph (c) of Rule 10b–2 may not only predetermine where a distribution will take place but, by its compensation restrictions, may prevent many broker-dealers from participating in the distribution process. The means and methods of providing compensation to salesmen assume a variety of forms; for example, many salesmen receive a salary with an additional bonus while others receive a percentage of the commissions generated by their selling efforts. If a distribution is to take place on an exchange (without resort to the special plans contemplated by paragraph (d) of the rule)[5] participation in the distribution will be limited to brokers and dealers who compensate their salesmen on a salary basis in accordance with the provisions of paragraph (c) of the rule. The effect of paragraph (c) of Rule 10b–2 has been to encourage means of compensation which give the appearance that compensation is "unrelated" to any solicitation such as salary plus a later bonus, thus circumventing the rule's prohibition.

Since the Commission believes that the purpose of Rule 10b–2 is to prohibit excessive selling efforts during a distribution on an exchange, it sees no need to distinguish for this purpose between a salary and the payment of an ordinary and usual commission. Clearly, the payment of such a commission would not provide a salesman with a greater incentive to solicit purchases of the shares being distributed on an exchange as contrasted with the solicitation of a normal trading transaction. The Commission believes that a distinction which relies solely on the method of compensation, without giving any consideration to the magnitude of the amounts paid, is artificial, fails to consider the realities of the market place and brings about an inequitable result which is against the best interests of investors.

Furthermore, the Commission believes that a restriction on the nature of compensation based upon the location of a particular solicitation is inappropriate in today's market environment, especially in view of the growth of third market firms, the improvement and expansion of inter-dealer quotation systems such as NASDAQ, the imminent development of the composite tape[6] and the anticipated central market system.

The effect of paragraph (c) of Rule 10b–2 has been to prohibit a retail firm which compensates its salesmen on a commission basis from utilizing its retail sales network when distributing securities on an exchange other than pursuant to special plans provided for by paragraph (d) of the rule. This may not only deny many public investors the opportunity to participate in distribution stock, which may be sold at a discount from the existing market price, but sellers of distribution securities are also deprived of the additional liquidity such investors could provide. The Commission on many occasions has addressed itself to the need to create a market environment in which all public investors are afforded an opportunity to participate on an equal basis.

Traders of blocks of securities have in the past often relied upon those firms which, because of their expertise and willingness to commit substantial amounts of their own capital, stand ready to assume the risks of positioning large blocks of securities. To the extent that a broker positioning securities determines that a distribution is involved, paragraph (c) of Rule 10b–2 places restraints upon his ability to solicit purchases on an exchange. Such restraints not only may diminish liquidity but could also increase the volatility of the securities involved.

For the reasons set forth above, and recognizing that new problems continually arise which cannot always be foreseen when rules are developed and which may require changes in policy, the Commission proposes to amend paragraph (c) of Rule 10b–2 to permit the payment of usual and ordinary commissions to salesmen of brokers and dealers providing such commissions are not in excess of the brokerage commission which such person would receive in a brokerage transaction involving similar quantities of securities at the same price and not as part of a distribution. It is emphasized that no extra compensation, inducement or sales effort is permissible under the proposed amendment to paragraph (c) of the rule.

The Commission does not believe that permitting the payment of ordinary and usual commissions to salesmen for solicitation in connection with a distribution would compromise the objectives of Rule 10b–2 which is "to eliminate the practice of stimulating exchange activity in securities which are the subject of a distribution."[7] The antimanipulative and antifraud provisions of the Exchange Act will, of course, continue to be applicable. Additionally, broker-dealers are also reminded of the suitability requirements of the NASD[8] and the Securities Exchange Act of 1934.[9]

TEXT OF PROPOSED RULE

The Securities and Exchange Commission, acting pursuant to the provisions of the Securities Exchange Act of 1934 and particularly sections 10(b) and 23(a) thereof, hereby proposes to amend Part 240 of Title 17 of the Code of Federal Regulations by amending § 240.10b–2(c) as follows:

§ 240.10b–2 Solicitation of purchases on an exchange to facilitate a distribution of securities.

* * * * * *

The provisions of this section shall not apply with respect to any compensation paid or offered or agreed to be paid by a broker or dealer to any person regularly employed by him whose ordinary duties include the solicitation or execution of orders for the purchase or sale of securities, if such compensation represents only ordinary compensation either in the form of salary or the usual and customary commissions paid to such person for the discharge by such person of such duties in the regular course of his employment.

* * * * * *

All interested persons are invited to submit their views and comments on the above proposal, in writing, to the Securities and Exchange Commission, Washington, D.C. 20549, on or before March 15, 1973. All such communications will be available for public inspection and should refer to File No. S7–471.

(Sec. 10(b), 23(a), 48 Stat. 891, 901; as amended, 49 Stat. 1379, sec. 2; 15 U.S.C. 78j(b), 78w(a))

By the Commission.

[Release No. 34-9931; File S7-474]

SECURITIES UNDERLYING CERTAIN OPTIONS

Proposed Exemption From Registration for Trading on Certain Exchanges

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposal to adopt an exemptive rule under section 12(a) of the Securities Exchange Act of 1934 (the Act) for securities underlying certain options that are traded on national securities exchanges.

Proposed Rule 12a–6 (17 CFR 240.12a–6) provides an exemption from the registration provisions of section 12(a) of the Act for securities underlying options where the option is itself registered on the national securities exchange in question, the underlying security is registered and listed on another national securities exchange,[1] and the exchange upon which the option is listed limits its activity in the underlying securities to effecting exercises of the options. The proposed rule arises out of the pending proposed registration of the Chicago Board Options Exchange Inc. as a national securities exchange and the reported consideration also being given by certain registered exchanges to trading options.

The rule is thus intended to relieve any exchange which lists options of the need to register its underlying securities or to apply for unlisted trading privileges pursuant to section 12(f) of the Act for the underlying securities where it has provided for comparable disclosure with regard to the listed options and their underlying securities and does not seek to establish trading markets in the underlying securities.

STATUTORY BASIS

The Securities and Exchange Commission, acting pursuant to the provisions of the Securities Exchange Act of 1934, and particularly sections 3(a)(12) and 23(a) thereof, and deeming it necessary and appropriate in the public interest and for the protection of investors, hereby proposes to amend Part 240 of Chapter II of Title 17 of the Code of Federal Regulations by adopting § 240.12a–6 as follows:

TEXT OF RULE

§ 240.12a–6 Exemption of securities underlying certain options from section 12(a).

(a) When used in this section, the following terms shall have the meanings indicated unless the context otherwise requires:

(1) The term "option" means any put, call, or other option or privilege of buying or selling a security which is the subject of the option from or to another without being bound to do so;

(2) The term "underlying security" means a security which relates to or is the subject of an option.

(b) Any underlying security shall be exempt from the operation of section 12(a) of the Act if all of the following terms and conditions are met:

(1) The related option is duly listed and registered on a national securities exchange;

(2) The only transactions on such exchange with respect to such underlying securities consist of the delivery of and payment for such underlying securities pursuant to the terms of such options relating to the exercise thereof; and

(3) Such underlying security is duly listed and registered on another securities exchange.

All interested persons are invited to submit their views and comments on the proposed rule. Written statements of views and comments should be addressed to Martin Moskowitz, Assistant Director, Division of Market Regulation, Securities and Exchange Commission, 500 North Capitol Street, Washington, DC 20549, on or before February 15, 1973. Reference should be made to file number S7–474. All such communications will be available for public inspection.

(Secs. 3(a)(12), 23(a); 48 Stat. 882, 901; as amended 84 Stat. 718, 84 Stat. 1435, 84 Stat. 1499, 49 Stat. 1379; 15 U.S.C. 178(c), 78w(a))

By the Commission.

[Releases Nos. IA-353, IC-7565; File No. S7-462]

INVESTMENT ADVISER REGULATIONS

Recordkeeping Requirements and Exemption From Definition of "Investment Adviser"

Notice is hereby given that the Securities and Exchange Commission has under consideration the adoption of new Rule 202–1 (17 CFR 275.202–1), the amendment of paragraph (12) of Rule 204–2(a) (17 CFR 275.204–2(a)) and the adoption of new paragraphs (13) and (14) of Rule 204–2(a) (15 U.S.C. 80b–1 et seq.) under the Investment Advisers Act of 1940, as amended (Public Law 91–547, 84 Stat. 1430) (Advisers Act).

PROPOSED RULE 202–1

The Investment Company Amendments Act of 1970 (1970 Act) contained an amendment to the Advisers Act which, effective December 14, 1971, eliminated the exemption from registration set forth in section 203(b)(2) of the Advisers Act which existed for investment advisers to investment companies. Thus advisers to investment companies were required to register under the Advisers Act by December 14, 1971, and became subject to all provisions of that statute.[1]

It has come to the Commission's attention that some investment advisers registered under the Advisers Act are or may be subsidiaries or controlled companies of other companies. Furthermore, in some of these situations the controlling person or an affiliated person of the controlling person of the registered adviser may be the entity which in fact is providing the services essential to the rendering of investment advice by the company registered as the purported investment adviser. For example, the controlling person or an affiliated person thereof, may provide directors, officers, research services, advisory personnel, clerical personnel, and supporting services to the subsidiary or controlled company, and the entities may also have common officers, directors, and employees. Furthermore, the registered investment adviser may have only nominal capitalization to carry on its investment advisory business.

Whether a registered investment adviser is merely a conduit for advisory services provided by its controlling person or an affiliate of such controlling person,[2] depends in each case upon the substance of the arrangement.

Section 202(a)(11) of the Advisers Act (15 U.S.C. 80b–2(a)(11)) states among other things, that:

"Investment adviser" means any person who, for compensation, engages in the business of advising others, whether directly or through publications or writings, as to the value of securities or as to the advisability of investing in, purchasing, or selling securities, or who, for compensation and as part of a regular business, issues or promulgates analyses or reports concerning securities, * * *

Section 208(d) of the Advisers Act (15 U.S.C. 80b–8(d)) provides:

It shall be unlawful for any person indirectly, or through or by any other person, to do any act or thing which it would be unlawful for such person to do directly under the provisions of this title or any rule or regulation thereunder.

Where all or substantially all of the duties and functions related to the rendering of investment advice undertaken to be performed by a registered investment adviser are in fact performed by the person controlling the registered adviser or an affiliate of such controlling person, or key advisory personnel of the registered investment adviser are also personnel of the controlling person or affiliate of such controlling person, a serious question is raised whether such persons are engaged in the business of advising others within the meaning of section 202(a)(11) of the Advisers Act, and should be required to register under section 203 of that Act (15 U.S.C. 80b–3). On the other hand, there are often valid business reasons which cause a company

---

[5] Paragraph (d) of the rule permits the payment of compensation pursuant to a plan filed with the Commission by a national securities exchange and declared effective by the Commission.

[6] Rule 17a–15 (17 CFR 240.17a–5); Securities Exchange Act Release No. 9850, Nov. 8, 1972 and in the FEDERAL REGISTER for Nov. 15, 1972 at 37 FR 24172.

[7] Exchange Act Release No. 34–1330 (Aug. 4, 1937).

[8] Art. III, Sec. 2, NASD Rules of Fair Practice.

[9] Rules 15b10–3 (17 CFR 240.15b10–3) and 15b10–6 (17 CFR 240.15b10–6) under the Securities Exchange Act of 1934.

[1] The Commission now has under active consideration various questions from a regulatory viewpoint as to whether and to what extent options on unlisted securities should be traded on exchanges and/or in the over-the-counter markets.

[1] The Commission has extended the time for filing applications by insurance companies for registration under the Advisers Act until further order of the Commission. See Investment Advisers Act Release No. 308.

[2] Pursuant to section 202(a)(12) of the Advisers Act (15 U.S.C. 80b–2(a)(12)) the term "affiliated person" has the same meaning as in the Investment Company Act of 1940, as amended. The terms "affiliated company" and "affiliated person" are defined in sections 2(a)(2) and 2(a)(3) of the Investment Company Act of 1940, as amended (15 U.S.C. 80a–2(a)(2), 80a–2(a)(3)), as follows:

"SEC. 2(a)(2) 'Affiliated company' means a company which is an affiliated person.

"SEC. 2(a)(3) 'Affiliated person' of another person means (A) any person directly or indirectly owning, controlling, or holding with power to vote, 5 per centum or more of the outstanding voting securities of such other person; (B) any person 5 per centum or more of whose outstanding voting securities are directly or indirectly owned, controlled or held with power to vote, by such other person; (C) any person directly or indirectly controlling, controlled by, or under common control with such other person; (D) any officer, director, partner, copartner, or employee of such other person; (E) if such other person is an investment company, any investment adviser thereof or any member of an advisory board thereof; and (F) if such other person is an unincorporated investment company not having a board of directors, the depositor thereof."

V 38 - 11 JAN 17 73 XUM

not to register as an investment adviser but rather to form a separate corporate or other entity to act as an investment adviser and to be registered as such, especially where the controlling company is engaged in a nonadvisory business or businesses. This is a common practice, for example, in the insurance industry, where separate subsidiaries are organized to render advisory services to registered investment companies or variable annuity separate accounts.

Proposed Rule 202–1 sets forth the conditions under which the Commission would consider the subsidiary or controlled company formed to provide advisory services to be an autonomous entity. Where the proposed conditions are met, so that the registered adviser may be considered autonomous, proposed Rule 202–1 provides an exemption from registration under the Advisers Act for the company controlling the registered adviser and affiliates of such a controlling company. Briefly, the five conditions set forth in the proposed rule require (i) a majority of the directors of the registered adviser to be independent (as specified in the proposed rule) of the person controlling the adviser and of any affiliate of such controlling person; (ii) the registered adviser to have, in the opinion of a majority of such independent directors, adequate capital independent of the controlling person or any affiliate to carry on its advisory business; (iii) the officers of the registered adviser, except administrative officers, to be independent of the controlling person or an affiliate; (iv) the advisory representatives employed by the registered adviser to be independent of the controlling person or an affiliate, and make recommendations independent from such persons, and (v) research information conveyed to the registered adviser to meet certain criteria. The rule would also adopt the definition of control set forth in section 2(a)(9) of the Investment Company Act of 1940 (15 U.S.C. 80a–2(a)(9)).

The question whether registration of the person controlling the registered adviser, or an affiliate thereof, may be required under the Advisers Act arises regardless of whether the controlling person or affiliate of such controlling person of the registered adviser derives a profit from the services and resources provided to the registered investment adviser.[1]

The Commission will consider all of the facts and circumstances in its review of the substance of these arrangements. The Commission proposes, however, to exempt by rule from the definition of "investment adviser" in section 202(a)(11) of the Advisers Act a controlling person of the registered investment adviser or an affiliate of such controlling person where the criteria specified in the proposed rule are met.

In situations where the facts do not meet the criteria set forth in proposed Rule 202–1, the affiliated person of the registered adviser, or an affiliate of such affiliate, will be deemed an investment adviser required to register under the Advisers Act, absent an exemptive order of the Commission.

The Commission has authority to adopt proposed Rule 202–1 pursuant to the provisions of sections 202 and 206A and 211 of the Advisers Act. Amendment to paragraph (12) of Rule 204–2(a).

Rule 204–2(a) sets forth various recordkeeping requirements for investment advisers registered under the Advisers Act. Among other provisions in the rule is the requirement set forth in paragraph (12) thereof which calls for:

> A record of every transaction in a security in which the investment adviser or any advisory representative • • • of such investment adviser has, or by reason of such transaction acquires, any direct or indirect beneficial ownership, except (i) transactions effected in any account in which neither the investment adviser nor any advisory representative of the investment adviser has any direct or indirect influence or control; and (ii) transactions in securities which are direct obligations of the United States.

The term "advisory representative" is defined in paragraph (12) of the rule to mean:

> • • • any partner, officer, or director of the investment adviser; any employee who makes any recommendation, who participates in the determination of which recommendation shall be made, or whose functions or duties relate to the determination of which recommendation shall be made; any employee who, in connection with his duties, obtains any information concerning which securities are being recommended; and any person in a control relationship to the investment adviser who obtains information concerning securities recommendations being made by such investment adviser other than as a regular client of such investment adviser.

It has come to the Commission's attention that some investment advisers registered under the Advisers Act are or may be subsidiaries or controlled companies of other companies. In that case, paragraph (12) of the rule clearly requires the registered adviser to keep records of securities transactions of the person controlling the registered adviser. However, it does not appear that those records now would be required in the case of securities transactions of certain officers or employees of the controlling person, or an affiliate thereof, who may not be deemed to be in "a control relationship to the investment adviser," but who may receive information concerning investment recommendations made by the registered adviser. The Commission believes that the potential for abuse by persons in a control relationship with the investment adviser also exists in the case of affiliated persons of the person in a control relationship with the registered adviser.

Accordingly, the Commission proposes to amend paragraph (12) of the rule to provide that the term "advisory representative" includes:

> • • • any of the following persons who obtain information concerning securities recommendations being made by such investment adviser other than as a regular client of such investment adviser: (i) Any person in a control relationship to the investment adviser, (ii) any affiliated person of such controlling person, and (iii) any affiliated person of such affiliated person.

This language would replace the clause in the last sentence of the present paragraph following "recommended; and".

Proposed New Paragraph (13) Under Rule 204–2(a)

Under certain circumstances, such as in the case of life insurance companies registered as investment advisers, certain persons whose transactions are now required to be recorded under paragraph (12) of the rule have no connection with the rendering of investment advisory services by the registered adviser. This would be the case, for example, for officers of insurance companies who have duties as actuaries, or are involved solely in administrative activities in connection with the insurance business of an insurance company registered as an investment adviser.

Accordingly, the Commission proposes to adopt a new paragraph (13) under Rule 204–2(a) which would apply only to registered investment advisers who are primarily engaged in a business or businesses other than advising registered investment companies or other advisory clients.

The effect of new paragraph (13) would be to specify the records to be kept by such registered investment advisers. As in the case of Rule 204–2(a)(12), those records would include every transaction in a security (except those specifically exempted) in which any partner, officer, director, or employee of that adviser has any direct or indirect beneficial ownership. The rule, however, would limit the recordkeeping requirements in the case of partners, officers, and directors, as well as employees, to those persons who have some relationship to the investment advisory business performed by the registered investment adviser or who obtains knowledge of investment recommendations made.

Thus, the standard now applicable only to employees whose transactions must be recorded by the investment adviser in paragraph (12) of Rule 204–2(a) will be applied in proposed new paragraph (13) to partners, officers and directors, as well as employees, of registered investment advisers primarily engaged in a business or businesses other than advising registered investment companies or other advisory clients.

Adoption of New Paragraph (14) Under Rule 204–2(a)

In order to more clearly define the concept of control in paragraphs (12) and (13) of Rule 204–2(a), the Commission proposes to adopt the definition of control set forth in the Investment Company Act of 1940. The text of the proposed paragraph (14) under Rule 204–2(a) is as follows:

> (14) For purposes of paragraphs (12) and (13) of this rule, control shall have the same meaning as that set forth in section 2(a)(9) of the Investment Company Act of 1940, as amended.

Commission Action

The Securities and Exchange Commission proposes to amend Part 275 of Chapter II of Title 17 of the Code of Federal Regulations (1) by adding a new § 275.202–1 thereunder (2) by amending subparagraph (12) of § 275.204–2(a) and by adding thereunder new subparagraphs (13) and (14) as indicated below:

I. As proposed, § 275.202–1 would read as follows:

§ 275.202–1 Exemption from definition of investment adviser for persons controlling a registered investment adviser and persons affiliated with such controlling person.

A person controlling a registered investment adviser or a person affiliated with such controlling person, shall not be deemed to be an investment adviser: *Provided*, That:

(a) A majority of the directors of the registered investment adviser are not directors, officers, or employees of a person controlling the registered investment adviser, or of an affiliated person of such controlling person, and all compensation paid to such directors is paid by the registered investment adviser;

(b) (1) The registered investment adviser has, in the opinion of a majority of the directors meeting the criteria set forth in paragraph (a) of this section, adequate capital independent of controlling persons and affiliates of such controlling persons to provide the registrant with financial responsibility for the conduct of its advisory business, including provision for the means and facilities to carry out its advisory responsibilities for all of its clients, as well as provision for meeting all of its liabilities; and

(2) Any liabilities owed to a controlling person, or an affiliate of such controlling person, are subordinate to the claims of others against the registered investment adviser;

(c) Except for those officers of the registered investment adviser who perform for it administrative functions exclusively, the officers of the registered investment adviser are not directors, officers or employees of a person controlling the registered investment adviser, or of an affiliated person of such controlling person;

(d) The advisory representatives employed by the registered investment adviser are not directors, officers or employees of a person controlling such adviser, or of an affiliated person of such controlling person, and they make investment recommendations and decisions without consultation with directors, officers and employees of such controlling person or of an affiliated person of such controlling person;

(e) No person controlling the registered investment adviser, nor any affiliated person of such controlling person, provides the registered investment adviser with advisory services other than statistical and other factual information, advice regarding economic factors and trends, or advice as to occasional transactions in specific securities, and any such person does not generally furnish advice or make recommendations regarding the purchase or sale of securities; and

(f) For purposes of this § 275.202–1 control shall have the same meaning as that set forth in section 2(a)(9) of the Investment Company Act of 1940, as amended.

II. Section 275.204(a) is proposed to be amended by deleting in subparagraph (12)(i) after the words "recommended; and" the clause:

> • • • and any person in a control relationship to the investment adviser who obtains information concerning securities recommendations being made by such investment adviser other than as a regular client of such investment adviser.

and, by adding in lieu thereof a new clause reading as set forth below; and, by adding new subparagraphs (13) and (14) reading as follows:

§ 275.204–2 Books and records to be maintained by investment advisers.

(a) • • •

(12) (i) • • • any of the following persons who obtain information concerning securities recommendations being made by such investment adviser other than as a regular client of such investment adviser: (*a*) Any person in a control relationship to the investment adviser, (*b*) any affiliated person of such controlling person and (*c*) any affiliated person of such affiliated person.

(13) Notwithstanding the provisions of subparagraph (12) of this paragraph, where the investment adviser is primarily engaged in a business or businesses other than advising registered investment companies or other advisory clients, a record must be maintained of every transaction in a security in which the investment adviser or any advisory representative of such investment adviser has, or by reason of such transaction acquires, any direct or indirect beneficial ownership, except: Transactions effected in any account over which neither the investment adviser nor any advisory representative of the investment adviser has any direct or indirect influence or control; and transactions in securities which are direct obligations of the United States. Such record shall state the title and amount of the security involved; the date and nature of the transaction; the price at which it was effected; and the name of the broker, dealer or bank with or through whom the transaction was effected. Such record may also contain a statement declaring that the reporting or recording of any such transaction shall not be construed as an admission that the investment adviser or advisory representative has any direct or indirect beneficial ownership in the security. A transaction shall be recorded not later than 10 days after the end of the calendar quarter in which the transaction was effected. For purposes of this paragraph the term "advisory representative" when used in connection with a company primarily engaged in a business or businesses other than advising registered investment companies or other advisory clients, shall mean any partner, officer, director, or employee of the investment adviser who makes any recommendation, who participates in the determination of which recommendation shall be made, or whose functions or duties relate to the determination of which recommendations shall be made, or who, in connection with his duties, obtains any information concerning which securities are being recommended; and any of the following persons who obtain information concerning securities recommendations being made by such investment adviser other than as a regular client of such investment adviser: (i) Any person in a control relationship to the investment adviser, (ii) any affiliated person of such controlling person, and (iii) any affiliated person of such affiliated person. An investment adviser shall not be deemed to have violated the provisions of this subparagraph (13) because of his failure to record securities transactions of any advisory representative if he establishes that he instituted adequate procedures and used reasonable diligence to obtain reports of all transactions required to be recorded.

(14) For purposes of paragraphs (a)(12) and (13) of this § 275.204–2, control shall have the same meaning as that set forth in section 2(a)(9) of the Investment Company Act of 1940, as amended.

• • • • • •

The Commission has authority to adopt the proposed amendment of paragraph (12) of Rule 204–2(a) and new paragraphs (13) and (14) of Rule 204–2(a) pursuant to the provisions of section 211(a) of the Advisers Act.

All interested persons are invited to submit their written views and comments on the proposals to Alan Rosenblat, Chief Counsel, Division of Investment Company Regulation, Securities and Exchange Commission, Washington, D.C. 20549, on or before February 16, 1973. All communications in this regard should refer to File No. S7–462, and will be available for public inspection.

(Secs. 202, 211, 54 stat. 847, 855, 84 stat. 1433, 15 U.S.C. 80b–2, 80b–6a, 80b–11)

For the Commission.

[SEAL] RONALD F. HUNT,
Secretary.

DECEMBER 18, 1972.

[FR Doc.73–1019 Filed 1–16–73;8:45 am]

[1] It should be noted, however, that if an investment adviser performs advisory services for a registered investment company at cost, an exemption is available from the definition of "investment adviser" set forth in sec. 2(a)(20) of the Investment Company Act as amended (15 U.S.C. 80a–2(a)(20)). In such case, however, no profits may be derived from the advisory business either by the registered adviser or any affiliated person of the adviser.

FEDERAL POWER COMMISSION

[18 CFR Part 141]

[Docket No. R-465; FPC Form 67]

STEAM-ELECTRIC PLANT REPORTING REQUIREMENTS

Reporting of Environmental Data

JANUARY 9, 1973.

Notice is given pursuant to section 553 of title 5 of the United States Code, that the Commission proposes to revise FPC Form No. 67, Steam-Electric Plant Air and Water Quality Control Data, as that form is now prescribed by § 141.59, Part 141—Statements and Reports, Subchapter D, Approved Forms, Federal Power Act, Chapter I, Title 18, Code of Federal Regulations. FPC Form No. 67 is an annual report form of the Commission, as prescribed by Order No. 412, October 22, 1970, 44 FPC 1291.

The revisions which the Commission now proposes are of two general types. One type of change is directed to securing substantially increased amounts of data relative to fuel, air, land, and water environmental aspects of steam-electric generating station construction and operation, based upon rolling projections of 5, 10, 15, 20 years into the future. These data are designed to provide the basis for quantifying the impacts upon air, land and water resources of building and operating fossil-fired and nuclear steam-electric generating stations. These data would relate to present and projected fuel sources, generating station locations and thermal, gaseous and particulate emissions therefrom to surrounding air, land and water environments, together with present and projected land uses. These data, which are not now obtained, would be obtained annually by means of the following reporting schedules, Proposed Part III Future Air and Water Quality Data, section 1—Projected Plant Data—General, section 2—Projected Plant Fuel—Consumption (Annual), section 3—Projected Plant Emissions—Air, section 4—Projected Plant Water Use, section 5—Solid Waste:

PART III—FUTURE AIR AND WATER QUALITY DATA

SECTION 1—PROJECTED PLANT DATA

SECTION 2—PROJECTED PLANT FUEL—CONSUMPTION (ANNUAL)

SECTION 3—PROJECTED PLANT EMISSIONS—AIR

SECTION 4—PROJECTED PLANT WATER USE

SECTION 5—SOLID WASTE

The other type of proposed revision would incorporate as a part of the FPC Form No. 67 a series of supplemental or clarifying reporting requirements. They are as shown in the following schedule, Part I, Air Quality Control Data, Schedule E, Equipment (Design Parameters), section 1A—Boiler Ability to Burn Alternate Fuels:

PART I—AIR QUALITY CONTROL DATA, SCHEDULE E—EQUIPMENT (DESIGN PARAMETERS)

Line No.	Section 1A—Boiler ability to burn alternate fuels (a)	Boiler No. (b)	Boiler No. (c)	Boiler No. (d)	Boiler No. (e)	Check for footnote [1] (f)
01	Boiler Number(s)					
02	Coal:					
03	Is boiler equipped to burn coal (yes or no)[2]					
04	Is boiler capable of burning coal continuously (yes or no)[3]					
05	Report coal storage capacity in:					
06	1,000 tons					
	Burn days					
07	Percent derating of related generator capacity when burning coal					
08	Oil:					
09	Is boiler equipped to burn oil (yes or no)					
10	Is boiler capable of burning oil continuously (yes or no)[3]					
11	Report oil storage capacity in:					
12	1,000 bbls [4]					
	Burn days [4]					
13	Percent derating of related generating capacity when burning oil					
14	Gas:					
15	Is boiler equipped to burn gas					
16	Is gas available on firm basis (yes or no)					
17	Percent derating of related generating capacity when burning gas					

[1] All footnotes should be shown on page 12.
[2] If the answer is "yes", but equipment changes or maintenance are required to burn coal, state time period in days for completion of such changes or maintenance. For example, if the time period required to reconvert boiler to the use of coal is 45 days, respond as follows: Yes/45. If coal burning capability is available immediately, respond: Yes/0.
[3] If answer is "no", explain in footnote on page 12.
[4] Do not include storage capacity of tankers at sea.

To facilitate these revisions, the following changes would be completed in the General Instructions to FPC Form No. 67.

Amend General Instruction (1) to provide for the reporting of data from any electric utility with steam-electric generating capacity of 25 megawatts or over. As currently prescribed, FPC Form No. 67 is to be completed by electric utilities having 150 megawatts or more of electric generating capacity, 25 megawatts of which is steam-electric. Also, FPC Form 67, as now constituted, is prescribed for utilities which have generating plants of 25 megawatts or more located in 52 Air Quality Control Regions of the Nation. Since the promulgation of Form 67 in 1970, Air Quality Control Regions have been established throughout the Nation. As revised General Instruction (1) would be revised by deletion of certain portions of the instruction and deletion of Appendix A to Form 67, to read as follows:

(1) An original and five conformed copies of this report form properly filled out and attested shall be filed with the Federal Power Commission on or before the first day of the fifth month following the close of the calendar or fiscal year for each plant operated by an electric utility with a steam-electric generating capacity of 25 megawatts or greater during the year covered.

Amend General Instruction (5) to provide for the annual reporting of data to be set forth in Part III—Future Air and Water Quality Data, and to provide for the reporting of Part I, Schedule E, Section 1A data for 1972, 1974 and thereafter every fifth year. As amended, General Instruction (5) reads as follows:

(5) Part I, Schedules A, B, C, and D, Part II, Schedules A and B, and Part III should be reported in full each year. Part I, Schedule E, except for Part I, Schedule E, Section 1A, and Part II, Schedules C, D, E, and F, should be completed for 1969 and every fifth year thereafter (1974, 1979, etc.); Part I, Schedule E, Section 1A should be completed for 1972 and for 1974 and every fifth year thereafter (1979, 1984, etc.); in the intervening years (1970, 1971, 1972, 1973, 1975, etc.) the data should be reported when equipment was: (a) placed in operation during the year; (b) altered during the year (i.e., installed, remodeled, removed or otherwise changed); or (c) not previously reported.

It is also proposed to amend § 141.59 of Subchapter D—Approved Forms, Federal Power Act, Chapter I, Title 18 of the Code of Federal Regulations, to read as follows:

§ 141.59 Form No. 67, Steam-electric plant air and water quality control data.

This form is designed to obtain pollution control information related to fuel quality, pollution control equipment installed, the present and future operation of such equipment and the present and future disposition of waste materials from steam-electric generating plants; data relating to plant and equipment is required every fifth year (see General Instruction No. 5), except for Section 1A, Schedule E, Part I, which shall be reported for the reporting years 1972, 1974 and then every fifth year thereafter, unless changed or retired prior to the expiration of such periods and to the operations thereof annually.

The proposed revisions to FPC Form No. 67 will materially assist this Commission in the discharge of its regulatory responsibilities under the Federal Power Act, 16 U.S.C. 791(a) et seq. The data to be secured should also be of assistance to other Federal departments and agencies, State and local governmental authorities, operating utilities, electric consumers, equipment manufacturers and the general public. In promulgating FPC Form No. 67, the Commission stated in part, 44 FPC 1291:

FPC Form No. 67 has been designed with the assistance of those agencies to obtain information periodically of the quality of fuel used in fossil fueled steam-electric generating plants of 25 megawatts or more, of the costs of facilities and other data relating to their operation and maintenance regarding the amounts and kinds of particulates emitted by such plants, and of the heat emissions and other matters discharged into streams and other waters by fossil and nuclear-fueled steam-electric generating plants. This information will provide a basis for the development of effective environmental quality control programs.

The amendment to the Commission's Regulations under the Power Act would be issued under the authority granted the Federal Power Commission by the Federal Power Act, particularly Sections 304, 309, and 311 (49 Stat. 855, 858, 859; 16 U.S.C. 825c, 825h, 825j).

Any interested person may submit to the Federal Power Commission, Washington, D.C. 20426, not later than February 23, 1973, views and comments in writing concerning all or part of the amendments proposed herein. Written submittals will be placed in the Commission's public files and will be available for public inspection at the Commission's Office of Public Information, Washington, D.C. 20426, during regular business hours. An original and 14 conformed copies should be filed with the Secretary of the Commission. In addition, interested persons wishing to have their comments considered in the clearance of the proposed revised report form, under the provisions of the Federal Reports Act of 1942, may, at the same time, submit a conformed copy of their comments to the Clearance Officer, Office of Statistical Standards, Office of Management and Budget, Washington, D.C. 20503. Submittals to the Commission should indicate the name, title, mailing address, and telephone number of the person to whom communications concerning the proposal should be addressed, and whether the person filing them requests a conference with the staff of the Federal Power Commission to discuss the proposed amendments. The staff, in its discretion, may grant or deny requests for conference. The Commission will consider all written submittals and responses before issuing an order in this proceeding.

The Secretary shall cause prompt publication of this notice to be made in the FEDERAL REGISTER.

By direction of the Commission.

MARY B. KIDD,
Acting Secretary.

Notices

DEPARTMENT OF DEFENSE

Department of the Army

ARMED FORCES RESERVE CENTER, LOS ALAMITOS, CALIF.

Notice of Filing of Final Environmental Impact Statement With Council on Environmental Quality

In compliance with the National Environmental Policy Act of 1969, the Army, on January 12, 1973, filed with the Council on Environmental Quality a Final Environmental Impact Statement concerning establishment of an Armed Forces Reserve Center at Los Alamitos Naval Air Station, Los Alamitos, Calif.

Copies of the statement will be forwarded, in the near future, to concerned Federal, State, and local agencies which commented on the draft statement. Interested individuals may obtain copies from National Technical Information Service, U.S. Department of Commerce, Springfield, Va. 22151.

Inspection copies will be available in the near future at the Southern California Association of Governments, 1111 West Sixth Street (Suite 400), Los Angeles, CA, and at Headquarters, Fort MacArthur, San Pedro, Calif. (phone (213) 831–7200). In the Washington area, inspection copies can be seen in the Office of the Deputy Chief of Staff for Logistics, Room 400, Rosslyn Commonwealth Building, Arlington, Va. (phone (703) 694–3985).

K. B. COOPER,
Brigadier General, G.S.,
Director of Installations.

DEPARTMENT OF JUSTICE

Bureau of Narcotics and Dangerous Drugs

[Docket No. 73–3]

TABLE ROCK LABORATORIES, INC.

Notice of Hearing

Notice is hereby given that on November 21, 1972, the Bureau of Narcotics and Dangerous Drugs, Department of Justice, issued to Table Rock Laboratories, Inc., an order to show cause as to why the Bureau of Narcotics and Dangerous Drugs should not deny the application for registration under the Controlled Substances Act of 1970, of the Respondent, executed on October 4, 1972, pursuant to section 303 of the Controlled Substances Act (21 U.S.C. 823).

Thirty days having elapsed since said Order was received by Table Rock Laboratories, Inc., and written request for a prehearing conference having been filed with the Director of the Bureau of Narcotics and Dangerous Drugs, notice is hereby given that a prehearing conference in this matter was held on January 8, 1973, at the Bureau of Narcotics and Dangerous Drugs, 1405 I Street NW., Washington, DC 20537, and by direction of Administrative Law Judge, Frederick Denniston, a hearing in this matter will be held commencing at 10 a.m. on January 25, 1973, in room 1211 of the Bureau of Narcotics and Dangerous Drugs, 1405 I Street NW., Washington, DC 20537.

Dated: January 11, 1973.

JOHN E. INGERSOLL,
Director, Bureau of Narcotics and Dangerous Drugs.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

CALIFORNIA ASSOCIATE STATE DIRECTOR ET AL.

Delegation of Authority Regarding Contracts and Leases

JANUARY 9, 1973.

Pursuant to the redelegation of authority contained in BLM Manual 1510.03C:

A. The Associate State Director, Chief, Division of Management Services and Chief, Branch of Administrative Management, State Office, are authorized to enter into contracts for supplies and services within the limits of procurement authority delegated to the State Director in BLM Manual 1510.03B2d.

B. The District Managers and Chief, Division of Administration, District Offices; and the California Desert Planning Director, Riverside, with the exception of capitalized equipment and major noncapitalized property, are authorized:

1. To procure supplies and services available from established sources of supply regardless of amount.

2. To enter into contracts pursuant to section 302(c)(3) of the FPAS Act, for supplies, services and rental of equipment and aircraft not to exceed $2,500 per transaction; and for construction not to exceed $2,000 per transaction; provided that the requirement is not available from established sources of supply.

C. The District Managers and Chief, Division of Administration, District Offices; and Protection Specialist, Division of Technical Services, State Office, are authorized to enter into contracts pursuant to section 302(c)(2) of the FPAS Act, regardless of amount. This authority is to be used for rental of equipment and aircraft and for procurement of supplies and services required for emergency fire suppression and presuppression, where the order exceeds $2,500.

D. The District Managers may redelegate the authority for use of Standard Form 44 Order-Invoice-Voucher to any qualified employees under their jurisdiction. The redelegation must be in writing by name designation and subject to monetary and other limitations as may be prescribed by the District Manager. The designated employee, State Office, and Service Centers shall be furnished with a copy of all such redelegations.

E. Delegation of authority regarding contracts and leases published in the FEDERAL REGISTER on November 6, 1971, page 21366, is hereby revoked.

J. R. PENNY,
State Director.

PROPOSED SPECIAL USE PERMIT, AERIAL TRAMWAY, GREAT SMOKY MOUNTAINS NATIONAL PARK, TENN.

Notice of Availability of Final Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Department of the Interior has prepared a final environmental statement concerning issuance of a proposed special use permit to the Smoky Mountain Utility District of Sevier County, Tenn., for construction of an aerial tramway.

The environmental statement considers the effects of an aerial crossing of the entrance road to Great Smoky Mountains National Park. It also considers the effects of constructing a 2.1-mile tramway route between the City of Gatlinburg, Tenn. and the Gatlinburg Ski Lodge.

Copies of the final environmental statement are available from or for inspection at:

Southeast Regional Office, National Park Service, 3401 Whipple Avenue, Atlanta, GA 30344.

Superintendent, Great Smoky Mountains National Park, Gatlinburg, TN 37738.

Dated: January 15, 1973.

RESTRICTION OF VEHICULAR USE, BACK BAY NATIONAL WILDLIFE REFUGE, VA.

Notice of Availability of Final Environmental Impact Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, Public Law 91–190, the Department of the Interior has prepared a final environmental statement for proposed special regulations restricting vehicular use on the Back Bay National Wildlife Refuge within the metropolis area of Virginia Beach, Va.

The special regulations will permit only authorized vehicles to use the beach area of the refuge. All access to or across refuge lands will be subject to control of the refuge manager or his designated representative.

Copies of the final statement are available for inspection at the following locations:

Bureau of Sport Fisheries and Wildlife, Peachtree—Seventh Building, Room 825, Atlanta, Ga. 30323.

Bureau of Sport Fisheries and Wildlife, Office of Environmental Quality, Department of the Interior, Room 2246, 18th and C Streets NW., Washington, D.C. 20240.

Single copies may be obtained by writing the Chief, Office of Environmental Quality, Bureau of Sport Fisheries and Wildlife, Washington, D.C. 20240. Please refer to the statement number above.

W. W. LYONS,
Deputy Assistant Secretary, Program Policy.

DEPARTMENT OF COMMERCE

Maritime Administration

[Docket No. S–327]

NEWPORT TANKERS CORP.

Notice of Application

Notice is hereby given that application has been filed under the Merchant Marine Act of 1936, as amended, for operating-differential subsidy with respect to bulk cargo carrying service in the U.S. foreign trade, principally between the United States and the Union of Soviet Socialist Republics, to expire on June 30, 1973 (unless extended only for subsidized voyages in progress on that date). Inasmuch as the below listed Applicant, and/or related persons or firms, employ ships in the domestic intercoastal or coastwise service, written permission of the Maritime Administration under section 805(a) of the Merchant Marine Act, 1936, as amended, will be required for each such Applicant if its application for operating-differential subsidy is granted.

The following Applicant has requested permission involving the domestic intercoastal or coastwise services described below:

Name of application. Newport Tankers Corp. (Newport).

Description of domestic service and vessels. The applicant, Newport, owns the Achilles, and has requested written permission to continue to engage in the domestic intercoastal or coastwise service as well as the right to move any vessel from one domestic trade to another, and/or from a foreign trade(s) to a domestic trade(s).

Written permission is now required by the applicant, Newport, notwithstanding that a voyage in the proposed service for which subsidy is sought would not be eligible for subsidy if the vessel carried domestic commerce of the United States on that voyage.

Interested parties may inspect this application in the Office of The Secretary, Maritime Administration, Department of Commerce Building, 14th and E Streets NW., Washington, D.C. 20235.

Any person, firm or corporation having any interest (within the meaning of section 805(a)) in any application and desiring to be heard on issues pertinent to section 805(a) or desiring to submit comments or views concerning the application must, by close of business on January 23, 1973 file same with the Maritime Administration, in writing, in triplicate, together with petition for leave to intervene which shall state clearly and concisely the grounds of interest, and the alleged facts relied on for relief.

If no petitions for leave to intervene are received within the specified time or if it is determined that petitions filed do not demonstrate sufficient interest to warrant a hearing, the Maritime Administration will take such action as may be deemed appropriate.

In the event petitions regarding the relevant section 805(a) issues are received from parties with standing to be heard, a hearing has been tentatively scheduled for 10 a.m., January 25, 1973, in Room 4896, Department of Commerce Building, 14th and E Streets NW., Washington, D.C. 20235. The purpose of the hearing will be to receive evidence under section 805(a) relative to whether the proposed operation (a) could result in unfair competition to any person, firm or corporation operating exclusively in the coastwise or intercoastal services, or (b) would be prejudicial to the objects and policy of the Act.

By order of the Maritime Administration.

Dated: January 12, 1973.

JAMES S. DAWSON, JR.,
Secretary.

National Oceanic and Atmospheric Administration

[Docket No. C–379]

WILLIAM R. BROCHIER

Notice of Loan Application

JANUARY 10, 1973.

William R. Brochier, 2677 Hawthorne Avenue, Hayward, CA. 94545, has applied for a loan from the Fisheries Loan Fund to aid in financing the purchase of a used wood vessel, about 47 feet in length, to engage in the fishery for bonito, salmon, and tuna off the coasts of California, Oregon, Washington, and Mexico.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, National Marine Fisheries Service, within 30 days from the date of publication of this notice. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

PHILIP M. ROEDEL,
Director.

DARREL WILLIAM POTTER

Notice of Loan Application

JANUARY 10, 1973.

Darrel William Potter, P.O. Box 97, Avila Beach, CA 93424, has applied for a loan from the Fisheries Loan Fund to aid in financing the purchase of a used steel vessel, about 50 feet in length, to engage in the fishery for tuna and bottomfish off the coasts of California, Oregon, Washington, and Mexico.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, National Marine Fisheries Service, within 30 days from the date of publication of this notice. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

PHILIP M. ROEDEL,
Director.

GOVERNMENT-OWNED INVENTIONS

Notice of Availability for Licensing

The inventions listed below are owned by the U.S. Government and are available for licensing in accordance with the GSA Patent Licensing Regulations.

Copies of patent applications, either paper copy (PC) or microfiche (MF), can be purchased from the National Technical Information Service (NTIS), Springfield, Va. 22151 at the prices cited. Requests for copies of patent applications must include the PAT-APPL number and the title. Inquiries and requests for licensing information should be directed to the address cited on the first page of each copy of the patent application.

Paper copies of patents cannot be purchased from NTIS but are available from the Commissioner of Patents, Washington, D.C. 20231 at $0.50 each. Inquiries and requests for licensing information should be directed to the "Assignee" as indicated on the copy of the patent.

DOUGLAS J. CAMPION,
Patent Program Coordinator, National Technical Information Service.

U.S. ATOMIC ENERGY COMMISSION

Patent 3,650,926. Radiolytic Treatment of Organic Industrial Wastes in a Pressurized Oxygen Atmosphere. Filed October 7, 1969. Patented March 21, 1972. Not available NTIS.

Patent 3,640,115. Tube Spacer Tool. Filed December 19, 1969. Patented February 8, 1972. Not available NTIS.

Patent 3,640,336. Recovery of Geothermal Energy by Means of Underground Nuclear Detonations. Filed June 19, 1970. Patented February 8, 1972. Not available NTIS.

Patent 3,638,200. Electrostatic Recording System. Filed March 4, 1970. Patented January 25, 1972. Not available NTIS.

Patent 3,638,160. Shock Pressure Transducer. Filed September 4, 1969. Patented January 25, 1972. Not available NTIS.

U.S. DEPARTMENT OF THE INTERIOR

Patent 3,699,849. Hydraulic Cell for Calibrating a Pressure Transducer. Filed November 12, 1970. Patented October 24, 1972. Not available NTIS.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

Patent application 289,050. Rocket Chamber and Method of Making. Filed September 14, 1972. PC $3.00/MF $0.95.

Patent application 281,877. Method and Apparatus for Checking the Stability of a Setup for Making Reflection Type Holograms. Filed August 18, 1972. PC $3.00/MF $0.95.

Patent application 282,738. Shoulder Harness and Lap Belt Restraint System. Filed August 22, 1972. PC $3.00/MF $0.95.

Office of Import Programs

DAVID LIPSCOMB COLLEGE, ET AL.

Notice of Consolidated Decision on Applications for Duty-Free Entry of Scientific Articles

The following is a consolidated decision on applications for duty-free entry of scientific articles pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897), and the regulations issued thereunder as amended (37 FR 3892 et seq.).

A copy of the record pertaining to each of the applications in this consolidated decision is available for public review during ordinary business hours of the Department of Commerce, at the Special Import Programs Division, Office of Import Programs, Department of Commerce, Washington, D.C.

Decision: Applications denied. Applicants have failed to establish that instruments or apparatus of equivalent scientific value to the foreign articles, for such purposes as the foreign articles are intended to be used, are not being manufactured in the United States.

Reasons: Section 701.8 of the regulations provides in pertinent part:

The applicant shall on or before the 20th day following the date of such notice, inform the Deputy Assistant Secretary whether it intends to resubmit another application for the same article for the same intended purposes to which the denied application relates. The applicant shall then resubmit the new application on or before the 90th day following the date of the notice of denial without prejudice to resubmission, unless an extension of time is granted by the Deputy Assistant Secretary in writing prior to the expiration of the 90 day period. • • • If the applicant fails, within the applicable time periods specified above, to either (a) inform the Deputy Assistant Secretary whether it intends to resubmit another application for the same article to which the denial without prejudice to resubmission relates, or (b) resubmit the new application, the prior denial without prejudice to resubmission shall have the effect of a final decision by the Deputy Assistant Secretary on the application within the context of § 701.11.

The meaning of the section is that should an applicant either fail to notify the Deputy Assistant Secretary of its intent to resubmit another application for the same article to which the denial without prejudice relates within the 20-day period, or fails to resubmit a new application within the 90-day period, the prior denial without prejudice to resubmission will have the effect of a final denial of the application.

None of the applicants to which this consolidated decision relates has satisfied the requirements set forth above, therefore, the prior denials without prejudice have the effect of a final decision denying their respective applications.

Section 701.8 further provides:

• • • the Deputy Assistant Secretary shall transmit a summary of the prior denial without prejudice to resubmission to the FEDERAL REGISTER for publication, to the Commissioner of Customs, and to the applicant.

Each of the prior denials without prejudice to resubmission to which this consolidated decision relates was based on the failure of the respective applicants to submit the required documentation, including a completely executed application form, in sufficient detail to allow the issue of "scientific equivalency" to be determined by the Deputy Assistant Secretary.

Docket No. 72-00112-01-77030. Applicant: David Lipscomb College, Nashville, Tenn. 37203. Article: NMR Spectrometer, Model JNM-C60HL. Date of denial without prejudice to resubmission: September 12, 1972.

B. BLANKENHEIMER,
Acting Director, Office of Import Programs.

[FR Doc.73-975 Filed 1-16-73;8:45 am]

STATE UNIVERSITY OF NEW YORK AT BUFFALO

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (37 FR 3892 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C.

Docket No. 72-00497-01-77030. Applicant: State University of New York at Buffalo, c/o Office of Facilities Planning, Equipment Division, 3258 Main Street, Buffalo, NY 14214. Article: NMR Spectrometer, Model JNM-MH-100. Manufacturer: JEOL, Ltd., Japan. Intended use of article: The article is intended to be used for high-sensitivity studies of C-13 sidebands; structure elucidation studies of products from photochemical and thermal reactions of aroylaxetidines; and for high resolution spectra of small amounts of sparingly soluble natural products such as hirsutic acid. The article will also be used by graduate students for thesis research and in four undergraduate courses in chemistry.

Comments: No comments were received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, could have been made available to the applicant institution without excessive delay at the time the foreign article was ordered (Mar. 17, 1971).

Reasons: The foreign article is of the category that is customarily "produced on order" which is defined in § 701.2(j) of the Department's regulations as "an instrument, apparatus, or accessory which a manufacturer lists in a current catalog and is able and willing to produce and have available without unreasonable delay to the applicant." Section 701.11(b) of the regulations provides in pertinent part that "in determining whether a U.S. manufacturer is able and willing to produce a produced-on-order, or custom-made instrument, apparatus, or accessory and have it available without unreasonable delay to the applicant the Deputy Assistant Secretary shall take into account the normal commercial practices applicable to the production and delivery of instruments, apparatus, or accessories of the same general category."

The question of availability without unreasonable delay is associated with the issue of excessive delivery time which is explained in § 701.11(c) of the regulations as follows:

Excessive delivery time. Duty-free entry of the article shall be considered justified without regard to whether there is being manufactured in the United States an instrument, apparatus, or accessory of equivalent scientific value for the purposes described in response to question 7 of the application form, if the delay in obtaining such domestic instrument, apparatus, or accessory (as indicated by the difference between the delivery times quoted by domestic manufacturer and foreign manufacturer) will seriously impair the accomplishment of the purposes. In determining whether the difference in delivery times is excessive, the Deputy Assistant Secretary shall take into account the relevancy of the applicant's program to other research programs with respect to timing, the applicant's need to have such instrument, apparatus, or accessory available at the scheduled time for the course(s) in which the article is intended to be used, and other relevant circumstances.

The foreign article was ordered March 17, 1971. The applicant alleges that the Varian XL-100-15, the most closely comparable domestic instrument, was not available within a reasonable delivery period from the time of purchase. In a letter dated August 5, 1970, to the Department of Commerce regarding the availability of the Varian XL-100-15 system, Varian advised that the delivery time for the XL-100-15 system was 6 to 8 months and later advised in a letter dated August 26, 1971, to Boston University that the delivery time for the XL-100-15 system was 5 to 9 months. The delivery time for the foreign article was quoted as a guaranteed delivery within 21 days of receipt of purchase order. The National Bureau of Standards (NBS) advises in its memorandum dated August 15, 1972, that the difference in delivery time [between the foreign article and the XL-100-15] is pertinent for the [applicant's] intended educational uses.

Accordingly, we find that the difference in delivery time between the foreign article and the Varian XL-100-15 to be excessive within the meaning of § 701.11 (c) as it would seriously impair the accomplishment of the applicant's educational purposes.

B. BLANKENHEIMER,
Acting Director, Office of Import Programs.

UNIVERSITY OF RHODE ISLAND, ET AL.

Notice of Consolidated Decision on Applications for Duty-Free Entry of Scientific Articles

The following is a consolidated decision on applications for duty-free entry of scientific articles pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (37 FR 3892 et seq.).

A copy of the record pertaining to each of the applications in this consolidated decision is available for public review during ordinary business hours of the Department of Commerce, at the Special Import Programs Division, Office of Import Programs, Department of Commerce, Washington, D.C.

Decision: Applications denied. Applicants have failed to establish that instruments or apparatus of equivalent scientific value to the foreign articles, for such purposes as the foreign articles are intended to be used, are not being manufactured in the United States.

Reasons: Subsection 701.8 of the Regulations provides in pertinent part:

The applicant shall on or before the 20th day following the date of such notice, inform the Deputy Assistant Secretary whether it intends to resubmit another application for the same article for the same intended purposes to which the denied application relates. The applicant shall then resubmit the new application on or before the 90th day following the date of the notice of denial without prejudice to resubmission, unless an extension of time is granted by the Deputy Assistant Secretary in writing prior to the

V 38 - 11 JAN 17 73 XUM

expiration of the 90 day period. • • • If the applicant fails, within the applicable time periods specified above, to either (a) inform the Deputy Assistant Secretary whether it intends to resubmit another application for the same article to which the denial without prejudice to resubmission relates, or (b) resubmit the new application, the prior denial without prejudice to resubmission shall have the effect of a final decision by the Deputy Assistant Secretary on the application within the context of § 701.11.

The meaning of the section is that should an applicant either fail to notify the Deputy Assistant Secretary of its intent to resubmit another application for the same article to which the denial without prejudice relates within the 20 day period, or fails to resubmit a new application within the 90 day period, the prior denial without prejudice to resubmission will have the effect of a final denial of the application.

None of the applicants to which this consolidated decision relates has satisfied the requirements set forth above, therefore, the prior denials without prejudice have the effect of a final decision denying their respective applications.

Section 701.8 further provides:

• • • the Deputy Assistant Secretary shall transmit a summary of the prior denial without prejudice to resubmission to the FEDERAL REGISTER for publication, to the Commissioner of Customs, and to the applicant.

Each of the prior denials without prejudice to resubmission to which this consolidated decision relates was based on the failure of the respective applicants to submit the required documentation, including a completely executed application form, in sufficient detail to allow the issue of "scientific equivalency" to be determined by the Deputy Assistant Secretary.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[Docket No. FDC-D-474; NADA 7-983V etc.]

AMERICAN CYANAMID CO. ET AL.

Certain New Animal Drug Applications; Notice of Withdrawal of Approval of New Animal Drug Applications

In the FEDERAL REGISTER of November 1, 1972 (37 FR 23285), the Commissioner of Food and Drugs published a notice proposing to withdraw approval of the following new animal drug applications:

1. Enheptin Soluble, new animal drug application (NADA) No. 7-983V; by American Cyanamid Co., Post Office Box 400, Princeton, NJ 08540.

2. Triple Sulfa Solution, NADA No. 7-055V; by Jensen-Salsbery Laboratories, 520 West 21st Street, Kansas City, MO 64141.

3. Sulfabrom, NADA No. 12-409V; by Merck Sharp & Dohme Research Laboratories, Division of Merck & Co., Rahway, N.J. 07065.

4. Purina Hepzide Blackhead Control, NADA No. 11-179V; by Ralston Purina Co., Checkerboard Square, St. Louis, Mo. 63188.

5. Kaobiotic Suspension, NADA No. 9-695V; by the Upjohn Co., Kalamazoo, Mich. 49001.

6. (a) SQS (Sulfaquinoxaline), NADA No. 6-895V; (b) Histosep-S, NADA No. 7-779V; and (c) Histocarb Soluble, NADA No. 11-501V; by Whitmoyer Laboratories, Inc., 19 North Railroad Street, Myerstown, PA 17067.

Ralston-Purina Co. responded to said notice. They informed the Commissioner that they do not wish to avail themselves of the opportunity for a hearing. None of the other firms listed herein have responded to the notice. This is construed as an election by said firms not to avail themselves of the opportunity for a hearing.

Therefore, based on the grounds set forth in said notice of opportunity for a hearing, the Commissioner concludes that approval of said new animal drug applications should be withdrawn. Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512, 82 Stat. 343-351; 21 U.S.C. 360b) and under authority delegated to the Commissioner (21 CFR 2.120), approval of NADA No. 7-983V, NADA No. 7-055V, NADA No. 12-409V, NADA No. 11-179V, NADA No. 9-695V, NADA No. 6-895V, NADA No. 7-779V and NADA No. 11-501V, including all amendments and supplements thereto, is hereby withdrawn effective on January 17, 1973.

Dated: January 2, 1973.

SAM D. FINE,
Associate Commissioner for Compliance.

CALIFORNIA CANNERS AND GROWERS

Canned Peaches, Canned Pears, and Canned Fruit Cocktail Deviating From Identity Standards; Temporary Permit for Market Testing

Pursuant to § 10.5 (21 CFR 10.5) concerning temporary permits to facilitate market testing of foods deviating from the requirements of standards of identity promulgated pursuant to section 401 (21 U.S.C. 341) of the Federal Food, Drug, and Cosmetic Act, notice is given that a temporary permit has been issued to California Canners and Growers, 3100 Ferry Building, San Francisco, Calif. 94106. This permit covers limited interstate marketing tests of canned peaches, canned pears, and canned fruit cocktail that deviate from their standards of identity (21 CFR 27.2, 27.20 and 27.40) in that the fruits will be packed in a medium of light sirup prepared from a mixture of brown sugar and honey.

The principal display panel of the label of each container will bear the statement "Packed in brown sugar and honey."

This temporary permit shall expire 12 months from the date of the signature of this document (1-2-74).

Dated: January 2, 1973.

SAM D. FINE,
Associate Commissioner for Compliance.

Office of the Secretary

HEALTH SERVICES AND MENTAL HEALTH ADMINISTRATION

Statement of Organization, Functions, and Delegations of Authority

Part 3 (Health Services and Mental Health Administration) of the Statement of Organization, Functions, and Delegations of Authority for the Department of Health, Education, and Welfare (33 FR 15953, October 30, 1968), as amended, is hereby amended with regard to section 3-20, *Organization and functions*, as follows:

Within the chapter alphabetically coded 3J-00—National Institute of Mental Health (3J00)—the functional statements for the Office of Communications (3J17) and the Office of Program Planning and Evaluation (3J31) are being amended to reflect the transfer—from the former to the latter—of the National Clearinghouse for Mental Health Information and also certain minor organization changes.

Because of the above, paragraphs headed *Office of Communications (3J17)* and *Office of Program Planning and Evaluation (3J31)* are hereby deleted and replaced by the following text:

Office of Communications (3J17). (1) Plans and carries out NIMH-wide public affairs activities, and provides public information services to selected program areas; (2) develops the policy and procedural framework within which NIMH public information activities operate; (3) advises the Director, NIMH, and individual program directors regarding the effective use of public information in accomplishing program objectives; (4) serves as NIMH clearance point for publications, speeches, news releases, and related items; (5) responds to public inquiries regarding NIMH programs and mental health in general; (6) provides central photography, art work, and related services to the NIMH; and (7) operates the NIMH Communications Center and library.

Office of Program Planning and Evaluation (3J31). (1) Develops NIMH multiyear program plans for input into overall HSMHA/DHEW plans; (2) implements the Department's Operational Planning System within the NIMH; (3) conducts continuing studies and analysis of the distribution, content, and outcome of major programmatic efforts in mental health; (4) develops and operates an NIMH-wide program information system reflecting the essential structure, results, and status of projects supported or conducted by the NIMH; (5) collects information from worldwide mental health sources and from NIMH programs, and disseminates data to the scientific community; (6) provides statistical services and technical assistance to NIMH programs and collects statistical data of special use in National mental health programing; (7) evaluates NIMH progress toward program goals and objectives and manages the NIMH's evaluation efforts in connection with legally set-aside evaluation funds; and (8) develops methods, procedures, and other tools for the use of NIMH programs in conducting internal planning, analysis, and evaluation.

STEVEN D. KOHLERT,
Deputy Assistant Secretary for Management.

ATOMIC ENERGY COMMISSION

[Docket No. 50-410]

NIAGARA MOHAWK POWER CORP.

Notice of Availability of AEC Draft Environmental Statement, Applicant's Environmental Report and Supplemental Environmental Report

Pursuant to the National Environmental Policy Act of 1969 and the Atomic Energy Commission's regulations in Appendix D to 10 CFR Part 50, notice is hereby given that a Draft Environmental Statement related to the proposed issuance of a construction permit to Niagara Mohawk Power Corp. for the proposed Nine Mile Point Nuclear Station Unit 2, to be located in Oswego, County, N.Y., has been prepared by the Commission's Directorate of Licensing. The Draft Statement is available for inspection by the public in the Commission's Public Document Room at 1717 H Street NW., Washington, DC, and in the Oswego City Library, 120 East Second Street, Oswego, NY 13126. The Draft Statement is also being made available at the New York State Office of Planning Services, 488 Broadway, Albany, NY 12207, and at the Central New York Regional Planning and Development Board, 321 East Water Street, Syracuse, NY 13202. Copies of the Commission's Draft Environmental Statement may be obtained upon request addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Deputy Director for Reactor Projects, Directorate of Licensing. An Environmental Report and Supplement thereto (Environmental Reports) submitted by the Niagara Mohawk Power Corp. are also available for public inspection at the above-designated locations. Notice of availability of the Environmental Reports was published in the FEDERAL REGISTER on July 14, 1972 (37 FR 13816).

Pursuant to 10 CFR Part 50, Appendix D, interested persons may, within forty-five (45) days from date of publication of this notice in the FEDERAL REGISTER, submit comments on the proposed action, the Environmental Reports and the Draft Environmental Statement for the Commission's consideraion. Federal and State agencies are being provided with copies of the Environmental Reports and the Draft Environmental Statement (local agencies may obtain these documents upon request) and, when any comments thereon by Federal, State and local officials are received, they will be made available for public inspection at the above-designated locations. Comments on the Draft Environmental Statement from interested members of the public should be addressed to the United States Atomic Energy Commission, Washington, D.C. 20545, Attention: Deputy Director for Reactor Projects, Directorate of Licensing.

Dated at Bethesda, Md., this 11th day of January 1973.

For the Atomic Energy Commission.

WM. H. REGAN, JR.,
Chief Environmental Projects Branch No. 4, Directorate of Licensing.

CIVIL AERONAUTICS BOARD

[Docket No. 21866-7; Order 73-1-37]

TEXAS INTERNATIONAL AIRLINES, INC.

Phase 7—Fare Level; Order Granting Fare Increase

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 11th day of January 1973.

By Order 72-8-50, dated August 10, 1972, the Board issued its opinion and order in this phase of the domestic passenger-fare investigation. We there prescribed the maximum lawful fares applicable between the 48 contiguous States and the District of Columbia at 8.9 percent over the fares that became effective October 15, 1970.

Texas International Airlines, Inc. (Texas International) has requested that the Board amend the order to the extent necessary to permit it to increase most of its standard-class fares (now set at 115 percent of coach) to the level now in effect for certain other local service carriers—118 percent above the domestic jet coach fare.[1]

[1] Texas International would continue present fare levels in numerous competitive markets, and in a few such markets would increase the fares to 118 percent of coach.

V 38 - 11 JAN 17 73 XUM

In support of its request, Texas International asserts that there is little difference in the quality of service between those local service carriers publishing standard-class fares at 115 percent of coach and those publishing at 118 percent.[2] The carrier states that Order 72–8–50 binds it to the 115-percent level although it presumably would have been permitted to effect such an increase prior to the Phase 7 decision, as was Frontier in May 1972. It believes that the Board's decisions in the fare investigation in no way abrogate the Board's established policy of permitting local service carriers flexibility to maximize revenues through fare adjustments.

Texas International asserts that it has operated at a considerable loss in each of the 4 years preceding 1972 and that it was extremely close to bankruptcy prior to its acquisition by Jet Capital Corp. this year. Within the past year, the carrier has instituted a vigorous cost reduction program and at the same time has taken steps to improve its overall yield. While these programs have been beneficial, Texas International's financial condition continues to be poor, amounting to a net loss of $1.67 million for the first half of 1972.

In summary, the carrier alleges that it has done as much as possible by itself to improve its financial position, and now needs the Board's assistance in the form of an amendment of the fare ceiling established by Order 72–8–50. Texas International estimates that the proposed adjustment of its standard-class fare level will increase its revenues approximately $294,000 annually.

No objections have been filed.

The Board concludes that Texas International has adequately demonstrated the need for an increase in its standard-class fares to a level 118 percent above domestic coach, and we are by this order amending Order 72–8–50 as requested, subject to procedures for the filing of exceptions thereto. Although the carrier has shown improvement in recent months it continues to report sizable net losses, after subsidy, in spite of significant self-help measures over the past year, and we find no valid basis for denying the small overall increase proposed.

Texas International reduced its operating cost from $3.27 to $3.07 per plane mile during the year ended March 31, 1972, and its plane-mile costs are now the lowest in the local service industry.[3] Various adjustments to its discount fare structure have contributed to an improvement in its overall fare yield which has increased from 7.81 cents per passenger mile for the year ended March 31, 1971, to 8.31 cents for the first 9 months of 1972. However, the current yield is still well below the average for the local service industry, and Texas International continues to show losses for the latest annual reporting period.[4]

While the Phase 7 decision had industry-wide application, we specifically excluded local service carriers in our discussion of the propriety of establishing fares on the basis of industry costs.[5] Thus, the present request does not raise the kind of issues as would be raised by a comparable request from a trunk carrier. In view of the particular circumstances described above, the requested modification of Order 72–8–50 appears warranted.

Price stabilization considerations. Section 239.3 of the Board's Economic Regulations sets forth the criteria which must be satisfied for Board approval of fare increases under the price stabilization program. Based on the data before us, the Board has determined that the fare increases authorized herein satisfy these criteria.

The increases approved herein are clearly cost justified. The carrier has consistently incurred losses in recent years, including a net loss of over $4 million for the most recent annual reporting period (year ended Sept. 30, 1972). The fare increases we are permitting to become effective, on the other hand, will increase Texas International's revenues by only approximately $294,000 annually, or about one-half of 1 percent of its annual revenues. This increase will not enable the carrier to exceed the rate of return on its investment found to be fair and reasonable by the Board.

Procedures. The amendment made herein in Order to 72–8–50 will become final on the 20th day following service of this order if no exceptions are filed within that time. Tariffs implementing the amendments made herein will not be accepted prior to the expiration of the time for the filing of exceptions hereto. If no exceptions are filed in such period, tariffs may be filed in conformity with the findings herein on not less than 30 days' notice. If exceptions are filed, further proceedings shall be conducted in such manner as the Board may deem appropriate, and tariffs inconsistent with Order 72–8–50 will not be accepted until the Board rules on the exceptions.

Accordingly, upon consideration of the foregoing matters and all the facts of record in this proceeding,

It is ordered, That:

1. Paragraph 1 of the ultimate findings in Order 72–8–50 is amended to include subparagraph (f) as follows:

f. With respect to the standard-class fares of Texas International Airlines, Inc., the maximum fare prescribed herein is further increased to reflect a maximum relationship of 118 percent of the coach fares which would apply to the distances involved.

2. If no exceptions to the preceding ordered paragraph are filed with the Board on or before January 31, 1973, that paragraph will become final. If such exceptions are filed on or before January 31, 1973, further proceedings in connection therewith shall be conducted in such manner as the Board may deem appropriate.

3. Except to the extent granted herein, the request of Texas International Airlines, Inc., to amend Order 72–8–50 is denied; and

4. Copies of this order will be served upon Texas International Airlines, Inc.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] HARRY J. ZINK,
Secretary.

[FR Doc.73-1024 Filed 1-16-73;8:45 am]

[2] North Central, Piedmont, and Southern fares are set at 115 percent of coach, while those of Air West, Allegheny, and Frontier are at 118 percent.

[3] Texas International was the only local which reported a reduction in plane-mile cost during this period.

[4] For the year ended Sept. 30, 1972, Texas International reported an operating loss of $188,247 and a net loss after taxes of $371,714.

[5] Order 71-4-59/60, mimeo pp. 70–72., the Board's Apr. 9, 1971 DPFI-Phase 7 decision. This approach was essentially affirmed in the Aug. 10, 1972, DPFI-Phase 7 decision, Order 72–8–50, pp. 39–42.

COUNCIL ON ENVIRONMENTAL QUALITY

ENVIRONMENTAL IMPACT STATEMENTS

Notice of Public Availability

Environmental impact statements received by the Council from January 2 through January 5, 1973.

NOTE: At the head of the listing of statements received from each agency is the name of an individual who can answer questions regarding those statements.

DEPARTMENT OF AGRICULTURE

Contact: Dr. T. C. Byerly, Office of the Secretary, Washington, D.C. 20250, 202—388–7803.

SOIL CONSERVATION SERVICE

Draft, December 29

Chippewa Creek Watershed, Ohio, county: Several. The statement refers to a proposed flood protection project on 10,300 acres of the Chippewa Creek Watershed, located in Wayne, Medina, Summit, and Stark Counties. The project involves land treatment measures on 1,800 acres, and the construction of three floodwater retarding structures and 33.2 miles of channel modification. Approximately 123 acres of woodland and 33 acres of other land will be disturbed by channel modifications; 334 acres of agricultural, wildlife, and recreation use land will be periodically inundated by detention pools; 38 acres will be permanently committed to project structures. (35 pages) (ELR Order No. 05831) (NTIS Order No. EIS 72 5831–D)

ATOMIC ENERGY COMMISSION

Contact: For Nonregulatory matters: Mr. Robert J. Catlin, Director, Division of Environmental Affairs, Washington, D.C. 20545, 202—973–5391.
For regulatory matters: Mr. A. Giambusso, Deputy Director for Reactor Projects, Directorate of Licensing, Washington, D.C. 20545, 202—973–7373.

Draft, December 27

Transuranium Solid Waste Facility, N. Mex., county, Los Alamos. The statement refers to the proposed construction of a facility which will be operated as part of an experimental program to study and develop safe and effective sorting, compacting, and incinerating procedures for low-level plutonium contaminated waste. A significant volume reduction is desired to facilitate eventual permanent storage of residual solid waste. Since administrative procedures will be set to allow a maximum of 100 grams of plutonium and 10 millicuries of mixed fission products at the facility at any time, radiological hazards will be minimized and exposures held well within Federal guidelines. (48 pages) (ELR Order No. 05819) (NTIS Order No. EIS 72 5819–D)

DEPARTMENT OF COMMERCE

Contact: Dr. Sidney R. Galler, Deputy Assistant Secretary for Environmental Affairs, Department of Commerce, Washington, D.C. 20230, 202—967–4335.

Draft, December 29

Convention Center, City of Santa Cruz, Calif., county: Santa Cruz. The statement refers to a proposed grant to the city of Santa Cruz, in order to permit the construction of a 60,000-square-foot convention center on a promontory overlooking the Pacific Ocean. The center will be separate from, but related to, proposed adjoining private development (of a major hotel, parking, and a New England motif shopping center), which is considered by the statement. Approximately 75 acres will be committed to the combined project; there will be socioeconomic and visual (obstruction of the ocean view) adverse effects to nearby residences. (90 pages) (ELR Order No. 05825) (NTIS Order No. EIS 72 5825–D)

ENVIRONMENTAL PROTECTION AGENCY

Contact: Mr. Sheldon Meyers, Director, Office of Federal Activities, Room 3630, Waterside Mall, Washington, D.C. 20460, 202—755–0940.

Draft, December 27

Removal and disposal of digested sludge. The statement refers to the proposed removal of 292,000 cu. yds. of digested sewage sludge from two lagoons of the Northwest Water Pollution Control facilities of Philadelphia and barging them to sea for dumping 11 nautical miles off Cape Henlopen, Del. The purpose of the action is that of providing an adequate area for the construction of additional treatment facilities. The action could prove a precedent setting one for similar future operations; such future discharges may produce long-term irreparable harm to the marine environment of the site. (149 pages) (ELR Order No. 05823) (NTIS Order No. EIS 72 5823–D)

DEPARTMENT OF TRANSPORTATION

Contact: Mr. Martin Convisser, Director, Office of Environmental Quality, 400 Seventh Street SW., Washington, DC 20590, 202—426–4355.

FEDERAL AVIATION ADMINISTRATION

Draft, December 22

Forest City Municipal Airport, Iowa, county: Winnebago. The proposed project contemplates the lengthening and widening of the existing runway; widening of safety area; construction of storm sewers; relocation of County Road DD No. 7; seeding; runway lighting and marking; and acquisition of land for airport development (76 acres—fee; 44 acres—easements). There will be an increase in air and noise pollution from aircraft operation. (26 pages) (ELR Order No. 05810) (NTIS Order No. EIS 72 5810–D)

FEDERAL HIGHWAY ADMINISTRATION

Draft, December 27

Delaware Route 397 (Ott's Chapel Road), Del., county: New Castle. The proposed highway improvement is the construction of a bridge over the Penn Central Railroad and the upgrading of Ott's Chapel Road. The project will increase noise and air pollution. (64 pages) (ELR Order No. 05816) (NTIS Order No. EIS 72 5816–D)

Draft, January 2

South Bend Bypass (US 20), Ind., county: St. Joseph. The statement refers to the proposed construction of a segment of the U.S. 20 expressway to bypass South Bend, Mishawaka, Osceola, and Elkhart. Project length is approximately 6 miles. Five families will be displaced. Temporary increases in noise levels and air and water pollution will occur. (24 pages) (ELR Order No. 00004) (NTIS Order No. EIS 73 0004–D)

Draft, December 29

Route 52 Expressway, Mass. The proposed project is the location, design, construction, and maintenance of a 15-mile segment of Route 52. Volume I examines the 9-mile segment of Route 52 to be located in the city of Worcester and the towns of West Boylston, Holden, and Sterling; Volume II covers the portion to be located in Sterling, Lancaster, and Leominster. Adverse effects of the projecta include displacement of families and businesses, changes in land use, relocation of utilities, reduction of tax base, increases in noise and air pollution, disruption during construction and modification of present hydrology in the project area. (Vol. I, 123 pages; Vol. II, 350 pages) (ELR Order No. 05824) (NTIS Order No. EIS 72 5824–D)

Draft, January 2

U.S. 31–Michigan, Mich., counties: Mecosta and Montcalm. The proposed project is the relocation and upgrading of 23 miles of U.S. 131. The project will displace an unspecified number of families and businesses. Increases in air, noise, and water pollution will occur. The project will traverse a number of small tributaries and wetland areas causing alterations in drainage patterns, groundwater levels, aquatic life, stream water flow volumes, and water quality. Complex erosion and sedimentation will effect the Muskegon and Little Muskegon Rivers. An unspecified amount of agricultural and forest acreage will be acquired producing adverse effects on floral and faunal relationships and remove or sever wildlife habitat. (126 pages) (ELR Order No. 00009) (NTIS Order No. EIS 73 0009–D)

Draft, December 29

U.S. Route 302, New Hampshire, county: Coos. The statement refers to the relocation of a 2.1-mile segment of existing Route 302 in order to improve the geometry of the existing segment. The Ammonoosuc River will be crossed twice by bridging. Adverse effects include acquisition of 55 acres of land, relocation of two residences and a highway maintenance shed, and temporary increases in noise and siltation. (33 pages) (ELR Order No. 05826) (NTIS Order No. EIS 72 5826–D)

U.S. 421–(West Market Street), N.C., county: Guilford. The statement refers to the proposed widening of West Market Street in Greensboro to six lanes. The 1.8-mile reconstruction project begins at Jamestown College Road and extends to Muirs Chapel Road. Five families and one business will be displaced. Stream siltation during construction and increased noise levels in the corridor will result. (17 pages) (ELR Order No. 05829) (NTIS Order No. EIS 72 5829–D)

Interstate 84, Rhode Island. The proposed project is part of a proposed 250.5-mile east-west expressway facility extending between Scranton, Pa., and Providence, R.I. The segment considered in this statement will be approximately 14 miles long, depending on the location. All or part of the following areas in Rhode Island are included in the study area: Providence, East Greenwich, North Scituate, Crompton, Clayville, and Coventry Center. The number of families and businesses dislocated will depend upon the corridor selected. (Three volumes, approximately 850 pages) (ELR Order No. 05834) (NTIS Order No. EIS 72 5834–D)

Final, January 2

Alabama State Route 14, Ala., county: Elmore. The statement refers to the proposed relocation and improvement of present Route 14, beginning at the U.S. 231-Alabama 14 intersection near Wetumpka and extending easterly to tie in with the existing four-lane section in Tallassee. Project length is approximately 17 miles. Adverse effects include acquisition of 528 acres of rural land for right-of-way and dislocation of 18 families and one business. (43 pages) Comments made by: USDA, COE, DOC, EPA, HUD, DOI, DOT, HEW, and State and regional agencies. (ELR Order No. 00007) (NTIS Order No. EIS 73 0007–F)

Final, December 29

Route 8, Connecticut. The project involves the improvement of Route 8 between the vicinity of North Street in Seymour and the vicinity of Route 63 in Naugatuck, a distance of 5.8 miles. The project is the final link in the Route 8 expressway between I–95 in Bridgeport, and Route 44 in Winsted. Approximately 20 acres of section 4(f) land from the Naugatuck State Forest will be encroached upon. Seven businesses and 55 families would be affected. (90 pages) Comments made by: USDA, COE, DPA, HUD, DOI, OEO, and State and regional agencies. (ELR Order No. 05752) (NTIS Order No. EIS 72 5752–F)

Final, January 2

S.R. 20–Florida, Fla., counties: Washington and Bay. The proposed project is the construction of 11 miles of S.R. 20. Adverse effects will include loss of plant life and increases in noise and air pollution. (81 pages) Comments made by: USDA, DOI, and EPA. (ELR Order No. 00006) (NTIS Order No. EIS 73 0006–F)

Final, January 4

Kentucky 10-Relocated, Kentucky, county: Mason. The project is the relocation of 5.7 miles of Kentucky 10. An unspecified number of families and businesses will be displaced. One hundred and seventeen acres of land will be acquired for right-of-way. Adverse effects will include an increase of noise levels. (42 pages) Comments made by: USDA, DOI, DOT, EPA, HUD, and State and local agencies. (ELR Order No. 00013) (NTIS Order No. EIS 73 0013–F)

Final, December 29

State Route PR–149, Puerto Rico. The statement refers to the proposed relocation of 7.49 miles of PR–149 between the towns of Manatia and Ciales. The Monatia River will be crossed by the project. Approximately 340 acres will be acquired for right-of-way. Twenty-five

V 38 - 11 JAN 17 73 XUM

families, five individuals, 10 tenants, and seven businesses will be displaced. Twenty farms will be severed. (155 pages) Comments made by: HEW, DOI, OEQ, HUD, and State agencies of Puerto Rico. (ELR Order No. 05827) (NTIS Order No. EIS 72 5827-F)

URBAN MASS TRANSPORTATION ADMINISTRATION

Draft, January 2

MARTA, Georgia. MARTA (Metropolitan Atlanta Rapid Transit Authority) is a rapid transit system which will include 9 miles of subway, 16 miles of elevated rail, 25 miles of surface rail, and 14 miles of exclusive busway. The project will displace 1,381 families, 410 businesses, 11 industries, and eight public or quasi-public establishments. Nine parks, one cemetery, eight historical sites and a 35-acre archaeological site will be affected; a section 4(f) review has been filed. Other adverse impacts will consist of disruption of human and ecological communities, interference with economic activities, intrusion upon floodplain areas, and increases of noise levels. (3 volumes) (ELR Order No. 00000) (NTIS Order No. EIS 73 0001-D)

TIMOTHY ATKESON,
General Counsel.

FEDERAL COMMUNICATIONS COMMISSION

[Report No. 628]

COMMON CARRIER SERVICES INFORMATION [1]

Domestic Public Radio Services Applications Accepted for Filing [2]

DECEMBER 26, 1972.

Pursuant to §§ 1.227(b)(3) and 21.30(b) of the Commission's rules an application, in order to be considered with any domestic public radio services application appearing on the attached list, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application; (b) within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cutoff dates are set forth in the alternative—applications will be entitled to consideration with those listed below if filed by the end of the 60 day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

[SEAL]

FEDERAL COMMUNICATIONS COMMISSION,
BEN F. WAPLE,
Secretary.

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

4265-C2-P-73—Beep Communication Systems, Inc. (KEC739), replace transmitter operating on 152.12 MHz at Tower Hill Road West of Berkshire Road, Patchogue, N.Y.

[1] All applications listed below are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations and other requirements.

[2] The above alternative cutoff rules apply to those applications listed below as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio and Local Television Transmission Services (Part 21 of the Rules).

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE—continued

4266-C2-P-73—Same as above except to add facilities on 152.12 MHz at location No. 2: West Gate Drive, Huntington, N.Y.

4267-C2-P-73—Long Island Paging (New), for a new one-way station to operate on 152.24 MHz to be located east of Mt. Misery Road and north of High Hold Drive, Melville, N.Y.

4269-C2-P-73—Midwest Mobile Radio Service, Inc. (New), for a new one-way station to operate on 152.240 MHz at 3011 South 42d Street, St. Joseph, Mo.

4401-C2-P-73—Adial C. Ferguson Jr. (KSJ769), change the antenna system operating on 152.21 MHz, located 2 miles west of Paris, Ill.

4407-C2-P-73—National Communications System, Inc. (KMM703), relocate facilities operating on 454.100 MHz to Upper Heavenly Valley Lodge, 2 miles southeast of South Lake Tahoe, Calif.

4408-C2-P-73—Central Mobile Radio Phone Service (KQA770), change the antenna system operating on 152.03 MHz at 1000 Urlin Place, Columbus, Ohio.

4466-C2-AL-73—Washington Telphone Co., consent to assignment of license from Washington Telephone Co., assignor, to Continental Telephone Company of the Northwest, Inc., assignee. Stations: KOK336 Ferndale, Wash., KOK343 Tonasket, and KON906 Burlington, Wash.

4467-C2-AL-(3)-73—Valley Telephone Co., consent to assignment of license from Valley Telephone Co., assignor, to Continental Telephone Company of the Northwest, Inc., assignee. Stations: KOK413 near Portland, KFL898 Detroit, Oreg. and KH2322 vicinity of Salem, Oreg. (mobile).

4468-C2-P-73—Vegas Valley Associates, Inc. (KOK334), for additional facilities to operate on 152.06 MHz at location No. 2: First National Bank Building, 300 East Carson Street, Las Vegas, NV.

4469-C2-AL-73—Same as above. Consent to assignment of license from Vegas Valley Associates, Inc., assignor, to WUI/TAS of Las Vegas, Nevada, Inc., assignee. Station: KOK334 Las Vegas, Nev.

4470-C2-P-(3)-73—Contact of Texas (KKD284), for additional facilities to operate on 454.025, 454.075 and 454.125 MHz at a new site described as location No. 2: Comanche Peak, El Paso, Tex.

4471-C2-P-(2)-73—Kankakee Telephone Answering Service, Inc. (KSJ750), change the antenna system operating on 152.180 MHz and add 152.090 MHz at a new site described as location No. 2: 1335 East Locust, Kankakee, IL.

4472-C2-P-(2)-73—Gulf Mobilphone Alabama, Inc. (New), for a new two-way station to operate on 454.200 MHz at location No. 1: Near Warton Lookout Tower on 81st Street, Birmingham, Ala., and 454.225 MHz at location No. 2: 2301 Farley Place, Birmingham, AL.

4507-C2-P-(5)-73—Central Telephone Co. (KOH273), change the antenna system operating on 152.51, 152.60, 152.69, and 152.72 MHz and add facilities to operate on 152.66 MHz at Fifth and Carson Streets, Las Vegas, Nev.

4508-C2-P-73—Coeur d'Alene Answering Service (New), for a new one-way station to operate on 35.58 MHz at 10 miles west-southwest of Coeur d'Alene, Mica Peak, Idaho.

4509-C2-P-(2)-73—Same as above except for a new two-way station to operate on 454.125 and 454.175 MHz at Mica Peak, 10 miles west-southwest of Coeur d'Alene, Idaho.

4511-C2-P-73—Telephone Message Exchange (New), for a new one-way station to operate on 35.22 MHz at the Spokane Municipal Airport, seven-eighths mile north-northwest of Felts Field, Baldy Hill, Wash.

Major Amendment

8219-C2-P-(10)-72—Radiofone (KKO349), amend to include change of location for facilities operating on 454.175 MHz. See Public Notice No. 598, dated May 30, 1972.

RURAL RADIO SERVICE

4466-C1-AL-73—Washington Telephone Co., consent to assignment of license from Washington Telephone Co., assignor, to Continental Telephone Company of the Northwest, Inc., assignee. Station: KSQ50 Temp-Fixed.

4467-C1-AL-73—Valley Telephone Co., consent to assignment of license from Valley Telephone Co., assignor, to Continental Telephone Company of the Northwest, Inc., assignee. Station: KPP87 Temp-Fixed.

POINT-TO-POINT MICROWAVE RADIO SERVICE

4392-C1-MP-73—Western Tele-Communications, Inc. (WOI59), Saddle Peak, 3.5 miles north-northeast of Malibu Beach, Calif. Latitude 34°04'32" N., longitude 118°39'30" W. Modification C.P. 4269-C1-P-70 to change frequency 3770V to 4170V toward Los Angeles, Calif. on azimuth 116°48'.

4393-C1-P-73—Same (WKR45), Woodson Mountain, 7 miles west-southwest of Ramona, Calif. Latitude 33°00'31" N., longitude 116°58'15" W. C.P. to add frequency 3730H to San Diego, Calif. on azimuth 217°11'.

4394-C1-MP-73—Same (WOI55), modification C.P. to change 4265-C1-P-70 to change station location to 8933 Complex Drive, San Diego, Calif. Latitude 32°49'45" N., longitude 117°-07'55" W. Change frequency and point of communication to 4170H to Woodson Mountain, Calif. on azimuth 37°06'.

4395-C1-MP-73—Same (WOI84), Pinal Peak, 8.5 miles south-southwest of Globe, Ariz. Latitude 33°16'56" N., longitude 110°49'14" W. Modification C.P. 6738-C1-P-70 to change frequency and point of communication from 3970H to Mount Lemmon to 3870H to Mount Bigelow, Ariz., on azimuth 174°01'.

4396-C1-MP-73—Same (WOI85), modification C.P. to relocate station to Mount Bigelow, 16 miles northeast of Tuscon, Ariz. Latitude 32°24'56" N., longitude 110°42'49" W. Change frequency 4150V to 4070H toward Pinal Peak, Ariz. on azimuth 354°05'. Change azimuth to Tuscon, Ariz. to 232°03'.

4397-C1-MP-73—Same (WOI86), modification C.P. 6785-C1-P-70 to relocate station to 10th and Elm, Tuscon, Ariz. Latitude 32°14'31" N., longitude 110°58'30" W. Change point of communication to Mount Bigelow, Ariz. on azimuth 51°55'.

4398-C1-MP-73—Same (WOI90), modification C.P. 6789-C1-P-70 to relocate station to Escondido, 22 miles southeast of Orogrande, N. Mex. Latitude 32°07'21" N., longitude 105°51'40" W.

4399-C1-P-73—Same (New), station at Comanche Peak, 0.5 mile northwest of El Paso, Tex. Latitude 31°47'47" N., longitude 106°28'55" W. Frequencies 3990H to Escondido, N. Mex. on azimuth 58°12' and 11,565H to El Paso, Tex., on azimuth 152°30'. This relay station replaces a previously authorized passive reflector.

4400-C1-MP-73—Same (WOI91), 2137 Mills, El Paso, Tex. Latitude 31°46'20" N., longitude 106°28'02" W. Modification C.P. 6790-C1-P-70 to change frequency 3990H to 11,015H toward Comanche Peak, Tex. on azimuth 332°31'.

4402-C1-P-73—KHC Microwave Corp. (New), 3 miles southwest of Lake Charles, La. Latitude 30°09'54" N., longitude 93°15'18" W. C.P. for a new station. Frequencies 5945.2H MHz and 6004.5H MHz on azimuth 18°35' toward Gaytine, La.

4403-C1-P-73—Same (New), 3.7 miles west-northwest of Gaytine, La. Latitude 30°27'40" N., longitude 93°08'24" W. C.P. for a new station. Frequencies 6226.9V and 6286.2V MHz on azimuth 14°51' toward Dry Creek, La.

4404-C1-P-73—Same (New), 5.3 miles north of Dry Creek, La. Latitude 30°44'50" N., longitude 93°03'08" W, C.P. for a new station. Frequencies 5974.8V and 6034.2V MHz on azimuth 04°48' toward Fullerton, La.

4405-C1-P-73—Same (New), Fullerton, La. 11 miles east of Fort Polk, La. Latitude 31°02'15" N., longitude 93°01'26" W. C.P. for a new station. Frequencies 6226.9V and 6286.2V MHz on azimuth 19°07' toward Flatwoods, La.; frequencies 6226.9V and 6286.2V MHz on azimuth 292°44' toward Leesville, La.

4406-C1-P-73—Same (New), 2.5 miles north of Flatwoods, La. Latitude 31°25'06" N., longitude 92°52'12" W. C.P. for a new station. Frequencies 5974.8H and 6034.2H MHz on azimuth 98°29' toward Alexandria, La. (*Informative:* Applicant proposes to relay the signals of television stations KHTV (Channel 39) and KUHT (Channel 8), both Houston, Tex., from Lake Charles, La., to cable television systems serving Alexandria/Pineville, and Leesville, La. A waiver of section 21.701(i) of the FCC Rules is requested by United.)

4414-C1-P-73—Lafourche Telephone Co., Inc. (KKM32), Grand Isle (Jefferson Parish), La. Latitude 29°13'59" N., longitude 89°59'53" W. C.P. for a new station on frequency 2112.4V MHz toward Grand Terre, La.

4415-C1-P-73—Same (New), Grand Terre (Jefferson Parish), La. Latitude 29°17'08" N., longitude 89°55'48" W. C.P. for a new station on frequency 2162.4V MHz toward Grand Isle, La.

4416-C1-P/ML-73—Hawaiian Telephone Co. (KUQ93), C.P. and modification of license to add transmitters 5925-6425 and 10,700-11,700 located within the territory of Hawaii.

POINT-TO-POINT MICROWAVE RADIO SERVICE—continued

4409-C1-P-73—Northwestern Bell Telephone Co. (KBL99), 1.2 miles west of Hader, Minn. Latitude 44°21'45" N., longitude 92°49'58" W. C.P. to add frequency 6301.0H MHz toward East Owatonna, Minn.

4410-C1-P-73—Same (KBL83), 5 miles north-northeast of Rochester, Minn. Latitude 44°-05'37" N., longitude 92°29'15" W. C.P. to add frequency 11,245H MHz toward Rochester, Minn.; change frequency 5974.8 to 6063.8V MHz toward Hader, Minn.

4411-C1-P-73—Northwestern Bell Telephone Co. (KVU57), 200 Second Avenue SW., Rochester, MN. Latitude 44°01'19" N., longitude 92°27'54" W. C.P. to add frequency 11,075H MHz toward North Rochester, Minn.

4412-C1-P-73—Same (KYS96), 4.7 miles northeast of Owatonna, Minn. Latitude 44°06'53" N., longitude 93°08'35" W. C.P. to add frequency 11,245V MHz toward Owatonna, Minn.; frequency 6078.6H MHz toward Hader, Minn.

4413-C1-P-73—Same (KYS97), 216 South Cedar, Owatonna, Minn. Latitude 44°04'59" N., longitude 93°13'35" W. C.P. to add frequency 11,075V MHz toward East Owatonna, Minn.

4452-C1-P-73—Blackfoot Telephone Cooperative, Inc. (New), 50 miles southeast of Lolo Hot Springs, Powell Ranger Station, Idaho. Latitude 46°30'36" N., longitude 114°42'22" W. C.P. for a new station on frequency 2178H MHz toward Jay Point, Idaho via passive reflector.

4453-C1-P-73—Same (New), 5 miles east-southeast from Lolo Hot Springs, Point 118, Mont. Latitude 46°42'21" N., longitude 114°25'32" W. C.P. for a new station on frequency 2128H MHz toward Jay Point, Idaho via passive reflector; frequency 2120V MHz toward T.V. Mountain, Mont.

4446-C1-MP-73—CPI Microwave, Inc. (WPE59), One Shell Plaza, Houston, TX. Latitude 29°45'32" N., longitude 95°22'02" W. Modification C.P. to change antenna system, location and correct coordinates on frequency 5960.0H MHz toward Crosby, Tex.

4455-C1-P-73—The Mountain States Telephone & Telegraph Co. (KCO83), 3 miles southwest of Greeley, Colo. Latitude 40°23'10" N., longitude 104°44'13" W. C.P. to add frequency 2120.0V MHz toward Crow Valley Hill, Colo.

4456-C1-P-73—Same (New), 12 miles northwest of Briggsdale, Colo. Latitude 40°45'24" N., longitude 104°27'58" W. C.P. for a new station on frequency 2170.0V MHz toward Greeley Junction, Colo.; frequency 2162.0H MHz toward Grover, Colo.

4457-C1-P-73—Same (New), Ord Street and Cheyenne Avenue, Grover, Colo. Latitude 40°-52'06" N., longitude 104°13'28" W. C.P. for a new station on frequency 2112.0V MHz toward Crow Valley Hill, Colo.

4461-C1-AP-73—Madison Valley Telephone Co. (WJK79), application for consent to assignment from Madison Valley Telephone Co., assignor, to Hysham Telephone Co., assignee.

4428-C1-MP-73—CPI Microwave, Inc. (WPE35), modification C.P. to relocate station to One Main Place, Dallas, TX. Latitude 32°46'49" N., longitude 96°48'07" W. Add frequency 11,405H to Parkway Central, Tex., azimuth 266°00'. Change azimuth to Midlothian, Tex., to 204°18'.

4429-C1-MP-73—Same (WPE36), modification C.P. to relocate station to 4.2 miles south of Midlothian, Tex. Latitude 32°25'37" N., longitude 96°59'26" W. Change frequency 6404.8V to 6330.7V toward Midway, Tex., azimuth 182°18'. Change azimuth to Dallas, Tex., to 24°12'. Delete frequency 6212.0V to Fort Worth, Tex.

4430-C1-MP-73—Same (WPE37), modification C.P. to relocate station to Continental National Bank Building, Houston Avenue at Seventh Street, Fort Worth, Tex. Latitude 32°-45'08" N., longitude 97°19'52" W. Add frequency 11,245V to Parkway Central, Tex., azimuth 87°00'. Delete 6019.3V to Midlothian, Tex.

4431-C1-MP-73—Same (WPE39), station 2.7 miles west of Axtell, Tex. Latitude 31°39'20" N., longitude 96°59'49" W. Modification C.P. to change polarization of frequency 6404.8 to vertical toward Midway, Tex.

4432-C1-MP-73—Same (WPE40), modification C.P. to relocate station to Austin Avenue and North Ninth Street, Waco, Tex. Latitude 31°33'11" N., longitude 97°08'07" W. Change polarization of frequency _____ to horizontal toward Axtell, Tex.

4433-C1-MP-73—Same (WPE41), modification C.P. to relocate station to 5 miles west of Lott, Tex. Latitude 31°12'51" N., longitude 97°07'02" W. Change frequency from 6152.7H to 6137.9V toward Holland, Tex., azimuth 219°36'.

4434-C1-MP-73—Same (WPE42), modification C.P. to relocate station to 2.6 miles west of Holland, Tex. Latitude 30°52'13" N., longitude 97°28'54" W.

POINT-TO-POINT MICROWAVE RADIO SERVICE—Continued

4476-C1-MP-73—MCI New York West, Inc. (WLI70), John Hancock Building, 875 North Michigan Avenue, Chicago, IL. Modification C.P. to change radio path azimuth of frequencies 10,735H and 11,135H MHz toward new point of communication at Chicago, Ill. to 182°03'.

4477-C1-MP-73—Same (WLI71), modification C.P. to change station location to 200 Block of West 87th Street, Chicago, Ill. Latitude 41°44'06" N., longitude 87°37'52" W.; and to change radio path azimuth of frequencies 11,225H and 11,625H MHz toward Chicago, Ill. Add frequencies 11,265V and 11,665V MHz toward new point of communication at Hammond, Ind. to 134°13'.

4478-C1-MP-73—Same (WLI72), modification C.P. to change station location to 3400 Block of Sheffield Avenue, Hammond, Ind. Latitude 41°36'59" N., longitude 87°30'49" W. and to change radio path azimuth of frequencies 10,775V and 11,175V MHz toward Chicago, Ill. to 314°18' and frequencies 10,735V and 11,135V MHz toward Gary, Ind. to 109°56'.

4479-C1-MP-73—Same (WLI73), station location: 504 Broadway Street, Gary, IN. Modification C.P. to change radio path azimuth of frequencies 11,225V and 11,625V MHz toward new point of communication at Hammond, Ind. to 290°3' and frequency 6226.9V MHz toward Portage, Ind. to 86°1'.

4480-C1-MP-73—Same (WLI74), modification C.P. to change station location to 2.1 miles north of Portage, Ind. Latitude 41°36'33" N, longitude 87°11'33" W. and to change radio path azimuth of frequency 5974.8V toward Gary, Ind. to 266°6'.

INFORMATIVE: The following applications are being submitted to request FCC authorization to replace existing transmitters from Collins type 52A8-MW and MW108D to Collins type MW-118. The emission designator changes from 25000F9 to 30000F9.

4497-C1-P-73—Wisconsin Telephone Co. (KSN96), Madison, Wis.
4498-C1-P-73—Same (KSN97), Blue Mounds, Wis.
4499-C1-P-73—Same (KSN98), Dodgeville, Wis.
4500-C1-P-73—Same (KSO25), Mohawk Valley, Wis.
4501-C1-P-73—Same (KSO26), Walker Corner, Wis.
4502-C1-P-73—Same (KSO27), Rising Sun, Wis.
4503-C1-P-73—Same (KSO28), La Crosse, Wis.
4504-C1-P-73—Racom, Inc. (KYZ85), Sargent's Purchase, Summit of Mount Washington, N.H. Latitude 44°16'13" N., longitude 71°18'13" W. C.P. to add point of communication on frequency 5960.0H MHz via power split toward Lancaster, N.H. (Applicant proposes to provide the signal of WSBK-TV of Boston, Mass. to Cypress Cable Corp., Paper City TV Division in Lancaster, N.H.)

INFORMATIVE: Western Tele-Communications, Inc. (WTCI) has filed two new specialized applications for Colorow Hill and Almagre Mountain, Colo. The frequencies and points of communications proposed in these new applications have been deleted from pending applications 8328 and 8329-C1-P-70 for these same two stations. These new applications will be associated with WTCI's San Francisco, Calif.-Colorado Springs, Colo. specialized proposal, 847/871-C1-P-71.

Since these new applications propose facilities previously included in applications 8328/8329-C1-P-70, the 30-day period specified by section 309(b) of the Communications Act does not apply.

4505-C1-P-73—Western Tele-Communications, Inc. (New), Colorow Hill, 2 miles southwest of Golden, Colo. Latitude 39°43'54" N., longitude 105°14'58" W. Frequency 6256.5V to Almagre Mountain, Colo., azimuth 168°06'.

4506-C1-P-73—Same (New), Almagre Mountain, 8 miles west of Broadmore, Colo. Latitude 38°46'25" N., longitude 104°59'30" W. Frequency 6034.2H to Colorow Hill, Colo., azimuth 348°16'.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)

Major Amendments

3867-C1-P-72—CPI Microwave, Inc. (New), San Antonio, Tex. C.P. for a new station. Change proposed station location to corner of Hildebrand and Devine, San Antonio, Tex. Change coordinates to latitude 29°27'54", longitude 98°28'41". Change frequency 6330.7V MHz to 6182.4H MHz and change frequency 6360.3H MHz to 6271.4V MHz, all to Floresville, Tex. Change azimuth to Floresville to 151°36'.

POINT-TO-POINT MICROWAVE RADIO SERVICE—Continued

4435-C1-MP-73—Same (WPE43), modification C.P. to relocate station to 2.2 miles north of Cole, Tex. Latitude 30°28'21" N., longitude 97°31'15" W. Add frequency 10,965V to Austin, Tex., azimuth 225°08'. Delete frequency 6137.9V to Bastrop, Tex.

4436-C1-MP-73—Same (WPE40), modification C.P. to relocate station to 21st Avenue and Whitis Street, Austin, Tex. Latitude 30°16'59" N., longitude 97°44'28" W. Add frequencies 11,325V to Cele, Tex., azimuth 45°02', 6108.3H to Bastrop, Tex., azimuth 114°06', and 5960.0V to Driftwood, Tex., azimuth 233°41'. Delete frequency 6301.0V to Buda, Tex.

4437-C1-MP-73—Same (WPE45), modification C.P. to relocate station to 4.2 miles southeast of Driftwood, Tex. Latitude 30°04'07" N., longitude 98°04'39" W. Change frequency from 5989.7V to 6390.0H to Austin, Tex., azimuth 53°31'. Add frequency 6330.7H to New Braunfels, Tex., azimuth 205°33'. Delete frequency 6108.3V to Geronimo and Bastrop, Tex.

4438-C1-MP-73—Same (WPE46), modification C.P. to relocate station to Route 46, 8.5 miles west of New Braunfels, Tex. Latitude 29°46'04" N., longitude 98°14'36" W. Add frequencies 5989.7V to Driftwood, Tex., azimuth 25°28', and 5960.0H to San Antonio, Tex., azimuth 214°04'. Delete frequencies 6212.0H to Buda, Tex., and 6390.0V to Bracken, Tex.

4439-C1-MP-73—Same (WPE48), modification C.P. to relocate station to the corner of Hildebrand and Devine, San Antonio, Tex. Latitude 29°27'54" N., longitude 98°28'41" W. Add frequency 6330.7V to New Braunfels, Tex., azimuth 33°57'. Delete frequency 6330.7H to Bracken, Tex.

4440-C1-MP-73—Same (WPE44), station 3 miles east of Bastrop, Tex. Latitude 30°06'26" N., longitude 97°17'19" W. Add frequency 6330.7H to Austin, Tex., azimuth 294°19'. Delete frequencies 6390.0V to Buda, Tex., and 6271.4V to Cele, Tex.

4441-C1-MP-73—Same (WPE50), station 2.8 miles southeast of Giddings, Tex. Latitude 30°09'00" N., longitude 96°54'45" W. Modification C.P. to change polarization of frequency 6049.0 to vertical toward Welcome, Tex.

4442-C1-MP-73—Same (WPE51), modification C.P. to relocate station to 3.5 miles southeast of Wesley, Tex. Latitude 30°02'46" N. longitude 96°28'16" W.

4443-C1-MP-73—Same (WPE52), modification C.P. to relocate station to 4.6 miles east-southeast of Hempstead, Tex. Latitude 30°04'02" N., longitude 96°00'44" W. Change frequency 5945.2V to 6060.0V toward Rosehill, Tex., azimuth 90°50'.

4444-C1-MP-73—Same (WPE54), station 3 miles north of Spring, Tex. Latitude 30°07'19" N., longitude 95°25'34" W. Modification C.P. to change frequency 6137.9H to 6078.6H Rosehill, Tex.

4445-C1-MP-73—Same (WPE55), station 2 miles north-northeast of Crosby, Tex. Latitude 29°56'26" N., longitude 95°03'30" W. Modification C.P. to change polarization of frequency 6212.0 to horizontal toward Houston, Tex. Change frequency 6271.4H to 6360.3V toward Ames, Tex.

4446-C1-MP-73—Same (WPE57), modification C.P. to relocate station to 3 miles west-northwest of Sour Lake, Tex. Latitude 30°09'14" N., longitude 94°27'36" W.

4447-C1-MP-73—Same (WPE58), modification C.P. to relocate station to Orleans and Fanin Streets, Beaumont, Tex. Latitude 30°04'55" N., longitude 94°06'53" W. Change frequency 6049.0V to 6108.3V toward Sour Lake, Tex., azimuth 263°02'.

4448-C1-MP-73—Same (WPE59), modification C.P. to relocate station to One Shell Plaza, Houston, TX. Latitude 29°45'32" N., longitude 95°22'02" W. Change polarization of frequency 5960.0 to horizontal toward Crosby, Tex.

4464-C1-AL-73—Cohasset Beach Telephone Co., Inc. (KPZ40), consent to assignment from the stockholders of Cohasset Beach Telephone Co., Inc., assignors, to stockholders of Continental Telephone Co. of the Northwest, Inc., assignee.

4465-C1-AL-(3)-73—Washington Telephone Co. (KOS64), consent to assignment from the stockholders of Washington Telephone Co., assignors, to the stockholders of Continental Telephone Co. of the Northwest, Inc., assignee. Stations: KOS64—Burlington, Wash.; KOS66—Concrete, Wash.; KYO91—Mount Vernon, Wash.

4473-C1-P-73—American Telephone & Telegraph Co. (KAL47), 0.5 mile east of Jackson, Mo. Latitude 37°23'12" N., longitude 89°38'46" W. C.P. to add frequency 3990H MHz toward Bloomfield, Mo.

4474-C1-P-73—Same (KAS40), 3 miles northeast of Bloomfield, Mo. Latitude 36°54'58" N., longitude 89°53'28" W. C.P. to add frequency 3950H MHz toward Cape Girardeau Junction, Mo.

Major Amendments—Continued

3363-C1-P-72—Same as above (New), Bishop, Tex. Change polarity of frequencies 6212.0 and 6271.4 MHz to Falfurrios from horizontal to vertical, on azimuth 210°44'.

3364-C1-P-72—Same as above (New), Falfurrios, Tex. Change polarity of frequency 6078.6 MHz to Bishop from horizontal to vertical, on azimuth of 30°36'.

MULTIPOINT DISTRIBUTION SERVICE

4462-C5-P-73—Salinas Valley Radio Telephone Co. (New), Mount Toro, 10.3 miles southsoutheast of Salinas, Calif. Latitude 36°31'46" N., longitude 121°36'24" W. C.P. for a new station on frequencies 2150.25V (Aural) and 2154.75V (Visual). (Primary service area: Monterey/Salinas, Calif.)

4463-C5-P-73—Multipoint Information Systems, Inc. (New), 2 miles west-southwest of East Sparta, Ohio. Latitude 40°40'16" N., longitude 81°24'00" W. C.P. for a new station on frequencies 2154.75 (Visual) and 2150.25 (Aural). (Primary service area: East Sparta, Ohio.)

4475-C5-P-73—Mr. Howard S. Klotz/Mr. William Corbus (New), 3522 East 112th Street, Tacoma, WA. Latitude 47°09'15" N., longitude 122°22'41" W. C.P. for a new station on frequencies 2154.75 (Visual) and 2150.25 (Aural). (Primary service area: Tacoma, Wash.)

FEDERAL MARITIME COMMISSION

ATLANTIC AND GULF/WEST COAST OF CENTRAL AMERICA AND MEXICO CONFERENCE ET AL.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., room 1015; or may inspect the agreement at the field offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, on or before February 6, 1973. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Conferences in the trades to, from, and between U.S. Atlantic and Gulf ports and ports in Central and South America and the Caribbean.

Notice of agreements filed by:

C. D. Marshall, Chairman, Associated Latin American Freight Conferences, 11 Broadway, New York, NY 10004.

A petition filed in behalf of the conferences listed below, has been assigned the following respective agreement numbers:

Atlantic and Gulf/West Coast of Central America and Mexico Conference	8300-12
Atlantic and Gulf/West Coast of South America Conference	2744-34
East Coast Colombia Conference	7590-20
Leeward and Windward Islands and Gulanas Conference	7540-23
United States Atlantic and Gulf-Haiti Conference	8120-15
United States Atlantic and Gulf-Jamaica Conference	4610-20
United States Atlantic and Gulf-Venezuela and Netherlands Antilles Conference	6190-27
United States Atlantic and Gulf-Venezuela and Netherlands Antilles Conference-Oil Companies Contract Agreement (Proprietary Cargo)	6870-15
West Coast South America Northbound Conference	7890-9

In Docket No. 69-33, served December 16, 1969, the above conferences were given authority by the Commission to include provisions in their basic agreements authorizing them to agree to and establish through intermodal arrangements with other modes of transportation for a period of 18 months, subject to the proviso that if during the first 12 months of approval no results were achieved from negotiations by the conferences, then the individual members were free to enter into their own negotiations.

Agreements, modified to conform to the conditions of the above order, were filed and became effective February 12, 1970. Because of the 18-month approval period, the modifications were scheduled to terminate on August 12, 1971. Based on a petition for extension, the modifications were extended by the Commission for a further period of 18 months until February 12, 1973.

V 38 I 11 JAN 17 73 XUM

The present petition is for an extension of the above modifications for a period of 2 years until February 12, 1975.

Dated: January 11, 1973.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

PACIFIC/INDONESIAN CONFERENCE

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., room 1015; or may inspect the agreement at the field offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, on or before February 6, 1973. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

R. E. Spaulding, Secretary, Pacific/Indonesian Conference, 635 Sacramento Street, San Francisco, CA 94111.

Agreement No. 6060-F between the member lines of the Pacific/Indonesian Conference and States Steamship Co. is an arrangement providing for the admission and participation of States Steamship Co. as an associate member of the Conference.

Dated: January 11, 1973.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

[FR Doc.73-1010 Filed 1-16-73;8:45 am]

[Docket No. 73-1; FMC-F No. 1]

PAN AMERICAN EXPRESS CO. INC.

Order of Investigation and Suspension Regarding Establishment of Service Between the Port of New York and Puerto Rico

On December 13, 1972, Pan American Express Co., Inc. (PAE) filed with the Federal Maritime Commission its Tariff FMC-F No. 1 providing for the establishment of a service between the Port of New York and Puerto Rico. PAE is a new nonvessel operating common carrier (NVO) and intends to carry household goods as its principal commodity. The tariff is scheduled to become effective on January 12, 1973.

Review of the proposed rates in the tariff reveals that they are substantially higher in some instances than those of other NVO's serving the New York/Puerto Rico trade. Household goods and related items are specific examples of these higher rates. Because the rates are in excess of those of carriers providing a comparable service, they do not meet the guidelines set forth in amendment 2 to the Commission's General Order 28 (46 CFR 548.3(b)(5)). In view of these facts, the Commission believes that justification of the rates is necessary before they may be certified to the Price Commission.

A second problem exists with various provisions in the tariff which purport to limit PAE's liabilities to shippers for loss, damage and/or detention of cargo. On page 21, Rule 90, section B provides:

On shipments consigned to Pan American Express Co. Inc. at port of destination, where Pan American Express Co. Inc. is to deliver the property to another carrier to continue the transportation, Pan American Express Co. Inc. shall not be liable for loss or damage occurring after such delivery nor for detention after having tendered the property to such other carrier. On any freight having prior or subsequent transportation prior to being given to Pan American Express Co. Inc. the liability of Pan American Express Co. Inc. will not exceed 33⅓ percent of the amount of damage.

In addition thereto, the sample bill of lading/household goods contract furnished as page 7 of the tariff provides as one of its terms and conditions:

2. If the company has not an agency at the point of destination, it shall forward the property to its agency nearest or most convenient thereto, and there notify the consignee, or deliver the property to some other carrier to continue the transportation. The company shall not be liable for loss or damage occurring after such delivery nor for detention after having tendered the property to another carrier.

The Commission is of the opinion that the above provisions are at best ambiguous and may be contrary to law and to the public interest by attempting to remove some of the responsibility PAE undertakes as a common carrier.

Another condition on the above-mentioned bill of lading/household goods contract states that:

6. Any claim arising out of the shipment evidenced by this receipt must be made in the presence of the chauffeur, same day of delivery.

This condition appears to be not only unreasonable on its face but also in conflict with the provisions of the tariff's own rule 90, sections G and H, relating to "Liability for Carriage and Value."

In the carrier's sample bill of lading attached as page 6 to the subject tariff, another conflict arises with respect to the conditions governing shipments thereunder. The fine print on that bill of lading provides that:

This bill of lading shall have effect subject to all of the terms, conditions and provisions governing all shipments as set forth in governing tariffs in effect on date of shipments with the Federal Maritime Board by Allied Marine Corporation. Said terms, conditions, and provisions shall be deemed to be incorporated herein by reference * * *.

This is apparently a clerical error but a rather serious one since neither the Federal Maritime Board nor Allied Marine Corporation are now in existence.

Upon consideration of the above matters, the Commission is of the opinion that the subject tariff should be made the subject of a public hearing to determine whether the rates, provisions, and conditions contained therein are unjust, unreasonable and/or unlawful under sections 18(a) and 22 of the Shipping Act, 1916 and/or sections 3 and 4 of the Intercoastal Shipping Act, 1933, and good cause appearing, therefore:

It is ordered, That pursuant to the authority of section 22 of the Shipping Act, 1916 and sections 3 and 4 of the Intercoastal Shipping Act, 1933, an investigation is hereby instituted into the lawfulness of said tariff matter for the purpose of making such findings and orders as the facts and circumstances warrant. In the event that PAE's Tariff FMC-F No. 1 is changed, amended or reissued, such changes will be included in this investigation;

It is further ordered, That pursuant to section 3, Intercoastal Shipping Act, 1933, PAE's Tariff FMC-F No. 1 is hereby suspended and the use thereof deferred to and including May 11, 1973 unless otherwise ordered by this Commission;

It is further ordered, That there shall be filed immediately with this Commission by Pan American Express Co., Inc. a consecutively numbered supplement to the aforesaid tariff, which supplement shall bear no effective date, shall reproduce the portion of this order wherein the suspended matter is described and shall state that the aforesaid matter is suspended and may not be used until May 12, 1973 unless otherwise authorized by this Commission and that the suspended matter may not be changed until this proceeding has been disposed of or until the period of suspension has expired, whichever comes first, unless otherwise ordered by this Commission;

It is further ordered, That as part of this investigation, a determination shall be made as to whether this tariff, and the rates, provisions and conditions contained therein are just, reasonable and lawful under section 18(a) of the Shipping Act, 1916, and sections 3 and 4 of the Intercoastal Shipping Act, 1933;

It is further ordered, That copies of this order shall be filed with the said tariff schedule in the Bureau of Compliance of the Federal Maritime Commission;

It is further ordered, That Pan American Express Co., Inc. be named as respondent in this proceeding;

It is further ordered, That this proceeding be assigned for public hearing before an Administrative Law Judge of the Commission's Office of Administrative Law Judges and that the hearing be held at a date and place to be determined by the Presiding Administrative Law Judge;

It is further ordered, That the provisions of rule 12 of the Commission's rules of practice and procedure which require leave of the Commission to take testimony by deposition or by written interrogatory if notice thereof is served within 20 days of the commencement of the proceeding, are hereby waived for this proceeding inasmuch as the expeditious conduct of business so requires. The provision of rule 12(h) which requires leave of the Commission to request admissions of fact and genuineness of documents if notice thereof is served within 10 days of commencement of the proceeding is similarly waived;

It is further ordered, That (I) a copy of this order be forthwith served upon respondent herein and upon the Commission's Bureau of Hearing Counsel, and published in the FEDERAL REGISTER, and (II) the respondent and Hearing Counsel be duly served with notice of time and place of hearing.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies) having an interest in this proceeding, and desiring to intervene therein, should notify the Secretary of the Commission promptly and file petitions for leave to intervene in accordance with rule 5(1) of the Commission's rules of practice and procedure (46 CFR 502.72) with a copy to all parties to this proceeding.

By the Commission.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 73-6]

AEROSPACE SAFETY ADVISORY PANEL

Notice of Meeting

Meeting of Aerospace Safety Advisory Panel, January 19, 1973, NASA Headquarters; Room 7002, Capacity—60. 400 Maryland Avenue SW., Washington, DC.

The Panel is to review safety studies and operations plans referred to it and shall make reports thereon, shall advise the Administrator with respect to the hazards of proposed or existing facilities and proposed operations and with respect to the adequacy of proposed or existing safety standards, and shall perform such other duties as the Administrator may request.

Pursuant to carrying out its statutory duties, the Panel will review, evaluate, and advise on those program management policies, management systems, procedures, and practices that contribute to risk identification and assessment by management. Priority shall be given to those programs that involve the safety of manned flight.

The chairman of the Panel is Lt. Gen. Carroll H. Dunn, USA. The other members are Dr. Harold M. Agnew, Hon. Frank C. Di Luzio, Dr. Charles D. Harrington, Dr. John A. Hornbeck, Mr. Bruce T. Lundin, and Dr. Henry Reining, Jr.

The contact for further information is Carl R. Praktish, Executive Secretary, Aerospace Safety Advisory Panel, 400 Maryland Avenue SW., Washington, DC 20546 (phone: area code 202, 755-8436).

The Panel will convene at 10 a.m. to discuss with the Deputy Administrator a summary of its factfinding activities and the resultant conclusions and recommendations on the Skylab program. At that time, the Panel will present its written report to the Administrator for further detailed consideration. The Deputy Administrator will then discuss with the Panel its future tasks. The Panel will begin to act upon these assignments by planning the appropriate factfinding activities. The meeting will continue as long as necessary to accomplish its purpose.

HOMER E. NEWELL,
Associate Administrator, National Aeronautics and Space Administration.

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

CLINTON OIL CO.

Order Suspending Trading

JANUARY 5, 1973.

It appearing to the Securities and Exchange Commission that the summary suspension of trading in the common stock, $0.03, one-third par value, and all other securities of Clinton Oil Co., being traded otherwise than on a national securities exchange is required in the public interest and for the protection of investors;

It is ordered, Pursuant to section 15(c)(5) of the Securities Exchange Act of 1934, that trading in such securities otherwise than on a national securities exchange be summarily suspended, this order to be effective for the period January 7, 1973 through January 16, 1973.

By the Commission.

CONSOLIDATED NATURAL GAS CO. ET AL.

Request for Exemption from Tax Allocation Requirements

JANUARY 10, 1973.

Notice is hereby given that Consolidated Natural Gas Co. (Consolidated), 30 Rockefeller Plaza, New York, NY. 10020, a registered holding company, and two of its wholly owned nonutility subsidiary companies, CNG Development Co. Ltd. (CNG Ltd.) and CNG Producing Co (CNG Co.) Four Gateway Center, Pittsburgh, PA, 15222, have filed a joint declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 (Act) designating sections 12(b) and 12(f) of the Act and Rule 45 promulgated thereunder as applicable to the proposed transactions. All

V 38 - 11 JAN 17 73 XUM

interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transactions.

Consolidated and its subsidiary companies join annually in filing a consolidated Federal income tax return. The present declaration states that, under the circumstances hereinafter set forth, certain inequities in the allocations of the group's consolidated income tax liabilities would result if the allocation were effected pursuant to the exemptive provisions of Rule 45(b)(6) under the Act; and in accordance with subparagraph (a) of Rule 45 declarants request authorization for the tax years 1972 and 1973 to allocate consolidated Federal income taxes in a manner other than prescribed by Rule 45(b)(6).

In 1972, Consolidated organized CNG Ltd., an Alberta (Canada) corporation, and CNG Co., a Delaware corporation, for the purpose of engaging in the exploration and development of Canadian natural gas reserves and supplies in an effort to obtain future supplies of gas for the Consolidated system; and in connection therewith Consolidated was authorized to acquire, for cash, shares of capital stock of these companies to finance such activities. (See Holding Company Act Release Nos. 17559 and 17813, issued May 1, 1972 and Dec. 19, 1972, respectively.) These exploration and development activities, it is stated, require substantial amounts of capital, and it may take several years before newly discovered gas reserves can be transported to market and sold. In addition, CNG Co. is participating in the further development of domestic supplies of gas, the particulars of which will be the subject of a separate filing with the Commission.

With respect to their Canadian activities, the filing states that in the years 1972 and 1973, CNG Ltd. and CNG Co. will have invested an estimated aggregate of $15,500,000; that this is expected to result in aggregate deductible tax losses for those years amounting to approximately $12,775,000 for dry hole and intangible drilling costs; that such losses, in turn, will be included in the consolidated tax returns, giving rise to reductions of $2,200,000 and $4 million in the consolidated tax liabilities of 1972 and 1973, respectively; and that in the year 1974 similarly generated tax losses (with commensurate savings in consolidated taxes) are estimated at $10,100,000. Under the tax allocation provisions of Rule 45(b)(6), these tax savings would flow to the other companies in the consolidated tax group and would thereby be rendered unavailable to CNG Ltd. and CNG Co. for use in their exploration and development activities.

It is further stated that but for certain legal and other disqualifying barriers, the System's exploration and development efforts in Canada would have been undertaken directly by Consolidated Gas Supply Corp. (Supply Corp.), Consolidated's principal gas supply subsidiary company; that Supply Corporation, having taxable income, could thereby have utilized tax losses from the Canadian operations and would thus have had the resultant tax-savings funds available for use in future exploration and development of gas supplies; but that, since CNG Ltd. and CNG Producing had to be formed for the Canadian operations, the tax-loss benefits from their operations would instead be diverted to companies other than these two producing companies in the consolidated tax group under the provisions of Rule 45(b)(6).

For the foregoing reasons, in order to avoid claimed inequities which would otherwise result, declarants seek authorization pursuant to Rule 45(a) to allocate consolidated taxes applicable to the years 1972 and 1973 in a manner other than prescribed by Rule 45(b)(6). The authorization sought would, in effect, grant CNG Ltd. and CNG Co. tax credits for the reduction of consolidated Federal income taxes in those 2 years resulting from tax losses incurred by them as a result of their exploration and development programs. This would be effectuated in accordance with the following procedure:

1. When the operations of any producing subsidiary company, direct or indirect, of Consolidated results in a tax loss, then the consolidated Federal income tax to be allocated among the System companies would be based upon the tax that would result had the company incurring the loss been excluded from the consolidated Federal income tax return.

2. The funds retained by virtue of the reduction in tax resulting from inclusion of that tax loss in the consolidated Federal income tax return would be remitted to the company or companies sustaining such tax loss.

3. In future years, when any such producing company has taxable income, it may be entitled to tax credits as a result of the net operating loss carryback and carryover provisions of section 172(b) of the 1954 Internal Revenue Code, in order to comply with the separate return limitations required by Rule 45(b)(6). Any credits remitted under paragraph 2 would be applied to reduce any credits in future years to which such company may become entitled under the separate return limitations of Rule 45(b)(6).

4. Subject to paragraph 3, in no event will the tax allocated to any subsidiary company of Consolidated exceed the amount of tax of such company computed as if such company had always filed its tax returns on a separate return basis.

5. For purposes of the consolidated income tax regulations, CNG Ltd. is regarded as a domestic corporation. Accordingly, CNG Ltd. will be treated as such for purposes of the proposed tax allocation under Rule 45.

Fees and expenses to be incurred in connection with the proposed transactions are estimated to be $3,250, including $1,000 payable to Consolidated Natural Gas Service Co., Inc., a service company subsidiary of Consolidated, for services rendered on a cost basis. It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than February 5, 1973, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT,
Secretary.

[812-3305]

CORPORATE INVESTMENT TRUST FUND, FIRST MONTHLY PAYMENT SERIES (AND SUBSEQUENT SERIES)

Application for Exemption

JANUARY 9, 1973.

Notice is hereby given that Corporate Investment Trust Fund, First Monthly Payment Series (And Subsequent Series) (Applicant) c/o Bache & Co. Inc., 100 Gold Street, New York, NY 10038, a unit investment trust registered under the Investment Company Act of 1940 (Act), has filed an application pursuant to section 6(c) of the Act for an order of the Commission exempting Applicant from compliance with the provisions of section 14(a) of the Act and Rule 22c-1 under the Act and pursuant to section 45(a) of the Act for an order of the Commission granting confidential treatment to the profit and loss statements of Bache & Co. Inc., the Sponsor (Sponsor) of Applicant, which statements Applicant has filed or may from time to time file with its registration statements under the Securities Act of 1933. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein which are summarized below.

Applicant includes Corporate Investment Trust Fund, First Monthly Payment Series and all subsequent series of Corporate Investment Trust Fund. Each series will be governed by trust instruments under which Bache & Co. Inc., and possibly others, will act as Sponsor, the United States Trust Company of New York will act as Trustee and New England Merchants National Bank will act as Co-Trustee. The trust instruments for all series will contain similar terms and conditions of trust. Pursuant to such trust instruments, the Sponsor will deposit with the Trustee a portfolio of corporate debt obligations (the Obligations). Simultaneously with such deposit of the portfolio the Sponsor will receive from the Trustee registered certificates evidencing units of undivided interest in the Trust Fund portfolio of a series. Applicant alleges that at this point the Trust is in existence and the duties of the Depositor, Sponsor, Trustees and Evaluator are governed by the Trust Agreement and Indenture. On the date of deposit of the portfolio securities for the First Monthly Payment Series, and before any unit of that Series is offered to the public, Applicant will have a net worth of approximately $40 million represented by the market value of the Obligations deposited with the Trustee on that date. While the size of the portfolios of future series has not been established, the Sponsor anticipates that in no event would the portfolio of any series be less than $5 million. Applicant proposes to offer the units of the First Monthly Payment Series of the Trust Fund for sale to the public and for this purpose registration statements under the Securities Act of 1933 and the Investment Company Act have been filed with the Commission. After the Sponsor has deposited the portfolio with the Trustee, and the Trust is in existence, an amendment to the registration statement under the Securities Act of 1933 will be filed. Upon the effectiveness of such registration statement, the units will be offered to the public by means of the final prospectus. The trust instruments do not provide for the issuance of additional units.

Section 14(a) of the Act provides, in pertinent part, that no registered investment company shall make a public offering of its securities unless either (i) such company has a net worth of at least $100,000 or (ii) provision is made as a condition of registration of its securities under the Securities Act of 1933 which adequately insures, in the opinion of the Commission, (A) that after the effective date of such registration statement such company will not issue any security or receive any proceeds of any subscription until not more than 25 responsible persons have made agreements to purchase securities in an aggregate net amount which will give the company a net worth of at least $100,000; (B) that said amount will be paid into such company before subscriptions will be accepted from any persons in excess of 25; (C) that arrangements will be made whereby any amount so paid in, as well as any sales load, will be refunded to any subscriber on demand in the event the net proceeds so received by the company do not result in the company having a net worth of at least $100,000 within 90 days after such registration statement becomes effective.

The application also seeks an order pursuant to section 6(c) of the Act exempting the secondary market operations of Applicant's Sponsor from the provisions of Rule 22c-1 under the Act. The Sponsor proposes to adopt the practice of valuing Applicant's units, for repurchase and resale by the Sponsor in the secondary market, at prices computed once a week as of the close of business on the last business day of the week, effective for all transactions made during the following week.

The trust instruments provide that Applicant's units may be tendered by the unit holders to the Trustee for redemption. The unit holder will receive cash from the Trust Fund on the basis of the current bid side evaluation of the Obligations forming the portfolio of the Trust Fund. Applicant's Sponsor intends (though it will not be obligated) to maintain a secondary market for the Trust Fund and continuously to offer to repurchase units from holders at a price which is based upon the offering side prices of the portfolio securities of the Trust Fund.

In addition, the Sponsor will resell units at a public offering price based upon the offering side evaluation prices of the underlying certificates plus a sales charge of 3½ percent of the public offering price. To avoid the Sponsor receiving more than the specified sales charge on the resale of the units, the Sponsor undertakes not to resell any units which it purchases at a price below the then current offering side evaluation. Both the repurchase and resale prices are to be computed as of the close of business on the last business day of each week and will be effective for all purchases and sales by the Sponsor during the following week. The evaluation is made by Applicant's Evaluator, Interactive Data Services, Inc., the successor to the pricing business of Standard & Poor's Corp.

Rule 22c-1 provides, in part, that redeemable securities of registered investment companies must be sold, redeemed or repurchased at a price based on the current net asset value (computed on each day during which the New York Stock Exchange is open for trading not less frequently than once daily as of the time of the close of trading on such Exchange) which is next computed after receipt of a tender of such security for redemption or of an order to repurchase or sell such security.

Applicant asserts that the pricing by the Sponsor in the secondary market in no way affects Applicant's assets, and that the public unit holders benefit from such pricing procedure by receiving a normally higher repurchase price for their units without the cost burden of daily evaluations of the unit redemption value. In addition, the application states that the Sponsor has undertaken to adopt a procedure whereby the evaluator, without a formal evaluation, will provide estimated evaluations on trading days. In the case of a purchase by the Sponsor, if the Evaluator cannot state that the bid side evaluation is not higher than the previous Friday's bid side evaluation, the Sponsor will order a new bid side evaluation for the purpose of such repurchase. In the case of sale by the Sponsor, if the Evaluator cannot state that the previous Friday's offering side evaluation is no more than one-half point ($5 on the purchase of a unit representing $1,000 face amount of underlying securities) greater than the current offering side evaluation, a full evaluation will be ordered. Applicant asserts that this procedure will minimize the risk to the selling holders of the units without imposing the expense of daily evaluations upon the Trust Fund's investors.

Section 6(c) of the Act provides, in part, that the Commission may conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provisions of the Act or of any rules or regulations under the Act, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicant also seeks an order of the Commission pursuant to section 45(a) of the Act granting confidential treatment to the profit and loss statements of Bache & Co., Inc., the Sponsor, submitted in connection with registration statements of Corporate Investment Trust Fund, First Monthly Payment Series, filed with the Commission from time to time.

V38-11 JAN 17 73 XUM

When a determination has been made by the Sponsor to offer a new series of the Trust Fund, the Sponsor will prepare and file with the Commission registration statements under the Act and the Securities Act of 1933. It is contemplated that current profit and loss statements of the Sponsor will be filed in connection with the registration statements of new series. The application requests confidential treatment for such statements and subsequent profit and loss statements which Applicant has filed or may from time to time file with the Commission.

Section 45(a) of the Act provides in pertinent part that information filed with the Commission "shall be made available to the public, unless and except insofar as the Commission * * * by order upon application, finds that public disclosure is neither necessary nor appropriate in the public interest or for the protection of investors."

Applicant submits that public disclosure of the Sponsor's profit and loss statements is neither necessary nor appropriate in the public interest or for the protection of investors. As stated above, Applicant alleges that after the securities forming the portfolio of the Trust Fund are deposited with the Trustee, the Trust is then in existence and the duties of the Depositor, Sponsor, Trustee, and Evaluator are governed by the Trust Agreement and Indenture. Investors in the Trust Fund are not offered an opportunity to acquire any interest whatsoever in the Sponsor. Apart from the Sponsor's minimal obligation under the trust instruments to designate obligations for liquidation and purchase by the Trustee to the extent necessary to provide funds for redemption (which obligation may be performed by the Trustee if not performed by the Sponsor), and certain other contingent supervisory responsibilities, the Sponsor has virtually no discretionary authority relating to the management of the Trust Fund. Applicant states that the Sponsor thus functions primarily as underwriter of the Trust Fund. Applicant asserts that there is no legitimate interest on the part of investors in the public disclosure of the profit and loss statements of the Sponsor, acting as underwriter from whom the units are purchased.[1]

In addition, Applicant submits that to the extent that the Sponsor's solvency may conceivably be thought relevant to the maintenance of the secondary market in the units of the Trust Fund, the Sponsor's statements of financial condition, which appear in the prospectus, contain adequate information in this regard. Moreover, there is clear disclosure in the prospectus of the Sponsor's right to terminate secondary market activities in a Trust Fund at any time. Even in the absence of a secondary market, unit holders nevertheless retain the protection of their right under the trust instruments to the redemption of their units upon presentation of such units to the Trustee. Upon such redemption, the unit holders receive cash equal to the "unit value" of the units computed with regard to the underlying assets of the Trust Fund. The soundness of the investors' interests in the Trust Funds, it is stated, is solely a function of the value of the underlying obligations. Applicant thus represents that the profitability of the Sponsor will in no way enhance or diminish the prospect for an orderly payment of the underlying Obligations.

Notice is further given that any interested person may, not later than January 25, 1973, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the Applicant at the address set forth above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0–5 of the Rules and Regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

DELMARVA POWER & LIGHT CO.

Proposed Amendment of Articles of Incorporation

JANUARY 8, 1973.

Notice is hereby given that Delmarva Power & Light Co. (Delmarva), 800 King Street, Wilmington, DE 19899, a registered holding company and an electric and gas utility company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 (Act), designating sections 6(a), 7, 12(e), and 20 of the Act and Rules 20, 21, 22, 23, 24, and 62 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transactions.

Delmarva's certificate of incorporation (Charter) at present prohibits the company, except with the consent of the holders of a majority of its outstanding preferred stock, to incur unsecured indebtedness if immediately thereafter the company's total unsecured indebtedness would exceed 10 percent of the sum of secured debt, capital stock and premiums thereon, and surplus (hereinafter referred to as "other capitalization"). Delmarva proposes to amend its Charter to permit issuance of unsecured debt without further consent of the preferred stockholders if immediately after such issue (1) the total outstanding principal amount of all unsecured debt will thereby not exceed 20 percent of its other capitalization, or (2) the total outstanding principal amount of all unsecured debt with maturities of less than 10 years will thereby not exceed 10 percent of its other capitalization. The proposed provisions governing the incurrence of unsecured indebtedness will be consonant with the related standards set forth in the Commission's statement of policy with respect to preferred stock.

An affirmative vote of the holders of at least a majority of the 13,539,879 presently outstanding shares of common stock and at least two-thirds of the 900,000 presently outstanding shares of preferred stock (each group voting separately as a class) is required for adoption of the proposed amendment.

Since a favorable vote on the above proposal would still limit its short-term unsecured debt to 10 percent of other capitalization, Delmarva also proposes to seek the authorization of its preferred stockholders to increase the amount of short-term unsecured indebtedness from 10 percent to 20 percent of other capitalization until June 30, 1977, and then only for unsecured debt maturing before January 1, 1978; provided, that total unsecured debt (short-term and long-term) shall not exceed 20 percent of other capitalization. An affirmative vote of the holders of at least a majority of the outstanding shares of preferred stock is required for passage of this proposal.

Delmarva also proposes to solicit proxies from the holders of its outstanding preferred and common stocks in connection with the annual meeting of stockholders scheduled to be held on April 17, 1973, at which action is to be taken with respect to the foregoing proposals.

Delmarva states that the foregoing proposals are desirable in order to give the company greater flexibility in connection with its needs over the next few years to finance large amounts of new funds required to meet the construction program undertaken to fulfill the increasing public demand for power.

It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions. No fees or commissions are to be paid in connection with the proposed transactions. Expenses will consist only of ordinary expenses in connection with preparing, assembling, and mailing proxies, proxy statements, and accompanying data.

Notice is further given that any interested person may, not later than January 31, 1973, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or in case of an attorney at law by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further development in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[70-5289]

DELMARVA POWER & LIGHT CO.

Proposed Amendments of Mortgage and Solicitation of Consents

JANUARY 8, 1973.

Notice is hereby given that Delmarva Power & Light Co. (Delmarva), 800 King Street, Wilmington, DE 19899, a registered holding company and an electric and gas utility company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 (Act), designating sections 6(a), 7, 12(e), and 20 of the Act and Rules 20, 21, 22, 23, 24, 62, and 65 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transactions.

Delmarva proposes to amend the provisions of its mortgage and deed of trust (Mortgage), dated October 1, 1943, to include as bondable property additional property for which Delmarva does not have all necessary permission from governmental authorities to operate, but which otherwise would constitute bondable property additions. An affirmative vote of the holders of not less than 75 percent in aggregate principal amount of first mortgage and collateral trust bonds outstanding under the mortgage is required for the adoption of the proposed amendments. Delmarva also proposes the solicitation of such consents by mail, by officers and employees of Delmarva, by The First Boston Corp., and by Georgeson & Co., acting on behalf of the company. Upon receipt of the required number of consents, a supplemental indenture to the Mortgage would be executed setting forth the proposed amendments.

It is stated that the regulations of the Delaware Department of Natural Resources and Environmental Control prohibit the operation of new plant facilities without an operating permit, and that similar regulations have been adopted by the Atomic Energy Commission for nuclear power plants. The Mortgage presently requires Delmarva to have all governmental authority necessary to acquire, own, and operate property additions before bonds can be issued against the property additions. Therefore, so long as the Mortgage in that respect remains unchanged, Delmarva states that it is unable to use investment in facilities under construction as a basis for the sale of additional bonds until the facilities are in operation. Delmarva states further that it has been advised by The First Boston Corp., an investment banking firm, that unless the proposed amendments are adopted Delmarva could incur materially higher financing costs in constructing such facilities; and Delmarva believes that such higher financing costs together with impairment of its flexibility to finance expansion with long-term funds would not be in the best interests of the company or its security holders.

It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions. The fees and expenses to be incurred in connection with the proposed transactions are estimated to be $180,000, including counsel fees of $10,000, trustee and trustee's counsel expenses of $55,000, and fees of $100,000 for the solicitation of consents.

Notice is further given that any interested person may, not later than January 26, 1973, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or in case of an attorney at law by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further development in this matter, including the date of the

V 38 - 11 JAN 17 73 XUM

hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[812-3255]

FUND A PARTNERSHIP

Filing of Application Regarding Joint Enterprise

JANUARY 8, 1973.

Notice is hereby given that Fund A Partnership (Fund A), a New York general partnership formed by Arthur Andersen & Co. (Arthur Andersen), 69 West Washington Street, Chicago, IL 60602, and registered as a nondiversified open-end investment company under the Investment Company Act of 1940 (Act), has filed an application pursuant to section 17(d) of the Act and Rule 17d-1 under the Act for an order permitting Goldman, Sachs & Co., Fund A's portfolio manager to serve as portfolio manager for Arthur Andersen's Fund A-Offshore Partnership (Fund A-Offshore) and execute combined orders for purchases and sales of portfolio securities of the respective funds. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

As of December 31, 1971, the business of Arthur Andersen, one of the leading U.S. accounting firms, was managed by 542 general partners, all of whom are U.S. residents, and an additional 43 "participating principals" and 157 "overseas representatives." Participating principals and overseas representatives occupy positions substantially equivalent to partners; they make noninterest bearing subordinated loans to Arthur Andersen in lieu of capital contributions, receive participations in partnership income (but do not share in losses), and have drawing accounts, as do general partners. Participating principals operate in the administrative services area of Arthur Andersen; they are not certified public accountants, and, therefore, may not, under various State statutes, be members of an accounting firm. Arthur Andersen's overseas representatives perform functions outside the United States similar to those performed by partners or participating principals in the United States; they are citizens and residents of foreign countries.

Fund A, a New York general partnership registered as a nondiversified open-end no-load investment company of the management type under the Act, invests, through its portfolio manager, Goldman, Sachs & Co., in readily marketable securities with the investment objective of long-term capital growth. Arthur Andersen formed Fund A for the purpose of providing a vehicle for investment by Arthur Andersen partners, participating principals and overseas representatives, permitting them to pool their investment resources in a manner which does not present problems as to the independence, reputation and business of Arthur Andersen, as an international accounting firm. Arthur Andersen has borne the costs of forming Fund A and has borne and will continue to bear the costs of registering its partnership interests under the Securities Act of 1933. There is no "sales load" on the sale of partnership interests; nor is there any charge for redemption of partnership interests.

Despite the initial intent of Arthur Andersen to make this investment vehicle available to all of its partners, participating principals and overseas representatives, overseas representatives who were neither citizens nor residents of the United States have not purchased partnership interests in Fund A due to the adverse tax consequences to foreign persons of such an investment (e.g., the payment of U.S. capital gains tax). Consequently, in order to permit these overseas representatives to pool their investment resources in the same manner as Arthur Andersen partners and participating principals, Arthur Andersen proposes to form a general partnership under the laws of Bermuda, Fund A-Offshore, whose partnership interests would be offered solely to overseas representatives of Arthur Andersen.

Fund A-Offshore would be organized and domiciled outside of the United States having its principal offices, maintaining its books and records and holding its partnership meetings outside of the United States; however, Fund A-Offshore would maintain a duplicate set of its books and records in the United States, which, upon request, would be made available to the Commission for inspection. The Fund A-Offshore partnership agreement and offering circular would be substantially identical to Fund A's partnership agreement and Prospectus, with the exception of the reference in the Prospectus to Fund A's being a registered investment company. The investment policies of Fund A-Offshore would be identical to those of Fund A. As in the case of Fund A, Arthur Andersen would bear the costs of forming Fund A-Offshore. There would be no "sales load" on the sale of partnership interests to the overseas representatives; nor would there be any charge for the redemption of partnership interests.

It is proposed that the portfolio of Fund A-Offshore would be managed by Goldman, Sachs & Co. which, it is contemplated, may execute combined orders for portfolio purchases and sales of securities for Fund A and Fund A-Offshore. Consequently, the provisions of section 17(d) of the Act and of Rule 17d-1 thereunder may be viewed as applicable to such combined transactions if Goldman, Sachs & Co.'s purchases and sales for both Fund A and Fund A-Offshore is deemed to create a "joint enterprise" between Applicant and Fund A-Offshore. Thus, Fund A has filed an application for the purpose of obtaining an order of the Commission to permit Goldman, Sachs & Co. to serve as portfolio manager for both Fund A and Fund A-Offshore, and to execute combined orders for purchases and sales of portfolio securities of the respective funds.

Rule 17d-1 adopted by the Commission under section 17(d) of the Act provides that "no affiliated person of • • • any registered investment company • • • acting as principal, shall participate in, or effect any transaction in connection with any joint enterprise or other joint arrangement or profitsharing plan in which any such registered company is a participant and which is entered into, adopted, or modified subsequent to the effective date of this rule, unless an application regarding such joint enterprise arrangement or profitsharing plan has been filed with the Commission and has been granted by an order entered • • • prior to such adoption or modification • • •." It is also provided that in passing upon such application, the Commission will consider whether the participation of such registered or controlled company in such joint enterprise, joint arrangement, or profitsharing plan on the basis proposed is consistent with the provision, policies, and purposes of the Act, and the extent to which such participation is on a basis different from or less advantageous than, that of other participants.

Fund A submits that Goldman, Sachs & Co.'s execution of combined orders for Fund A and Fund A-Offshore is consistent with the provisions, policies, and purposes of the Act and will not be on a basis different from or less advantageous to Fund A than to Fund A-Offshore, for the following reasons:

(a) Concurrent purchases by the applicant and Fund A-Offshore of the same securities (including subsequent exercise of accompanying warrants, conversion privileges, or other rights to acquire securities) will be allocated by Goldman, Sachs & Co. between applicant and Fund A-Offshore in such a manner that the securities purchased for each account will constitute approximately the same percentage of total assets of each respective account, subject to necessary adjustments resulting from differing amounts of cash and cash equivalents in the applicant and the Fund A-Offshore. Furthermore, the net unit purchase price to the applicant and Fund A-Offshore for the securities so acquired shall, as nearly as practicable, be equal, with neither account receiving more favorable treatment than the other.

(b) Concurrent sales by applicant and Fund A-Offshore of securities held in the portfolios of both applicant and Fund A-Offshore will be allocated by Goldman, Sachs & Co. between applicant and Fund A-Offshore in proportion to the value of such securities in their respective accounts so that each account will be selling approximately the same percentage of such securities held in its portfolio. Furthermore, the net unit sales price to be received by applicant and Fund A-Offshore for the securities so sold shall, as nearly as practicable, be equal, with neither account receiving more favorable treatment than the other.

(c) Fund A-Offshore will pay its proportional share of the portfolio management fee to Goldman, Sachs & Co. based upon the value of its portfolio. The portfolio management fee payable by Fund A will not be adversely affected by the creation of Fund A-Offshore.

(d) Fund A will bear none of the costs in the formation or operation of Fund A-Offshore.

(e) A duplicate set of the books and records of Fund A-Offshore will be maintained in the United States and will be available for inspection by the Commission upon request.

Furthermore, Fund A asserts that Goldman, Sachs & Co.'s management of the portfolios of Fund A and Fund A-Offshore, including its ability to execute combined purchase and sale orders for both funds, is an essential ingredient in establishing an investment vehicle for Arthur Anderson's overseas representatives which will afford them the opportunity, currently available to their U.S. counterparts, to pool their investment resources, without incurring adverse tax consequences, in a manner which does not present problems as to the independence, reputation, and business of Arthur Anderson. Consequently, Fund A submits that Goldman, Sachs & Co.'s management of both Fund A and Fund A-Offshore and its execution of combined purchase and sale orders on the basis set forth above is consistent with the provisions, policies, and purposes of the Act, and will have no adverse effects whatsoever upon the operations of Fund A.

Notice is further given that any interested person may, not later than January 25, 1973, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Fund A at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Company Regulation, pursuant to delegated authority.

[70-5290]

NEW ENGLAND POWER CO.

Proposed Continuation of Increase in Permitted Short-Term Unsecured Indebtedness

JANUARY 10, 1973.

Notice is hereby given that New England Power Co. (NEPCO), 20 Turnpike Road, Westborough, MA 01581, an electric utility subsidiary company of New England Electric System, a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 (Act), designating sections 6(a)(2), 7(e), and 12(e) of the Act and Rule 62 promulgated thereunder as applicable to the proposal. All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposal.

The terms of the dividend series preferred stock as set forth in the bylaws provide that, except as voted by holders of said stock, the short-term unsecured indebtedness of NEPCO shall not exceed 10 percent of the sum of the principal amount of all bonds and other secured indebtedness and the capital, premium, and surplus of NEPCO, and that all unsecured indebtedness of NEPCO shall not exceed 20 percent of such sum.

On March 30, 1970, pursuant to Commission approval (Holding Company Act Release No. 16653), the dividend series preferred stockholders by majority vote authorized the issue by the company of short-term unsecured indebtedness in excess of the 10 percent limitation provided that all unsecured indebtedness would not exceed 20 percent of the sum of the principal amount of all bonds and other secured indebtedness and the capital, premium, and surplus of the company and that such short-term unsecured indebtedness would be issued within a 3-year period ending March 20, 1973, and mature by March 20, 1974. It is now proposed that this authorization be continued on the same terms, except that (1) such indebtedness shall be issued not later than July 1, 1976, and (2) such indebtedness shall have a maturity not later than July 1, 1977.

It is stated that the experience of the current authorization of the increase in the permitted amount of short-term unsecured indebtedness has demonstrated that temporary financing through larger amounts of short-term unsecured indebtedness pending completion of, and realization of earnings from, facilities under construction provides greater flexibility in financing, lower interest costs, and is in the best interest of NEPCO, its investors, and customers. It is further stated that since the 1970 authorization referred to above, the need for a waiver of the 10-percent limitation has been accentuated due to inflation, larger unit sizes, and delays in obtaining licenses and regulatory approvals, including those necessitated by recently enacted environmental requirements.

NEPCO intends to submit the proposal to the holders of dividend series preferred stock for their approval at a special meeting of such stockholders which is to be held on February 22, 1973. In connection therewith, NEPCO proposes, pursuant to Rule 62 under the Act, to solicit proxies from such stockholders to be voted at said special meeting.

Expenses to be incurred in connection with the proposal are estimated at $6,000, including services of the system service company, at cost, of $2,200. The declaration states that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposal.

NEPCO has requested that the effectiveness of its declaration with respect to the solicitation of proxies from holders of its dividend series preferred stock be accelerated as provided in Rule 62.

Notice is further given that any interested person may, not later than February 8, 1973, request in writing that a hearing be held with respect to the proposed continuation of the increase in permitted short-term unsecured indebtedness, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

It appearing that NEPCO's declaration regarding the proposed solicitation of proxies should be permitted to become effective forthwith pursuant to Rule 62:

It is ordered, That the declaration regarding the proposed solicitation of proxies be, and it hereby is, permitted to become effective forthwith pursuant to Rule 62 and subject to the terms and conditions prescribed in Rule 24 under the Act.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

[File No. 500-1]

STAR-GLO INDUSTRIES, INC.

Order Suspending Trading

JANUARY 8, 1973.

It appearing to the Securities and Exchange Commission that the summary suspension of trading in the common stock, $0.10 par value, and all other securities of Star-Glo Industries, Inc., being traded otherwise than on a national securities exchange, is required in the public interest and for the protection of investors;

It is ordered, Pursuant to section 15(c)(5) of the Securities Exchange Act of 1934, that trading in such securities otherwise than on a national securities exchange be summarily suspended, this order to be effective for the period from January 9, 1973, through January 18, 1973.

By the Commission.

[811-1739]

W., S. & W. FUND, INC.

Application for Order Declaring That Company Has Ceased To Be An Investment Company

JANUARY 9, 1973.

Notice is hereby given that W., S. & W. Fund, Inc. ("Applicant"), 20 Exchange Place, New York, NY 10005, a nondiversified, open-end management investment company registered under the Investment Company Act of 1940 ("Act"), has filed an application pursuant to section 8(f) of the Act for an order of the Commission declaring that Applicant has ceased to be an investment company. All interested persons are referred to the application on file with the Commission for a statement of representations contained therein, which are summarized below.

The application states, among other things, that at the annual meeting of stockholders held on September 26, 1972, Applicant's stockholders adopted a plan of liquidation and dissolution; that on November 26, 1972, a certificate of dissolution was filed by the Department of State of New York and Applicant was thereby dissolved under the laws of the State of New York; that all liabilities of the Applicant have been paid; and that all the assets of Applicant remaining after the payment of its liabilities have been distributed to the stockholders in complete redemption and cancellation of, and in payment for, all of Applicant's outstanding shares of common stock, except that there is now pending in the U.S. District Court for the Southern District of New York a civil action Ruggiero v. American Bioculture, Inc. (72 Civ. 581) in which Applicant as a former owner of securities of American Bioculture, Inc., is a member of the class of plaintiffs who may be entitled to participate in a proposed partial settlement of such action. Under the terms of such settlement Applicant may receive shares of a new, $0.70 convertible second preferred stock. The number of shares which Applicant will receive and the fair market value thereof cannot be determined at this time. It is the intention of Applicant to sell such securities of American Bioculture, Inc., as it may receive as soon as may be practicable, and to distribute the net proceeds thereof pro rata to the same holders of record of shares of Applicant who were entitled to receive the previous liquidating distributions made by Applicant.

Section 8(f) of the Act provides, in pertinent part, that whenever the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and upon the taking effect of such order the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than January 30, 1973, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit, or in case of an attorney at law, by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for a hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

SMALL BUSINESS ADMINISTRATION

[License No. 02/02-5296]

CEDC MESBIC, INC.

Notice of Issuance of License to Operate as Limited Small Business Investment Company

On December 13, 1972, a notice was published in the FEDERAL REGISTER (37 FR 26556) stating that CEDC MESBIC, Inc., 106 Main Street, Hempstead, NY 11550, had filed an application with the Small Business Administration, pursuant to section 107.102 of the SBA rules and regulations governing small business Investment Companies (13 CFR 107.701 (1972)) for a license to operate as a limited small business investment company.

Interested parties were given to the close of business December 28, 1972, to submit their written comments to SBA.

Notice is hereby given that, having considered the application and all other pertinent information, SBA has issued License No. 02/02-5296 to CEDC MESBIC, Inc., pursuant to section 301(d) of the Small Business Investment Act of 1958, as amended.

Dated: January 9, 1973.

ANTHONY G. CHASE, *Deputy Administrator.*

[License No. 06/06-0161]

PERMIAN BASIN CAPITAL CORP.

Issuance of License to Operate as Small Business Investment Company

On November 14, 1972, a notice was published in the FEDERAL REGISTER (37 FR 24138) stating that Permian Basin Capital Corp., 303 West Wall Avenue, Midland, TX 79701, had filed an application with the Small Business Administration (SBA), pursuant to section 107.102 of the SBA rules and regulations governing small business investment companies (13 CFR 107.102 (1972)) for a license to operate as a small business investment company (SBIC).

Interested parties were given to the close of business November 29, 1972, to submit their written comments to SBA.

Notice is hereby given that, having considered the application and all other pertinent information, SBA has issued License No. 06/06-0161 to Permian Basin Capital Corp., pursuant to section 301(c) of the Small Business Investment Act of 1958, as amended.

Dated: January 9, 1973.

ANTHONY G. CHASE, *Deputy Administrator.*

[FR Doc.73-954 Filed 1-16-73;8:45 am]

[License No. 01/01-0011]

SCHOONER CAPITAL CORP.

Notice of Filing of Application for Transfer of Control and Exemption from Certain Regulations

Notice is hereby given that an application has been filed with the Small Business Administration (SBA) pursuant to § 107.701 of the SBA rules and regulations (13 CFR 107.701(1972)) for approval of the transfer of control of Schooner Capital Corp. (SBIC), 441 Stuart Street, Boston, MA 02116, a Federal licensee under the Small Business Investment Act of 1958, as amended (the Act), license No. 01/01-0011.

The licensee was originally licensed by SBA on September 8, 1960, in the name of Boston Capital Corp. (BCC). Pursuant to a plan approved by SBA on November 22, 1967, BCC, a publicly held company, deregistered with the Securities and Exchange Commission, retained certain portfolio securities, and transferred its license to a wholly owned subsidiary, Boston Capital Small Business Investment Co. (BOSBIC).

On April 21, 1971, SBA approved a change in ownership of BOSBIC from BCC to Asset Purchase and Management Co. (APMC), a limited partnership, and a reduction in the licensee's paid-in capital and paid-in surplus. As a result of this change in ownership and the capital reduction, APMC acquired the licensee and former portfolio securities from BCC. The licensee's name was changed to Schooner Capital Corp.

SBA approved the purchase of the 45-percent general partnership interest in APMC by Fidelity Corporation of Virginia (FCV) on March 21, 1972.

V 38 - 11 JAN 17 73 XUM

Mr. Vincent J. Ryan, current president and director of the licensee, proposes to acquire the 45-percent general partnership interest in the licensee now owned by FCV. Concurrently with the acquisition of the 45-percent general partnership interest, it is proposed that the licensee would reacquire eight former portfolio securities from APMC which were transferred at the time of the original reorganization. It is further proposed that the licensees' office would be relocated at 141 Milk Street, Boston, MA 02109.

If the proposed reorganization and acquisition by Mr. Ryan is permitted, the following factors would be involved in SBA's approval:

1. Purchase of issued and outstanding securities from a nonlicensee, i.e. APMC (sections 107.302, 107.504, 107.807, and 107.1004).

2. Five of the eight securities being reacquired would result in overline financings under the present capitalization.

3. Three of the eight concerns involved are now ineligible to receive financing as they are now big business.

Matters involved in SBA's consideration of the application include exemption certain regulations to permit the reacquisition of former eligible portfolio securities by the licensee in a quasi reorganization to once again make it a stronger and more viable company, the general business reputation and character of Mr. Ryan, and the probability of successful operation. Also, SBA must be satisfied that the terms of the proposed action are fair and equitable; and the exemption requested is reasonably calculated to advance the best interests of the SBIC program in a manner consonant with the policy objectives of the Act and regulations. In addition, SBA may place further conditions on the SBIC if approval is granted.

Notice is hereby given that any interested person may, not later than 10 days from the date of publication of this notice, submit to SBA in writing any relevant comments on the transfer of control, and reacquisition of eight former portfolio securities. Any such communications should be addressed to the Associate Administrator for Operations and Investment, Small Business Administration, 1441 L Street NW., Washington, DC 20416.

A copy of this notice shall be published in a newspaper of general circulation in Boston, Mass.

Dated: December 27, 1972.

ANTHONY G. CHASE,
Deputy Administrator.

TARIFF COMMISSION

[TEA-F-48]

DOVER SHOE MANUFACTURING CO.

Workers' Petition for a Determination; Notice of Investigation and Hearing

On the basis of a petition filed under section 301(a)(2) of the Trade Expansion Act of 1962 on behalf of the Dover Shoe Manufacturing Co., Somersworth, N.H., the U.S. Tariff Commission, on January 11, 1973, instituted an investigation under section 301(c)(1) of the said Act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with footwear for women (of the types provided for in items 700.43, 700.45, and 700.55 of the Tariff Schedules of the United States) produced by the aforementioned firm, are being imported into the United States in such increase quantities as to cause, or threaten to cause, serious injury to such firm.

A public hearing in connection with this investigation will be held beginning at 10 a.m., e.s.t. on February 8, 1973, in the Hearing Room, U.S. Tariff Commission Building, Eighth and E Streets NW. Washington, D.C. Requests for appearances at the hearing should be received by the Secretary of the Tariff Commission in writing, at its offices in Washington, D.C., not later than noon, Friday, February 2, 1973.

The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, D.C., and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

By order of the Commission.

Issued: January 12, 1973.

[SEAL] KENNETH R. MASON,
Secretary.

[FR Doc.73-1034 Filed 1-16-73;8:45 am]

[TEA-W-173]

HAMMOND SHOE CORP.

Workers' Petition for a Determination of Notice of Investigation

On the basis of a petition filed under section 301(a)(2) of the Trade Expansion Act of 1962, on behalf of the former workers of the Hammond Shoe Corp., Worcester, Mass., the U.S. Tariff Commission, on January 11, 1973, instituted an investigation under section 301(c)(2) of the Act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with foot wear for men and boys (of the types provided for in items 700.26, 700.27, 700.29, 700.35, and 700.55 of the Tariff Schedules of the United States) produced by said firm are being imported into the United States in such increased quantities as to cause, or threaten to cause, the unemployment or underemployment of a significant number or proportion of the workers of such firm or an appropriate subdivision thereof.

The optional public hearing afforded by law has not been requested by the petitioners. Any other party showing a proper interest in the subject matter of the investigation may request a hearing, provided such request is filed on or before January 29, 1973.

The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, D.C. 20436, and at the New York City office of the Tariff Commission located in room 437 of the Customhouse.

By order of the Commission.

Issued: January 12, 1973.

[SEAL] KENNETH R. MASON,
Secretary.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

COLORADO DEVELOPMENTAL PLAN

State Occupational Safety and Health Standards and Their Enforcement; Notice of Submission of Plan and Availability for Public Comment

1. *Submission and description of plan.* Pursuant to section 18 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 667) and § 1902.11 of Title 29, Code of Federal Regulations, notice is hereby given that an occupational safety and health plan for the State of Colorado has been submitted to the Assistant Secretary of Labor for Occupational Safety and Health. The Assistant Secretary has preliminarily reviewed the plan, and hereby gives notice that the question of approval of the plan is in issue before him.

The plan identifies the Department of Labor and Employment, Division of Labor, as the State agency designated by the Governor of the State to administer the plan throughout the State. It proposes to define the covered occupational safety and health issues as defined by the Secretary of Labor in 29 CFR 1902.2 (c). All occupational safety and health standards promulgated by the U.S. Secretary of Labor, except where Colorado standards are found to be "more stringent than" or "as effective as" comparable Federal standards, will be adopted under the plan, except those found in 29 CFR Parts 1915, 1916, 1917, and 1918 (ship repairing, ship building, shipbreaking, and longshoring), and after public hearings will become effective 120 days after the standards are approved by the Secretary of Labor, with the exception of agriculture. Agricultural standards will be promulgated by July 1, 1974.

The plan includes proposed draft legislation to be considered by the Colorado Legislature during its 1973 session amending section 80 of the Colorado Revised Statutes, and related provisions, to bring them into conformity with the requirements of Part 1902. Under the proposed legislation, the Department of Labor and Employment, Division of Labor, will have the statutory authority to implement an occupational safety and health plan modeled after the Federal Act. It provides for the coverage of all employees within the State including the employees of State agencies and municipalities, with certain exceptions.

There are provisions within the legislation granting the Director of the Division of Labor the authority to inspect workplaces and to issue citations for violations and their abatement and there is included a prohibition against advance notice of any such inspection. The legislation is also intended to insure employer and employee representatives opportunity to accompany inspectors and to call attention to possible violations; notification of employees or their representatives when no compliance action is taken as a result of alleged violations; protection of employees against discharge in terms and conditions of employment; adequate safeguards to protect trade secrets. There is provision made for the prompt restraint of imminent danger situations and a system of penalties for violation of the proposed legislation.

The proposed legislation is accompanied by a statement of the Governor's support for it and an opinion from an attorney that it will meet the requirements of the Occupational Safety and Health Act of 1970 and is consistent with the constitution and other laws of the State. The plan sets out goals for bringing it into full compliance with Part 1902 upon enactment of the proposed legislation by the State legislature.

The proposed legislation sets forth the general authority and scope for implementing the Colorado Plan. In addition, the plan is developmental within 29 CFR 1902.2(b) in that specific rules and regulations must be adopted to carry out the plan and to make it fully operative.

There is set forth in the proposed plan a timetable providing for the future drafting of various administrative rules, regulations, and procedures. The timetable covers such general areas as the development and enforcement of occupational health and safety standards, the creation of a State informational program, the adoption of regulations for variances, limitations, tolerances, and exceptions, the development of rules of procedure for review and appeals, and the development of a public employee program. The plan also contains a comprehensive description of personnel to be employed under the State's merit system as well as its proposed budget and resources.

2. *Location of plan for inspection and copying.* A copy of the plan may be inspected and copied during normal business hours at the following locations: Office of Federal and State Operations, Occupational Safety and Health Administration, Room 305, 400 First Street NW., Washington, DC 20210; Regional Administrator, Occupational Safety and Health Administration, Room 15218, 1961 Stout Street, Denver, CO 80202; and the offices of the Director of Labor, Department of Labor and Employment, 200 East Ninth Avenue, Denver, CO 80203.

3. *Public participation.* Interested persons are hereby given until February 17, 1973, in which to submit to the Assistant Secretary written data, views, and arguments concerning the plan. The submissions are to be addressed to the Director, Office of Federal and State Operations, Room 305, 400 First Street NW., Washington, DC 20210. The written comments will be available for public inspection and copying at the above address.

Any interested person(s) may request an informal hearing concerning the proposed plan, or any part thereof, whenever particularized written objections thereto are filed before February 17, 1973. If the Assistant Secretary finds that substantial objections are filed, he shall hold a formal or informal hearing on the subjects and issues involved.

The Assistant Secretary of Labor for Occupational Safety and Health shall thereafter consider all relevant comments and arguments presented and issue his decision as to approval or disapproval of the plan.

Signed at Washington, D.C., this 11th day of January 1973.

G. C. GUENTHER,
Assistant Secretary of Labor.

INTERSTATE COMMERCE COMMISSION

[Notice 157]

ASSIGNMENT OF HEARINGS

JANUARY 12, 1973.

Cases assigned for hearing, postponement, cancellation, or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the official docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after the date of this publication.

MC-C-7938, Fergus Bus Service, Inc.—Investigation and revocation of certificate, now being assigned hearing February 21, 1973 (1 day), at St. Paul, Minn., in a hearing room to be later designated.

MC 921 Sub 22, Dean Truck Line, Inc., MC 128944 Sub 12, Reliable Truck Lines, Inc., now being assigned February 12, 1973 (1 week), at Tupelo, Miss., will be held at the Natchez Trace Inn, 3400 West Main Street.

MC 921 Sub 22, Dean Truck Line, Inc., MC 128944 Sub 12, Reliable Truck Lines, Inc., now being assigned February 20, 1973 (1 week), at Birmingham, Ala., will be held at the Guest House Motor Inn, 18th Street at 10th Street.

FD 27255, Indianhead Truck Line, Inc., Notes, now being assigned hearing January 22, 1973 (1 week), in Room 4, State Office Building, 65 South Front Street, Columbus, OH.

MC-C-7931, John W. Hoogland and Joanne C. Hoogland, a partnership, doing business as City Express, and Peninsula Shippers Association, Inc.—Investigation of operations and revocation of certificates—now being assigned hearing February 28, 1973 (1 day), at Juneau, Alaska, in a hearing room to be later designated.

MC 96612 Sub 12, Sea-Land Freight Service, Inc., now being assigned hearing March 6, 1973 (3 days), at Olympia, Wash., in a hearing room to be later designated.

MC 136790, Hall Distributors, Ltd., now being assigned hearing March 14, 1973 (2 days), at Olympia, Wash., in a hearing room to be later designated.

MC-FC-73286, L. & V. Trucking Co., Inc., Gardner, Mass., transferee and S. & H. Transfer, Inc., Gardner, Mass., transferor, now being assigned hearing February 26, 1973 (2 days) at Boston, Mass., in a hearing room to be later designated.

MC-F-11677, Brush Hill Transportation Co.—(Purchase) (portion)—Union Street Railway Co., now being assigned hearing February 28, 1973 (3 days), at Boston, Mass., in a hearing room to be later designated.

MC-113843 Sub 185, Refrigerated Food Express, Inc., now being assigned hearing March 5, 1973 (1 week), at Boston, Mass., in a hearing room to be later designated.

MC 133276 Sub 7, Berry Transport, Inc., now being assigned March 26, 1973 (1 week), at Olympia, Wash., in a hearing room to be later designated.

MC 97127 Sub 6, Batesville Truck Line, Inc., common carrier application, now being assigned hearing March 19, 1973 (2 weeks), at Little Rock, Ark., in a hearing room to be later designated.

MC-C-7837, Donald & Jerome Fleecs, doing business as Fleecs Brothers, investigation of operations, now assigned January 29, 1973, at Omaha, Nebr., is canceled.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Notice 3]

MOTOR CARRIER APPLICATIONS AND CERTAIN OTHER PROCEEDINGS

JANUARY 12, 1973.

The following publications[1] are governed by the new Special Rule 1100.247 of the Commission's rules of practice, published in the FEDERAL REGISTER, issue of December 3, 1963, which became effective January 1, 1964.

The publications hereinafter set forth reflect the scope of the applications as filed by applicant, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

No. MC 110420 (Sub-No. 638) (Republication), filed July 8, 1971, published in the FEDERAL REGISTER issue of August 26, 1971, and republished this issue. Applicant: QUALITY CARRIERS, INC., I-94 and County Highway C, Bristol, Wis. Applicant's representative: Allan B. Torhorst, Post Office Box 307, Burlington, WI 53105. An order of the Commission, Review Board No. 3, filed December 5, 1972, and served December 26, 1972,

[1] Except as otherwise specifically noted, each applicant (on applications filed after Mar. 27, 1972) states that there will be no significant effect on the quality on the human environment resulting from approval of its application.

V 38 - 11 JAN 17 73 XUM

finds: (1) that the authority granted below, as modified to conform to the evidence, will provide shipper with a coordinated and balanced transportation service and should not have any serious adverse affect upon protestants; and (2) that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a common carrier by motor vehicle, over irregular routes, of vegetable oil products, in bulk, from Jersey City, Edison, Newark, Graselli, and Boonton, N.J., and Baltimore, Md., to Janesville, Wis.; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. Because it is possible that other parties who have relied upon the notice of the application as published, may have an interest in and would be prejudiced by the lack of proper notice of the authority described above, issuance of a certificate in this proceeding will be withheld for a period of 30 days from the date of this publication of the authority actually granted, during which period any proper party in interest may file an appropriate petition for intervention or other relief in this proceeding setting forth in detail the precise manner in which it has been so prejudiced.

No. MC 119660 (Sub-No. 3) (Republication), filed May 8, 1972, published in the FEDERAL REGISTER issue of June 22, 1972, and republished this issue. Applicant: ALASKA AGGREGATE CORPORATION, doing business as PACIFIC WESTERN LINES, Post Office Box 3–3788, Anchorage, AK 99501. Applicant's representative: Donald T. Ille (same address as applicant). An order of the Commission, Operating Rights Board, filed December 14, 1972, and served December 28, 1972, finds that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a common carrier by motor vehicle, over irregular routes of *buildings* in sections on wheeled undercarriages equipped with hitch-ball connectors, (1) between points in Anchorage, Alaska, (2) between Anchorage, Alaska on the one hand, and, on the other, points on and within 25 miles of: (a) Alaska Highway 1 between and including Homer and Tok, Alaska (b) Alaska Highway 2 between and including Tok and Tofty, Alaska (c) Alaska Highway 4 between and including Valdez and Buffalo Center, Alaska (d) Alaska Highway 6 between and including Fairbanks and Circle, Alaska and (e) Alaska Highway 9 between and including the junction of Alaska Highways 1 and 9 northwest of Moose Pass and Seward, Alaska, and (f) Alaska Highway 3 between and including Palmer, Alaska, and Fairbanks, Alaska; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. Because it is possible that other parties who have relied upon the notice of the application as published, may have an interest in and would be prejudiced by the lack of proper notice of the authority described above, issuance of a certificate in the proceeding will be withheld for a period of 30 days from the date of this publication of the authority actually granted, during which period any proper party in interest may file an appropriate petition for intervention or other relief in this proceeding setting forth in detail the precise manner in which it has been so prejudiced.

No. MC 127597 (Sub-Nos. 1 and 3) (Republication), filed October 15, 1965 and March 28, 1966 respectively, and published in the FEDERAL REGISTER issues of October 28, 1965 and April 6, 1966 respectively, and republished this issue. Applicant: TUI, a Corporation, 5225 Las Vegas Boulevard, South Building 301, Las Vegas, NV 89109. Applicant's representative: L. C. Major, Jr. and Russell R. Sage, Suite 301, Tavern Square, 421 King Street, Alexandria, VA 22314. An order of the Commission, Division 3, acting as an appellate division, filed December 13, 1972, and served January 3, 1973 finds: (A) that an appropriate certificate be issued to applicant subject to the prior receipt of a request from applicant in writing for the coincidental cancellation of its certificate of public convenience and necessity in No. MC 127597 (Sub-No. 1), issued August 15, 1972; (B) that operation by applicant in interstate and foreign commerce, as a common carrier by motor vehicle, over regular routes, should be authorized as follows: (1) *Passengers, and express and newspapers*, in limousines or sedans with a seating capacity of not more than seven persons, including the driver, between Las Vegas, Nev., and Furnace Creek Inn, Calif., serving no intermediate points: (a) from Las Vegas over U.S. Highway 95 to junction Nevada Highway 29, thence over Nevada Highway 29 to the Nevada-California State line, thence over California Highway 127 to Death Valley Junction, Calif., and thence over California Highway 190 to Furnace Creek Inn, and return over the same route; (b) from Las Vegas over U.S. Highway 95 to Beatty, Nev., thence over Nevada Highway 58 to the Nevada-California State line, thence over unnumbered California highway to junction California Highway 190, and thence over California Highway 190 to Furnace Creek Inn, and return over the same route. The above-described authority to transport passengers was issued pursuant to an application filed on or before January 1, 1967, and therefore incidental charter operations in interstate or foreign commerce may be conducted under rules and regulations prescribed by the Commission pursuant to section 208(c) of the Interstate Commerce Act, as amended November 10, 1966. (2) *Passengers and their baggage*, in special operations consisting of sightseeing or pleasure tours, beginning at Bakersfield, Baker, and Barstow, Calif., and at Las Vegas and Beatty, Nev., and extending to entrances of the Death Valley National Monument, Calif.-Nev., and ending at Bakersfield, Lone Pine, Trona, Mojave, Baker, and Barstow, Calif., and Las Vegas and Beatty, Nev.:

(a) from Bakersfield over California Highway 178 via Isabella, Calif., to Freeman, Calif. (also from Isabella over an unnumbered highway to Kernville, Calif., and return), thence over U.S. Highway 395 (portion formerly U.S. Highway 6) via Olancha, Calif., to Lone Pine, Calif. (also from Olancha over an unnumbered highway to junction California Highway 190, near Keeler, Calif.; also from Lone Pine over unnumbered highways to Whitney Portal and Alabama Hills, Calif., and return), and thence over California Highway 190 via Panamint Springs, Calif., to the entrance of Death Valley National Monument, and return over the same route; (b) from Bakersfield over California Highway 58 (formerly U.S. Highway 466), via Mojave, Calif., to Barstow, and return over the same route; (c) from junction California Highway 58 (formerly U.S. Highway 466) and an unnumbered highway, near Boron, Calif., over unnumbered highways to the Borax Works, near Boron, Calif., and return over the same route; (d) from Mojave over California Highway 14 (portion formerly U.S. Highway 6) to junction unnumbered highway, and thence over unnumbered highway to Trona, and return over the same route; (e) from junction U.S. Highway 395 and California Highway 58 (formerly U.S. Highway 466) over U.S. Highway 395 to Red Mountain, Calif., and thence over unnumbered Highway via Trona, Calif., to the entrance to Death Valley National Monument, and return over the same route; (f) from Red Mountain over U.S. Highway 395 to junction California Highway 14 (portion formerly U.S. Highway 6), near Brown, Calif., and return over the same route; (g) from junction California Highway 190 and Panamint Valley Road over Panamint Valley Road to junction Emigrant Canyon Highway, and return over the same route; (h) from Barstow over U.S. Highway 91 to Baker, Calif., thence over California Highway 127 via Salt Springs Junction and Shoshone, Calif., to Death Valley Junction, Calif., and thence over California Highway 190 to the entrance of Death Valley National Monument (also from Salt Springs Junction over unnumbered highway to the entrance of Death Valley National Monument) and return over the same routes;

(i) from junction California Highway 127 and unnumbered highway near Shoshone, Calif., over unnumbered highway via Saleberry Pass to the entrance to Death Valley National Monument, and return over the same route; (j) from Las Vegas over U.S. Hgihway 95 via Lathrop Wells and Beatty, Nev., to junction Nevada Highway 72, and thence over Nevada Highway 72 to the northeast entrance to Death Valley National Monument, and return over the same route; (k) from Beatty over Nevada Highway 58 to the entrance to Death Valley National Monument (also from junction Nevada Highway 58 and unnumbered highway over unnumbered highway via Rhyolite, Nev., to junction Nevada Highway 58), and return over the same routes; and (l) from Lathrop Wells over Nevada Highway 29 to the Nevada-California State line, and thence over California Highway 127 to Death Valley Junction and return over the same route, restricted in (2) above against service consisting of sightseeing or pleasure tours which both begin and terminate at Las Vegas, Nev., and extend to Death Valley National Monument; and (C) operation by applicant in interstate and foreign commerce, as a common carrier by motor vehicle, over irregular routes, should be authorized as follows: *Passengers and their baggage*, in special or charter operations, in round trip sightseeing or pleasure tours, beginning and ending at Las Vegas, Nev., and points within 5 miles thereof, and extending to Grand Canyon National Park, Ariz., Hoover Dam, Ariz.-Nev., and Death Valley National Monument, Calif. Any duplication of authority granted herein or to the extent that such authority duplicates any heretofore granted to or now held by carrier shall not be construed as conferring more than one operating right. Because it is possible that other parties who have relied upon the notice of the application as published, may have an interest in and would be prejudiced by the lack of proper notice of the authority described above, issuance of a certificate in this proceeding will be withheld for a period of 30 days from the date of this publication of the authority actually granted, during which period any proper party in interest may file an appropriate petition for intervention or other relief in this proceeding setting forth in detail the precise manner in which it has been so prejudiced.

No. MC 128648 (Sub–No. 7) (Republication), filed June 21, 1972, published in the FEDERAL REGISTER issue of July 29, 1971, and republished this issue. Applicant: TRANS–UNITED, INC., 1226 West Chicago Avenue, East Chicago, IN 46312. Applicant's representative: William J. Lippman, 1819 H Street NW., Washington, DC 20006. A report and order of the Commission, Review Board No. 3, dated November 17, 1972, and served January 9, 1973, finds that operation by applicant, in interstate or foreign commerce, as a *contract carrier* by motor vehicle, over irregular routes, (1) of *material handling and construction machinery and equipment* (except truck tractors), and parts for the above named commodities: (a) Between Mercer, Pa., Torrance, Calif., Montgomery, Ala., Aurora, Ill., Portland, Oreg., Phoenix, Ariz., Salt Lake City, Utah, Dallas and Houston, Tex., Tulsa, Okla., Topeka, Kans., Cedar Rapids, Iowa, New Orleans, La., Memphis, Tenn., Defiance, Columbus, and Cleveland, Ohio, Atlanta, Ga., Jacksonville and Tampa, Fla., Boston, Mass., Denver, Colo., and the facilities of the Pettibone Corp., at East Rutherford, N.J., and (b) from the points described in (a) above, to points in the United States (except Alaska and Hawaii); and (2) of *equipment, materials and supplies* used in the manufacture of the commodities in (1) above, (a) between the points described in (1) (a) above, and (b) from points in the United States (except Alaska and Hawaii), to the points described in (1) (a) above, under a continuing contract or contracts with the Pettibone Corp., of Chicago, Ill., will be consistent with the public interest and the national transportation policy; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. Because it is possible that other parties who have relied upon the notice of the application as published, may have an interest in and would be prejudiced by the lack of proper notice of the authority described above, issuance of a permit in this proceeding will be withheld for a period of 30 days from the date of this publication of the authority actually granted, during which period any proper party in interest may file an appropriate petition for intervention or other relief in this proceeding setting forth in detail the precise manner in which it has been so prejudiced.

NOTICES FOR FILING OF PETITIONS

No. MC 76297 (Notice of Filing of Petition To Remove a Restriction), filed February 8, 1936, and previously unpublished in the FEDERAL REGISTER. Petitioner: RICHARD DEAN WENDELKEN, doing business as RUBBER CITY EXPRESS, 1805 East Market Street, Akron, OH 44305. Petitioner's representative: Paul F. Berry, 88 East Broad Street, Columbus, OH 43215. Petitioner presently holds a motor contract carrier permit in No. MC 76297,* authorizing the transportation over irregular routes, of: (1) *Such commodities* as are manufactured, processed and/or dealt in by rubber manufacturers and steel product manufacturers, and *equipment, materials, and supplies* used in the conduct of such business, from Akron, Ohio, to points in Rhode Island, Massachusetts, Connecticut, that part of New York east of a line beginning at Port Jervis, N.Y., and extending along U.S. Highway 209 to Kingston, N.Y., thence along U.S. Highway 9–W to Albany, N.Y., thence along U.S. Highway 20 to Syracuse, N.Y., thence along U.S. Highway 11 to Watertown, N.Y., and thence along New York Highway 12 to Clayton, N.Y., including New York, N.Y., Long Island, N.Y., and points on the indicated portions of the highways specified, and points in that part of New Jersey located on and north of New Jersey Highway 33, with no transportation for compensation on return except as otherwise authorized, restricted against the transporation of liquid chemicals in bulk, in tank vehicles, from Akron, Ohio, to the above-specified points; (2) *tire fabric*, from Fall River and New Bedford, Mass., to Akron, Ohio, with no transportation for compensation on return except as otherwise authorized; (3) *chemicals*, from Naugatuck, Conn., to Akron, Ohio, with no transportation for compensation on return except as otherwise authorized: (4) *Scrap tires and tubes*, from Boston, Cambridge, New Bedford, Pittsfield, Fall River, and Springfield, Mass., Hartford, Conn., Newark, N.J., and Albany and New York, N.Y., and points on Long Island, N.Y., to Akron, Ohio, with no transportation for compensation on return except as otherwise authorized; and the operations in (1), (2), (3), and (4) above limited to a transportation service to be performed under special and individual contracts or agreements, with persons (as defined in section 203(a) (1) of the Interstate Commerce Act), who operate rubber manufacturing plants, the business of which is the manufacturing and sale of rubber products, for the transportation of the commodities indicated and in the manner specified above. By the instant petition, petitioner seeks removal of the restriction limiting the performance in (1), (2), (3), and (4) above. Any interested person or persons desiring to participate may file an original and six copies of his written representations, views or arguments in support of or against the petition within 30 days from the date of publication in the FEDERAL REGISTER.

No. MC 124211 (Sub-No. 191) (Notice of filing of petition for modification and reconsideration of a certificate), filed June 29, 1971, published in the FEDERAL REGISTER issue of July 29, 1971, and republished this issue. Petitioner: HILT TRUCK LINE, INC., Post Office Box 988 D.T.S., Omaha, NE 68101. Petitioner's representative: Thomas L. Hilt (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products and meat by-products, and articles distributed by meat packinghouses* as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, from Darr, Lincoln, and Norfolk, Nebr., to points in Kentucky. NOTE: The purpose of this republication is to indicate the additional origins of Darr and Lincoln, Nebr., and applicant's request for reconsideration of an order of the Commission. Review Board No. 3, filed November 13, 1972, and served November 21, 1972, wherein it stated that the applicant failed to show evidence of its ability to satisfy the shipper's needs. Applicant states that the requested authority can be tacked at points in Nebraska with its existing authority in Sub-Nos. 36 and 121 to serve points in Iowa, Illinois, and Nebraska, and can also be tacked at points in Missouri with the authority it holds in Sub-No. 39 to serve points in Illinois, Kansas, Minnesota, Nebraska, North Dakota, South Dakota, and Wisconsin. Applicant further states that tacking is unlikely as operations thereunder would be unduly circuitous to the extent that shippers would not want to utilize the services of the applicant. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority.

V 38 - 11 JAN 17 73 XUM

No. MC 134219 (Notice of filing of petition for modification of a permit by adding an origin) filed November 21, 1969, published in the FEDERAL REGISTER issue of January 29, 1970, and republished this issue. Petitioner: GEORGE V. D'AGOSTINO, doing business as AIRLIN TRUCKING CO., 213–217 Pioneer Street, Newark, NJ 07104. Petitioner's representative: George A. Olsen, 69 Tonnele Avenue, Jersey City, NJ 07306. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Chalk* (except in bulk, in tank vehicles), from Newark and Woodbridge, N.J. and points in the New York, N.Y. harbor limits as defined in 49 CFR 1070.1, to points in Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Virginia, and the District of Columbia, under a continuing contract with Pleuss-Staufer (North American), Inc., of New York, N.Y. NOTE: The purpose of this republication is to indicate applicant's request to add Woodbridge, N.J. as an additional origin so that applicant may continue to fully service its contracting shipper.

APPLICATION FOR CERTIFICATES OR PERMITS WHICH ARE TO BE PROCESSED CONCURRENTLY WITH APPLICATIONS UNDER SECTION 5 GOVERNED BY SPECIAL RULE 240 TO THE EXTENT APPLICABLE

No. MC 10343 (Sub-No. 23), filed December 19, 1972. Applicant: CHURCHILL TRUCK LINES, INC., Highway 36 West, Post Office Box 250, Chillicothe, MO 64601. Applicant's representative: Axelrod, Goodman, Steiner & Bazelon, 39 South La Salle Street, Chicago, IL 60603. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment and livestock), between points in Lake, Cook, DuPage, Kane, Kendall, and Will Counties, Ill., that part of McHenry County on and south of Illinois Highway 120 and on and east of Illinois Highway 47, and that part of Kankakee County on and north of Illinois Highways 114 and 17, excluding Kankakee, Ill. NOTE: This is a matter directly related to MC–F–11752, published in the FEDERAL REGISTER issue of December 27, 1972. Applicant states that the requested authority can be tacked at Chicago, Ill. and at points on U.S. Highway 6, 20, and 34 within a 50-mile radius of 3216 Princeton Avenue, Chicago, IL to serve points or territories which the applicant has not indicated. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

APPLICATIONS UNDER SECTIONS 5 AND 210a(b)

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5(a) and 210a(b) of the Interstate Commerce Act and certain other proceedings with respect thereto (49 CFR 1.240).

MOTOR CARRIERS OF PROPERTY

No. MC–F–11761. Authority sought for purchase by GREAT SOUTHWEST WAREHOUSES, INC., 3191 Commonwealth Drive, Dallas, TX 75427, of the operating rights and property of (1) VICTORY VAN LINES, INC., 6012 Girard Avenue, Philadelphia, PA 19104, and (2) SEATTLE TRANSFER & STORAGE COMPANY, 26 Hanford Street, Seattle, WA 98134, and for acquisition by GULF ATLANTIC WAREHOUSE CO., 3721 Dacoma Street, Houston, TX 77018, and ANDERSON CLAYTON & CO., 1010 Milam Street, Houston, TX 77002, of control of such rights and property through the purchase. Applicants' attorney: Everett Hutchinson, 1140 Connecticut Avenue NW., Washington, DC 20036. Operating rights sought to be transferred: (1) *Household goods*, as a *common carrier* over irregular routes, between New York, N.Y., on the one hand, and, on the other, points in Connecticut, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, and the District of Columbia, between New York, N.Y., on the one hand, and, on the other, points in Connecticut and New Jersey, and certain specified points in New York and Pennsylvania; (2) *General commodities*, with exceptions, over regular routes, between Seattle, and Blaine, Wash., serving certain specified intermediate and off-route points in Washington, with restriction, between Seattle, and Tacoma, Wash., serving all intermediate points; and off-route points within 3 miles of Seattle, with restriction, between Spokane, Wash., and Post Falls, Idaho, serving certain specified intermediate and off-route points of Idaho; *household goods*, between Seattle, Wash., and Portland, Oreg., serving no intermediate points; *general commodities*, with exceptions, over irregular routes, between points within 3 miles of Seattle, Wash., including Seattle, between the Seattle-Tacoma Airport and the King County Airport (Boeing Field), on the one hand, and, on the other, certain specified points in Washington, with restriction, between points within 3 miles of Spokane, Wash., including Spokane, between Spokane, Wash., on the one hand, and, on the other points not less than 3 nor more than 15 miles from Spokane, with restriction; *newspapers and baggage*, between points in that part of King County, Wash., west of a line extending north and south through Issaquah, Wash., except those on Vashon and Maury Islands, Wash., with restriction; and *iron and steel*, fabricated and not fabricated, as a *contract carrier* over irregular routes, between Seattle, Wash., on the one hand, and, on the other, points in Washington, Idaho, and Montana, between points in Washington, on the one hand, and, on the other, construction sites in Washington, with restriction. Vendee is authorized to operate as a *common carrier* in Texas. Application has not been filed for temporary authority under section 210a(b).

No. MC–F–11762. Authority sought for control by LIQUID TRANSPORTERS, INC., 1292 Fern Valley Road (Post Office Box 21395), Louisville, KY 40221, of COMMERCIAL TRANSPORT, INC., an Illinois corporation, Post Office Box 469, 207 South 20th Street, Belleville, IL 62222, and for acquisition by CHARLES E. CRANMER, Post Office Box 21395, of control of COMMERCIAL TRANSPORT, INC., through the acquisition by LIQUID TRANSPORTERS, INC. Applicants' attorneys: L. A. Jaskiewicz, 1730 M Street NW., Suite 501, Washington, DC 20036, and Edward Villalon, Suite 1032 Pennsylvania Building, Pennsylvania Avenue and 13th Street NW., Washington, D.C. 20004. Operating rights sought to be controlled: *General commodities*, with certain specified exceptions, and numerous other specified commodities, as a *common carrier*, over irregular routes, from, to, and between specified points in the States in Illinois, Indiana, Missouri, Kentucky, Arkansas, Tennessee, Iowa, Ohio, Wisconsin, and Minnesota with certain restrictions, as more specifically described in Docket No. MC–104654 and Sub-numbers thereunder. This notice does not purport to be a complete description of all of the operating rights of the carrier involved. The foregoing summary is believed to be sufficient for purposes of public notice regarding the nature and extent of this carrier's operating rights, without stating, in full, the entirety thereof. LIQUID TRANSPORTERS, INC., is authorized to operate as a *common carrier* in all of the States in the United States (except Alaska and Hawaii). Application has not been filed for temporary authority under section 210a(b).

No. MC–F–11763. Authority sought for merger by MID-AMERICAN LINES, INC., 127 West 10th Street, 11th Floor, Kansas City, MO 64105, of the operating rights and property of BRUCE MOTOR FREIGHT, INC., also of Kansas City, MO 64105, and for acquisition by LeROY WOLFE and HELEN WOLFE, both of 4303 Homestead Drive, Prairie Village, KS 60208, of control of such rights and property through the transaction. Applicants' attorney: Carl L. Steiner, 39 South LaSalle Street, Chicago, IL 60603. Operating rights sought to be merged: *General commodities*, with certain specified exceptions, as a *common carrier* over regular routes, in the States of Minnesota, Iowa, Missouri, Illinois, Indiana, and Ohio, including principal routes, Minneapolis and Kansas City via Albert Lea, Minn., and Des Moines, Iowa, Minneapolis and St. Louis, via Owatonna, Minn., Cedar Rapids and Ottumwa, Iowa, and Kirksville and Columbia, Mo. (also via Keokuk, Iowa and Hannibal, Mo.), Minneapolis and Chicago over one route via Eau Claire, Wisconsin Dells, and Milwaukee, Wis., and Milwaukee, Wis., a second

via La Crosse, Wisconsin Dells, Madison, and Janesville, Wis., and a third via Rochester, Minn., Dubuque, Iowa, and Rockford, Ill., between Des Moines and Chicago via Davenport, Iowa, Cedar Rapids, and Chicago via Clinton, Iowa, routes radiating from Indianapolis, Ind., and extending to (a) Chicago, Ill., via Lafayette, Ind.; (also via Kokomo and Plymouth, Ind.), (b) Fort Wayne, Ind., via Marion, Ind., (c) Dayton, Ohio, via Richmond, Ind., (d) Cincinnati, Ohio, via Rushville, Ind., (e) Louisville, Ky., via Versailles and Madison, Ind. (also via Columbus and Seymour, Ind.), (f) Vincennes, Ind., via Spencer, Ind., and (g) Terre Haute, Ind., via Brazil, Ind., with various other commuting routes in Indiana to such main routes;

General commodities, with exceptions, over irregular routes, between Minneapolis and St. Paul, Minn., and the site of the Twin City Ordnance Plant in Mounds View Township, Ramsey County, Minn., between Minneapolis, St. Paul, South St. Paul, Inver Grove Heights, Robbinsdale, St. Louis Park, Hopkins, Edina, Richfield, Red Rock, McCarron Lake, Fort Snelling, and State Fair Grounds, Minn., between points in Minnesota within 35 miles of Minneapolis, Minn., including Minneapolis, Minn., between points in that part of Illinois north of U.S. Highway 30, and points in that part of Indiana north of U.S. Highway 30 and west of Indiana Highway 51, including points on the indicated portions of the highways specified, on the one hand, and, on the other, points on the regular service routes specified in Part B, Chemolite, Minn., and points in the Minneapolis-St. Paul, Minn., Commercial Zone, as defined by the Commission; *poultry, butter, and eggs*, from Osceola, Creston, Gowrie, and Coon Rapids, Iowa, to Chicago, Ill.; *butter, eggs, poultry, dressed rabbits, meat, canned goods, paper, and junk*, from points in that part of Minnesota bounded by a line beginning at the Wisconsin-Minnesota State line and extending along unnumbered highway through Duxbury to certain specified points in Minnesota; *iron and steel articles*, from the plantsite of Jones & Laughlin Steel Corp., located in Putnam County, Ill., to points in Indiana and Kentucky; *materials, equipment, and supplies* used in the manufacture and processing of iron and steel articles, from points in Indiana and Kentucky, to the plantsite of Jones & Laughlin Steel Corp., located at Putnam County, Ill., with restriction; over numerous alternate routes for operating convenience only. MID AMERICAN LINES, INC., is authorized to operate as a *common carrier* in Missouri, Illinois, Kansas, Nebraska, Michigan, Ohio, and Indiana. Application has not been filed for temporary authority under section 210a(b). NOTE: Pursuant to order dated October 12, and served October 20, 1972, in Docket No. MC–F–11347, transferee acquired control of transferor.

No. MC–F–11764. Authority sought for purchase by C. A. B. Y. TRANSPORTATION COMPANY, 1925 St. Clair Avenue, Cleveland, OH 44114, of a portion of the operating rights of BATH LIGHTNING EXPRESS, INC., 50 Varian Lane, Rochester, NY 14624, and for acquisition by TERMINAL TRANSPORT COMPANY, INC., 248 Chester Avenue SE., Atlanta, GA 30316, of control of such rights through the purchase. Applicants' attorney: Harold H. Clokey, 414 The Equitable Building, Atlanta, Ga. 30303. Operating rights sought to be transferred: *General commodities*, excepting among others, classes A and B explosives, household goods and commodities in bulk, as a *common carrier* over regular routes, between Rochester, and Bath, N.Y., serving all intermediate points. Vendee is authorized to operate as a *common carrier* in Ohio, New York, and Pennsylvania. Application has been filed for temporary authority under section 210a(b).

No. MC–F–11765. Application under section 5(1) of the Interstate Commerce Act for approval of an agreement between common carriers for the pooling of traffic. Applicants: EAST TEXAS MOTOR FREIGHT LINES, INC., 2355 Stemmons Freeway, Dallas, TX 75209 (MC–41432), and WOODLAND TRUCK LINE, INC., 635 Park Street, Woodland, WA 98674 (MC–297), seeks to enter into an agreement for the pooling of traffic consisting of general commodities moving in interstate commerce between points in Battle Ground, Brush Prairie, Carrolls, Dollars Corner, Glenwood, Heisson, Hockinson, Kalama, LaCenter, Meadow Glade, Manor, Pleasant Valley, Orchards, Ridgefield, Salmon Creek, and Woodland, Wash. Attorney: Richard R. Sigmon, Suite 618 Perpetual Building, 1111 E Street NW., Washington, DC 20004. EAST TEXAS MOTOR FREIGHT LINES, INC., is authorized to operate as a common carrier in Texas, Illinois, Missouri, Arkansas, Tennessee, Alabama, Georgia, Iowa, Indiana, Michigan, Ohio, Wisconsin, California, Oregon, Washington, Arizona, Utah, New Mexico, Louisiana, Colorado, Idaho, Montana, Nevada, and Wyoming.

No. MC–F–11767. Authority sought for purchase by J. V. MOTOR LINES, INCORPORATED, 69 Thomas Street, East Hartford, CT 06108, of the operating rights of FRANCIS V. TURSI, doing business as MIDDLE NEW ENGLAND EXPRESS, 33 Ash Road, South Windsor, CT, and for acquisition by FRANK J. VECCHIOLLA AND EDWINA J. VECCHIOLLA, both of East Hartford, CT 06108, of control of such rights through the purchase. Applicants' attorney: Thomas W. Murrett, 342 North Main Street, West Hartford, CT 06117. Operating rights sought to be controlled and merged: Under a certificate of registration in Docket No. MC–98590 (Sub-No. 1), covering the transportation of property, as a common carrier, in interstate commerce, within the State of Connecticut. Vendee is authorized to operate as a *common carrier* in Connecticut and Massachusetts. Application has been filed for temporary authority under section 210a(b). NOTE: MC–87855 (Sub-No. 3) is a matter directly related.

No. MC–F–11768. Authority sought for control and merger by LEE WAY MOTOR FREIGHT, INC., 3000 West Reno, Oklahoma City, OK 73108, of the operating rights and property of LOVING TRUCK LINES, INCORPORATED, doing business as LOVING TRUCK LINES, 215 Southwest Seventh Street, Oklahoma City, OK 73215, and for acquisition by R. E. LEE AND M. S. LEE, also of Oklahoma City, Okla. 73108, of control of such rights and property through the transaction. Applicants' attorneys: Richard H. Champlin, Post Office Box 82488, Oklahoma City, OK, Roland Rice, Suite 618 Perpetual Building, Washington, D.C. 20004, and Kenneth Hurst, 310 Fidelity Plaza, Oklahoma City, Okla. Operating rights sought to be controlled and merged: *General commodities*, with varying restrictions, as a *common carrier* over irregular routes, between points and places in Memphis, Tenn., between Memphis on the one hand, and, on the other, West Memphis, Ark., between Oklahoma City, Okla., and a 20-mile radius on the one hand, and, on the other, points and places in Arkansas, Kansas, and Oklahoma, between all points in Cimmaron and Texas Counties, Okla., on the one hand, and, on the other, those in Kansas on and south of U.S. 50 and U.S. 50N, those in a described portion of northeast New Mexico and those in a described northern portion of the Panhandle of Texas, between Cimmaron and Texas Counties, Okla., on the one hand, and, on the other, points in Colorado on and east of U.S. Highway 87; *asphalt*, in packages or drums, *composition and prepared roofing, and asphalt-saturated paper felt*, from Wynnewood, Okla., and points in the Colorado territory specified immediately above; *fruits, vegetables, batteries, battery parts, fiberboard boxes, glass and glassware, oil in packages, and canned goods*, between points in Oklahoma, on the one hand, and, on the other, points in the Colorado territory specified above; *empty glass containers*, with or without caps, covers, stoppers, or tops, from Ada and Blackwell, Okla., to points in Arkansas and points in Memphis, Tenn.; *sugar*, from Sugar City, Colo., to points in Oklahoma; *petroleum products*, in packages or containers (not in tank vehicles), in shipments of 26,000 pounds or more, from the site of the Continental Oil Co. refinery adjacent to Ponca City, Okla., to Memphis, Tenn., and points in Arkansas. Application has been filed for temporary authority under section 210a(b).

No. MC–F–11769. Authority sought for purchase by PEOPLES EXPRESS CO., 497 Raymond Boulevard, Newark, NJ 07105, of the operating rights of LEHIGH TRANSPORTATION COMPANY, INC. (E. F. Walsh, Receiver in Bankruptcy), 201 Bay Avenue, Elizabethport, NJ 07201, and for acquisition by PHILIP DAMEO, also of Newark, N.J. 07105, of control of

V 38 1 JAN 17 73 XUM

such rights through the purchase. Applicants' attorney: Bert Collins, 140 Cedar Street, New York, NY 10006. Operating rights sought to be transferred: *General commodities*, with exceptions, as a *common carrier* over irregular routes, from certain specified points in New Jersey, to points and places in Westchester County, N.Y., and those in Long Island, N.Y., on and west of New York Highway 112, from New York, N.Y. to New Brunswick, N.J., between Newark and Elizabeth, N.J., on the one hand, and, on the other, New York and Tuxedo, N.Y., Camden, N.J., points and places in that part of New Jersey within 50 miles of Newark or Elizabeth, N.J., points and places in Westchester and Rockland Counties, N.Y., and those in Long Island on and west of New York Highway 112, between New York N.Y., on the one hand, and, on the other, Lakewood and Eatontown, N.J., and points and places in that part of New Jersey within 25 miles of the municipal limits of New York, N.Y.; *damaged or rejected shipments*, from Brunswick, N.J., to New York, N.Y., from points and places in Long Island, N.Y., on and west of New York Highway 112, and those in Westchester County, N.Y., to Linden, Bayway, Bloomfield, and Hillside, N.J. Vendee is authorized to operate as a *common carrier* in New Jersey and New York. Application has been filed for temporary authority under section 210a(b).

NOTICE

The South Carolina Public Railways Commission hereby gives notice that on the 28th day of November, 1972, it filed with the Interstate Commerce Commission an application under section 5(2) of the Interstate Commerce Act for authority to acquire the tracks, yards, equipment, trackage rights, franchise, licenses, certificates, leases, agreements, and labor contracts of the Port Utilities Commission of Charleston, S.C. and of Port Terminal Railroad of South Carolina (both of which are subsidiaries of the South Carolina Ports Authority, a governmental agency of the State of South Carolina) and to operate, maintain, and control the same as Railroad Carriers governed by the rules and regulations of the Interstate Commerce Commission. These two switching railroads consist of approximately 6 miles and 4.6 miles, respectively, are located wholly within the State of South Carolina and their transfer as requested has been directed by Act No. 456 of the general and permanent laws of the General Assembly of the State of South Carolina of 1969, approved July 14, 1969. The approval of this application and the transfer of the two switching railroads will result in no change in operations but only in a change in management from one State agency to another State agency. In the opinion of the applicant, approval of this application will not have any beneficial or detrimental effect on the environment, as there will be no change in the operation of the two terminal railways upon the approval of this application, Docket No. FD 27254.

Applicant's attorney is Mr. Howard L. Burns, Post Office Drawer 1207, Greenwood, SC. The proceeding will be handled without public hearings unless protests are received which contain information indicating a need for such hearings. Any protests submitted shall be filed with the Interstate Commerce Commission, on or before February 16, 1973.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[Notice 194]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-73877.* By order of November 22, 1972, the Motor Carrier Board approved the transfer to Virginia Furniture Carriers, Inc., Bassett, Va., of Certificates Nos. MC-40830 and MC-40830 (Sub-No. 4) issued September 29, 1944 and September 4, 1951, to G. A. Puryear and J. E. Puryear, doing business as Puryear Truck Line, South Boston, Va., authorizing transportation of: Commodities of a general commodity nature, between specified points and areas in Virginia, Maryland, North Carolina, Pennsylvania, West Virginia, and Ohio. Frank B. Hand Jr., attorney, Post Office Box 446, Winchester, VA 22601.

No. MC-FC-74056. By order of December 4, 1972, the Motor Carrier Board approved the transfer to Brandywine Moving and Storage Co., a corporation, Claymont, Del., of Certificate No. MC-18889, issued to Headley's Express and Storage Co., Inc., Chester, Pa., authorizing the transportation of: Household goods as defined by the Commission, between points in New Jersey, Delaware, Pennsylvania, Rhode Island, Connecticut, Massachusetts, Maryland, New York, Virginia, and the District of Columbia. Francis P. Desmond, attorney, 115 East Fifth Street, Chester, PA 19013.

No. MC-FC-74101. By order of December 19, 1972, the Motor Carrier Board approved the transfer to James E. Henson, doing business as Henson Moving & Storage, Waverly, N.Y., of certificates Nos. MC-34134 and MC-34134 (Sub-No. 3) issued August 11, 1958, and October 24, 1962, respectively, to Harry J. Henson, doing business as Henson Moving & Storage, Waverly, N.Y., authorizing the transportation of: household goods as defined, between points in a described area of New York and Pennsylvania, on the one hand, and, on the other, points in Maine, New York, Pennsylvania, New Jersey, Delaware, Maryland, Vermont, New Hampshire, Rhode Island, Massachusetts, Connecticut, Virginia, West Virginia, Ohio, Indiana, Michigan, and the District of Columbia; potted plants, from Waverly, N.Y. and points within 5 miles thereof, to points in Maine, New York, Pennsylvania, New Jersey, Delaware, Maryland, Vermont, New Hampshire, Rhode Island, Massachusetts, Connecticut, Virginia, West Virginia, Ohio, Indiana, Michigan, and the District of Columbia; and household goods, between Johnson City, N.Y., on the one hand, and, on the other, points in Pennsylvania within 100 miles of Johnson City.

H. Bradley Smith, 440 Waverly Street (Post Office Box 111), Waverly, NY 14892, applicant's representative.

No. MC-FC-74104. By order entered December 12, 1972, the Motor Carrier Board approved the transfer to T. H. Heilig, Inc., Lebanon, Pa., of the operating rights set forth in certificate No. MC-10291, issued November 2, 1967, to Theodore H. Heilig, Labanon, Pa., authorizing the transportation of paper boxes, boilers and boiler parts, and rigging used in placing machinery, fertilizer, household goods as defined by the Commission, iron and steel products, machinery and machinery parts, wooden patterns, and women's wearing apparel on hangers, from, to, or between points in Connecticut, Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia, West Virginia, and the District of Columbia. Philip S. Davis, 525 South Eighth Street, Lebanon, PA 17042, attorney for applicants.

No. MC-FC-74107. By order of December 12, 1972, the Motor Carrier Board approved the transfer to Heavy Haul Truck Service, Inc., Long Beach, Calif., of the operating rights in certificate No. MC-72252 and certificate of registration No. MC-72252 (Sub-No. 8) issued April 7, 1943 and April 10, 1964 respectively to Chesley Transportation Co., Inc., Downey, Calif., authorizing the transportation of various commodities between specified points and areas in California and the certificate of registration evidencing a right to engage in transportation in interstate commerce as described in Decision No. 89561 dated October 3, 1972 issued by the Public Utilities Commission of the State of California.

Alvin J. Meiklejohn, Jr., 420 Denver Club Building, Denver, Colo. 80202, Attorney for applicants.

No. MC-FC-74077. By order of December 7, 1972, the Motor Carrier Board approved the transfer to Brook Hattan Transportation, Inc., West Hempstead, N.Y., of certificate No. MC-133826 (Sub-No. 1) issued June 14, 1971, to City Wide Transportation Co., Inc., Brooklyn, N.Y., authorizing the transportation of: Passengers and their baggage, in charter operations, beginning at New York, N.Y., and extending to points in New York, New Jersey, Connecticut, and Pennsylvania, restricted to transportation of physically incapacitated and mentally retarded children, and their supervisory personnel. Sidney J. Leshin, Attorney, 501 Madison Avenue, New York, NY 10022.

No. MC-FC-74082. By order of December 15, 1972, the Motor Carrier Board approved the transfer to James C. Logan, Inc., Chester, Pa., of the operating rights in certificate No. MC-56186 issued October 24, 1949, to James C. Logan, Chester, Pa., authorizing the transportation of household goods as defined in Practices of Motor Common Carriers of Household Goods, 17 M.C.C. 467, radially, between points in the Philadelphia commercial zone, and points in Pennsylvania, New Jersey, New York, Delaware, Maryland, West Virginia, Virginia, Rhode Island, Connecticut, Massachusetts, and the District of Columbia; and office furniture and equipment, and store fixtures, radially, between Philadelphia, Pa., and points in Pennsylvania, New Jersey, New York, Delaware, Maryland, and the District of Columbia, within 150 miles of Philadelphia.

Francis P. Desmond, 115 East Fifth Street, Chester PA 19013, attorney for applicants.

No. MC-FC-74096. By order of December 11, 1972, the Motor Carrier Board approved the transfer to Blanche Billert, doing business as Billert's Haulage, Staten Island, N.Y., of the operating rights in Permit No. MC-123307 issued July 15, 1964 to Theodore Billert, doing business as Billert's Haulage, Brooklyn, N.Y., authorizing the transportation of various commodities from and to specified points in New York and New Jersey. George A. Olsen, 69 Tonnele Avenue, Jersey City, NJ 07306, representative for applicants.

NOTICE OF FILING OF MOTOR CARRIER INTRASTATE APPLICATIONS

JANUARY 12, 1973.

The following applications for motor common carrier authority to operate in intrastate commerce seek concurrent motor carrier authorization in interstate or foreign commerce within the limits of the intrastate authority sought, pursuant to section 206(a)(6) of the Interstate Commerce Act, as amended October 15, 1962. These applications are governed by Special Rule 1.245 of the Commission's rules of practice, published in the FEDERAL REGISTER, issue of April 11, 1963, page 3533, which provides, among other things, that protests and requests for information concerning the time and place of State Commission hearings or other proceedings, any subsequent changes therein, any other related matters shall be directed to the State Commission with which the application is filed and shall not be addressed to or filed with the Interstate Commerce Commission.

North Carolina Docket No. T-681 (Sub-No. 38). Applicant: HELMS MOTOR EXPRESS, INC., Post Office Drawer 700, Albemarle, NC. Applicant's representative: J. Ruffin Bailey, Post Office Box 2246, Raleigh, NC. Certificate of public convenience and necessity sought to operate a freight service as follows: Transportation of *general commodities* (except those requiring special equipment), over the following regular routes: (A) From the junction of U.S. Highway 74 and North Carolina Highway 381 to Gibson, N.C.; thence over North Carolina Highway 79 to Laurinburg N.C., and return over the same route serving all intermediate points. (B) From Laurinburg, N.C., over U.S. Highway 501 to Rowland, N.C.; thence over U.S. Highway 301 to Lumberton, N.C., and return over the same route serving all intermediate points. Both intrastate and interstate authority sought. HEARING: February 15, 1973, at the hearing room, North Carolina Utilities Commission, Ruffin Building, 1 West Morgan Street, Raleigh, N.C., at 10 a.m. Requests for procedural information should be addressed to the North Carolina Utilities Commission, Post Office Box 991, Raleigh, NC 27602, and should not be directed to the Interstate Commerce Commission.

By the Commission.

[Notice 3]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 11, 1973.

The following are notices of filing of applications[1] for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67, (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 51146 (Sub-No. 305 TA), filed December 6, 1972. Applicant: SCHNEIDER TRANSPORT, INC., Post Office Box 2298, 54306, 2661 South Broadway, Green Bay, WI 54304. Applicant's representative: D. F. Martin (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such merchandise* as is dealt in by retail department stores, from Secaucus, N.J., to Detroit, Pontiac, and Flint, Mich., and Toledo, Ohio; and *returned shipments*, from these Michigan points and Toledo to Secaucus, N.J., for 180 days. Huetig, Bureau of Operations, Interstate Commerce Commission, 450 Multnomah Building, 319 Southwest Pine, Portland, OR 97204.

No. MC 138230 TA, filed December 5, 1972. Applicant: CYNTHIA S. TRAYNER, doing business as DICK TRAYNER AND SONS TRUCKING, Wauregan Road, Canterbury, Conn. 06331. Applicant's representative: John E. Fay, 342 North Main Street, West Hartford, CT 06117. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Crushed stone, bituminous concrete, sand, gravel, and mixed aggregates*, between Westerly, R.I., on the one hand, and, points in New London County, Windham County, Tolland County, New Haven County, and Middlesex County, Conn., on the other, for 150 days. Supporting shipper: Westerly Trucking Co., 35 High Street, Post Office Box 226, Westerly, RI 02891. Send protests to: David J. Kiernan, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 135 High Street, Room 324, Hartford, CT 06101.

No. MC 138266 (Sub-No. 1 TA), filed December 29, 1972. Applicant: D W O TRANSPORT COMPANY, INC., Route 3, Box 475, Edgerton, WI 53534. Applicant's representative: David W. O'Morrow (same address as above). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Trailers, semitrailers, containers, trailer chassis, semitrailer chassis and container chassis*, from Edgerton, Wis., to points in Cook, Du Page, Kane, Lake, and Will Counties, Ill., for 180 days. Supporting shipper: Highway Manufacturing Co., division of MOTAC, Inc., 405 East Fulton Street, Post Office Box 256, Edgerton, WI 53534. Send protests to: Barney L. Hardin, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 139 West Wilson Street, Room 202, Madison, WI 53703.

No. MC 138287 TA, filed December 26, 1972. Applicant: RICHARD D. TOWNSEND AND NORMA L. LEE, a partnership, doing business as CANNON MOVING AND STORAGE CO., 112 South Pile Street, Clovis, NM 88101. Applicant's representative: Edwin E. Piper, Jr., 1115 Simms Building, Albuquerque, NM 87101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Used household goods, unaccompanied baggage and personal effects*, between points in Curry, De Baca Guadalupe, Quay, and Roosevelt Counties, N. Mex.; Bailey and Parmer Counties, Tex. The service authorized herein is to be restricted to the transportation of traffic having a prior or subsequent movement, in containers, beyond the points authorized and further restricted to the performance of pickup and deliver service in connection with packing, crating and containerization or unpacking, uncrating and decontainerization of such traffic, for 180 days. Supporting shipper: Department of the Army, Office of the Judge Advocate General, Washington, D.C. 20310. Send protests to: William R Murdoch, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 1106 Federal Office Building, 517 Gold Avenue SW., Albuquerque, NM 87101

By the Commission.

FEDERAL POWER COMMISSION

[Docket No. E-7943]

DUKE POWER CO.

Notice of Proposed Changes in Rates and Charges

JANUARY 11, 1973.

Take notice that Duke Power Co., on January 2, 1973, tendered for filing proposed supplements in its electric power contract with Blue Ridge Electric Cooperative, Inc. (Blue Ridge). The proposed changes would reallocate the power and energy between Delivery Points 6 and 14. Total allocation will not change.

Duke has stated that no change of rate is involved in this filing and that agreement of Blue Ridge to the reallocation has been obtained. Finally, Duke requests waiver of the Commission's notice requirements to permit the changes to be effective as of December 20, 1972.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before January 22, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are available for public inspection at the offices of the Federal Power Commission.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.73-983 Filed 1-16-73;8:45 am]

[Docket No. E-7944]

DUKE POWER CO.

Notice of Proposed Changes in Rates and Charges

JANUARY 11, 1973.

Take notice that Duke Power Co. (Duke) on January 2, 1973, tendered for filing proposed supplements in its electric power contract with Laurens Electric Cooperative, Inc. (Laurens). The proposed changes would reallocate the power and energy between delivery points 6, 19, and 20, but total allocation would not change.

Duke states that no change in rate is involved in this filing, and that the requisite agreement of Laurens has been obtained. Finally, Duke requests waiver of the Commission's notice requirements to permit these changes to be effective as of December 20, 1972.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before January 22, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are available for public inspection in the offices of the Federal Power Commission.

V 38 I 11 JAN 17 73 XUM

[Dockets Nos. G-8934, G-10008]

EL PASO NATURAL GAS CO.

Order[1] Setting Matter for Formal Hearing and Prescribing Procedure

JANUARY 9, 1973.

On November 30, 1970, El Paso Natural Gas Co. (El Paso) filed a petition in Dockets Nos. G-8934 and G-10008 to amend the orders of November 25, 1955 (14 FPC 157), and May 8, 1956 (15 FPC 1378) respectively, by authorizing El Paso to deliver to Union Carbide Nuclear Co. (Union Carbide) at Uravan, Colo., on a firm basis, quantities of natural gas of up to 23,700 therms per day at the rate of 4.20 cents per therm pursuant to an industrial gas sales contract dated August 1, 1970. El Paso is currently authorized in the instant dockets to sell a maximum quantity of 35,000 therms per day at a rate of 3.60 cents per therm to Union Carbide on an interruptible basis.

By letter filed with the Commission on January11, 1972, El Paso requested that Commission action on said petition be held in abeyance pending modification of the contractual arrangements between El Paso and Union Carbide.

On August 11, 1972, El Paso filed an amendment to said petition to amend. El Paso states that it has negotiated a new industrial gas sales contract with Union Carbide dated May 25, 1972, which cancels their contract of August 1, 1970. The new contract provides for firm deliveries of up to 1,120 therms daily at the rate of 4.20 cents per therm and deliveries of up to 22,580 therms daily on an interruptible basis at the rate of 3.8 cents per therm, in lieu of the previously agreed upon 23,700 therms daily on a firm basis. El Paso now requests therefor that the above referenced orders in Dockets Nos. G-8934 and G-10008 be amended only to the extent necessary to authorize deliveries to Union Carbide in accordance with this new contract. No additional facilities are required for the proposed service.

The new amendment to El Paso's earlier petition to amend was noticed in the FEDERAL REGISTER on August 24, 1972 (37 FR 17981). No protests or petitions to intervene have been filed in this proceeding.

El Paso states in its filing that the firm service to which Union Carbide will be entitled under the new contract, a maximum of 1,120 therms daily, will be utilized to satisfy space heating and other "human needs," both at the Uravan plant and in the town of Uravan. Uravan, Colo., is owned and managed by Union Carbide, and its residents work either at the main plant, at the nearby mines, or at one of the associated facilities. The interruptible supply of up to 22,580 therms daily will be used by Union Carbide, as available, for its industrial facilities. Union Carbide has recently reduced its need for gas for industrial purposes by installing alternate fuel standby facilities at a cost of approximately $180,000.

In view of the present critical gas supply shortage, any attachment of additional firm load as proposed herein can no longer be considered a matter of routine issuance of an amended certificate. We believe that a full evidentiary record should be developed to explore the public convenience and necessity issues involved before such a certificate can be issued. It is necessary to determine, among other things, what effect, if any, the proposed addition will have on El Paso's existing gas supply and on its ability to meet existing and future firm customer requirements on its system. Further, the "human needs" uses to which the firm gas will be put at both the Uravan plant and the town of Uravan must be evidenced on the record and the potential growth of these "human needs" requirements must be explored. Additionally, the feasibility of utilizing alternate fuels for "human needs" here must be investigated.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing on the matters presented in El Paso's petition to partially convert interruptible industrial service to firm service.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, DC 20426 on February 7, 1973, concerning the matters involved in and the issues presented by this petition to amend.

(B) On or before January 22, 1973, El Paso shall prepare and file with the Commission and serve, on the presiding Administrative Law Judge and the Commission's staff, its direct testimony and exhibits in support of its petition.

(C) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for this purpose [see Delegation of Authority, 18 CFR 3.5(d)] shall preside at the hearing in this proceeding pursuant to the Commission's rules of practice and procedure.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Docket No. E-7734]

MID-CONTINENT AREA POWER POOL AGREEMENT

Notice of Application by Petitioners for Issuance of Subpenas for Production of Documentary Evidence

JANUARY 11, 1973.

Take notice that Petitioners (Alexandria Board of Public Works, et al.) on December 29, 1972, filed with the Commission an application for a subpena to compel production of documentary evidence by the persons below:

R. W. Steele, President, Interstate Power Co.
Duane Arnold, Chairman of the Board, Chief Executive Officer and President, Iowa Electric Light and Power Co.
Charles H. Whitmore, President and Chairman of the Board, Iowa-Illinois Gas and Electric Co.
Dwight H. Swanson, President and Chairman of the Board, Iowa Power & Light Co.
F. W. Griffith, Chairman of the Board and President, Iowa Public Service Co.
R. F. Brewer, President, Iowa Southern Utilities Co.
K. S. Austin, President, Lake Superior District Power Co.
S. Laskin, President and Chief Executive Officer, Minnesota Power & Light Co.
David M. Haskett, President, Montana-Dakota Utilities Co.
Robert H. Engels, President, General Manager and Chairman of the Board, Executive Officer, Northern States Power Co.
A. D. Schmidt, President, Northwestern Public Service Co.

The Application is on file with the Commission and is available for inspection. It has been or will be served on all parties to the proceeding. Responses to the Application must be filed by January 30, 1973.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-945 Filed 1-16-73;8:45 am]

[Docket No. E-7929]

TOLEDO EDISON

Notice of Proposed Changes in Rates and Charges

JANUARY 11, 1973.

Take notice that Toledo Edison (Toledo) on December 22, 1972, tendered for filing copies of the following rate schedules: Municipal Resale Service Rate—Small, and Municipal Resale Service Rate—Large. Toledo claims that the proposed changes would increase Toledo's revenues from jurisdictional sales and service by $494,747 based on a 1971 test year.

Toledo states that the proposed tariff is intended to be applicable to all of its municipal wholesale customers, all of whom are presently served under individual contracts on file with the Commission as follows:

Municipality:	FPC No.
City of Bowling Green, Ohio	5
Village of Bradner, Ohio	6
City of Bryan, Ohio	7
Village of Custar, Ohio	8
Village of Edgerton, Ohio	9
Village of Elmore, Ohio	10
Village of Genoa, Ohio	11
Village of Haskins, Ohio	12
Village of Liberty Center, Ohio	13
Village of Montpelier, Ohio	14
City of Napoleon, Ohio	15
Village of Oak Harbor, Ohio	16
Village of Pemberville, Ohio	17
Village of Pioneer, Ohio	18
Village of Woodville, Ohio	19

Toledo Edison says that it is replacing existing individual municipal wholesale agreements with the standardized rate tariffs transmitted herewith, thus permitting all wholesale municipal customers to be served under uniform rate

[1] This order was adopted on Dec. 20, 1972, before Commissioner Walker left the Commission.

schedules. Toledo argues that increased rates are necessary in order to permit Toledo to absorb increased costs which cannot be recovered out of existing revenues, and in addition it will permit it to borrow funds at reasonable rates in order to carry out capital outlays to which it is committed in order to maintain an adequate supply of electric power to meet increasing demands. Toledo also argues that rate increases requested in this proceeding are designed to bring the wholesale municipal rates into line with the new rates granted by municipal ordinance and anticipated from the Public Utilities Commission of Ohio, so as to spread the increased cost of service more evenly over all customers.

Toledo states that no increase in the existing rates is anticipated until the expiration of the existing contracts applicable to each city. Toledo says that the fuel adjustment clause in the proposed tariff is, however, proposed to become applicable to the municipalities of Bradner, Custar, Edgerton, Elmore, Genoa, Haskins, Liberty Center, Oak Harbor, Pemberville, Pioneer, and Woodville upon the effective date of the new tariff resulting in a modest annual aggregate reduction of an estimated $10,200 to the foregoing municipalities whose rates are not being changed at this time.

Toledo says that the existing agreements with the municipalities of Bowling Green, Montpelier, and Napoleon have expired, and as to those municipalities, it is proposed that the effective date of the new tariff will be March 1, 1973, over sixty (60) days after the date of this filing. Toledo states that the new tariff is proposed to become effective as to all other municipalities upon the expiration dates of their respective current agreements.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before January 22, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-986 Filed 1-16-73;8:45 am]

[Docket No. R-441; Order No. 455]

MOBIL OIL CORP.

Letter Clarifying Specific Questions Concerning Optional Procedure for Certificating New Producer Sales of Natural Gas

The following letter has been sent to Mobil Oil Corp., Houston, Tex., by the Commission Secretary in response to questions regarding the relationship of Order No. 455, "Optional Procedure for Certificating New Producer Sales of Natural Gas," Docket No. R-441, issued August 3, 1972 (37 FR 16189, August 11, 1972), to the refund obligation discharge and contingent escalation provisions of two area rate decisions by the Commission:

This is in response to your letter of November 21, 1972, which requested clarification upon specific questions you have concerning Order No. 455, Optional Procedure for Certificating New Producer Sales of Natural Gas, Docket No. R-441, issued August 3, 1972.

We shall respond to your questions regarding the relationship of Order No. 455 to the refund obligation discharge and contingent escalation provisions of the area rate decisions in Opinions Nos. 595 and 598, seriatim:

1. If the first of a series of contingent escalations is triggered in a given area and the producer begins collecting additional revenue provided by the first escalation, may he later invoke the Order No. 455 optional procedure by waiving the remaining contingent escalations?

The answer to this question is in the affirmative, as it is only waiver of future escalations which the Commission requires for certification under Order No. 455.

2. If a producer invokes Order No. 455 and waives future contingent escalations after an initial escalation has been triggered, may he continue to collect the additional revenue provided by the first escalation?

Again the answer is affirmative, because the order does not require a retroactive downward adjustment. The producer will not be required to reduce prospectively the rates determined by the escalation triggered prior to certification under Order No. 455, nor will he be required to refund amounts collected at the escalated rate in effect prior to the waiver.

3. If a producer discharges all refund liabilities by commitments under the reserve dedication provisions of opinions Nos. 595 and 598, but at a later date invokes the optional procedure for certificating new sales under Order No. 455, will the producer then be required to forego the discharge under those provisions and make refunds in cash?

The answer to this question is in the negative.

We trust that the answers to your questions, although they may appear peremptory, are sufficient to enable you to proceed under the optional procedure. If you require a fuller explanation, please do not hesitate to request it.

By direction of the Commission.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-982 Filed 1-16-73;8:45 am]

[Docket No. G-3072, etc.]

HUMBLE OIL & REFINING CO. ET AL.

Findings and Order

JANUARY 8, 1973.

Findings and order[1] after statutory hearing issuing certificates of public convenience and necessity, amending orders issuing certificates, making successors corespondent, and accepting, redesignating, and canceling FPC gas rate schedule in part.

Each Applicant herein has filed an application pursuant to section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce or a petition to amend an order issuing a certificate, all as more fully set forth in the applications and petitions to amend.

Applicants have filed FPC gas rate schedules or supplements to rate schedules on file with the Commission and propose to initiate, add, or discontinue in part natural gas service in interstate commerce as indicated in the tabulation herein.

The Commission's staff has reviewed each application and recommends each action ordered as consistent with all substantive Commission policies and required by the public convenience and necessity.

After due notice by publication in the FEDERAL REGISTER, notices of intervention were filed and withdrawn by the Public Utilities Commission of California in Docket Nos. CI71-607, CI71-663, and CI72-78. No petitions to intervene, protests to the granting of the applications, or further notices of intervention have been filed.

At a hearing held on December 29, 1972, the Commission on its own motion received and made a part of the record in this proceeding all evidence, including the applications and petitions and exhibits thereto, submitted in support of the authorizations sought herein, and upon consideration of the record,

The Commission finds:

(1) Each applicant herein is a "natural-gas company" within the meaning of the Natural Gas Act as heretofore found by the Commission.

(2) The sales of natural gas hereinbefore described, as more fully described in the applications in this proceeding, will be made in interstate commerce subject to the jurisdiction of the Commission; and such sales by Applicants, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary therefor, are subject to the requirements of subsections (c) and (e) of section 7 of the Natural Gas Act.

(3) Applicants are able and willing properly to do the acts and to perform the service proposed and to conform to the provisions of the Natural Gas Act and the requirements, rules, and regulations of the Commission thereunder.

(4) The sales of natural gas by Applicants, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary therefor, are required by the public convenience and necessity; and certificates therefor should be issued as hereinafter ordered and conditioned.

(5) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act and the public convenience and necessity require that the orders issuing certificates of public convenience

[1] This order was adopted on Dec. 29, 1972, before Commissioner Walker left the Commission.

V38-11 JAN 17 73 XUM

and necessity in various dockets involved herein should be amended as hereinafter ordered.

(6) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that certain successors in interest, who are herein authorized to continue sales of natural gas in interstate commerce, should be made corespondents in their predecessors' rate proceedings.

(7) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that the FPC gas rate schedules and supplements related to the authorizations hereinafter granted should be accepted for filing.

(8) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act and the public convenience and necessity require that the orders issuing certificates, for sales authorized herein to be continued under new or amended certificates, should be amended by deleting therefrom authorization to sell gas.

(9) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that Applicant in Docket No. CI73–88 should be made a corespondent in its predecessor's rate proceedings in Docket Nos. RI70–171 and RI70–198.

The Commission orders:

(A) Certificates of public convenience and necessity are issued upon the terms and conditions of this order authorizing sales by Applicants of natural gas in interstate commerce for resale, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary therefor, all as hereinbefore described and as more fully described in the applications and in the tabulation herein.

(B) The certificates granted in paragraph (A) above are not transferable and shall be effective only so long as Applicants continue the acts or operations hereby authorized in accordance with the provisions of the Natural Gas Act and the applicable rules, regulations, and orders of the Commission.

(C) The grant of the certificates issued in paragraph (A) above shall not be construed as a waiver of the requirements of section 7 of the Natural Gas Act or of Part 154 or Part 157 of the Commission's regulations thereunder and is without prejudice to any findings or orders which have been or which may hereafter be made by the Commission in any proceedings now pending or hereafter instituted by or against Applicants. Further, our action in this proceeding shall not foreclose or prejudice any future proceedings or objections relating to the operation of any price or related provisions in the gas purchase contracts herein involved. The grant of the certificates aforesaid for service to the particular customers involved does not imply approval of all of the terms of the contracts, particularly as to the cessation of the service upon termination of said contracts as provided by section 7(b) of the Natural Gas Act. The grant of the certificates aforesaid shall not be construed to preclude the imposition of any sanctions pursuant to the provisions of the Natural Gas Act for the unauthorized commencement of any sales of natural gas subject to said certificates.

(D) The orders issuing certificates of public convenience and necessity in various dockets are amended by adding thereto or deleting therefrom authorization to sell natural gas or by substituting successors in interest as certificate holders as more fully described in the applications and in the tabulation herein. In all other respects said orders shall remain in full force and effect.

(E) Applicants in the dockets indicated shall charge and collect the following rates, subject to B.t.u. adjustment where applicable:

Docket No.	Rate (cents per Mcf)	Pressure base (p.s.i.a.)
CI71-607	27.0	14.65
CI71-663	26.5	14.65
CI72-78	27.0	14.65
CI72-837	[1] 18.0	14.65
	[2] 19.0	14.65
CI72-838	26.0	15.025
CI72-839	[3] 22.25	15.025
	[4] 26.0	15.025
CI72-850	26.0	15.025
CI73-86	[5] 17.01556	14.65
CI73-87	21.5	14.65
CI73-88	24.0	15.025

[1] From Dec. 31, 1969, to July 6, 1970.
[2] After July 6, 1970.
[3] For sales of all gas from initial delivery to Aug. 18, 1972, and thereafter for sales of gas from reservoirs discovered prior to Oct. 1, 1968.
[4] After Apr. 18, 1972, for sales from reservoirs discovered after Oct. 1, 1968.
[5] From Dec. 31, 1969, to May 1, 1971; and applicant may charge and collect the proposed rate thereafter.

(F) Within 90 days from the date of this order, Applicants in Dockets Nos. CI71–185, CI72–752, CI72–825, CI72–837, CI73–48, CI73–49, CI73–56, CI73–58, CI73–59, CI73–62, and CI73–89 shall each file three copies of a rate schedule-quality statement in the form prescribed in Opinion Nos. 586, 595, 598, and 607 as applicable.

(G) Within 90 days from the date of initial delivery, Applicants in Dockets Nos. CI72–838, CI72–839, and CI72–850 shall each file three copies of a rate schedule-quality statement in the form prescribed in Opinion No. 598.

(H) The certificates and certificate authorization granted in Dockets Nos. CI71–185, CI72–752, CI72–825, CI72–837, CI72–838, CI72–839, CI72–850, CI73–48, CI73–49, CI73–56, CI73–58, CI73–59, CI73–62, and CI73–89 are subject to the Commission's findings and orders accompanying Opinion Nos. 586, 586–A, 595, 595–A, 598, 598–A, 607, and 607–A, as applicable. If the quality of the gas deviates at any time from the quality standards set forth in the Regulations under the Natural Gas Act so as to require a downward adjustment of the existing rates, notices of changes in rate shall be filed pursuant to section 4 of the Natural Gas Act: *Provided, however,* That adjustments reflecting changes in B.t.u. content of the gas shall be computed by the applicable formula and charged without the filing of notices of changes in rate.

(I) The certificates granted in Dockets Nos. CI71–607 and CI72–78 are subject to § 2.71 of the Commission's General Policy and Interpretations establishing charges for transporting liquids and liquefiable hydrocarbons.

(J) The rates for the sales authorized in Dockets Nos. CI71–607, CI71–663, and CI72–78 are subject to prospective modification upon conclusion of the proceeding pending in Docket No. AR70–1, et al.

(K) Applicant in Docket No. CI73–88 is made a co-respondent in the proceedings pending in Dockets Nos. RI70–171 and RI70–198. Applicant shall comply with the refunding procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder.

(L) Applicant in Docket No. CI72–850 shall not substitute reserves pursuant to section 3(e) of its contract without having first secured authorization from the Commission.

(M) Section 154.93 of the regulations under the Natural Gas Act is waived to permit the acceptance for filing as a rate schedule the contract submitted by Applicant in Docket No. CI73–86 which may permit the sale of the Federal Government's royalty share of the gas at a price in excess of the otherwise applicable rate. Any rate change based on this pricing provision is subject to suspension under section 4 of the Natural Gas Act.

By the Commission.

[SEAL] MARY B. KIDD, *Acting Secretary.*

[1] No certificate filing required. 18 CFR 2.64. Undereloped acreage assigned to Joseph P. Mueller, certificate holder in Docket No. C171-206.
[2] Includes assignment dated 2-25-72, whereby Humble Oil & Refining Co. assigned to Joseph P. Mueller:
[3] Effective date of transfer of producing properties.
[4] No certificate filing required. 18 CFR 2.64.
[5] Assigns acreage from Amoco Production Co. to Clinton Oil Co. Clinton filed a partial succession application in Docket No. C173-48 which is included in this tabulation.
[6] Assigns acreage from Amoco Production Co. to Clinton Oil Co. Clinton filed a partial succession application in Docket No. C173-56 which is included in this tabulation.
[7] Leases released to landowner or sellers.
[8] Expiration of statutory notice period.
[9] Includes assignment dated 2-25-72, Mobil assigned previously nonproductive acreage to Cinco Exploration, Inc. Cinco agrees with acreage to Clinton Oil Co.
[10] Conveys interest from Skelly Oil Co. to applicant.
[11] Conveys interest from Cities Service Oil Co. to Amoco Production Co. Amoco's filing in Docket No. C172-825 is included in this tabulation.
[12] Already accepted for filing.
[13] Applicant agreed to accept permanent certificate at 27 cents.
[14] Provides that seller has option to process the gas prior to delivery or at a point on buyer's pipeline.
[15] Provides that during the first 5 contract years buyer shall take or pay for all available casinghead gas and 20,000 M.c.f. per day per well of gas-well gas. Thereafter the contract quantity shall consist of 1,000 M.c.f. of gas-well gas for each gas-well gas completion in the contract area. For purposes of gas-well gas, this amount initially set at 10,000 Mcf. per day.
[16] Provides for possible transportation of liquefiable hydrocarbons by buyer.
[17] Contract between Amoco Production Co. and United Gas Pipe Line Co. on file as Amoco Production Co. FPC gas rate Schedule No. 70.
[18] Assigns acreage from Amoco to applicant.
[19] [Omitted]
[20] [Omitted]
[21] [Omitted]
[22] Currently on file as Cities Service Oil Co. FPC gas rate Schedule No. 212.

NATIONAL COMMISSION ON MATERIALS POLICY

PREPARATION OF COMMISSION'S FINAL REPORT

Notice of Closed Meeting

JANUARY 16, 1973.

Pursuant to the requirements of the Federal Advisory Committee Act, notice is hereby given that there will be a meeting of the National Commission on Materials Policy on Thursday, January 18, 1973, at 10 a.m. The meeting will be held in the Commission's offices, Room 3002, 2025 M Street NW., Washington, DC. The meeting will be held for the purpose of reviewing reports prepared for the Commission by staff members and by various persons and groups outside the Government, and for the purpose of preparing the Commission's final report to the Congress and the President. The meeting will not be open to the public.

JAMES BOYD,
Executive Director.

PREPARATION OF ENVIRONMENTAL IMPACT STATEMENTS

Interim Regulation

No. 11—Pt. II——1

V 38 - 11 JAN 17 73 XUM

Title 40—PROTECTION OF ENVIRONMENT

Chapter I—Environmental Protection Agency

PART 6—PREPARATION OF ENVIRONMENTAL IMPACT STATEMENTS

Interim Regulations

The National Environmental Policy Act of 1969, implemented by Executive Order 11514 and the Council on Environmental Quality's Guidelines of April 23, 1971, requires that all agencies of the Federal Government prepare detailed environmental statements on proposals for legislation and other major Federal actions significantly affecting the quality of the human environment. The objective of the Act is to build into the Agency decisionmaking process an appropriate and careful consideration of all environmental aspects of proposed actions.

On January 20, 1972 (37 FR 879), the Environmental Protection Agency published as proposed rule making a new part 6 establishing agency policy and procedures for the identification and analysis of the environmental impact of agency actions, and the preparation and processing of environmental impact statements when significant impacts on the environment are anticipated. The proposed part 6 was a summary of the Agency's procedures.

As a result of public comment on the summary, the Agency has revised its procedures and is now publishing them in their entirety as an interim regulation. Because the public has not seen the complete procedures and because of the significant changes made, we are again inviting public comment. Final regulations will be published after receipt and consideration of the comments.

Environmentally protective regulatory activities have been specifically excluded from this interim regulation pending the outcome of certain judicial appeals and an internal EPA study of its regulatory activities.

The Environmental Protection Agency invites all interested persons who desire to submit written comments or suggestions concerning the preparation of final regulations to do so in triplicate to the Office of Federal Activities, Environmental Protection Agency, Washington, DC 20460. Such submissions should be received by April 15, 1973, to allow time for appropriate consideration and possible inclusion in the final regulations. Copies of the submissions will be available for examination by interested persons in the Public Information Office, Room W329, Waterside Mall, Fourth and M Streets, SW., Washington, DC.

Effective date. This regulation will become effective February 16, 1973.

Dated: January 10, 1973.

ROBERT W. FRI,
Acting Administrator.

AUTHORITY: Secs. 102, 103, 83 Stat. 854.

Subpart A—General

§ 6.10 Purpose and policy.

(a) The National Environmental Policy Act of 1969, implemented by Executive Order 11514 and the Council on Environmental Quality's Guidelines of April 23, 1971 (36 FR 7724), requires that all agencies of the Federal Government prepare detailed environmental statements on proposals for legislation and other major Federal actions significantly affecting the quality of the human environment. The objective of the Act is to build into the agency decisionmaking process an appropriate and careful consideration of all environmental aspects of proposed actions.

(b) This part establishes Environmental Protection Agency policy and procedures for the identification and analysis of the environmental impact of Agency actions, and the preparation and processing of environmental impact statements when significant impacts on the environment are anticipated.

§ 6.11 Definitions.

(a) "Environmental assessment" is a written analysis submitted to the Agency by its grantees or contractors describing the environmental impacts of actions undertaken with the financial support of the Agency.

(b) "Environmental review" is a formal evaluation undertaken by the Agency to determine whether a proposed Agency action may have a significant impact on the environment.

(c) "Notice of intent" is a memorandum announcing to Federal, State, and local agencies, and to interested persons, that a draft environmental impact statement will be prepared and processed.

(d) "Environmental impact statement" is a report, prepared by the Agency, which identifies and analyzes in detail the environmental impacts of an Agency action.

(e) "Negative declaration" is a written announcement, prepared subsequent to the environmental review, which states the Agency has decided not to prepare an environmental impact statement.

(f) "Environmental impact appraisal" is an abbreviated document, based on an environmental review, which supports a negative declaration. It describes a proposed Agency action, its expected environmental impact, and the basis for the conclusion that no significant impact is anticipated.

(g) "Responsible official" will usually be either a Regional Administrator or a Deputy Assistant Administrator. He is responsible for assuring that environmental reviews are conducted and, if necessary, that environmental impact statements and other associated documents are prepared. "Responsible officials" are identified for the various Agency program offices in the subparts following Subpart D.

(h) "Interested persons" are individuals, groups, organizations, corporations, or other nongovernmental units, including an applicant for an Agency contract or grant and conservation groups, who may be interested in, affected by, or technically competent to comment on the environmental impact of the proposed Agency action.

§ 6.12 Summary of the environmental impact statement process.

(a) Environmental review. An environmental review shall be made of proposed and certain ongoing actions (as required in § 6.13(c)) of the Environmental Protection Agency. This process shall consist of a study of the program or project, identifying and evaluating the expected and potential environmental impacts of the action. The purpose of this review is to determine whether any significant impacts are anticipated and if an environmental impact statement is required. The Agency has overall responsibility for this review, although its grantees and contractors will contribute to the review through environmental assessments they have submitted. (Types of grants, contracts, and other actions requiring such assessments are specified in the subparts following Subpart D of this part.)

(b) Notice of intent and impact statements. Where the environmental review indicates significant environmental impacts, a notice of intent shall be published, and a draft environmental impact statement shall be prepared and distributed. After external coordination and evaluation of the comments received, a final environmental impact statement shall be prepared and distributed.

(c) Negative declaration and environmental impact appraisal. When the environmental review does not indicate any significant impacts, a negative declaration to this effect shall be issued. For the cases specified in the subparts following Subpart D of this part, an environmental impact appraisal shall be prepared, which summarizes the impacts, alternatives, and the reasons an impact statement was not prepared. It shall remain on file and shall be available for public inspection.

(d) The environmental impact statement process is shown graphically in Exhibit 1.

§ 6.13 Applicability.

(a) *Actions covered.* This part applies to:

(1) All Agency legislative proposals;

(2) Favorable reports on legislation initiated elsewhere and not accompanied by an impact statement, provided it is not excluded in paragraph (b)(4) and (5) of this section;

(3) Direct Agency activities;

(4) Activities of its grantees and contractors that are financially supported in whole or in part by the Agency, except as noted in paragraph (b) of this section.

(b) *Actions excluded.* The following Agency actions are not subject to the requirements of this part:

(1) Administrative procurements (e.g., general supplies);

(2) Contracts for consulting services;

(3) Personnel actions;

(4) Legislative proposals originating in another Agency;

(5) Legislative proposals not relating to or affecting the matters within EPA's primary areas of responsibility;

(6) Environmentally protective regulatory activities.

(c) *Retroactive application.* This regulation shall apply to uncompleted and continuing Agency actions initiated prior to the promulgation of these procedures when substantial funds have not been released and modifications of or alternatives to the Agency action are still available. An environmental impact statement shall be prepared for each project found to have significant environmental consequences, as determined in accordance with § 6.20.

(d) *Application to legislative proposals.* Except as noted in paragraphs (b)(4) and (5) of this section, environmental impact statements shall be prepared for legislative proposals or favorable reports relating to legislation. Because of the nature of the legislative process, impact statements for legislation must be prepared and reviewed in accordance with the procedures followed in the development and review of the legislative matter. These procedures are described in Office of Management and Budget Circular No. A-19; separate procedures, therefore, have not been provided in this part. Where appropriate, legislative statements will contain the information required in § 6.32.

(e) *Application to annual budget estimates.* An annual listing of those Agency actions which will require the preparation of environmental impact statements shall be compiled each year as specified in Office of Management and Budget Bulletin No. 72-6. Agency components shall submit with their budget estimates a listing of those projects for which they expect to prepare impact statements. Applicable portions of Subpart B of this part shall be utilized to review projects to determine if they will have a significant impact.

§ 6.14 General responsibilities.

(a) *Responsible official.* (1) Requires contractors and grantees to submit environmental assessments and assures environmental reviews are conducted on proposed Agency projects at the earliest practicable point in the Agency's project formulation process.

(2) When required, assures that draft statements are prepared and distributed at the earliest practicable point in the Agency's project formulation process, their internal and external review is coordinated, and final statements are prepared and distributed.

(3) When an impact statement is not prepared, assures that negative declarations and environmental appraisals are prepared and distributed for those actions requiring them.

(b) *Office of Federal Activities.* (1) Provides Agencywide policy guidance and assures that Agency components establish and maintain adequate administrative procedures to comply with this part.

(2) Monitors the overall timeliness and quality of the Agency effort to comply with this part.

(3) Provides assistance to "responsible officials" as required.

(4) Coordinates the training of personnel involved in the review and preparation of environmental impact statements.

(5) Acts as Agency liaison with the Council on Environmental Quality and other Federal and State entities on matters of Agency policy and administrative mechanisms to facilitate external review of Agency environmental impact statements, to determine lead Agency, and to improve the uniformity of the NEPA procedures of Federal agencies.

(6) Advises the Administrator and Deputy Administrator on projects which involve more than one Agency component, are highly controversial, are nationally significant, or "pioneer" Agency policy, when these projects have had or should have an environmental impact statement prepared on them.

(c) *Office of Public Affairs.* (1) Assists the Office of Federal Activities and "responsible officials" by answering the public's queries on the impact statement process and on specific impact statements, and by directing requests for copies of specific documents to the appropriate regional office or program.

(2) Analyzes the present procedures for public participation, and develops and recommends to the Office of Federal Activities a program to improve those procedures and increase public participation.

(d) *Regional Office Division of Public Affairs.* (1) Assists the "responsible official" or his designee on matters pertaining to negative declarations, notices

V 38 - 11 JAN 17 73 XUM

of intent, press releases, and other public notification procedures.

(2) Assists the responsible official or his designee by answering the public's queries on the impact statement process and on specific impact statements, and by filling requests for copies of specific documents.

(e) *Office of Legislation.* Provides the necessary liaison with Congress.

(f) *Offices of the Assistant Administrators and Regional Administrators.* (1) Provide specific policy guidance to their respective offices and assure that those offices establish and maintain adequate administrative procedures to comply with this part.

(2) Monitor the overall timeliness and quality of their respective component's efforts to comply with this part.

(3) Act as liaison between their components and the Office of Federal Activities and between their components and other Assistant Administrators or Regional Administrators on matters of agencywide policy and procedures.

(4) Advise the Administrator and Deputy Administrator, through the Office of Federal Activities, on projects or activities within their respective areas of responsibility which involve more than one Agency component, are highly controversial, are nationally significant or "pioneer" Agency policy, when these projects have had or should have an environmental impact statement prepared on them.

(g) *Budget Operations Division, Office of Resources Management.* The Budget Operations Division, Office of Resources Management, prepares from the submission of Agency components a listing of those Agency actions, covered by the budget estimates, which will require the preparation of environmental impact statements, as specified in Office of Management and Budget Bulletin No. 72-6 (see § 6.13(e)).

(h) *The Office of Legislation.* The Office of Legislation coordinates the preparation of impact statements required on legislative proposals or reports on legislation (see § 6.13(d)).

§ 6.15 Timing for proposed Agency actions on which impact statements are to be prepared.

(a) Except when requested by the "responsible official" in writing and approved by the Council on Environmental Quality, no administrative action shall be taken sooner than ninety (90) calendar days after a draft statement has been distributed or sooner than thirty (30) calendar days after the final statement has been distributed. If the final statement is filed within ninety (90) calendar days after the draft statement has been circulated and made public, the thirty (30) day period and ninety (90) day period may run concurrently to the extent that they overlap.

(b) Administrative action shall be interpreted as an Agency award of a grant or contract, or actual physical commencement of a project or activity undertaken with inhouse funds (intramural project).

Subpart B—Procedures

§ 6.20 Guidelines for determining when to prepare an impact statement.

The following general guidelines shall be used when reviewing an Agency action to determine if it will have a significant impact on the environment and therefore require an impact statement.

(a) *Significant environmental effects.* (1) Actions having both beneficial and detrimental effects may be classified as having significant effects on the environment even if, on balance, the Agency believes that the net effect will be beneficial. Impact statements should be prepared first on those proposed actions with the most adverse effects.

(2) Significant effects should include both primary and secondary consequences of short term and long term duration. Secondary consequences result from activities encouraged or induced by the Agency action. Long term effects should be given particular attention in the determination of significant effects.

(3) The total expected environmental impact of precedent-setting actions and individually small but cumulatively large actions shall be identified and considered fully. If the Agency is taking a number of minor, environmentally insignificant actions that are similar in execution and purpose, especially when they are taken during a limited time span and in the same general geographic area, the cumulative environmental impact of all of these actions may be significant.

(b) *Controversial actions.* An environmental impact statement shall be prepared and processed when the environmental impact of an Agency action is likely to be highly controversial.

§ 6.21 Environmental review.

(a) Proposed and certain ongoing Agency actions as specified in § 6.13(c) shall be subjected to an environmental review. This review shall be a continuing one and should commence at the earliest possible point in the development of the project. It shall consist of a study of the proposed program or project which identifies and evaluates the expected and potential environmental impacts of the action and alternatives to it. It will determine whether a significant impact is anticipated from the proposed action. The outcome of an environmental review will be either the preparation of an impact statement or preparation of a negative declaration.

(b) When making this determination, a general class of actions occurring within a common time frame may be treated as a single action if their individual environmental effects and alternatives are substantially similar.

(c) To assist the "responsible official" in reviewing the proposed action, applicants for a grant or contract may be required to submit with their original application an environmental assessment. The types of grants and contracts requiring such assessments are specified in the subparts following Subpart D of this part. The Agency may also request additional environmental data or analyses to supplement the assessment. Although the assessment and data may be utilized by the Agency in the preparation of an impact statement or environmental impact appraisal, responsibility for the technical accuracy of such information rests with the Agency.

§ 6.22 Notice of intent.

(a) *General.* (1) When an environmental review indicates a significant impact will occur, a notice of intent, announcing the preparation of a draft impact statement, shall be issued by the "responsible official." The notice shall briefly describe the Agency action, its location and the issues involved (see Exhibit 2). Such a notice should be submitted immediately after completion of an environmental review that indicates a significant impact. Notices of intent should be sent to interested persons who might be interested in receiving a copy of an impact statement. Those who request a copy of a particular draft impact statement will be sent one at the same time as those interested persons who are routinely sent copies of all impact statements.

(2) The purpose of a notice of intent is to involve other Government agencies and interested persons as early as possible in the planning and evaluation of Agency actions which embody significant environmental impacts. This device should facilitate coordination during the preparation of a draft impact statement and assure that environmental values will be identified and weighed from the outset, rather than accommodated by adjustments at the end of the decision-making process.

(b) *Specific actions.* The specific actions that should be taken with respect to notices of intent are as follows:

(1) When the review process indicates there will be a significant impact, prepare a notice of intent as soon as practicable.

(2) Forward copies of the notice of intent to:

(i) The appropriate State and local agencies and to the appropriate State, regional, and metropolitan clearinghouses.

(ii) Potentially interested persons.

(iii) The Office of Federal Activities and to the Office of Public Affairs.

(iv) The Headquarters impact statement coordinator for the program office originating the statement. When the originating office is a regional office and the action is related to water quality management, the copies should be forwarded to the Water Quality and Nonpoint Source Control Division, Office of Water Programs Operations.

(v) The Office of Legislation so they will be able to answer any queries from Congress on the matter.

(3) Submit to a local newspaper which has adequate circulation to cover the area that will be affected by the project, a brief news release (see Exhibit 3) informing the public that an impact statement will be prepared on a particular project. News releases may be submitted to other media as appropriate.

(c) *Regional office assistance to program offices.* Regional offices will provide assistance to program offices in taking these specific actions when the statement orginates in a program office.

§ 6.23 Draft impact statements.

(a) *General.* (1) The "responsible official" shall assure that a draft environmental impact statement is prepared as soon as practicable after the release of the notice of intent. Prior to release to CEQ, the draft statement may be circulated for review to other offices within the Agency with collateral interest in or technical expertise related to the action. Afterwards, the draft statement shall be sent to CEQ and circulated to Federal, State, and local agencies with special expertise or jurisdiction by law, and to interested persons. If the responsible official determines that a public hearing on the project is warranted, the hearing will be held after preparation of the draft statement and in accordance with the requirements of § 6.41. Comments from both the hearing and written replies shall be incorporated in the final environmental impact statement.

(2) Draft impact statements should be prepared at the earliest practicable point in the project development. Where a plan or program has been developed by the Agency or submitted to the Agency for approval, the relationship between the plan and the subsequent projects encompassed by it shall be evaluated to determine the preferable and most meaningful point in time for preparing an impact statement. Where practicable, an environmental impact statement will be drafted for the total program at the overall planning stage. Subsequently, component projects included in the plan will not require individual statements unless they deviate substantially from prior plans, or unless the plans do not provide sufficient detail to fully assess significant impacts of individual projects. Plans shall be reevaluated by the responsible official to monitor the cumulative impact of the component projects and to preclude the plans' obsolescence.

(b) *Specific actions.* The specific actions that should be taken with respect to draft impact statements are as follows:

(1) Before transmitting the draft statement to the Council on Environmental Quality, the "responsible official" shall:

(i) Notify by phone the Office of Federal Activities and the Headquarters impact statement coordinator for the program office originating the statement that a draft impact statement has been prepared. When the originating office is a regional office and the project is related to water quality management, the Regional Administrator will notify by phone the Office of Federal Activities and the Water Quality and Non-Point Source Control Division, Office of Water Programs Operations, that the draft impact statement has been prepared.

(ii) Send two (2) copies of the draft statement to each of the appropriate offices in paragraph (b)(1)(i) of this section.

(2) If neither of the above offices requests any changes within a ten (10) calendar day period after notification, the "responsible officials" shall:

(i) Send ten (10) copies of the draft environmental impact statement to the Council on Environmental Quality. Include with the copies two (2) completed National Technical Information Service (NTIS) accession notice cards (Form NTIS-79). One (1) card should have the return address of the Office of Federal Activities and the other the return address of the originating office. The Council on Environmental Quality will forward the necessary copies and cards to NTIS. Requests for copies can be filled by NTIS when the Agency has depleted its stock. (See § 6.43(b).)

(ii) Inform the Office of Public Affairs of the transmittal to the Council on Environmental Quality and the plans for local press release.

(iii) Notify the Office of Legislation of the transmittal so they will be able to answer any queries from Congress on the matter.

(iv) Provide copies of the draft statement to:

(*a*) The Office of Legislation if they request copies.

(*b*) The Office of Public Affairs. Provide two (2) copies.

(*c*) The appropriate field offices of reviewing Federal agencies that have special expertise or jurisdiction by law with respect to any impacts involved. The Council on Environmental Quality's Guidelines (section 7 and Appendixes II–III thereof) specify those agencies to which draft statements will be sent for official review and comment. Two (2) copies of the impact statement should be provided each field office. The field offices are expected to reply directly to the originating Agency office. Commenting agencies shall have at least thirty (30) calendar days to reply (the reply period shall commence from the date of receipt of the statement by the Council on Environmental Quality as noted in the Council's FEDERAL REGISTER and *102 Monitor* announcements); afterwards, it shall be presumed that, unless a time extension has been requested, the Agency has no comment to make. EPA will grant extensions where practical, not to exceed fifteen (15) calendar days.

(*d*) The appropriate State and local agencies and to the appropriate State and metropolitan clearinghouses. The time limits for review and comment shall be the same as those available to Federal agencies.

(*e*) Interested persons. The time limits for review and comment shall be the same as those available to Federal agencies.

(v) Submit to the local newspapers and other appropriate media a news release (see Exhibit 3) that the draft statement is available for comment and where copies may be obtained.

(vi) Send two (2) copies of the summary sheet to the Office of Management and Budget, Organization and Management Systems Division.

(c) Regional office assistance to program office. If requested, regional offices will provide assistance to program offices in taking these specific actions when the impact statement originates in a program office.

§ 6.24 Final impact statements.

(a) Final statements shall respond to all written or recorded suggestions, criticisms, and comments raised through the review of the draft impact statement. Special care should be taken to respond fully to comments that are at variance with the Agency's position (see also § 6.32(g)).

(b) Distribution and other specific actions will be as specified for draft statements in § 6.23 (b) and (c), except that in the case of Federal and State agencies and interested persons, only those who responded to the draft statement will be sent a copy of the final statement.

§ 6.25 Negative declaration and environmental impact appraisals.

(a) *General.* When an environmental review indicates no significant impact, a negative declaration shall be prepared prior to taking action (see Exhibit 4). An environmental impact appraisal supporting the negative declaration shall be prepared for those cases specified in the subparts following Subpart D of this part, as determined by the "responsible official." The appraisal (see Exhibit 5) describes the proposed activity and its effects, and documents the reasons for concluding that there will be no significant impact. This appraisal shall remain with internal records for the activity or action, and shall be available for public inspection.

(b) *Specific actions.* The following specific actions should be taken on those projects on which both a negative declaration and appraisal were prepared. Circulation of a negative declaration on a project for which no appraisal is required is unnecessary.

(1) *Negative declaration.* (i) When the review process indicates that there will not be a significant impact, prepare a negative declaration as soon as practicable.

(ii) The negative declaration shall be distributed in the same fashion as the notice of intent, except that copies shall be sent only when practicable to interested persons.

(iii) Where practicable, submit to the local newspapers and other appropriate media a brief news release (see Exhibit 3) informing the public that an impact statement will not be prepared on a particular project.

(2) *Environmental impact appraisal.* (i) Have the appraisal available when the negative declaration is distributed.

(ii) Forward a copy to the Headquarters impact statement coordinator for the program office originating the statement. (Not applicable to regional offices.)

(iii) Have copies on file in the originating office for public inspection upon request.

V 38 - 11 JAN 17 73 XUM

Subpart C—Content of Environmental Impact Statements

§ 6.30 Cover sheet.

The cover sheet shall indicate the type of statement (draft or final), the official project name, the responsible Agency office, the date, and the signature of the responsible official. The format is shown in Exhibit 6.

§ 6.31 Summary sheet.

The summary sheet shall conform to the format prescribed in Appendix 1 of the April 23, 1971, Council on Environmental Quality's Guidelines. The format is shown in Exhibit 7.

§ 6.32 Body of statement.

The body of the impact statement shall contain seven sections. Each shall identify, develop, and analyze the pertinent issues. Impact statements shall not be justification documents for proposed Agency funding or actions. Rather, they shall be objective evaluations of actions and their alternatives in light of all environmental considerations. Environmental impact statements shall be prepared using a systematic, interdisciplinary approach. Statements shall incorporate all relevant analytical disciplines and shall provide meaningful and factual data, information, and analyses. The presentation should be simple and concise, yet include all facts necessary to permit independent evaluation and appraisal of the beneficial and adverse environmental effects of alternative actions. To the extent possible, statements shall not be drafted in a style which requires extensive scientific or technical expertise to comprehend and evaluate the environmental impact of an Agency action.

(a) *Description of the proposed action.* Describe the recommended or proposed action, its purpose, where it is located, its time setting, and its interrelationship with other projects or proposals. To prevent piecemeal decisionmaking, the project shall be described in as broad a context as possible. The relationship to other projects and proposals shall be discussed, including not only other Agency activities, but also those of other Governmental and private organizations. Development and population trends in the project area shall also be included. Maps, photos, and artist sketches should be incorporated where they help depict the environmental setting. If not enclosed, supporting references and documents should be identified. The statement should also indicate how such documents may be obtained.

(b) *Environmental impact of the proposed action.* (1) Describe the primary and secondary environmental impacts, both beneficial and adverse, anticipated from the action. The scope of the description shall include both short- and long-term impacts. It shall include specifics on the area, the resources involved, physical changes, alterations to ecological systems, and changes induced by the proposed action in population distribution, population concentration, the human use of land (including commercial and residential development), and other aspects of the resource base such as water and public services. The time frames in which these impacts are anticipated should be included as well.

(2) Remedial, protective, and mitigative measures which will be taken as part of the proposed action shall be identified. These measures to prevent, eliminate, reduce, or compensate for any environmentally detrimental aspect of the proposed action shall include those of the Agency and others, e.g., its contractors and grantees. Adverse impacts which cannot be substantially avoided will be considered in greater detail in the next section.

(c) *Adverse impacts which cannot be avoided should the proposal be implemented.* Describe the kinds and magnitudes of adverse impacts which cannot be reduced in severity or which can be reduced to an acceptable level but not eliminated. For those which cannot be reduced, their implications and the reasons why the action is being proposed, notwithstanding their effect, shall be described in detail. Where abatement measures can reduce adverse impacts to acceptable levels, the basis for considering these levels adequate and the effectiveness and costs of the abatement measures shall be specified. In particular, this analysis shall detail the aesthetically or culturally valuable surroundings, human health, standards of living, or environmental goals set forth in section 101(b) of the National Environmental Policy Act which would be sacrificed. Also, it shall describe the parties affected (including any minority communities) and any objections raised by them.

(d) *Alternatives to the proposed action.* Develop, describe, and objectively weigh alternatives to any proposed action which involves significant tradeoffs among the uses of available environmental resources. The analysis shall be structured in a manner which allows comparisons of: (1) Environmental and financial cost differences among equally effective alternatives, or (2) differences in effectiveness among equally costly alternatives. Where practicable, benefits and costs should be quantified or described qualitatively in a way which will aid in a more objective judgment of their value. Where such an analysis is prepared, it shall be appended to the statement. The analysis of different courses of action shall include alternatives capable of substantially reducing or eliminating any adverse impacts, even at the expense of reduced project objectives. The specific alternative of taking no action must always be evaluated. This analysis shall evaluate alternatives in such a manner that reviewers independently can judge their relative desirability. In addition, the reasons why the proposed action is believed by the Agency to be the best course of action shall be explained. On projects that will involve construction, alternative sites must be considered.

(e) *Relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity.* Describe the cumulative and long-term effects of the proposed action which either significantly reduce or enhance the state of the environment for future generations. In particular, the desirability of Agency actions shall be weighed to guard against short-sighted foreclosure of future options or needs. Special attention shall be given to effects which narrow the range of beneficial uses of the environment or pose long-term risks to health or safety. Those who may financially profit or suffer losses from uses of natural resources that may result from the proposed project (especially land) shall be identified. In addition, the reasons the proposed action is believed by the Agency to be justified now, rather than reserving a long-term option for other alternatives, including no use, shall be explained.

(f) *Irreversible and irretrievable commitments of resources which would be involved in the proposed action should it be implemented.* Describe the extent to which the proposed action curtails the diversity and range of beneficial uses of the environment. Uses of renewable and nonrenewable resources during the initial and continued phases of the action shall be specified. In this regard, construction and facility uses are basically irreversible since a large commitment of resources makes removal or nonuse thereafter unlikely. Such primary impacts and, particularly, secondary impacts (e.g., opening areas to further development) generally commit future generations to similar uses. Also, irreversible damage can result from environmental accidents associated with the action. Any irretrievable and significant commitments of resources shall be evaluated to assure that such current consumption is justified.

(g) *A discussion of problems and objections raised by other Federal, State, and local agencies and by interested persons in this review process.* Final statements (and draft statements if appropriate) shall summarize the comments and suggestions made by reviewing organizations and shall describe the disposition of issues surfaced (e.g., revisions to the proposed action to mitigate anticipated impacts or objections). In particular, they shall address in detail the major issues raised when the Agency position is at variance with recommendations and objections (e.g., reasons specific comments and suggestions could not be accepted, and factors of overriding importance prohibiting the incorporation of suggestions). Reviewer's statements should be set forth in a "comment" and discussed in a "response." In addition, the source of all comments should be clearly identified and copies of the comments should be attached to the final statement.

Subpart D—Public Participation

§ 6.40 General.

Public participation is an integral part of the Agency planning process. It consists of continuous, two-way communication keeping the public fully informed about the status and progress of studies and findings, and actively soliciting comments from all concerned and affected groups and individuals.

§ 6.41 Public hearings.

(a) Public hearings on draft impact statements shall be held when the "responsible official" determines that a public hearing would facilitate the resolution of conflict or significant public controversy.

(b) When public hearings are to be held, the Agency must notify the public of the hearing immediately after distribution of the draft statement. This public notification must include at least fifteen (15) days prior to the date of such hearing:

(1) Notification to the public by adequate advertisement identifying the project, announcing the date, time, and place of such hearing, and announcing the availability of detailed information on the proposed project for public inspection at one or more locations in the area in which the project will be located. "Detailed information" shall include a copy of the project application and the draft environmental impact statement.

(2) Notification to the appropriate State and local agencies and to the appropriate State and metropolitan clearinghouses.

(3) Notification to interested persons.

(c) A written record of the hearing shall be made. As a minimum, the record shall contain a list of witnesses together with the text of each presentation. Generally, a stenographer should be used. A summary of the record, including the issues raised, conflicts resolved and unresolved, and any other significant portions of the record, shall be appended to the final impact statement.

(d) When a public hearing has been held by another Federal, State, or local agency on an Agency action, additional hearings need not necessarily ensue. The "responsible official" shall decide if additional hearings are required.

(e) When a program office is the originating office, the appropriate regional office will provide assistance to the originating office in holding any public hearing if assistance is requested.

§ 6.42 Comments on draft and final statements.

(a) Draft impact statements and negative declarations shall be made available to the public to assure the fullest practical provision of timely public information and understanding of Federal plans and programs. In addition, public hearings, notices of intent, and press releases will be employed by the Agency to ensure adequate public involvement.

(b) Final environmental impact statements shall be furnished to all interested persons which submitted written comments on the draft impact statement. This is to enable public organizations to comment on the final statement to the Agency or the Council on Environmental Quality, if they so desire, within the thirty (30) calendar day period prior to Agency administrative action on the proposal.

§ 6.43 Availability of documents.

(a) Draft and final environmental impact statements, negative declarations, and environmental impact appraisals shall be made available for public review at the following locations:

(1) The originating office.

(2) The Office of Public Affairs for draft and final impact statements only.

(b) The Agency will endeavor to print sufficient copies of draft and final environmental impact statements to meet anticipated demand. A nominal fee may be charged for copies requested by the public. If, however, demand is greater than anticipated and copies of statements are not available from the Agency originating office, copies can be obtained from the National Technical Information Service, Department of Commerce, Springfield, Va. 22151.

Subpart E—Guidelines for Preparation of Environmental Impact Statements for Wastewater Treatment Works and Associated Plans

§ 6.50 Purpose.

This subpart amplifies the general EPA policies and procedures described in Subparts A through D of this part by providing detailed procedures for the preparation of impact statements on wastewater treatment works and associated plans (areawide and water quality management).

§ 6.51 Definitions.

(a) "Responsible official." The "responsible official" for impact statements prepared on wastewater treatment works and areawide and water quality management plans is the Regional Administrator.

(b) "EIS-associated documents." Notices of intent, negative declarations, environmental appraisals, and news releases.

§ 6.52 Applicability.

(a) *Actions covered.* These guidelines apply to new grants for wastewater treatment works, to grants for wastewater treatment works that were awarded prior to the promulgation of these guidelines and meet the conditions specified in paragraph (c) of this section, and areawide and water quality management plans.

(b) *Actions excluded.* These guidelines do not apply to:

(1) Program grant awards to State and interstate agencies.

(2) Training grants and contracts.

(c) *Retroactive application.* (1) This subpart shall be applied to ongoing wastewater treatment works for which grant awards were made prior to the promulgation of these guidelines when substantial funds have not been released and modifications or alternatives to the project are still available. The Regional Administrator shall ensure that an environmental impact statement shall be prepared for each such works found to have a significant impact in accordance with § 6.54 of this subpart. The grantee must be promptly notified in writing of the decision to prepare an impact statement.

(2) On such works, either all or a portion of the project work may be stopped by the Regional Administrator pending completion of the statement, if he determines that a work stoppage is warranted, to reduce the risk of incurring substantial additional costs for work which the impact statement may indicate will have to be abandoned or substantially changed. The Regional Administrator may request a written statement from the grantee to assist him in making this decision. The statement should include: A list of what work should and should not continue; a discussion of potential changes the impact statement might recommend in the work discussed in the above list; and the reasons why the work in question should or should not continue. Upon a determination of partial or complete work stoppage by the Regional Administrator, the appropriate grant action would be the issuance of a stop-work order to suspend work or a bilateral agreement to suspend project work, effected through a grant amendment, or in some cases, the issuance of a termination notice.

§ 6.53 Responsibilities.

(a) *Responsible official.* The "responsible official" for Agency actions covered by this subpart is the Regional Administrator. The responsibilities of the Regional Administrator in addition to those in § 6.14(a) of Subpart A of this part are to:

(1) Assist the Office of Federal Activities in coordinating the training of personnel involved in the review and preparation of impact statements and other EIS-associated documents.

(2) Require of grant applicants and those who have submitted plans for approval, the information the regional office requires to comply with these guidelines.

(3) Consult with the Office of Federal Activities concerning works or plans which significantly affect more than one regional office, are highly controversial, are of national significance or "pioneer" Agency policy when these works have had or should have had an environmental impact statement prepared on them.

(b) *Assistant Administrator.* The responsibilities of the Office of the Assistant Administrator, as described in § 6.14 (f) of Subpart A of this part, shall be assumed by the Assistant Administrator for Air and Water Programs for Agency actions covered by this subpart.

(c) *Water Quality and Non-Point Source Control Division, Office of Water Programs Operations.* Coordinates all activities and responsibilities of the Office of Water Programs Operations concerned with preparation and review of environmental impact statements. This includes providing technical assistance to the Regional Administrators on impact statements and assisting the Office of Federal Activities in coordinating the training of personnel involved in the review and preparation of impact statements.

V38-11 JAN 17 73 XUM

(d) *Public Affairs Division, Regional Offices.* The responsibilities of the regions' Public Affairs Division in addition to those in § 6.14(d) of Subpart A of this part are to:

(1) Assist the Regional Administrator in the preparation and dissemination of negative declarations, notices of intent, press releases, and other public notices.

(2) Collaborate with the Headquarters Office of Public Affairs to analyze procedures in the regions for public participation and to develop and recommend to the Office of Federal Activities a program to improve those procedures.

§ 6.54 Criteria for preparation of environmental impact statements.

The Regional Administrator will assure that an impact statement will be prepared for treatment works and plans (See additional conditions for plans in § 6.55(d)) when:

(a) The treatment works will induce or encourage significant changes in industrial, commercial, or residential concentrations or distributions, the effects of which are not adequately reflected in an impact statement on the water quality management or areawide plans encompassing the works. Factors that must be considered in determining if induced changes are significant include but are not limited to: the land area subject to increased development as a result of the treatment works; the relative increase in population which may be induced; the potential for overloading sewage facilities; the extent to which landowners may benefit from the areas subject to increased development; and the nature of land use regulations in the affected area and their potential effects on the development.

(b) The works or plan will result in a significant displacement of population.

(c) The works or plan will have significant adverse imparts on public parks or other areas of recognized scenic or recreational value.

(d) The works or plan will have significant adverse impacts on areas of recognized archeological value or properties listed in or being considered for nomination to the National Register of Historical Places.

(e) The works or plan will significantly deface an existing residential area.

(f) The works or plan will include or induce development which will have a significant adverse effect upon local ambient air quality, local ambient noise levels, surface or groundwater quality, fish, wildlife, their natural habitats, or other natural elements.

(g) The works or plan involves a significant diversion of effluent from one basin to another (or to the ocean) and the diversion will adversely affect the quality or quantity of the water in a basin.

(h) The treated effluent is being discharged into a body of water where the present classification is being challenged as too low to protect present uses, and the effluent will not be of sufficient quality to meet the requirements of such uses.

(i) The environmental impact of the works or plan is highly controversial based on environmental issues raised by a party or parties with recognized legal standing as defined in Sierra Club v. Morton, 92 S.Ct. 1361 (Apr. 19, 1972), which can be found in 3 Environment Reporter Cases (ERC) 2039.

§ 6.55 Procedures for preparation of impact statements for plans.

(a) *General.* (1) Areawide waste treatment management plans set forth in Section 208 of the Federal Water Pollution Control Act Amendments of 1972 will be required pursuant to 40 CFR Part 35. Areawide plans must be certified by the Governor or his designee and approved by the Administrator. Once a plan is approved, the Administrator shall not make any grant for construction of a publicly owned treatment works except for a works in conformity with this plan.

(2) Until areawide plans are developed, other plans will be required pursuant to Part 35 of this chapter.

(b) *Environmental assessment and public hearing.* (1) General. An environmental assessment must be included as an integral part of any plans submitted for approval pursuant to Part 35 of this chapter. In addition, a record of a public hearing must be submitted with such plans. The Regional Administrator may also require a grant applicant to submit an assessment and record of public hearing for any water quality management planning that he considers relevant to a proposed wastewater treatment works. Failure to satisfy any of these requirements will justify a refusal by the Regional Administrator to approve plans and specifications for treatment works.

(2) The environmental assessment must be included as an integral part of the plan whether or not Federal technical or financial assistance was utilized in the development of the plan. The assessment of alternatives must include as a minimum those items listed in paragraph (b)(4) of this section. A separate summary of the assessment incorporated in the plan may be requested by regional personnel.

(3) Responsibility for the environmental assessment. The planning agency responsible for developing the required plans shall include as part of the plan an environmental assessment of all feasible alternative water quality management strategies. Prior to acceptance of the plan, regional personnel shall review the plan and record of public hearing to assure that environmental matters have been properly considered. If any of the data or analyses in the plan are used by the regional personnel in developing an impact statement, the Regional Administrator must assume responsibility for the reliability and comprehensiveness of the data or analyses used.

(4) Content of assessment incorporated in the plan. In assessing the environmental impacts of alternative water quality management strategies, the State or local agency responsible for developing the plan shall as a minimum address in writing the questions outlined in the National Environmental Policy Act. The questions are amplified in § 6.32 of Subpart C of this part, paragraphs (a) through (g). The questions in § 6.32 (a), (b), (c), (e), and (f) must be answered for each alternative strategy and those in § 6.32 (d) and (g) must be answered considering all the alternatives.

(5) Adequacy of assessment. If the environmental assessment incorporated in the plan is judged inadequate, further consideration of the request for approval of the plan must be deferred until the deficiencies are remedied in writing.

(6) Public hearing. A record of a public hearing on the plan must be submitted with any plan required pursuant to paragraph (b)(1) of this section. Hearing requirements are set forth in § 6.58 of this subpart. The hearing should be held before the plan is finalized so that the public can assist the planning agency in identifying valid environmental issues while the plan is being formulated.

(c) *Environmental review.* The Agency will review, in accordance with § 6.20 of Subpart B and § 6.54 of this subpart, all plans submitted for approval or plans on which assessments were requested, to determine if they will have any significant impacts on the environment. If the Regional Administrator determines that there may be such impacts, the applicant may be requested to submit additional environmental data or analyses. The applicant will be given written notice of what additional material he must submit under these circumstances.

(d) *Notice of intent and impact statement.* If the environmental review indicates a significant impact on the environment and if either of the following conditions is met, the Regional Administrator shall issue a notice of intent and prepare an impact statement on the plan in accordance with the procedures in Subpart B of this part:

(1) If the impacts are such that they cannot be adequately treated on a smaller scale than that of the plan, e.g., diversion of water from one river basin to another, or gradual depletion of the groundwater aquifer over a large area because of discharge of the effluent through ocean outfalls rather than using it to recharge the aquifer;

(2) If the plan is sufficiently detailed to permit at least partial environmental analysis of most of the treatment works encompassed by it, thus minimizing either the number of impact statements that may have to be written on individual works in the planning area at a later date or reducing the amount of effort that would have to be expended in preparing such statements at a later date.

Notices of intent and impact statements shall be prepared and distributed in accordance with the procedures in Subpart B of this part.

(e) *Negative declaration.* If the regional personnel, after completion of the environmental review, determine that the plan will not have a significant impact on the environment, or that neither of the conditions set forth in paragraphs (d)(1) and (2) of this section are met, a negative declaration shall be prepared in accordance with the procedures in Subpart B of this part.

§ 6.56 Procedures for preparation of impact statements for wastewater treatment works.

(a) *General.* (1) The States and their political subdivisions have primary responsibility for water pollution control. Treatment works generally are initiated and designed by a community or a regional authority and submitted to the State for approval. The construction grant program administered by the Agency provides Federal financial assistance to any State, municipality, or intermunicipal or interstate agency for the construction of treatment works. The intent of this program is to assist the State and local entities in meeting their waste treatment responsibilities.

(2) Although the Agency does not participate directly in the formulation of treatment works proposals, it does provide guidance to assure construction of well-designed treatment works which will meet water quality standards and other requirements. In addition, to satisfy the requirements of the National Environmental Policy Act of 1969, the Agency must determine if the proposed treatment works will have a significant impact upon the environment and, if so, prepare and circulate an environmental impact statement before awarding the grant. This assures that environmental considerations are properly accounted for in the final design.

(b) *Environmental assessments and public hearings.*—(1) *General.* (i) Applicants for grants for treatment works shall prepare an assessment and hold a public hearing for each treatment works. The assessment and hearing record shall be submitted prior to approval of plans, specifications, and detailed design drawings submitted for approval. The Regional Administrator may in consultation with the applicant determine that a single assessment and public hearing will suffice for a number of related treatment works. The plans, specifications, and detailed design drawings cannot be approved unless an adequate assessment has been developed by the applicant and has been commented on by the State and local clearinghouses pursuant to Office of Management and Budget Circular No. A–95.

(ii) When a number of separate grant applications are being submitted in a fiscal year for treatment works that are constituent parts of a larger system, regional personnel may delay approval of plans and specifications for the various treatment works until some or all of the works and their assessments can be reviewed together to allow the Agency to properly evaluate the cumulative impact of the individual works. The regional personnel may also request environmental information from an applicant(s) on the cumulative environmental impacts of the treatment works and alternatives to them, if this information is not available in the applications, assessments, or plan(s) encompassing the projects (see also § 6.56(c)).

(iii) As specified in § 6.52(c) of this subpart, ongoing projects must also be reviewed. If it appears that an impact statement may be required or that sufficient environmental information is not available to make a proper determination, the grant applicant may be requested to submit an environmental assessment which would provide the needed information.

(2) *Responsibility for preparation of assessments*—(i) *Applicant's responsibility.* The applicant is responsible for preparing an adequate environmental assessment for a treatment works.

(ii) *Regional offices.* The regional personnel are responsible for the approval or disapproval of plans and specifications and the acceptance of an assessment. Regional personnel shall review the applicant's assessment and determine the reliability of the applicant's data and the adequacy of the alternatives discussed. This may involve field inspection of the sites of proposed works. If the assessment is used by the regional personnel in developing an impact statement, the Regional Administrator must assume responsibility for the reliability and comprehensiveness of the data or analyses used.

(3) *Content of assessment.* An applicant's environmental assessment must contain the following:

(i) A comparative evaluation of the major alternatives including the proposed treatment works.

(ii) Answers to the six questions outlined in § 6.32 (a) through (g). The questions in § 6.32 (a), (b), (c), (e), and (f) must be answered for each alternative and those in § 6.32 (d) and (g) must be answered considering all of the alternatives.

(iii) A complete description of how the treatment works', design and construction controls will minimize the adverse impact on all aspects of the environment.

(4) *Adequacy of assessment.* If the assessment is judged inadequate, the applicant shall be notified that the evaluation will be suspended until the deficiencies are remedied in writing. The assessment will be used in the Agency's environmental review to determine if environmental factors are properly incorporated into the proposed treatment works and to determine if an environmental impact statement is required pursuant to NEPA.

(5) *Public hearing.* The applicant shall submit with the assessment a record of a public hearing held pursuant to § 6.58 of this subpart. The public hearing should be held concurrently with the development of the project design and environmental assessment. The purpose of the hearing is to allow the public (environmental/conservation groups, industries, and individuals) to assist the applicant in identifying valid environmental issues which must be considered in the treatment works development stage to avoid possible major modifications at a later date.

(c) *Environmental review.* An environmental review must be conducted for each treatment works in accordance with § 6.20 of subpart B of this part and § 6.54 of this subpart. These reviews must be conducted as early as practicable in the grant review process but no later than prior to the approval of plans, specifications, and detailed design drawings. The Regional Administrator is responsible for determining the proper scope of the NEPA review; he is not necessarily bound by the scope of the treatment works defined in the application. For example, when a grant application is for a constituent part of a larger treatment works, the regional personnel must also determine whether to conduct an environmental review on the larger works before deciding if plans and specifications should be approved or an impact statement prepared. In deciding upon the need for a broader environmental review, the regional personnel must consider if the individual grant is an irreversible element of the larger works and if the potential cumulative impacts of the elements comprising the larger works can be properly evaluated in a separate review of each treatment works. If the Regional Administrator determines that there may be significant impacts or that a broader environmental review is required, the applicant may be requested to submit additional environmental data or analyses. The applicant will be given formal written notice of what additional material he must submit.

(d) *Notice of intent and impact statement.* If the environmental review described in paragraph (c) of this section indicates a significant impact upon the environment, the Regional Administrator shall issue a notice of intent and prepare an impact statement on the appropriate scale proposed action. Notices of intent and impact statements shall be prepared and distributed in accordance with the procedures in subpart B.

(e) *Negative declaration.* If the regional personnel determine that the project will not have a significant impact on the environment, a negative declaration and environmental impact appraisal shall be prepared in accordance with the procedures in subpart B of this part.

§ 6.57 Content of environmental impact statements.

(a) Environmental impact statements for treatment works and water quality management or areawide plans will follow the format described in § 6.32 of subpart C of this part. The individual explanations in subpart C on the contents of the various sections to be included in the impact statement are also applicable. The following additional material should be included where appropriate.

(b) The impact statement section entitled "Environmental Impact on the Proposed Project or Plan" shall contain a description of the environmental impact that the proposed treatment works or plan might have on the surrounding area. Both adverse and beneficial effects need to be discussed. A brief summary

V 38 - 11 JAN 17 73 XUM

of the results of pertinent studies, such as the following, should be included: Topographic analyses (USGS maps); soil surveys; maps showing aquifer-recharge areas; bedrock geology showing fault lines and any other pertinent geological material; surface water hydrologic information with special emphasis upon low-flow and flood-flow conditions and levels, assimilative capacity of the receiving stream to maintain water quality standards or goals; potential water reuse within the system and for agricultural needs outside of the system; air, noise, and odor evaluations; aquatic and terrestrial wildlife and biological studies including wetland areas; effects upon areas of natural value and park lands; and relocation of people and compensation. Other factors which should be addressed, when pertinent, include: The overall design and operational reliability of the treatment works described in the plan; proposed construction techniques; sludge processing and disposal in relation to alternatives available; anticipated and potential odors; reuse and recycling features; tree clearing controls to be used; erosion control during construction; and architectural and landscaping proposals at the project sites. (The above studies or factors are not listed in order of importance.)

(c) The impact statement section entitled, "Adverse Impacts Which Cannot be Avoided Should the Proposal be Implemented," shall consider the following additional specific factors if pertinent: Wooded or wildlife habitat which will be lost; stream or downstream impoundment; siltation resulting from construction; possible disruption of a natural, cultural, or historic setting at or near the site; effects on general development of the area; and the impact of the additional quantity of flows and associated residual pollutants upon the receiving bodies of water.

§ 6.58 Public hearing requirements.

(a) *General.* A public hearing must be held on all wastewater treatment works, except when the requirement for such a hearing is waived by the Regional Administrator. A record of a public hearing must always be included with an areawide plan submitted to the Agency for approval and, when specifically requested by a Regional Administrator in writing, one must be held on a water quality management plan. Neither plans, specifications, and detailed design drawings for the treatment works, nor the areawide plan can be approved until the record of the hearing is received. The record shall contain, as a minimum, a list of witnesses together with the text of each presentation and a statement that the participants at the hearing were informed that one of the purposes of the hearing is to discuss the environmental effects of the proposed treatment works and alternatives to it as required by the Environmental Protection Agency.

(b) *Public notice.* (1) The potential grantee must provide adequate notice to the public of the hearing. Adequate notice shall be considered to include, at least thirty (30) days prior to the date of such hearing:

(i) Notice given to the public by adequate advertisement identifying the works or plan, announcing the date, time, and place of such hearing, and announcing the availability of detailed information on the proposed works or plan for public inspection at one or more locations in the area in which the works will be located. Detailed information shall include, as a minimum, a complete description of the works or plan, cost and financing information, alternatives to the proposed works or plan, a detailed description of the effects of the works or plan on land use, and a statement that one of the purposes of the hearing is to discuss the potential environmental impacts of the works or plan and alternatives to it.

(ii) Notification to the appropriate State and local agencies and to the appropriate State and metropolitan clearinghouses.

(iii) Notification to interested environmental and conservation action groups.

(2) The potential grantee shall submit with the record of the public hearing: (i) a copy of any advertisement published, broadcast, or otherwise issued pursuant to this section; (ii) a list of those notified; and (iii) a certification that the hearing was held in accordance with the notification requirements of this section.

(c) *Waiver of hearing on grant applications.* A request to waive the hearing on a grant application for a wastewater treatment works must be submitted in writing prior to submission of the first grant application. Such requests will be acted upon promptly by the Regional Administrator. Requests must include a description of the works, the estimated cost of the works, the area that will be serviced, and the reasons the grantee feels a public hearing would not serve the public interest. Waivers will, in general, only be granted for minor works such as small additions, modifications to existing works, or cases where a hearing held on a plan encompassing the works was sufficiently comprehensive to cover the works in detail.

§ 6.59 Project commencement.

Plans, specifications, and detailed design drawings cannot be approved until a negative declaration has been prepared or the thirty (30) day waiting period after forwarding the final impact statement to CEQ has expired. In addition, before plans and specifications can be approved, the proposed treatment works must be modified to conform with any changes suggested during the impact statement process that the Agency deems necessary.

Subpart F—Guidelines for the Preparation of Environmental Impact Statements for Research and Monitoring Projects and Activities

§ 6.60 Purpose.

This subpart amplifies the general Agency policies and procedures described in Subparts A through D by providing detailed procedures for the preparation of impact statements on projects of the Office of Research and Monitoring.

§ 6.61 Definitions.

(a) "Project." This term will be used collectively for the three project types below.

(1) "Intramural (in house) project." A project undertaken with resources other than grant or contract funds.

(2) "Extramural project." A project undertaken with grant or contract funds.

(3) "Demonstration project." A project which shows the applicability of a piece of developed technology. It is a project which is carried out at or near full-scale and has a high probability of success. A demonstration project is always an extramural project.

(b) "Appropriate program official." The official within the Office of Research and Monitoring to whom the "responsible official" delegates most of the work related to compliance with NEPA.

(c) "Decision official." The individual responsible for determining if a project will be funded. The assignment of this role will vary according to task cost and delegation of authority.

(d) "EIS-associated documents." Notice of intent, negative declarations, environmental appraisals, and news releases.

§ 6.62 Applicability.

(a) This subpart applies to all projects under the direction of the Assistant Administrator for Research and Monitoring with the partial exception of projects funded under the Federal Water Pollution Control Act Amendments of 1972 (to be called the Act). The specific procedures to be followed for various project types are set forth in § 6.65 of this subpart.

(b) Except for those projects discussed in the next paragraph, projects funded under the Act are exempt from the complete procedures set forth in § 6.65. However, a brief environmental review will be conducted by the appropriate program official of all projects funded under the Act and an environmental impact statement voluntarily prepared by the Agency when a project will have any of the adverse impacts discussed in § 6.64 of this subpart. Assessments must be submitted on these projects in accordance with the requirements of § 6.65(a), but negative declarations and environmental appraisals are not required.

(c) Projects funded under the Act that will result in construction of any wastewater treatment works or will result in the introduction of pesticides, radioactive materials, or other hazardous substances into the environment, shall not be exempt from the complete procedures set forth in § 6.65 of this subpart. An EIS will be prepared if the project will have any of the significant environmental impacts discussed in § 6.64 of this subpart.

§ 6.63 Responsibilities.

(a) *Responsible official.* The "responsible official" for Agency actions covered by this subpart is the Assistant Administrator for Research and Monitoring. The Assistant Administrator will delegate most of the work to the appropriate program official. The responsibilities of the "responsible official," in addition to those in § 6.14(a) of Subpart A of this part are:

(1) Insures that environmental assessments are submitted, and the appropriate program officials conduct environmental reviews, prepare impact statements and other EIS-associated documents, and take such subsequent actions as are delegated to them by the "responsible official."

(2) When projects significantly affect more than one regional office, are highly controversial, are of national significance, or "pioneer" Agency policy, the appropriate program official shall have the project's continuation approved by the Program Management Division, Office of Program Operations, Assistant Administrator for Research and Monitoring.

(b) *Assistant Administrator.* The responsibilities of the Office of the Assistant Administrator as described in § 6.14 (f) of Subpart A of this part shall be assumed by the Assistant Administrator for Research and Monitoring for Agency actions covered by this subpart.

(c) *Program Management Division, Office of Program Operations, Assistant Administrator for Research and Monitoring.* (1) Assists the Office of Federal Activities in coordinating the training of personnel involved in the review and preparation of impact statements and other EIS-associated documents.

(2) Advises the Assistant Administrator for Research and Monitoring, through the Deputy Assistant Administrator for Program Operations, concerning projects which significantly affect more than one regional office, are highly controversial, are of national significance, or "pioneer" Agency policy, when these projects have had or should have had an environmental impact statement prepared on them.

(d) *Regional Administrators.* The responsibilities of the Regional Administrator with regard to projects of the Office of Research and Monitoring which affect his region will be to:

(1) Provide technical and administrative assistance in environmental reviews and in the preparation of impact statements.

(2) Advise the appropriate program officials and the Program Management Division, Office of Program Operations, of any projects which will significantly affect more than one regional office, are highly controversial, are of national significance, or "pioneer" Agency policy, when these projects have had or should have had an environmental impact statement prepared on them.

§ 6.64 Criteria for the preparation of environmental impact statements.

(a) An impact statement shall be prepared and processed by the Office of Research and Monitoring when:

(1) The project will induce or encourage significant changes in industrial, commercial, or residential concentrations or distributions, the effects of which are not adequately reflected in an impact statement on plans encompassing the project. Factors that must be considered in determining if induced changes are significant include but are not limited to: the land area subject to increased development as a result of the project; the relative increase in population which the project may induce; the potential for overloading sewage facilities; the extent to which landowners may benefit from the areas subject to increased development; and the nature of land use regulations in the affected area and their potential effects on the development.

(2) The project will have significant adverse impacts on public parks or other areas of recognized scenic or recreational value.

(3) The project will have significant adverse impact on areas of recognized archeological value or properties listed in or being considered for nomination to the National Register of Historical Places.

(4) The project will significantly deface an existing residential area.

(5) The project will include or induce development which will have a significant adverse effect upon local ambient air quality, local ambient noise levels, surface or groundwater quality, fish, wildlife, their natural habitats, or other natural elements.

(6) The project involves a significant diversion of effluent from one basin to another (or to the ocean) and the diversion will adversely affect the quality or quantity of the water in a basin.

(7) When the treated effluent is being discharged into a body of water where the present classification is being challenged as too low to protect present uses, and the effluent will not be of sufficient quality to meet the requirements of such uses.

(8) The environmental impact of a project is highly controversial based on environmental issues raised by a party or parties with recognized legal standing as defined in Sierra Club v. Morton, 92 S.Ct. 1361 (Apr. 19, 1972) which can be found in 3 Environmental Reporter Cases (ERC) 2039.

(9) The project consists of field tests involving the introduction of pesticides, radioactive materials, or other hazardous substances into the environment by the Office of Research and Monitoring, its grantee, or its contractor.

(10) There is a high probability of a project ultimately being implemented on a large scale and the broad scale application may result in significant impacts, even if the proposed project will not have any significant impacts on the immediate area in which it will be located.

(b) When a project is conducted completely within a laboratory or other facility, and external environmental effects have been minimized by providing effective methods for disposal of laboratory wastes and effective safeguards to prevent accidental introductions of hazardous materials to the environment, an impact statement will normally not be necessary.

§ 6.65 Procedures for preparation, distribution, and review of EIS's and other EIS-associated documents.

(a) Environmental assessment:

(1) Environmental assessments shall be submitted to the Agency on certain extramural projects. These include all grant applications and proposals for sole-source contracts. In the case of competitive proposals, assessments need not be submitted by potential contractors because the decision on whether an impact statement is required must be made and the impact statement or negative declaration completed by the Agency before a request for proposal (RFP) is issued. If there is a question concerning the need for an assessment, the potential contractor or grantee should consult with the appropriate official responsible for the grant or contract.

(2) The assessment shall contain the same sections specified for impact statements in § 6.32 in Subpart C of this part. Copies of § 6.32 (or more detailed guidance when available) and a notice alerting potential grantees and contractors of the assessment requirements shall be included in all grant application kits, attached to letters concerning the submission of unsolicited proposals, and included with all requests for proposals (RFP's) when such proposals are sole-source.

(b) Environmental review: The appropriate program official will briefly review all projects to determine which ones will affect the environment external to the laboratory or facility in which the work will be performed. If the project will not affect the external environment, no further review is necessary and a negative declaration stating there will be no external impacts will be prepared. If a project will affect the external environment, a complete environmental review of the project will be conducted and a decision made on the need for an impact statement. This must be done before a grant or contract is made on extramural projects or before project commencement on intramural projects. Projects involving an RFP shall be reviewed before release of the RFP.

(1) Projects affecting the environment external to a laboratory or facility. On projects which will affect the environment external to a laboratory or facility in which the work will be performed, the appropriate program official shall coordinate the review with the Regional Administrator in whose region the project will be located. This coordinated review will include both an evaluation of any assessment submitted and an analysis of the need for an impact statement. If either reviewer considers the assessment inadequate, steps shall be taken to have it modified to incorporate the recommendations of that reviewer. If either reviewer determines that the project will have a significant environmental impact under the guidelines of § 6.20 of Subpart B of this part or the criteria of § 6.64 of this subpart, an impact statement shall be prepared.

(2) Projects not affecting the environment external to a laboratory or facility. If the appropriate program official de-

V 38 - 11 JAN 17 73 XUM

termines that the project will not affect the environment external to a laboratory, he will prepare a negative declaration for the record (an environmental appraisal is not required) stating that the project will not affect the external environment and an impact statement is not required. He will then forward the negative declaration and other project documents to the appropriate decision official.

(c) Notice of intent and environmental impact statement:

(1) If any of the projects discussed in paragraph (b)(1) of this section will have a significant effect on the environment, the appropriate program official will prepare a notice to the appropriate decision official for a determination on whether the project will be funded. If the project will be funded, the appropriate program official will commence preparation of the draft impact statement. The appropriate program official, through his National Environmental Research Center Director or Headquarters Division Director, shall request the Regional Administrator to assist him in the preparation and distribution of the statement as specified in Subpart B of this part.

(2) Before release to the Council on Environmental Quality, all draft and final impact statements must be forwarded through the appropriate National Environmental Research Center Director or Headquarters Division Director to the Program Management Division, Office of Program Operations, Assistant Administrator for Research and Monitoring, for approval.

(d) Negative declaration and environmental impact appraisal: If the environmental review indicates that a project discussed in paragraph (b)(1) of this section will not have any significant environmental impacts, the appropriate program official shall prepare a negative declaration and environmental impact appraisal and forward them to the appropriate decision official. If the project is to be funded, the appropriate program official will distribute the negative declaration where practical as described in § 6.25 in Subpart B of this part.

(e) Project commencement: A contract or grant will not be awarded on an extramural project, nor an intramural project begun, until a negative declaration has been issued or the thirty (30) day waiting period after forwarding the final impact statement to the CEQ has expired.

(f) The environmental impact statement process for the Office of Research and Monitoring is shown graphically in Exhibit 8.

Subpart G—Guidelines for the Preparation of Environmental Impact Statements for Air Quality Projects and Activities

§ 6.70 Purpose.

This subpart amplifies the general Agency policies and procedures described in Subparts A through D of this part by providing detailed procedures for the preparation of impact statements on air quality projects of the Office of Air and Water Programs.

§ 6.71 Definitions.

(a) "Project." This term will be used collectively for the three project types below.

(1) "Intramural (in-house) project." A project undertaken with resources other than grant or contract funds.

(2) "Extramural project." A project undertaken with grant or contract funds.

(b) "Project Officer." The individual responsible for the technical direction and evaluation of a grantee's or contractor's performance.

(c) "EIS-associated documents." Notice of intent, negative declarations, environmental appraisals, and news releases.

§ 6.72 Applicability.

This subpart applies to all air quality projects undertaken by the Office of the Assistant Administrator for Air and Water Programs. The specific procedures to be followed for various project types are set forth in § 6.75 of this subpart.

§ 6.73 Responsibilities.

(a) *Responsible official.* The "responsible official" for actions covered by this subpart is the Deputy Assistant Administrator for Air Quality Planning and Standards or the Deputy Assistant Administrator for Mobile Source Air Pollution Control depending upon the specific action. The responsibilities of this "responsible official," in addition to those in § 6.14(a) of Subpart A of this part are:

(1) Insures that environmental assessments are submitted, and that project officers conduct environmental reviews on all projects, prepare impact statements and other EIS-associated documents, and take such subsequent actions as are delegated to them by the "responsible official."

(2) When projects significantly affect more than one regional office, are highly controversial, are of national significance, or "pioneer" Agency policy, the Project Officer shall have the project's continuation approved by the appropriate Deputy Assistant Administrator.

(3) Assists the Office of Federal Activities in coordinating the training of personnel involved in the review and preparation of impact statements and other EIS-associated documents.

(4) Advises the Assistant Administrator for Air and Water Programs concerning projects which significantly affect more than one regional office, are highly controversial, are of national significance, or "pioneer" Agency policy, when the projects have had or should have had an environmental impact statement prepared on them.

(b) *Assistant Administrator.* The responsibilities of the Office of the Assistant Administrator as described in § 6.14 (f) of Subpart A of this part shall be assumed by the Assistant Administrator for Air and Water Programs for Agency actions covered by this subpart.

(c) *Regional Administrator.* The responsibilities of the Regional Administrator with regard to air quality projects which affect his region will be to:

(1) Provide technical and administrative assistance in environmental reviews and in the preparation of impact statements.

(2) Advise the Project Officer and the appropriate Deputy Assistant Administrator of any projects which will significantly affect more than one regional office, are highly controversial, are of national significance, or "pioneer" Agency policy, when these projects have had or should have an environmental impact statement prepared on them.

§ 6.74 Criteria for the preparation of environmental assessments and impact statements.

(a) *Assessment preparation criteria.* Environmental assessments need not be submitted with all grant applications and contract proposals. The following sections describe those types of projects which will or will not require the submission of assessments with a grant application or contract proposal. In the case of competitive proposals, assessments need not be submitted by potential contractors even if the proposal is for a project type listed below because an impact statement or negative declaration and environmental appraisal must be prepared by the Agency before an RFP is issued.

(1) *Project types requiring assessments.* Any project not included below that will involve effects external to the facility in which the work will be performed (e.g., construction).

(2) *Project types not requiring assessments.* (i) Training activities, including but not limited to, smoke generating equipment used for the purpose of training inspectors and other personnel in techniques for evaluating particulate emissions from plumes, and demonstration of emissions from incinerators.

(ii) Projects not involving effects on the environment outside the laboratory or facility in which the work is being conducted.

(iii) Grants for planning, developing, establishing, improving, or maintaining programs for the prevention and control of air pollution.

(iv) Grants to help defray the air quality planning program costs for any interstate air quality control region.

(v) Routine source testing (e.g., instrumentation of a smoke stack).

(b) *Impact statement preparation criteria.* An environmental review shall be performed on all air quality projects of the Office of Air and Water Programs. The guidelines set forth in § 6.20 of Subpart B of this part shall be utilized in determining whether an impact statement shall be prepared.

§ 6.75 Procedures for preparation, distribution, and review of EIS's and other EIS-associated documents.

(a) *Environmental assessments.* (1) Environmental assessments shall be submitted to the Agency as specified in § 6.74 of this subpart. If there is a question concerning the need for an assessment, the potential contractor or grantee should consult with the Project Officer for the grant or contract.

(2) The assessment shall contain the same sections specified for impact statements in § 6.32 of Subpart C of this part. Copies of § 6.32 (or more detailed guidance when available) and a notice alerting potential grantees and contractors of the assessment requirements in § 6.74 of this subpart shall be included in all grant application kits, attached to letters concerning the submission of unsolicited proposals, and included with all requests for proposals (RFP's).

(b) *Environmental review.* All projects, both those with and without assessments, shall be reviewed by the "responsible official" before a grant or contract is made on extramural projects or before commencement on intramural projects. Projects involving an RFP shall be reviewed before release of the RFP.

(1) *Projects requiring assessments or having effects external to a facility.* On projects requiring an assessment or projects not requiring assessments that will affect the environment external to the facility in which the work will be performed, the "responsible official" shall coordinate the review with the Regional Administrator in whose region the project will be located. This coordinated review will include both an evaluation of any assessment submitted and an analysis of the need for an impact statement. If either reviewer considers the assessment inadequate, steps shall be taken to have it modified to incorporate the recommendations of that reviewer. If either reviewer determines that the project will have a significant environmental impact under the guidelines of § 6.20 of Subpart B of this part, an impact statement shall be prepared.

(2) *Other projects.* On projects not requiring an assessment and not affecting the environment external to a facility, the "responsible official" will prepare a negative declaration (an environmental appraisal is not required) stating that the project will have no environmental effects external to the facility in which the work will be performed.

(c) *Notice of intent and environmental impact statement.* (1) If any of the projects reviewed in paragraph (b)(1) of this section will have a significant impact on the environment, the "responsible official" will assure that a notice of intent and a draft impact statement are prepared.

(2) The "responsible official" shall also request the appropriate Regional Administtrator to assist him in the preparation and distribution of the environmental impact statement. Distribution will be as specified in Subpart B of this part.

(d) *Negative declaration and environmental impact appraisal.* If the environmental review indicates that a project discussed in paragraph (b)(1) of this section will not have any significant environmental impacts, the "responsible official" will prepare a negative declaration and environmental impact appraisal and, where practicable, distribute them as described in § 6.25 in Subpart B of this part. See paragraph (b)(2) of this section for the procedure to follow on other projects reviewed.

(e) *Project commencement.* A contract or grant will not be awarded on an extramural project, nor an intramural project begun, until a negative declaration has been issued or the thirty (30) day waiting period after forwarding the final impact statement to the CEQ has expired.

Subpart H—Guidelines for the Preparation of Environmental Impact Statements for Solid Waste Projects and Activities

§ 6.80 Purpose.

This subpart amplifies the general Agency policies and procedures described in Subparts A through D of this part by providing detailed procedures for the preparation of impact statements on projects of the Office of Solid Waste Management Programs.

§ 6.81 Definitions.

(a) "Project." A discernible effort or activity to accomplish a specific objective or end result.

(1) "Intramural (in-house) project." A project undertaken with resources other than grant or contract funds.

(2) "Extramural project." A project undertaken with grant or contract funds.

(b) "Project officer." The individual responsible for the technical direction and evaluation of a grantee's or contractor's performance.

(c) "EIS-associated documents." Notices of intent, negative declarations, environmental appraisals, and news releases.

§ 6.82 Applicability.

This subpart applies to all projects undertaken by the Office of Solid Waste Management Programs. The specific procedures to be followed for various project types are set forth in § 6.85 of this subpart.

§ 6.83 Responsibilities.

(a) *Responsible official.* The "responsible official" for Agency actions covered by this subpart is the Deputy Assistant Administrator for Solid Waste Management Programs. The responsibilities of this "responsible official," in addition to those in § 6.14(a) of Subpart A of this part are:

(1) Insure that environmental assessments are submitted by appropriate grant and contract applicants, and that project officers conduct environmental reviews on all projects and take such subsequent actions as are delegated to them by the "responsible official."

(2) Assist the Office of Federal Activities in coordinating the training of personnel involved in the review and preparation of all EIS-associated documents.

(3) Advise the Assistant Administrator for Categorical Programs concerning projects which significantly affect more than one regional office, are highly controversial, are nationally significant, or "pioneer" Agency policy.

(b) *Assistant Administrator.* The responsibilities of the Office of the Assistant Administrator as described in § 6.14 (f) of Subpart A of this part shall be assumed by the Assistant Administrator for Categorical Programs for Agency actions covered by this subpart.

(c) *Regional Administrator.* The responsibilities of the Regional Administrator with regard to projects of the Office of Solid Waste Management Programs which affect his region will be to:

(1) Assist the "responsible official" in the project review by commenting on the project, the project application and the applicant's environmental assessment. Among other things, the comments should identify those projects which will significantly affect more than one regional office, are highly controversial, nationally significant, or "pioneer" Agency policy.

(2) Assist the "responsible official" in the preparation and distribution of EIS-associated documents.

§ 6.84 Criteria for the preparation of environmental assessments and impact statements.

(a) *Assessment preparation criteria.* Environmental assessments need not be submitted with all grant applications and contract proposals. The following sections describe when an assessment is or is not required:

(1) *Grants*—(i) *Demonstration Projects.* Environmental assessments must be submitted with all applications for demonstration grants that will involve construction, land use (temporary or permanent), transport, sea disposal, any discharges into the air or water, or any other activity having any direct or indirect effects on the environment external to the facility in which the work will be conducted. Pre-application proposals for such grants will not require environmental assessments.

(ii) *Studies and investigations.* Grant applications for studies and investigations will not require assessments.

(iii) *Training.* Grant applications for training of personnel will not require assessments.

(iv) *Plans.* Grant applications for the development of comprehensive State, interstate, or local solid waste management plans will not require environmental assessments. A detailed analysis of environmental problems and effects should be part of the planning process, however.

(2) *Contracts*—(i) *Sole-source contract proposals.* Before a sole-source contract can be awarded, an environmental assessment must be submitted with a bid proposal for a contract which will involve construction, land use (temporary or permanent), sea disposal, any discharges into the air or water, or any other activity that will directly or indirectly affect the environment external to the facility in which the work will be performed. Assessments will not generally be required for contracts for studies, investigations, or training.

(ii) *Competitive contract proposals.* Assessments will not generally be required on competitive contract proposals.

(b) *Impact statement preparation criteria.* An environmental review shall be performed on those projects of the Office of Solid Waste Management Programs on which an assessment is required or which

V 38 - 11 JAN 17 73 XUM

may have effects on the environment external to the facility in which the work will be performed. The guidelines in § 6.20 of Subpart B of this part shall be utilized in determining whether an impact statement shall be prepared.

§ 6.85 Procedures for preparation, distribution, and review of EIS's and other EIS-associated documents.

(a) Environmental assessment:

(1) Environmental assessments shall be submitted to the Agency as specified in § 6.84 of this subpart. If there is a question concerning the need for an assessment, the potential contractor or grantee should consult with the appropriate project officer for the grant or contract.

(2) The assessment shall contain the same sections specified for impact statements in § 6.32 in Subpart C of this part. Copies of § 6.32 (or more detailed guidance when available) and a notice alerting potential grantees and contractors of the assessment requirements in § 6.84 of this subpart shall be included in all grant application kits, attached to letters concerning the submission of unsolicited proposals, and included with all requests for proposals (RFP's).

(b) Environmental review: An environmental review will be conducted on all projects which require assessments or which will affect the environment external to the facility in which the work will be performed. This review must be conducted before a grant or contract award is made on extramural projects or before project commencement on intramural projects. The guidelines in § 6.20 of Subpart B will be utilized in determining if the project will have a significant environmental effect. This review will include an evaluation of the assessment by both the "responsible official" and the appropriate Regional Administrator. The Regional Administrator's comments will include his recommendations on the need for an environmental impact statement. No detailed review or documentation is required on projects not requiring an assessment and not affecting the environment external to a facility, other than this determination.

(c) Notice of intent and environmental impact statement: If the project will have a significant impact on the environment, the "responsible official" will assure that a notice of intent and a draft impact statement are prepared. The "responsible official" shall request the appropriate Regional Administrator to assist him in the distribution of the environmental impact statement and other EIS-associated documents. Distribution will be as specified in Subpart B.

(d) Negative declaration and environmental impact appraisal: If the environmental review indicates that there will not be any significant environmental impacts, the "responsible official" will assure that a negative declaration and environmental impact appraisal are prepared. These documents need not be prepared for projects not requiring an environmental review.

(e) Project commencement: A project or grant will not be awarded on an extramural project, nor an intramural project begun, until a negative declaration has been issued (if one is required) or the thirty (30) day waiting period after forwarding the final impact statement to the CEQ has expired.

(f) The environmental impact statement process for the Office of Solid Waste Management Programs is shown graphically in Exhibit 9.

Subpart I—Guidelines for the Preparation of Environmental Impact Statements for Construction of Special Purpose Facilities and Facility Renovations

§ 6.90 Purpose.

This subpart amplifies the general Agency policies and procedures described in Subparts A through D by providing detailed procedures for the preparation of impact statements on construction and renovation of special purpose facilities.

§ 6.91 Definitions.

(a) "Special purpose facility." A building or space, including land incidental to the use thereof, which is wholly or predominantly utilized for the special purpose of an agency and not generally suitable for use for other purposes, as determined by the General Services Administration.

(b) "Program of requirements." A comprehensive document (booklet) describing program activities to be accomplished in the new special purpose facility or improvement. It includes architectural, mechanical, structural, and space requirements.

(c) "Scope of work." A document similar in content to the program of requirements but substantially abbreviated. It is usually prepared for small-scale projects.

§ 6.92 Applicability.

(a) *Actions covered.* These guidelines apply to all new special purpose facility construction, activities related to such construction (e.g., site acquisition and clearing), and any improvements or modifications to such facilities having potential environmental effects external to the facility. This includes new construction and improvements undertaken and funded by the Facilities Management Branch, Data and Support Systems Division, Office of Administration; by a regional office; or by a National Environmental Research Center.

(b) *Actions excluded.* This appendix does not apply to those activities of the Facilities Management Branch, Data and Support Systems Division, for which the branch does not have full fiscal responsibility for the entire project. This includes pilot plant construction, land acquisition, site clearing, and access road construction where the Facilities Management Branch's activity is only supporting a project financed by a program office. Responsibility for considering the environmental impacts of such projects rests with the office managing and funding the entire project. Other subparts of this regulation would apply depending on the nature of the project.

§ 6.93 Responsibilities.

(a) Responsible official: The "responsible official" for new construction and modification of special purpose facilities is as follows:

(1) The Chief, Facilities Management Branch, Data and Support Systems Division, shall be the responsible official on all new construction of special purpose facilities and on all improvement and modification projects for which the Facilities Management Branch has received a funding allowance.

(2) The Regional Administrator shall be the responsible official on all improvement and modification projects for which the regional office has received the funding allowance.

(3) The Center Director shall be the responsible official on all improvement and modification projects for which National Environmental Research Centers have received the funding allowance.

(b) The responsibilities of the responsible officials specified above, in addition to those in § 6.14(a) of subpart A of this part, are as follows:

(1) Ensure that environmental assessments are submitted when requested, that environmental reviews are conducted on all projects, and impact statements are prepared and circulated when there will be significant impacts.

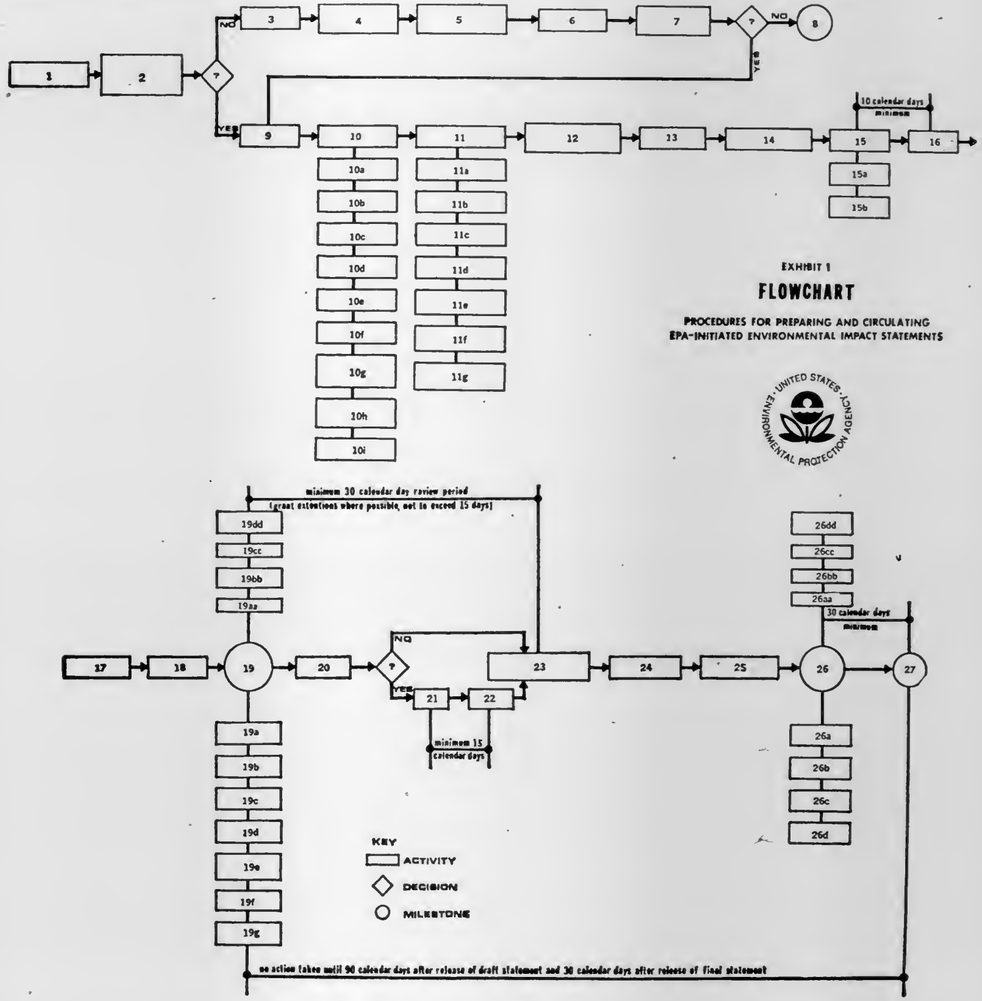
(2) Assist the Office of Federal Activities in coordinating the training of personnel involved in the review and preparation of impact statements and other EIS-associated documents.

§ 6.94 Criteria for the preparation of environmental assessments and impact statements.

(a) *Assessment preparation criteria.* An environmental assessment may be requested of a construction contractor or consulting architect/engineer employed by the Agency if they are involved in the planning or construction of special purpose facilities or in modifications to such facilities having potential environmental effects external to the facility. Such modifications include but are not limited to: Facility additions, changes in central heating systems or wastewater treatment systems, and land clearing for access roads and parking lots.

(b) *Impact statement preparation criteria.* An environmental review shall be performed on all actions involving construction of special purpose facilities and on improvements to such facilities. The guidelines set forth in § 6.20 of subpart B of this part shall be utilized to determine whether an impact statement shall be prepared.

§ 6.95 Procedures for preparation, distribution, and review of EIS's and other EIS-associated documents.



(a) *Environmental review and assessment.* (1) An environmental review shall be conducted when the program of requirements or scope of work has been completed for the construction, improvement, or modification of special purpose facilities. For special purpose facility

construction, the Chief, Facilities Management Branch, shall request the assistance of the appropriate program office and Regional Administrator in the review. For modifications and improvements, the appropriate responsible official shall request assistance in making the review from other cognizant Agency components.

(2) If construction contractors or consulting architect/engineers are involved, the responsible official may require them to submit an environmental assessment which will be used in the environmental review. The assessment shall contain the same sections specified for impact statements in § 6.32 of subpart C of this part. Contractors and consultants shall be notified in the appropriate contractual documents of this possibility.

(b) *Notice of intent, environmental impact statement, and negative declaration.* The responsible official shall decide at the completion of the environmental review whether there will be any significant environmental impacts. If there will be significant environmental impacts, a notice of intent and an environmental impact statement shall be prepared in accordance with the procedures outlined in § 6.22 of subpart B. If there will not be any significant environmental impacts, a negative declaration and environmental impact appraisal shall be prepared in accordance with the procedures outlined in § 6.25 of subpart B of this part.

(c) *Project commencement.* No construction or related activities can begin until a negative declaration has been issued and an environmental appraisal prepared or the thirty (30) day waiting period after forwarding the final impact statement to the Council on Environmental Quality has expired.

V 38 - 11 JAN 17 73 XUM

1. Applicant submits environmental assessment and other available data.
2. Agency performs environmental review at the earliest possible point in the development of the proposed action, decides if an EIS is required, prepares an EIS if the project will have a significant impact or if the project's impact is likely to be highly controversial.
3. Where required prepare environmental impact appraisal.
4. Prepare and where practicable circulate negative declaration to Federal, State and local agencies, interested persons, local newspapers, and other media.
5. File impact appraisal, negative declaration, and other supportive documents in-house. (Available for public inspection)
6. Receive and evaluate comments.
7. Change decision if necessary.
8. Administrative action.
9. Prepare notice of intent.
10. Circulate notice of intent.
a. Regional interests.
b. Office of Federal Activities.
c. Appropriate headquarters program office EIS coordinator.
d. Office of Public Affairs.
e. Office of Legislation.
f. Federal agencies.
g. State and local agencies, appropriate State, regional and metropolitan clearinghouses.
h. Interested persons.
i. Newspapers and other media as appropriate.
11. Prepare preliminary draft environmental impact statement and summary sheet (optional).
a. Description of the proposed action.
b. Environmental impact of the proposed action.
c. Adverse effects which cannot be avoided should the proposal be implemented.
d. Alternatives to the proposed action.
e. Relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity.
f. Irreversible and irretrievable commitments of resources which would be involved in the proposed action should it be implemented.
g. A discussion of problems and objections raised by other Federal, State and local agencies, and by private organizations and individuals to date.
12. Coordinate internally for review and comment with appropriate headquarters and regional elements (optional).
13. Evaluate comments and revise draft accordingly.
14. Notify OFA and appropriate headquarters program office EIS coordinator of intent to release draft.
15. Submit draft for review.
a. OFA (2 cys.).
b. Appropriate headquarters program office EIS coordinator (2 cys.).
16. Consider comments and revise draft accordingly.
17. Prepare transmittal letter with responsible official's signature.
18. Submit news release to local newspapers and other media (1 cy.).
19. Distribute draft and transmittal letter externally for review and comments.
a. Council on environmental quality (10 cys. and 2 NTIS accession notice cards).
b. Notify Office of Legislation of release (cys. as needed).
c. Notify Office of Public Affairs of release (2 cys.).
d. Field offices of appropriate Federal agencies (2 cys.).
e. Appropriate State and local agencies; appropriate State and metropolitan clearinghouses (2 cys.).
f. Interested persons (1 cy.).
g. Forward summary sheet to OMB–OMSC (2 cys.).
aa. Regional interests.
bb. Public Affairs Division if prepared in region (copies as needed).
cc. OFA (2 cys.).
dd. Appropriate headquarters program office EIS coordinator (2 cys.).
20. Determine need for public hearing.
21. Circulate public notice.
22. Conduct public hearing.
23. Review and evaluate suggestions, criticisms and comments received and reexamine the proposed course of action and alternatives. Include evaluation of comments generated at public hearing (if held).
24. Prepare final environmental impact statement.
25. Submit news release to local newspapers and other media (1 cy.).
26. Distribute final to interests submitting comments on the draft (1 cy.).
a. Council on Environmental Quality (10 cys. and 2 NTIS accession notice cards).
b. Notify Office of Legislation of release (cys. as needed).
c. Notify Office of Public Affairs of release (2 cys.).
d. Forward summary to OMB–OMSC (2 cys.).
aa. Regional interests.
bb. Public Affairs Division if prepared in region (copies as needed).
cc. OFA (2 cys.).
dd. Appropriate headquarters program office EIS coordinator (2 cys.).
27. Administrative action.

EXHIBIT 2

NOTICE OF INTENT TRANSMITTAL MEMORANDUM SUGGESTED FORMAT

_____
(Date)

ENVIRONMENTAL PROTECTION AGENCY,

_____
(Appropriate office)

_____
(Address, City, State, Zip Code)

To All Interested Government Agencies and Public Groups.

GENTLEMEN: In accordance with the guidelines for the preparation of environmental impact statements, attached is a notice of intent to prepare such a statement for the proposed Agency action specified below:

_____
(Official Project Name)

_____
(City, State)

_____
(Impact Statement No.)

If your organization needs additional information or wishes to participate in the preparation of the draft environmental impact statement, please advise the (appropriate office, city, State).

Very truly yours,

_____
(Appropriate EPA Office)

(List Federal, State, and local agencies to be solicited for comment.)
(List public action groups to be solicited for comment.)

NOTICE OF INTENT SUGGESTED FORMAT

Notice of Intent—Environmental Protection Agency

1. Project location:

City _____

County _____

State _____

2. Estimated projected costs:

Federal share (total) _____ $_____

Contract $_____ Grant $_____ Other $_____

Applicant share (if any)

(Name) _____ $_____

Other (specify) _____ $_____

Total _____ $_____

3. Period covered by project:

Beginning date _____
(Original date, if project covers more than 1 year)

Dates of different project phases_____

Approximate ending date_____

4. Estimated application filing date_____

EXHIBIT 3

NEWS RELEASE SUGGESTED FORMAT

Notice to the Public From the Environmental Protection Agency

This announcement is to inform the public that the Environmental Protection Agency (originating office, address) (will prepare, will not prepare, has prepared) a (draft, final) environmental impact statement on the following project:

_____
(Official Project Name)

_____
(Purpose of Project)

_____
(Project Location, City, County, State)

This notice is to implement the Agency's policy to inform the public to the maximum possible extent of environmental actions it is taking.

EXHIBIT 4

NEGATIVE DECLARATION SUGGESTED FORMAT

_____
(Date)

ENVIRONMENTAL PROTECTION AGENCY,

_____
(Appropriate office)

_____
(Address, City, State, Zip Code)

To All Interested Government Agencies and Public Groups.

GENTLEMEN: In accord with the procedures for the preparation of environmental impact statements, an environmental review has been performed on the proposed Agency action below:

_____
(Official Project Name)

_____
(Purpose of Project)

_____
(Project Originator)

_____
(Project Location, City, County, State)

_____
(Potential Agency Financial Share)

_____
(Other Funds Included)

After making an environmental review of the project, this Agency has decided not to prepare an environmental impact statement.

An environmental impact appraisal, which summarizes the review and the reasons why a statement is not required, is on file at the above office and will be available for public scrutiny upon request.

This Agency will proceed with the award of a (grant, contract) for this project.

Sincerely,

_____
(Appropriate EPA Official)

EXHIBIT 5

ENVIRONMENTAL IMPACT APPRAISAL SUGGESTED FORMAT

A. *Identify Project.*
Name of Applicant: _____
Address: _____
Project Number (if assigned): _____
B. *Summarize Assessment.*
1. Brief description of project: _____
2. Probable impact of the project on the environment: _____
3. Any probable adverse environmental effects which cannot be avoided: _____
4. Alternatives considered with evaluation of each: _____
5. Relationship between local short-term uses of environment and maintenance and enhancement of long-term productivity: _____
6. Any irreversible and irretrievable commitment of resources: _____
7. Public objections to project, if any, and their resolution: _____
8. Agencies consulted about the project:
State representative's name: _____
Local representative's name: _____
Other: _____
C. *Reasons for concluding there will be no significant impacts.*
(Discuss topics 2, 3, 5, 6, and 7 above, and how the alternative (topic 4) selected will avoid any major public objections or significant impacts, thereby making an impact statement unnecessary.)

_____
(Signature of appropriate official)

_____
(Date)

An Invaluable Reference Tool

1972/73 Edition

This guidebook provides information about significant programs and functions of the U.S. Government agencies, and identifies key officials in each agency.

Included with most agency statements are "Sources of Information" sections which give helpful information on:

- Employment
- Contracting with the Federal Government
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups

This handbook is a "must" for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month. In the last issue of the month the cumulative list will appear at the end of the issue.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1973, and specifies how they are affected.

Presidential Documents

Title 3—The President

PROCLAMATION 4178

Modifying Proclamation No. 3279, Relating to Imports of Petroleum and Petroleum Products

By the President of the United States of America

A Proclamation

The Director of the Office of Emergency Preparedness, with the advice of the Oil Policy Committee, has found that increases in domestic production in 1973 will not be sufficient to supply the expanded demand for petroleum and petroleum products during the year. He has therefore recommended an increase of 915,000 barrels per day in licensed imports into Districts I–IV, including the Canadian component of those imports.

The Director, with the advice of the Oil Policy Committee, has also found that there may be a threat of temporary shortage of No. 2 fuel oil in the current season and has recommended that the requirement for allocations of such fuel oil be suspended for the period January 1, 1973, through April 30, 1973. He has also recommended certain technical amendments to Proclamation No. 3279,[1] as amended, relating to foreign trade zones, gilsonite, oil shale and liquefied gases.

In each instance above, the Director has found that his recommended changes would not adversely affect the national security.

The Director, with the advice of the Oil Policy Committee, has taken into account the estimates of the Secretary of the Interior of the quantity of crude oil and natural gas liquids that will be produced in Districts I–IV, adjusted to reflect other national security determinations, and has recommended that Proclamation No. 3279, as amended, be further amended to adjust imports in conformity with these findings.

I agree with the findings and recommendations of the Director and deem it necessary and consistent with the security objectives of Proclamation No. 3279, as amended, to adjust the imports of petroleum and petroleum products, and to improve the administration of the program, as hereinafter provided.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, acting under and by virtue of the authority vested in my by the Constitution and laws of the United States, including section 232 of the Trade Expansion Act of 1962, do hereby proclaim that,

[1] 24 FR 1781; 3 CFR, 1959–1963 Comp., p. 11.

V 38 - 12 JAN 18 73 XUM

effective as of this date, Proclamation No. 3279, as amended, is further amended as follows:

1. Paragraph (a) of Section 1 is revised to read as follows:

"SEC. 1(a) In Districts I–IV, in District V, and in Puerto Rico, no crude oil, unfinished oils, or finished products may be entered for consumption or withdrawn from warehouse for consumption, except (1) by or for the account of a person to whom a license has been issued by the Secretary of the Interior pursuant to an allocation made to such person by the Secretary in accordance with regulations issued by the Secretary, and such entries or withdrawals may be made only in accordance with the terms of such license, or (2) as authorized by the Secretary pursuant to paragraph (b) of this section, or (3) as to finished products, by or for the account of a department, establishment, or agency of the United States, which shall not be required to have such a license but which shall be subject to the provisions of paragraph (c) of this section, or (4) crude oil, unfinished oils, or finished products which are transported into the United States by pipeline, rail, or other means of overland transportation from the country where they were produced, which country, in the case of unfinished oils or finished products, is also the country of production of the crude oil from which they were processed or manufactured or (5) as provided in paragraph (d) of this section, or (6) as otherwise provided in this Proclamation."

2. Paragraph (a) of Section 1A is amended as follows:

(a) In subparagraph (1) substitute "1973" for "1972."

(b) Subparagraph (2) is revised to read as follows:

"(2) During the period January 1, 1973, through December 31, 1973, Canadian imports under allocations made pursuant to this subparagraph (2) into Districts I–IV shall not exceed an average of 675,000 barrels per day. Entries for consumption of crude oil or unfinished oils transported by pipeline may be made until midnight January 15, 1974 under any license authorizing such imports from Canada for that period and until midnight January 15, 1973, under any license authorizing such imports from Canada for the preceding allocation period. The Secretary shall by regulation provide for allocations of such imports. The regulations shall provide that licenses issued under such allocations shall permit the entry, or withdrawal from warehouses, for consumption of Canadian imports only."

3. Subparagraph (1) of paragraph (a) of Section 2 is amended as follows:

(a) Substitute "2,025,000" for "1,165,000."

(b) Substitute the following for the third and fourth sentences:

"In addition to the imports permitted under the first sentence of this paragraph, for the period May 1, 1973, through December 31, 1973, and

for each allocation period thereafter, there may be imported into District I, an average of 50,000 barrels per day of No. 2 fuel oil, manufactured in the Western Hemisphere from crude oil produced in the Western Hemisphere, for allocation, under regulations of the Secretary, to persons in the business in District I of selling No. 2 fuel oil who do not have crude oil import allocations into Districts I–IV and who operate deep water terminals in District I or have throughput agreements with deep water terminal operators in District I who do not have crude oil import allocations into District I–IV, on a fair and equitable basis, to the extent possible, in relation to such persons' inputs of No. 2 fuel oil to such terminals, having regard to any product import allocation into Districts I–IV made to such persons."

4. Add subparagraph (4) to paragraph (a) of Section 2 as follows:

"(4) For the period January 1, 1973, through April 30, 1973, any person who is in the business of selling No. 2 fuel oil in Districts I–IV to be used as fuel may import such No. 2 fuel oil into Districts I–IV without reducing the quantities of crude oil, unfinished oils, and finished products that have been or may be imported under the provisions of Section 1, Section 1A, and Section 2 of this proclamation. Such imports shall require no allocation and licenses shall be available for such imports in accordance with regulations issued by the Secretary."

5. Paragraph (f) of Section 9 is amended to read as follows:

"(f) 'Crude Oil' means a mixture of hydrocarbons that existed in the liquid phase in natural underground reservoirs and remains liquid at atmospheric pressure after passing through surface separating processes (and are not natural gas products) and the initial liquid hydrocarbons (at atmospheric conditions) produced from tar sands, gilsonite, and oil shale;."

6. Subparagraph (1) of paragraph (g) of Section 9 is amended to read as follows:

"(1) The following liquefied gases, namely ethane, propane, butanes, ethylene, propylene and butylenes, which are derived by refining or other processing of natural gas, crude oil, or unfinished oils;."

IN WITNESS WHEREOF, I have hereunto set my hand this seventeenth day of January, in the year of our Lord nineteen hundred seventy-three and of the Independence of the United States of America the one hundred ninety-seventh.

Richard Nixon

EXECUTIVE ORDER 11696

Excusing Federal Employees in the Washington, D.C., Metropolitan Area From Duty for One-half Day on Friday, January 19, 1973

By virtue of the authority vested in me as President of the United States, it is hereby ordered as follows:

SECTION 1. Employees of Federal executive departments, independent establishments, and other agencies, including their field offices, shall be excused from duty for one-half day on Friday, January 19, 1973, the day preceding Presidential Inauguration Day, January 20, 1973. This order applies only to those employees whose official duty stations are located within the District of Columbia, Montgomery County and Prince Georges County in Maryland, and Alexandria City, Fairfax City, Falls Church City, Arlington County, Fairfax County, Loudoun County, and Prince William County in Virginia. This order shall not apply to those employees regularly scheduled to work on January 20, 1973, and who are entitled to a holiday on that date under 5 U.S.C. 6103(c).

SEC. 2. Employees of the Department of State, the Department of Defense, or other Federal departments, independent establishments, and agencies, who in the judgment of their agency heads should remain at their posts of duty for national security or other public reasons need not be excused.

SEC. 3. This one-half day shall be a holiday for the purposes of Executive Order 11582, dated February 11, 1971, 5 U.S.C. 5546 and 6103(b), and any other statute so far as it relates to the pay and leave of employees of the United States.

Richard Nixon

THE WHITE HOUSE,
January 17, 1973.

EXECUTIVE ORDER 11697

Inspection by Department of Agriculture of Income Tax Returns Made Under the Internal Revenue Code of 1954 of Persons Having Farm Operations

By virtue of the authority vested in me by section 6103(a) of the Internal Revenue Code of 1954 (68A Stat. 753; 26 U.S.C. 6103(a)), as amended by section 3(c) of the Interest Equalization Tax Act (Public Law 88-563, 78 Stat. 844), section 601(a) of the Excise Tax Reduction Act of 1965 (P.L. 89-44, 79 Stat. 153), and section 4(a) of the act of November 2, 1966 (Public Law 89-713, 80 Stat. 1109), it is hereby ordered that income tax returns made for taxable years beginning on or after January 1, 1967, of persons having farm operations shall be open to inspection to the extent readily available in the Internal Revenue Service (for the purpose of obtaining data about such persons' farm operations) by the Department of Agriculture as may be needed for statistical purposes only. If inspection of such returns is necessary such inspection shall be made in an office of the Internal Revenue Service and shall be in accordance and upon compliance with the rules and regulations prescribed by the Secretary of the Treasury in a Treasury Decision, relating to inspection by the Department of Agriculture of income tax returns made for taxable years beginning on or after January 1, 1967, of persons having farm operations, to the extent readily available in the Internal Revenue Service (for the purpose of obtaining data about such persons' farm operations), approved by me this date.

Richard Nixon

THE WHITE HOUSE,
January 17, 1973.

V 38 - 12 JAN 18 73 XUM

Rules and Regulations

Title 7—AGRICULTURE

Chapter III—Animal and Plant Health Inspection Service, Department of Agriculture

PART 301—DOMESTIC QUARANTINE NOTICES

Subpart—Witchweed

REGULATED AREAS

This document amends the list of counties and properties which are presently regulated under Federal quarantine because of witchweed. It removes from regulation various areas and properties in Jones, Moore, Richmond, and Wayne Counties in North Carolina. It also adds new properties not previously regulated in Jones, Lenoir, Richmond, and Wayne Counties in North Carolina; and Chesterfield County in South Carolina.

Pursuant to the provisions of sections 8 and 9 of the Plant Quarantine Act of August 20, 1912, as amended, and section 106 of the Federal Plant Pest Act (7 U.S.C. 161, 162, 150ee), and § 301.80–2 of the witchweed quarantine regulations, 7 CFR 301.80–2, as amended, a supplemental regulation designating regulated areas, § 301.80–2a, is hereby amended in the following respects:

A. In § 301.80–2a relating to the State of North Carolina under generally infested area the second paragraph of the description for Wayne County is changed as follows:

NORTH CAROLINA

(1) *Generally infested area.*

* * * * *

Wayne County. * * *

That area bounded by a line beginning at a point where U.S. Highway 13 and State Secondary Road 1006 intersect, and extending south along said road to its junction with State Secondary Road 1106, thence west along said road to its junction with State Secondary Road 1101, thence north and west along said road to its intersection with State Secondary Road 1105 thence north along said road to its intersection with U.S. Highway 13, thence east along said highway to the point of beginning.

B. In 301.80–2a relating to the State of North Carolina under suppressive area the entire description for Jones County is changed as follows:

NORTH CAROLINA

* * * * *

(2) *Suppressive area.*

* * * * *

Jones County. The Greene, Earl F., farm located on both sides of State Secondary Road 1127 and 0.9 mile northwest of the junction of said road and State Highway 41.

The Greene Estate, L. T., farm located on the east side of State Secondary Road 1123 and 0.5 mile south of the junction of said road and State Secondary Road 1124.

The Haddock, A. J., farm located at the end of State Secondary Road 1126 and 0.8 mile south of the junction of said road with State Secondary Road 1124.

The McDaniel, W. F., farm located on the south side of State Secondary Road 1122 at a point 0.8 mile southwest of the junction of said road and State Highway 58, said junction being 1.2 miles northwest of Olive Cross Roads.

The Philyaw, Wilford, farm located on the north side of State Secondary Road 1116 and 3.2 miles west of the junction of said road with State Secondary Road 1115.

The Simpson, W. W., farm located on the south side of State Secondary Road 1116 and 2.5 miles west of the junction of said road and State Secondary Road 1115.

The Wiley, Mrs. Bettie, farm located on the east side of State Secondary Road 1148 and 0.5 mile south of the Jones-Lenoir County line.

C. In § 301.80–2a relating to the State of North Carolina under suppressive area in the counties indicated, the descriptions for the following properties are added in alphabetical order as follows:

NORTH CAROLINA

* * * * *

(2) *Suppressive area.*

* * * * *

Lenoir County. * * *

* * * * *

The Waters, Thomas, estate located on the west side of State Secondary Road 1318 and 0.3 mile north of its junction with State Secondary Road 1317.

* * * * *

Richmond County. * * *

* * * * *

The Dumas, Elnora, farm located on the northeast side of State Secondary Road 1803 and 0.3 mile southeast of the intersection of said road and State Secondary Road 1825.

* * * * *

The Standback, Tommy, farm located on the east side of U.S. Highway 220 and 0.6 mile northeast of its junction with State Secondary Road 1433.

* * * * *

The Waters, Will, farm located on both sides of State Secondary Road 1623 and 0.4 mile southwest of its junction with State Secondary Road 1607.

* * * * *

Wayne County. * * *

* * * * *

The Gurley, Clara Lee, farm located on the south side of State Secondary Road 1330 and 0.1 mile west of the junction of said road and State Secondary Road 1332.

* * * * *

The Johnson, J. R., farm located on the south side of State Secondary Road 1330 and 0.1 mile west of the junction of said road and State Secondary Road 1332.

* * * * *

The McClenny, G. A. No. 2, farm located on both sides of State Secondary Road 1332 and 0.1 mile north of junction of said road and State Secondary Road 1330.

* * * * *

The Smith, Alfred, farm located on the north side of State Secondary Road 1330 and 0.9 mile west of junction of said road and North Carolina Highway 581.

* * * * *

D. In § 301.80–2a relating to the State of North Carolina under suppressive area the following properties are deleted in the counties indicated as follows: In Moore County the Bass, M. C., farm; the Burdette, Florence, farm; the Hennings, J. G., estate farm; the Martin, Conner, farm; the McCrimmon, Grover, farm; the Smith, M. L., farm; and the Vaughn, A. C., farm. In Richmond County the Campbell, Daniel E., farm; the Layton, E. D., farm; and the Quick, Julius, farm.

E. In § 301.80–2a relating to the State of South Carolina under suppressive area in Chesterfield County a description of the following property is added in alphabetical order as follows:

SOUTH CAROLINA

* * * * *

(2) *Suppressive area.*

* * * * *

Chesterfield County. * * *

* * * * *

The Keith, Jessie, farm located at the end of a dirt road and 0.7 mile north of its junction with a second dirt road, said junction being 0.1 mile northwest of the junction of State Secondary Highways 114 and 115.

F. In § 301.80–2a relating to the State of South Carolina under suppressive area in Chesterfield County, the property of Keith, Julius, is redescribed as follows:

SOUTH CAROLINA

* * * * *

(2) *Suppressive area.*

* * * * *

Chesterfield County. * * *

* * * * *

The Keith, Julius, farm located on the east side of a dirt road and 0.5 mile north of its junction with a second dirt road, said junction being 0.1 mile northwest of the junction of State Secondary Highways 114 and 115.

* * * * *

(Secs. 8 and 9, 37 Stat. 318, as amended, sec. 106, 71 Stat. 33; 7 U.S.C. 161, 162, 150ee; 29 FR 16210, as amended, 36 FR 20707, 21529, 21530; 37 FR 6327, 6505, 10554, 37 FR 7767, 7 CFR 301.80–2)

This amendment shall become effective on January 18, 1973.

The Deputy Administrator of the Plant Protection and Quarantine Programs has determined that infestations of witchweed exist or are likely to exist in the civil divisions and parts of civil divisions listed as regulated areas in paragraph (a), or that it is necessary to regulate such areas because of their proximity to witchweed infestations or their inseparability for quarantine enforcement purposes from witchweed infested localities.

V 38 - 12 JAN 18 73 XUM

The Deputy Administrator has further determined that each of the quarantined States, wherein only portions of the State have been designated as regulated areas, is enforcing a quarantine or regulation with restrictions on intrastate movement of the regulated articles substantially the same as the restrictions on interstate movement of such articles imposed by the quarantine and regulations in this subpart, and that designation of less than the entire State as a regulated area will otherwise be adequate to prevent the interstate spread of witchweed. Therefore, such civil divisions and parts of civil divisions listed above are designated as witchweed regulated areas.

To the extent that this revision relieves certain restrictions presently imposed, it should be made effective promptly in order to be of maximum benefit to persons subject to the restrictions which are being relieved. To the extent that this revision imposes restrictions, they are necessary in order to prevent the spread of witchweed, and should be made effective promptly to accomplish their purpose in the public interest. Accordingly, it is found upon good cause under the administrative procedure provisions of 5 U.S.C. 553, that further notice and other public procedure with respect to this revision are impracticable and contrary to the public interest, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

This amendment shall become effective January 18, 1973.

Done at Washington, D.C., this 12th day of January 1973.

LEO G. K. IVERSON,
Deputy Administrator, Plant Protection and Quarantine Programs.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Navel Orange Reg. 284]

PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

This regulation fixes the quantity of California-Arizona Navel oranges that may be shipped to fresh market during the weekly regulation period January 19–25, 1973. It is issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and Marketing Order No. 907. The quantity of Navel oranges so fixed was arrived at after consideration of the total available supply of Navel oranges, the quantity currently available for market, the fresh market demand for Navel oranges, Navel orange prices, and the relationship of season average returns to the parity price for Navel oranges.

§ 907.584 Navel Orange Regulation 284.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907), regulating the handling of Navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The need for this section to limit the respective quantities of Navel oranges that may be marketed from District 1, District 2, and District 3 during the ensuing week stems from the production and marketing situation confronting the Navel orange industry.

(i) The committee has submitted its recommendation with respect to the quantities of Navel oranges that should be marketed during the next succeeding week. Such recommendation, designed to provide equity of marketing opportunity to handlers in all districts, resulted from consideration of the factors enumerated in the order. The committee further reports that the fresh market demand for Navel oranges was fairly good last week. Prices f.o.b. averaged $3.52 a carton on a sales volume of 810 cars, compared with an average f.o.b. price of $3.59 a carton and sales of 632 cars a week earlier. Track and rolling supplies at 412 cars were up 37 cars from last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the respective quantities of Navel oranges which may be handled should be fixed as hereinafter set forth.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until February 20, 1973 (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time this regulation must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Navel oranges and the need for regulation; interested

persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this regulation effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on January 16, 1973.

(b) *Order.* (1) The respective quantities of Navel oranges grown in Arizona and designated part of California which may be handled during the period January 18, through January 25, 1973, are hereby fixed as follows:

(i) District 1: 861,000 cartons;
(ii) District 2: 189,000 cartons;
(iii) District 3: unlimited.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: January 17, 1973.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.73-1316 Filed 1-17-73;3:58 pm]

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Animal and Plant Health Inspection Service, Department of Agriculture

SUBCHAPTER D—EXPORTATION AND IMPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS

PART 94—RINDERPEST, FOOT-AND-MOUTH DISEASE, FOWL PEST (FOWL PLAGUE), NEWCASTLE DISEASE (AVIAN PNEUMOENCEPHALITIS), AND AFRICAN SWINE FEVER: PROHIBITED AND RESTRICTED IMPORTATIONS

Restricted Importation of Eggs, Poultry and Poultry Products

The purpose of this amendment is to restrict the importation of poultry carcasses, or parts or products thereof, and eggs (other than hatching eggs) from all countries except Canada so as to prevent the further introduction or dissemination of exotic Newcastle disease and other communicable diseases of poultry.

Therefore, pursuant to the provisions of section 2 of the Act of February 2, 1903, as amended (21 U.S.C. 111), Part 94, Title 9, Code of Federal Regulations, is hereby amended in the following respects:

Section 94.6 is amended to read:

§ 94.6 Poultry carcasses and parts; other poultry products; eggs; restrictions, exceptions.

(a) The importation of any fresh, chilled, or frozen poultry carcasses or parts or products of such carcasses is prohibited if imported from any country except Canada, or if they are imported from Canada but originated in or transited any other foreign country: *Provided,* That (1) such articles may be imported upon approval obtained from the Deputy Administrator, Veterinary Services, in specific cases, upon application to him, for consignment to an approved establishment[2], museum, or educational institution which has provided the Deputy Administrator, Veterinary Services, with satisfactory evidence that it has the equipment, facilities, and capabilities to properly store, handle, process, or disinfect the articles so as to prevent the introduction or dissemination of poultry diseases into the United States; and (2) carcasses of game birds which are otherwise eligible for importation are exempt from the requirements of this paragraph. As used in this section, "poultry" means chickens, ducks, geese, swans, turkeys, pigeons, doves, pheasants, grouse, partridges, quail, guinea fowl, and pea fowl; and "game birds" means migratory kinds of ducks, geese, pigeons, and doves.

(b) The importation from any country except Canada of any poultry carcasses or parts or products of such carcasses, other than those that are fresh, chilled, or frozen, is prohibited unless the importer applies to, and is granted a permit by, the Deputy Administrator, Veterinary Services, authorizing such importation. Such authorization will be given only if the Deputy Administrator determines that the importation of the article would not involve a risk of introduction or dissemination of poultry diseases into the United States.

(c) *Importation of eggs, other than hatching eggs.*[3] (1) (i) Except as provided in subparagraph (2) of this paragraph (c), eggs other than hatching eggs, originating in or imported from any country except Canada must have been washed and sanitized prior to arrival at a U.S. port. The washed eggs shall be sanitized by use of hypochlorite solution at a maximum strength of 200 p.p.m. with a minimum of 100 p.p.m. of available chlorine. The washed, sanitized eggs shall be packed in new, unused packaging materials.

(ii) Each shipment of such eggs shall be accompanied by a certificate signed by a veterinary officer of the National Government of the country of origin stating that the eggs have been sanitized and packed as prescribed herein and that the eggs were produced by flocks known to be free of Newcastle disease as determined by the presence in the flock during the laying period, of sentinel birds at a rate of not less than one sentinel bird per thousand, with a minimum of 30 sentinels per flock. (A sentinel bird is a specific pathogen-free chicken which has not been infected with, exposed to, or immunized with any strain of Newcastle disease virus and is therefore susceptible to exotic Newcastle disease virus and is therefore susceptible to exotic Newcastle disease.) However, eggs which do not meet the requirements of this paragraph will be permitted entry in specific cases by the Deputy Administrator, Veterinary Services, upon application to him if they are to be transported under Government seal to a processing plant approved by the Deputy Administrator for breaking and pasteurization, and if the Deputy Administrator determines that such handling of the eggs would not involve a risk of the introduction or dissemination of poultry diseases into the United States. Shells, cases, and other packing materials shall be disposed of under the supervision of a USDA inspector in a manner approved by the Deputy Administrator as adequate to effectuate the purposes of this section.

(iii) Eggs other than hatching eggs, originating in and shipped directly from Canada are exempt from the requirements of this paragraph.

(2) Shipments of eggs, otherwise subject to the requirements of this paragraph, may be imported for scientific, educational, or research purposes if the importer has provided the Deputy Administrator, Veterinary Services, with satisfactory evidence that he has the equipment, facilities, and capabilities to properly store, handle, process or disinfect the eggs so as to prevent the introduction or dissemination of poultry diseases into the United States.

(Sec. 2, 32 Stat. 792, as amended; 21 U.S.C. 111; 37 FR 28464, 28477)

Effective date. The foregoing amendment shall become effective January 8, 1973, except with respect to shipments of eggs, or poultry carcasses or parts or products thereof, consigned to the United States on or before that date. Such shipments so consigned shall upon arrival in the United States be allowed entry only under such specific requirements or be

[2] Information as to the identity of approved establishments may be obtained from, and request for approval of any establishment may be made to, the Deputy Administrator, Veterinary Services, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, Washington, D.C. 20250. Establishments will be approved only if the Deputy Administrator, Veterinary Services, determines that the imported articles will be so handled at the establishments as to prevent the introduction and dissemination of livestock or poultry diseases into the United States. Approval of any establishment may be refused or withdrawn only after the operator thereof has been given notice of the proposed action and has had an opportunity to present his views thereon.

[3] The requirements for the importation of hatching eggs are stated in Part 92 of this chapter.

V 38 I 12 JAN 18 73 XUM

disposed of in such manner as the Deputy Administrator, Veterinary Services, may determine in each specific case to be necessary and adequate to safeguard against the introduction or dissemination of viscerotropic velogenic Newcastle disease or other poultry diseases into the United States.

The restrictions imposed by the foregoing amendment are necessary in order to protect the poultry of the United States from the further introduction or dissemination of the contagion of Newcastle disease or other communicable poultry diseases from foreign countries into the United States, and in order to protect the gains made in the Newcastle disease eradication program, and must be made effective as soon as possible in order to accomplish these objectives. Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that publication of notice of proposed rule making and opportunity for public comment in connection with the amendment would be impracticable and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this eighth day of January 1973.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

[FR Doc.73-1140 Filed 1-17-73;8:45 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Airspace Docket No. 72-WA-46]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Revocation of Control Zone

The purpose of this amendment of Part 71 of the Federal Aviation Regulations is to revoke the Amchitka, Alaska, control zone.

Tower service and weather observations have been discontinued. Therefore, Amchitka no longer meets the requirements for the establishment of a control zone. Furthermore, the control zone is no longer operationally required. Accordingly, action is taken herein to revoke the Amchitka control zone.

Since this amendment restores airspace to the general public and relieves an assignment of airspace for IFR operation, notice and public procedures thereon are unnecessary and good cause exists for making this amendment effective on less than 30 days notice.

Since this action involves, in part, navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense, in accordance with the provisions of Executive Order 10854.

In consideration of the foregoing, Part 71 of the Federal Aviation regulations is amended, effective on January 18, 1973, as hereinafter set forth.

In § 71.171 (38 FR 351) the Amchitka control zone is revoked.

(Sec. 307(a), 1110 Federal Aviation Act of 1958, 49 U.S.C. 1348(a), 1510, Executive Order 10854, 24 FR 9565; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on January 11, 1973.

CHARLES H. NEWPOL,
Acting Chief, Airspace and Air Traffic Rules Division.

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

SUBCHAPTER A—PROCEDURES AND RULES OF PRACTICE

PART 4—MISCELLANEOUS RULES

Records

The Commission announces the following amendments to Chapter I of Title 16 of the Code of Federal Regulations: These amendments are effective on January 31, 1973, and will govern all petitions received on or after the aforementioned effective date and the remaining procedures dealing with all petitions pending on the aforesaid date.

Section 4.8 is revised to read as follows:

§ 4.8 Availability of public information.

(a) All of the public records of the Commission are available for inspection at the principal office of the Commission, and copies of some of those records are available at the regional offices and the field stations, on each business day from 8:30 to 5 p.m.

(b) Reasonable facilities for copying and for producing copies are provided at each of the offices of the Commission. Subject to appropriate limitations and the availability of facilities, any person may copy without charge any of the public records available for inspection at each of those offices, or reproductions of any such records will be provided by the Commission to any person upon request in person and payment of the prescribed fees, or reproductions of any identifiable public records of the Commission will be provided by the Commission to any person upon written request. All written requests for reproductions of identifiable public records should be addressed to the Secretary of the Commission, and should specify as clearly and accurately as reasonably possible the records desired. With respect to records which cannot be specified with complete clarity and particularity, identification requirements will be met by descriptions sufficient to enable qualified Commission personnel to locate the requested records. In any instance the Commission, the Secretary of the Commission, or the official in charge of each office may restrict the use of the Commission's facilities to providing only one reproduction of any public record, or may refuse to permit the use of those facilities for copying and producing copies of records which are published or are publicly available at places other than the offices of the Commission, or may supply to any person only one reproduction of any record when copies thereof may be obtained from the Commission without charge.

(c) When search, segregation, copying, or other processing of records is performed, reasonable fees approximately equal to actual costs therefor shall be charged. The Secretary, with the approval of the Commission, shall establish such fees. In appropriate circumstances, such fees may be waived or reduced in the case of requests for records by a governmental agency, or by any person if the Commission determines that the intended use of the records will be of general public interest and benefit. A schedule of such fees is available for public inspection and copying at the Office of the Secretary.

Section 4.9 is revised to read as follows:

§ 4.9 Public records.

(a) The records of the Commission are available for public inspection and copying on request for identifiable records except to the extent that they are exempt from public availability by the provisions of § 4.10. Records exempt from disclosure by the provisions of § 4.10 may be made available for inspection and copying upon request for identifiable records under the procedure set forth in § 4.11.

(b) The public records of the Commission which are routinely available for inspection and copying include:

(1) A current index of opinions, orders, statements of policy, and interpretations, staff manuals, general instructions and other public records of the Commission;

(2) A current record of the final votes of each member of the Commission in every agency proceeding;

(3) The petitions, applications, pleadings, briefs, and other records filed by the Commission with the courts in connection with adjudicative, injunctive, and condemnation proceedings, and opinions and orders of the courts and the Commission in disposition thereof;

(4) The pleadings, motions, certifications and orders, and the transcripts of hearings, including public conferences, testimony, oral arguments and other material made a part thereof, and exhibits and all documents received in evidence or made a part of the record in adjudicative proceedings (except testimony and exhibits placed in camera);

(5) Petitions filed with the Secretary of the Commission for the promulgation or issuance, amendment, or repeal of industry guides and of rules or regulations within the scope of § 1.11 of this chapter, including petitions for exemptions, or for any other Commission action disclosure of which would not be inconsistent with the general policy established by § 2.2(d) of this chapter;

(6) Transcripts of hearings and written statements filed or forwarded to the Commission in connection therewith in all industry guides and rule making proceedings;

(7) Continuing guaranties filed under the Wool, Fur, Textile, and Flammable Fabrics Acts;

(8) Published reports by the staff or by the Commission on economic surveys and investigations of general interest;

(9) Registration statements and annual reports filed with the Commission by export trade associations, and bulletins, pamphlets, and reports with respect to such associations released by the Commission;

(10) Notices and proposed forms of complaint and order under § 2.31 of this chapter, agreements containing orders after acceptance by the Commission, and assurances of voluntary compliance which are accepted under § 2.21 of this chapter (excluding matters disposed of under § 1.34 of this chapter);

(11) Requests for advice concerning proposed mergers and applications for approval of proposed divestitures, acquisitions, or similar transactions subject to Commission review under outstanding orders, together with supporting materials and communications with respect to such proposed transactions received by any member of the Commission and any employee involved in the decisional process, to the extent that such requests, applications, and materials are made public under §§ 1.4 (a) and (b) and 3.61 (d) and (f) of this chapter; objections or comments with respect thereto which are filed for the public record; and any advice or response given and made public under §§ 1.4 (a) or (b) and 3.61 (d) or (f) of this chapter, together with a statement of supporting reasons;

(12) Reports of compliance and supplemental materials in connection therewith filed pursuant to the rules in this chapter or to a provision in an order of the Commission, and reports of compliance filed pursuant to assurances of voluntary compliance which are accepted under § 2.21 of this chapter (excluding matters disposed of under § 1.34 of this chapter), except as provided in § 4.9(b)(13), shall be available at the principal office of the Commission for inspection and copying by the public when received, unless at such time of filing the filing party requests confidentiality in whole or in part and submits satisfactory reasons therefor, and the Commission, with due regard for statutory restrictions, its rules and the public interest, grants the request; and

(13) Reports of compliance and supplemental materials filed in connection with Commission orders requiring divestitures or establishment of business enterprises or facilities, save those otherwise specifically dealt with in §§ 3.61(f) of this chapter and 4.9(b)(11), are confidential until the last divestiture or establishment of a business enterprise or facility, as required by a particular order, has been finally approved by the Commission. At the time each such report is submitted the filing party may request continuing confidentiality in whole or in part and submit satisfactory reasons therefor, and the Commission with due regard for its statutory restrictions, its rules and the public interest will pass upon such request;

(14) Comments filed under § 2.34(b) of this chapter concerning proposed consent agreements;

(15) Letter requesting access to Commission records pursuant to § 4.11 and the Freedom of Information Act by anyone other than a governmental agency and letters granting or denying such requests to anyone other than a governmental agency.

(c) In addition to the public records which are routinely available for inspection and copying, copies of records which may be obtained without charge upon request to the Secretary of the Commission to the extent that such copies are available, include:

(1) Descriptions of its organization, including the places at which, the officers from whom, and the methods whereby, the public may secure information, make submittals or requests, and obtain decisions;

(2) Statements of its general procedures and policies, its nonadjudicative procedures, its rules of practice for adjudicative proceedings, and its miscellaneous rules, including descriptions of the nature and requirements of all formal and informal procedures available;

(3) Cease-and-desist orders and orders of divestiture, industry guides, advisory opinions and compliance advice, together with requests therefor, and other administrative interpretations;

(4) Notices of proposed rule making proceedings and rules and orders issued in such proceedings; and

(5) Every amendment, revision, or repeal of any of the foregoing;

(6) Releases from time to time through the Commission's Office of Public Information supplying additional information concerning the activities of the Commission, copies of which may be obtained upon request to the Office of Public Information or the Secretary of the Commission; and

(7) Reprints of the principal laws under which the Commission exercises enforcement or administrative responsibilities, which may be obtained upon request to the Secretary of the Commission.

(d) Annually, subsequent to the end of the fiscal year, the Commission makes a report to Congress summarizing its work during the year. Such reports are available for inspection at each of the offices of the Commission and copies thereof may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

(e) The Commission publishes periodically in official reports under the title "Federal Trade Commission Decisions" the initial decisions of administrative law judges in adjudicative proceedings; the decisions of the Commission in adjudicative proceedings, including statements of the reasons or basis for its action and any concurring and dissenting opinions; significant orders and opinions on interlocutory matters in adjudicative proceedings; the decisions of the Commission in proceedings disposed of by the entry of consent orders to cease and desist; and advisory opinions and compliance advice.

Section 4.10 is revised to read as follows:

§ 4.10 Confidential information.

(a) The following records of the Commission are exempt from availability for public inspection and copying pursuant to 5 U.S.C. 552; however, records exempt from disclosure by the provisions of this section may be made available to a requester for inspection and copying upon request for identifiable records under the requirements set forth in § 4.11(b);

(1) Records related solely to the internal personnel rules and practices of the Commission. This exemption applies to administrative manuals and other internal rules or instructions to Commission personnel which must be kept confidential in order to assure effective performance of the functions and activities for which the Commission is responsible. Examples of records exempt under this provision include, but are not limited to, internal operating rules, internal guidelines, and internal manuals of procedure used by Commission personnel in the performance of their duties; reports of inspections, investigations or surveys which pertain to the internal management or administration of the Commission; personnel policies, procedures, instructions, and other information concerning management and manpower utilization or the determination of qualifications of candidates for employment or advancement by the Commission. The exemption does not apply to such materials as rules relating to work hours, leave, and working conditions of Commission personnel or similar matters;

(2) Trade secrets and commercial or financial information obtained from a person and privileged or confidential. This exemption applies to information such as costs or various types of sales statistics and inventories. It would include trade secrets and names of customers in accordance with the restriction of section 6(f) of the Federal Trade Commission Act. Assurances of confidentiality given by Commission staff are not binding upon the Commission.

(3) Interagency or intraagency memorandums or letters which would not be available by law to a private party in

V 38 I 12 JAN 18 73 XUM

litigation with the Commission. This exemption preserves the existing freedom of Commission officials and employees to engage in full and frank communication with each other and with officials and employees of other governmental agencies. This exemption includes records of the deliberations of the Commission except for the record of the final votes of each member of the Commission in every agency proceeding. It includes intra-agency and interagency reports, memorandums, letters, correspondence, work papers, and minutes of meetings, as well as staff papers prepared for use within the Commission or between the Commission and other governmental agencies. It also includes information scheduled for public release, but as to which premature release would be contrary to the public interest;

(4) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. This exemption applies to personnel and medical records and similar records containing private or personal information concerning any individual which, if disclosed to any person other than the individual concerned or his designated legal representative without his permission in writing, would constitute a clearly unwarranted invasion of personal privacy. Examples of files exempt from disclosure include, but are not limited to: (i) The personnel records of the Commission; (ii) files containing reports, records or other material pertaining to individual cases in which disciplinary or other administrative action has been or may be taken, including records of proceedings pertaining to the conduct or performance of duties by Commission personnel;

(5) Investigatory files compiled for law enforcement purposes except to the extent available by law to a private party. This exemption applies to all matters, including sources of information or complaints, in files or reports compiled for law enforcement or regulatory activities of the Commission, or relating to matters in litigation. The exemption covers, but is not limited to, information obtained by the Commission relating to alleged or possible violations of laws administered by the Commission, which information may be in many forms, including letters of complaint, reports of interviews conducted by Commission personnel, memorandums, transcripts of testimony in nonpublic investigational hearings and documents obtained during the course of investigation, and other forms. However, the exemption (as well as other exemptions) would not be applicable to a party to a Commission adjudicative proceeding who would be entitled to obtain by discovery information in the Commission's investigatory files (or other files) relevant to issues involved in the proceeding;

(6) Information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions;

(7) Geological and geophysical information and data, including maps, concerning wells; and

(8) (i) Such other records of the Commission as may from time to time be designated by the Commission as confidential pursuant to statute or Executive order. This exempts from disclosure any information which has been designated nonpublic pursuant to the criteria and procedures prescribed by Executive order and which has not subsequently been declassified in accordance with applicable procedures. The exemption also preserves the full force and effect of statutes which restrict public access to specific Government records. Examples of information in Commission records specifically exempt by statute are trade secrets and names of customers as provided by section 6(f) of the Federal Trade Commission Act.

(b) To the extent required to prevent clearly unwarranted invasions of personal privacy, the Commission may delete, with written explanation thereof, identifying details when it makes any of its records publicly available.

(c) Under section 10 of the Federal Trade Commission Act, any officer or employee of the Commission who shall make public any information obtained by the Commission, without its authority, unless directed by a court, shall be deemed guilty of a misdemeanor, and upon conviction thereof, may be punished by a fine not exceeding five thousand dollars ($5,000), or by imprisonment not exceeding 1 year, or by fine and imprisonment, in the discretion of the court.

Section 4.11 is revised to read as follows:

§ 4.11 Requests for disclosure of records.

(a) A request by a member of the public for disclosure of identifiable records not exempt from disclosure pursuant to § 4.10 shall be in writing and addressed to the Secretary of the Commission, and after receipt, a copy thereof shall be placed on the public record pursuant to § 4.9(b)(15).

(b) A request for records exempt from disclosure pursuant to § 4.10 shall be in writing and addressed to the Secretary of the Commission, and after receipt, a copy thereof shall be placed on the public record pursuant to § 4.9(b)(15). The request shall set forth the interest of the requester in the subject matter; a description of the records, inspection of which is requested; whether copies are desired; and the purpose for which the records will be used if the request is granted.

(c) A request for disclosure by another governmental agency shall be made by the administrative head of the agency or his designee; shall be in writing addressed to the Secretary of the Commission, and shall describe the records, their relevancy to the work and function of the agency, and, if the production of records or the taking of copies thereof is asked, the use which is intended to be made of them.

(d) Upon a determination by the General Counsel that the requested record is not exempt from disclosure under the Freedom of Information Act, the Secretary shall notify the requester in writing that access is granted and a copy of the Secretary's letter, unless it pertains to a request under paragraph (c) of this section, shall be placed on the public record. Upon a determination by the General Counsel that the requested record is exempt from disclosure under the Freedom of Information Act, the request shall be submitted to the Commission for final disposition. The Commission's letter disposing of the request, unless it pertains to a request under paragraph (c) of this section, shall be placed on the public record.

(e) Any official or employee of the Commission who is served with a subpena or other compulsory process, except a subpena issued within the scope of § 3.36 of this chapter, requiring the production of any document or record or the disclosure of any information which under § 4.10 is exempt from availability for public inspection and copying, shall promptly advise the Commission of the service of such subpena or other compulsory process, the nature of the documents or information sought, and all relevant facts and circumstances. If the official or employee so served has not received instructions from the Commission prior to the return date of the subpena or other compulsory process, he shall appear in response thereto and respectfully decline to produce the documents or records or to disclose the information called for, basing his refusal upon this paragraph. The Commission will consider and act upon compulsory process under this section with due regard for statutory restrictions, its rules and the public interest, and the established legal standards for determining whether justification exists for the disclosure of the confidential information and records.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46)

Chapter II—Securities and Exchange Commission

[Releases Nos. 33-5351, 34-9937, 35-17854, 40-7616, AS-136]

PART 210—FORM AND CONTENT OF FINANCIAL STATEMENTS, SECURITIES ACT OF 1933, SECURITIES EXCHANGE ACT OF 1934, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935, AND INVESTMENT COMPANY ACT OF 1940

Disclosure of Compensating Balances; Postponement of Effective Date

Amendments to Regulation S-X (17 CFR Part 210) adopted on June 23, 1972, effective for periods ending on or after December 31, 1972, included a revised Rule 5-02-1 (17 CFR 210.5-02-1), Cash and cash items, in which a specific requirement for separate disclosure of compensating balances maintained was added.

Since June, the Commission has received many inquiries as to the form of disclosure contemplated by this rule. Some preliminary guidelines were drawn up and exposed in a limited way in November to interested groups. The comments received from those groups indicated a need for additional time both to improve the proposed guidelines through further comments on formal exposure and to develop procedures for implementation on the part of registrants, auditors and lending institutions.

Accordingly, the Commission has decided to defer the effective date of this requirement. Rule 5-02-1 is amended as indicated below to make this disclosure requirement applicable to financial statements covering periods beginning on or after December 30, 1972, but in no event for financial statements filed prior to June 30, 1973. This means that disclosure will be required on interim date balance sheets filed on or subsequent to June 30, 1973, for companies with fiscal years beginning on or after December 30, 1972. The remainder of Rule 5-02-1 including required disclosure of other usage restrictions remains in effect for periods ending on or after December 31, 1972.[1]

The amendment to Regulation S-X is adopted pursuant to authority conferred on the Securities and Exchange Commission by the Securities Act of 1933, particularly sections 6, 7, 8, 10, and 19(a) thereof; the Securities Exchange Act of 1934, particularly sections 12, 13, 15(d), and 23(a) thereof; the Public Utility Holding Company Act of 1935, particularly sections 5(b), 14, and 20(a) thereof; and the Investment Company Act of 1940, particularly sections 8, 30, 31(c), and 38(a) thereof.

(Secs. 6, 7, 8, 10, 19(a), 48 Stat. 78, 79, 81, 85, secs. 205, 209, 48 Stat. 906, 908, sec. 8, 68 Stat. 685, 15 U.S.C. 77f, 77g, 77h, 77j, 77s; secs. 12, 13, 15(d), 23(a), 48 Stat. 892, 894, 895, 901, secs. 3, 8, 49 Stat. 1377, 1379, secs. 3, 4, 6, 10, 78 Stat. 565, 569, 570, 580, secs. 1, 2, 84 Stat. 1497, 15 U.S.C. 78l, 78m, 78o(d), 78w; secs. 5(b), 14, 20(a), 49 Stat. 812, 827, 833, 15 U.S.C. 79e, 79n, 79t; secs. 8, 30, 31(c), 38(a), 54 Stat. 803, 836, 838, 841, sec. 3(c), 84 Stat. 1415, 15 U.S.C. 80a-8, 80a-29, 80a-30(c), 80a-37(a))

Commission action: The Commission hereby amends Part 1 of § 210.5-02 of Chapter II of Title 17 of the Code of Federal Regulations by the addition of a sentence at the end of the part, and as so amended, it shall read as follows:

§ 210.5-02 Balance sheets.

* * * * *

1. *Cash and cash items.* State separately: (a) Cash on hand and demand deposits; (b) funds subject to repayment on call or immediately after the date of the balance sheet required to be filed; (c) time deposits; and (d) other funds, the amounts of which are known to be subject to withdrawal or usage restrictions, e.g., as compensating balances or special purpose funds. The general terms and nature of such repayment provisions and withdrawal or usage restrictions shall be described in a note referred to herein. Funds subject to withdrawal or usage restrictions shall not be included under this caption unless they are reasonably expected to become available for current operations within 1 year. The requirement of this paragraph relating to disclosure of compensating balances is effective for financial statements covering periods beginning on or after December 30, 1972, but in no event shall such disclosure be required for financial statements filed prior to June 30, 1973.

* * * * *

By the Commission.

[SEAL] RONALD F. HUNT, *Secretary.*

JANUARY 11, 1973.

[FR Doc.73-1085 Filed 1-17-73;8:45 am]

[1] Nothing in this release will permit the nondisclosure of compensating balances previously required by law to be disclosed, such as material balances carried on behalf of officers, directors or third parties or material balances carried under a contractual commitment forbidding their use.

PART 211—INTERPRETATIVE RELEASES RELATING TO ACCOUNTING MATTERS (ACCOUNTING SERIES RELEASES)

PART 231—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES ACT OF 1933 AND GENERAL RULES AND REGULATIONS THEREUNDER

PART 241—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES EXCHANGE ACT OF 1934 AND GENERAL RULES AND REGULATIONS THEREUNDER

Disclosure of Contingent Liabilities

A few recent filings with the Commission have indicated that potential liabilities for the registrant exist under Economic Stabilization Regulations (6 CFR). This disclosure has generally not been included in the notes to the financial statements but in the narrative section of the filings, and in most cases little or no quantitative data in regard to the amounts of the contingencies are disclosed.

It is apparent that the magnitude of potential liabilities may be substantial. Companies which are found to be in violation of Economic Stabilization Regulations are subject to fines and criminal penalties. They are frequently required to refund or roll back illegal prices, and in some cases to refund three times the amount of the overcharge. In addition, they are subject to criminal fines of up to $5,000 per violation and to civil penalties of up to $2,500 per violation.

Any firm which charges a price in excess of the base-period price (as defined by Economic Stabilization Regulations) is subject to liabilities if it has not cost-justified the increase or (in the case of a wholesaler or retailer) if it exceeds the customary initial percentage markup as defined by regulation. In addition, liabilities may still occur under otherwise acceptable new price levels if after such a price change, the firm exceeds the base-period profit margin allowed by the Price Commission. Thus, if a firm were to increase its prices to pass on costs which have actually been incurred and, at the same time, increase its profit margin—say, through savings of administrative expenses—the firm could find itself in violation. At present companies with annual revenues of $50 million or over (and certain other companies), must either prenotify or report subsequently any price increase to the Price Commission while remaining companies need not report but are subject to a compliance audit by the Internal Revenue Service (which may act in response to customer complaints). All firms are subject to the same liabilities under the Act.

V 38 N 18 73 JAN XUM

Companies which have charged a price in excess of a base-period price, therefore, and their independent public accountants have the responsibility of reviewing the companies' position with care to ascertain the possible existence of refundable revenues which should be excluded from reported sales or of contingent liabilities for violations of regulations under the Economic Stabilization Act of 1970. Disclosure of such contingent liabilities is clearly required by Rule 3-16(i)(3) of Regulation S-X (17 CFR 210.3-16(i)(3)). The disclosure should describe briefly any actions of the company which might result in penalties under Economic Stabilization Regulations, the nature of such penalties, and the dollar amount of any excess revenues which might be subject to penalties. Omission of such disclosure may cause financial statements filed with the Securities and Exchange Commission to be deemed false and misleading.

By the Commission.

Accounting for Catastrophe Reserves

In the past 2 years a number of companies in the property and casualty insurance field have adopted the accounting policy of making a provision from each period's income to cover a portion of major losses expected to occur in future periods. The reserves provided, generally called catastrophe reserves, have been justified by the companies on the grounds that periodic premiums include an amount to cover such losses which occur irregularly and the process of matching revenue and expense therefor requires accrual of a provision for such losses.

The Committee on Insurance Accounting and Auditing of the American Institute of Certified Public Accountants and the Accounting Principles Board have discussed this accounting policy but have not yet come to a decision as to desirability of this accounting either in general or under particular circumstances. The Insurance Committee is currently working actively on the subject in cooperation with industry groups and expects to have a definitive statement in ample time to permit its application in the 1973 annual accounts of affected insurance companies.

The Commission believes that it is undesirable to have alternative accounting principles for the description of the same factual situation and it encourages the efforts of the AICPA and the industry to define appropriate accounting in this area. It has taken no position on the relative desirability of the alternative accounting principles now being used.

In the meantime, however, investors have been and are confronted with financial statements for companies in the same industry which reflect different accounting applications due to an accounting principle recently adopted by some of the companies. Under such circumstances, full disclosure appears to be the best interim solution so that investors will be able to perceive the existence of alternative principles and their impact on the financial statements. Accordingly, in financial statements prepared (by companies in the industry) prior to the development of a definitive statement as to appropriate accounting for catastrophe losses, disclosure should be made which includes the following items:

1. A statement whether or not the company is providing a reserve for catastrophe losses.

2. Disclosure that the Committee on Insurance Accounting and Auditing of the AICPA in cooperation with industry representatives is considering the catastrophe reserve problem and that prompt resolution is likely which could lead to changes in accounting practices being followed.

3. If the company does provide for "catastrophe losses," disclosure of the dollar impact of this accounting practice on the balance sheets and income statements of the years reported or a statement that the impact is immaterial.

By the Commission.

Accounting Series; Pooling-of-Interests Accounting

Since the issuance of Accounting Series Release No. 130 (37 FR 20937), the Commission has received a number of requests for interpretations, particularly concerning its relationship to Rule 145 (17 CFR 230.145) under the Securities Act of 1933. Rule 145 requires the filing of a registration statement covering shares issued in a business combination prior to the consummation of the transaction. This would normally be done by use of Form S-14 (17 CFR 239.23) which incorporates by reference the material included in the proxy statements covering the merger. Under a literal reading of Accounting Series Release No. 130, where the S-14 covers resale of securities, pooling-of-interests accounting would not be permitted. This was not intended. In order to avoid this result, the guidelines set forth in Accounting Series Release No. 130 have been revised. The following paragraph, therefore, will replace the fifth paragraph of Accounting Series Release No. 130.

The Commission will henceforth consider that the risk sharing required for the applicability of pooling-of-interests accounting will have occurred if no affiliate of either company in the business combination sells or in any other way reduces his risk relative to any common shares received in the business combination until such time as financial results covering at least 30 days of postmerger combined operations have been published. This would include all sales whether private or public. Publication of combined financial results can take the form of a posteffective amendment, a Form 10-Q (17 CFR 249.308a) or 8-K (17 CFR 249.308) filing, the issuance of a quarterly earnings report, or any other public issuance which includes combined sales and net income.

By the Commission.

Financial Statements of Life Insurance Companies

In a letter dated December 14, 1971, the Chief Accountant of the Commission wrote to the chairman of the Committee on Insurance Accounting and Auditing of the American Institute of Certified Public Accountants stating that because there were significant unresolved matters in connection with the committee's publication "Audits of Life Insurance Companies" (Audit Guide) then under preparation, life insurance companies which had not already adjusted their financial statements in accordance with the proposals in the Guide should refrain from doing so in filings with the Commission until such time as the Audit Guide was published in its final form. The letter was given broad circularization at that time.

The committee has now settled the unresolved matters and the publication of the Audit Guide has been approved by the Accounting Principles Board. Consequently, it will be acceptable in filings with the Commission for financial statements of life insurance companies to be prepared in accordance with generally accepted accounting principles as described in the Audit Guide. For annual reports covering periods ending on or before June 30, 1973, financial statements prepared in conformity with the accounting principles followed by that company in the previous year will also be acceptable.

By the Commission.

[Release No. 33-5347]

PART 231—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES ACT OF 1933 AND GENERAL RULES AND REGULATIONS THEREUNDER

Offers and Sales of Condominiums or Units in a Real Estate Development

The Securities and Exchange Commission today called attention to the applicability of the Federal securities laws to the offer and sale of condominium units, or other units in a real estate development, coupled with an offer or agreement to perform or arrange certain rental or other services for the purchaser. The Commission noted that such offerings may involve the offering of a security in the form of an investment contract or a participation in a profit-sharing arrangement within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934.[1] Where this is the case any offering of any such securities must comply with the registration and prospectus delivery requirements of the Securities Act, unless an exemption therefrom is available, and must comply with the antifraud provisions of the Securities Act and the Securities Exchange Act and the regulations thereunder. In addition, persons engaged in the business of buying or selling investment contracts or participations in profit-sharing agreements of this type as agents for others, or as principal for their own account, may be brokers or dealers within the meaning of the Securities Exchange Act, and therefore may be required to be registered as such with the Commission under the provisions of section 15 of that Act.

The Commission is aware that there is uncertainty about when offerings of condominiums and other types of similar units may be considered to be offerings of securities that should be registered pursuant to the Securities Act. The purpose of this release is to alert persons engaged in the business of building and selling condominiums and similar types of real estate developments to their responsibilities under the Securities Act and to provide guidelines for a determination of when an offering of condominiums or other units may be viewed as an offering of securities. Resort condominiums are one of the more common interests in real estate the offer of which may involve an offering of securities. However, other types of units that are part of a development or project present analogous questions under the Federal securities laws. Although this release speaks in terms of condominiums, it applies to offerings of all types of units in real estate developments which have characteristics similar to those described herein.

The offer of real estate as such, without any collateral arrangements with the seller or others, does not involve the offer of a security. When the real estate is offered in conjunction with certain services, a security, in the form of an investment contract, may be present. The Supreme Court in Securities and Exchange Commission v. W. J. Howey Co., 328 U.S. 293 (1946) set forth what has become a generally accepted definition of an investment contract:

> A contract, transaction, or scheme whereby a person invests his money in a common enterprise and is led to expect profits solely from the efforts of the promoter or a third party, it being immaterial whether the shares in the enterprise are evidenced by formal certificates or by nominal interests in the physical assets employed in the enterprise. (298)

The Howey case involved the sale and operation of orange groves. The reasoning, however, is applicable to condominiums.

As the Court noted in Howey, substance should not be disregarded for form, and the fundamental statutory policy of affording broad protection to investors should be heeded. Recent interpretations have indicated that the expected return need not be solely from the efforts of others, as the holding in Howey appears to indicate.[2] For this reason, an investment contract may be present in situations where an investor is not wholly inactive, but even participates to a limited degree in the operations of the business. The "profits" that the purchaser is led to expect may consist of revenues received from rental of the unit; these revenues and any tax benefits resulting from rental of the unit are the economic inducements held out to the purchaser.

The existence of various kinds of collateral arrangements may cause an offering of condominium units to involve an offering of investment contracts or interests in a profit sharing agreement. The presence of such arrangements indicates that the offeror is offering an opportunity through which the purchaser may earn a return on his investment through the managerial efforts of the promoters

[1] It should be noted that where an investment contract is present, it consists of the agreement offered and the condominium itself.

[2] SEC v. Glenn W. Turner Enterprises, Inc. CCH Fed Sec L. Rep. ¶ 93,605 (D.C. Ore. No. 72-390, May 25, 1972). See also State v. Hawaii Market Center, Inc., 485 P. 2d 105 (1971) (cited in Securities Act Release No. 5211 (1971); and Securities Act Releases No. 5018 (1969) regarding the applicability of the Federal securities laws to the sale and distribution of whiskey warehouse receipts.

V 38 - 12 JAN 18 73 XUM

or a third party in their operation of the enterprise.

For example, some public offerings of condominium units involve rental pool arrangements. Typically, the rental pool is a device whereby the promoter or a third party undertakes to rent the unit on behalf of the actual owner during that period of time when the unit is not in use by the owner. The rents received and the expenses attributable to rental of all the units in the project are combined and the individual owner receives a ratable share of the rental proceeds regardless of whether his individual unit was actually rented. The offer of the unit together with the offer of an opportunity to participate in such a rental pool involves the offer of investment contracts which must be registered unless an exemption is available.

Also, the condominium units may be offered with a contract or agreement that places restrictions, such as required use of an exclusive rental agent or limitations on the period of time the owner may occupy the unit, on the purchaser's occupancy or rental of the property purchased. Such restrictions suggest that the purchaser is in fact investing in a business enterprise, the return from which will be substantially dependent on the success of the managerial efforts of other persons. In such cases, registration of the resulting investment contract would be required.

In any situation where collateral arrangements are coupled with the offering of condominiums, whether or not specifically of the types discussed above, the manner of offering and economic inducements held out to the prospective purchaser play an important role in determining whether the offerings involve securities. In this connection, see Securities and Exchange Commission v. C. M. Joiner Leasing Corp., 320 U.S. 344 (1943). In Joiner, the Supreme Court also noted that:

> In enforcement of [the Securities Act], it is not inappropriate that promoters' offerings be judged as being what they were represented to be. (353)

In other words, condominiums, coupled with a rental arrangement, will be deemed to be securities if they are offered and sold through advertising, sales literature, promotional schemes or oral representations which emphasize the economic benefits to the purchaser to be derived from the managerial efforts of the promoter, or a third party designated or arranged for by the promoter, in renting the units.

In summary, the offering of condominium units in conjunction with any one of the following will cause the offering to be viewed as an offering of securities in the form of investment contracts:

1. The condominiums, with any rental arrangement or other similar service, are offered and sold with emphasis on the economic benefits to the purchaser to be derived from the managerial efforts of the promoter, or a third party designated or arranged for by the promoter, from rental of the units.

2. The offering of participation in a rental pool arrangement; and

3. The offering of a rental or similar arrangement whereby the purchaser must hold his unit available for rental for any part of the year, must use an exclusive rental agent or is otherwise materially restricted in his occupancy or rental of his unit.

In all of the above situations, investor protection requires the application of the Federal securities laws.

If the condominiums are not offered and sold with emphasis on the economic benefits to the purchaser to be derived from the managerial efforts of others, and assuming that no plan to avoid the registration requirements of the Securities Act is involved, an owner of a condominium unit may, after purchasing his unit, enter into a nonpooled rental arrangement with an agent not designated or required to be used as a condition to the purchase, whether or not such agent is affiliated with the offeror, without causing a sale of a security to be involved in the sale of the unit. Further, a continuing affiliation between the developers or promoters of a project and the project by reason of maintenance arrangements does not make the unit a security.

In situations where commercial facilities are a part of the common elements of a residential project, no registration would be required under the investment contract theory where (a) the income from such facilities is used only to offset common area expenses and (b) the operation of such facilities is incidental to the project as a whole and are not established as a primary income source for the individual owners of a condominium or cooperative unit.

The Commission recognizes the need for a degree of certainty in the real estate offering area and believes that the above guidelines will be helpful in assisting persons to comply with the securities laws. It is difficult, however, to anticipate the variety of arrangements that may accompany the offering of condominium projects. The Commission, therefore, would like to remind those engaged in the offering of condominiums or other interests in real estate with similar features that there may be situations, not referred to in this release, in which the offering of the interests constitutes an offering of securities. Whether an offering of securities is involved necessarily depends on the facts and circumstances of each particular case. The staff of the Commission will be available to respond to written inquiries on such matters.

By the Commission.

[SEAL] RONALD F. HUNT, *Secretary.*

JANUARY 4, 1973.

[FR Doc.73-1081 Filed 1-17-73;8:45 am]

[Release No. 33-5346]

PART 239—FORMS PRESCRIBED UNDER THE SECURITIES ACT OF 1933

Form S-16

The Securities and Exchange Commission hereby announces the adoption of certain amendments to Form S-16 (17 CFR 239.27) under the Securities Act of 1933 to clarify disclosures required by the form. This form is a special form which may be used for the registration of securities under the Act by issuers which meet the requirements for the use of another special form, Form S-7 (17 CFR 239.26). That form is available for use by companies which file reports with the Commission pursuant to the Securities Exchange Act of 1934 and which meet certain tests, including a record of earnings and continuity of management.

Form S-16 was amended by Securities Act Release Nos. 5265 (June 27, 1972) (37 FR 15989) and 5265A (August 3, 1972) (37 FR 15991) to broaden the conditions and types of transactions for which the form is available. Changes then made in the form dealt, among other things, with the information required to be disclosed when Form S-16 is utilized for secondary distributions.

Because of the amendments announced in the releases in June and August, 1972, Form S-16 has been available for underwritten secondary distributions. In such distributions, Forms S-1 (17 CFR 239.11) and S-7 call for information to describe the distribution spread (Item 1 of Forms S-1 and S-7) and the plan of distribution (Item 2 of such forms). To clarify the type of disclosure required for an underwritten secondary distribution for which Form S-16 is utilized, the form is amended herein to include the substance of Items 1 and 2, of Forms S-1 and S-7.

Item 2(b)[1] of Form S-16 presently states:

> *Item 2.—Securities to be offered and manner of offering.*
>
> • • • • •
>
> (b) If the securities to be registered are to be offered for the account of any person or persons other than the issuer, state the name and address of each broker or dealer by whom the securities are to be offered and the amount to be offered by each such broker or dealer.
>
> • • • • •

Secondary offerings frequently involve distributions by a large number of selling shareholders each of whom may use one or more different brokers or dealers. The disclosures required by Item 2(b) may present an unnecessary impediment to the orderly progress of such offerings, and accordingly the Commission has determined to revise the Item. The revised language requires that disclosure be made of any understandings or agreements regarding the distribution existing prior to the effective date of the registration statement between a selling security holder and a broker or dealer. If the identity of such broker or dealer is not known prior to the effective date of the registration statement, the revised item does not require disclosure. However, brokers or dealers not named in the registration statement pursuant to revised Item 4(b)[2] nonetheless may be deemed statutory underwriters by virtue of their participation in the distribution.

Commission action. Pursuant to authority in the provisions of the Securities Act of 1933 mentioned below, the Commission hereby amends section 239.27 of Chapter II of Title 17 of the Code of Federal Regulations by adding new Items 2 and 3, redesignating old Items 2 through 9 as new Items 4 through 11, and amending redesignated Item 4. The new Items 2 and 3 and the amendments to redesignated Item 4 (formerly Item 2) of § 239.27 of Chapter II of Title 17 of the Code of Federal Regulations will read as follows:

I. ITEM 2—DISTRIBUTION SPREAD

The information called for by the following table shall be given in substantially the tabular form indicated, on the outside front cover page of the prospectus as to all securities to be registered (estimated, if necessary).

	Price to public	Underwriting discounts and commissions	Proceeds to registrant or other persons
Per unit			
Total			

Instructions. 1. Only commissions paid by the registrant or selling security holders in cash are to be included in the table. Commissions paid by other persons, and other consideration to the underwriters, shall be set forth following the table with a reference thereto in the second column of the table. Any finder's fee or similar payments shall be appropriately disclosed.

2. If it is impracticable to state the price to the public, the method by which it is to be determined shall be explained. In addition, if the securities are to be offered at the market, or if the offering price is to be determined by a formula related to market prices, indicate the market involved and the market price as of the latest practicable date.

3. If any of the securities to be registered are to be offered for the account of security holders, refer on the first page of the prospectus to the information called for by Item 5.

II. ITEM 3—PLAN OF DISTRIBUTION

(a) If the securities to be registered are to be offered through underwriters, give the name of the principal underwriters, and state the respective amounts underwritten. Identify each such underwriter having material relationship to the registrant and state the nature of the relationship. State briefly the nature of the underwriters' obligation to take the securities.

Instruction. All that is required as to the nature of the underwriters' obligation is whether the underwriters are or will be committed to take and to pay for all of the securities if any are taken, or whether it is merely an agency or "best efforts" arrangement under which the underwriters are required to take and pay for only such securities as they may sell to the public. Conditions precedent to the underwriters' taking the securities, including "market-outs," need not be described except in the case of an agency or "best efforts" arrangement.

(b) State briefly the discounts and commissions to be allowed or paid to dealers, including all cash, securities, contracts or other consideration to be received by any dealer in connection with the sale of the securities.

Instruction. If any dealers are to act in the capacity of subunderwriters and are to be allowed or paid any additional discounts or commissions for acting in such capacity, a general statement to that effect will suffice without giving the additional amounts to be so paid.

(c) Outline briefly the plan of distribution of any securities to be registered which are to be offered otherwise than through underwriters.

III. ITEM 4—SECURITIES TO BE OFFERED AND MANNER OF OFFERING

• • • • •

(b) If the securities are to be offered for the account of any person or persons other than the issuer, describe the plan of distribution proposed to be used. If there are any arrangements or understandings prior to the effective date of the registration statement between a selling security holder and a broker or dealer, identify such broker or dealer, state the amount to be offered by such broker or dealer, and describe such agreement or understanding.

• • • • •

The foregoing action, which has been taken pursuant to the Securities Act of 1933, particularly sections 6, 7, 10, and 19 (a) thereof, shall become effective March 31, 1973, except that any issuer which meets the requirements for the use of the form may, at its option, use such amended form for a registration statement filed prior to that date. The Commission finds that the amendments to Form S-16 relieve restrictions and reduce filing burdens on registrants and clarify the disclosures required if the form is utilized for certain types of distributions and, accordingly, further notice and other rule making procedures pursuant to the Administrative Procedure Act (5 U.S.C. 552) are not necessary.

(Secs. 6, 7, 10, and 19(a), 48 Stat. 78, 81, 85, 205, 209, 48 Stat. 906, 908, sec. 1, 79 Stat. 1051, 15 U.S.C. 77f, 779, 77j, 77s)

By the Commission.

[SEAL] RONALD F. HUNT, *Secretary.*

JANUARY 5, 1973.

[FR Doc.73-1111 Filed 1-17-73;8:45 am]

[Release No. 34-9922]

PART 241—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES EXCHANGE ACT OF 1934 AND GENERAL RULES AND REGULATIONS THEREUNDER

Since Rule 15c3-3 (17 CFR 240.15c3-3) was adopted on November 10, 1972, the Commission's Division of Market Regulation has received a number of requests for interpretations of various provisions of the rule. Rule 15c3-3 requires, in acccordance with its terms, a reserve with respect to customer funds and obligates a broker or dealer to promptly obtain and thereafter maintain the physical possession or control of fully paid and excess margin securities of customers. Accordingly, the Commission is releasing today certain of the Division's interpretations of the rule in the interest of assisting brokers and dealers in complying with the rule's provisions. The interpretations herein are deemed controlling at this time.

Rule 15c3-3 represents the first comprehensive program undertaken by the Commission to provide regulatory safeguards over customers' funds and securities held by brokers and dealers. The Commission intends to monitor the rule's operation for the protection of investors and the public interest, and as a result of this monitoring may issue additional interpretations from time to time.

Set forth below are interpretations of the Division of specific paragraphs of the rule, including certain of the definitions contained therein.

Section 15c3-3(a)(1)—Definition of "Customer". For the purpose of defining a "Customer" the following interpretations apply:

1. A general partner is not a customer of the broker or dealer in which he is a general partner.

2. A special or limited partner is a customer of the broker or dealer in which he is a special or limited partner with respect to any account containing cash or securities other than those accounts which are part of the capital of the broker or dealer or are subordinated to the claims of creditors of the broker or dealer.

3. A director or principal officer is not a customer of the broker or dealer in which he is a director or principal officer. A principal officer means the president, executive vice president, treasurer, secretary, or any other person performing a similar function with such broker or dealer. Any other officer of the broker or dealer is a customer of such broker or dealer.

4. Except as stated above, a subordinated lender or other capital contributor is a customer with respect to cash or securities held by the broker or dealer which are not subordinated or otherwise part of the capital of the broker or dealer.

5. A joint account, custodian account, participation in a hedge fund or limited partnership, or similar type accounts or arrangements by a person who would be excluded from the definition of customer with persons includible in the definition of customer, is a customer's account; provided, however, any of the foregoing accounts or arrangements which are by contract, agreement or understanding or by operation of law, part of the capital of the broker or dealer or subordinated to the claims of creditors of the broker or dealer shall not be customer accounts.

Section 15c3-3(a)(5)—Definition of "Excess margin securities". The term "excess margin securities" as defined in the rule is interpreted to mean those securities carried in a customer's security

[1] Item 2 of Form S-16 is redesignated by this release as Item 4.

[2] Supra, footnote 1.

V 38 - 12 JAN 18 73 XUM

accounts having a market value in excess of 140 percent of the customer's net debit balance in such accounts. The net debit balance is determined by combining both debit and credit balances in all of a customer's security accounts exclusive of the credit balance in any bona fide short accounts after marking the short positions contained therein to the market. For the purposes of this paragraph only, when-issued transactions and unsettled security transactions in cash accounts will be ignored. The term "unsettled security transactions" is defined as unpaid for security purchases and as security sales where securities sold have not been received by the broker-dealer.

Section 15c3-3 (b) and (c)—Physical possession or control of securities. The rule requires a broker or dealer to take timely steps in good faith to establish physical possession or control of customers' fully paid and excess margin securities.

The rule permits same day receipt and redelivery (turnaround) of a security which is received as a result of the settlement of a transaction (same day receipt and redelivery does not include securities received as a recall from bank or stock loan, from safekeeping or from any control location), even if such security of such class and issuer are required for possession or control: *Provided*, That such turnaround does not create or increase a deficiency. It should be noted, however, that a broker-dealer must exercise due diligence to promptly obtain possession or control of fully paid and excess margin securities, including the taking of other steps prescribed by the rule for reducing or eliminating any deficiency. Further, the rule is interpreted to prohibit any delivery or removal of security that would create or increase a deficiency in the quantity of security by class and issuer required to be in possession or control of a broker or dealer. It is further interpreted that securities which are in-transit to or from depositories, correspondent brokers, banks, custodians, transfer agents, and clearing corporations which are otherwise good control locations pursuant to the terms of the rule shall be deemed to be under the control of the broker-dealer to the extent that such items shall have been in transit from or to the broker-dealer for no more than 5 business days. The books and records of the broker-dealer shall clearly account for such items. An "in-transit" account may be used for this purpose.

Section 15c3-3(d)—Requirement to reduce securities to possession or control. The time at which instructions must be issued to the cashiering section to acquire possession or control or the time at which such instructions may be released to the cashiering section are as follows:

(1) In the case of purchases of securities by customers; on or before the business day following settlement date or the business day following actual date of receipt of payment, whichever is later.

(2) In the case of sales of securities by customers; not earlier than the close of business on the third business day before settlement date, which is deemed to allow adequate time for processing securities for pending deliveries.

A broker or dealer shall be required to determine the deficiency or excess of securities required for possession or control on a daily basis as of the close of business on the preceding day. A broker or dealer shall take action, if any is required by the rule, no later than the business day following the day on which such determination is made.

A broker or dealer shall be required to print or include in a separate record or listing, the status of those securities which have either an excess or a deficit, and shall have available to determine the status of those securities which are neither in excess or deficit such books and records as may be necessary for verification.

The rule is interpreted to allow a broker or dealer to borrow securities needed for possession or control from another broker or dealer or from others rather than recall a security loaned, withdraw bank loan collateral or buy-in a dividend receivable. A broker or dealer may not borrow securities in lieu of other buy-in requirements in the rule such as fails to receive in excess of 30 days, short security differences and short in customer accounts in excess of 10 business days (paragraph (m)). Further, if instructions shall have been issued for the recall of a security loaned or for the withdrawal of collateral securities in a bank loan, a broker or dealer shall be permitted to make deliveries of that security to the extent that completion of such recall would create an excess, provided such security recalled is returned to the broker or dealer within 2 business days following the date of issuance of the instructions in the case of collateral securities in a bank loan and within 5 business days following the date of issuance of the instructions in the case of securities loaned.

It should be noted that the borrowing of securities for the purpose of their hypothecation in bank loan is prohibited under section 220.6H of Regulation T of the Board of Governors of the Federal Reserve System.

A broker or dealer may eliminate a deficiency in a given security required for possession or control by revising the selection of securities in margin accounts (market value not in excess of 140 percent of the total of the debit balance in the customer's account or accounts) representing collateral for customers' determination as to which securities within the permissible limits constitute margin securities and which securities constitute excess margin securities of customers or has made a revision thereof, the determination shall be clearly reflected in the records of the broker-dealer.

Section 15c3-3(e)—Special reserve bank account for the exclusive benefit of customers. Those brokers or dealers which make a weekly determination under the reserve formula will be permitted to net free credit and other credit balances in customers' security accounts (Formula—Item—1), with the debit balance in customers' cash and margin account, excluding unsecured debits and accounts doubtful of collection (Formula—Item—10), for the computations other than that as of the monthend. If the normal monthending day is other than that as of which a weekly computation would be made, only one computation will be required during the week, as of the monthending day. The monthend computation shall reflect customers' credit and debit balances separately, permitting, however, the combining of the balances in the several accounts of any one customer. Where customers' credit and debit balances are developed separately on a monthly basis, the amount of customers' unsecured debits and accounts doubtful of collection computed at that time may be used until the next monthly determination.

If customer balances are netted in weekly computations of the formula, to comply with the 1-percent reduction in debits requirement outlined in Note B(2) of the formula, a broker or dealer shall use in its weekly computations the amount of reduction to such debits which was applied at the previous monthend. In the event the netting of customers' balances on a weekly basis results in a credit, such credit will be increased by the amount of the 1-percent reduction computed as of the previous monthend.

The credit balance used in Item 1 of the formula is interpreted to include the net balance due to customers in non-regulated commodity accounts reduced by any deposits of cash or securities with any clearing organization or clearing broker in connection with the open contracts in such accounts.

The market value of securities lodged in firm bank loan for which the broker or dealer does not have a corresponding proprietary long position shall be included as a credit in Item 2 of the formula.

The formula—Exhibit A—allocation for certain firms. Items 3, 4, 11, and 12 of the formula, concerning fails to receive, fails to deliver, stock loans and stock borrowings, are applicable to customer transactions. If it is impractical or unduly burdensome to determine which fail to receive contracts and fail to deliver contracts relate to proprietary accounts versus customer accounts and which securities loaned and securities borrowed are for proprietary accounts or customer accounts, an appropriate allocation may be made on a conservative basis to accomplish maximum protection for customers. If an allocation is used with regard to the foregoing items, the broker or dealer should be able to demonstrate that the results so obtained regarding designations of customer versus proprietary positions would be comparable to those which would be obtained if the respective positions had been developed without the use of an allocation. If an allocation is required to determine proprietary versus customer positions, the broker or dealer should make and maintain a record of each such allocation and preserve it in accordance with Rule 17a-4.

Debit balances and drafts receivable in the formula. The debit balance in Item 10 of the formula shall include the debit in a related draft receivable when immediate credit has not been received on draft shipments of securities purchased by customers, provided that the debit in the customer's account for the purchase of the seeurities so drafted has been eliminated.

The debit balance in Item 12 of the formula shall also include the debit balance in a related draft receivable when immediate credit has not been received on shipments to other brokers with draft attached, provided that the debit in the broker's fail to deliver account has been eliminated.

Section 15c3-3(m)—Completion of sell orders on behalf of customers. If a customer sells a security "short against the box" such order to execute shall be deemed to be a sale of a security which the seller does not own.

By the Commission.

[SEAL] RONALD F. HUNT, *Secretary.*

JANUARY 2, 1973.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER C—DRUGS

PART 135a—NEW ANIMAL DRUGS FOR OPHTHALMIC AND TOPICAL USE

Famphur

The Commissioner of Food and Drugs has evaluated a supplemental new animal drug application (34-697V) filed by American Cyanamid Co., Post Office Box 400, Princeton, NJ 08540, proposing revised labeling for the safe and effective use of famphur as a pour-on cattle insecticide. The supplemental application is approved.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i)) and under authority delegated to the Commissioner (21 CFR 2.120), Part 135a is amended by adding a new section as follows:

§ 135a.43 Famphur.

(a) *Chemical name.* *O,O*-dimethyl *O*-[*p*-(dimethylsulfamoyl)phenyl] phosphorothioate.

(b) *Specifications.* The drug is in liquid form containing 13.2 percent famphur.

(c) *Sponsor.* See code No. 004 in § 135.501(c) of this chapter.

(d) *Special considerations.* Do not use on animals simultaneously or within a few days before or after treatment with drugs, pesticides, or chemicals.

(e) *Related tolerances.* See 40 CFR 180.233 under the chemical name.

(f) *Conditions of use.* (1) The drug is used as a pour-on formulation for the control of cattle grubs and to reduce cattle lice infestations.

(2) It is used at the rate of 1 ounce per 200 pounds body weight, not to exceed a total dosage of 4 ounces, applied from the shoulder to the tail head as a single treatment. It is applied as soon as possible after heel fly activity ceases. Do not use on lactating dairy cows or dry dairy cows within 21 days of freshening, calves less than 3 months old, animals stressed from castration, overexcitement or dehorning, sick or convalescent animals. Animals may become dehydrated and under stress following shipment. Do not treat until they are in good condition. Brahman and Brahman crossbreeds are less tolerant of cholinesterase-inhibiting insecticides than other breeds. Do not treat Brahman bulls.

(3) Do not slaughter within 35 days after treatment. Swine should be eliminated from area where run-off occurs.

Effective date. This order shall be effective January 18, 1973.

(Sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i))

Dated: January 11, 1973.

FRED J. KINGMA, *Acting Director, Bureau of Veterinary Medicine.*

[FR Doc.73-1072 Filed 1-17-73;8:45 am]

PART 135e—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

Ipronidazole

The Commissioner of Food and Drugs has evaluated a supplemental new animal drug application (43-477V) filed by Hoffmann-La Roche, Inc., Nutley, N.J. 07110, proposing an amendment to the regulation for ipronidazole to provide for the manufacture of finished feeds from feed supplements that contain up to 0.025 percent of ipronidazole. The supplemental application is approved.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i)) and under authority delegated to the Commissioner (21 CFR 2.120), § 135e.56 is amended by adding a new paragraph (e) as follows:

§ 135e.56 Ipronidazole.

* * * * * *

(e) *Special considerations.* Finished feed processed from seed supplements that contain up to 0.025 percent ipronidazole and that comply with the provisions of both this paragraph and paragraph (f) of this section are exempted from the requirements of section 512(m) of the act.

Effective date. This order shall be effective January 18, 1973.

(Sec. 512(i) 82 Stat. 347; 21 U.S.C. 360b(i))

Dated: January 11, 1973

FRED J. KINGMA, *Acting Director, Bureau of Veterinary Medicine.*

Title 31—MONEY AND FINANCE

Chapter II—Fiscal Service, Department of the Treasury

SUBCHAPTER B—BUREAU OF THE PUBLIC DEBT

PART 344—REGULATIONS GOVERNING U.S. TREASURY CERTIFICATES OF INDEBTEDNESS—STATE AND LOCAL GOVERNMENT SERIES, U.S. TREASURY NOTES—STATE AND LOCAL GOVERNMENT SERIES, AND U.S. TREASURY BONDS—STATE AND LOCAL GOVERNMENT SERIES

Description and Subscription

Sections 344.1(b) (2) and (3) and 344.2 of Department of the Treasury Circular, Public Debt Series No. 3-72, Revised dated November 21, 1972 (31 CFR Part 344), have been amended and revised to read as follows:

§ 344.1 Description of securities.

* * * * * *

(b) *Terms and rates of interest.* * * *

(2) *Notes.* The notes will be issued in multiples of $5,000 with periods of maturity fixed, at the option of the government body, from 1 year 6 months up to and including 7 years, or for any intervening half-yearly period. Each note will bear such rate of interest as the government body may designate: *Provided*, That it shall not be more than the current Treasury rate on a comparable maturity, reduced by one-eighth of 1 percent, on the date the subscription is submitted. The applicable Treasury rates will be determined by the Treasury not less often than monthly, and will be available at Federal Reserve Banks and Branches. Interest on the notes during the term to maturity will be paybale on a semiannual basis on interest payment dates requested in the subscription form. Final interest will be paid with the principal.

(3) *Bonds.* The bonds will be issued in multiples of $5,000 with periods of maturity fixed, at the option of the government body, from 7 years 6 months up to and including 10 years, or for any intervening half-yearly period. Each bond will bear such rate of interest as the government body may designate: *Provided*, That it shall not be more than the current Treasury rate on a comparable maturity, reduced by one-eighth of 1

V38-12 JAN 18 73 XUM

percent, on the date the subscription is submitted. The applicable Treasury rates will be determined by the Treasury not less often than monthly, and will be available at Federal Reserve Banks and Branches. Interest on the bonds will be paid beginning on any interest payment date requested in the subscription form, and on a semiannual basis thereafter to maturity. Final interest will be paid with the principal.

§ 344.2 Subscription for purchase.

A government body may purchase a security under this offering by submitting a subscription and making payment to a Federal Reserve Bank or Branch. The subscription, dated and signed by an official authorized to make the purchase, must state the amount, issue date, maturity and interest rate of the security desired, the semiannual interest payment dates (in the case of notes and bonds), and the title of the designated official authorized to redeem it. Separate subscriptions must be submitted for certificates, notes, and bonds, and for securities of each maturity and each interest rate. A commercial bank may act on behalf of a government body in submitting subscriptions.

The foregoing amendments were effected under authority of 26 U.S.C. 103 (d), 83 Stat. 656; 31 U.S.C. 752, 753, 754, 754b, and 5 U.S.C. 301. Notice and public procedures thereon are unnecessary as they relate to the fiscal policy of the United States.

Dated: January 12, 1973.

[SEAL] JOHN K. CARLOCK,
Fiscal Assistant Secretary.

Title 28—JUDICIAL ADMINISTRATION

Chapter I—Department of Justice

[Order 501-73]

PART 16—PRODUCTION OR DISCLOSURE OF MATERIAL OR INFORMATION

Subpart B—Production or Disclosure in Response to Subpenas or Demands of Courts or Other Authorities

This order delegates to certain Department of Justice officials the authority to approve the production or disclosure of material or information contained in Department files, or information or material acquired by a person while employed by the Department. It applies where a subpena, order or other demand of a court or other authority, such as an administrative agency, is issued for the production or disclosure of such information.

By virtue of the authority vested in me by 28 U.S.C. 509, 510, and 5 U.S.C. 301, Subpart B of Part 16 of Chapter I of Title 28, Code of Federal Regulations, is revised, and its provisions renumbered, to read as follows:

Subpart B—Production or Disclosure in Response to Subpenas or Demands of Courts or Other Authorities

Sec.
16.21 Purpose and scope.
16.22 Production or disclosure prohibited unless approved by appropriate Department official.
16.23 Procedure in the event of a demand for production or disclosure.
16.24 Final action by the appropriate Department official or the Attorney General.
16.25 Procedure where a Department decision concerning a demand is not made prior to the time a response to the demand is required.
16.26 Procedure in the event of an adverse ruling.

AUTHORITY: 28 U.S.C. 509, 510 and 5 U.S.C. 301.

Subpart B—Production or Disclosure in Response to Subpenas or Demands of Courts or Other Authorities

§ 16.21 Purpose and scope.

(a) This subpart sets forth the procedures to be followed when a subpena, order, or other demand (hereinafter referred to as a "demand") of a court or other authority is issued for the production or disclosure of (1) any material contained in the files of the Department, (2) any information relating to material contained in the files of the Department, or (3) any information or material acquired by any person while such person was an employee of the Department as a part of the performance of his official duties or because of his official status.

(b) For purposes of this subpart, the term "employee of the Department" includes all officers and employees of the United States appointed by, or subject to the supervision, jurisdiction, or control of, the Attorney General of the United States, including U.S. attorneys, U.S. marshals, and members of the staffs of those officials.

§ 16.22 Production or disclosure prohibited unless approved by appropriate Department official.

No employee or former employee of the Department of Justice shall, in response to a demand of a court or other authority, produce any material contained in the files of the Department or disclose any information relating to material contained in the files of the Department, or disclose any information or produce any material acquired as part of the performance of his official duties or because of his official status without prior approval of the appropriate Department official or the Attorney General in accordance with § 16.24.

§ 16.23 Procedure in the event of a demand for production or disclosure.

(a) Whenever a demand is made upon an employee or former employee of the Department for the production of material or the disclosure of information described in § 16.21(a), he shall immediately notify the U.S. attorney for the district where the issuing authority is located. The U.S. attorney shall immediately request instructions from the appropriate Department official, as designated in paragraph (b) of this section.

(b) The Department officials authorized to approve production or disclosure under this subpart are:

(1) In the event that the case or other matter which gave rise to the demanded material or information is or, if closed, was within the cognizance of a division of the Department, the Assistant Attorney General in charge of that division. This authority may be redelegated to Deputy Assistant Attorneys General.

(2) In instances of demands that are not covered by paragraph (b)(1) of this section:

(i) The Director of the Federal Bureau of Investigation, if the demand is one made on an employee or former employee of that Bureau for information or if the demand calls for the production of material from the files of that Bureau, and

(ii) The Director of the Bureau of Prisons, if the demand is one made on an employee or former employee of that Bureau for information or if the demand calls for the production of material from the files of that Bureau.

(3) In instances of demands that are not covered by paragraph (b) (1) or (2) of this section, the Deputy Attorney General.

(c) If oral testimony is sought by the demand, an affidavit, or, if that is not feasible, a statement by the party seeking the testimony or his attorney, setting forth a summary of the testimony desired, must be furnished for submission by the U.S. attorney to the appropriate Department official.

§ 16.24 Final action by the appropriate Department official or the Attorney General.

(a) If the appropriate Department official, as designated in § 16.23(b), approves a demand for the production of material or disclosure of information, he shall so notify the U.S. attorney and such other persons as circumstances may warrant.

(b) If the appropriate Department official, as designated in § 16.23(b), decides not to approve a demand for the production of material or disclosure of information, he shall immediately refer the demand to the Attorney General for decision. Upon such referral, the Attorney General shall make the final decision and give notice thereof to the U.S. attorney and such other persons as circumstances may warrant.

§ 16.25 Procedure where a Department decision concerning a demand is not made prior to the time a response to the demand is required.

If response to the demand is required before the instructions from the appropriate Department official or the Attorney General are received, the U.S. attorney or other Department attorney designated for the purpose shall appear with the employee or former employee of the Department upon whom the demand has been made, and shall furnish the court or other authority with a copy of the regulations contained in this subpart and inform the court or other authority that the demand has been, or is being, as the case may be, referred for the prompt consideration of the appropriate Department official and shall respectfully request the court or authority to stay the demand pending receipt of the requested instructions.

§ 16.26 Procedure in the event of an adverse ruling.

If the court or other authority declines to stay the effect of the demand in response to a request made in accordance with § 16.25 pending receipt of instructions, or if the court or other authority rules that the demand must be complied with irrespective of instructions not to produce the material or disclose the information sought, in accordance with § 16.24, the employee or former employee upon whom the demand has been made shall respectfully decline to comply with the demand. "United States ex rel Touhy v. Ragen," 340 U.S. 462.

Dated: January 11, 1973.

RICHARD G. KLEINDIENST,
Attorney General.

Title 40—PROTECTION OF ENVIRONMENT

Chapter I—Environmental Protection Agency

SUBCHAPTER E—PESTICIDES PROGRAMS

PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

α-Naphthaleneacetic Acid

A notice (PP 1E1099) was published by the Environmental Protection Agency in the FEDERAL REGISTER of November 2, 1972 (37 FR 23349), proposing establishment of a tolerance for negligible residues of the plant regulator α-naphthaleneacetic acid in or on the raw agricultural commodity olives at 0.1 part per million. No comments or requests for referral to an advisory committee were received.

It is concluded that the proposal should be adopted.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(e), 68 Stat. 514; 21 U.S.C. 346a(e)), the authority transferred to the Administrator of the Environmental Protection Agency (35 FR 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs (36 FR 9038), Part 180 is amended as follows:

1. In § 180.155, by inserting a new paragraph after the paragraph "1 part per million • • •," as follows:

§ 180.155 α-Naphthaleneacetic acid; tolerances for residues.

• • • • •

0.1 part per million (negligible residue) in or on olives.

• • • • •

§ 180.319 [Amended]

2. In § 180.319 *Interim tolerances*, by deleting the item "1-naphthaleneacetic acid • • •" from the list of items in the table.

Any person who will be adversely affected by the foregoing order may, on or before February 20, 1973, file with the Hearing Clerk, Environmental Protection Agency, Room 3902A, Fourth and M Streets SW., Waterside Mall, Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on January 18, 1973.

(Sec. 408(e), 68 Stat. 514; 21 U.S.C. 346a(e))

Dated: January 11, 1973.

EDWIN L. JOHNSON,
Acting Deputy Assistant Administrator for Pesticides Programs.

[FR Doc.73-1046 Filed 1-17-73;8:45 am]

PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

2-*tert*-Butylamino-4-Chloro-6-Ethylamino-*s*-Triazine

A petition (PP 1F1154) was filed by the CIBA-GEIGY Corp., Ardsley, N.Y. 10502, proposing establishment of tolerances (40 CFR Part 180) for residues of the herbicide 2-*tert*-butylamino-4-chloro-6-ethylamino-*s*-triazine in or on the raw agricultural commodities corn grain and fresh corn including sweet corn (kernels plus cob with husk removed) at 0.1 part per million and corn fodder and forage at 0.25 part per million.

Subsequently, the petitioner amended the petition by: (a) Withdrawing the proposed tolerance on sweet corn (kernels plus cob with husk removed), (b) reducing the proposed tolerance on corn fodder and forage to 0.1 part per million, and (c) specifically including popcorn grain.

Based on consideration given data submitted in the petition and other relevant material, it is concluded that:

1. The herbicide is useful for the purpose for which the tolerances are being established.

2. There is no reasonable expectation of residues in eggs, meat, milk, or poultry, and § 180.6(a)(3) applies.

3. The tolerances established by this order will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator of the Environmental Protection Agency (36 FR 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs (36 FR 9038), Part 180 is amended by adding the following new section to Subpart C:

§ 180.333 2-*tert*-Butylamino-4-chloro-6-ethylamino-*s*-triazine; tolerances for residues.

Tolerances are established for residues of the herbicide 2-*tert*-butylamino-4-chloro-6-ethylamino-*s*-triazine in or on the raw agricultural commodities corn fodder and forage and corn grain (including popcorn grain) at 0.1 part per million.

Any person who will be adversely affected by the foregoing order may at any time on or before February 20, 1973, file with the Hearing Clerk, Environmental Protection Agency, Room 3902A, Fourth and M Streets SW., Waterside Mall, Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on January 18, 1973.

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated: January 11, 1973.

EDWIN L. JOHNSON,
Acting Deputy Assistant Administrator for Pesticides Programs.

Title 49—TRANSPORTATION

Chapter X—Interstate Commerce Commission

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[S.O. 1117]

PART 1033—CAR SERVICE

Substitution of Hopper Cars for Covered Hopper Cars

At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 10th day of January 1973.

It appearing, that an acute shortage of covered hopper cars for transporting shipments of grain or soybeans exists in certain sections of the country; that some carriers have adequate supplies of open hopper cars; that use of these cars for transporting grain or soybeans is precluded by certain tariff provisions requiring the use of covered hopper cars, thus curtailing shipments of grain or soybeans and creating great economic loss; that present regulations and practices with respect to the use, supply, control, movement, and distribution of covered hopper cars are ineffective. It is the opinion of the Commission that an emergency exists requiring immediate action to promote car service in the interest of the public and the commerce of the people. Accordingly, the Commission finds that notice and public procedure are impracticable and contrary to the public interest, and that good cause exists for making this order effective upon less than 30 days' notice.

It is ordered, That:

§ 1033.1117 Substitution of hopper cars for covered hopper cars.

(a) Each common carrier by railroad subject to the Interstate Commerce Act shall observe, enforce, and obey the following rules, regulations, and practices with respect to its car service:

(1) *Substitution of cars.* Subject to the concurrence of the shipper, the carrier may substitute open hopper cars for shipments of grain or soybeans, whether from the point of origin or from an intermediate in-transit point, regardless of tariff provisions requiring the use of covered hoppers.

(2) *Minimum weights.* The minimum weights per shipment of grain or soybeans transported in open hopper cars substituted for covered hopper cars shall be the minimum weights specified in the tariffs for shipments made in covered hopper cars regardless of the number of open hopper cars required to be used to secure the minimum weight.

(3) The term "open hopper cars" means all cars listed in the Official Railway Equipment Register, ICC R.E.R. No. 386, issued by W. J. Trezise, or successive issues thereof, as having mechanical designations "HD", "HE", "HF", "HFA", "HFD", "HK", "HM", "HMA", "HT", or "HTB".

(4) The term "covered hopper cars" means all cars listed in the Official Railway Equipment register, ICC No. 386, issued by W. J. Trezise, or successive issues thereof, as having mechanical designation "LO."

(b) *Rules and regulations suspended.* The operation of tariffs or other rules and regulations, insofar as they conflict with the provisions of this order, is hereby suspended.

(c) *Application.* The provisions of this order shall apply to intrastate, interstate, and foreign commerce.

(d) *Effective date.* This order shall become effective at 12:01 a.m., January 15, 1973.

(e) *Expiration date.* The provisions of this order shall expire at 11:59 p.m., March 31, 1973, unless otherwise modified, changed, or suspended by order of this commission.

(Secs 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, and 17(2). Interprets or applies secs. 1(10-17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10-17), 15(4), and 17(2))

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this order be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD,
Secretary.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

SUBCHAPTER B—HUNTING AND POSSESSION OF WILDLIFE

PART 18—MARINE MAMMALS

Definitions

Correction

In FR Doc. 72-22077 appearing at page 28173 of the issue for Thursday, December 21, 1972, in § 18.3 *Definitions*, in the table in the definition of "Marine mammal," the final three items in the right hand column should read, in order, as follows: "West Indian manatee", "Amazonian manatee", and "West African manatee".

PART 28—PUBLIC ACCESS, USE, AND RECREATION

Great Swamp National Wildlife Refuge, New Jersey

The following special regulation is issued and is effective on January 18, 1973.

§ 28.28 Special regulations; public access, use, and recreation; for the individual wildlife refuge areas.

NEW JERSEY

GREAT SWAMP NATIONAL WILDLIFE REFUGE

Entry by motor vehicle is permitted only to public parking areas designated by signs during daylight hours.

Entry on foot is permitted on designated routes and trails for the purpose of nature study, photography, hiking, and sightseeing during daylight hours. A permit, obtainable at refuge headquarters, is required for any bus using the public parking areas. All buses must have the engines turned off while waiting in refuge parking areas. Possession of alcoholic beverages is prohibited. Smoking is permitted only in parking areas. Pets are allowed in the public parking lots only and must be on a leash not exceeding 10 feet in length. The use of boats, canoes, and bicycles is prohibited.

The refuge area, comprising 5,577.02 acres, is delineated on maps available at refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, U.S. Post Office and Courthouse, Boston, Mass. 02109.

The provisions of this special regulation supplement the regulations which govern recreation on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 28, and are effective through December 31, 1973.

WILLARD M. SPAULDING, JR.,
Acting Regional Director, Bureau of Sport Fisheries & Wildlife.

JANUARY 8, 1973.

PART 28—PUBLIC ACCESS, USE, AND RECREATION

Amagansett National Wildlife Refuge, N.Y.

The following special regulation is issued and is effective on January 18, 1973.

§ 28.28 Special regulations, public access, use, and recreation; for the individual wildlife refuge areas.

NEW YORK

AMAGANSETT NATIONAL WILDLIFE REFUGE

Pedestrian access along the refuge beachfront is permitted during daylight hours for the purpose of nature study, photography, fishing and shell collecting. Access beyond the beachfront for the purpose of environmental education studies is permitted by special use permit on a reservation basis. Permits may be obtained from the Refuge Manager, Target Rock National Wildlife Refuge, Target Rock Road, Lloyd Neck Huntington, Long Island, N.Y. 11743, or Refuge Manager, Morton National Wildlife Refuge, Rural Delivery, Box 359, Noyac Road, Sag Harbor, Long Island, N.Y. 11963. The use of motorized vehicles on the refuge is prohibited. Parking is limited to designated town of East Hampton parking areas in accordance with town regulations. Pets are not permitted on the refuge.

The refuge, comprising 35.8 acres, is delineated on a map available from the Refuge Manager, Target Rock National Wildlife Refuge, Target Rock Road, Lloyd Neck, Huntington, Long Island, N.Y. 11743, and from the Regional Director, Bureau of Sport Fisheries and Wildlife, U.S. Post Office and Courthouse, Boston, Mass. 02109.

The provisions of this special regulation supplement the regulations which govern recreation on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations,

PART 33—SPORT FISHING

Big Lake National Wildlife Refuge, Ark. et al.

The following special regulations are issued and are effective on January 14, 1973.

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

ARKANSAS

BIG LAKE NATIONAL WILDLIFE REFUGE

Sport fishing on the Big Lake National Wildlife Refuge, Manila, Ark., is permitted on all waters areas. These areas, comprising 4,000 acres, are delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife Peachtree-Seventh Building, Atlanta, Ga. 30323. Sport fishing shall be in accordance with all applicable State regulations except for the following special conditions:

(1) The sport fishing season on the refuge extends year-round except for closure during duck hunting season.

(2) Limb lines may not be used.

(3) Trotline fishing permitted only at night.

LOUISIANA

DELTA NATIONAL WILDLIFE REFUGE

Sport fishing and sport shrimping on the Delta National Wildlife Refuge, Venice, La., are permitted only on the areas designated by signs as open to fishing. These open areas, comprising approximately 48,000 acres, are delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, Peachtree-Seventh Building, Atlanta, Ga. 30323. Sport fishing and sport shrimping shall be in accordance with all applicable State regulations except the following special conditions:

(1) The sport fishing and sport shrimping season on the refuge shall be closed during the waterfowl hunting season.

(2) Fishing and shrimping permitted during daylight hours only.

(3) Sport shrimp trawls are restricted to a maximum of 25 feet.

(4) Air-thrust boats are prohibited.

TENNESSEE

REELFOOT NATIONAL WILDLIFE REFUGE

Sport fishing on the Reelfoot National Wildlife Refuge, Tenn., is permitted only on the areas designated by signs as open to fishing. These open areas, comprising 9,092 acres, are delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, Peachtree-Seventh Building, Atlanta, Ga. 30323. Sport fishing shall be in accordance with all applicable State regulations except the following special conditions:

(1) The fishing season on that portion of the refuge located north of Upper Blue Basin extends from February 15, 1973, through October 23, 1973. The fishing season on that portion of the refuge located south of Upper Blue Basin extends from January 14, 1973, until the day preceding opening of the 1973 waterfowl season.

(2) Boats with outboard motors and inboard motors of not more than 10 horsepower may be used.

LAKE ISOM NATIONAL WILDLIFE REFUGE

Sport fishing on the Lake Isom National Wildlife Refuge, Tenn., is permitted only on the areas designated by signs as open to fishing. These open areas, comprising 750 acres, are delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, Peachtree-Seventh Building, Atlanta, Ga. 30323. Sport fishing shall be in accordance with all applicable State regulations except the following special conditions:

(1) The sport fishing season on the refuge extends from March 16, 1973, through September 30, 1973, sunrise to sunset.

(2) Boats with outboard motors and inboard motors of not more than 6 horsepower may be used.

The provisions of these special regulations supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through December 31, 1973.

JACK E. HEMPHILL,
Acting Regional Director, Bureau of Sport Fisheries and Wildlife.

JANUARY 9, 1973.

PART 33—SPORT FISHING

Okefenokee National Wildlife Refuge, Ga.

The following special regulations are issued and are effective on January 1, 1973.

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

GEORGIA

OKEFENOKEE NATIONAL WILDLIFE REFUGE

Sport fishing is permitted on the Okefenokee National Wildlife Refuge, Waycross, Ga. Certain isolated areas are closed and posted. The open areas are delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, Peachtree-Seventh Building, Atlanta, Ga. 30323. Sport fishing shall be in accordance with all applicable State regulations except the following special conditions:

(1) Fishing permitted during daylight hours only.

(2) Boats with motors not larger than 10 hp., canoes, and rowboats permitted.

(3) Artificial and live bait (except live minnows) permitted.

(4) Trotlines, limb lines, nets, or other set tackle prohibited.

(5) Persons entering refuge from main access points must register with the respective concessioner.

(6) Persons using the sill access ramp on the pocket are required to sign and register when they enter the swamp and again when they leave. Use of launching facilities is permitted as long as parking regulations are not violated. Parking regulations are posted at registration station.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through Decmeber 31, 1973.

JACK E. HEMPHILL,
Acting Regional Director, Bureau of Sport Fisheries and Wildlife.

JANUARY 9, 1973.

PART 33—SPORT FISHING

Missisquoi National Wildlife Refuge, Vermont

The following special regulation is issued and is effective on January 18, 1973.

§ 33.5 Special regulation; sport fishing; for individual wildlife refuge areas.

VERMONT

MISSISQUOI NATIONAL WILDLIFE REFUGE

Sport fishing is permitted in Lake Champlain and the Missisquoi River from the Missisquoi National Wildlife Refuge, Vermont. The refuge is delineated on a map available at refuge headquarters, Swanton, Vt. and from the Regional Director, Bureau of Sport Fisheries and Wildlife, U.S. Post Office and Courthouse, Boston, Mass. 02109. Sport fishing shall be in accordance with all applicable State regulations, subject to the following special condition:

(1) Taking of fish by use of firearms is prohibited.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through December 31, 1973.

WILLARD M. SPAULDING, JR.,
Acting Regional Director, Bureau of Sport Fisheries and Wildlife.

Correction

In FR Doc. 73-596, appearing on page 1281, in the issue of Thursday, January 11, 1973, in the second line of § 3112.-4-1, insert immediately after the word "drawee", the following: ". The successful drawee".

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[9 CFR Parts 317, 318]

CHITTERLING PRODUCT

Notice of Proposed Rule Making

Notice is hereby given in accordance with the administrative procedure provisions in 5 U.S.C. 553, that the Department of Agriculture, pursuant to the authority conferred by the Federal Meat Inspection Act, as amended (21 U.S.C., sec. 601 et seq.), proposes to add a subparagraph to § 317.8(b) and to amend § 318.6(b)(8) of the meat inspection regulations (9 CFR Parts 317 and 318) to permit the use of chitterlings as ingredients of certain meat food products and to specify applicable labeling requirements. This proposal resulted from a petition by Henry Kast, Inc., Glendale, N.Y., and Georgia Sausage Co., New York, N.Y., desiring to manufacture and market such a product. Other individuals and organizations have shown interest in behalf of the petition.

Statement of considerations. The amendments in the proposal would (1) provide for the use of chitterlings as ingredients of certain products, and (2) insure that products containing chitterlings are effectively identified through descriptive labeling.

The large intestines of swine and, less frequently, calves have been used as articles of human food for many years. These products have been customarily merchandised as "Chitterlings" or "Veal Chitterlings" when derived from young bovine animals. These names have been accepted for labeling such products when prepared under USDA inspection.

However, the present Department regulations prohibit the use of intestines as ingredients of federally inspected meat food products. This policy is under review because manufacturers of prepared meats have recently shown interest in preparing chitterling meat food products that were formerly prepared in a restaurant or in the home. Consideration is being given to proposed amendments to the regulations to allow the use of intestines in nonstandardized meat food products under conditions that would prevent deception or their use in standardized meat food products.

The Department has consistently encouraged the production of the widest range of product varieties, made with proper ingredients and identified with descriptive labels. A proposal to use chitterlings in certain products and conspicuously identify such ingredients on labels fully accords with this policy.

Accordingly, the following amendments to the regulations are proposed:

A new subparagraph (30) would be added to § 317.8(b) as follows:

§ 317.8 False or misleading labeling or practices generally; specific prohibitions and requirements for labels and containers.

* * * * * * *

(b) * * *

(30) The term "Chitterlings" shall apply to the large intestines of swine, or young bovine animals when preceded with the word "Calf" or "Veal." Meat food products that contain chitterlings or calf or veal chitterlings, in accordance with § 318.6(b)(8) of this subchapter shall be identified with product names that refer to such ingredients, as for instance, "Chitterling Loaf," "Chitterling Pie," or "Calf Chitterlings and Gravy," and shall be packed in containers having a capacity of 3 pounds or less and of a kind usually sold at retail intact and bearing such other information as is required by this part.

Section 318.6(b)(8) would be changed to read as follows:

§ 318.6 Requirements concerning ingredients and other articles used in preparation of products.

* * * * * * *

(b) * * *

(8) Intestines shall not be used as ingredients in any meat food product for which a standard is prescribed in Part 319 of this subchapter and shall not be used in other products unless labeled in accordance with § 317.8(b)(30) of this subchapter.

* * * * * * *

(Secs. 7 and 21, 34 Stat. 1260, as amended, 21 U.S.C. 607 and 621; 37 FR 28464, 28477)

Any person who wishes to submit written data, views, or arguments concerning the proposed amendments may do so by filing them, in duplicate, with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250, before March 6, 1973.

Persons desiring opportunity for oral presentation of views should address such requests to the Product Standards Staff, Scientific and Technical Services, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, Washington, D.C. 20250, before March 6, 1973. A transcript will be made of all views orally presented.

All written submissions and transcripts of oral views made pursuant to this notice will be made available for public inspection in the Office of the Hearing Clerk during regular hours of business, unless the person making the submission requests that it be held confidential and a determination is made that a proper showing in support of the request has been made on the grounds that its disclosure could adversely affect such person by disclosing information in the nature of trade secrets or commercial or financial information obtained from any person and privileged or confidential. If it is determined that a proper showing has been made in support of the request, the material will be held confidential; otherwise, notice will be given of denial of such a request and an opportunity afforded for withdrawal of the submission. Requests for confidential treatment will be held confidential (7 CFR 1.27(c)).

Comments on the proposal should bear a reference to the date and page number of this issue of the FEDERAL REGISTER.

Done at Washington, D.C., on January 12, 1973.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[29 CFR Part 1923]

SAFETY AND HEALTH PROVISIONS FOR FEDERAL EMPLOYEES

Advance Notice of Proposed Rule Making and Request for Comments

Pursuant to section 2(a) of Executive Order No. 11612 (36 FR 13891) and Secretary of Labor's Order No. 12-71 (36 FR 8754), it is proposed to promulgate regulations to provide guidance to the heads of Federal departments and agencies to assist them in fulfilling their occupational safety and health responsibilities.

Executive Order No. 11612 states: "As the Nation's largest employer, the Federal Government has a special obligation to set an example for safe and healthful employment. It is appropriate that the Federal Government strengthen it efforts to assure safe and heathful working conditions for its own employees." It is the intent of the Secretary of Labor to provide guidance which will assist Federal agencies to fulfill this special obligation. In addition, section 19 of the Williams-Steiger Occupational Safety and Health Act of 1970 (29 U.S.C. 668) makes each Federal agency head responsible for establishing and maintaining an effective and comprehensive occupational safety and health program which is consistent with the standards promulgated by the Secretary of Labor for businesses affecting interstate commerce.

Interested persons are invited to submit in writing comments and suggestions on the following issues concerning which regulations may be promulgated:

1. "Recordkeeping and Reporting Guidelines for Federal Agencies under the Williams-Steiger Occupational Safety and Health Act of 1970," issued on November 1, 1971.

2. Procedures for processing occupational safety and health complaints by Federal employees.

3. Guidelines for the annual report from the head of each Federal agency to the Secretary of Labor pursuant to section 1(4) of Executive Order 11612.

4. Federal agency self-evaluation and inspection procedures.

5. Revision of the President's Safety Award criteria.

6. Procedures for appropriate consultation with Federal employees.

7. Any other matter relating to regulations providing guidance to the heads of Federal departments and agencies to assist them in fulfilling their occupational safety and health responsibilities.

Copies of the pamphlet "Recordkeeping and Reporting Guidelines for Federal Agencies," the guidelines for the 1972 annual report by Federal agencies, and the current criteria for the President's Safety Award may be obtained from the Office of Federal Agency Programs, Room 409, 400 First Street, NW., Washington, D.C. 20210. Comments should be directed to this address and will be considereded if received by February 17, 1973. Copies of the comments which are received will be available for public inspection at the same location.

Final action will be taken after timely comments have been considered.

Signed at Washington, D.C., this 15th day of January 1973.

G. C. GUENTHER,
Assistant Secretary of Labor.

DISCLOSURE OF SIGNIFICANT ACCOUNTING POLICIES

Notice of Proposed Rule Making

The Commission today issued for public comment a proposed amendment of Rule 3-08 of Regulation S-X (17 CFR 210.3-08) calling for increased disclosure of accounting policies and the impact of those policies on financial statements.

The proposed rule requires a summary of significant accounting policies to be included in the financial statements either separately or as the first note. The disclosure required includes a description of accounting principles followed and, under certain circumstances and where significant, an estimate of the dollar impact on net income of use of the principle followed as compared to alternative acceptable principles.

Such dollar estimate is required:

1. When the company uses more than one accounting principle in reporting similar kinds of transactions; or

2. When the company has changed its accounting principles in the past 2 years; or

3. When the principle used is not the prevailing principle used by companies in the same industry.

Example of such situations include, but are not limited to, the following:

1. A company using FIFO cost for a portion of its inventory and LIFO cost for the balance would be required to show the impact on net income of using each method for all of its inventory.

2. A company using straight line depreciation for some fixed assets and accelerated depreciation for the balance would be required to show the impact on net income of using each method for all of its fixed assets.

3. A company in the petroleum industry using full cost accounting for its producing properties would be required to show what its income would be under individual property unit costing which is the prevailing principle used in the industry.

The proposed rule would require this disclosure only for each significant accounting variation in the 2 most recent fiscal years and any subsequent interim period reflected and the comparable interim period in the most recent fiscal year and would define significant for this purpose as any accounting variation which has an impact of at least 5 percent on net income or which has an impact of more than 25 percent on the change in net income or net loss compared to the prior period. Any impact which would convert an increase in net income to a decrease (or vice versa) or which would convert a net income to a net loss (or vice versa) would also be deemed to be significant under this definition.

Part 210 of Chapter II of Title 17 of the Code of Federal Regulations would be amended to read as follows:

§ 210.3-08. Summary of significant accounting policies.

(a) A summary of accounting policies shall be set forth either separately preceding the notes to financial statements or as the first such note. This summary shall include the following.

(1) A description of the accounting principles followed by the company and methods of applying those principles that materially affect the company's financial statements.

(2) If a company has used more than one accounting principle in reporting similar kinds of transactions during the two most recently completed fiscal years or in any interim period reported and the impact on net income of using different principles is significant, state the reasons for such use and disclose an estimate in dollars of the effect of reporting all transactions according to each of the principles used.

(3) If a company has changed its accounting principles during the two most recently completed fiscal years or in any interim period reported and the impact on net income is significant, state the reasons for the change and disclose an estimate in dollars of the effect of applying the prior principle on results reported after the change.

(4) If an accounting principle used by the company is different from that in prevailing use among other companies in the same industry during the two most recently completed fiscal years or in any interim period reported and the impact on net income is significant, state the reason for using such principle and disclose an estimate in dollars of the effect of using the prevailing principle.

(b) For purposes of this section, the term "significant" shall mean having an impact of at least 5 percent on net income (or net loss) or having an impact of more than 25 percent on the amount of the change in net income (or net loss) between one period and the next. In addition, any impact which would convert an increase in net income from one period to the next to a decrease (or vice versa) or which would convert a net income to a net loss (or vice versa) will be deemed to be significant. Individual items shall be identified whether each item is significant or the total impact of all items is significant.

(c) In cases where information required to be included in the summary is the same as that required by other rules of this regulation, the information should not be duplicated. Specific reference should be made in the financial statements to the portion of the summary where the information appears.

All interested persons are invited to submit their views and comments on the foregoing proposal to amend Rule 3-08 of Regulation S-X in writing to John C.

[Release Nos. 33-5344, 34-9915, 35-17818, IC-7568]

IMPROVED DISCLOSURE OF TAX EXPENSE

Proposed Rule Making

The Commission today issued for public comment a proposed amendment to Rule 3–16(o) of Regulation S–X (17 CFR 210.3–16(o)) calling for more detailed disclosure of the components of income tax expense and for improved disclosure of the reasons why total income tax expense differs from the amount calculated by multiplying the statutory U.S. Federal corporate income tax rate by the income before tax.

The proposed amendments would require companies to disclose the various items which cause the timing differences between book income and taxable income that result in deferred tax expense. The disclosure should describe the source of the timing difference (revenue recognition, depreciation, research, and development costs, etc.) and the extent to which new deferrals in each category are offset by the reversal of prior deferrals. This is designed to enable users of financial statements to ascertain the current and prospective cash drain which is associated with payment of income taxes.

When total income tax expense differs by 5 percent or more from the amount calculated by multiplying the current statutory U.S. Federal corporate income tax rate by the income before tax, registrants would be required to state the reasons for this difference and the dollar amount attributable to each underlying cause. Such difference might arise from income which is nontaxable or taxed at capital gains rates, investment credits, favorable domestic or foreign tax rates, percentage depletion or other causes. This disclosure is designed to enable users of financial statements to distinguish between one-time and continuing tax advantages enjoyed by a company and to appraise the significance of changing effective tax rates. Similar disclosure will also be required when the difference, although less than 5 percent, has an impact of more than 25 percent on the amount of the change in net income (or net loss) between 1 fiscal year and the next or when the difference causes net income to increase when income before tax decreases (or vice versa) from 1 fiscal year to the next.

Part 210 of Chapter II of Title 17 of the Code of Federal Regulations would be amended to read as follows:

§ 210.3–16 General notes to financial statements.

* * * * *

(o) *Income tax expense.* Disclosure shall be made, in the income statement or a note thereto, of the components of income tax expense, including: (1) Taxes currently payable; (2) the net tax effects, as applicable, of (i) timing differences (indicating the major separate dollar items which make up these differences and the extent to which new deferrals are offset by the reversal of prior deferrals) and (ii) operating losses, and (3) the net deferred investment tax credits. Amounts applicable to U.S. Federal income taxes, to foreign income taxes and to other income taxes shall be stated separately for each component, unless the amounts applicable to foreign or other income taxes do not exceed 5 percent of the total for the component and a statement to that effect is made. If the total income tax expense differs by 5 percent or more from an amount calculated by multiplying the current U.S. Federal statutory corporate income tax rate by the income before tax, state the reasons for this difference and the dollar amounts attributable to each of the underlying causes. If such difference is less than 5 percent but: Has an impact of more than 25 percent on the amount of the change in net income (or net loss) between 1 fiscal year and the next; or when the difference causes net income to increase when income before tax decreases (or vice versa) from 1 fiscal year to the next, the reasons for such difference and the impact in dollars of each underlying cause should also be set forth.

* * * * *

All interested persons are invited to submit their views and comments on the foregoing proposals to amend Rule 3–16 (o) of Regulation S–X in writing to John C. Burton, Chief Accountant, Securities and Exchange Commission, Washington, D.C. 20549, on or before February 15, 1973. Such communications should refer to File No. S7–465. All such communications will be available for public inspection.

By the Commission.

[FR Doc.73-960 Filed 1-17-73;8:45 am]

[17 CFR Part 231]

[Release Nos. 33-5342, 34-9913]

GUIDES FOR PREPARATION AND FILING OF REGISTRATION STATEMENTS

Summary of Earnings

Notice is hereby given that the Securities and Exchange Commission is proposing to amend Guide 22, "Summary of Earnings," of the guides for preparation and filing of registration statements (Release No. 4936) (33 FR 18617) under the Securities Act of 1933 (Securities Act). In addition, the Commission is considering the adoption of the substance of amended Guide 22 as Guide 1, "Summary of Operations," of proposed guides for preparation and filing of reports and registration statements under the Securities Exchange Act of 1934 (Exchange Act).[1] Guide 22 relates to summaries of financial information as called for by Item 6 of Form S–1 (17 CFR 239.11) (Summary of Earnings) and Item 6 of Form S–7 (17 CFR 239.26) (Statement of Income) under the Securities Act. Proposed Guide 1 would relate to similar summaries required by Item 2 of Forms 10 (17 CFR 249.210) and 10–K (17 CFR 249.310) (Summary of Operations) under the Exchange Act. These proposals are designed to make more meaningful and understandable disclosure of financial information presented in registration statements filed pursuant to the Securities Act and in reports and registration statements filed pursuant to the Exchange Act.

Item 6 of Forms S–1 and S–7 provides in part that, in addition to the columnar presentation of summary financial data, registrants must supply information of material significance to investors in appraising the results shown. Guide 22 is proposed to be amended to clarify the type of supplementary information and data to be included in order to enable investors to appraise the quality of the earnings reported in the summary. Whenever there are nonoperating sources of revenue, expense, or income, or changes in accounting principles or methods or their application, or in the underlying estimates or assumptions, any of which has, or all of which in the aggregate have, a material impact on net income, the matter and its impact must be described. The guide would set forth a nonexclusive list of examples of matters that registrants should consider in making disclosure. Although these matters may be disclosed in other sections of the registration statement, the impact, when material, should also be highlighted in a textual paragraph immediately following the summary of earnings.

The text of the proposed amendment to Guide 22 follows:

Guide 22. Summary of earnings.

The content of the summary of earnings is specified in general in the instructions to the pertinent items of the form. The necessity of disclosing items in addition to those specified in such instructions will depend upon the circumstances. These instructions cannot, of course, cover all situations which may arise nor is it practicable to set forth a statement of policy dealing specifically with all possible situations. The existence of any unusual conditions affecting the propriety of the presentation and the necessity for the inclusion of an additional previous period should be considered.

Whenever the summary includes nonoperating sources of revenue, expense or net income or whenever there are changes in accounting principles or methods or their application or in the underlying estimates or assumptions, any of which has, or all of which in the aggregate have, a material impact on net income as reported, so state and give a brief description thereof in a textual paragraph immediately following the summary of earnings and disclose the separate and aggregate dollar amount effect on the reported results for the applicable periods. This paragraph is intended to enable investors to appraise the quality of earnings presented in the summary. While it is not feasible to specify all matters the impact of which should be disclosed, the following are examples which registrants should consider in making disclosure:

1. The sale or disposition of property by a company not engaged in the business of selling such property;

2. Changes in the accounting treatment, or in the absolute or relative amounts, of such items as research, development, product introduction, start-up or advertising costs;

3. Extraordinary and unusual charges or gains, including charges associated with discontinuation of operations;

4. Changes in the assumption underlying deferred costs and the plan for amortization of such costs; and

5. Changes in assumed investment return and in actuarial assumptions used to calculate contributions to pension funds.

Disclosure is required with respect to all matters which have a material impact on reported results in the summary of earnings even though such matters offset one another. Also, where appropriate, reference should be made to disclosure called for by Rule 3–08 [17 CFR 210.3–08] of Regulation S–X (Significant Accounting Policies).

When the text of the prospectus contains a discussion of factors indicating an adverse change in operating results subsequent to the latest period included in the summary of earnings, the summary should call attention to the change, in a headnote or in a footnote, and refer to the place in the prospectus where it is discussed.

All interested persons are invited to submit their views and comments on the foregoing proposals to amend Guide 22 and to adopt Guide 1 in writing to Andrew P. Steffan, Chief Financial Analyst, Division of Corporation Finance, Securities and Exchange Commission, Washington, D.C. 20549, on or before February 15, 1973. Such communications should refer to File No. S7–463. All such communications will be available for public inspection.

By the Commission.

[17 CFR Part 241]

GUIDES FOR PREPARATION AND FILING OF REPORTS AND REGISTRATION STATEMENTS

Summary of Earnings

Notice is hereby given that the Securities and Exchange Commission is proposing to amend Guide 22, "Summary of Earnings," of the guides for preparation and filing of registration statements (Release No. 4936) (33 FR 18617) under the Securities Act of 1933 (Securities Act).[1] In addition, the Commission is considering the adoption of the substance of amended Guide 22 as Guide 1, "Summary of Operations," of proposed guides for preparation and filing of reports and registration statements under the Securities Exchange Act of 1934 (Exchange Act). Guide 22 relates to summaries of financial information as called for by Item 6 of Form S–1 (17 CFR 239.11) (Summary of Earnings) and Item 6 of Form S–7 (17 CFR 239.26) (Statement of Income) under the Securities Act. Proposed Guide 1 would relate to similar summaries required by Item 2 of Forms 10 (17 CFR 249.210) and 10–K (17 CFR 249.310) (Summary of Operations) under the Exchange Act. These proposals are designed to make more meaningful and understandable disclosure of financial information presented in registration statements filed pursuant to the Securities Act and in reports and registration statements filed pursuant to the Exchange Act.

Item 2 of Forms 10 and 10–K also provides in part that registrants must supply information of material significance to investors in appraising the reported results of operations. In order to make clear that the disclosures required by Guide 22 as proposed to be amended, would apply to filings under the Exchange Act as well as to those under the Securities Act, the Commission proposes to create a new guide for preparation and filing of reports and registration statements under the Securities Exchange Act of 1934 and proposes to adopt the substance of Guide 22, as amended, as Guide 1 of such guides.

The Commission is also proposing today amendments to Regulation S–X (17 CFR 210.1–01 et seq.) (For a detailed description of recent comprehensive amendments to Part 210 of Chapter II of Title 17 of the Code of Federal Regulations See 37 FR 14591) which would improve disclosure of certain matters and would aid the investor in evaluating financial data. Securities Act Release No. 5343 (38 FR 1747) would amend Rule 3–08 of Regulation S–X (17 CFR 210.3–08) to require disclosure of accounting policies and the impact of their application on net income, if significant. Securities Act Release No. 5344 (38 FR 1748) would amend Rule 3–16(o) of Regulation S–X (17 CFR 210.3–16(o)) to require more detailed disclosure of the components of tax expense and improved disclosure of the difference between the Federal statutory and reported income tax rates.

The text of proposed Guide 1 follows:

Guide 1. *Summary of operations.* The content of the summary of operations is specified in general in the instructions to the pertinent items of the form. The necessity of disclosing items in addition to those specified in such instructions will depend upon the circumstances. These instructions cannot, of course, cover all situations which may arise nor is it practicable to set forth a statement of policy dealing specifically with all possible situations. The existence of any unusual conditions affecting the propriety of the presentation and the necessity for the inclusion of an additional previous period should be considered.

Whenever the summary includes nonoperating sources of revenue, expense, or net income or whenever there are changes in accounting principles or methods or their application, or in the underlying estimates or assumptions, any of which has, or all of which in the aggregate have, a material impact on net income as reported, so state and give a brief description thereof in a textual paragraph immediately following the summary of operations and disclose the separate and aggregate dollar amount effect on the reported results for the applicable periods. This paragraph is intended to enable investors to appraise the quality of earnings presented in the summary. While it is not feasible to specify all matters the impact of which should be disclosed, the following are examples which registrants should consider in making disclosure:

1. The sale or disposition of property by a company not engaged in the business of selling such property;

2. Changes in the accounting treatment, or in the relative or absolute amounts, of such items as research, development, product introduction, startup or advertising costs;

3. Extraordinary and unusual charges or gains including charges associated with discontinuation of operations;

4. Changes in the assumptions underlying deferred costs and the plan for amortization of such costs; and

5. Changes in assumed investment return and in actuarial assumptions used to calculate contributions to pension funds.

Disclosure is required with respect to all matters which have a material impact on reported results in the summary of operations even though such matters offset one another. Also, where appropriate, reference should be made to disclosure called for by Rule 3–08 of Regulation S–X (significant accounting policies).

All interested persons are invited to submit their views and comments on the foregoing proposals to amend Guide 22 and to adopt Guide 1 in writing to Andrew P. Steffan, Chief Financial Analyst, Division of Corporation Finance, Securities and Exchange Commission, Washington, D.C. 20549, on or before February 15, 1973. Such communications should refer to File No. S7–463. All such communications will be available for public inspection.

By the Commission.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Idaho 3158; Power Site Cancellation 285; Project No. 1254, Docket No. DA-597, Idaho, U.S. Geological Survey]

IDAHO

Order Providing for Opening of Lands

JANUARY 8, 1973.

By published notice (36 FR 244, December 18, 1971) the U.S. Geological Survey cancelled power site classification No. 111 of July 22, 1925, as to the lands therein.

By published finding and order 36 FR 237, December 9, 1971, the Federal Power Commission vacated Project No. 1254, withdrawn October 13, 1933, which involved the same lands. The lands are all within the Payette National Forest, Idaho.

Under the authority delegated by Bureau of Land Management Order No. 701, dated July 23, 1964 (29 FR 10526), as amended it is ordered as follows:

1. The following described national forest lands are hereby open to such disposition as may be made of such lands:

BOISE MERIDIAN

(CANCELLATION NO. 285)

All unsurveyed lands within one-eighth of a mile of the proposed Crater Lake Reservoir and all lands within one-eighth of a mile of the streams forming the natural outlet therefrom down to and including the site of the proposed powerhouse and tail race, as shown on a map filed Boise 027291, March 18, 1925, in the U.S. Land Office at Boise, Idaho. Protraction of public-land surveys indicates that the lands described above will, when surveyed, lie wholly within Sec. 25, T. 20 N., R. 8 E.

The area described aggregates about 133 acres.

(DA-597-IDAHO)

T. 20 N., R. 8 E. (unsurveyed),
Sec. 25, S½NW¼, NE¼SW¼.

VINCENT S. STROBEL,
Chief, Branch of Land and Management Operations.

[Montana 23327(SD)]

SOUTH DAKOTA

Order Providing for the Opening of Public Lands

JANUARY 11, 1973.

1. In an exchange of lands made under the provisions of section 8 of the Act of June 28, 1934 (48 Stat. 1269), as amended (43 U.S.C., 315g), the following described lands have been reconveyed to the United States:

BLACK HILLS MERIDIAN, SOUTH DAKOTA

T. 8 N., R. 7 E.,
Sec. 2, lots 3 and 4, SW¼NW¼, and NW¼SW¼; and
Sec. 3, Lot 1, SE¼NE¼, and E½SE¼.
T. 9 N., R. 7 E.,
Sec. 28, SW¼SW¼;
Sec. 33, NW¼SE¼ and S½SE¼; and
Sec. 34, S½SE¼.

The area described contains 533.18 acres.

2. The lands are situated in Butte County approximately 10 miles east of Newell, S. Dak. The best use of these lands is for livestock production. The land is being used for domestic livestock grazing in conjunction with other public and private lands that join the tract. The lands have value for sage grouse and antelope which will provide public hunting on a large block of public domain.

3. Subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law, the lands are hereby open to application, petition, location, and selection. All valid applications received at or prior to 10 a.m. on February 20, 1973, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

4. The mineral rights in the lands were not exchanged. Therefore, the mineral status of the lands is not affected by this order.

5. Inquiries concerning the lands should be addressed to the Chief, Branch of Lands and Minerals Operations, Bureau of Land Management, 316 North 26th Street, Billings, MT 59101.

KENNETH J. SIRE,
Acting Chief, Branch of Lands and Minerals Operations.

National Park Service

CHESAPEAKE AND OHIO CANAL NATIONAL HISTORICAL PARK COMMISSION

Notice of Meeting

Notice is hereby given in accordance with Public Law 92-463 that a meeting of the Chesapeake and Ohio Canal National Historical Park Commission will be held between 10 a.m. and 3 p.m., on Saturday, January 27, 1973 in the Board Room, Administration Building, Frederick Community College, Frederick, Md.

The Commission was established by Public Law 91-664 to meet and consult with the Secretary of the Interior on general policies and specific matters related to the administration and development of the Chesapeake and Ohio Canal National Historical Park.

The members of the Commission are as follows:

Miss Nancy Long (Chairman), Glen Echo, Md.
Mrs. Caroline Freeland, Bethesda, Md.
Hon. Vladimir A. Wahbe, Baltimore, Md.
Mr. Thomas W. Richards, Arlington, Va.
Mr. John C. Lewis, Hamilton, Va.
Hon. Louise Leonard, Harpers Ferry, W. Va.
Hon. Joseph H. Manning, Annapolis, Md.
Mr. Burton C. English, Berkeley Springs, W. Va.
Mr. James G. Banks, Washington, D.C.
Mr. Joseph H. Cole, Washington, D.C.
Mr. Ronald A. Clites, LaVale, Md.
Mrs. Mary Miltenberger, Cumberland, Md.
Dr. James H. Gilford, Frederick, Md.
Dr. K. R. Bromfield, Frederick, Md.
Mr. Grant Conway, Brookmont, Md.
Mr. Edwin F. Wesely, Chevy Chase, Md.
Mr. John C. Frye, Gapland, Md.
Mr. Justice Douglas (Special Consultant), Washington, D.C.
Mr. Rome F. Schwagel, Keedysville, Md.
Mr. Donald Frush, Hagerstown, Md.

The purpose of this meeting is to discuss the proposed draft of the master plan for the C. & O. Canal National Historical Park, the status of land acquisition, Commission operations and the status of a citizens' proposal to enlarge C. & O. Canal Park boundaries above North Branch, Md.

In addition, the two Superintendents will give a report on their major activities since the last Commission meeting.

This meeting will be open to the general public. Facilities and space are available to accommodate the public, not to exceed 20 persons.

Further information concerning this meeting may be obtained from Richard L. Stanton, Assistant Director, Cooperative Activities, National Capital Parks, at area code 202—426-6715. Minutes of the meeting will be available for public inspection 2 weeks after the meeting, at the Office of National Capital Parks, Room 208, 1100 Ohio Drive SW., Washington, DC.

Dated: January 5, 1973.

STANLEY W. HULETT,
Associate Director, National Park Service.

[FR Doc.73-1112 Filed 1-17-73;8:45 am]

PACIFIC NORTHWEST REGIONAL ADVISORY COMMITTEE

Notice of Meeting

Notice is hereby given in accordance with Public Law 92-463 that a meeting of the Pacific Northwest Regional Advisory Committee will be held at 10 a.m. on Saturday, February 3, 1973, in room 928 of the Pacific Northwest Regional Office, National Park Service, Fourth and Pike Building, Seattle, Wash.

The Committee was established by Public Law 91-383 to provide for the free exchange of ideas between the National Park Service and the public and to facilitate the solicitation of advice or other counsel from members of the public on programs and problems pertinent to the Pacific Northwest Region of the National Park Service.

The members of the Committee are as follows:

Mr. Earl J. Davenport (Chairman), Olympia, Wash.
Prof. Robert L. Whitner (Secretary), Walla Walla, Wash.
Mr. Leo V. Bodine, Boise, Idaho.
Mr. J. Allen Jensen, Idaho Falls, Idaho.
Mr. Roger Mellem, Eugene, Oreg.
Mr. Richard M. Noyes, Eugene, Oreg.
Mr. Wesley A. Phillips, Jr., Portland, Oreg.
Mr. John C. Sackett, Anchorage, Alaska.
Hon. Lowell Thomas, Jr., Anchorage, Alaska.

The matters to be discussed at this meeting include fire damage to the Mount McKinley Hotel and factors being considered for interim and long-range plans for a replacement facility (Alaska); planning considerations for a proposed new unit of the National Park System at Thousand Springs (Idaho); planning considerations for visitor use and resources management at Ross Dam in the North Cascades (Washington); and a possible study of recreational resources in Puget Sound and San Juan Islands.

Facilities and space for accommodating members of the public are limited.

Further information concerning this meeting may be obtained from Rodger W. Pegues, Assistant Director, Cooperative Activities, Pacific Northwest Region, at 206—442-5962. Minutes of the meeting will be available for public inspection 2 weeks after the meeting at the Pacific Northwest Regional Office, Fourth and Pike Building, Seattle, Wash.

Dated: January 5, 1973.

STANLEY W. HULETT,
Associate Director, National Park Service.

SLEEPING BEAR DUNES NATIONAL LAKESHORE ADVISORY COMMISSION

Notice of Meeting

Notice is hereby given in accordance with Public Law 92-463 that a meeting of the Sleeping Bear Dunes National Lakeshore Advisory Commission will be held between 10 a.m. and 3 p.m. on Friday, January 26, 1973, at the Nordic Room, Holiday Inn, Traverse City, Mich.

The Commission was established by Public Law 91-479 to meet and consult with the Secretary of the Interior on general policies and specific matters related to the administration and development of the Sleeping Bear Dunes National Lakeshore.

The members of the Commission are as follows:

Mr. Carl T. Johnson (Chairman), Cadillac, Mich.
Mr. William B. Bolton, Empire, Mich.
Mr. Charles A. Boyer, Manistee, Mich.
Mr. John B. Daugherty, Beulah, Mich.
Mr. Frank C. Mac Farlane, Cedar, Mich.
Mr. Harold Mead, Frankfort, Mich.
Mr. John W. Peterson, Frankfort, Mich.
Mr. John Stanz, Glen Arbor, Mich.
Mr. Noble D. Travis, Leland, Mich.
Mr. Charles H. Yeates, Allegan, Mich.

The purpose of the meeting is to report on the land acquisition activities and discuss management programs and plans. These items will be presented by the staff of Sleeping Bear Dunes National Lakeshore. Committee reports and discussions include: Status of the State of Michigan activities in transferring State lands to the National Park Service for inclusion in the National Lakeshore; status of the proposed tax relief by the State of Michigan to provide assistance to the counties in lieu of taxes lost due to acquisition and inclusion of lands in the National Lakeshore; and review of the proposal by certain members of the community of Leland, Mich., to make marina facilities available within the National Lakeshore thus relieving public boating pressure in the community of Leland.

The meeting is being held at the Nordic Room, Holiday Inn, Traverse City, Mich. It is expected that 25 persons will be able to attend the session in addition to the Advisory Commission members and the National Lakeshore staff.

Further information concerning this meeting may be obtained from J. A. Martinek, Superintendent, Sleeping Bear Dunes National Lakeshore, Frankfort, Mich., at 616—352-9611. Minutes of the meeting will be available for public inspection 2 weeks after the meeting at the office of the Superintendent, Sleeping Bear Dunes National Lakeshore, 400½ Main Street, Frankfort, MI.

STANLEY W. HULETT,
Associate Director, Legislation.

KEITH E. SPENCER

Statement of Financial Interests

DECEMBER 16, 1972.

Pursuant to section 302(a) of Executive Order 10647, the following information on a WOC appointee in the Department of the Interior is furnished for publication in the FEDERAL REGISTER:

Name of appointee, Keith E. Spencer.

Name of employing agency. Department of the Interior, Defense Electric Power Administration.

Title of the appointee's position. Director, DEPA Area 5.

Name of the appointee's private employer or employers. Michigan Electric Power Pool.

The statement of "financial interests" for the above appointee is enclosed.

ROGERS C. B. MORTON,
Secretary of the Interior.

In accordance with the requirements of section 302(b) of Executive Order 10647, I am filing the following statement for publication in the FEDERAL REGISTER:

(1) Names of any corporations of which I am, or had been within 60 days preceding my appointment, on July 1, 1972, as Director, DEPA Area 5, Defense Electric Power Administration, an officer or director: None.

(2) Names of any corporations in which I own, or did own within 60 days preceding my appointment, any stocks, bonds, or other financial interests: Consumers Power Co.

(3) Names of any partnerships in which I am associated, or had been associated within 60 days preceding my appointment: None.

(4) Names of any other businesses which I own, or owned within 60 days preceding my appointment: None.

KEITH E. SPENCER.

DEPARTMENT OF THE TREASURY

Office of the Secretary

CARD CLOTHING FROM THE UNITED KINGDOM

Determination of Sales at Not Less Than Fair Value

On November 2, 1972, there was published in the FEDERAL REGISTER a "Notice of Tentative Negative Determination" (37 FR 23365) that card clothing from the United Kingdom is not being, nor likely to be, sold at less than fair value within the meaning of section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)) (referred to in this notice as "the Act").

The statement of reasons for the tentative determination was published in the above-mentioned notice and interested parties were afforded an opportunity to make written submissions and requests to present oral views in connection with the tentative determination.

No written submissions or requests to present oral views having been received, I hereby determine that, for the reasons stated in the tentative determination, card clothing from the United Kingdom is not being, nor likely to be, sold at less than fair value (section 201(a) of the Act; 19 U.S.C. 160(a)).

This determination is published pursuant to section 201(c) of the Act (19 U.S.C. 160(c)) and § 153.33(b), Customs regulations (19 CFR 153.33 (b)).

[SEAL] EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

JANUARY 15, 1973.

[FR Doc.73-1229 Filed 1-17-73;8:45 am]

PRINTED VINYL FILM FROM ARGENTINA

Withholding of Appraisement Notice

Information was received on April 18, 1972, that printed vinyl film from Argentina was being sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 et seq.) (referred to in this notice as "the Act"). This information was the subject of an "Antidumping Proceeding Notice" which was published in the FEDERAL REGISTER of May 18, 1972, on page 10009. The "Antidumping Proceeding Notice" indicated that there was evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States.

Pursuant to section 201(b) of the Act (19 U.S.C. 160(b)), notice is hereby given that there are reasonable grounds to believe or suspect that the purchase price (section 203 of the Act; 19 U.S.C. 162) of printed vinyl film from Argentina is less, or likely to be less, than the foreign market value (section 205 of the Act; 19 U.S.C. 164).

Statement of reasons. The information before the Bureau tends to indicate that the probable basis of comparison will be between purchase price and adjusted home market price of such or similar merchandise.

Preliminary analysis suggests that purchase price will probably be calculated by deducting ocean freight, insurance, brokerage fees, U.S. duty, and included inland freight charges from the c.i.f., duty paid delivered price. An addition will probably be made for taxes and import duties rebated or not collected by reason of the exportation to the United States.

Home market price will probably be based on a delivered price in the home market. Appropriate deductions will probably be made for a trade discount and inland freight costs. Adjustments will probably be made for commissions and differences in the merchandise.

Using the above criteria, there are reasonable grounds to believe or suspect that purchase price will be lower than adjusted home market price.

Customs officers are being directed to withhold appraisement of printed vinyl film from Argentina in accordance with § 153.48, Customs regulations (19 CFR 153.48).

In accordance with §§ 153.32(b) and 153.37, Customs regulations (19 CFR 153.32(b), 153.37), interested parties may present written views or arguments, or request in writing that the Secretary of the Treasury afford an opportunity to present oral views.

Any requests that the Secretary of the Treasury afford an opportunity to present oral views should be addressed to the Commissioner of Customs, 2100 K Street NW., Washington, DC 20229, in time to be received by his office not later than January 29, 1973. Such requests must be accompanied by a statement outlining the issues wished to be discussed.

Any written views or arguments should likewise be addressed to the Commissioner of Customs in time to be received by his office not later than February 20, 1973.

This notice, which is published pursuant to § 153.34(b), Customs regulations (19 CFR 153.34(b)), shall become effective January 18, 1973. It shall cease to be effective on June 18, 1973, unless previously revoked.

EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

[FR Doc.73-1227 Filed 1-17-73;8:45 am]

PRINTED VINYL FILM FROM BRAZIL

Withholding of Appraisement Notice

Information was received on April 18, 1972, that printed vinyl film from Brazil was being sold at less than fair value within the meaning of the Andidumping Act, 1921, as amended (19 U.S.C. 160 et seq.) (referred to in this notice as "the Act"). This information was the subject of an "Andidumping Proceeding Notice" which was published in the FEDERAL REGISTER of May 18, 1972 (37 FR 10009). The "Antidumping Proceeding Notice" indicated that there was evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States.

Pursuant to section 201(b) of the Act (19 U.S.C. 160(b)), notice is hereby given that there are reasonable grounds to believe or suspect that the purchase price (section 203 of the Act; 19 U.S.C. 162) of printed vinyl film from Brazil is less, or likely to be less, than the foreign market value (section 205 of the Act; 19 U.S.C. 164).

Statement of reasons. The information currently before the Bureau tends to indicate that the probable basis of comparison will be between purchase price and the adjusted home market price of such or similar merchandise.

Preliminary analysis suggests that purchase price will probably be calculated by deducting from the C and F price for exportation to the United States the included ocean freight and inland freight charges. An addition will probably be made for duties and taxes rebated or not collected by reason of the exportation to the United States.

The home market price will probably be based on the weighted-average of delivered prices. Appropriate deductions will probably be made for inland freight and transportation insurance. Adjustments will probably be made for sales commission, returned goods, interest expenses, cost of production differences, cost of packing differences, and sales taxes.

Using the above criteria, there are reasonable grounds to believe or suspect that purchase price will be lower than the adjusted home market price.

Customs officers are being directed to withhold appraisement of printed vinyl film from Brazil in accordance with § 153.48, Customs regulations (19 CFR 153.48).

In accordance with §§ 153.32(b) and 153.37, Customs regulations (19 CFR 153.32(b), 153.37), interested parties may present written views or arguments, or request in writing that the Secretary of the Treasury afford an opportunity to present oral views.

Any requests that the Secretary of the Treasury afford an opportunity to present oral views should be addressed to the Commissioner of Customs, 2100 K Street NW., Washington, DC 20229, in time to be received by his office not later than January 29, 1973. Such requests must be accompanied by a statement outlining the issues wished to be discussed.

Any written views or arguments should likewise be addressed to the Commissioner of Customs in time to be received by his office not later than February 20, 1973.

This notice, which is published pursuant to § 153.24(b), Customs regulations (19 CFR 153.34(b)1, shall become effective January 18, 1973. It shall cease to be effective on June 18, 1973, unless previously revoked.

[SEAL] EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

NATIONAL ADVISORY COUNCIL ON CHILD NUTRITION

Notice of Public Meeting

Pursuant to Public Law 92-463, notice is hereby being given that the National Advisory Council on Child Nutrition, which was established to make a continuing study of the child nutrition programs of the Department of Agriculture, is scheduled to hold a meeting on January 29-30, 1973, from 9:30 a.m. to 4 p.m., the first day and from 1 p.m. to 4 p.m., the second day. The meeting will be held in Room 743, 500 12th Street SW., Washington, DC.

The meeting will include a review of FNS policies and priorities on the use of National School Lunch Act section 6(3) funds and also a review of the final draft of the Council's second annual report to the President and Congress on the results of its study and on its recommendations for administrative and legislative changes. The meeting will be open to the public. Additional information can be obtained by contacting the executive secretary, Herbert D. Rorex, at 202—447-8130.

Dated: January 12, 1973.

RICHARD E. LYNG,
Assistant Secretary and Chairman, National Advisory Council on Child Nutrition.

V 38 - 12 JAN 18 73 XUM

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[Docket No. A-468]

JAMES ARTHUR GUILMET, JR.

Notice of Transfer of Fishery

JANUARY 12, 1973.

James Arthur Guilmet, Jr., Post Office Box 711, Pelican, AK 99832 and Box 341, Sausalito, CA 94965, owner of the vessel Lone Fisherman purchased with the aid of a fisheries loan to engage in the fishery for salmon and tuna has requested permission to extend his fishing operations to engage in the fishery for salmon, tuna, and rockfishes.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, National Marine Fisheries Service, on or before February 20, 1973. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

PHILIP M. ROEDEL,
Director.

[FR Doc.73-1044 Filed 1-17-73;8:45 am]

Office of Import Programs

BOSTON UNIVERSITY

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (37 FR 3892 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C.

Docket No. 72-00187-01-77030. Applicant: Boston University, 675 Commonwealth Avenue, Boston, MA 02215. Article: Nuclear magnetic resonance spectrometer, Model JNM-C-60HL. Manufacturer: Japan Electron Optics Laboratory Co., Japan. Intended Use of Article: The article is intended to be used in training undergraduate and medical students in the following courses:

CH 203-204, Organic Chemistry; CH 221-222, Organic Chemistry; CH 229H-230H, Special Problems for Sophomores; CH 329-330H, Special Problems for Juniors; CH 401, Physical Chemistry III; and CH 429-430, Special Problems for Seniors. The article is also intended for graduate student and faculty research in such typical applications as the following: synthesis of cyclopropanes and cyclopropenes, conformational analysis of methylenedioxybenzene, synthesis of compounds for study of enzyme mechanisms, radiation chemistry and active nitrogen chemistry, equilibrium constants for C-H bonding, and structure and spectra of methyl nitrite.

Comments: No comments were received in respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, could have been made available to the applicant institution without excessive delay at the time the foreign article was ordered (August 28, 1970). Reasons: The foreign article is of the category that is customarily "produced on order" which is defined in § 701.2(j) of the Department's regulations as "an instrument, apparatus, or accessory which a manufacturer lists in a current catalog and is able and willing to produce and have available without unreasonable delay to the applicant." Section 701.11(b) of the regulations provides in pertinent part that "in determining whether a U.S. manufacturer is able and willing to produce a product on order, or custom-made instrument, apparatus, or accessory and have it available without unreasonable delay to the applicant the Deputy Assistant Secretary shall take into account the normal commercial practices applicable to the production and delivery of instruments, apparatus, or accessories of the same general category."

The question of availability without unreasonable delay is associated with the issue of excessive delivery time which is explained in § 701.11(c) of the regulations as follows:

Excessive delivery time. Duty-free entry of the article shall be considered justified without regard to whether there is being manufactured in the United States an instrument, apparatus, or accessory of equivalent scientific value for the purposes described in response to question 7 of the application form, if the delay in obtaining such domestic instrument, apparatus, or accessory (as indicated by the difference between the delivery times quoted by domestic manufacturer and foreign manufacturer) will seriously impair the accomplishment of the purposes. In determining whether the difference in delivery times is excessive, the Deputy Assistant Secretary shall take into account the relevancy of the applicant's program to other research programs with respect timing, the applicant's need to have such instrument, apparatus, or accessory available at the scheduled time for the course(s) in which the article is intended to be used, and other relevant circumstances.

The foreign article was ordered August 28, 1970. The applicant alleges that the Varian XL-100-15, the most closely comparable domestic instrument, was not available within a reasonable delivery period from the time of purchase. In a letter dated August 5, 1970, to the Department of Commerce regarding the availability of the Varian XL-100-15 system, Varian advised that the delivery time for the XL-100X15 system, was 6 to 8 months. Varian later advised in a letter dated August 26, 1971, to Boston University that the delivery time for the XL-100-15 system was 5 to 9 months. The delivery time for the foreign article was quoted as immediate. Actual delivery occurred within 1 month. The National Bureau of Standards (NBS) advises in its memorandum dated August 10, 1972, that the difference in delivery time [between the foreign article and the XL-100-15] is significant for the applicant's requirement for the use of the article during the 1970-71 academic year.

Accordingly, we find that the difference in delivery time between the foreign article and the Varian XL-100-15 to be excessive within the meaning of § 701.11(c) as it would seriously impair the accomplishment of the applicant's program.

B. BLANKENHEIMER,
Acting Director,
Office of Import Programs.

[FR Doc.73-1110 Filed 1-17-73;8:45 am]

MIDLAND MACROMOLECULAR INSTITUTE, ET AL.

Notice of Applications for Duty-Free Entry of Scientific Articles

The following are notices of the receipt of applications for duty-free entry of scientific articles pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897). Interested persons may present their views with respect to the question of whether an instrument or apparatus of equivalent scientific value for the purposes for which the article is intended to be used is being manufactured in the United States. Such comments must be filed in triplicate with the Director, Special Import Programs Division, Office of Import Programs, Washington, D.C. 20230, on or before February 7, 1973.

Amended regulations issued under cited Act, as published in the February 24, 1972, issue of the FEDERAL REGISTER, prescribe the requirements applicable to comments.

A copy of each application is on file, and may be examined during ordinary Commerce Department business hours at the Special Import Programs Division, Department of Commerce, Washington, D.C.

Docket No. 73-00253-01-56030. Applicant: Midland Macromolecular Institute, a division of the Michigan Foundation for Advanced Research, 1910 West St. Andrews Drive, Midland, MI 48640. Article: Molecular weight apparatus, Model 117. Manufacturer: Nissei-Sangyo Co., Ltd., Japan. Intended use of article: The article is intended to be used to make measurements of solutions of various concentrations at various temperatures during studies to obtain a better understanding of properties of high molecular weight compounds and detergents. Specifically, in the high molecular weight compound study to investigate how the solution behavior influences film and fiber formation from solution and in the detergent study to investigate the solubilization of different compounds. Application received by Commissioner of Customs: November 20, 1972.

Docket No. 73-00263-65-46070. Applicant: University of Illinois at Urbana-Champaign, Purchasing Division, 223 Administration Building, Urbana, Ill. 61801. Article: Scanning electron microscope, Model JSM-U3. Manufacturer: JEOL Ltd., Japan. Intended use of article: The article is intended to be used in studies of metals, semiconductors, ceramics, rocks, minerals, plastics, and biological specimens, Multiphase metal and ceramic materials will be examined with a view to obtaining information on the distribution of various phases present in the samples. Such phenomena as the distribution of binder material in pressed ceramic powders, will be studied. The article will also be used in the study of fiber reinforced materials where there is a discrepancy between the mean atomic number of fibers and the matrix being reinforced. Another study will involve study of these materials for the distribution of inorganic components which probably form one of the greatest sources of pollution in this country. The article will also be used in the course Chemistry-Biology 423-493 to teach graduate students from both physical and life sciences the theory and practical use of scanning electron microscopy. Application received by Commissioner of Customs: November 30, 1972.

Docket No. 73-00265-90-74700. Applicant: Haskins Laboratories, 270 Crown Street, New Haven, CT 06510. Article: One OVE IIIc Type 21001 Speech Synthesizer including circuit manual, cable set. Manufacturer: AB Fonema, Sweden. Intended use of article: The article is intended to be used in several aspects of a broad research program on the perception and production of speech. The objectives of this research are to produce synthetic speech of high quality in sufficient quantities to allow a realistic evaluation of synthesis as a solution to the problem of reading machines for the blind; to prepare carefully controlled synthetic speech recordings for use in psychological experiments on both the properties of speech that facilitate its perception; and on the neuromechanisms by which perception operates; to evaluate models of the articulatory process by generating synthetic speech computed for such models for perceptual evaluation; and to conduct other comparable research on the basic nature of speech communication. Application received by Commissioner of Customs: November 30, 1972.

Docket No. 73-00266-33-46500. Applicant: Children's Hospital Medical Center, 300 Longwood Avenue, Boston, MA 02115. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used for experiments on the permeability to macromolecules of the pathologically altered glomerulus. The deposition of immune complexes by immunocytochemical means, as well as localizing intracellular antigens will also be investigated. Application received by Commissioner of Customs: December 5, 1972.

Docket No. 73-00267-33-46500. Applicant: Mercy Hospital and Medical Center, Stevenson Expressway at King Drive, Chicago, Ill. 60616. Article: Ultramicrotome, Model LKB 4800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used for experiments which include those inducing tumors in laboratory animals by known chemical carcinogens and oncogenic virus, establishment of cell cultures from human tumors, and normal tissues, treatment of such cultures with various reagents and those involving feeding pregnant rats on diets containing varying amounts of proteins and examining tissues from offsprings fed normal and low protein diets. Application received by Commissioner of Customs: December 5, 1972.

Docket No. 73-00268-33-46500. Applicant: College of Medicine and Dentistry of New Jersey, New Jersey Medical School, 100 Bergen Street, Newark, NJ 07103. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used in a training program to prepare inner-city residents for employment at entry-level positions at a health-medical center. After completion of class instruction and on-the-job training in laboratories, the trainee may either seek immediate employment at a technician level or enter specialty training to qualify for a higher position. The anatomy portion of this program is to provide these trainees with the ability to section material for light and electron microscopic study. Application received by Commissioner of Customs: December 5, 1972.

Docket No. 73-00269-33-46500. Applicant: University of California, Cancer Research Laboratory, 230 Warren Hall, Berkeley, CA 94720. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used during studies of various normal, precancerous, and cancerous tissues of the laboratory mouse, or cells from such tissues grown in culture to identify morphologically those aspects of cell behavior and interaction that are altered when cells escape from normal growth controls. Application received by Commissioner of Customs: December 5, 1972.

Docket No. 73-00270-33-46500. Applicant: Mayo Foundation, 200 First Street SW., Rochester, MN 55901. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used in studies of peripheral nerve tissue from patients with peripheral neuropathy or from experimental animals with peripheral neuropathy to elucidate neuropathological mechanisms in fiber degeneration and related histological questions. The article will also be used by postdoctoral fellows working on projects or on master's theses in the neuropathological alteration of peripheral nerve tissue. Application received by Commissioner of Customs: December 5, 1972.

Docket No. 73-00271-01-19000. Applicant: University of California, Molecular Biology and Virus Laboratory, Room 229, Stanley Hall, Berkeley, CA 94720. Article: Digital precision density meter DMA 02 C. Manufacturer: Anton Paar K.G., Austria. Intended use of article: The article is intended to be used for research on the mechanism of action of the regulatory enzyme, aspartate transcarbamylase, which involves ultracentrifuge studies which provide valuable information about the structure and function of this enzyme in metabolic control. Rapid and precise measurements of densities of various types of solutions are needed for these ultracentrifuge studies. Density measurements of high precision of various types of nucleic acids, enzymes, and structural proteins, and a variety of viruses will also be carried out. The article will also be used for various laboratory courses—Molecular Biology Laboratory (201) and Techniques in Animal Cell Culture (Molecular Biology 241)—to teach modern laboratory techniques used in the study of viruses and control of regulation. Application received by Commissioner of Customs: December 1, 1972.

Docket No. 73-00278-33-46040. Applicant: Baylor College of Medicine, Department of Cell Biology, 1200 Moursund Avenue, Houston, TX 77025. Article: Electron microscope, Model Elmiskop 102. Manufacturer: Siemens AG, West Germany. Intended use of article: The article is intended to be used to study the fine structure of gametogenic cells in testes and ovaries, as well as supporting and hormone secreting cells in these organs. Special attention will be given to (1) the junctional complexes which contribute to the blood-testis barrier, and the influence of hormones on the structure and development of these complexes; (2) the fine structure of spermatogonia; (3) the arrangement and biochemistry of filaments in sperm tails; and (4) the membranes of hormone receptor cells in ovaries and testes. The article will also be used in the courses Techniques of Electron Microscopy and Cytology to prepare students for careers as; (1) Research scientists in the morphological disciplines and cell biology and as (2) academicians who are competent to staff basic science departments in medical schools. Application received by Commissioner of Customs: December 7, 1972.

V38-12 JAN 18 73 XUM

Docket No. 73-00279-01-11000. Applicant: University of Minnesota, Department of Agriculture, St. Paul, Minn. 55101. Article: LKB-9000 Combined Gas Chromatograph. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used to service ongoing research programs as well as an instructional device in teaching advanced undergraduate and graduate students the potentialities of using mass spectroscopy in solving their biochemical analytical problems. Specific projects in which the article will be used include:

1. Biosynthesis Studies and Identification of Mycotoxins,

2. The Glycosphingolipids and Glycosyl Hydrolases of Human Blood Platelets, and

3. Identification and Quantitation of Free Ceramides in Human Platelets. Application received by Commissioner of Customs: December 7, 1972.

Docket No. 73-00280-99-43595. Applicant: University of Connecticut, Storrs, Conn. 06268 Article: Betz Micromanometer, 250 mm range (2 each) Manufacturer: Instrumentenfabrik Van Essen N.V., Holland. Intended use of article: The article is intended to be used to determine precise pressure differences for air flows having velocities up to about 200 feet per second. Both static pressures and dynamic pressures are to be measured for air flows classed as low-speed wind-tunel flows. The experiments in progress include:

a. Calibration of hot-wire probes with small calibration wind-tunnel.

b. Boundary layer studies where dynamic pressure probes are used to measure mean velocities and to serve as a calibration standard for hot-wire work.

c. Continuous monitoring of wind-tunnel speed-setting using a pilot tube.

d. Air flow and static pressure evaluation for a two-phase air-water wave tunnel.

In addition the article will be used in the courses Civil Enginering 266, Hydraulic Engineering Laboratory; Mechanical Engineering 264, Experimental Mechanical Engineering Graduate Study in Fluid Dynamics; Civil Engineering 399 and 499 as well as Mechanical Engineering 399 and 499; Thesis Preparation for Masters and Doctor of Philosophy candidates to perform experimental work with fluids such as air, water, oil, etc. Application received by Commissioner of Customs: December 7, 1972.

Docket No. 73-00281-33-86500. Applicant: Columbia University, College of Physicians and Surgeons, 630 West 168 Street, New York, NY 10032. Article: Weissenberg Rheogoniometer, R.18. Manufacturer: Sangamo Controls Ltd., United Kingdom. Intended use of article: The article is intended to be used to study blood rheology under dynamic flow conditions. The experiments to be conducted will include shear stress measurements on normal blood and pathological blood under a variety of flow conditions. The article will also be used in the course Physiology G9051-2 (Research in Physiology) to teach graduate students modern techniques in physiological research and to demonstrate the biophysical principles of blood flow. Application received by Commissioner of Customs: November 24, 1972.

Docket No. 73-00282-91-75000. Applicant: University of Nebraska, 227 Nebraska Hall, Lincoln, Nebr. 69501. Article: Tecator System for Wet Digestion. Manufacturer: Tecator AB, Sweden. Intended use of article: The article is intended to be used in the Agronomy Department Analytical Laboratory which services most of the crop and soil research projects of the Nebraska Agricultural Experiment Stations as well as certain ARS projects. Such projects range from improving the protein content of wheat varieties and corn hybrids to soil fertility studies to account for a drop in the protein content of wheat produced in Western Nebraska to study of the effects of cattle feedlots on the environment. The article will also be used in the course Agronomy 457(857), Soil Chemical Measurements. Application received by Commissioner of Customs: December 11, 1972.

Docket No. 73-00283-33-46500. Applicant: University of Utah, Salt Lake City, Utah 84112. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used in the investigation of the normal, physiologic behavior of the aortic smooth muscle cell and its relation to vascular aging and atherosclerosis. In addition, the behavior of this cell in pathologic and deficiency status will be investigated. Application received by Commissioner of Customs: December 12, 1972.

Docket No. 73-00284-33-46500. Applicant: Boston University School of Medicine, Mallory Institute of Pathology, 784 Massachusetts Avenue, Boston, MA 02118. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used in a study devoted to the development of experimental models of emphysema in which particular attention will be paid to the initial injury and evolution of subsequent changes. The tissues studied will be lung and bronchus, each of which has a range of tissue consistency ranging from soft and compressible to hard and relatively unyielding. Application received by Commissioner of Customs: December 12, 1972.

Docket No. 73-00285-33-46500. Applicant: University of Illinois at Medical Center, 1737 West Polk Street, Chicago, IL 60612. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used in experiments to be conducted to demonstrate the normal fine structure of oral tissues, particularly mucosa during and after wounding, and salivary glands. In addition, the effects of pathologic states including precancerous conditions and conditions following x-irradiation, will be investigated. The article will also be used to generate teaching material in the courses Advanced Oral Pathology 401, Advanced Oral Pathology 402, Oral Pathology 325, elective course the Pathologic Basis of Oral Diseases, and the Electron Microscopy Seminar. Application received by Commissioner of Customs: December 12, 1972.

Docket No. 73-00286-33-46500. Applicant: Tennessee State University, 3500 Centennial Boulevard, Nashville, TN 37203. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used in experiments which involve an ultrastructural examination both spontaneous and induced thymic germinal centers in AKR mice. Emphasis will focus on virus and/or antigen localization in these centers as possible preleukemic conditions. Application received by Commissioner of Customs: December 12, 1972.

B. BLANKENHEIMER,
Acting Director,
Office of Import Programs.

Social and Economic Statistics Administration

SPECIAL ANNUAL SURVEY

Notice of Consideration

Notice is hereby given that the Bureau of the Census is considering a proposal to conduct a survey on origin of exports by manufacturing plants, obtaining annual data on such exports for 1971 and 1972, under the authority of title 13, United States Code, sections 181, 224, and 225. This survey has been taken every 3 years starting with 1960 and on the basis of information and recommendations received by the Bureau of the Census the data have significant application to the needs of the public and industry and are not available from nongovernmental or other governmental sources.

The establishments covered by this survey directly account for about 70 percent of total exports of manufactured products. The information to be developed from this survey is necessary to measure adequately the impact of manufactured exports, and employment attributable thereto, at the State, standard metropolitan statistical area and congressional district levels.

This survey, if conducted, shall begin not earlier than February 20, 1973.

Any suggestions or recommendations concerning the subject matter of this proposed survey should be submitted in writing to the Director of the Census Bureau on or before February 20, 1973 will receive consideration.

Dated: January 12, 1973.

HAROLD C. PASSER,
Assistant Secretary
for Economic Affairs.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Health Services and Mental Health Administration

REGIONAL HEALTH ADVISORY COMMITTEE, REGION I

Notice of Meeting

The Acting Administrator, Health Services and Mental Health Administration, announces the meeting date and other required information for the following National Advisory body scheduled to assemble the month of January 1973.

Committee name	Date/time/place	Type of meeting and/or contact person
Regional Health Advisory Committee, Region I.	Jan. 25-26, 9:30 a.m., Conference Room 1507, John F. Kennedy Federal Bldg., Boston, Mass.	Open. Contact Natalie C. Freeman, Room 1409, John F. Kennedy Federal Bldg., Boston, Mass. Code 617—223-6255.

Purpose. Provides advice and guidance to the Regional Health Director on regional health policies, programs, and plans. Undertakes substantial review, study, and deliberations of those broad major health and health-related problems and opportunities which confront the region.

Agenda. The Committee will conduct an in-depth review of the Health Planning Council for Greater Boston, Inc.; discuss implementation of HR-1 as related to health planning; review experimental health service delivery system programs in Region I; and discuss health planning program evaluation strategies.

Items for discussion are subject to change due to priorities as directed by the President of the United States, or the Secretary of Health, Education, and Welfare.

A roster of members may be obtained from the contact person listed above.

Dated: January 11, 1973.

ANDREW J. CARDINAL,
Acting Associate Administrator
for Management, Health
Services and Mental Health
Administration.

Office of Education

GRANTS FOR NONCOMMERCIAL EDUCATIONAL BROADCASTING FACILITIES

Notice of Acceptance of Applications for Filing

Notice is hereby given that the following described applications for Federal financial assistance in the construction of noncommercial educational broadcasting facilities are accepted for filing under the provisions of title III, part IV of the Communications Act of 1934, as amended (47 U.S.C. 390-399) and in accordance with 45 CFR 60.8.

Any interested person may, pursuant to 45 CFR 60.10, on or before February 20, 1973, file comments regarding these applications with the Director, Educational Broadcasting Facilities Program, Division of Technology Development, National Center for Educational Technology, Office of Education, Code 525, Washington, D.C. 20202.

EDUCATIONAL TELEVISION

Community Television of Southern California, 4400 Sunset Drive, Los Angeles, CA 90027, File No. 375-T, for the improvement of noncommercial television station KCET on Channel 28, Los Angeles, Calif. Project accepted as of October 12, 1967. Estimated project cost: °290,577. Grant requested: $217,933. Application signed by: Mr. James R. Berns, Director of Business Affairs.

University of New Hampshire, Durham, N.H. 03824, File No. 376-T, for the improvement of noncommercial educational television station WENH on Channel 11, Durham, N.H. Project accepted as of October 22, 1970. Estimated project cost: $176,116. Grant requested: $88,058. Application signed by: Mr. Robert N. Faiman, Vice President for Research and Special Program Administration.

State Educational Radio and Television Facility Board, Post Office Box 1758, Des Moines, IA 50306, File No. 377-T, for the improvement of noncommercial television station KDIN on Channel 11, Des Moines, Iowa. Project accepted as of April 20, 1971. Estimated project cost: $366,346. Grant requested: $191,588. Application signed by: Mr. John A. Montgomery, Executive Director.

Tennessee State Board of Education, 100-A Cordell Hull Building, Nashville, Tenn. 37219, File No. 378-T, for the improvement of the noncommercial educational television station WSJK on Channel 2, Sneedville, Tenn. Project accepted as of June 22, 1971. Estimated project cost: $240,651. Grant requested: $180,488. Application signed by: Mr. E. C. Stimbert, Chairman.

Clover Park School District No. 5214 Steilacoom Boulevard SW., Tacoma, WA 98499, File No. 379-T, for the improvement of noncommercial educational television station KPEC on Channel 56, Tacoma, Wash. Project accepted as of December 6, 1971. Estimated project cost: $95,690. Grant requested: $71,768. Application signed by: Mr. T. Olai Hageness, Superintendent.

Western New York Educational Television Association, Inc., Hotel Lafayette, Buffalo, N.Y. 14203, File No. 380-T, for the improvement of noncommercial educational television station WNED on Channel 17, Buffalo, N.Y. Project accepted as of December 6, 1971. Estimated project cost: $470,019. Grant requested: $352,514. Application signed by: Mr. J. Michael Collins, President.

Northeastern Pennsylvania Educational Television Association, 1824 Boulevard Avenue, Scranton, PA 18509, File No. 381-T, for the improvement of noncommercial educational television station WVIA on Channel 44, Scranton, Pa. Project accepted as of January 11, 1972. Estimated project cost: $240,000. Grant requested: $180,000. Application signed by: Mr. George H. Strimel, Executive Vice President and General Manager.

State Educational Radio and Television Facility Board, Post Office Box 1758, Des Moines, IA 50306, File No. 382-T, for the establishment of a noncommercial educational television station on Channel 32, Waterloo, Iowa. Project accepted as of July 3, 1972. Estimated project cost: $769,250. Grant requested: $471,750. Application signed by: Mr. John A. Montgomery, Executive Director.

Southwest Texas Educational Television Council, Post Office Box 7158, Austin, TX 78712, File No. 383-T, for the improvement of noncommercial educational television station KLRN on Channel 9, Austin, Tex. Project accepted as of July 12, 1972. Estimated project cost: $660,000. Grant requested: $495,000. Application signed by: Mr. R. F. Schenkkan, President and General Manager.

University of Utah, Salt Lake City, Utah 84112, File No. 384-T, for the improvement of noncommercial educational television station KUED on Channel 7, Salt Lake City, Utah. Project accepted as of July 25, 1972. Estimated project cost: $247,864. Grant requested: $185,898. Application signed by: Mr. W. S. Partridge, Vice President for Research.

Washington State University, Pullman, Wash. 99163, File No. 385-T, for the improvement of noncommercial educational television station KWSU on Channel 10, Pullman, Wash. Project accepted as of August 17, 1972. Estimated project cost: $375,035. Grant requested: $281,276. Application signed by: Mr. V. L. Shelton, Vice President, Finance.

Community Service Broadcasting of Mid-America, Inc., 2100 Stark, Kansas City, Mo. 64126, File No. 386-T, for the improvement of noncommercial educational television station KCPT on Channel 19, Kansas City, Mo. Project accepted as of August 28, 1972. Estimated project cost: $127,500. Grant requested: $95,625. Application signed by: Mr. Edward T. Matheny, Jr., President.

Board of Trustees of Michigan State University, East Lansing, Mich. 48823, File No. 387-T, for the improvement of noncommercial educational television station WKAR on Channel 23, East Lansing, Mich. Project accepted as of September 5, 1972. Estimated project cost: $1,222,000. Grant requested: $381,000. Application signed by: Mr. Roger E. Wilkinson, Vice President for Business and Finance.

State Educational Radio and Television Facility Board, 2801 Bell Avenue, Post Office Box 1758, Des Moines, IA 50306, File No. 388-T, for the establishment of a noncommercial educational television station on Channel 27, Sioux City, Iowa. Project accepted as of September 13, 1972. Estimated project cost: $759,355. Grant request: $463,207. Application signed by: Mr. John A. Montgomery, Executive Director.

Twin City Area Educational Television Corp., 1640 Como Avenue, St. Paul, MN, File No. 389-T, for the improvement of noncommercial educational television station KTCA on Channel 2, St. Paul, Minn. Project accepted as of September 13, 1972. Estimated project cost: $401,485. Grant requested: $301,114. Application signed by: Mr. John C. Schwarzwalder, Executive Vice President.

Nevada Educational Communications Commission, Carson City, Nev. 89701, File No. 390-T, for the establishment of a noncommercial educational television station on Channel 5, Reno, Nev. Project accepted as of September 14, 1972. Estimated project cost: $188,900. Grant requested: $141,509. Application signed by: Mr. Hugh J. Smith, Executive Director.

Central Texas College, Highway 190 West, Killeen, Tex. 76541. File No. 391-T, for the improvement of noncommercial educational television station KNCT on Channel 46, Killeen, Tex. Project accepted as of September 14, 1972. Estimated project cost: $412,650. Grant requested: $309,487. Application signed by: Mr. Phillip R. Swartz, Vice President for Finance and Development.

Board of Regents, University of Idaho, Moscow, Idaho 83843, File No. 392-T, for the expansion of noncommercial educational television station KUID on Channel 12, Moscow, Idaho. Project accepted as of August 24, 1972. Estimated project cost: $675,364. Grant requested: $480,364. Application signed by: Mr. Sherman Carter, financial vice president.

V 38 N 12 JAN 18 73 XUM

Louisiana Educational Television Authority, 421 North Street, Baton Rouge, LA 70804, File No. 393–T, for the establishment of a noncommercial educational television station on Channel 27, Baton Rouge, La. Project accepted as of September 15, 1972. Estimated project cost: $1,050,844. Grant requested: $500,000. Application signed by: Mrs. Lucile R. Woodard, secretary.

Metropolitan Board of Education, 2601 Bransford Avenue, Nashville, TN 37204, File No. 394–T, for the expansion of noncommercial educational television station WDCN on Channel 8, Nashville, Tenn. Project accepted as of September 15, 1972. Estimated project cost: $1,181,871. Grant requested: $886,403. Application signed by: Mr. Elbert D. Brooks.

Spokane School District No. 81, West 825 Trent Avenue, Spokane, WA 99201, File No. 395–T, for the expansion of noncommercial television station KSPS on Channel 7, Spokane, Wash. Project accepted as of September 15, 1972. Estimated project cost: $758,550. Grant requested: $568,850. Application signed by: Mr. Walter J. Schaar, general manager, KSPS–TV.

University of Nebraska, 14th and R Streets, Lincoln, Nebr. 68508, File No. 396–T, for the improvement of noncommercial educational television station KUON on Channel 12, Lincoln, Nebr. Project accepted as of September 15, 1972. Estimated project cost: $59,041. Grant requested: $44,280. Application signed by: Mr. Francis L. Schmehl.

Grand Valley State College, Allendale, Mich. 49401, File No. 397–T, for the improvement of noncommercial educational television station WGVC on Channel 35, Allendale, Mich. Project accepted as of September 15, 1972. Estimated project cost: $123,000. Grant requested: $92,250. Application signed by: Mr. Arthur Hills, vice president for administration and academic affairs.

South Carolina ETV Commission, Drawer L, Columbia, S.C. 29250, File No. 398–T, for the establishment of a noncommercial educational television station on Channel 16, Beaufort, S.C. Project accepted as of September 15, 1972. Estimated project cost: $812,436. Grant requested: $487,460. Application signed by: Mr. Henry J. Cauthen.

Long Island Educational Television Council, Inc., Ellington Avenue, West, Garden City, N.Y. 11530, File No. 399–T, for the expansion of noncommercial educational television station WLIW on Channel 21, Garden City, N.Y. Project accepted as of September 15, 1972. Estimated project cost: $495,800. Grant requested: $367,800. Application signed by: Mr. Daniel T. Sweeney, president.

Community Television, Inc., 2037 Main Street, Jacksonville, FL 32206, File No. 400–T, for the improvement of noncommercial educational television station WJCT on Channel 7, Jacksonville, Fla. Project accepted as of September 15, 1972. Estimated project cost: $188,220. Grant requested: $141,170. Application signed by: Mr. Fred Rebman, President.

Public Broadcasting of Northwest Pennsylvania, Inc., Waterford Pike, Erie, Pa. 16509, File No. 401–T, for the improvement of noncommercial educational television station WQLN on Channel 54, Erie, Pa. Project accepted as of September 15, 1972. Estimated project cost: $434,425. Grant requested: $324,425. Application signed by: Mr. Louis I. Pollock, president.

Washburn University of Topeka, 17th and College, Topeka, Kans. 66621, File No. 402–T, for the improvement of noncommercial educational television station KTWU on Channel 11, Topeka, Kans. Project accepted as of September 15, 1972. Estimated project cost: $75,446. Grant requested: $56,585. Application signed by: Mr. John W. Henderson.

Memphis Community Television Foundation, Memphis State University, Box 80,000, Memphis, TN 38152, File No. 403–T, for the improvement of noncommercial educational television station WKNO on Channel 10, Memphis, Tenn. Project accepted as of September 15, 1972. Estimated project cost: $37,140. Grant requested: $27,855. Application signed by: Mr. Howard D. Hoist, treasurer.

University of Alaska, Fairbanks, Alaska 99701, File No. 404–T, for the expansion of noncommercial educational television station KUAC on Channel 9, College, Alaska. Project accepted as of September 15, 1972. Estimated project cost: $38,986. Grant requested: $29,239. Application signed by: Mr. Earl H. Beistline, Executive Officer and Provost.

Tacoma Public School District No. 10, 601 South Eighth Street, Tacoma, WA 98401, File No. 405–T, for the improvement of noncommercial educational television station KTPS on Channel 62, Tacoma, Wash. Project accepted as of September 15, 1972. Estimated project cost: $95,690. Grant requested: $71,768. Application signed by: Mr. Toney Shelton, Business Manager and Deputy Secretary.

Texas Technical University, Lubbock, Tex. 79409, File No. 406–T, for the improvement of noncommercial educational television station KTXT on Channel 5, Lubbock, Texas. Project accepted as of September 15, 1972. Estimated project cost: $361,925. Grant requested: $271,425. Application signed by: Mr. Glenn E. Barnett, Executive Vice President.

Eastern New Mexico University, Portales, N. Mex. 88130, File No. 407–T, for the establishment of a noncommercial educational television station on Channel 3, Portales, N. Mex. Project accepted as of September 15, 1972. Estimated project cost: $800,000. Grant requested: $600,000. Application signed by: Mr. Charles W. Meister, President.

Oklahoma Educational Television Authority, Norman, Okla. 73069, File No. 408–T, for the improvement of noncommercial educational television station KOED on Channel 11, Tulsa, Okla. Project accepted as of September 15, 1972. Estimated project cost: $207,515. Grant requested: $154,015. Application signed by: Mr. Robert L. Allen, Director.

Chicago Educational Television Association, 5400 North St. Louis Avenue, Chicago, Ill. 60625, File No. 409–T, for the improvement of noncommercial educational television station WXXW on Channel 20, Chicago, Ill. Project accepted as of September 15, 1972. Estimated project cost: $461,820. Grant requested: $346,000. Application signed by: Mr. William J. McCarter, Vice President.

State of Oregon, acting by and through the State Board of Higher Education, Post Office Box 3175, Eugene, OR 97403, File No. 410–T, for the expansion and improvement of noncommercial television stations KOAP, Portland—Channel 10; and KOAC, Corvallis—Channel 7. Project accepted as of September 15, 1972. Estimated project cost: $712,081. Grant requested: $533,979. Application signed by: Mr. Donald R. Larson, Assistant Chancellor.

Evansville-Vanderburgh School Corporation, 1 Southeast Ninth Street, Evansville, IN 47708, File No. 411–T, for the expansion of noncommercial educational television station WNIN on Channel 9, Evansville, Ind. Project accepted as of September 15, 1972. Estimated project cost: $291,700. Grant requested: $218,700. Application signed by: Mr. Wilmer K. Bugher, Superintendent.

State Board of Education, acting as trustees for Idaho State University, Pocatello, Idaho 83201, File No. 412–T, for the improvement of noncommercial educational television station KBGL on Channel 10, Pocatello, Idaho. Project accepted as of September 15, 1972. Estimated project cost: $86,700. Grant requested: $65,025. Application signed by Mr. W. O. Witherspoon, Executive Assistant to the President.

Kentucky State Board of Education, State Office Building, Frankfort, Ky. 40502, File No. 413–T, for the expansion of noncommercial educational television station WKLE on Channel 46, Lexington, Ky. Project accepted as of September 15, 1972. Estimated project cost: $153,365. Grant requested: $108,024. Application signed by: Mr. O. Leonard Press, Executive Director, Kentucky Authority for Educational Television.

Arizona Board of Regents for Arizona State University, Tempe, Ariz. 85281, File No. 414–T, for the improvement of noncommercial educational television station KAET on Channel 8, Phoenix, Ariz. Project accepted as of September 15, 1972. Estimated project cost: $349,980. Grant request: $262,485. Application signed by: Mr. Gilbert L. Cady, Vice President of Business Affairs.

Regents of the University System of Georgia for and on behalf of University of Georgia, 224 Washington Street SW., Atlanta, GA 30303, File No. 415–T, for the improvement of noncommercial educational television station WGTV on Channel 8, Athens, Ga. Project accepted as of September 15, 1972. Estimated project cost: $164,800. Grant requested: $123,000. Application signed by: Mr. Fred C. Davison, President, University of Georgia.

San Diego State University Foundation, 5402 College Avenue, San Diego, CA 92115, File No. 416–2, for the expansion of noncommercial educational television station KPBS on Channel 15, San Diego, Calif. Project accepted as of November 15, 1972. Estimated project cost: $203,557. Grant requested: $152,669. Application signed by: Mr. Ernest B. O'Byrne, Vice President for Administration.

Arkansas ETV Commission, 350 South Donaghey, Conway, Ark. 72032, File No. 417–T, for the improvement of noncommercial educational television station KETS on Channel 2, Little Rock, Ark. Project accepted as of November 15, 1972. Estimated project cost: $154,100. Grant requested: $115,575. Application signed by: Mr. E. T. Shuffield, Chairman.

Ohio Educational Television Network Commission, 2470 North Star Road, Columbus, OH 43221, File No. 418–T, for the improvement of a noncommercial television station WNEO–TV on Channel 45, Alliance, Ohio. Project accepted as of November 16, 1972. Estimated project cost: $913,500. Grant requested: $685,125. Application signed by: Mr. Dave L. Fornshell, Executive Director.

EDUCATIONAL RADIO

Pacifica Foundation, Inc., 2217 Shattuck Avenue, Berkeley, CA 94704, File No. 118–R, for the improvement of noncommercial educational radio station KPFA–FM on Channel 231, Berkeley, Calif. V 38 - 12 JAN 18 73 XUM

NATIONAL ADVISORY COMMITTEE ON HANDICAPPED CHILDREN

Notice of Public Meeting

Notice is hereby given, pursuant to Public Law 92-463 that the next meeting of the National Advisory Committee on Handicapped Children will be held on February 1-3, 1973, at 9 a.m., local time, in the Plaza Room, Dupont Plaza Hotel, 1500 New Hampshire Avenue NW., Washington, DC.

The National Advisory Committee on Handicapped Children was established to review the administration and operation of programs for the handicapped in the Office of Education, and make recommendations for their improvement.

The meeting of the Committee will be open to the public. The proposed agenda includes Congressional reports regarding pending legislation on the handicapped. Records will be kept of all committee proceedings (and shall be available for public inspection at the Office of the Associate Commissioner, Bureau of Education for the Handicapped, located in Room 2100, Regional Office Building 3, Seventh and D Streets SW., Washington, D.C. 20202).

Signed at Washington, D.C. on December 8, 1973.

EDWIN W. MARTIN,
Associate Commissioner, Bureau of Education for the Handicapped.

Office of the Secretary

SOCIAL AND REHABILITATION SERVICE

Statement of Organization, Functions, and Delegation of Authority

Part 5 of the Statement of Organization, Functions, and Delegations of Authority for the Department of Health, Education, and Welfare, Social and Rehabilitation Service (34 FR 1279, January 25, 1969, as amended) is hereby further amended to reflect the reorganization of the Office of the Assistant Administrator, Financial Management, and to transfer the Division of General Services from the Office of the Assistant Administrator for Administration to the Office of the Assistant Administrator, Financial Management. For such purposes, section 5-B is amended as follows:

Delete the Division of General Services from the Office of the Assistant Administrator for Administration. Strike out all that follows under the heading "Office of the Assistant Administrator, Financial Management" and insert in lieu thereof the following:

Provides overall financial management for the Social and Rehabilitation Service and its programs. Provides centralized general services support to all SRS components. Functions of the Office include staff leadership, guidance, and direction on: Budget development and execution; development of budget policies and procedures; accounting and auditing policies and procedures; grant administration; and general services. Serves as the contact point for the Social and Rehabilitation Service with the Office of the Secretary and the General Services Administration on financial and general services matters.

DIVISION OF BUDGET

Responsible for the preparation, justification and execution of the total Social and Rehabilitation Service budget and for the coordination of all SRS budget activities.

DIVISION OF FINANCE

Responsible for the development, implementation, and administration of the Social and Rehabilitation Service accounting system. Establishes fiscal and accounting policies and procedures; reviews the adequacy and effectiveness of plans, policies, and accounting operations for the provision of financial data to SRS management, HEW, OMB, and Treasury. Conducts a continuing evaluation of the financial system, implementing improvements to assure that the systems meet SRS, HEW, and regulatory requirements.

DIVISION OF PROJECT GRANTS ADMINISTRATION

Develops and publishes SRS project grants administration policies and procedures including the implementation of HEW grants policy. Coordinates with other SRS elements on policy that affects both formula and project grants.

Provides grants administration services for all project grants awarded by the SRS Central Office, which include: Receiving applications; operating the project referral system; reviewing financial and expenditure reports; participating in review of applications; obtaining required clearances; preparing grant awards and correspondence; maintaining records for fund control; maintaining grant files; providing information required for management and budgetary purposes; providing consultation to grantees, program elements, and regions; and resolving problems related to payment systems.

Provides training, technical assistance and guidance to regional project grants management staffs; reviews and coordinates regional grants management operations for all decentralized project grant programs.

Develops audit policies and standards for SRS and provides for the resolution of audit exceptions. Maintains a centralized project grants information system for all SRS project grants. Develops SRS forms and procedures to be utilized by SRS in coordination with the program elements. Establishes and maintains necessary obligation and expenditure control systems in coordination with program elements.

DIVISION OF STATE GRANTS ADMINISTRATION

Maintains financial control over grants to the States for the Public Assistance and Work Incentives Programs; develops the Secretary's estimate of quarterly expenditures for Public Assistance as required by the Social Security Act in coordination with the applicable program elements; prepares and issues grant award notices to the States. Administers the cost allocation policy under OMB Circular A-87 and develops cost control factors in coordination with program elements. Reviews proposed and existing legislation and federal regulations providing comments on financial implications of proposals and develops implementing instructions to exercise financial controls necessary for effective administration. Participates with the Community Services Administration in the development of guidelines for the preparation by the States of Program and Financial Plans for Social Services and Work Incentives Programs to ensure that they provide an adequate basis for financial control and accountability. Reviews approved State Plans to ensure that they provide an adequate basis for financial control and accountability. Performs a financial review of approved Program and Financial Plans and other financial planning documents for conformance with law, regulation, approved State Plans, cost allocation policy and cost control factors to monitor regional performance in approval of such plans. Maintains liaison with the General Accounting Office and the HEW Audit Agency; provides a central point in SRS for coordination of action on GAO audit reports and for coordination of financial action on HEW audit reports; identifies evidence of inappropriate claims or payments under Public Assistance grants and initiates action to correct reported deficiencies and to investigate the applicability of the specific findings to all expenditures under such grants. Provides training, technical assistance, and guidance to the Regional Staff concerning the maintenance of financial control over Public Assistance and Work Incentive grants; coordinates with Regions on individual State problems.

DIVISION OF GENERAL SERVICES

Provides consultative assistance and advice on all general services activities for the Social and Rehabilitation Service including: contract development and administration; technical procurement management; personal and real property management; paperwork management; committee management; printing management and reproduction services; communication services; safety management; and all related activities. Provides administrative support services and develops policy in these areas for SRS.

Dated: January 12, 1973.

STEVEN D. KOHLERT,
Deputy Assistant Secretary for Management.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

INTERIM STANDARD MICROWAVE LANDING SYSTEM

Invitation for Comments on Policy Statement: Addendum

The Federal Aviation Administration on December 22, 1972, published in the FEDERAL REGISTER (37 FR 28311) an Invitation for Comments on Policy Statement relating to the Interim Standard Microwave Landing System (ISMLS).

It was stated therein that "(i)n order to ensure that the system selected will meet the broadest spectrum of user requirements in the most efficient and economic manner, each user and potential user of the interim standard MLS is requested to comment on the operational, technical, and economic aspects involved." Although comments were invited, no specific comment period was established. The purpose of this addendum is to designate a definite comment period.

Accordingly, all comments should be submitted to:

Interim Standard MLS Working Group, Attention: Mr. D. Sheftel, AQS-1, or Mr. L. Parrish, AOP-4, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591.

on or before February 5, 1973.

JAMES H. MOLLENAUER,
Acting Associate Administrator for Engineering and Development.

Federal Railroad Administration

[FRA-Pet-No. 74]

GREEN MOUNTAIN RAILROAD CORP.

Notice of Petition for Exemption From Hours of Service Act

JANUARY 12, 1973.

The Green Mountain Railroad Corp. has petitioned the Federal Railroad Administration pursuant to 45 U.S.C. 64a (e) for an exemption, with respect to certain employees, from the Hours of Service Act, 45 U.S.C. secs. 61, 62, 63, and 64.

Interested persons are invited to participate by submitting written data, views, or comments. Communications should identify the docket number and should be submitted in triplicate to the Docket Clerk, Office of Chief Counsel, Federal Railroad Administration, Attention: Docket FRA-Pet-No. 74, 400 Seventh Street SW., Washington, DC 20590. Communications received before February 16, 1973, will be considered by the Federal Railroad Administrator before taking final action. All comments received will be available for examination by interested persons at any time during regular working hours in Room 5428, Nassif Building, 400 Seventh Street SW., Washington, DC.

ATOMIC ENERGY COMMISSION

[Docket No. 50-305]

WISCONSIN PUBLIC SERVICE CORP. ET AL.

Notice and Order for Evidentiary Hearing

On June 22, 1972, the Commission published in the FEDERAL REGISTER (37 FR 12337), a notice of consideration of issuance of a facility operating license to the Wisconsin Public Service Corp., Wisconsin Power & Light Co., and Madison Gas & Electric Co. (Applicants) for a license to operate a pressurized water reactor identified as the Kewaunee Nuclear Power Plant, at a steady state power level up to a maximum of 1,650 megawatts thermal, at the Applicants' site in Kewaunee County, Wis. By a joint petition dated July 24, 1972, Businessmen for the Public Interest (BPI) and Protect Our Wisconsin Enivronmental Resources (POWER) requested that they be permitted to intervene as parties.

By memorandum and order and notice of hearing, dated September 9, 1972, the Commissioners directed that a hearing on the Applicants' request for an operating license should be held and that the petitioners should be admitted as Intervenors. The notice designated this Atomic Safety and Licensing Board to conduct the hearing.

Prehearing conferences, called by the Board, were held on November 15, 1972, and January 10, 1973, in preparation for the evidentiary session. During the first prehearing conference, the Brown County Chapter of the Issac Walton League of America, Inc., on a showing of good cause, and no party objecting, was permitted to intervene, provided that it will join with the other intervenors as one party and be represented by their counsel.

Take notice and *it is hereby ordered*, That the initial session of the evidentiary hearing in this proceeding shall convene at the Kewaunee County Courthouse, 613 Dodge Street, Kewaunkee, WI 54216, at 10 a.m., local time, on Wednesday, February 7, 1973.

All persons having filed a request for limited appearance will be afforded an opportunity to present their comments and views on the first day.

The following general agenda will be followed:

1. Preliminary matters by the Board.
2. Limited appearances.
3. Opening statements of the parties.
4. Preliminary matters by the parties.
5. Consideration of stipulations, if any.
6. Introduction of testimony.
7. Closing matters.

It is so ordered.

Issued at Washington, D.C., this 12th day of January 1973.

ATOMIC SAFETY AND LICENSING BOARD,
JOHN B. FARMAKIDES,
Chairman.

COST OF LIVING COUNCIL

[Cost of Living Council Order No. 17]

CHAIRMAN OF PAY BOARD

Delegation of Interim Authority

Pursuant to the authority delegated to me by Cost of Living Council Order No. 14, and for the purpose of insuring the orderly and appropriate disposition of actions in process and to effectuate an orderly transfer of stabilization functions, it is hereby on an interim basis, subject to change, ordered as follows:

1. There is hereby delegated to the Chairman of the Pay Board, acting on behalf of the Pay Board, subject to the general policy guidance of and coordination with the Director of the Cost of Living Council, or his delegate, authority to process, decide, issue decisions and orders, and otherwise act on requests for Pay Board actions including requests for exception cases, Pay Board and party-at-interest challenge cases, executive compensation cases and nonunion construction cases, and related matters,

V 38 - 12 JAN 18 73 XUM

which were filed with the Pay Board or its delegate on or before January 10, 1973, and which involve requests for pay adjustments, or other Pay Board action, to be effective on or before January 10, 1973.

2. The cases referred to in paragraph 1 above shall be processed, acted on, and decided in accordance with Pay Board regulations, orders, including delegation orders, and rulings in effect on January 10, 1973. Actions pursuant to this delegation shall be taken in the name of the Chairman of the Pay Board, as appropriate and shall be reviewable only as provided in Pay Board regulations in effect on January 10, 1973.

3. There is hereby delegated to the Chairman of the Pay Board whatever further authority is necessary to carry out the functions set forth above.

4. This order shall be effective January 11, 1973.

DONALD RUMSFELD,
Director, Cost of Living Council.

ENVIRONMENTAL PROTECTION AGENCY

AMCHEM PRODUCTS, INC.

Filing of Petition Regarding Pesticide Chemical

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 3F1344) has been filed by Amchem Products, Inc., Ambler, Pa. 19002, proposing establishment of tolerances (40 CFR Part 180) for residues of the plant regulator ethephon ((2-chloroethyl) phosphonic acid) in or on the raw agricultural commodities filberts and walnuts at 0.5 part per million.

The analytical methods proposed in the petition for determining residues of the plant regulator are procedures in which the residues are esterified with diazomethane and then analyzed by gas chromatography with an alkali thermionic detector for filberts and a flame photometric detector for walnuts.

Dated: January 11, 1973.

EDWIN L. JOHNSON,
Acting Deputy Assistant Administrator for Pesticides Programs.

CIBA-GEIGY CORP.

Filing of Petition Regarding Pesticide Chemical

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d)(1), 68 Stat. 512; 21 U.S.C. 346a (d)(1)), notice is given that a petition (PP 3F1342) has been filed by CIBA-GEIGY Corp., Ardsley, N.Y. 10502, proposing establishment of a tolerance (40 CFR Part 180) for negligible residues of the herbicide *N*-(cyclopropylmethyl)-α,α,α-trifluoro-2,6-dinitro-*N*-propyl-*p*-toluidine in or on the raw agricultural commodities soybeans and soybean forage at 0.1 part per million.

The analytical method proposed in the petition for determining residues of the herbicide is a gas chromatographic procedure with electron capture detection.

Dated: January 11, 1973.

EDWIN L. JOHNSON,
Acting Deputy Assistant Administrator for Pesticides Programs.

[FR Doc.73-1049 Filed 1-17-73;8:45 am]

CHEVRON CHEMICAL CO.

Filing of Petition Regarding Pesticide Chemical

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 3F1335) has been filed by the Chevron Chemical Co., 940 Hensley Street, Richmond, CA 94804, proposing establishment of a tolerance (40 CFR Part 180) for negligible residues of the herbicide paraquat cation derived from application of either the dichloride or bis(methylsulfate) salt (calculated in both instances as the cation) in or on the raw agricultural commodity guava at 0.05 part per million.

The analytical method proposed in the petition for determining residues of the herbicide is a colorimetric procedure in which the residues are reduced by reaction with sodium dithionite to an unstable free radical that has an intense blue color. The color intensity is determined spectrophotometrically at 395 nanometers.

Dated: January 10, 1973.

CHEVRON CHEMICAL CO.

Filing of Petition Regarding Pesticide Chemical

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 3F1336) has been filed by the Chevron Chemical Co., 940 Hensley Street, Richmond, CA 94804, proposing establishment of a tolerance (40 CFR Part 180) for residues of the herbicide paraquat cation derived from application of either the dichloride or the bis(methylsulfate) salt (calculated in both instances as the cation) in or on the raw agricultural commodity passion fruit at 0.2 part per million.

The analytical method proposed in the petition for determining residues of the herbicide is a colorimetric procedure in which the residues are reduced by reaction with sodium dithionite to an unstable free radical of intense blue color. The color intensity is determined spectrophotometrically at 395 nanometers.

Dated: January 10, 1973.

EDWIN L. JOHNSON,

MONSANTO CO.

Filing of Petition Regarding Pesticide Chemicals

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 3F1334) has been filed by Monsanto Co., 800 North Lindbergh Boulevard, St. Louis, MO 63166, proposing establishment of tolerances (40 CFR Part 180) for residues of the herbicide 2-chloro-2',6'-diethyl-*N*-(methoxymethyl) acetanilide and its metabolites (calculated as 2-chloro-2',6'-diethyl-*N*-(methoxymethyl) acetanilide) in or on the raw agricultural commodities peanut forage at 2.5 parts per million and peanut hulls at 1 part per million.

The analytical method proposed in the petition for determining residues of the herbicide is a gas-liquid chromatographic technique using a hydrogen flame-ionization detector.

Dated: January 11, 1973.

EDWIN L. JOHNSON,
Acting Deputy Assistant Administrator for Pesticides Programs.

[FR Doc.73-1052 Filed 1-17-73;8:45 am]

RHODIA, INC.

Filing of Petition Regarding Pesticide Chemical

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 3F1337) has been filed by Rhodia, Inc., Chipman Division, 120 Jersey Avenue, New Brunswick, NJ 08903, proposing establishment of a tolerance (40 CFR Part 180) for negligible residues of the insecticide phosalone in or on the raw agricultural commodity potatoes at 0.1 part per million.

The analytical method proposed in the petition for determining residues of the insecticide is a gas chromatographic procedure with an electron-capture detector.

Dated: January 10, 1973.

EDWIN L. JOHNSON,
Acting Deputy Assistant Administrator for Pesticides Programs.

FEDERAL POWER COMMISSION

NATIONAL GAS SURVEY EXECUTIVE ADVISORY COMMITTEE

Order Designating Secretary

JANUARY 12, 1973.

The Federal Power Commission by order issued April 6, 1971, established an Executive Advisory Committee of the National Gas Survey.

1. *Secretary.* A new Secretary to the Executive Advisory Committee, as selected by the Chairman of the Commission with the approval of the Commission, is as follows:

William J. Drescher, Deputy Chief, Bureau of Natural Gas Federal Power Commission.

Mr. Drescher will fill the position vacated by the resignation of Mr. James F. Simes, Federal Power Commission, from this Committee.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.73-1130 Filed 1-17-73;8:45 am]

[Project No. 2307]

A. J. INDUSTRIES, INC. AND JUNEAU HYDROELECTRIC INC.

Notice of Application for Transfer of Major License

JANUARY 11, 1973.

Public notice is hereby given that application has been filed under the Federal Power Act (16 U.S.C. 791a–825r) by Juneau Hydroelectric, Inc. (Transferor) and Alaska Electric Light & Power Co. (Transferee), (Correspondence to: Mr. George A. Fitzpatrick, President, Juneau Hydroelectric, Inc., 10889 Wilshire Boulevard, Suite 1240, Los Angeles, CA 90024; and Mr. Franz D. Nagel, General Manager, Alaska Electric Light & Power Co., 134 Franklin Street, Juneau, AK 99801) for transfer of major license of the Salmon Annex Creek Project No. 2307 located in the First Judicial Division, Alaska, in the vicinity of the city of Juneau, affecting lands of the United States within the Tongass National Forest and U.S. lands excluded therefrom by Juneau Townsite Elimination Survey No. 1762 on the Salmon Creek, a tributary to Gastineau Channel, lying wholly within the Juneau Townsite boundary and on Annex Cheek lying wholly within the Tongass National Forest.

On October 16, 1972, Juneau Hydroelectric, Inc., and Alaska Electric Light & Power Co., filed a joint application for Commission approval of a second transfer of the license for the Salmon and Annex Creek Project No. 2307. The application for the first transfer of the license for the aforementioned project was filed by A. J. Industries, Inc. on July 20, 1972. A. J. Industries, Inc., sought Commission approval to transfer its license to its wholly owned subsidiary, Juneau Hydroelectric, Inc. Public notice of that application was given on September 13, 1972. The objective of the two applications is to consummate the transfer of the license for Project No. 2307 from A. J. Industries, Inc., to Alaska Electric Light & Power Co.

The Salmon and Annex Creek project is comprised of three hydroelectric developments. The Salmon Creek No. 1 Development consists of a 4-foot by 5-foot wood flume 9,876 feet long extending from the tailrace of Powerhouse No. 2 to a forebay and two steel penstocks 1,625 feet long varying in diameter from 42 to 30 inches extending from the forebay to Powerhouse No. 1, containing two 1,400 kw. generators. Salmon Creek No. 2 Development consists of a concrete arch dam 170 feet high with a 648-foot crest (including spillway) on Salmon Creek, creating a reservoir with a storage capacity of 19,000 acre-feet, and steel pipe conduit 4,477 feet long varying in diameter from 40 to 30 inches extending to Powerhouse No. 2, containing two 1,400 kw. generators.

Annex Creek Development is the third hydroelectric development of the Salmon and Annex Creek project. It consists of a wood-frame buttress dam 25 feet high and 115 feet long on Upper Annex Creek creating a reservoir with a storage capacity of 23,400 acre-feet; an 8 by 8-foot tunnel 1,418 feet long, the last 250 feet of which is lined with a 78-inch diameter steel liner; and 6,409 feet of 42-inch and 703 feet of 36-inch steel pipe extending to a powerhouse containing two 1,750 kw. generators; and the project also consists of interconnected transmission lines and other necessary appurtenances.

Any person desiring to be heard or to make protests with reference to said application should on or before February 20, 1973, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to a proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.73-1124 Filed 1-17-73;8:45 am]

[Docket No. G-10354]

ATLANTIC RICHFIELD CO.

Order Establishing Date for Hearing for Issuance of Certificates for Sales of Gas From Acreage Claimed to be Uncommitted

JANUARY 12, 1973.

On October 24, 1972, Atlantic Richfield Co. (Atlantic) in Docket No. G-10354 filed pursuant to the provisions of section 16 of the Natural Gas Act and § 1.7 of the Commission's rules of practice and procedure for temporary certificates to initiate sales allegedly of additional volumes of gas. Sales are to be made from various fields in Hardin, et al., counties, Texas District No. 3 at an initial rate of 24 cents to Texas Eastern Transmission Corp. (Texas Eastern).

Economic hardship is cited as the basis for the temporary request. Atlantic claims it is entitled to charge the proposed rate of 24 cents for the sales of the additional volumes because the original

V 38 - 12 JAN 18 73 XUM

contracts to which the acreage was dedicated expired under their own terms on November 1, 1972. Therefore Atlantic states that all sales made from such acreage thereafter are sales from "uncommitted" acreage, and, consequently are entitled to the "new gas" price in lieu of the "old gas" price.

Atlantic also filed letters dated October 20, 1972, as to interim rate schedules while new contracts are being negotiated for the sale of the additional volumes. Atlantic states that it will continue to sell the gas to Texas Eastern under the same general terms and conditions of the original contracts with the exception of the conditions pertaining to price.

The gas involved herein is being sold pursuant to contracts dated April 12, 1948, and June 9, 1952, designated as Atlantic's rate schedule Nos. 141 and 142, respectively. Both contracts, as amended, provide for the sale of a daily contract quantity based on the delivery capacity of the wells located on the dedicated acreage. Atlantic claims that it has fulfilled its contractual commitments by making deliveries of such contract quantities and, therefore, the contracts expired on their own terms on November 1, 1972.

In support of its request for issuance of temporary certificates at the "new gas" rate of 24 cents, Atlantic states that a higher price will enable it to continue production for a longer period of time than would otherwise be economically feasible. This would result in additional gas being available to the interstate market. In addition, Atlantic states that the price received will make feasible the undertaking of reservoir development. The annual difference involved is approximately $45,930.

Notice of Atlantic's application in Docket No. G-10354 was issued on November 2, 1972, and was published in the FEDERAL REGISTER on November 10, 1972 (37 FR 23950). December 1, 1972, was set as the last date to file protests or petitions to intervene in the proceedings.

The Commission finds that a hearing is to determine, on the record, whether the present and future public convenience and necessity will be served by certificating these sales, and whether the rates proposed are just and reasonable, taking into consideration all factors bearing on maintenance of an adequate and reliable supply of gas, delivered at the lowest reasonable costs.

The Commission finds:

It is necessary and in the public interest that the above-docketed proceeding be set for hearing and decision.

The Commission orders:

(A) The direct case of the applicant shall be filed and served on all parties (including the staff) on or before January 29, 1973. Rebuttal testimony shall be filed on or before February 12, 1973.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 7, 15, and 16 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing on the issues presented by the proposals of the applicants herein shall be held commencing February 20, 1973, at 10 a.m., e.s.t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, DC 20426.

(C) A presiding administrative law judge to be designated by the Chief Administrative Law Judge for that purpose (see delegation of authority, 18 CFR Part 315(d)) shall preside at the hearing in this proceeding, and shall prescribe relevant procedural matters not herein provided, or shall make such changes thereto as for good cause shown as he shall find necessary and proper.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.73-1125 Filed 1-17-73;8:45 am]

[Docket No. CI73-464]

DOUGLAS B. MARSHALL, ET AL.

Notice of Application

JANUARY 12, 1973.

Take notice that on January 8, 1973, Douglas B. Marshall, et al. (Applicants), 500 Jefferson Building, Houston, Tex. 77002, filed in Docket No. CI73-464 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Trunkline Gas Co. from the West Deer Island Field Area, Terrebonne Parish, La., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicants propose to sell approximately 150,000 Mcf of gas per month for 6 months commencing March 2, 1973, at 40 cents per Mcf at 15.025 p.s.i.a. within the contemplation of § 2.70 of the Commission's general policy and interpretations (18 CFR 2.70). Applicants reserve the right to terminate deliveries on 30 days notice.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 5, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.73-1126 Filed 1-17-73;8:45 am]

[Docket No. E-7921]

PUBLIC SERVICE COMPANY OF OKLAHOMA

Notice of Proposed Changes in Rates and Charges

JANUARY 12, 1973.

Take notice that Public Service Company of Oklahoma (PSCO) on December 15, 1972, tendered for filing copies of a proposed change in rate for the city of Marlow, Okla. The city of Marlow is presently served under rate schedule FPC No. 185, designated RE-1 by the company.

PSCO contends that the benefits to the city of Marlow under the proposed rate (RE-2, revised March 1, 1972) as compared to the RE-1, revised March 1, 1972 for 1972-73, amounts to more than $41,000. PSCO further states that commencing in September of 1972, the amount actually billed on the old rate as compared to the proposed rate for September and October amounts to a saving to Marlow of $2,000.

PSCO requests waiver of the Commission's rules on notice requirements so that the proposed rate may be made effective September 1, 1972.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before January 22, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.73-1127 Filed 1-17-73;8:45 am]

[Docket No. E-7938]

PUBLIC SERVICE COMPANY OF OKLAHOMA

Notice of Proposed Changes in Rates and Charges

JANUARY 12, 1973.

Take notice that Public Service Company of Oklahoma (PSCO) on October 28, 1972, tendered for filing copies of the PSCO Letter Agreement dated October 2, 1972, a supplement to FPC No. 118, with the Southwestern Electric Power Co. (Southwestern). PSCO also submitted copies of the certificate of concurrence of Southwestern dated October 12, 1972.

PSCO states that the Letter Agreement provides for the sale by PSCO of 150 MW of capacity from its Northeastern Station Unit No. 2 to Southwestern for the 18-month period beginning December 1, 1972, and ending May 31, 1974.

PSCO says that the terms and conditions are based upon similar terms in Public Service Company Supplement No. 6 to Rate Schedule FPC No. 161 which is an agreement between PSCO and Kansas Gas & Electric Co. PSCO further states that the rates set forth in the Letter Agreement presented are similar to other transactions of this particular type in the area in which sold. PSCO contends that the rates are considered satisfactory by the purchaser for use in his system and are considered fully compensatory by PSCO as seller.

PSCO says that it desires to sell the 150 megawatts of capacity to reduce its excess reserves during the period and Southwestern desires to purchase the capacity for its use and so that Southwestern can in turn supply the needs of Arkansas Power & Light Co. PSCO contends that this Letter Agreement is contingent upon Southwestern entering into a satisfactory agreement with the Arkansas Power & Light Co., for making an equivalent amount of capacity and energy available to that company.

PSCO argues that the capacity is urgently needed in the Arkansas Power & Light system, and therefore PSCO proposes an effective date of December 1, 1972.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before January 22, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.73-1128 Filed 1-17-73;8:45 am]

[Docket No. CI73-454, etc.]

TEXAS PRODUCTION CO. ET AL

Notice of Applications Pursuant to Section 2.75 of Commission's General Policy and Interpretations

JANUARY 12, 1973.

Take notice that on December 26, 1972, Texas Production Co., Pinto, Inc., and Ecee, Inc., all with a mailing address of 999 The Main Building, Houston, Tex. 77002, filed in Dockets Nos. CI73-454, CI73-455 and CI73-456, respectively, applications pursuant to section 7(c) of the Natural Gas Act and § 2.75 of the Commission's general policy and interpretations (18 CFR 2.75) for certificate of public convenience and necessity authorizing sales for resale and delivery of natural gas in interstate commerce to Sea Robin Pipeline Co. (Sea Robin), from Block 270, East Cameron Area, South Addition, and Block 330, Eugene Island Area, South Addition, offshore Louisiana, all as more fully set forth in the applications which are on file with the Commission and open to public inspection.

Applicants propose, under the optional gas pricing procedure, to sell natural gas to Sea Robin at an initial rate of 35.0 cents per Mcf at 15.025 p.s.i.a., subject to upward and downward B.t.u. adjustment. The basic contracts for the subject sales dated October 1, 1972, with United Gas Pipe Line Co.[1] provide for reimbursement to the sellers for 100 percent of any new taxes, for price escalations of 2.5 cents per Mcf every 36 months after the date of initial delivery, and for a contract term to extend until January 1, 1993.

Applicants assert that the subject sales of gas under the contracts dated October 1, 1972, are less costly to the consumer than would be alternative sources of supply from which sales have either been certificated by the Commission, from which requests for authorization for sales are presently pending before the Commission, or which are under present consideration by pipeline purchasers. Applicants submit the initial price in the subject contracts are considerably below that provided in recently negotiated intrastate sales contracts in Louisiana and in other producing areas and is 15 or more cents per Mcf below initial prices now being offered by intrastate purchasers.

Any person desiring to be heard or to make any protest with reference to said applications should on or before February 5, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, hearings will be held without further notice before the Commission on these applications if no petitions to intervene are filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificates is required by the public convenience and necessity. If petitions for leave to intervene are timely filed, or if the Commission on its own motion believes that formal hearings are required, further notice of such hearings will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearings.

KENNETH F. PLUMB, *Secretary.*

[Docket No. ID-1661, etc.]

JOHN ADAMS ET AL.

Notice of Applications

JANUARY 12, 1973.

Take notice that the following applications were filed on the stated dates, pursuant to section 305(b) of the Federal Power Act, for authority to hold the position of officer or director of more than one public utility, or the position of officer or director of a public utility and officer or director of a firm authorized to market utility securities, or the position of officer or director of a public utility and officer or director of a company supplying electric equipment to such public utility.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 26, 1973, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.9 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

[1] United Gas Pipeline Co. has assigned all of its rights and obligations under the subject contracts to Sea Robin.

[Docket No. CP73-29]

NORTHERN NATURAL GAS CO.

Notice of Petition To Amend

JANUARY 11, 1973.

Take notice that on December 29, 1972, Northern Natural Gas Co. (Petitioner), 2223 Dodge Street, Omaha, NE 68102, filed in Docket No. CP73-29 a petition to amend the order of the Commission heretofore issued in said docket pursuant to the Natural Gas Act on December 13, 1972 (48 FPC____), by authorizing the reassignment of previously authorized volumes of temporary Winter Period Service (WPS-1) gas, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

By the order of December 13, 1972, Petitioner was authorized, inter alia, to sell and deliver an additional 44,307 Mcf of gas per day for Winter Period Service (WPS-1) to certain of its utility customers during the 1972-73 heating season, including 6,686 Mcf per day of such gas to its Peoples Natural Gas Division (Peoples). Petitioner states that Peoples' original request as to which communities it wanted its allocation of temporary WPS-1 volume to be provided was based on past growth profiles. Petitioner further states that such growth profiles have proven inaccurate and that delivery of temporary WPS-1 volumes as initially requested and authorized would result in a deficiency of service in Billing Group A, while Billing Group B, C, and D, would have volumes available in excess of their requirements.

Petitioner asserts that the reassignment of previously authorized WPS-1 volumes to Peoples is necessary to assure maintenance of adequate natural gas service to many of Peoples' residential and small volume consumers.

Petitioner states that it commenced the reassignment on December 15, 1972, within the contemplation of § 157.22 of the regulations under the Natural Gas Act (18 CFR 157.29), and proposes to continue such reassignment during the 1972-73 heating season within the contemplation of § 2.70 of the Commission's general policy and interpretations. The adjustments in deliveries are set forth in the appendix below.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said petition to amend should on or before January 26, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

CRA INTERNATIONAL, INC. ET AL.

Notice of Applications[1]

JANUARY 10, 1973.

Take notice that each of the applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natual gas in interstate commerce or to abandon service as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before February 5, 1973, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests, in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants partes to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. RI72-240, etc.]

SHELL OIL CO. ET AL.

Order Granting Special Relief and Terminating Proceedings

JANUARY 10, 1973.

In this order we deal with four separate but related proceedings. As appears below, in the first case, concerning Dockets Nos. RI72-240, RI72-2551, and RI72-263, hereinafter referred to as the Producers rate case, we grant the special relief for which application has been made and we terminate the proceedings. In the second case, Docket No. CP67-349, hereinafter referred to as the South Texas Abandonment case, we approve in part the settlement proposal which has been submitted to us. In the third case, Docket No. RP73-57, hereinafter referred to as the South Texas rate case, we approve the Purchased Gas Adjustment Clause which the South Texas Natural Gas Gathering Co. has submitted to us and we terminate the suspension period. And finally, we consolidate for hearing and disposition Docket No. RP73-57 and South Texas' other pending rate case, Docket No. RP73-7.

Our purpose in taking these actions is to encourage increased sales of natural gas to the Transcontinental Gas Pipe Line Corp. Transcontinental purchases gas from South Texas, and South Texas in turn purchases gas from the three companies involved in the Producers rate case. Caused in part by decreased

V38 I12 JAN 18 73 XUM

deliveries by South Texas to Transcontinental, Transcontinental has been forced to adopt a severe curtailment program. The curtailment reached 11 percent of firm deliveries as of December 1, 1972. The record establishes that South Texas' deliveries to Transcontinental have diminished, at least in part, because of the fixed rate stipulated in the contract between South Texas and Transcontinental, and because of the area rate applicable to sales by the producers here involved to South Texas. Our purpose herein is to permit certain modifications in those rates, in order that further natural gas supplies will be made available to Transcontinental.

Producers rate case (Dockets Nos. RI72-240, RI72-251, RI72-263). We deal first with the Producers rate case. A settlement proposal was filed in these consolidated proceedings on September 18, 1972. It has been noticed, and no opposition to it has been expressed by any party. The effect of the settlement proposal would be to permit the three producers here involved to charge rates above the area rate otherwise applicable, as a result of which such producers will be able to make additional supplies of natural gas available, through the South Texas Natural Gas Gathering Co., to Transcontinental. We accept the settlement.

More particularly, on May 12, May 26, and June 2, 1972, Shell Oil Co., Tenneco Oil Co., and Continental Oil Co., the producers herein, each filed its respective petition for special relief, pursuant to § 154.111(f) of the Commission's regulations under the Natural Gas Act, requesting authorization to collect base rates in excess of the applicable Texas Gulf Coast area rate ceiling for flowing gas delivered to South Texas for resale to Transcontinental from jointly owned leases in the McAllen Ranch Field, Hidalgo County, Tex. (Texas Railroad Commission District No. 4) pursuant to the terms of the producers' contract with South Texas, dated May 8, 1963, as amended February 8, 1972.[1] On July 12, 1972, the Commission issued an order consolidating these proceedings for hearing and decision, and permitted intervention of South Texas, Transcontinental, and many of Transcontinental's customer companies.

On July 19, 1972, Shell filed a motion in this consolidated proceeding requesting the Commission to convene a conference pursuant to § 1.18 of the rules of practice and procedure in order to explore the possibility of settlement of the proceedings. Most of the parties, including the Public Service Commission of New York, filed in support of Shell's request for a settlement conference. On August 10, 1972, the Commission issued an order convening a settlement conference pursuant to § 1.18 of the rules of practice and procedure, commencing August 14, 1972. All interested parties, including Commission staff, met on that date and from time to time thereafter. As a consequence, there is now before us for consideration a motion for Promulgation of Settlement Proposal filed in this consolidated proceeding by the producers on September 18, 1972.

In support of and as consideration for the increased rates, the producers have agreed that Shell, as the operator, will conduct an extensive fracturing and drilling program in the McAllen Ranch Field. Not only are the producers committed to undertake the activities outlined in the settlement proposal, but they are also obligated to achieve concomitant quantitative levels of deliverability in order for the rate increases to remain effective.

The estimated cost ($7,328,000) and projected success of the program is based upon Shell's experience to date in reconditioning and fracturing eight existing wells and in drilling four new exploratory wells. The program contemplates the fracturing of 23 wells and the drilling of at least five wells into new reservoirs.

A portion of the gas delivered to South Texas will be produced from newly-discovered reservoirs and, therefore, is eligible for the new gas price of 24 cents per Mcf [2] as provided for in Commission Opinion No. 567.[3] The proposed rates of 23 cents and 24 cents per Mcf for the remaining (flowing) gas exceed the Texas Gulf Coast Area ceiling rate of 19 cents per Mcf. It is the latter portion for which the Producers seek special relief. The instant settlement proposal is satisfactory to and supported in principle by all parties to the proceedings.[4]

In summary, the settlement proposal provides:

(1) The Producers will undertake a fracturing and drilling program in the McAllen Ranch Field aimed at increasing field deliverability to 100,000 Mcf per day and at maintaining that level as long as economically feasible.

(2) The base rate for flowing gas will be increased to 23 cents per Mcf as of the date of the Commission's order issued herein.

(3) If, between January 1, 1973, and July 1, 1973, the Producers are unable to maintain an average field deliverability of at least 80,000 Mcf per day, the Producers will promptly make a filing with the Commission showing why the waiver should not be discontinued.

(4) The base rate for flowing gas will be increased to 24 cents per Mcf if, over any 11-month period after the filing of this settlement proposal, the Producers have maintained an average field of deliverability of 100,000 Mcf per day.

(5) The base rate for flowing gas will be decreased from 24 cents per Mcf to 23 cents per Mcf if the Producers should fail to maintain an average field deliverability of at least 80,000 Mcf per day for the 12 months immediately following the 11-month period described in (4) above.

Transcontinental has been experiencing a severe diminution in its available gas supplies and curtailments of firm service in the amount of approximately 12 percent have been forecast for the upcoming year. The additional deliverability to be derived from the implementation of the suggested program will alleviate such deficiency.

The initial success of the program indicates recovery of substantial additional volumes of gas as well as increased deliverability for the next 2 years of approximately 50,000 Mcf per day above the daily level that would have been produced without the program. In view of the significant expenditures to be incurred by the Producers and the cost of alternate sources of gas available to relieve Transco's critical shortage, approval of the proposed settlement is justified. Additionally, the guaranteed deliverability associated with the settlement proposal affords the ultimate consumer ample protection.[5]

Our action in granting the relief sought herein in no way prejudges or predetermines any matter that remains open for our decision, pursuant to this Order, in the South Texas Rate Cases. The instant settlement proposal is in the public interest and should be approved as hereinafter provided.

South Texas abandonment case (Docket No. CP67-349). We deal next with the South Texas abandonment case, with respect to which a settlement proposal was filed with us on October 6, 1972. Our Staff opposes the settlement proposal. No other opposition to it has been expressed. As indicated more fully below, we accept the settlement, subject to two conditions: (1) the investigation under section 14 of the Natural Gas Act, concerning alleged violations of the Act by South Texas, such investigation being pursuant to our order in this proceeding of January 27, 1972, shall be severed, and we shall consider such matter separately following our receipt of an Initial Decision by the Presiding Administrative Law Judge concerning such matter; and (2) because South Texas' cost of service is before us in the South Texas Rate Cases, discussed below, such cost of service, including the gathering charge, will remain for decision in that case. As we provide below in connection with our

[1] The provision for filing petitions for special relief from area rate ceilings such as provided for in Opinion No. 595, Texas Gulf Coast area, May 6, 1971, 45 FPC 674, 716, 720, received the approbation of the Supreme Court in affirming the first area rate decision involving the Permian Basin area (Opinion No. 468, Area Rate Proceeding, 34 FPC 158 (1965), aff'd, Permian Basin Area Rate Cases, 390 U.S. 747, at 772 (1968)).

[2] 45 FPC 674, Opinion No. 595, issued May 6, 1971.

[3] 42 FPC 726, issued October 3, 1969.

[4] Notice of filing of settlement proposal issued October 18, 1972. All intervenors filed comments in support of the settlement proposal.

[5] The Producer's renegotiated rates are contractually limited to South Texas being allowed to pass on the related increased cost of gas resulting from the Settlement Proposal to Transcontinental. South Texas is allowed to do so elsewhere in this order. This limitation relates not only to the proposed increases for flowing gas but also to the 24-cent rate applicable to new gas produced from newly-discovered reservoirs.

discussion and disposition of those rate cases, the rate proposed in the settlement, which has been filed in the Rate Case and suspended by our order of November 16, 1972, may go into effect immediately, subject to refund.

By way of background, the current phase of Docket No. CP67-349 commenced with South Texas' filing on April 2, 1971, of a petition seeking authority under section 7(b) of the Natural Gas Act to abandon certain facilities. Such facilities had earlier been authorized in such Docket by the Commission's order of July 23, 1969. In its 1971 filing, South Texas stated that the facilities were no longer needed because deliveries from the pertinent field, the McAllen Ranch Field, Hidalgo County, Tex., had markedly decreased. Several intervenors opposed the abandonment, raising a variety of questions which we believed required a formal hearing. We so ordered on January 27, 1972. Twenty-eight days of hearings followed, ending in July 1972. Briefs have been filed and the case is now pending before the Presiding Administrative Law Judge for decision.

With the approval of the Administrative Law Judge, settlement conferences have from time to time been held. They resulted in the Settlement Agreement filed with us on October 6, 1972. No party opposes the settlement, except for our Staff. Those who have filed in support of it are the Shell Oil Co., the Transcontinental Gas Pipe Line Co., the Brooklyn Union Gas Co., the Consolidated Edison Company of New York, Inc., the Public Service Commission for the State of New York, the Natural Gas Pipeline Company of America, the Philadelphia Gas Works, and the Associated Gas Distributors.

South Texas is an important supplier of gas to Transcontinental. It sells to Transcontinental under a contract which fixes the sales price, currently 22.05 cents per Mcf. The principal reserves involved are located in the McAllen Ranch Field, and are held by the three producers involved in the Producers Rate Case, discussed above. The volume of gas available for delivery to South Texas for sale to Transcontinental is declining, and Transcontinental's needs are thus not being met. Because of the fixed price, South Texas states that it cannot buy new gas to sell to Transcontinental, inasmuch as such new gas would cost more than 22.5 cents per Mcf.

In this state of affairs, the parties who support the settlement are in agreement that South Texas should be permitted to charge Transcontinental a rate based on South Texas' cost of service, including a gathering charge applicable to existing facilities, its average purchased gas cost, and its cost of service related to new facilities required to acquire additional supplies. As indicated below, we approve in principle of such a change in the rate South Texas is permitted to charge Transcontinental, but we leave its precise level for determination in the South Texas Rate Cases. In light of the additional volume of gas which South Texas foresees as a result of the actions we take in this order, South Texas no longer seeks to abandon the two 1,000 h.p. compressors, but it will be necessary to move one such compressor. South Texas will file separately for authority to do so.

The principal terms of the settlement may be summarized as follows:

(1) South Texas' rate to Transcontinental will be fixed on the basis of its cost of service, including a reasonable rate of return, in lieu of the fixed price contract now on file. The new rate will permit South Texas to recover its cost of gathering and its purchased gas costs for sales of gas dedicated to Transcontinental, including the increased purchased gas costs from the McAllen Ranch producers, dealt with above in the Producers Rate Case.

(2) The gathering charge is to be 6.25 cents per Mcf, subject to adjustment.

(3) South Texas will file no rate increase with respect to Transcontinental for 3 years from the date of the Commission's order approving the settlement, except that South Texas may recover the rate effect of inclusion in its rate base of any substantial new plant additions which the Commission certificates to attach new gas supplies to Transcontinental, and except that South Texas' rate to Transcontinental is also to be adjusted to reflect South Texas' average purchased gas cost.

(4) South Texas will dedicate to Transcontinental certain additional reserves contained in gas purchase contracts held by it, and will use its best efforts to obtain additional supplies for Transcontinental.

(5) South Texas is to be permitted to flow through to Transcontinental the increased cost of the McAllen Ranch Field gas, with which we have dealt in the Producers Rate Case.

(6) The proceedings in this abandonment case, Docket No. CP67-349, are to be terminated.

(7) Unless accepted in its entirety, the settlement agreement is not binding upon any party.

As we have indicated at the outset, we are unable to accept the settlement in its entirety. While we accept the cost of service basis for the South Texas charge to Transcontinental, and the flow through to Transcontinental of the increased cost of the gas, we believe that South Texas' actual cost of service, and its proposed gathering charge of 6.25c per Mc.f., should not be judged here. These questions may more properly be determined in the pending South Texas rate cases (Dockets Nos. RP73-7 and RP73-57). Further, we are unwilling to terminate that portion of this abandonment proceeding which concerns the investigation of South Texas under section 14 of the Natural Gas Act, in advance of our receiving and considering an initial decision concerning that aspect of the case.

The filings in support of the settlement proposal come from one of South Texas' suppliers (Shell), from its interstate customers (Transcontinental and Natural), from customers of Transcontinental (Brooklyn Union, Consolidated Edison, the Philadelphia Gas Works, and the Associated Gas Distributors), and from the New York Public Service Commission. (Only one such filing suggests a change in the settlement agreement. Natural points out that a particular contract has already been dedicated by South Texas to Natural, and it therefore cannot now be listed in the agreement as dedicated to Transcontinental. We agree.) The foregoing parties make clear that this Commission should act promptly to increase gas supplies for Transcontinental, and that to achieve this result we must permit an increase in the price South Texas may charge Transcontinental.

We agree that it is our responsibility to take all possible and reasonable steps to alleviate Transcontinental's severe gas shortage, and we are prepared to permit the necessary increases in price. Our actions in this and in the related cases dealt with in this order will permit price increases by the producers, the flow-through to Transcontinental of those increases, and a further price increase by South Texas. But the South Texas rate to Transcontinental will be subject to refund. We are not now prepared to sanction the particular rate that is based on South Texas' cost of service as set forth in the settlement. We leave that to the rate proceedings.

Our action herein overcomes a portion of the staff's opposition to the settlement. The staff objects to an abandonment proceeding being used as a vehicle for a rate settlement, but we have indicated our unwillingness now, in this proceeding, to accept the particular rate contained in the settlement. Our staff also objects to the termination of the investigation, but we are not taking that action. We are instead severing the investigation. Although the staff argues that the abandonment application and the section 14 investigation are "inextricably interwoven," we do not see why that is so and the staff does not appear to provide us with a rationale. Finally, the staff indicates that there has not been proper public notice. We think there has. This proposed settlement was noticed on October 16, 1972, in this docket, and it was referred to in our notice of October 24, 1972, in the South Texas rate case.

We therefore accept the settlement, subject to our determination in the rate cases of South Texas' cost of service, including the gathering charge, and subject to the severing of the investigation under section 14.

South Texas rate case (Docket No. RP73-57). We turn, thirdly, to the South Texas rate case. This case commenced on October 17, 1972, with South Texas' filing of a $2.8 million annual rate increase. We understand that that rate increase was designed to be consistent with and to implement the settlements in the two proceedings discussed above. In our order of November 16, 1972, in this case, we found the PGA clause in South Texas'

V 38 - 12 JAN 18 73 XUM

filing to be unacceptable, and we rejected it, without prejudice, to submission to us of a revised PGA clause. We also suspended the rate for 5 months and provided for expedited hearings.

On December 4, 1972, South Texas submitted a revised PGA clause in this proceeding. South Texas requested that its revised PGA clause be accepted and permitted to become effective immediately, or in any event, no later than the effective date of approval of the settlement in the producers rate case.

We now find that South Texas' revised PGA clause has cured the deficiencies noted in our November 16, 1972 order, and is in conformity with Commission opinions 452 and 452-A. We accept it, and it may become effective with the issuance of this order.

On December 15, 1972, South Texas sought rehearing of our order of November 16. South Texas objects to the 5-months suspension provided for therein. It states that the 27.87 cents rate provided for in its filing is based on an estimated purchased gas cost of 21.65 cents per Mcf, and a gathering charge of 6.22 cents per Mcf, the latter in turn being based upon an overall rate of return of 8 percent.

In view of the actions we are taking in this case and in the related proceedings, whereby certain producer rates are permitted to be increased, and whereby that increase may be flowed through to Transcontinental, it is appropriate that the South Texas rate filed in this Docket, CP73-57, be permitted to go into effect, subject to refund, upon the issuance of this order. Accordingly, we terminate the suspension period and permit the increased rate to become effective, subject to refund.

South Texas' other rate case (Docket No. RP73-7). On July 31, 1972 South Texas tendered for filing certain proposed rate changes. By our order of August 31, 1972, we ordered a 1-day suspension and we ordered hearings, to commence on January 30, 1973. We hereby consolidate Dockets Nos. RP73-7 and RP73-57 for hearing and disposition, with hearings to commence as soon as may be feasible.

The Commission finds:

(1) As to Dockets Nos. RI72-240, RI72-251, and RI72-263, the proposed settlement of the subject proceedings on the basis described herein, as more fully set forth in the settlement proposal and the appendices thereto, filed by the producers on September 18, 1972 is in the public interest, and the rate levels therein provided are just and reasonable, and it is appropriate in carrying out the provisions of the Natural Gas Act that the settlement proposal be approved and made effective as hereinafter ordered.

(2) As to Docket No. CP67-349, the proposed settlement, as described above, and as more fully set forth in the settlement agreement filed by South Texas on October 6, 1972 is, with the exceptions discussed above, in the public interest, and it is appropriate in carrying out the provisions of the Natural Gas Act that it be approved and made effective as hereinafter ordered.

(3) As to Docket No. RP73-57, South Texas' revised PGA clause should be accepted for filing and made effective as hereinafter ordered, and the suspension period provided in our order of November 16, 1972 should be terminated.

(4) Dockets Nos. RP73-7 and RP73-57 involve common issues of law and fact and the public interest will be served by consolidation of such dockets for hearing and disposition.

The Commission orders:

(A) As to Dockets Nos. RI72-240, RI72-251, and RI72-263:

(1) The settlement of these proceedings on the basis of the settlement proposal filed by the producers on September 18, 1972, is approved and made effective subject to the terms and conditions herein, and the producers' petitions for waiver filed in accordance with § 154.111(f) of the Commission's regulations are granted.

(2) The related rate filings of the producers will become effective as of the date of this order or the expiration of the statutory notice period, whichever is later.

(3) Pursuant to § 300.16 of the rules and regulations of the Price Commission, certification of the action herein is attached.

(4) Upon effectuation of the terms and conditions of this order, the proceedings in Dockets Nos. RI72-240, RI72-251, and RI72-263 are terminated without further order of the Commission.

(B) As to Docket No. CP67-349:

(1) With the exceptions noted in paragraph (2) hereof, the settlement of this proceeding on the basis of the settlement agreement filed on October 6, 1972, is approved and made effective.

(2) The cost of service of South Texas and its gathering charge relating to service to Transcontinental shall be determined in the pending South Texas Rate Cases, Dockets Nos. RP73-7 and RP73-57. The proceedings in Docket No. CP67-349 are terminated, except for that portion of such case as relates to the investigation of South Texas under section 14 of the Natural Gas Act. Upon receipt of an Initial Decision from the Presiding Administrative Law Judge concerning such portion of the case, the Commission shall give such further attention to it as may be appropriate. Appendix G of the Settlement Agreement shall be modified by deleting therefrom the reference to contract 3631A7.

(C) Paragraph (B) of this order is without prejudice to any finding or orders which may be made hereafter by the Commission, and is without prejudice to claims or contentions which may be made by South Texas, the Commission Staff, or any affected party hereto, in any proceedings now pending or hereafter instituted by or against South Texas, and is not in any manner determinative of the justness and reasonableness of the South Texas rates involved herein.

(D) As to Docket No. RP73-57,

(1) South Texas' revised PGA clause is accepted for filing, and it shall become effective upon the issuance of this order.

(2) The suspension period imposed in our order of November 16, 1972, is terminated upon the issuance of this order. The increased rates applied for in this proceeding may be placed into effect, subject to refund with interest, pending the Commission's determination as to their justness and reasonableness. Such action is consistent with the purposes of the Economic Stabilization Act of 1970, as amended.

(3) Docket No. RP73-7 and Docket No. RP73-57 are consolidated for hearing and disposition.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

CERTIFICATION OF PRODUCER RATE INCREASE

With respect to the price increase granted in Dockets Nos. RI72-240, RI72-251, and RI72-263, under the Economic Stabilization Act of 1970, as amended, and revised § 300.16 of the rules and regulations of the Price Commission, 6 CFR 300 (1972), the Federal Power Commission certifies:

(1) The former price, before the increase granted herein, the new price as granted, the percentage increase of price and the increase in annual revenues are as follows:

FPC gas rate schedule designation	Prices cents per Mcf		Percent increase	Increase in annual revenue
	Former	New [1]		
Shell Oil Co.:				
Rate schedule No. 247, Supplement No. 11	18.0675	24.0	32.84	$337,836
Rate schedule No. 247, Supplement No. 12	18.0675	23.0	27.30	972,196
Rate schedule No. 247, Supplement No. 13	18.0675	24.0	32.84	82,284
Tennessee Oil Co.:				
Rate schedule No. 166, Supplement No. 9	18.0675	24.0	32.84	64,961
Rate schedule No. 166, Supplement No. 10	18.0675	23.0	27.30	288,633
Continental Oil Co.:				
Rate schedule No. 382, Supplement No. 9	18.0675	23.0	27.30	306,156
Rate schedule No. 382, Supplement No. 10	18.0675	24.0	32.84	82,788

[1] Subject to B.t.u. adjustment.

(2) In the instant case, the requested increase to 24 cents per Mcf for gas produced from reservoirs discovered after October 1, 1968 does not exceed the ceiling rate established for such gas in Opinion No. 595.

(3) The Commission has been confronted with conclusive evidence demonstrating a natural gas shortage (See Opinion Nos. 595, 598, and 607). In these circumstances and for the reasons set forth in this order, the Commission is of the opinion in this case that the increased rates authorized herein will be consistent with the letter and intent of the Economic Stabilization Act of 1970, as amended, as well as the rules and regulations of the Price Commission, 6 CFR 300 (1972). Specifically, this Commission is of the opinion that the authorized rate increases are required to assure continued, adequate and safe service and will assist in providing increased deliverability of natural gas for necessary expansion to meet present and future requirements of natural gas.

The Commission cannot certify further as to the items set forth in § 300.16(e), paragraphs (3), (4), (5), and (6) because of the nature of this proceeding. More specifically, producer rates are established on an area rather than individual company basis. This practice was established by *Area Rate Proceeding*, Docket No. AR61-1, et al., Opinion No. 468, 34 FPC 159 (1965) and affirmed by the Supreme Court in Permian Basin Area Rate Case, provisions of § 1.7(b) of the Commission's rules of practice and procedure (18 CFR 1.7(b)) as provided in Opinion No. 595, 45 FPC 716. In cases such as this, producer rates are approved by this Commission if such rates are contractually authorized and are at or below the area ceiling. Consequently, information is not developed in this type of proceeding on an individual company basis and cannot, therefore be provided.

[Dockets Nos. RI73-175, etc.]

SHELL OIL CO. ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

JANUARY 9, 1973.

Respondents have filed proposed changes in rates and charges for jurisdictional sales of natural gas, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

[1] Does not consolidate for hearing or dispose of the several matters herein.

The Commission orders: (A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of expiration of the suspension period without any further action by the Respondent or by the Commission. Each Respondent shall comply with the refunding procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

* Unless otherwise stated, the pressure base is 14.65 p.s.i.a.
[1] Contract amendment.
[2] Applicable to sales from all acreage except that covered by Supplements Nos. 2, 4, and 10 as set forth in Supplements No. 13.
[3] Includes quality adjustment.
[4] Correction filed Dec. 21, 1972.
[5] Amends pricing provisions.
[6] Previously reported as 13.635 cents at 16.4 p.s.i.a.
[7] Amends pricing provisions and changes pressure base from 16.4 p.s.i.a. to 14.65 p.s.i.a.
[8] Base rate is subject to proportional upward and downward adjustment from 1,000 B.t.u. per cubit foot.
[9] Not applicable to production under Supplement No. 6.
[10] Applies only to Supplement No. 5 of subject rate schedule.
[11] Applicable only to sale of gas production from the North Eunice San Andres pool as provided under Supplement No. 32.
[12] Includes 1 cent per Mcf reduction for compression.
[13] The pressure base is 15.025 p.s.i.a.
[14] Accepted for filing to be effective on the dates shown in the "Effective Date" column.

V38-12 JAN 18 73 XUM

The proposed increase from 12.18 cents to 18.18 cents per Mcf filed by Humble Oil & Refining Co. is for a sale of gas to Kansas-Nebraska Natural Gas Co., Inc., in Deuel County, Nebr. The Commission has not prescribed an increased rate ceiling for sales from Nebraska but has applied the 13 cents per Mcf at 15.025 p.s.i.a. (14.19 at 16.4 p.s.i.a.) increased rate ceiling of adjacent Colorado as a guide in determining whether to suspend proposed increases in Nebraska. Humble's increase exceeds the Colorado increased rate ceiling but does not exceed the corresponding rate filing limitation imposed in Southern Louisiana and therefore it is suspended herein for 1 day.

The proposed increases of Shell Oil Co. to its FPC Gas Rate Schedule No. 249, Gulf Oil Co., Atlantic Richfield Co. to its FPC Gas Rate Schedule No. 20 and Phillips Petroleum Co. exceed the rate limit for a 1 day suspension, and therefore are suspended for 5 months from the expiration of the statutory notice period.

The other proposed rates involved here do not exceed the corresponding rate filing limitation imposed in Southern Louisiana and therefore are suspended for 1 day from the expiration of 60 days notice or from the proposed effective date, whichever is later.

The producers' proposed increased rates and charges exceed the applicable area price levels for increased rates as set forth in the Commission's Statement of General Policy No. 61-1, as amended (18 CFR, Chapter I, Part 2, § 2.56).

CERTIFICATION OF ABBREVIATED SUSPENSION

Pursuant to § 300.16(1)(3) of the Price Commission rules and regulations, 6 CFR Part 300 (1972), the Federal Power Commission certifies as to the abbreviated suspension period in this order as follows:

(1) This proceeding involves producer rates which are established on an area rather than company basis. This practice was established by Area Rate Proceeding, Docket No. AR61-1 et al., Opinion No. 468, 34 FPC 159 (1965), and affirmed by the Supreme Court in Permian Basin Area Rate Case, 390 U.S. 747 (1968). In such cases as this, producer rates are approved by this Commission if such rates are contractually authorized and are at or below the area ceiling.

(2) In the instant case, the requested increases do not exceed the ceiling rate for a 1-day suspension.

(3) By Order No. 423 (36 FR 3464) issued February 18, 1971, this Commission determined as a matter of general policy that it would suspend for only 1 day a change in rate filed by an independent producer under section 4(d) of the Natural Gas Act (15 U.S.C. 717c(d)) in a situation where the proposed rate exceeds the increased rate ceiling, but does not exceed the ceiling for a 1-day suspension.

(4) In the discharge of our responsibilities under the Natural Gas Act, this Commission has been confronted with conclusive evidence demonstrating a natural gas shortage. (See Opinion Nos. 595, 598, and 607, and Order No. 435.) In these circumstances and for the reasons set forth in Order No. 423 the Commission is of the opinion in this case that the abbreviated suspension authorized herein will be consistent with the letter and intent of the Economic Stabilization Act of 1970, as amended, as well as the rules and regulations of the Price Commission, 6 CFR Part 300 (1972). Specifically, this Commission is of the opinion that the authorized suspension is required to assure continued, adequate and safe service and will assist in providing for necessary expansion to meet present and future requirements of natural gas.

[FR Doc.73-904 Filed 1-17-73;8:45 am]

FEDERAL RESERVE SYSTEM

FIRST FINANCIAL CORP.

Order Approving Acquisition of Bank

First Financial Corp., Tampa, Fla., a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire not less than 80 percent of the voting shares of the Lee County Bank, Fort Myers, Fla.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant controls 12 banks with aggregate deposits of $573 million, representing 3.4 percent of the total commercial bank deposits in the State, and is the sixth largest banking organization and bank holding company in Florida. (All banking data are as of June 30, 1972, adjusted to reflect all bank holding company formations and acquisitions approved by the Board through November 30, 1972.) Acquisition of bank ($83.4 million in deposits) would increase applicant's share of commercial bank deposits in the State by 0.5 percentage points and its ranking in the State would be unchanged.

Bank is the second largest of 11 banks competing in the Lee County banking market and controls 22.6 percent of market deposits. The largest and third largest banking groups in the market hold, respectively, 35.9 percent and 17.7 percent of the deposits in the market. Applicant's subsidiary bank located closest to bank is 24 miles north of bank, in Punta Gorda. It does not appear that any significant existing competition between bank and the subsidiaries of applicant would be eliminated as a result of consummation of the proposal. Furthermore, in view of the distances involved, the number of banks located in intervening areas, the likelihood of additional entrants into the market (presently pending before appropriate regulatory authorities are applications for the establishment of five de novo banks in Lee County), and the State prohibition against branch banking, it appears unlikely that any significant competition between the banking institutions would develop in the future. It appears, therefore, that consummation of the proposal herein would neither eliminate meaningful existing competition nor foreclose significant potential competition. Bank has been the least competitive of the major banks in the Lee County banking market. Affiliation with applicant should enable bank to compete more aggressively within the market. Additionally, approval will result in the severance of an existing affiliation between bank and American Bank of Fort Myers, the smallest bank in the market. Thus, approval of this application should have a procompetitive effect in the relevant market. On the basis of the record before it, the Board concludes that consummation of the proposed acquisition would not have an adverse effect on competition in any relevant area.

The financial and managerial resources and prospects of applicant and its subsidiary banks are regarded as generally satisfactory and consistent with approval of the application, particularly in the light of applicant's commitment and program to strengthen the capital base of certain of its subsidiaries. Bank has experienced some capital and management problems. Affiliation with applicant will enable bank to draw upon applicant's managerial resources and should strengthen bank's management and condition and enhance its future prospects. Furthermore, applicant has agreed to provide $2 million in equity capital to bank upon acquisition, and to convert $1.9 million of bank's capital notes into capital stock. The banking factors lend weight for approval. The banking needs of the Lee County market appear to be adequately served at the present time; however, applicant proposes to improve, expand, and revitalize those services bank is offering to its community, and thereby enable bank to become once again a strong competitor. Considerations relating to the convenience and needs of the community to be served weigh in favor of approval of the application. It is the Board's judgment that the proposed transaction is in the public interest and should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be consummated (a) before February 12, 1973, or (b) later than April 11, 1973, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Atlanta pursuant to delegated authority.

By order of the Board of Governors,[1] effective January 11, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-1057 Filed 1-17-73;8:45 am]

FIRST OKLAHOMA BANCORPORATION, INC.

"Grandfather" Privileges Under Bank Holding Company Act

Section 4 of the Bank Holding Company Act (12 U.S.C. 1843) provides certain privileges ("grandfather" privileges) with respect to nonbanking activities of a company that, by virtue of the 1970 amendments to the Bank Holding Company Act, became subject to the Bank Holding Company Act. Pursuant to section 4(a)(2) of the Act, a "company covered in 1970" may continue to engage, either directly or through a subsidiary, in nonbanking activities that such company was lawfully engaged in on June 30, 1968 (or on a date subsequent to June 30, 1968, in the case of activities carried on as a result of the acquisition by such company or subsidiary, pursuant to a binding written contract entered into on or before June 30, 1968, of another company engaged in such activities at the time of the acquisition), and has been continuously engaged in since June 30, 1968 (or such subsequent date).

Section 4(a)(2) of the Act provides, inter alia, that the Board of Governors of the Federal Reserve System may terminate such grandfather privileges if, having due regard to the purposes of the Act, the Board determines that such action is necessary to prevent undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices. With respect to a company that controls a bank with assets in excess of $60 million on or after December 31, 1970, the Board is required to make such a determination within a 2-year period.

Notice of the Board's proposed review of any grandfather privileges of First Oklahoma Bancorporation, Inc., Oklahoma City, Okla., and an opportunity for interested persons to submit comments and views or request a hearing, has been given (37 FR 22414 and 25204). The time for filing comments, views, and requests has expired, and all those received have been considered by the Board in light of the factors set forth in section 4(a)(2) of the Act.

The facts before the Board show that First Oklahoma Bancorporation, Inc., Oklahoma City, Okla. (Registrant), became a bank holding company on December 31, 1970, as a result of the 1970 amendments to the Act, by virtue of Registrant's ownership of more than 50 percent of the outstanding voting shares of the First National Bank and Trust Company of Oklahoma City, Oklahoma City, Okla. (Bank) (assets of $567 million as of December 31, 1970). However, the Board's review of Registrant further shows that Registrant does not constitute a "company covered in 1970" as defined in section 2(b) of the Bank Holding Company Act. Section 2(b) of the Act defines "company covered in 1970" as a "company which becomes a bank holding company as a result of the enactment of the Bank Holding Company Act Amendments of 1970 and which would have been a bank holding company on June 30, 1968, if those amendments had been enacted on that date." Registrant was already a registered multibank holding company on June 30, 1968,[1] and the enactment of the 1970 amendments on June 30, 1968, would not have caused Registrant to become a bank holding company nor altered Registrant's status under the Act. On this basis, the Board concludes that Registrant does not fit within the definition of a "company covered in 1970," that Registrant is not eligible for grandfather benefits, and that the question of termination of grandfather privileges, under the proviso in section 4(a)(2) of the Act, is moot.

The conclusion contained herein is limited to the matter of Registrant's entitlement to "grandfather" privileges and the subject of termination under the proviso in section 4(a)(2) of the Act; and does not affect any authority that Registrant may have to engage in nonbanking activities pursuant to other provisions of the Bank Holding Company Act, or pursuant to Board approval of an application.

Board of Governors, January 10, 1973.

[SEAL] TYNAN SMITH,
Secretary of the Board.

[FR Doc.73-1058 Filed 1-17-73;8:45 am]

[1] Voting for this action: Chairman Burns and Governors Robertson, Mitchell, Daane, Sheehan and Bucher. Absent and not voting: Governor Brimmer.

[1] Registrant became a multibank holding company on Jan. 8, 1963, when it acquired more than 50 percent of the voting shares of Bank and of the Idabel National Bank, Idabel, Okla., pursuant to the Board's order of Nov. 30, 1962 (1962 Federal Reserve Bulletin 1608). Registrant sold its interest in Idabel Bank on Sept. 27, 1968, and ceased to be a bank holding company as then defined.

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

AVM CORP.

Order Suspending Trading

JANUARY 10, 1973.

It appearing to the Securities and Exchange Commission that the summary suspension of trading in the common stock, $1 par value, and all other securities of AVM Corp., being traded otherwise than on a national securities exchange is required in the public interest and for the protection of investors;

It is ordered, Pursuant to section 15(c)(5) of the Securities Exchange Act of 1934, that trading in such securities otherwise than on a national securities exchange be summarily suspended, this order to be effective for the period from 12:45 a.m. (e.s.t.) on January 10, 1973 through January 19, 1973.

By the Commission.

CONTINENTAL ILLINOIS CORP. AND FIRST NATIONAL BOSTON CORP.

Applications for Unlisted Trading Privileges

JANUARY 10, 1973.

In the matter of applications of the Detroit Stock Exchange for unlisted trading privileges in certain securities.

The above-named national securities exchange has filed applications with the Securities and Exchange Commission pursuant to section 12(f)(1)(B) of the Securities Exchange Act of 1934 and Rule 12f-1 thereunder, for unlisted trading privileges in the common stocks of the following companies, which securities are listed and registered on one or more other national securities exchanges:

	File No.
Continental Illinois Corp	7-4330
First National Boston Corp	7-4331

Upon receipt of a request, on or before January 28, 1973, from any interested person, the Commission will determine whether the application with respect to any of the companies named shall be set down for hearing. Any such request should state briefly the title of the security in which he is interested, the nature of the interest of the person making the request, and the position he proposes to take at the hearing, if ordered. In addition, any interested person may submit his views or any additional facts bearing on any of the said applications by means of a letter addressed to the Secretary, Securities and Exchange Commission, Washington, D.C. 20549 not later than the date specified. If no one requests a hearing with respect to any particular application, such application will be determined by order of the Commission on the basis of the facts stated therein and other information contained in the official files of the Commission pertaining thereto.

For the Commission by the Division of Market Regulation (pursuant to delegated authority).

[SEAL] RONALD F. HUNT,
Secretary.

INTERNATIONAL TELEPHONE & TELEGRAPH CORP. ET AL.

Notice and Order for Hearing on Application for Exemption

JANUARY 10, 1973.

International Telephone & Telegraph Corp. (ITT), Hamilton Management Corp. (Hamilton), and ITT Variable Annuity Insurance Co. (Variable), referred to collectively as "Applicants" 320 Park Avenue, New York, NY 10005, have filed an application pursuant to section 9(c) of the Investment Company Act of 1940 (Act) for an order exempting Applicants from the provisions of section 9(a) of the Act and, without prejudice to the Commission's consideration of such application, Hamilton and Variable have applied for a temporary order of exemption from section 9(a) pending the Commission's determination of the application for permanent exemption.

The Commission, on June 20, 1972, issued a notice of the filing of said application and an order temporarily exempting Hamilton and Variable from the provisions of section 9(a) of the Act pending a final determination by the Commission of Applicants' application (Investment Company Act Release No. 7235). The notice gave interested persons until July 28, 1972, to request a hearing.

Two requests for a hearing have been filed in this matter. The first was filed on July 27, 1972, by the State of Ohio and the Ohio Department of Commerce, Division of Securities, by their counsel, the attorney general of the State of Ohio ("the Ohio application"). The Ohio application inter alia requests that the State of Ohio be made a party to a hearing held in this matter pursuant to section 40(c) of the 1940 Act. The second request for a hearing, which also contains a statement in opposition to the application, was filed on July 28, 1972, by Robert E. Latimer and Reuben B. Robertson III ("the Latimer-Robertson statement"). The Latimer-Robertson statement advances legal and factual grounds in opposition to the application and in support of its request for a hearing. On August 11, 1972, Applicants filed a reply memorandum in support of the application, and on August 21, 1972, Latimer-Robertson filed a reply memorandum in opposition to the application. All interested persons are referred to the above-mentioned documents and Applicants' application on file with the Commission for a statement of the representations therein.

It appears to the Commission that it is appropriate in the public interest and in the interest of investors that a hearing be held with respect to the said application.

It is ordered, Pursuant to section 40(a) of the Act, that a hearing on the aforesaid application under the applicable provisions of the Act and the rules of the Commission thereunder be held at a date to be fixed by the Chief Administrative Law Judge in the office of the Commission, 500 North Capitol Street, Washington, DC 20549. At such time the hearing room clerk will advise as to the room in which such hearing will be held. Any person, other than Applicants, desiring to be heard or otherwise wishing to participate in the proceeding is directed to file with the Secretary of the Commission, on or before the ninth day of February 1973, his application pursuant to Rule 9(c) of the Commission's rules of practice. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicants at the address noted above, and proof of service (by affidavit or in the case of an attorney at law certificate) shall be filed contemporaneously with the request. Persons filing an application to participate or be heard will receive notice of the date of or any adjournment of the hearing as well as other actions of the Commission involving the subject matter of these proceedings.

It is further ordered, That any officer or officers of the Commission to be designated by it for that purpose shall preside at said hearing. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42(b) of the Act, and to a hearing officer under the Commission's rules of practice.

The Division of Enforcement has advised the Commission that it has made a preliminary examination of the application, and that upon the basis thereof the following matters are presented for consideration without prejudice to its specifying additional matters upon further examination:

(1) Whether the prohibitions of section 9(a) of the 1940 Act as applied to Applicants are unduly harsh or disproportionately severe; or

(2) Whether the conduct of Applicants has been such as not to make it against the public interest or protection of investors to grant the Applicants an exemption from the provisions of section 9(a).

It is further ordered, That the Secretary of the Commission shall give notice of the aforesaid hearing by mailing copies of this order by certified mail to Applicants, the State of Ohio, the Ohio Department of Commerce, Division of Securities, Robert E. Latimer and Reuben B. Robertson III; that notice to all other persons shall be given by publication of this order in the FEDERAL REGISTER; and that a general release of the Commission in respect of this order be distributed to the press and mailed to the mailing list for releases.

By the Commission.

[812-3233]

OPPENHEIMER FUND, INC. ET AL.

Application for Exemption

JANUARY 12, 1973.

Notice is hereby given that Oppenheimer Fund, Inc., Oppenheimer A.I.M. Fund, Inc., Oppenheimer Time Fund, Inc., Oppenheimer Income Fund, Inc., and Oppenheimer Special Fund, Inc. (the "Funds"), each of which is registered under the Investment Company Act of 1940 (the "Act") as management open-end investment companies, and Oppenheimer Management Corporation (OMC), One New York Plaza, New York, NY 10004, the principal underwriter of each of the Funds (hereinafter jointly referred to as "Applicants"), have filed an application pursuant to section 6(c) of the Act for an order of the Commission exempting Applicants from the provisions of section 22(d) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations made therein, which are summarized below.

The prospectus of each of the Funds states that there is a sales commission on the purchase of Fund shares.

Section 22(d) of the Act provides, in pertinent part, that no registered investment company or principal underwriter thereof shall sell any redeemable security issued by such company to any person except at a current offering price described in the prospectus.

Each of the Funds proposes to sell its shares at the net asset value per share to persons who have caused its shares to be redeemed and who have not previously exercised this privilege as to any of the Funds. In the case of Oppenheimer Special Fund, Inc., the privilege would not go into effect until after the effectiveness of its pending registration statement under the Securities Act of 1933. Since the privilege would be limited to persons who have not previously exercised it as to any of the Funds, the privilege will not thereafter be available to him upon redemption of shares in that or any other of the Funds. The sale will be limited to an amount up to the amount of the redemption proceeds (or to the nearest full share if fractional shares are not purchased). A written order to purchase the shares must be received by the authorized agent for the purchase of the shares of the Fund in question, or be postmarked within 15 days after the redemption request is received in proper form. The purchase will be made at the net asset value per share next determined after receipt of the order; therefore no sales commission will be received by OMC or any dealer on such purchase.

Applicants represent that because of the limitation of the privilege to persons who have not previously exercised it and the short period within which the privilege must be exercised, it does not afford a method of "playing" the market. To advise investors of the privilege, OMC will, at its expense, by a statement inserted with the redemption check, advise the investor of the right to reinvest at net asset value. In addition, disclosure will be made in each of the respective Funds' prospectus of the reinvestment privilege, and telephone calls to redeeming shareholders may also be made.

Applicants also contend that the proposed privilege will enable a shareholder whose original decision to redeem or terminate his account was either ill considered or resulted from a misunderstanding as to his rights or as to the characteristics of his Fund shares to reestablish his investment without paying a sales charge for doing so. In addition, Applicants assert that the granting of this proposed exemption would be consistent with the purposes of section 22(d) of the Act and is necessary and appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Section 6(c) of the Act provides that the Commission, by order upon application, may conditionally or unconditionally exempt any person or transaction from any provisions of the Act if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than January 30, 1973, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicants at the address stated above. Proof of such service (by affidavit, or in case of an attorney at law, by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing thereon shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

[File No. 24FW-1555]

SPENCE & GREEN CHEMICAL CO.

Order Temporarily Suspending Exemption

JANUARY 11, 1973.

I. On September 14, 1972, Spence & Green Chemical Co., Crosby, Tex. 77532, filed with the Fort Worth Regional Office of the Commission a notification covering an offering of 104,250 shares of common stock at $2.50 per share for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933 pursuant to the provision of section 3(b) thereof and Regulation A thereunder. The company indicated that it planned to sell its own securities. Spence & Green Chemical Co. was incorporated on March 6, 1956, for the purpose of conducting research and development on a chemical recovery system of waste products produced by Kraft Paper Mills.

II. The Commission, on the basis of information reported to it by its staff, has reason to believe:

1. The $500,000 ceiling available under Regulation A would be exceeded in that Spence & Green Chemical Co. has never had a net income from operations and refuses to escrow the securities held by directors, officers, or promoters of the issuer pursuant to Rule 253 of the Securities Act of 1933;

2. The notification and offering circular of Spence & Green Chemical Co. contain untrue statements of material facts and omit to state material facts necessary to make the statements made, in the light of the circumstances under which they were made, not misleading with respect to:

(a) The use of proceeds from the sale of securities by the company;

(b) The prior sale of unregistered securities of Spence & Green Chemical Co. by the company and affiliates;

V 38 - 12 JAN 18 73 XUM

(c) The lack of current information regarding the status of the company's notes payable to stockholders and others;

(d) The risks inherent in an investment in the securities of Spence & Green Chemical Co.;

(e) The absence of any disclosure of how raw materials available from sources other than paper mills are to be utilized in the company's operations.

3. The terms and conditions of Regulation A have not been complied with in that:

(a) There is a failure to state in the offering circular how the company's research and development and patents are to be applied commercially;

(b) There is no discussion in the offering circular of the nature of the issuer's proposed products;

(c) There is no disclosure in the offering circular relating to transactions between management and the company;

(d) There is no meaningful or informative disclosure in the offering circular regarding the equipment and processes purportedly developed by the company.

4. The offering, if made, would have been in violation of section 17 of the Securities Act of 1933.

III. It appearing to the Commission that it is in the public interest and for the protection of the investors that the exemption of the issuer under Regulation A be temporarily suspended.

It is ordered, Pursuant to Rule 261(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption of the issuer under Regulation A be, and it hereby is, temporarily suspended.

It is further ordered, Pursuant to Rule 7 of the Commission's rules of practice that the issuer file an answer to the allegations contained in this order on or before February 12, 1972.

Notice is hereby given that any persons having any interest in the matter may file with the Secretary of the Commission a written request for a hearing within 30 days after the entry of this order; that within 20 days after receipt of such request the Commission will, or at any time upon its own motion, may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission. If no hearing is requested and none is ordered by the Commission, the order shall become permanent on the 30th day after its entry and shall remain in effect unless it is modified or vacated by the Commission.

By the Commission.

NOTE: A memorandum to certification and service unit listing persons to be served with this order is filed as part of the original document.

[SEAL] RONALD F. HUNT, *Secretary.*

[FR Doc.73-1101 Filed 1-17-73;8:45 am]

[812-3291]

SUN LIFE OF CANADA (U.S.) VARIABLE ACCOUNT B ET AL.

Application for Exemption

JANUARY 12, 1973.

Notice is hereby given that Sun Life of Canada (U.S.) Variable Account B (Account B), a unit investment trust registered under the Investment Company Act of 1940 (the Act), Sun Life Assurance Company of Canada (U.S.) (Sun Life (U.S.)), and Suncan Equity Services Co. (Sunesco), 3 New England Executive Park, Burlington, Mass. 01803, a Delaware corporation which is registered as a broker-dealer under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers (hereinafter collectively called "Applicants"), have filed an application pursuant to section 6(c) of the Act for an order exempting applicants, to the extent noted below, from the provisions of sections 22(d), 26(a) and 27(c)(2) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Sun Life (U.S.) is a stock life insurance company incorporated under the laws of Delaware on January 12, 1970. It is a wholly owned subsidiary of Sun Life Assurance Company of Canada. Account B is a separate account of Sun Life (U.S.), established in 1971 as the facility for issuing certain variable annuity contracts. Such contracts are not qualified for special treatment under sections 401 or 403 of the Internal Revenue Code. Such contracts include (1) deferred contracts which provide that annuity payments will begin on a selected future date, and (2) immediate contracts which provide that annuity payments will begin 1 month after the date the contract is issued. Under Delaware insurance law, that portion of the assets maintained in Account B equal to the reserves and other contract liabilities with respect to the account are not chargeable with liabilities arising out of any other business conducted by Sun Life (U.S.). All amounts allocated to Account B pursuant to the variable annuity contracts will be used to purchase shares of Sun Growth Fund, Inc., a diversified, open-end management investment company registered under the Act. Persons who are registered representatives of Sunesco, which is wholly owned by Sun Life Assurance Company of Canada, will sell the variable annuity contracts.

Section 22(d). Section 22(d) of the Act provides, in pertinent part, that no registered investment company or principal underwriter thereof shall sell any redeemable security to the public except at a current offering price described in the prospectus.

Applicants' deferred contracts permit the accumulation of value on either a variable or a fixed and variable basis, and they also provide that annuities may be chosen on either a variable or a fixed and variable basis. Applicants request an exemption from section 22(d) of the Act to permit amounts accumulated on a fixed basis to be transferred without any sales charge to Account B for the purpose of accumulation or for the purpose of making variable annuity payments. Applicants state that under the deferred variable annuity contracts, the same deductions for sales and administrative expenses are made from each purchase payment without regard as to whether the net proceeds are applied to provide variable benefits or a combination of variable and fixed dollar benefits. Therefore, Applicants contend, imposition of an additional deduction for sales and administrative expense charges, when such amounts are transferred to Account B either during the accumulation period or on the annuity commencement date, would be inequitable and discriminatory, and that such imposition would subject some annuitants to higher total deductions than others who paid in the same amounts under the contracts.

Applicants also request an exemption from the provisions of section 22(d) to permit reductions in sales and administrative expense charges on single purchase payment contracts to be made on the basis of the aggregate amount of purchase payments allocated both to Account B and the fixed dollar accumulation account. Such reduced sales deductions would, applicants assert, avoid the discrimination which would otherwise exist between persons allocating differing portions of their purchase payments between Account B and Sun Life (U.S.)'s general account.

Applicants further request an exemption from the provisions of section 22(d) to permit the reduction by one-half of the usual sales charges applicable to the sale of single purchase payment contracts when amounts payable under life insurance and annuity contracts issued by Sun Life Assurance Company of Canada, i.e., death benefits, the cash surrender values of life insurance annuity policies, and the maturity value of endowment policies, are used to purchase single payment contracts.

Applicants allege that such reduced sales charges will not result in disruptive distribution patterns for the contracts since no secondary market in the contracts will develop, nor create unfair discrimination among contract purchasers because a sales expense charge will have previously been included in the premiums on the Sun Life Assurance Company of Canada insurance policies and annuity contracts from which the single payments are derived. Moreover, it is anticipated that sales expenses associated with the sale of contracts in the circumstances described will be sufficiently reduced to justify the lower sales charge.

Sections 26(a) and 27(c)(2). Sections 26(a) and 27(c)(2), as here pertinent, provide in substance that a registered unit investment trust, and any depositor and underwriter for the trust, are prohibited from selling periodic payment plan certificates unless the proceeds of all payments other than the sales load are deposited with a qualified bank as trustee or custodian and held under an indenture or agreement containing specified provisions. Such agreement must provide, in part, that (i) the custodian bank shall have possession of all the property of the unit investment trust and shall segregate and hold the same in trust; (ii) the custodian bank shall not resign until either the unit investment trust has been liquidated or a successor custodian has been appointed; (iii) the custodian may collect fees from the income and if necessary from the corpus of the trust for services performed and for reimbursement of expenses incurred; and (iv) that no payment to the depositor or principal underwriter shall be allowed the custodian bank as an expense, except a fee, not exceeding such reasonable amount as the Commission may prescribe, as compensation for performing bookkeeping and other administrative expenses normally performed by the custodian. Although the assets of Account B are held under a custodian agreement with a bank having the qualifications described in section 26(a) of the Act, the agreement does not create a trust with respect to the assets of Account B because Sun Life (U.S.), as a life insurance company, must retain ownership of and control of the disposition, of its property. Accordingly, an exemption is requested from the foregoing provisions to the extent necessary to make the requirement that the assets be held in a trust inapplicable.

In support of the requested exemption from the foregoing provisions of the Act, applicants state that under the custodian agreement the assets of Account B will be held by the custodian and will be physically segregated and separated from the property of any other person, that Sun Life (U.S.) is required to maintain records of the names and addresses of persons having an interest in Account B, and that it will notify interested persons of substitutions of securities. Applicants further state that they are subject to extensive supervision and control by the Delaware insurance regulatory authorities, which includes the filing of annual statements of financial condition and being subject to periodic examination by such authorities. Applicants also assert that Account B has been established pursuant to a Delaware law which provides that the assets of Account B shall not be chargeable with liabilities arising out of any other business Sun Life (U.S.) may conduct, and that obligations arising under variable annuity contracts participating in Account B are general obligations of Sun Life (U.S.), and that Sun Life (U.S.) may not abrogate its obligations under such contracts. Applicants contend that the foregoing laws, regulations and arrangements provide substantial assurance that all obligations under contracts participating in Account B will be performed and that orphanage of Account B will not occur.

Applicants have consented that the requested exemption from sections 26(a) and 27(c)(2) be subject to the following conditions: (1) that the charges to variable annuity contract owners for administrative services shall not exceed such reasonable amounts as the Commission shall prescribe, jurisdiction being reserved for such purpose, and (2) that the payment of sums and charges out of the assets of Account B shall not be deemed to be exempted from regulation by the Commission by reason of the requested order, provided that the Applicants' consent to this condition shall not be deemed to be a concession to the Commission of authority to regulate the payment of sums and charges out of such assets other than charges for administrative services, and Applicants reserve the right in any proceeding before the Commission, or in any suit or action in any court, to assert that the Commission has no authority to regulate the payment of such other sums or charges.

Section 6(c) of the Act authorizes the Commission upon application to exempt any person from any provision or provisions of the Act conditionally or unconditionally if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than February 6, 1973, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicants at the address stated above. Proof of such service (by affidavit, or in the case of an attorney at law, by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

[812-3292]

SUN LIFE OF CANADA (U.S.) VARIABLE ACCOUNT A ET AL.

Application for Exemption

JANUARY 12, 1973.

Notice is hereby given that Sun Life of Canada (U.S.) Variable Account A (Account A), a unit investment trust registered under the Investment Company Act of 1940 (the "Act"), Sun Life Assurance Company of Canada (U.S.) (Sun Life (U.S.)), and Suncan Equity Services Co. (Sunesco), 3 New England Executive Park, Burlington, Mass. 01803, a Delaware corporation which is registered as a broker-dealer under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers (hereinafter collectively called "Applicants"), have filed an application pursuant to section 6(c) of the Act for an order exempting Applicants, to the extent noted below, from the provisions of sections 22(d), 26(a), and 27(c)(2) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Sun Life (U.S.) is a stock life insurance company incorporated under the laws of Delaware on January 12, 1970. It is a wholly owned subsidiary of Sun Life Assurance Company of Canada. Account A is a separate account of Sun Life (U.S.), established in 1971 as the facility for issuing certain variable annuity contracts which are qualified for special tax treatment under sections 401, 403(a), or 403(b) of the Internal Revenue Code. Such contracts include: (1) Deferred contracts which provide that annuity payments will begin on a selected future date, and (2) immediate contracts which provide that annuity payments will begin 1 month after the date the contract is issued. Under Delaware insurance law, that portion of the assets maintained in Account A equal to the reserves and other contract liabilities with respect to the account are not chargeable with liabilities arising out of any other business conducted by Sun Life (U.S.). All amounts allocated to Account A pursuant to the variable annuity contracts will be used to purchase shares of Sun Growth Fund, Inc., a diversified, open-end management investment company registered under the Act. Persons who are registered representatives of Sunesco, which is wholly owned by Sun Life Assurance Company of Canada, will sell the variable annuity contracts.

Section 22(d). Section 22(d) of the Act provides, in pertinent part, that no registered investment company or principal underwriter thereof shall sell any redeemable security to the public except at a current offering price described in the prospectus.

Applicants' deferred contracts permit the accumulation of value on either a variable or a fixed and variable basis, and they also provide that annuities may be chosen on either a variable or a fixed

V 38 - 12 JAN 18 73 XUM

and variable basis. Applicants request an exemption from section 22(d) of the Act to permit amounts accumulated on a fixed basis to be transferred without any sales charge to Account A for the purpose of accumulation or for the purpose of making variable annuity payments. Applicants state that under the deferred variable annuity contracts, the same deductions for sales and administrative expenses are made from each purchase payment without regard as to whether the net proceeds are applied to provide variable benefits or a combination of variable and fixed dollar benefits. Therefore, Applicants contend, imposition of an additional deduction for sales and administrative expense charges, when such amounts are transferred to Account A either during the accumulation period or on the annuity commencement date, would be inequitable and discriminatory, and that such imposition would subject some annuitants to higher total deductions than others who paid in the same amounts under the contracts.

Applicants also request an exemption from the provisions of section 22(d) to permit reductions in sales and administrative expense charges on single purchase payment contracts to be made on the basis of the aggregate amount of purchase payments allocated both to Account A and the fixed dollar accumulation account. Such reduced sales deductions would, Applicants assert, avoid the discrimination which would otherwise exist between persons allocating differing portions of their purchase payments between Account A and Sun Life (U.S.)'s general account.

Applicants further request an exemption from the provisions of section 22(d) to permit the reduction by one-half of the usual sales charges applicable to the sale of single purchase payment contracts when amounts payable under life insurance and annuity contracts issued by Sun Life Assurance Company of Canada, i.e., death benefits, the cash surrender values of life insurance annuity policies, and the maturity value of endowment policies, are used to purchase single purchase payment contracts.

Applicants allege that such reduced sales charges will not result in disruptive distribution patterns for the contracts since no secondary market in the contracts will develop, nor create unfair discrimination among contract purchasers because a sales expense charge will have previously been included in the premiums on the Sun Life Assurance Company of Canada insurance policies and annuity contracts from which the single payments are derived. Moreover, it is anticipated that sales expenses associated with the sale of contracts in the circumstances described will be sufficiently reduced to justify the lower sales charge.

Sections 26(a) and 27(c)(2). Sections 26(a) and 27(c)(2), as here pertinent, provide in substance that a registered unit investment trust, and any depositor and underwriter for the trust, are prohibited from selling perlodic payment plan certificates unless the proceeds of all payments other than the sales load are deposited with a qualified bank as trustee or custodian and held under an indenture or agreement containing specified provisions. Such agreement must provide, in part, that: (i) The custodian bank shall have possession of all the property of the unit investment trust and shall segregate and hold the same in trust; (ii) the custodian bank shall not resign until either the unit investment trust has been liquidated or a successor custodian has been appointed; (iii) the custodian may collect fees from the income and if necessary from the corpus of the trust for services performed and for reimbursement of expenses incurred; and (iv) that no payment to the depositor or principal underwriter shall be allowed the custodian bank as an expense, except a fee, not exceeding such reasonable amount as the Commission may prescribe, as compensation for performing bookkeeping and other administrative expenses normally performed by the custodian. Although the assets of Account A are held under a custodian agreement with a bank having the qualifications described in section 26(a) of the Act, the agreement does not create a trust with respect to the assets of Account A because Sun Life (U.S.), as a life insurance company, must retain ownership of and control of the disposition, of its property. Accordingly, an exemption is requested from the foregoing provisions to the extent necessary to make the requirement that the assets be held in a trust inapplicable.

In support of the requested exemption from the foregoing provisions of the Act, Applicants state that under the custodian agreement the assets of Account A will be held by the custodian and will be physically segregated and separated from the property of any other person, that Sun Life (U.S.) is required to maintain records of the names and addresses of persons having an interest in Account A, and that it will notify interested persons of substitutions of securities. Applicants further state that they are subject to extensive supervision and control by the Delaware insurance regulatory authorities, which includes the filing of annual statements of financial condition and being subject to periodic examination by such authorities. Applicants also assert that Account A has been established pursuant to a Delaware law which provides that the assets of Account A shall not be chargeable with liabilities arising out of any other business Sun Life (U.S.) may conduct, and that obligations arising under variable annuity contracts participating in Account A are general obligations of Sun Life (U.S.), and that Sun Life (U.S.) may not abrogate its obligations under such contracts. Applicants contend that the foregoing laws, regulations, and arrangements, provide substantial assurance that all obligations under contracts participating in Account A will be performed and that orphanage of Account A will not occur.

Applicants have consented that the requested exemption from sections 26(a) and 27(c)(2) be subject to the following conditions: (1) That the charges to variable annuity contract owners for administrative services shall not exceed such reasonable amounts as the Commission shall prescribe, jurisdiction being reserved for such purpose, and (2) that the payment of sums and charges out of the assets of Account A shall not be deemed to be exempted from regulation by the Commission by reason of the requested order, provided that the Applicants' consent to this condition shall not be deemed to be a concession to the Commission of authority to regulate the payment of sums and charges out of such assets other than charges for administrative services, and Applicants reserve the right in any proceeding before the Commission, or in any suit or action in any court, to assert that the Commission has no authority to regulate the payment of such other sums or charges.

Section 6(c) of the Act authorizes the Commission upon application to exempt any person from any provision or provisions of the Act conditionally or unconditionally if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than February 6, 1973, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the Applicants at the address stated above. Proof of such service (by affidavit, or in the case of an attorney at law, by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[Notice 158]

ASSIGNMENT OF HEARINGS

JANUARY 15, 1973.

Cases assigned for hearing, postponement, cancellation, or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the official docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after the date of this publication.

I. & S. M.—26366, Bus Fares, between New York, N.Y., and New Jersey points, now assigned January 29, 1973, at New York, N.Y., is cancelled.

MC 136224, Southern Transports, Inc., now being assigned February 26, 1973 (1 week), at Meridian, Miss., in a hearing room to be later designated.

No. 35598, North Carolina Intrastate Freight Rates and Charges, 1972, now assigned January 29, 1973, at Raleigh, N.C., will be held in court room 1, Federal Building, 310 New Bern Avenue.

MC 134243 Sub 2, Moore Bros. Transportation Co., Inc., now assigned February 1, 1973, at Greensboro, N.C., will be held in the third floor court room, U.S. Post Office and Courthouse, 324 West Market Street.

MC-F-11599, Helms Motor Express, Inc.—Purchase—Fox Transfer Co., now assigned February 5, 1973, at Charlotte, N.C., will be held at the Public Library, 310 North Tryon Street.

MC-107498 Sub 855, Ruan Transport Corp., now assigned January 19, 1973, at Chicago, Ill., is cancelled and application dismissed.

MC-C-7499, Manhattan Transit Co., Consolidated Terminal and Travel Bureau, Inc., and National Tour Brokers Association, petition for declaratory order, now assigned February 5, 1973, MC 136670, Conboy Trucking Corp., now assigned February 7, 1973, at New York, N.Y., will be held in room F-2220, 26 Federal Plaza, New York, N.Y.

MC-C-7840, The Millenburg Tours, Inc., V-Lillian Hofmeister, now assigned February 21, 1973, at Baltimore, Md., is postponed to February 26, 1973, at Baltimore, Md., in a hearing room to be later designated.

MC-F-11604, McBride Transportation, Inc.—Purchase—C. & E. Trucking Corp. (assignee Alfred A. Rosenberg) MC-80428 Sub No. 80, McBride Transportation, Inc., now assigned hearing February 12, 1973, MC-135738 Sub 1, Fleet Services, Inc., now assigned February 14, 1973, will be held in room F-2220, 26 Federal Plaza, New York, N.Y.

MC 42092 Sub 2, Acme Cartage Co., continued on January 23, 1973, at Seattle, Wash., in a hearing room to be later designated.

MC 107107 Sub 414, Alterman Transport Lines, Inc., Extension—New Orleans, La., now assigned January 22, 1973, at Miami, Fla., will be held in room 206, Federal Building, 51 Southwest First Avenue.

[Notice 4]

MOTOR CARRIER, BROKER, WATER CARRIER AND FREIGHT FORWARDER APPLICATIONS

JANUARY 12, 1973.

The following applications (except as otherwise specifically noted, each applicant (on applications filed after March 27, 1972) states that there will be no significant effect on the quality of the human environment resulting from approval of its application), are governed

V38-12 JAN 18 73 XUM

by Special Rule 1100.247[1] of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with section 247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one (1) copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of § 247(d)(4) of the special rules, and shall include the certification required therein.

Section 247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's general policy statement concerning motor carrier licensing procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record. Broadening amendments will not be accepted after the date of this publication except for good cause shown, and restrictive amendments will not be entertained following publication in the FEDERAL REGISTER of a notice that the proceeding has been assigned for oral hearing.

No. MC 340 (Sub-No. 25), filed December 6, 1972. Applicant: QUERNER TRUCK LINES, INC., 1131-33 Austin Street, San Antonio, TX 78208. Applicant's representative: M. Ward Bailey, 2412 Continental Life Building, Fort Worth, Tex. 76102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat byproducts, and articles distributed by meat packinghouses*, as described in sections A and C of appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk, in tank vehicles), from points in Cochran County, Tex., to points in New York, New Jersey, Ohio, Tennessee, Kentucky, Michigan, Illinois, Maryland, Massachusetts, Rhode Island, Connecticut, North Carolina, South Carolina, Virginia, West Virginia, Florida, Louisiana, Georgia, Alabama, Indiana, Delaware, Wisconsin, California, Washington, Texas, and the District of Columbia. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at San Antonio or Dallas, Tex.

No. MC 2202 (Sub-No. 425), filed November 27, 1972. Applicant: ROADWAY EXPRESS, INC., 1077 Gorge Boulevard, Post Office Box 471, Akron, OH 44309. Applicant's representative: James W. Conner (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), serving the plantsite of PPG Industries, Inc., located at or near Ford City, Pa., as an off-route point in connection with applicant's present authority. NOTE: Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Pittsburgh, Pa., or Washington, D.C.

No. MC 3255 (Sub-No. 13), filed December 5, 1972. Applicant: PEP TRUCKING CO., INC., 386 Henderson Street, Jersey City, NJ 07302. Applicant's representative: George A. Olsen, 69 Tonnele Avenue, Jersey City, NJ 07302. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Paper and paper products*, between the New York, N.Y., commercial zone, as defined by the Commission, on the one hand, and, on the other, points in Westchester, Nassau, and Suffolk Counties, N.Y., restricted to shipments having a prior movement by truck, rail, or water. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at New York, N.Y., or Washington, D.C.

No. MC 42487 (Sub-No. 798), filed November 24, 1972. Applicant: CONSOLIDATED FREIGHTWAYS CORPORATION OF DELAWARE, 175 Linfield Drive, Menlo Park, CA 94025. Applicant's representatives: V. R. Oldenburg, Post Office Box 5138, Chicago, IL 60680 and E. T. Liipfert, Suite 1100, 1660 L Street NW., Washington, DC 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Classes A and B explosives*, (1) between Joliet, Ill. and Denver, Colo.; from Joliet, Ill. over Interstate Highway 80 to junction U.S. Highway 66, thence over U.S. Highway 66 to junction U.S. Highway 36 at Springfield, Ill., thence over U.S. Highway 36 to Denver, and return over the same route, as an alternate route in connection with carrier's presently authorized regular-route operations, serving no intermediate points; (2) between Joliet, Ill., and Salt Lake City, Utah; from Joliet over Interstate Highway 80 to junction U.S. Highway 66, thence over U.S. Highway 66 to junction U.S. Highway 36 at Springfield, Ill., thence over U.S. Highway 36 to junction Kansas Highway 8, at or near Athol, Kans., thence over Kansas Highway 8 to the Kansas-Nebraska State line, thence over Nebraska Highway 10 to junction Interstate Highway 80, thence over Interstate Highway 80 (or over U.S. Highway 30 in Nebraska and Wyoming or U.S. Highway 189 or U.S. Highway 40 in Utah pending completion of paralleling Interstate Highway 80) to Salt Lake City, and return over the same route, as an alternate route in connection with carrier's presently authorized regular-route operations, serving no intermediate points, but serving junction Nebraska Highway 10 and Interstate Highway 80 for purposes of joinder only with the route description in (3); and (3) between Joliet, Ill., and junction Nebraska Highway 10 and Interstate Highway 80; from Joliet over Interstate Highway 80 to junction Nebraska Highway 10 and Interstate Highway 80, and return over the same route, serving no intermediate points, but serving junction Nebraska Highway 10 and Interstate Highway 80 for purposes of joinder only with the route description in (2) above. NOTE: Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 42487 (Sub-No. 799), filed December 6, 1972. Applicant: CONSOLIDATED FREIGHTWAYS CORPORATION OF DELAWARE, 175 Linfield Drive, Menlo Park, CA 94025. Applicant's representative: E. T. Liipfert, Suite 1100, 1660 L Street, NW., Washington, DC 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, livestock, green hides, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), (1) between Nashville, Tenn. and Kansas City, Mo., from Nashville over Interstate Highway 40 to Memphis, Tenn., thence over Interstate Highway 55 to junction U.S. Highway 63 (near Gilmore, Ark.), thence over U.S. Highway 63 to junction U.S. Highway 60 (near Willow Springs, Mo.), thence over U.S. Highway 60 to junction U.S. Highway 160 (at Springfield, Mo.), thence over U.S. Highway 160 to junction Missouri Highway 13 (at Springfield, Mo.), thence over Missouri Highway 13 to junction Missouri Highway 7 (near Clinton, Mo.), thence over Missouri Highway 7 to junction U.S. Highway 71 (near Harrisonville, Mo.), thence over U.S. Highway 71 to Kansas City, and return over the same route as an alternate route in connection with carrier's presently authorized regular route operations, serving no intermediate points; and (2) between Birmingham, Ala. and Kansas City, Mo., from Birmingham over U.S. Highway 78 to Memphis, Tenn., thence over Interstate Highway 55 to junction U.S. Highway 63 (near Gilmore, Ark.), thence over U.S. Highway 63 to junction U.S. Highway 60 (near Willow Springs, Mo.), thence over U.S. Highway 60 to junction U.S. Highway 160 (at Springfield, Mo.), thence over U.S. Highway 160 to junction Missouri Highway 13 (at Springfield, Mo.), thence over Missouri Highway 13 to junction Missouri Highway 7 (near Clinton, Mo.), thence over Missouri Highway 7 to junction U.S. Highway 71 (near Harrisonville, Mo.), thence over U.S. Highway 71 to Kansas City, and return over the same route, as an alternate route in connection with applicant's presently authorized regular-route operations, serving no intermediate points. NOTE: Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 59150 (Sub-No. 75), filed December 8, 1972, Applicant: PLOOF TRANSFER COMPANY, INC., 1901 Hill Street, Jacksonville, FL 32202. Applicant's representative: Martin Sack, Jr., 1754 Gulf Life Tower, Jacksonville, Fla. 32207. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pipe and pipe fittings, couplings, connections, and accessories* (except iron or steel and commodities which because of size or weight require the use of special equipment), from the plant or warehouse sites of Armco Steel Corp., Metal Products Division, in Montgomery County, Ala., to points in Arkansas, Georgia, Florida, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia, and restricted to traffic originating at the above plant or warehouse sites and destined to points listed above and further restricted against the transportation of oil field commodities as defined in Mercer-Extension-Oil Field Commodities, 74 M.C.C. 459. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Montgomery or Birmingham, Ala.

No. MC 59150 (Sub-No. 76), filed December 8, 1972. Applicant: PLOOF TRANSFER COMPANY, INC., 1901 Hill Street, Jacksonville, FL 32202. Applicant's representative: Martin Sack, Jr., 1754 Gulf Life Tower, Jacksonville, Fla. 32207. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Plywood and molding*, from Charleston, S.C., New Orleans, La., Norfolk, Va., and Wilmington, N.C., to points in Manatee County, Fla. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Jacksonville or Tampa, Fla., Atlanta, Ga., or Washington, D.C.

No. MC 67111 (Sub-No. 21), filed November 24, 1972. Applicant: KAIN'S MOTOR SERVICE CORP., West End of Bates Street, Logansport, Ind. 46947. Applicant's representative: Ferdinand Born, 601 Chamber of Commerce Building, Indianapolis, Ind. 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment) (1) Between Walton, and Kokomo, Ind.; and (2) Between Walton and Logansport, Ind. over U.S. Highway 35. NOTE: Applicant is presently authorized to operate between Logansport and Kokomo, Ind., via U.S. Highway 35, serving no intermediate points. Applicant, by this application, proposes to add Walton, Ind. as an intermediate point on U.S. Highway 35 between Kokomo and Logansport, Ind. If a hearing is deemed necessary, applicant requests it be held at Indianapolis, Ind.

No. MC 67450 (Sub-No. 46), filed December 4, 1972. Applicant: PETERLIN CARTAGE CO., a Corporation, 9651 South Ewing Avenue, Chicago, IL 60617. Applicant's representative: Joseph M. Scanlan, 111 West Washington Street, Chicago, IL 60602. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Foodstuffs, food preparations, and such commodities* as are dealt in by wholesale and retail grocery houses, in containers, (1) between Buffalo, N.Y., Toledo, Ohio, and Galesburg, Ill., and (2) from the facilities of United Facilities, Inc., at Galesburg, Ill. to points in Indiana, Iowa, Kentucky, Missouri, Kansas, Minnesota, Nebraska, Wisconsin, Tennessee, Michigan, and Illinois. NOTE: Common control may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

No. MC 73688 (Sub-No. 58), filed December 1, 1972. Applicant: SOUTHERN TRUCKING CORPORATION, 1500 Orenda Avenue, Post Office Box 7182, Memphis, TN 38107. Applicant's representative: Robert E. Tate, Post Office Box 517, Evergreen, AL 36401. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pipe and pipe fittings, couplings, connections, and accessories* (except iron or steel and commodities because of size and weight require the use of special equipment) from the plant or warehouse sites of Armco Steel Corp., Metal Products Division located in Montgomery County, Ala., to points in Arkansas, Georgia, Kansas, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia, and restricted to traffic originating at the above plant or warehouse sites and destined to points shown above and further restricted against the transportation of oil field commodities as defined in Mercer-Extension Oil Field Commodities, 74 M.C.C. 459. NOTE: If a hearing is deemed necessary, applicant requests it be held at Montgomery or Birmingham, Ala.

No. MC 93393 (Sub-No. 17), filed December 4, 1972. Applicant: NIGHTWAY TRANSPORTATION CO., INC., 4108 South Emerald Avenue, Chicago, IL 60609. Applicant's representative: Joseph M. Scanlan, 111 West Washington Street, Chicago, IL 60602. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meat, meat products, and meat byproducts* (except commodities in bulk), from the plant site of Aurora Packing Co., Inc., located at or near North Aurora, Ill., to points in Indiana, Ohio, Kentucky, and the Lower Peninsula of Michigan, restricted to shipments originating at the above-named origin. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

No. MC 100795 (Sub-No. 2), filed December 1, 1972. Applicant: WALLACE HERRINGTON, 124 New Abbeville Highway, Eufaula, AL 36027. Applicant's representative: Robert S. Richard, Post Office Box 2069 (57 Adams Avenue), Montgomery, AL 36102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wood chips*, from Eufaula, Ala., to points in Cedar Springs, Ga. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Eufaula, Dothan, or Montgomery, Ala.

No. MC 103993 (Sub-No. 742), filed December 4, 1972. Applicant: MORGAN DRIVE-AWAY, INC., 2800 West Lexington Avenue, Elkhart, IN 46514. Applicant's representative: Paul D. Borghesani (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Motor homes*, in drive-away service, between points in the United States, including Alaska (but excluding Hawaii). NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill., Washington, D.C., Dallas, Tex., or Los Angeles, Calif.

No. MC 103993 (Sub-No. 743), filed December 8, 1972. Applicant: MORGAN DRIVE-AWAY, INC., 2800 West Lexington Avenue, Elkhart, IN 46514.

[1] Copies of Special Rule 247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

V 38 - 12 JAN 18 73 XUM

Applicant's representative: Paul D. Borghesani (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Mini-van and mini-flatbed trailers*, designed to be drawn by pickup trucks, in initial movements, in truckaway service, from the plantsite and storage facilities of Clark Equipment Co., Trailer Division, at or near Michigan City, Ind., to points in the United States on and east of the western boundaries of Montana, Wyoming, Colorado, and New Mexico. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

No. MC 103993 (Sub-No. 744), filed December 8, 1972. Applicant: MORGAN DRIVE-AWAY, INC., 2800 West Lexington Avenue, Elkhart, IN 46514. Applicant's representative: Paul D. Borghesani (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Buildings and sections of buildings*, on undercarriages, from points in Herkimer County, N.Y. to points in the United States (except Alaska and Hawaii). NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Albany, N.Y.

No. MC 103993 (Sub-No. 745), filed December 8, 1972. Applicant: MORGAN DRIVE-AWAY, INC., 2800 West Lexington Avenue, Elkhart, IN 46514. Applicant's representative: Paul D. Borghesani (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Trailers*, designed to be drawn by passenger automobiles, in initial movements, and (2) *buildings and sections of buildings*, on undercarriages, from points in Broome County, N.Y. to points in the United States (except Alaska and Hawaii). NOTE: Applicant presently holds authority to transport buildings in sections from the plant site of American Modular Home Corp., at or near Vestal, N.Y. to points in 18 States and the District of Columbia in No. MC 103993 (Sub-No. 567), therefore duplicating authority may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Syracuse, N.Y.

No. MC 106398 (Sub-No. 632), filed December 7, 1972. Applicant: NATIONAL TRAILER CONVOY, INC., 1925 National Plaza, Tulsa, OK 74151. Applicant's representative: Irvin Tull (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Composition board and particleboard*, from Chesapeake, Va., to points in Alabama, Arkansas, Connecticut, Delaware, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Minnesota, Michigan, Mississippi, Missouri, Nebraska, New Jersey, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Tennessee, Texas, Virginia, West Virginia, Wisconsin, Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and New York. NOTE: Common control and dual operations may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 106920 (Sub-No. 45), filed December 6, 1972. Applicant: RIGGS FOOD EXPRESS, INC., Post Office Box 26, West Monroe Street, New Bremen, OH 45869. Applicant's representative: E. Stephen Heisley, 666 11th Street NW., Washington, DC 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fabricated fireplace logs*, from Orange, Va., to points in Indiana, Illinois, Missouri, Michigan, Ohio, Wisconsin, Pennsylvania, and New Jersey. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Atlanta, Ga., or Washington, D.C.

No. MC 108058 (Sub-No. 9), filed December 5, 1972. Applicant: BARBER TRUCKING, INC., 407 Daniels Street, Toronto, OH 43964. Applicant's representative: D. L. Bennett, 129 Edgington Lane, Wheeling, WV 26003. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Paper and paper products* (including paperboard and/or pulpboard), from Toronto, Ohio to points in Michigan on and south of U.S. Highway 10 (excluding Detroit, Mich. and its commercial zone), New York on and west of U.S. Highway 81 (excluding Buffalo, N.Y.), and Tennessee; and (2) *Scrap paper* from points in Indiana, Michigan on and south of U.S. Highway 10 (excluding Detroit, Mich. and its commercial zone), New York on and west of U.S. Highway 81, Pennsylvania (except Aliquippa, Aspinwall, Avella, Bakerstown, Beaver, Beaver Falls, Bessemer, Belle Vernon, Brackenridge, Butler, Cannonsburg, Centerville, Charleroi, Cherry Valley, Chicora, Coraopolis, Creighton, Darlington, East Pittsburgh, Elwood City, Evans City, Export, Freedom, Farrell, Greensburg, Greenville, Grove City, Harrisville, Homestead, Irwin, Jamestown, Jeannette, Johnstown, Koppel, Lancaster, McKeesport, McKees Rocks, Marianna, Mercer, Midland, Milledgeville, Monaca, Natrona, New Alexandria, New Bedford, New Castle, New Kensington, New Wilmington, Pittsburgh, Rochester, Roscoe, Scottdale, Sharpsville, Sharon, Slickville, Slippery Rock, Stoneboro, Tatentum, Trafford, Trenton, Vandergrift, Wampum, Washington, West Alexander, West Leechburg, West Winford, Elkinsburg, Zelienople); and West Virginia, (except Benwood, Cameron, Chester, Clarksburg, Dunbar, Follansbee, Huntington, McMechen, Moundsville, New Cumberland, Newell, Parkersburg, St. Joseph, Warwood, Weirton, Wellsburg, Wheeling), to Toronto, Ohio. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Columbus, Ohio, Pittsburgh, Pa., or Washington, D.C.

No. MC 111625 (Sub-No. 18), filed December 19, 1972. Applicant: BERMAN'S MOTOR EXPRESS, INC., P.O. Box 1566, Binghamton, NY 13902. Applicant's representative: Martin Werner and Norman Weiss, 2 West 45th Street, New York, NY 10036. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment), (1) between Elmira, N.Y., and Hammondsport, N.Y., from Elmira over N.Y. Highway 17 to its junction with U.S. Highway 15 at or near Painted Post (also from Elmira over N.Y. Highway 352 to its junction with N.Y. Highway 17, thence over N.Y. Highway 17 to its said junction with U.S. Highway 15, or, from Elmira over N.Y. Highway 14 to its junction with N.Y. Highway 17 at or near Horseheads, thence over N.Y. Highway 17 to its said junction with U.S. Highway 15, thence over U.S. Highway 15 to Bath, N.Y., thence over N.Y. Highway 54 to its junction with N.Y. Highway 54A, thence over N.Y. Highway 54A to Hammondsport, and return over the same route to Elmira; and (2) between Elmira, N.Y., and Wayland, N.Y., (a) from Elmira to Bath, as specified above, thence over U.S. Highway 15 to Wayland, and return over the same route to Elmira; and (b) from Elmira to the junction of N.Y. Highway 17 and U.S. Highway 15 at or near Painted Post as specified in (1) above, thence over N.Y. Highway 17 to Jasper, thence over N.Y. Highway 36 to Dansville, thence over N.Y. Highway 63 to Wayland (also from Jasper over N.Y. Highway 36 to its junction with N.Y. Highway 245, thence over N.Y. Highway 245 to its junction with U.S. Highway 15, thence over U.S. Highway 15 to Wayland, or from Jasper over N.Y. Highway 36 to its junction with N.Y. Highway 70, thence over N.Y. Highway 70 to its junction with U.S. Highway 15, thence over U.S. Highway 15 to Wayland) and return over the same route, or over U.S. Highway 15 and N.Y. Highway 17 to Elmira, serving all intermediate points in (1) and (2) above). Note: Applicant states it is presently authorized to transport general commodities, with the same exceptions, between Elmria, N.Y., on the one hand, and, on the other, all of the points covered by the instant application over irregular routes, Certificate MC 111625 Sub-No. 13. This application seeks regular route authority in lieu of said irregular authority for the service of said points. Applicant presently intends to submit proof of its past operations but

expressly reserves the right to call public witnesses in support of this application. Applicant further states that no duplicating authority is sought. If a hearing is deemed necessary, applicant requests it be held at Binghamton or Elmira, N.Y.

No. MC 111729 (Sub-No. 365) filed September 18, 1972. Applicant: AMERICAN COURIER CORPORATION, 2 Nevada Drive, Lake Success, NY 11040. Applicant's representative: John M. Delany (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Business papers, records and audit and accounting media of all kinds; proofs, cuts, copy, manuscripts, first copies of publications, advertising material, and matters* pertaining thereto, between West Pittson, Pa., and New York, N.Y.; and (2) *agricultural commodity samples* for testing purposes; including *cottonseed samples, cottonseed meal samples, cottonseed oil samples, soybean meal samples, soybean samples, soybean oil samples, poultry, and livestock feed samples*, restricted against the transportation of packages or articles weighing in the aggregate more than 90 pounds from one consignor to one consignee on any one day, between Forrest City, Helena, Little Rock, Newport, Osceola, Pine Bluff, Stuttgart, and Wilson, Ark.; Sikeston, Mo.; Amory, Clarksdale, Corinth, Greenwood, Greenville, Jonestown, Marks, Minter City, Tunica, and Tupelo, Miss.; Tiptonville, Tenn.; and Decatur, Ala., on the one hand, and, on the other, Memphis, Tenn. NOTE: Applicant holds contract carrier authority under MC 112750 and Subs thereto, therefore dual operations may be involved. Applicant states that a portion of the requested authority could be tacked with certain existing authorities but fails to identify the points or territories which could be tacked. However, applicant does not have any present intentions to tack. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 111729 (Sub-No. 367), filed December 5, 1972. Applicant: AMERICAN COURIER CORPORATION, 2 Nevada Drive, Lake Success, NY 11040. Applicant's representatives: John M. Delany (same address as applicant) and Russell S. Bernhard, 1625 K Street NW., Washington, DC 20006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Business papers, records, audit and accounting media of all kinds, and advertising material moving therewith*, (1) between Hicksville, N.Y., on the one hand, and, on the other, Atlantic City and Pennsauken, N.J. and Levittown, Pa., (2) between Downers Grove, Ill., on the one hand, and, on the other, Madison, Wis., and (3) between West Springfield, Mass., on the one hand, and, on the other, points in Connecticut, Maine, New Hampshire, New York, and Rhode Island. NOTE: Applicant holds motor contract carrier permit No. MC 112750 and Subs thereunder, therefore dual operations may be involved. Also, common control may be involved. Applicant states that the requested authority can be tacked with its existing authority but indicates that it has no *present* intention to tack and therefore does not identify the points or territories which can be served through tacking. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C. or New York, N.Y.

No. MC 112822 (Sub-No. 253), filed November 8, 1972. Applicant: BRAY LINES INCORPORATED, 1401 North Little, Post Office Box 1191, Cushing, OK 74023. Applicant's representative: K. Charles Elliott (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Foodstuffs*, from the plantsite and storage facilities used by Jeno's Inc., at or near Duluth, Minn., to points in Arkansas, Alabama, Georgia, Kansas, Louisiana, Mississippi, Missouri, Oklahoma, Tennessee, and Texas; and (2) *materials, supplies, and equipment* used in the manufacture and distribution of foodstuffs, from points in Michigan, to the plantsite and storage facilities of Jeno's Inc., at or near Duluth, Minn. NOTE: Applicant states that there may be tacking possibilities, however, none are intended. If a hearing is deemed necessary, applicant requests it be held at Minneapolis, Minn., or Milwaukee, Wis.

No. MC 114273 (Sub-No. 128), filed December 1, 1972. Applicant: CEDAR RAPIDS STEEL TRANSPORTATION, INC., Post Office Box 68, Cedar Rapids, IA 52406. Applicant's representative: Robert E. Knochar, Suite 315, Commerce Exchange Building, 2720 First Avenue NE., Cedar Rapids, IA 52406. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Calcium chloride and magnesium chloride*, from Ludington and Midland, Mich., to points in Iowa and Illinois. NOTE: Common control may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 114725 (Sub-No. 52), filed November 24, 1972. Applicant: WYNNE TRANSPORT SERVICE, INC., 2606 North 11th Street, Omaha, NE 68110. Applicant's representative: J. Max Harding, Post Office Box 82028, Lincoln, NE 68501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fuel oil*, in bulk, in tank vehicles, from points in Richardson County, Nebr., to points in Iowa and Missouri. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Omaha, Nebr.

No. MC 115093 (Sub-No. 9), filed November 27, 1972. Applicant: MERCURY MOTOR EXPRESS, INC., 704 West Kennedy Boulevard, Tampa, FL 33606. Applicant's representative: Clayton R. Byrd (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Building materials and supplies, lumber, and lumber byproducts*, between points in Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, Virginia, West Virginia, and the District of Columbia, on the one hand, and, on the other, points in Florida, Georgia, and South Carolina. NOTE: Applicant presently holds general commodity authority in No. MC 115093 to transport between those points listed above, therefore duplicating authority may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Jacksonville, Fla.

No. MC 115162 (Sub-No. 258), filed November 22, 1972. Applicant: POOLE TRUCK LINE, INC., Post Office Drawer 500, Evergreen, AL 36401. Applicant's representative: Robert E. Tate (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel and iron and steel articles*, between points in Harrison County, Miss., on the one hand, and, on the other, points in the United States in and east of North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, and Texas. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at New Orleans, La., or Washington, D.C.

No. MC 115162 (Sub-No. 259), filed December 1, 1972. Applicant: POOLE TRUCK LINE, INC., Post Office Drawer 500, Evergreen, AL 36401. Applicant's representative: Robert E. Tate (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pipe and pipe fittings, couplings, connections, and accesories* (except iron or steel commodities because of size and weight require the use of special equipment), from the plant or warehouse sites of Armco Steel Corp., Metal Products Division in Montgomery County, Ala., to points in Arkansas, Colorado, Georgia, Florida, Kansas, Kentucky, Louisiana, Mississippi, New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia and restricted to traffic originating at the above plant or warehouse sites and destined to points shown above and between the plant or warehouse sites of Armco Steel Corp., Metal Products Division, at Springfield, Ill.; Greencastle, Pa., and in

V 38 - 12 JAN 18 73 XUM

Montgomery County, Ala. Further restricted against the transportation of oil field commodities as defined in *Mercer Extension—Oil Field Commodities*, 74 M.C.C. 459. NOTE: If a hearing is deemed necessary, applicant requests it be held at Montgomery or Birmingham, Ala.

No. MC 115162 (Sub-No. 260), filed December 7, 1972. Applicant: POOLE TRUCK LINE, INC., Post Office Drawer 500, Evergreen, AL 36401. Applicant's representative: Robert E. Tate (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Such merchandise* as is dealt in by lawn and garden dealers, from the plant, warehouse sites, and experimental farms of Deere & Co. in Dodge County, Wis., to points in Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee; (2) (A) *Tractors* (except those with vehicle beds, bed frames and fifth wheels), (B) *Equipment* designed for use in conjunction with tractors, (C) *Agricultural, industrial and construction machinery and equipment*, (D) *Trailers* designed for the transportation of the above-described commodities (except those trailers designed to be drawn by passenger automobiles), (E) *Attachments* for the above-described commodities, (F) *Internal combustion engines*, and (G) *Parts* of the above-described commodities when moving in mixed loads with such commodities, from the plants, warehouse sites and experimental farms of Deere & Company in Blackhawk, Dubuque, Polk, and Wapello Counties, Iowa and Rock Island County, Ill., to points in Alabama and points in that part of Georgia on and south of a line beginning at Savannah Beach and extending along U.S. Highway 80 to junction U.S. Highway 280 and thence along U.S. Highway 280 to Columbus, and (3) *Returned shipments* of the above-named commodities, from the destination states named in (1) and (2) above, to the plants, warehouse sites, and experimental farms of Deere & Co. named in (1) and (2) above. Restriction: The authority in (1) and (2) above is restricted to traffic originating at the plants, warehouse sites, and experimental farms of Deere & Co. and the authority in (3) above is restricted to traffic destined to such facilities of Deere & Co. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill., or Washington, D.C.

No. MC 116519 (Sub-No. 17), filed December 4, 1972. Applicant: FREDERICK TRANSPORT LIMITED, a corporation, Rural Route 6, Chatham, Ontario, Canada. Applicant's representative: S. Harrison Kahn, Suite 733, Investment Building, Washington, D.C. 20005. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Agricultural machinery and agricultural implements and parts and attachments thereof*, from South Bend and Laporte, Ind., to ports of entry on the United States-Canada boundary line located in New York and Michigan. Restriction: Transportation authorized herein shall be restricted to foreign commerce only. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Detroit, Mich.

No. MC 119384 (Sub-No. 22), filed December 5, 1972. Applicant: MORTON TRUCK LINES, INC., 101 West Willis Street, Perry IA 50220. Applicant's representative: E. Stephen Heisley, 666 11th Street NW., Washington, DC 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat byproducts, and articles distributed by meat packinghouses* as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), from Mankato, Kans., to points in Iowa, Illinois, Indiana, Kentucky, Michigan, Minnesota, Missouri, Nebraska, Ohio, Wisconsin, Oklahoma, North Dakota, and South Dakota. NOTE: Common control may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 119547 (Sub-No. 33), filed November 24, 1972. Applicant: EDGAR W. LONG, INC., Route 4, Zanesville, Ohio 43701. Applicant's representative: Richard H. Brandon, 79 East State Street, Columbus, OH 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Clay products* (except in bulk) from Cambridge, Ohio to points in the United States (except Alaska and Hawaii); and (2) *materials and supplies* used in the manufacture and sale of clay products (except commodities in bulk), from points in the United States (except Alaska and Hawaii) to Cambridge, Ohio. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Columbus, Ohio.

No. MC 119774 (Sub-No. 65), filed December 7, 1972. Applicant: EAGLE TRUCKING COMPANY, a corporation, Post Office Box 471, Kilgore, TX 75662. Applicant's representative: Bernard H. English, 6270 Firth Road, Fort Worth, TX 76116. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pipe and pipe fittings, couplings, connections, and accessories* (except iron and steel and commodities because of size or weight require the use of special equipment), from the plant or warehouse sites of Armco Steel Corp., Metal Products Division, in Montgomery County, Ala., to points in Arkansas, Colorado, Georgia, Florida, Kansas, Kentucky, Louisiana, Mississippi, New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia, restricted to traffic originating at the above plant or warehouse sites and destined to points shown above and further restricted against the transportation of oil field commodities as defined in Mercer Extension Oil Field Commodities, 74 M.C.C. 459. NOTE: If a hearing is deemed necessary, applicant requests it be held at Montgomery or Birmingham, Ala.

No. MC 119789 (Sub-No. 136), filed December 1, 1972. Applicant: CARAVAN REFRIGERATED CARGO, INC., Post Office Box 6188 (1612 East Irving Boulevard) Dallas, TX 75222. Applicant's representative: James K. Newbold, Jr. (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New furniture*, from the plantsites and storage facilities of General Interiors Corporation at or near Lewisburg, Pa., to points in Alabama, Arizona, Arkansas, California, Colorado, Iowa, Kansas, Louisiana, Mississippi, Missouri, Nebraska, Nevada, New Mexico, Oklahoma, Tennessee, Texas, and Utah. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Lewisburg, Pa., or Dallas, Tex.

No. MC 121281 (Sub-No. 6), filed December 1, 1972. Applicant: BIG MAC TRUCKING CO., a corporation, 1335 Boyles Street, Post Office Box 15454, Houston, TX 77020. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, TX 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Machinery, equipment, materials, and supplies* used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products and byproducts; and *machinery, materials, equipment, and supplies* used in, or in connection with the construction, operation, repair, servicing, maintenances, and dismantling of pipelines, including the stringing and picking up thereof; and *pipe* for use other than oilfield, between points in Texas; (2) *tractors, drag lines, bulldozers, heavy machinery, graders, construction equipment, transformers, heavy tanks, telephone and telegraph poles, creosote and other pilings, heavy furnaces or ovens, steam or internal combustion engines, asphalt or pipeline coating, in barrels or drums, chlorine and other chemicals in steel cylinders or tanks* (not tank trucks), *cross-ties, fuel oil and gasoline* (except in tank trucks or tank trailers), *road lumber, rig timbers, lift equipment, mud, including drilling mud and conditioners* (not including movements in tank trucks or tank trailers), *dam and powerplant machinery and equipment, retorts, printing machines* (when not moving as oilfield equipment), between points in Texas, subject to the following: Restriction: The operations requested immediately above (paragraph 2) are restricted

to (a) commodities which because of size or weight require the use of special equipment or handling or (b) self-propelled articles, transported on trailers; and (3) *iron and steel articles* between Galveston and Houston, Tex., on the one hand, and, on the other, points in Texas. NOTE: Applicant states it presently holds interstate authority to transport all the commodities hereinabove described in paragraphs 1, 2 and 3, subject to certain restrictions, between all points in Texas under its certificate of registration MC 121281, which it here seeks to convert to a certificate of convenience and necessity, authorizing the interstate transportation of all such commodities as above indicated, such certificate to be effective in the event of grant of authority to conduct a physical interstate service as sought by related application in MC 121281 (Sub-No. 5). Applicant further states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at San Antonio or Houston, Tex.

No. MC 124511 (Sub-No. 10), filed December 4, 1972. Applicant: JOHN F. OLIVER, Post Office Box 223, Mexico, MO 65265. Applicant's representative: Lee K. Mathews, Suite 1302, 411 North Seventh Street, St. Louis, MO 63101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Building board*, from Rockdale, Ill., to St. Louis and Kansas City, Mo., and points in Iowa and Missouri. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at St. Louis or Kansas City, Mo.

No. MC 128273 (Sub-No. 134), filed December 4, 1972. Applicant: MIDWESTERN EXPRESS, INC., 121 Humboldt, Post Office Box 189, Fort Scott, KS 66701. Applicant's representative: Harry Ross (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Cleaning, scouring, washing and polishing compounds, and starch and starch products* (except commodities in bulk), and (2) *advertising and promotional material and premiums* when moving with the commodities in (1) above, from Danville and Chicago, Ill., Indianapolis, Ind., and Kansas City, Mo., to points in the United States (except Alaska and Hawaii). NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Kansas City, Mo.

No. MC 128273 (Sub-No. 135), filed December 5, 1972. Applicant: MIDWESTERN EXPRESS, INC., 121 Humboldt Street, Post Office Box 189, Fort Scott, KS 66701. Applicant's representative: Harry Ross (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such machinery and parts, accessories and attachments therefor as are dealt in by wholesale and retail recreational, lawn and garden equipment supply stores and dealers*, (1) from Belleville, Pa., to points in Minnesota, Louisiana and those points in the United States on and west of a line beginning at the mouth of the Mississippi River, and extending along the Mississippi River to its junction with the western boundary of Itasca County, Minn., thence northward along the western boundaries of Itasca and Koochiching Counties, Minn., to the International Boundary line between the United States and Canada; and (2) from Evansville, Ind. and Plymouth, Wis., to points in the United States (except Alaska and Hawaii). NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 129516 (Sub-No. 11), filed December 1, 1972. Applicant: PATTONS, INC., 2300 Canyon Road, Ellensburg, WA 98926. Applicant's representative: James T. Johnson, 1610 IBM Building, Seattle, Wash. 98101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Animal feed and animal feed ingredients*, dry, in bulk and in containers, between points in Oregon and Washington. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Portland, Oreg. or Seattle, Wash.

No. MC 129516 (Sub-No. 12), filed December 1, 1972. Applicant: PATTON'S, INC., 2300 Canyon Road, Ellensburg, WA 98926. Applicant's representative: Ronald Patton (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods and canned goods*, from Prosser, Wash., to points in California. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Seattle, Wash., or Portland, Oreg.

No. MC 135874 (Sub-No. 15), filed December 1, 1972. Applicant: LTL PERISHABLES, INC., Post Office Box 37468, Millard Station, Omaha, NE 68137. Applicant's representative: Donald L. Stern, 530 Univac Building, Omaha, Nebr. 68106. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Meats, meat products, and meat by-products*, from Howard, S. Dak., to points in Iowa, Nebraska, and Minnesota and (2) *Frozen foods*, (A) from Sioux Falls, S. Dak., to points in Iowa, Nebraska, and Minnesota and (B) from Minneapolis and St. Paul, Minn., and their commercial zones to Sioux Falls, S. Dak. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Omaha, Nebr., or Sioux Falls, S. Dak.

No. MC 136581 (Sub-No. 1), filed December 6, 1972. Applicant: ALL FREIGHT DISTRIBUTION CO., INC., 28 South Front Street, Baltimore, MD 21202. Applicant's representative: Maxwell A. Howell, 1100 Investment Building, 1511 K Street NW, Washington, DC 20005. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, in containers, on wheeled undercarriages, between the ports of Baltimore, Md., Norfolk and Richmond, Va., Philadelphia, Pa., Wilmington, Del., and the District of Columbia, restricted to shipments having a prior or subsequent movement by water, under a continuing contract, or contracts, with Furness Withy Agencies (USA) and Terminal Shipping Co. NOTE: If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 138276, filed November 24, 1972. Applicant: J & G TRANSPORT LTD., a corporation, 8907 116th Street, Delta, BC, Canada. Applicant's representative: J. Stewart Black, 1322 Laburnum Street, Vancouver 9, BC, Canada. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Scrap aluminum*, from the port of entry on the international boundary line between the United States and Canada at or near Blaine, Wash., over Interstate Highway 5 to Riverside, Calif.; and (2) *automotive wheels and component parts*, from Los Angeles, Calif., over Interstate Highway 5 to the port of entry on the international boundary line between the United States and Canada at or near Blaine, Wash., and return over the same route, and serving no intermediate points in (1) and (2) above. NOTE: If a hearing is deemed necessary, applicant requests it be held at Seattle, Wash.

No. MC 138279 filed December 6, 1972. Applicant: CONALCO CONTRACT CARRIER, INC., Conalco Drive, Jackson, Tenn. 38301. Applicant's representative: A. O. Buck, 500 Court Square Building, Nashville, Tenn. 37201. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Tile, clay and earthenware, glazed and unglazed with and without backing; tile facing and flooring; quarries, flooring, paving and promenade tile; china bathroom fixtures; adhesives and accessories* used in the installation of all of the above-described commodities; and *equipment, materials, and supplies* used in the manufacture and distribution of all of the above-described commodities (except commodities in bulk), over irregular routes, between the manufacturing and warehouse facilities of American Olean Tile Co. located at or near Olean, N.Y.; Lansdale, Pa.; Quakertown, Pa.; Jackson, Tenn.; Lewisport, Ky.; Cloverport, Ky.; and Roseville, Calif., on the one hand, and, on the other hand, all points in the United States (except Alaska and

V 38 - 12 JAN 18 73 XUM

Hawaii) under a continuing contract or contracts with American Olean Tile Company. (2) *General commodities* (except articles of unusual value, classes A and B explosives, household goods as defined by the Commission and commodities in bulk), over irregular routes, between the manufacturing and warehouse facilities of Consolidated Aluminum Corp. located at or near Jackson, Mich.; Matteson, Ill.; North Adams, Mass.; Madison, Ill.; Shelbina, Mo.; Murphysboro, Ill.; Benton, Ky.; Carrollton, Ky.; Newbern, Tenn.; New Johnsonville, Tenn.; Columbia, Tenn.; Jackson, Tenn.; Iuka, Miss.; Florence, Ala.; Hendersonville, N.C.; Lake Charles, La.; Valley Park, Mo.; St. Louis, Mo.; and Covington, Ga., on the one hand, and, on the other hand, all points in the United States (except Alaska and Hawaii) under a continuing contract or contracts with Consolidated Aluminum Corporation. NOTE: If a hearing is deemed necessary, applicant requests it be held at San Francisco or Los Angeles, Calif.

No. MC 138280, filed December 1, 1972. Applicant: MILLSTONE TRANSPORTATION, INC., % Rural Deliver I, 7 Twin Rivers Drive West, East Windsor, NJ 08520. Applicant's representative: Robert B. Pepper, 168 Woodbridge Avenue, Highland Park, NJ 08904. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Rigid form flooring and materials and supplies* used in the installation thereof, from the plantsite of Rural Deliver I, East Windsor, N.J., to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and the District of Columbia and (2) *Materials and supplies* used in the manufacture of rigid form flooring, from points in the above destination States to the plantsite of Rural Deliver I, East Windsor, N.J., under a continuing contract with Rural Deliver I, East Windsor, N.J. NOTE: If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

MOTOR CARRIER OF PASSENGERS

No. MC 1515 (Sub-No. 184), filed November 27, 1972. Applicant: GREYHOUND LINES, INC., Greyhound Tower, Phoenix, Ariz. 85077. Applicant's representative: Anthony Carr, 1400 West Third Street, Cleveland, OH 44113. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Passengers and their baggage and express and newspapers* in the same vehicle with passengers, (1) Between the junction of U.S. Highway 68 and Kentucky Highway 29 and the junction of U.S. Highway 68 and Kentucky Secondary Highway 1268; from the junction of U.S. Highway 68 and Kentucky Highway 29 over Kentucky Highway 29 to its junction with Kentucky Secondary Highway 1268 at Wilmore, Ky., thence over Kentucky Secondary Highway 1268 to its junction with U.S. Highway 68 and return over the same route, serving all intermediate points; (2) Between the junction of U.S. Highway 21 and Interstate Highway 77 near Bland, Va. and the junction of Interstate Highway 81 and U.S. Highway 11 east of Wytheville, Va.; from the junction of U.S. Highway 21 and Interstate Highway 77 over Interstate Highway 77 to its junction with Interstate Highway 81, thence over Interstate Highway 81 to its junction with U.S. Highway 11 and return over the same route, serving all intermediate points; (3) Between the junction of Interstate Highway 77 and Virginia State Highway 610 and Wytheville, Va.; from the junction of Interstate Highway 77 and Virginia State Highway 610 over Virginia State Highway 610 to Wytheville, Va., and return over the same route; serving all intermediate points; (4) Between Halifax, Va. and South Boston, Va.; from Halifax, Va. over U.S. Highway 501 to South Boston, Va. and return over the same route, serving all intermediate points; (5) Between the junction of U.S. Highway 50 and unnumbered highway (old U.S. Highway 50) east of Salem, W. Va. and the junction of U.S. Highway 50 and unnumbered highway (old U.S. Highway 50) west of Salem, W. Va.; from the junction of U.S. Highway 50 and unnumbered highway (old U.S. Highway 50) east of Salem, W. Va. over U.S. Highway 50 to its junction with unnumbered highway (old U.S. Highway 50) west of Salem, W. Va. and return over the same route, serving all intermediate points;

(6) Between the junction of U.S. Highway 50 and unnumbered highway (old U.S. Highway 50) southeast of Smithburg, W. Va. and the junction of U.S. Highway 50 and unnumbered highway (old U.S. Highway 50) west of Nutters Farm, W. Va.; from the junction of U.S. Highway 50 and unnumbered highway (old U.S. Highway 50) southeast of Smithburg, W. Va. over U.S. Highway 50 to its junction with unnumbered highway (old U.S. Highway 50) west of Nutters Farm, W. Va. and return over the same route, serving all intermediate points; (7) Between Pennsboro, W. Va. and junction West Virginia Highway 74 and U.S. Highway 50; from Pennsboro, W. Va. over West Virginia Highway 74 to its junction with U.S. Highway 50 and return over the same route, serving all intermediate points; (8) Between Kenna, W. Va. and junction of Interstate Highway 77 and U.S. Highway 21 north of Pocatalico, W. Va.; from Kenna, W. Va. over unnumbered highway to junction Interstate Highway 77, thence over Interstate Highway 77 to its junction with U.S. Highway 21 north of Pocatalico, W. Va. and return over the same route; serving all intermediate points; and (9) Between Baton Rouge, La. and Lake Charles, La.; from Baton Rouge, La. over Interstate Highway 10 to Lake Charles, La. and with the right of access and egress to and from points on applicant's other certificated route between Lafayette, La. and Lake Charles, La. via available access roads, and return over the same route, serving all intermediate points and with the right of access and egress to and from points on applicant's other certificated route between Lafayette, La. and Lake Charles, La. via available access roads. NOTE: If a hearing is deemed necessary, applicant requests it be held at either (1) Lexington, Ky.; (2) Roanoke, Va.; (3) Parkersburg, W. Va.; or (4) Lafayette, La.

No. MC 2890 (Sub-No. 47), filed December 7, 1972. Applicant: AMERICAN BUSLINES, INC., Post Office Box 730, Wichita, KS 67201. Applicant's representative: James E. Wilson, 425 13th Street NW., Washington, DC 20004. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Passengers and their baggage, and express and newspapers* in the same vehicle with passengers, between Washington, D.C., and Pennsylvania Turnpike Exit 12; from Washington, D.C. over U.S. Highway 29 to Silver Spring, Md., thence over Maryland Highway 97 to junction Interstate Highway 495; thence over Interstate Highway 495 to junction Interstate Highway 70S; thence over Interstate Highway 70S to junction Interstate Highway 70; thence over Interstate Highway 70 to Pennsylvania Turnpike Exit 12, and return over the same route, serving the intermediate points of Silver Spring. Restriction: Restricted against the transportation of passengers whose entire ride is between Washington, D.C., and Silver Spring, Md. Service at Exit 12 is restricted to joinder and/or tacking or for the purpose of interchange of passengers with other carriers. NOTE: Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 138278, filed December 11, 1972. Applicant: KOCH BUS SERVICE, INC., Waconia, Minn. 55387. Applicant's representative: Val M. Higgins, 1000 First National Bank Building, Minneapolis, Minn. 55402. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Passengers and their baggage*, in the same vehicle with passengers, and baggage of passengers in separate vehicle, in charter operations, beginning and ending at points in Carver, McLeod, Scott, and Sibley Counties, Minn., and extending to points in the United States (except Alaska and Hawaii). NOTE: If a hearing is deemed necessary, applicant requests it be held at Minneapolis, Minn.

APPLICATIONS IN WHICH HANDLING WITHOUT ORAL HEARING HAS BEEN REQUESTED

No. MC 31389 (Sub-No. 160), filed December 5, 1972. Applicant: McLEAN TRUCKING COMPANY, a corporation, 617 Waughtown Street (Post Office Box

No. 213), Winston-Salem, NC 27102. Applicant's representative: Francis W. McInerny, 1000 16th Street NW., Washington, DC 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, commodities in bulk, household goods as defined by the Commission, and those requiring the use of special equipment), serving Ferrum, Va., as an off-route point in connection with applicant's regular route operations between Greensboro, N.C., and Roanoke, Va., over U.S. Highway 220. NOTE: Common control may be involved.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[FR Doc.73-1002 Filed 1-17-73;8:45 am]

CUMULATIVE LIST OF PARTS AFFECTED—JANUARY

Guide to Record Retention Requirements

V 38 - 12 JAN 18 73 XUM

OFFICE OF THE FEDERAL REGISTER

GUIDE TO RECORD RETENTION REQUIREMENTS

REVISION AS OF JANUARY 1, 1973

This is a Guide in digest form to the provisions of Federal laws and regulations relating to the keeping of records by the public. It tells the user (1) what records must be kept, (2) who must keep them, and (3) how long they must be kept.

The Guide is derived from the laws published in the United States Code, as amended by laws enacted during 1972, and from the regulations published in the Code of Federal Regulations, as amended in the daily issues of the FEDERAL REGISTER through December 31, 1972.

The Guide is prepared by the Office of the Federal Register, National Archives and Records Service, General Services Administration and published in the CFR volume entitled "Finding Aids."

Coverage

In preparing the Guide it was necessary to establish boundaries in order to keep it from going beyond its intended purpose. The nature of these boundaries is outlined below.

As indicated by its name, the Guide adheres strictly to the retention of records. It does not cover such matters as the furnishing of reports to Government agencies, the filing of tax returns, or the submission of supporting evidence with applications or claims.

The Guide is limited to provisions which apply to a class. Requirements applying only to named individuals or bodies have been omitted.

The Guide is confined to requirements which have been expressly stated. In many laws and regulations there is an implied responsibility to keep copies of reports and other papers furnished to Federal agencies, and to keep related working papers. Such implied requirements have not been included in the Guide.

The following types of requirements have also been excluded from the Guide:

(1) Requirements as to the keeping of papers furnished by the Government, such as passports, licenses, permits, etc., unless they are closely related to other records which must be kept.

(2) Requirements as to the display of posters, notices, or other signs in places of business.

(3) Requirements contained in individual Government contracts, unless the contracts are incorporated in the Code of Federal Regulations.

Arrangement

The digests of recordkeeping provisions comprising the Guide are grouped under the Departments or independent agencies which impose or administer them (see "Contents"). Individual items are numbered to simplify indexing.

In general, the items retain their original numbers from year to year. Renumbering occurs only after a major revision of the material and is so indicated in brackets after the name of the agency involved. Individual items revised, amended, deleted, or added are shown in brackets following the item heading.

Two supplements to the Guide contain generalized information about certain requirements under the Second War Powers Act of 1942 and detailed information on requirements imposed by the Civil Aeronautics Board relative to the availability of credentials for inspection.

An index to the Guide follows the last supplement.

NOTICE

The Guide to Record Retention Requirements does not have the effect of law, regulation, or ruling. It is published as a guide to legal requirements that appear to be in effect as of January 1, 1973.

V 38 - 12 JAN 18 73 XUM

I. DEPARTMENT OF AGRICULTURE

1. Foreign Agricultural Service

1.1 Persons importing certain dairy commodities.

To keep records of importations and of the transactions relating to the procurement and disposition of such commodities.

Retention period: Not less than 2 years subsequent to the end of the quota period during which the importation was made. 7 CFR 6.28

2. Agricultural Marketing Service [Amended]

2.1 Orange and grapefruit handlers. [Amended]

To maintain records of fruit received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years, 7 CFR 906.51; as may be prescribed by the marketing committee, 7 CFR 912.60, 913.50, 914.50

2.2 Central marketing organizations.

To keep records regarding allotment transactions for lemon handlers.

Retention period: 3 years. 7 CFR 910.62

2.3 Lime handlers.

To maintain records of limes received and disposed of in order to verify reports submitted thereon.

Retention period: At least 2 succeeding fiscal years. 7 CFR 911.60

2.4 Nectarine handlers.

To keep records of nectarines received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding fiscal years. 7 CFR 916.60

2.4a [Combined with I 2.5]

2.5 Pear, plum, and peach handlers. [Amended]

To maintain records of fruit received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 917.50, 921.60, 931.60

2.6 Apricot handlers.

To maintain records of apricots received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 922.60

2.7 Cherry handlers.

To maintain records of cherries received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 923.60, 930.63

2.8 Fresh prune handlers.

To maintain records of prunes received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 924.60, 925.60

2.9 Potato handlers. [Amended]

To keep records of potatoes received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 946.70, 947.80, 948.80, 950.80, 953.75

2.10 Onion handlers.

To maintain records of onions received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 958.65, 959.80

2.11 Tomato handlers.

To maintain records of tomatoes received and disposed of as may be necessary to verify the reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 965.80, 966.80

2.12 Papaya handlers.

To maintain records of papayas received and disposed of by handler as may be necessary to verify reports requested.

Retention period: 2 years. 7 CFR 928.60

2.13 Lettuce handlers.

To maintain records of lettuce received and disposed of as may be necessary to verify reports submitted thereon.

Retention period: At least 2 succeeding years. 7 CFR 971.80

2.13a Celery producers and handlers.

To maintain records to substantiate the reports required by the committee.

Retention period: Not less than 1 year after end of season. 7 CFR 967.71

2.14 Almond handlers.

To keep records showing details of receipt of almonds, withholdings, sales, shipments, inventories, reserve disposition, and other pertinent information in respect to operations.

Retention period: 2 years after end of crop year to which such records apply. 7 CFR 981.70

2.15 Almond handlers.

To keep copies of receipts they have issued for almonds received for their own accounts.

Retention period: 2 years after end of crop year to which such records apply. 7 CFR 981.71 (retention: 981.70)

2.16 Filbert handlers.

To keep records of shelled and inshell filberts received and disposed of as prescribed by Filbert Control Board.

Retention period: 2 years after end of fiscal year in which transaction occurred. 7 CFR 982.71

2.17 Walnut handlers.

To keep records of shelled and inshell walnuts and walnut material received, held, and disposed of.

Retention period: 2 years after end of marketing year in which transactions are completed. 7 CFR 984.80, 984.464, 984.480

2.18 Date handlers.

To maintain records of the receipt, holding, handling, withholding, and disposition of dates.

Retention period: At least 2 years subsequent to termination of each crop year. 7 CFR 987.68, 987.168

2.19 Raisin handlers.

To keep records as prescribed by the Raisin Administrative Committee, of raisins received, acquired, stored, sold, and otherwise disposed.

Retention period: At least 2 years after the termination of the crop year in which the transactions occurred. 7 CFR 989.76, 989.77, 989.176

2.20 Olive handlers.

To maintain records of olives acquired, held, and disposed of as may be prescribed by the Olive Administrative Committee and needed by it to perform its functions.

Retention period: At least 2 years beyond the crop year in which the transaction occurred. 7 CFR 932.61

2.21 Prune handlers.

To keep records of prunes received, held, and disposed of as prescribed by the Prune Administrative Committee.

Retention period: At least 2 years after the end of the crop year in which the transaction occurred. 7 CFR 993.74, 993.174

2.21a Cranberry handlers.

To maintain records of all cranberries acquired, withheld from handling, handled or otherwise disposed of as will substantiate the required reports.

Retention period: Not less than 3 years after termination of the crop year in which the transaction occurred or for such lesser period as the committee may direct. 7 CFR 929.61

2.21b [Combined with I 2.5]

2.21c Hops handlers.

To maintain such records of hops handled or held as will substantiate the required reports.

Retention period: At least 2 years after end of marketing year. 7 CFR 991.61

2.21d Handlers (including each subsidiary and affiliate thereof) of Type 62 Shade Tobacco.

To keep such books and records as will clearly show the details of the respective person's handling of tobacco, including, but not limited to, identification of the grower of the tobacco and the field in which produced.

Retention period: 5 years. 7 CFR 1201.60, 1201.130

2.22 Shippers handling fruits and vegetables covered by exemption certificates under marketing order programs.

To keep records of such shipments.

Retention period: Not specified, except for tomatoes (at least 2 succeeding years). 7 CFR 917.141, 951.80, 966.80

(Certificate (record) returned after shipment of commodities (pears, grapes).) 7 CFR 926.122, 927.125

2.23 Commission merchants, dealers, and brokers of fruits and vegetables subject to the Perishable Agricultural Commodities Act of 1930.

(a) To keep accounts, records, memoranda, and documents which disclose all business transactions.

Retention period: 2 years. 7 CFR 46.14, 46.15, 46.17–46.19, 46.21–46.24, 46.28, 46.29, 46.31, 46.32

(b) To preserve records and memoranda which disclose the true ownership and management of the business.

Retention period: 4 years. 7 CFR 46.14

2.24 Date, prune, and raisin importers. [Amended]

To maintain records of transactions.

Retention period: 2 years subsequent to calendar year of acquisition. 7 CFR 999.1, 999.200, 999.300

2.25–2.26 [Reserved]

2.27 Transporters, shippers, and handlers of eggs and egg products. [Amended]

To maintain records of production, receipt, delivery, sale, movement, disposition, inventories, and class and quantities of eggs and egg products and such other records as required in section cited.

Retention period: 2 years. 7 CFR 59.200

2.28 [Transferred to I 3.5]

2.29 Dairy plants approved for USDA inspection and grading service.

To maintain (a) records of quality tests made on raw milk and cream received from each producer, seller, or shipper and of plant and laboratory tests and analyses of raw materials and finished products, (b) pasteurization recorder charts and water supply test certificates, and (c) most recent copy of employee health certificate.

Retention period: (a) 1 year, (b) 6 months, (c) until employee no longer employed. 7 CFR 58.148, 58.322

2.30—2.37 [Reserved]

2.38 Licensed agricultural products warehousemen.

To keep copies of all receipts issued.

Retention period: 1 year after December 31 of the year in which the corresponding original receipt is canceled. 7 CFR 101.17, 102.20, 103.17, 104.17, 105.17, 106.17, 107.17, 108.17, 111.18

2.39 Licensed agricultural products warehousemen.

To retain each canceled receipt.

Retention period: 6 years after December 31 of the year in which receipt is canceled and for such longer period as may be necessary for the purpose of any litigation which the warehouseman knows to be pending, or as may be required by the Administrator in particular cases to carry out the purposes of the act. 7 CFR 101.28, 102.34, 103.28, 104.28, 105.29, 106.30, 107.31, 108.29, 111.33

2.40 [Deleted]

2.41 Licensed agricultural products warehousemen.

To maintain accounting records as specified in sections cited.

Retention period: 6 years after December 31 of the year in which such cotton for such longer period as may be necessary for the purposes of any litigation which the warehouseman knows to be pending, or as may be required by the Administrator in particular cases to carry out the purposes of the act. 7 CFR 101.33, 102.37, 103.40, 104.28, 105.33, 106.37, 107.39, 108.33, 111.41

2.42 Licensed agricultural products warehousemen.

To maintain as part of warehouseman's records an exact copy of each report submitted.

Retention period: 3 years after December 31 of the year in which submitted. 7 CFR 101.36, 102.38, 103.41, 104.29, 105.35, 106.39, 107.42, 108.35, 111.44

2.43 Licensed cotton warehousemen.

To keep copies of certificates covering cotton stored, and copies of Form A memorandums and Form C certificates issued by a board of cotton examiners which forms a basis of any receipt issued.

Retention period: 1 year after December 31 of the year in which the receipt based on such certificates or memoranda is canceled. 7 CFR 101.47

2.44 Licensed cotton warehousemen.

To keep records of cotton sampling including the written request, if any.

Retention period: 1 year after December 31 of the year in which such cotton is removed from the warehouse. 7 CFR 101.49

2.45 [Deleted]

2.46 Licensed agricultural products warehousemen.

To keep either copies of, or the original inspection, grade and/or weight, certificates covering lots of commodities stored.

Retention period: 3 years after December 31 of the year in which issued. 7 CFR 102.29, 103.24, 105.46, 106.54, 107.55, 108.47, 111.56

2.47 Licensed grain warehousemen.

To keep records of weights, kinds, and grades of all lots of nonstorage grain received into and delivered from warehouses.

Retention period: 1 year after December 31 of the year in which the lot of nonstorage grain is delivered from the warehouse. 7 CFR 102.30

2.48 Licensed agricultural products warehousemen.

To keep as a record notices of the condition of commodities stored in the warehouse.

Retention period: 6 years after December 31 of the year in which created, and for such longer period as may be necessary for the purposes of litigation which the warehouseman knows is pending, or as may be required by the Administrator in particular cases to carry out the purposes of the act. 7 CFR 102.54, 103.39, 106.48, 107.51, 108.42, 111.52

2.49 Persons shipping agricultural and vegetable seeds subject to the Federal Seed Act regulations. [Amended]

To keep complete records of each lot of agricultural and vegetable seeds transported or delivered for transportation in interstate commerce, including records necessary to disclose the name of any substance used in the treatment of such seed.

Retention period: 3 years for documents, 1 year for seed samples, including separate samples of the treated seed portion of any lot of seed. 7 CFR 201.4

2.50 Country shippers of agricultural seeds subject to the Federal Seed Act regulations.

To keep copies of origin declarations issued and records showing names and addresses of growers or country shippers from whom seeds were purchased, quantity, and date of delivery.

Retention period: 3 years. 7 CFR 201.5 (retention: 201.4)

2.51 Procurers of seeds from growers subject to the Federal Seed Act regulations.

To obtain and keep the grower's declaration.

Retention period: 3 years. 7 CFR 201.7 (retention: 201.4)

2.52 Growers of seeds subject to the Federal Seed Act regulations.

To keep copy of the grower's declaration and a sample of the seed.

Retention period: 3 years for documents, 1 year for seed samples. 7 CFR 201.7 (retention: 201.4)

2.53 Cotton handlers.

To maintain books and records necessary to carry out the provisions of the Cotton Research and Promotion Act and to verify required reports.

Retention period: At least 2 years beyond the marketing year of their applicability. 7 CFR 1205.335, 1205.531, 1205.532

2.54 Licensed cottonseed chemists.

To keep records of the analysis of each individual sample of cottonseed graded as well as books, papers, records, and accounts relating to the performance of their duties under the Agricultural Marketing Act of 1946 and the regulations made under the act by the Secretary of Agriculture.

Retention period: At least 1 year after date of analysis. 7 CFR 61.15

2.55 Grain inspection agencies and licensees.

To maintain complete records of each inspection activity performed.

Retention period: 2 years after inspection (other than file samples). 7 CFR 26.55

2.56 Accredited turpentine and rosin processors for naval stores.

To keep such records as may be necessary to submit correct reports.

Retention period: Not specified. 7 CFR 160.50

V 38 - 12 JAN 18 73 XUM

2.57 [Deleted]

2.58 Potato handlers. [Added]

To maintain books and records necessary to carry out provisions of the Potato Research and Promotion Act and to verify required reports.

Retention period: At least 2 years beyond marketing year of their applicability. 7 CFR 1207.351, 1207.532

2.59 [Reserved]

2.60 Milk handlers. [Amended]

To maintain records pertaining to receipt and use of milk and milk products, including records of production, processing, and distribution, and financial records relating thereto.

Retention period: 3 years, but can be extended by the market administrator by written notice. 7 CFR 1000.5 (For specific marketing area, see Parts 1001–1199.)

2.61–2.64 [Transferred to I 3.10–3.13]

3. Animal and Plant Health Inspection Service [Amended]

3.1 Licensed manufacturers (domestic and foreign), distributors, and importers of biological products.

To keep detailed (a) production records including reports of all tests for purity, safety, and potency for each serial of biological product manufactured in or offered for importation into the United States, and (b) disposition records showing the sale, shipment, or other disposition made of the biological products handled.

Retention period: 2 years after expiration date of the product involved, or longer if requested by the Deputy Administrator, Veterinary Services. 9 CFR 116.1 (retention: 116.2)

3.2 Organizations sponsoring horse shows or exhibitions. [Added]

To maintain records as specified in section cited.

Retention period: 90 days or as specified by Deputy Administrator. 9 CFR 11.21

3.3 Distributors of biological products marketed under special license.

To keep complete records showing the name and address of each purchaser of the product and the name, serial number, and quantity of the product sold to such purchaser when the maintenance of records of distribution of biological products marketed under special license is a condition of the issuance of the special license.

Retention period: Not specified. 9 CFR 102.6(b)(3)

3.4 Owners and shippers involved in interstate movement of feeder and breeder swine. [Added]

To maintain records of origin, destination, and identification of all such swine.

Retention period: 1 year after movement of swine. 9 CFR 76.12

3.5 Persons processing, transporting, shipping, or receiving poultry slaughtered for human consumption or poultry products in commerce, or holding such products. [Transferred from I 2.28]

To maintain detailed records of such transactions as specified in the regulations.

Retention period: 2 years. 9 CFR 381.175 (retention: 381.177)

3.6 Research investigators or research sponsors administering experimental biological products to animals.

To maintain adequate records relative to the disposition of each animal administered experimental biological products. Such records include name and address of owner, pertinent data about animals and their location, and, if sold, name and address of purchaser.

Retention period: At least 2 years from the date that an experimental product was administered to such animal. 9 CFR 103.2

3.7 Persons certifying animals to be free of diethylstilbestrol (DES) residue. [Added]

To maintain a copy of such certificate as prescribed.

Retention period: 1 year from date of transaction. 9 CFR 309.16

3.8 Research facilities, exhibitors, operators of auction sales, and dealers engaged in transportation, sale, and handling of certain warm blooded animals used for research, exhibition, or pet purposes. [Amended]

To keep records with respect to the purchase, sale, transportation, identification, and previous ownership.

Retention period: 2 years or longer as may be required by any Federal, State, or local law. 9 CFR 2.75–2.78 (retention: 2.79)

3.9 Operators of livestock markets handling any class of swine. [Amended]

To maintain records of origin, destination, and identification of all swine handled through markets.

Retention period: 1 year after transaction. 9 CFR 76.18

3.10 Carriers transporting meat. [Transferred from I 2.61]

To keep original certificates delivered to a carrier separate and apart from all its other papers and records or identified in some acceptable manner so as to be readily accessible for review.

Retention period: 2 years after end of year in which transaction occurred. 9 CFR 325.14

3.11 Meatbrokers, renderers, and other persons dealing in animal carcasses for use as human or animal food. [Transferred from I 2.62]

To keep records as specified in section cited.

Retention period: 2 years after end of year in which the transaction occurred, or longer if directed by the Administrator. 9 CFR 320.1 (retention: 320.3)

3.12 Custom slaughter operators claiming exemption. [Transferred from I 2.63]

To keep records as specified in section cited or by the Administrator.

Retention period: 2 years after end of year in which the transaction occurred or longer if directed by the Administrator. 9 CFR 303.1 (retention 320.3)

3.13 Transporters of undenatured livestock lungs. [Transferred from I 2.64]

To keep shipper's certificate.

Retention period: 2 years after end of year in which transaction occurred. 9 CFR 325.8 (retention: 320.3)

4. Agricultural Stabilization and Conservation Service

4.1 [Reserved]

4.2 Producers of gum naval stores from turpentine trees. [Amended]

To keep records of faces by tracts and drifts in connection with the Naval Stores and Agricultural Conservation Programs.

Retention period: 2 years following close of applicable program year. 1971—7 CFR 706.906; 1972—7 CFR 706.6 (retention: 708.1)

4.2a Food processors participating in the wheat marketing allocation program.

To maintain records and documents for each processing plant of all wheat processed into food products and of all sales and removals of food products from processing plants.

Retention period: 3 years. 7 CFR 777.15

4.2b [Reserved]

4.2c Indemnity payment program participants. [Amended]

To keep existing books, records, and accounts supporting any information furnished in connection with the program.

Retention period: 3 years following the end of the year during which application for payment was filed. 7 CFR 760.21 (milk handlers); 760.118 (beekeepers)

4.3 Ginners of cotton. [Amended]

To keep for each bale of cotton or lot less than a bale ginned by him records showing (a) date of ginning; (b) name of operator of farm on which cotton produced; (c) name of producer of cotton; (d) county and State in which farm located; (e) gin bale number or mark; (f) name and address of person delivering cotton to gin; and (g) gross weight of each bale and net weight of each lot of lint cotton less than a bale.

Retention period: [1] Until December 31 of second year following year in which cotton is planted. 7 CFR 722.85 (retention: 722.88)

[1] For such longer period of time as may be requested in writing by the State Executive Director or the Director.

4.4 Buyers of cotton. [Amended]

To keep for each bale of cotton or lot less than a bale purchased from a producer records showing (a) name and address of the producer; (b) date purchased; (c) original gin bale number or equivalent; (d) number of pounds of lint cotton in each bale and lot; and (e) amount of penalties to be collected, if any.

Retention period: [1] Until December 31 of second year following year in which cotton is planted. 7 CFR 722.85 (retention: 722.88)

4.5–4.6 [Reserved]

4.7 Warehousemen, ginners, buyers, processors, common carriers, and other persons handling cotton from, for, or on behalf of the producer. [Amended]

To keep records concerning such cotton so that the accuracy of any reports or other records that may be required can be checked.

Retention period: [1] Until December 31 of second year following year in which cotton is planted. 7 CFR 722.87 (retention: 722.88)

4.8 Producers of cotton. [Amended]

To keep records of cotton marketed, and a copy of certificate showing name and address of buyer or transferee if marketed to persons not within the United States.

Retention period: [1] Until December 31 of second year following year in which cotton is planted. 7 CFR 722.90 (retention: 722.88)

4.9 Producers and producer-manufacturers of fire-cured, dark air-cured, Virginia sun-cured, cigar-binder, and cigar-filler and binder tobacco. [Amended]

To maintain records relating to acreage, production, and disposition of tobacco as required by regulations.

Retention period: [1] 3 years after end of marketing year. 7 CFR 724.95 (retention: 724.105)

4.10 Producers of flue-cured and burley tobacco. [Amended]

To maintain records relating to the production and disposition of tobacco.

Retention period: [1] 3 years after end of marketing year. 7 CFR 725.98, 726.92 (retention: 725.108, 726.102)

4.11 Cigar tobacco buyers and loan organizations. [Amended]

To maintain records relating to each sale of tobacco made by producer to buyer, kinds of tobacco purchased, and disposition of such tobacco.

Retention period: 3 years after end of marketing year. 7 CFR 724.99, 724.100 (retention: 724.105)

4.12 Truckers and persons redrying, prizing, or stemming fire-cured, dark air-cured, Virginia sun-cured, cigar-binder, and cigar-filler and binder tobacco. [Amended]

To keep complete and detailed records containing specified information concerning each lot of tobacco received and copies of required reports.

Retention period: [1] 3 years after end of marketing year. 7 CFR 724.101 (retention: 724.105)

4.13 Truckers and persons redrying, prizing, or stemming flue-cured and burley tobacco, and storage firms. [Amended]

To keep complete and detailed records containing specified information concerning each lot of tobacco received or handled and copies of required reports.

Retention period: [1] 3 years after end of marketing year. 7 CFR 725.102, 726.94 (retention: 725.108, 726.102)

4.14 Warehousemen handling burley, fire-cured, dark air-cured, Virginia sun-cured, cigar-binder, cigar-filler and binder, and flue-cured tobacco. [Amended]

To keep records that will permit furnishing detailed information of all transactions.

Retention period: [1] 3 years after end of marketing year. 7 CFR 724.96, 725.99, 725.112, 726.93 (retention: 724.105, 725.108, 726.102)

4.15 [Combined with I 4.14]

4.16 Dealers handling burley, fire-cured, dark air-cured, Virginia sun-cured, cigar-binder, cigar-filler and binder, and flue-cured tobacco. [Amended]

To keep records that will permit furnishing detailed information of all transactions.

Retention period: [1] 3 years after end of marketing year. 7 CFR 724.97, 925.100, 926.94 (retention: 724.105, 725.108, 726.102)

4.17 [Combined with I 4.16]

4.18 Persons engaged in more than one business relating to tobacco. [Added]

To keep separate records for each business as required by regulations.

Retention period: 3 years after end of marketing year. 7 CFR 724.102, 725.103, 726.97 (retention: 724.105, 725.108, 726.102)

4.19–4.26 [Reserved]

4.27 Wheat producers, warehousemen, elevator operators, feeders, processors or transferees, and buyers.

To keep records of wheat transactions as specified in the regulations.

Retention period: 2 calendar years beyond the calendar year in which the marketing year ends. 7 CFR 728.1173, 728.1174, 728.1177

4.27a Industrial users of flour second clears.

To maintain accurate records and documents supporting information shown on Form CCC-161 (Industrial Users Production Report and Claim for Refund).

Retention period: 3 years. 7 CFR 777.19

4.27b Distributors of flour second clears. [Amended]

To maintain accurate records and documents, including Forms CCC–165 (Processor Certification) and CCC–165–1 (Flour Second Clears), relating to the sale of flour second clears to industrial users.

Retention period: 3 years. 7 CFR 777.20 (retention: 777.19)

4.28 Peanut producers.

To keep copies of specified reports on disposition of peanuts produced and marketed.

Retention period: [1] 3 years following end of pertinent marketing year. 7 CFR 729.52 (retention: 729.66)

4.29 Peanut buyers.

To keep detailed records of peanuts marketed and sales memoranda with respect to farmers stock peanuts and shelled peanuts purchased from producers.

Retention period: [1] 3 years following end of pertinent marketing year. 7 CFR 729.57 (retention: 729.66)

4.30 Peanut shellers.

To maintain detailed records and keep copies of reports pertaining to the shelling of each lot of peanuts (including record of peanuts retained by the sheller) as specified in the regulations.

Retention period: [1] 3 years following end of pertinent marketing year. 7 CFR 729.62 (retention: 729.66)

4.30a [Deleted]

4.31 Rice producers, warehousemen, mill or elevator operators, other processors or transferees, and buyers.

To keep records of rice transactions as prescribed in sections cited.

Retention period: 2 calendar years beyond the calendar year in which the marketing year ends. 7 CFR 730.34, 730.35, 730.38

4.32 Importers or persons bringing sugar and liquid sugar into the continental United States from domestic offshore areas and foreign countries.

To keep records of operations and transactions pertaining to sugar and liquid sugar including detailed information for each unit of sugar tested and for each processing facility.

Retention period: 2 years following end of calendar year in which sugar is imported or brought into the United States. 7 CFR 810.9

4.33 Persons marketing sugar and liquid sugar produced from sugar beets and sugarcane grown in the continental United States and marketing sugar for consumption in Territory of Hawaii and in Puerto Rico.

To keep records of processings, receipts, inventories, and marketings of sugar and liquid sugar.

Retention period: 2 years following the end of the calendar year in which sugar is marketed. 7 CFR 816.8

See footnote 1 on page 1806.

V 38 - 12 JAN 18 73 XUM

4.34 Persons importing sugar and liquid sugar into the continental United States (including importers, mainland refiners, allottees of offshore domestic sugar quotas, shipping companies, persons engaged in the movement of sugar in interstate and foreign commerce, and surety companies undertaking obligations with respect to imported sugar).

To keep records of receipt, processing, and movement of sugar and liquid sugar and of tests, gallonages, and weights pertaining thereto.

Retention period: 2 years following end of calendar year in which sugar is imported or disposed of. 7 CFR 817.11

4.35 [Reserved]

4.36–4.37 [Deleted]

4.37a Producers of sugar beets and sugarcane. [Amended]

To maintain complete wage records of persons employed in the production, cultivation, or harvesting of sugar beets and sugarcane.

Retention period: 3 years from date of filing application for Sugar Act payment. 7 CFR Parts 862, 863, 864

4.37b [Deleted]

5. Commodity Credit Corporation

5.1 Warehousemen handling storage agreements for bulk oils.

To maintain inventory and operating records.

Retention period: Not specified. 7 CFR 1424.2

5.2 Cottonseed crushers participating in the cottonseed oil and meal purchase program.

To keep complete and detailed records as specified with respect to all purchases of cottonseed and other specified transactions.

Retention period: At least 3 years from the last date any of the products tendered by the crusher have been delivered. 7 CFR 1443.67

5.3 [Deleted]

5.4 Peanut shellers participating in the peanut price support program.

To keep accounts with respect to the purchase and sale of crop peanuts, including types, grades, quality, weight, names and addresses of producers and purchasers, and date and place of each transaction.

Retention period: 3 years after final delivery of peanuts to CCC. 7 CFR 1446.19

5.5 Mohair producers participating in the payment program for mohair, and their marketing agencies.

To maintain books, records, and accounts showing the marketing of mohair on which an application for payment is based.

Retention period: 3 years. 7 CFR 1468.22, 1468.272

5.6 Producers of wool, sheep, and lambs and their marketing agencies participating in price support program. [Amended]

To maintain books, records, and accounts on production of wool, sheep and lambs, and the shearing thereof, and on purchases of lambs on and after April 1, 1956.

Retention period: 3 years after end of specified marketing year. 7 CFR 1472.1251, 1472.1351

5.7 [Combined with I 5.6]

5.8 [See I 5.4]

5.9 Handlers, dealers, and warehousemen performing transactions with regard to delivery orders under the livestock feed program.

To maintain books and records which will permit verification of all transactions with regard to delivery orders.

Retention period: At least 3 full years following deliveries against delivery orders (or to be kept longer if requested by the Commodity Credit Corporation). 7 CFR 1475.213

5.10 Dealers participating in the Puerto Rican tobacco purchase program.

To keep records with respect to all transactions relating to the tobacco of any crop year during which tobacco is sold to CCC.

Retention period: 3 years after delivery of tobacco to CCC. 7 CFR 1464.60

5.11 [Reserved]

5.12 Crushers of castor beans participating in the castor oil purchase program. [Amended]

To maintain books, records, and accounts including name of sellers, date of receipt, and the gross and clean weight, quality and price of each lot of castor bean purchased.

Retention period: At least 3 years from last date any castor oil is delivered by the crusher. 7 CFR 1443.108

5.13 Warehousemen handling honey under the price support program. [Added]

To maintain inventory and operating records.

Retention period: Not specified. 7 CFR 1434.51

5.14–5.16 [Reserved]

5.17 [Deleted]

5.18 Cotton ginners participating in the cottonseed purchase program.

To keep books, records, and accounts for all purchases of cottonseed (including name of producer, date of receipt, weight, and purchase price of each lot) and other transactions.

Retention period: 3 years from last day any cottonseed is tendered to CCC for purchase under the applicable Participating Ginner's Agreement. 7 CFR 1443.13

5.19 Cooperative marketing associations participating in the price support program.

To maintain records showing quantity, quality, and disposition of commodities (cotton, dry edible beans, honey, rice, soybeans, tung oil) eligible for price support received from each member. The same records to be kept for commodities received from nonmembers which are ineligible for price support.

Retention period: Through end of the 5th marketing year following the marketing year for which approval is obtained. 7 CFR 1425.17, 1425.18

5.20 Exporters participating in the tobacco export program.

To maintain accurate records (including contracts of purchase, sale, and storage) establishing eligibility of tobacco for export payments made to exporters under the program.

Retention period: 3 years after date of export. 7 CFR 1490.10

6. Commodity Exchange Authority

6.1 Futures commission merchants and clearing organizations of contract markets depositing customers' money, securities, and property.

To maintain an acknowledgment from a bank, trust company, clearing organization of a contract market, or futures commission merchant that it was informed that the money, securities, and property deposited therein are those of commodity customers and are being held in accord with the provisions of the Commodity Exchange Act.

Retention period: 5 years from date of closing of such bank account.[3] 17 CFR 1.20 (retention: 1.31)

6.2 Futures commission merchants and clearing organizations of contract markets depositing obligations purchased with customers' funds.

To maintain an acknowledgment from a bank, trust company, clearing organization of a contract market, or futures commission merchant that it was informed that the obligations belong to commodity customers and are being held in accord with the provisions of the Commodity Exchange Act.

Retention period: 5 years from date of closing of account.[3] 17 CFR 1.26 (retention: 1.31)

6.3 Futures commission merchants and clearing organizations of contract markets.

To keep records of obligations and investment securities, date investments made, name of person from or through whom obligations bought, amount of money paid, description of obligations or securities, identity of depositories or other places where such obligations are segregated, date disposition made and amount received therefor, name of person to or through whom sold.

Clearing organizations receiving documents from members representing investment of customers' funds shall also keep a record showing separately for each member the date on which documents were received from member, description of documents, date on which documents were returned to member, or details of disposition by other means.

[3] After 3 years the person required to keep such books and records may at his option substitute photographic reproductions thereof on film, together with facilities for the projection of such film in a manner which will permit it to be readily inspected or examined.

Retention period: 5 years after investment liquidated or load paid.[3] 17 CFR 1.27 (retention: 1.31)

6.4 Futures commission merchants.

To keep a record of the daily computation of money, securities and property which must be segregated for customers.

Retention period: 5 years.[3] 17 CFR 1.32 (retention: 1.31)

6.5 Futures commission merchants.

To keep records furnished customers as of close of last business day of each calendar month, or as of any regular monthly date selected showing customer's position in each future.

Retention period: 5 years.[3] 17 CFR 1.33 (retention: 1.31)

6.6 Futures commission merchants.

To keep copy of confirmation of the execution of any trade originated by controller of accounts.

Retention period: 5 years.[3] 17 CFR 1.33a (retention: 1.31)

6.7 Futures commission merchants.

To keep a "point balance" record of all open trades or contracts of customers as of last day of business of each calendar month or any regular monthly date selected.

Retention period: 5 years.[3] 17 CFR 1.34 (retention: 1.31)

6.8 [Reserved]

6.9 Futures commission merchants and members of contract markets.

To keep full and complete record of all futures and cash transactions including all orders, trading cards, signature cards, street books, journals, ledgers, canceled checks, copies of confirmations, statements of purchase and sale, together with all other data and memoranda and records of every sort pertaining to cash and future transactions.

Retention period: 5 years.[3] 17 CFR 1.35 (retention: 1.31)

6.10 Futures commission merchants and clearing members of contract markets.

To prepare and keep in permanent form the following: (a) a financial ledger record showing all charges against and credits to each customer's account; (b) a record of transactions showing for each account all commodity futures transactions executed for such account, including date, price, quantity, market, commodity, and future; (c) a record or journal showing for each day complete details of all commodity futures transactions executed, including date, price, quantity, market, commodity, future, and the person for whom such transaction was made (in the case of clearing members, the record or journal should also show the floor broker or floor trader executing each transaction, a symbol indicating the customer type, the opposite broker or floor trader, and the opposite clearing member with whom it was made).

Retention period: 5 years.[3] 17 CFR 1.35 (retention: 1.31)

6.11 Futures commission merchants and clearing organizations of contract markets.

To keep record of all securities and property (other than money) received from customers to margin, guarantee or secure trades and contracts including description of securities and property, name and address of customer, identity of depositories or other places where such securities or property are segregated, date received and returned or otherwise disposed of, including authorization therefor.

Retention period: 5 years from date of return of property.[3] 17 CFR 1.36 (retention: 1.31)

6.12 Futures commission merchants and members of contract markets.

To keep record showing for each futures account name, address and principal occupation or business of person for whom account is carried and names of persons guaranteeing account or exercising trading control over account.

Retention period: 5 years from date account closed.[3] 17 CFR 1.37 (retention: 1.31)

6.13 Contract markets.

To keep record of each transaction wherein a member acts for both a buyer and a seller, including the date, price, quantity, kind of commodity, delivery month, by whom executed, and the exact time of execution.

Retention period: 5 years.[3] 17 CFR 1.39 (retention: 1.31)

6.14 Contract markets.

Must require warehouse operators whose receipts are deliverable in satisfaction of futures contracts made on or subject to the rules of the contract market to keep records showing stocks traded for future delivery on such contract markets, in store by kind, class, and grade, including lots and parcels stored specially or separately.

Retention period: 5 years.[3] 17 CFR 1.44 (retention: 1.31)

6.15 Persons having or controlling a reportable position in commodity futures.

To keep books and records showing all details of all positions and transactions for future delivery in the commodity on all contract markets and all positions and transactions in the cash commodity, its products, and byproducts.

Retention period: 5 years.[3] 17 CFR 18.05 (retention: 1.31)

7. Farmers Home Administration

7.1 Individual borrowers and grant recipients of FHA funds. [Amended]

To maintain records of the operations to meet requirements of State and local regulations and terms of agreement with FHA and other creditors.

Retention period: Not specified. 7 CFR 1802.24

7.2 Local organizations obtaining watershed loans and advances under the Watershed Protection and Flood Prevention Act.

To maintain accounts and records relating to the installation, operations, and maintenance of works of improvement.

Retention period: 3 years after the year to which such records pertain. 7 CFR 1823.359

7.3 Rural communities and other associations or organizations of farmers and rural residents obtaining loans and grants for housing, central domestic water systems, waste disposal systems, shift-in-land-use projects and related facilities, and recreational facilities. [Amended]

To maintain records of its operations, maintenance, and management of its facility including the establishment and maintenance of financial accounts and records.

Retention period: Until summarized and reflected in the agency's official records and until the requirements of State and local laws and regulations are met. Number of years after this point not specified. 7 CFR 1802.77, Part 1823, App. 2, Item 3, 1823.107, 1823.284

8. Federal Crop Insurance Corporation

8.1 Insured under Federal Crop Insurance Corporation. [Amended]

To keep records of harvesting, storage, shipments, sale, or other disposition of all barley, dry beans, combined crops, corn, cotton, flax, grain sorghum, oats, peanuts, canning and freezing peas, dry peas, rice, rye, soybeans, sugar beets, sugarcane, tobacco, tomatoes, and wheat produced on each insurance unit covered by the contract, and separate records showing the same information for production on any uninsured acreage of the insured crop in the county in which he has an interest.

Retention period: 2 years after time of loss. 7 CFR 401.111, sec. 17

9. Packers and Stockyards Administration

9.1 Stockyard owners, market agencies, and licensees under Packers and Stockyards Act regulations.

To keep open for public inspection (and post in the case of licensees) duplicate copies of all schedules of rates and charges and rules or regulations and amendments or supplements thereto.

Retention period: Not specified; however, required to post and keep open for inspection currently effective schedules only. 9 CFR 201.22

9.2 Market agencies or licensees selling or buying livestock or live poultry on a commission or agency basis.

To keep accounts and records in regard to the Custodial Account for Shippers' Proceeds and the Custodial Account for Buyers' Funds.

Retention period: 2 years. 9 CFR 201.42 (retention: 201.50)

[3] See footnote 2 on page 1808.

V 38 - 12 JAN 18 73 XUM

9.3 Market agencies or licensees selling or buying livestock or live poultry on a commission or agency basis.

To keep available for inspection by owners or consignors or purchasers copies of bills covering charges paid for or on behalf of the owner or consignor which were deducted from the gross proceeds of the sale or added to the purchase price thereof when accounting for the sale or purchase.

Retention period: 2 years. 9 CFR 201.45 (retention: 201.50)

9.4 Stockyard owners, registrants buying or selling livestock, and licensees buying or selling live poultry.

To keep (in addition to other necessary records) daily accurate records of purchases, sales, shipments, prices, etc.

Retention period: 2 years. 9 CFR 201.46 (retention: 201.50)

9.5 Sellers of live poultry under Packers and Stockyards Act regulations.

To keep copy of ticket prepared by seller at time of sale showing the name of the designated market, the date of the transaction, the names of the seller and buyer, the number of coops, kinds of poultry, price per pound, and such terms and conditions as the parties may agree upon.

Retention period: 2 years. 9 CFR 201.48 (retention: 201.50)

9.6 Stockyard owners, market agencies, or licensees weighing livestock or live poultry for purposes of purchase or sale under Packers and Stockyards Act regulations.

To keep copy of scale ticket of weighing showing for both livestock and live poultry, name of agency performing the service, date of weighing, number of the scale or other information identifying the scale, name of seller, name of buyer, name of consignor, or understandable abbreviations of such names; in case of livestock, also, the number of head, kind, and actual weight, the amount of dockage and name or initials of person weighing it; and, in case of live poultry, also, number of coops weighed, the gross, tare, and net weights, and the name or initials of person operating scale at time of weighing.

Retention period: 2 years. 9 CFR 201.49 (retention: 201.50)

9.7 Stockyard owners, market agencies, or licensees who weigh livestock or live poultry for purposes of purchase and sale under Packers and Stockyards Act regulations. [Amended]

To keep one copy of form report of tests and inspections of scales and shall cause one copy to be kept by the agency conducting the test and inspection of the scales (a third copy to the Area Supervisor of the Service).

Retention period: 2 years. 9 CFR 201.74, 201.106–1 (retention: 201.50)

9.8 Authorized State agencies and livestock associations under Packers and Stockyards Act regulations.

To keep adequate records showing in detail the income derived from the collection of authorized fees, the disbursement of such funds as expenses for conducting the services, the inspections performed and the results thereof, including records showing a full description of brands, marks, and other identifying characteristics of inspected livestock; and currently maintain records of the brands, marks, and other identifying characteristics of livestock located in the State from which such agency or association will operate and with reference to which the authorization has been granted.

Retention period: Not specified.[a] 9 CFR 201.89

9.9 Packers subject to the provisions of the Packers and Stockyards Act.

To retain for the specified period of time the following records:

(a) Cutting tests; departmental transfers; buyers' estimates; drive sheets; scale tickets received from others; inventory and products in storage; receiving records; trial balances; departmental overhead or expense recapitulations; bank statements, reconciliations and deposit slips; production or sale tonnage reports (including recapitulations and summaries of routes, branches, plants, etc.); buying or selling pricing instructions and price lists; correspondence, telegrams, teletype communications and memoranda relating to matters other than contracts, agreements, purchase or sales invoices, or claims or credit memoranda.

(b) Kill sheets, lot sheets or carcass graded cost sheets; carcass hot weight sheets and carcass test cost sheets by lots for purchases of livestock on a grade and yield or grade or yield basis; contracts and agreements; purchase invoices; sales invoices; freight bills, bills of lading or shipping tickets; scale tickets and weight records issued or prepared by the packer; cash sales receipts and memoranda; claims and credit memoranda; canceled checks and drafts; check stubs or vouchers; correspondence, telegrams, teletype communications, and memoranda relating to contracts, agreements, purchase or sales invoices, or claims or credit memoranda.

(c) Departmental statements and summaries; balance sheets and profit and loss or operating statements.

Retention period: (a) 1 year; (b) 2 years; (c) 3 years. 9 CFR 203.4

9.10 Stockyard owners, market agencies, dealers and licensees subject to the provisions of the Packers and Stockyards Act.

To maintain records of items listed in section cited.

Retention period: 2 full calendar years, or longer if directed by the Administrator. 9 CFR 201.50

9.11 Packers and dealers of live poultry under the Packers and Stockyards Act.

To keep records listed in the section cited.

[a] Records shall not be destroyed or disposed of without the consent in writing of the Administrator, Packers and Stockyards Administration, Department of Agriculture. 9 CFR 201.50.

Retention period: 2 years. 9 CFR 201.101

10. Office of the Secretary

10.1 Educational institutions having negotiated research agreements with the Department of Agriculture.

To maintain records with respect to status of project, expenditures, separate records of expenditures for funds provided from other sources, and accounting records, all to be compatible with the Department's and institutions' administrative and fiscal processes.

Retention period: 3 years after final payment under the agreement. 41 CFR 4–3.5108, 4–7.5101–9 (retention: 4–7.5101–10

10.2 State agencies having contracts or agreements for relocation assistance projects.

To maintain records as specified in section cited.

Retention period: 3 years. 7 CFR 21.710

11. Export Marketing Service

11.1 Exporters participating in the rice export program.

To maintain records showing milled rice or brown rice exported or to be exported in connection with program.

Retention period: 3 years after date of export. 7 CFR 1481.184

11.2 Feed grain exporters participating in the feed grain export program.

To keep records, accounts, and other documents relating to transactions under the program.

Retention period: 3 years after date of export. 7 CFR 1484.137

11.3 [Reserved]

11.4 Private organizations or individuals which enter the private trade agreements pursuant to title IV of Public Law 480.

Maintain books and records as well as pertinent documents, correspondence, and memoranda covering all transactions relating to the private trade agreement.

Retention period: Not specified (subject to examination by the Administrator at all reasonable times until the entire amount due under the agreement has been paid CCC). 7 CFR 14.66

11.5 Suppliers who sell agricultural commodities under a title IV credit purchase authorization (including ocean transportation).

Maintain pertinent books, documents, papers, and records related to the supplier and the importer.

Retention period: 3 years after final payment under such contracts. 7 CFR 14.17

11.6 Exporters or purchasers participating in the flaxseed and linseed oil export payment-in-kind program.

To maintain records of flaxseed or linseed oil exported or to be exported and any documents relating to any transaction in connection with this program.

Retention period: 3 years after date of export. 7 CFR 1486.137

11.7 Exporters of agricultural commodities under CCC export credit sales program.

To keep books, documents, papers, and records involving transactions relating to contracts between the exporter and the importer.

Retention period: 3 years after maturity of related credit arrangement. 7 CFR 1488.18

11.8 Importers and suppliers involved in sales of agricultural commodities.

(a) *Importers*—To maintain a record of all offers received from suppliers as a result of public tenders or negotiation.

(b) *Supplicrs*—To maintain accurate books, records, and accounts with respect to all contracts entered into hcreunder.

Retention period: Until expiration of 3 years after final payment under such contracts. 7 CFR 11.6, 11.17, 17.6, 17.17

11.9 Exporters of wheat and wheat flour. [Amended]

To maintain records showing sales and deliveries of wheat or wheat flour exported or to be exported in connection with program.

Retention period: 3 years after date of export or final payment. 7 CFR 1483.184, 1483.284

11.10 [Combined with I 11.9]

12. Food and Nutrition Service

12.1 Cooperating State agencies, school food authorities, and food service management companies participating in the National School Lunch program or receiving federally donated commodities for school lunch programs.

To maintain records as specified in the regulations.

Retention period: 3 years after the end of the Federal fiscal year to which they pertain. 7 CFR 210.8, 210.14, 210.15, 210.16

12.2 Participants in the special food service program for children. [Revised]

(a) *Food service management companies*—To maintain records supported by invoices, receipts, and other evidence pertaining to service institution's feeding operations.

(b) *Service institutions*—To maintain food service operations, including meals, program receipts, and program expenditures for food, labor, and all other costs.

(c) *State educational agencies*—To maintain records on service institutions' program operations and payments to them from Federal funds.

Retention period: (a) 3 years after end of fiscal year; (b) and (c) 3 years and 3 months after end of fiscal year, except for nonfood assistance records which are to be maintained for 5 years. 7 CFR 225.7, 225.18

12.3 Cooperating State agencies, school food authorities, child care institutions, and food service management companies participating in the Special Milk program.

To maintain records as specified in the regulations.

Retention period: 3 years after the end of the Federal fiscal year to which they pertain. 7 CFR 215.7, 215.11, 215.12

12.4 Distributing, subdistributing, and recipient agencies distributing food commodities donated for use in school lunch programs, for training students in home economics, in summer camps for children, by needy Indians on reservations, in institutions, and management companies pertaining to the feeding operations of the institutions, in State correctional institutions for minors, and in assistance of other needy persons.

To maintain records relating to receipt, disposal, and inventory of commodities, including records with respect to the receipt, and disbursement of funds arising from, or federally disbursed for, operation of the distributing program; also, to maintain records on all activities under the Supplemental Food Program.

Retention period: 3 years from the close of the Federal fiscal year to which the records pertain. 7 CFR 250.6, 250.8, 250.14, 250.15, 251.9

12.5 Cooperating State agencies, school food authorities, and food service management companies participating in the school breakfast program.

To maintain accounts and records as specified in sections cited.

Retention period: 3 years after the end of the Federal fiscal year to which they pertain. 7 CFR 220.7, 220.24, 220.25

12.6 State agencies participating in the food stamp program.

To keep such records, microfilms, or approved lists in lieu of records, and submit such reports and other information as may from time to time be required by FNS.

Retention period: (a) For unlisted records, microfilms, or lists in lieu of records, 3 years from month of origin of such records, or longer if instructed in writing by FNS or the Department; (b) for records which have been microfilmed, no retention period after required reconciliation and microfilming; (c) for records covered by an approved list, 1 year after month of execution, or longer if instructed in writing by FNS or the Department. 7 CFR 271.1

12.7 States participating in emergency food assistance for victims of major disasters.

To keep records of information as required by the Food and Nutrition Service.

Retention period: Not specified. 7 CFR 274.7

12.8 School food authorities participating in the National School Lunch program or receiving federally donated commodities for school lunch programs.

To keep records of hearings on applications which families make for free or reduced price lunches for children.

Retention period: 3 years. 7 CFR 245.7

12.9 Cooperating State agencies, school food authorities, and service institutions participating in the nonfood assistance program.

To maintain records as specified in the regulations.

Retention period: 3 years to 5 years after the end of the Federal fiscal year to which they pertain. 7 CFR 220.16, 220.24, 225.15, 225.17

12.10 States participating in temporary emergency food assistance for victims of other than major disasters.

To keep records of information as required by the Food and Nutrition Service.

Retention period: Not specified. 7 CFR 274.14

II. DEPARTMENT OF COMMERCE

1. Economic Development Administration

1.1 Recipients of loans and grants—project control records.

To keep and preserve, and to require each contractor and subcontractor to keep and preserve, on account of any loan under section 201, 202, or 403, Public Law 89–136, August 26, 1965, or section 6 or 7, Public Law 87–27, May 1, 1961, or on account of any grant under section 101, 102, 301, 403, or 505, Public Law 89–136, August 26, 1965, or section 8, Public Law 87–27, May 1, 1961, detailed records reflecting acquisitions, work progress, expenditures and commitments, and to indicate their relationship to estimated costs and schedules.

Retention period: Until completion of all work performed or acquisitions made in connection with the project and at least 3 years thereafter. 13 CFR 301.54

1.2 Recipients of loans and grants—financial records.

To keep and preserve so long as any sum shall be due and unpaid to the Government on account of any loan under section 201, 202, or 403, Public Law 89–136, August 26, 1965, or section 6 or 7, Public Law 87–27, May 1, 1961, or on account of any grant under section 101, 102, 301, 403, or 505, Public Law 89–136, August 26, 1965, or section 8, Public Law 87–27, May 1, 1961, full written records, accurately disclosing the amount and the disposition by such recipients of the proceeds of any such assistance, together with the amounts and dispositions of other funds applied to the project, all as shall adequately establish a compliance with the requirements of the Act or Acts involved and the terms and conditions upon which such financial assistance was made.

Retention period: For loans, until final payment has been made to the Government, and at least 3 years thereafter; for grants, until completion of all work performed in connection with the project, or until final disbursement has been made by the Government, whichever is later, and at least 3 years thereafter. 13 CFR 301.54

V 38 - 12 JAN 18 73 XUM

1.3 Contractors and subcontractors—project control records and financial records. [Added]

To keep and preserve on account of any contract for technical assistance under section 301, Public Law 89–136, August 26, 1965, or section 11, Public Law 87–27, May 1, 1961, or on account of any contract for research under section 301, Public Law 89–136, August 26, 1965, or section 27, Public Law 87–27, May 1, 1961, detailed project control records in connection with the contract, reflecting acquisitions, work progress, expenditures, and commitments and indicating their relationship to established costs and schedules, and full written financial records, as shall adequately establish compliance with the requirements of the applicable acts and the terms and conditions of the contract or subcontract.

Retention period: At least 3 years after final payment under the contract or subcontract. 13 CFR 301.54

2. Domestic and International Business Administration [Revised]

ADJUSTMENT ASSISTANCE

2.1 Firms receiving adjustment assistance under the Trade Expansion Act of 1962.

To keep records of all transactions relating to the receipt, disbursement, and utilization of assistance received.

Retention period: 3 years following completion of adjustment assistance proposal or until loans called for therein have been repaid, whichever date is later. 15 CFR 500.50

INDUSTRIAL MOBILIZATION

2.2 Persons in the United States participating in transactions covered by DPS Regulation 2.

To keep records of receipts and deliveries in sufficient detail to permit the determination, after audit, of compliance of each transaction with provisions of DPS Regulation 2 (Operations of the Priorities and Allocations Systems between Canada and the United States).

Retention period: At least 3 years. 32A CFR Ch. VI, DPS Reg. 2, sec. 7(a)

2.3 Individuals, corporations, partnerships, associations, or any other organized groups of persons participating in any transaction covered by Defense Materials System Regulation 1, as amended December 1, 1959.

To keep accurate and complete records of each such transaction, including all rated orders, ACM orders and directives received by such persons, copies of all rated orders and ACM orders placed by such persons, records of purchases, receipts, inventories, production, use, sales, and deliveries of all materials acquired by means of priority, allotment or directive assistance, and records of sales and deliveries of all materials sold or delivered by such persons pursuant to rated orders, ACM orders and directives. Records shall be maintained in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of DMS Reg. 1, as amended December 1, 1959.

Retention period: For at least 3 years. 32A CFR Ch. VI, DMS Reg. 1, sec. 14

2.4 Individuals, corporations, partnerships, associations, or any other organized groups of persons participating in any transaction covered by DPS Regulation 1 and DMS Order 1 and DMS Order 3.

To keep accurate and complete records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of DPS Reg. 1—Basic Rules of the Priorities System; DMS Order 1—Iron and Steel; and DMS Order 3—Aluminum, as applicable to such transaction.

Retention period: For at least 3 years. 32A CFR Ch. VI, DPS Reg. 1, sec. 24(a); DMS Order 1, sec. 17(a); DMS Order 3, sec. 15(a)

2.5 Individuals, corporations, partnerships, associations, or any other organized groups of persons participating in any transaction covered by DPS Order 1.

To keep accurate and complete records of rated orders and directives received and monthly records of production, production schedules and deliveries in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of DPS Order 1—Metalworking Machines.

Retention period: For at least 3 years. 32A CFR Ch. VI, DPS Order 1, sec. 8(a)

2.6 Individuals, corporations, partnerships, associations, or any other organized groups of persons participating in transactions covered by DMS Order 2—Nickel Alloys.

To keep accurate and complete records of receipts and deliveries in sufficient detail to permit the determination, after audit, of compliance of each transaction with the provisions of DMS Order 2—Nickel Alloys.

Retention period: At least 3 years. 32A CFR Ch. VI, DMS Order 2, sec. 13(a)

2.7 Producers, distributors, and users of copper controlled materials, intermediate shapes, and copper raw materials. (DMS Order 4—Copper and Copper-base Alloys).

To keep accurate and complete records of purchases, receipts, inventories, production, use, sales and deliveries of copper controlled materials, intermediate shapes, and copper raw materials in sufficient detail to permit the determination, after audit, whether each such transaction complies with the provisions of DMS Order 4—Copper and Copper-base Alloys. Such records shall include, but shall not be limited to, all authorized controlled material orders (ACM), rated orders and directives received by such persons, and copies of all authorized controlled material orders (ACM), and rated orders placed by such persons.

Retention period: At least 3 years. 32A CFR Ch. VI, DMS Order 4, sec. 12

EXPORT CONTROL

2.8 Holders of International Import Certificates selling or transferring commodities covered by such certificates.

To maintain written acceptance by the purchaser or transferee of all obligations imposed under the export regulations of the United States.

Retention period: 2 years.[4] 15 CFR 368.2

2.9 Executors of International Import Certificates where resale or transfer of commodities covered by Import Certificate occurs before delivery.

To maintain written acceptance by purchaser or transferee of obligation to provide delivery verification.

Retention period: 2 years.[4] 15 CFR 368.3

2.10 Exporter of commodities related to nuclear weapons, nuclear explosive devices, or nuclear testing.

To keep copies of exporter's letter of inquiry and manufacturer's reply regarding use of commodities.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 378.2 (retention: 387.11)

2.11 Applicants for export licenses.

To keep documents constituting evidence of an order and of facts relating to the purchase transaction as specified in section cited.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 372.6 (retention: 387.11)

2.12 Foreign importers of aircraft or vessel repair parts.

To keep records of commodities imported from the U.S. and supplied abroad to vessels or aircraft.

Retention period: 2 years from, date the commodities are supplied to a vessel or aircraft.[4] 15 CFR 373.8

2.13 Exporter to a foreign distributor.

(a) *Exporters*—To retain copies of validated or rejected Forms FC–143 and 243, and all other forms, documents, correspondence, memoranda, books, and other records relating to exports under the Form FC–243 procedure.

(b) *Foreign distributor*—To retain copies of Form FC–243 and records of distribution, sale, or reexportation from a foreign-based stock under this procedure.

Retention period: 2 years (a) from date of validated or rejected forms, and (b) from whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 373.4 (retention: 387.11)

[4] Complete and accurate reproductions may be substituted for documents required to be retained under Export Control Regulations after 12 months from beginning of required retention period, provided facilities for location and inspection are available at the place of retention. 15 CFR 387.11

2.14 Applicants for a Periodic Requirements and Time Limit Licenses.

To keep records of the documentary evidence of the prescribed relationship with each consignee.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 373.5, 373.6 (retention: 387.11)

2.15 Forwarding agents receiving copies of commercial invoices not containing destination control statement.

To keep record of corrected entry or of notification to exporter of obligation and exporter's reply of compliance therewith.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 386.6 (retention: 387.11)

2.16 Transferors and transferees of export licenses.

To keep records of all documents evidencing the order covered by these licenses.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 372.13

2.17 Exporters or agents.

To keep records of export transactions, exports and reexports.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 387.11

2.18 Loan or sale of commodities by airlines.

To keep records of commodities imported from the U.S. and lent or sold to another airline without profit.

Retention period: 2 years from date of transaction. 15 CFR 376.8

2.19 Carriers releasing shipment without receiving a bill of lading containing notice of prohibition against diversion.

To secure a receipted copy of the written notice omitted from the bill of lading from party taking custody of the shipment.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 386.6 (retention: 387.11)

2.20 Exporters of certain kinds of technical data.

To secure and retain a written assurance from the consignee regarding use of the data and its direct product.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 379.4 (retention: 387.11)

See footnote 4 on page 1812.

2.21 Exporters and distributors of commodities under distribution licenses.

To keep (a) one copy of each validated or rejected Form FC 1143; (b) all other forms, documents, correspondence, memoranda, books, and other records relating to any export from the United States under a distribution license; (c) all records regarding a sale or reexport by a distributor who is an approved consignee; (d) the original of Swiss Blue Import Certificate and reproduced copies of the original of the Yugoslav End Use Certificates.

Retention period: 2 years (a) from date of validation or rejection; (b) from whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction; (c) from date of sale or reexport; and (d) from the date the commodities are distributed.[4] 15 CFR 373.3 (retention: 387.11)

2.22 U.S. exporters, foreign-based service facilities, and foreign manufacturers operating under the Service Supply Procedure.

To keep records of all exports and reexports under the Service Supply Procedure.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 373.7 (retention: 387.11)

2.23 Exporters of commodities to be returned to the United States.

To be keep records of temporary exports to be returned to the United States as well as Customs Entry Number or any other evidence of disposition of commodities exported.

Retention period: 2 years from date of return of commodities of other disposition.[4] 15 CFR 371.22 (retention: 387.11)

2.24 Forwarding agents for exporters operating under the Shippers Export Declaration.

To maintain the power-of-attorney or other authorization as well as redelegations by the forwarding agent.

Retention period: 3 years after the last action taken. 15 CFR 386.3

2.25 Exporters reexporting commodities exported under general license.

To maintain reexport authorization document.

Retention period: 2 years from, whichever is later, date of exportation, reexportation, transshipment, diversion, or other termination of the transaction.[4] 15 CFR 374.7 (retention: 387.11)

2.26–2.30 [Reserved]

FOREIGN TRADE ZONES

2.31 Grantees of foreign trade zones.

To maintain records required under the Uniform System of Accounts, Records, and Reports.

Retention period: 5 years after the merchandise covered by such records has been forwarded from the zone. 15 CFR 400.1014

SHIPPING RESTRICTIONS

2.32 Ship and aircraft owners, masters, officers, employees and agents participating in transportation.

To retain records of voyages and/or shipments in sufficient detail to permit an audit to determine if the provisions of orders T–1 and T–2 (Shipping restrictions) have been carried out. No changes in the records customarily maintained are required provided such records supply an adequate basis for audit. Records may be retained in microfilm or other photographic copies instead of the originals.

Retention period: At least 2 years. 32A CFR Ch. VII, T–1, sec. 4; T–2, sec. 4

2.33 Persons transporting commodities to and from Southern Rhodesia.

To retain records of shipments in sufficient detail to permit an audit that will determine, for each transaction, that the provisions of 15 CFR Part 11 have been met. Records may be microfilmed or photographic copies made.

Retention period: At least 2 years. 15 CFR 11.5

3. Assistant Secretary for Science and Technology

3.1 State agencies or institutions receiving financial assistance under the State Technical Services Act of 1965. [Amended]

To maintain records and documentation (e.g., vouchers, payrolls, invoices, contracts) relating to grant and amount, nature, and identification of funds supplied from non-Federal sources.

Retention period: Until audit has been conducted by the Department and all questions arising therefrom are resolved. 15 U.S.C. 1368

4. [Transferred to II 2]

5. Maritime Administration

5.1 General agents (shipping companies) or their subcontractors and berth agents.

To keep books, records, documents and accounts (which shall be the property of the U.S.), relating to the activities, maintenance and business of vessels covered by or involving transactions related to Service Agreements as prescribed in AGE–1—General Agents, Agents and Berth Agents.

Retention period: Until completion of audit.[4] 32A CFR Ch. XVIII, AGE–1, sec. 2(a), General Agency Agreement, Art. 3 (g)(1) and Art. 14; sec. 2(b) Berth Agency Agreement, Art. 3(e)(1) and Art. 14

5.2 Agents entering into service agreements.

To keep separate sets of books of accounts to record the various transactions in connection with procedural rules for

[4] After audit by the General Accounting Office, the Maritime Administration will take custody of the records.

V38 I12 JAN 18 73 XUM

financial transactions under agency agreements.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, FIS–1, sec. 1

5.3 Agents entering into service agreements.

To keep the originals of all documents, at his principal office, including authorizations, for facilities, services and supplies and complete tariffs and port schedules covering charges at domestic and foreign ports incident to the operation of the vessels assigned under the procedural rules for financial transactions under agency agreements.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, FIS–1, secs. 9 and 12

5.4 General agents.

To prepare monthly invoices for husbanding and other compensation earned during preceding month under the applicable provisions of NSA Order No. 47 (AGE–4) and record amounts of compensation paid in agency account books.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, FIS–2, sec. 3(a) (1) and sec. 5

5.5 General agents.

To keep originals of statements or credit memoranda for return premiums for all vessels insured with Underwriters pursuant to INS–1–Maritime Protection and Indemnity Insurance Instructions Under General Agency and Berth Agency Agreements.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, INS–1, sec. 7(b)

5.6 General agents.

To keep records to account, if required, for the purchase, delivery to the Master, receipts from sales, condemnations, transfers and all other transactions in connection with slop chests.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, OPR–1, sec. 2(e)

5.7 Masters.

To keep records and logs disclosing receipts for the quantities of slop chest items delivered aboard ship and for losses sustained due to fire, water, or other damage which renders articles unsaleable.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, OPR–1, sec. 3 (d) and (e)

5.8 General agents.

To keep a copy of each Job Order, Supplemental Job Order or WORKSMAL REP Contracts for the maintenance and repair of vessels when work awarded by General Agents.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, SRM–5

5.9 General agents.

To keep records and supporting documents pertaining to repairs and equipment purchased for repairs to ships so that reports may be made to the Maritime Administration.

See footnote 5 on page 1813.

Retention period: Until completion of audit.[5] 32A CFR Ch. XVIII, SRM–2, sec. 4; SRM–3, sec. 3(d); SRM–4, sec. 2; SRM–5, sec. 3(a) and sec. 19

5.10 Charterers of Government-owned dry-cargo vessels.

To keep books, records, and accounts, required under Clause 37(1), Part II, of Form 705 charter; section 705 of the Merchant Marine Act, 1936.

Retention period: 3 years after a release or final settlement is completed between the Maritime Administration and the charterer. 46 CFR 221.13

5.11 [Reserved]

5.12 Operators of operating-differential subsidized vessels.

To keep copy of Form MA–140, Repair Summary (together with the letter and documents pertinent thereto) for each terminated voyage.

Retention period: Not less than 6 years after audit and approval by the Maritime Administration and Maritime Subsidy Board of a final accounting for the last year of a recapture period and settlement of such a recapture period. 46 CFR 272.7

5.13 Operating-differential subsidy contractors, and such affiliates, domestic agents, subsidiaries, or holding companies connected with, or directly or indirectly controlling or controlled by, such contractors.

To keep its books, records, and accounts, as the Maritime Administration shall require, relating to the maintenance, operation, and servicing of the vessels, services, routes, and lines.

Retention period: In accordance with the provisions of 46 CFR 380.24. 46 CFR 282.00, 282.01, 292.3

5.14 Operating-differential subsidy contractors.

To keep records supporting entries to notes and accounts receivable from officers and employees and subsidiary accounts.

Retention period: In accordance with the provisions of 46 CFR 380.24. 46 CFR 282.364

5.15 Contractors and subcontractors.

To keep accounts, books, documents, memoranda, minutes and records of every kind involving cost of performing a contract or subcontract subject to inspection and audit by the Administration.

Retention period: 2 years after the final determination by the Maritime Administration. 46 CFR 285.5

5.16 Contractors and subcontractors.

To keep books and records in such manner that a proper determination of profit can be made therefrom.

Retention period: 2 years after the contractor or subcontractor has made payment of excess profits as determined by the Maritime Administration. 46 CFR 285.35

5.17 Operators of operating-differential subsidy agreements and depositories.

To keep certified copies of resolutions authorizing the establishment of special and capital reserve funds and such other accounts established in connection therewith.

Retention period: In accordance with the provisions of 46 CFR 380.24. 46 CFR 286.2

5.18 Taxpayers establishing construction reserve funds.

To keep records and make such additional reports as the Commissioner of Internal Revenue or the Maritime Administration may require.

Retention period: 6 months after the termination or closing out of the reserve fund. 46 CFR 287.26

5.18a Taxpayers establishing construction reserve funds; depositories.

To keep resolutions in connection with the establishment and maintenance of the construction reserve fund under agreement with the depository.

Retention period: 2 years after a final release or settlement agreement is completed between the Maritime Administration/Maritime Subsidy Board and the taxpayer. 46 CFR 287.6

5.19 Operators of operating-differential subsidy agreements.

To keep all working papers (irrespective of by whom prepared) in support of the various statements comprising annual and final accountings.

Retention period: In accordance with the provisions of 46 CFR 380.24. 46 CFR 292.8

5.20 [Deleted]

5.21 Purchasers of war-built vessels.

To keep books, records and accounts available for examination and audit as may be required by the Maritime Administration.

Retention period: Until a final release or settlement agreement is completed between the Maritime Administration and the purchaser. 46 CFR 299.21

5.22 Charterers of war-built vessels.

To keep books, records and accounts relating to the vessel in such form as the Maritime Administration may prescribe available for examination and audit.

Retention period: 2 years after final release or settlement agreement is completed between the Maritime Administration and the charterer. 46 CFR 299.31

5.23 Charterers of war-built vessels, Government-owned dry-cargo vessels, and war-built dry-cargo vessels.

To keep books, records and accounts relating to the management, operations, conduct of the business of and maintenance of the vessels covered by the agreement in accordance with the "Uniform System of Accounts" and under such regulations as may be prescribed by the owner: *Provided*, That if the Charterer is subject to the jurisdiction

of the Interstate Commerce Commission, the Administration will not require the duplication of books, records and accounts required to be kept in some other form by the Interstate Commerce Commission.

Retention period: 2 years after final release or settlement agreement is completed between the Maritime Administration and the charterer. 46 CFR 299.39, 299.130. 299.202

5.24 Charterers of war-built vessels.

To keep cost records or other sound accounting evidence for purpose of supporting claims, if any, for post-redelivery overhead expenses.

Retention period: 2 years after final release or settlement agreement is completed between the Maritime Administration and the charterer. 46 CFR 299.48, 299.52, 299.53

5.25 Underwriting agents under war risk insurance program for hull, P & I and second seamen.

To keep a full and complete record of all applications, binders and policies, and also record all premiums, charges or deposits required by the terms of the binders or policies; and books, records and accounts covering the operations and activities under the Underwriting Agency Agreement, which shall be the property of the United States represented by the Maritime Administrator.

Retention period: Until a release is granted by the Maritime Administration, at which time the Maritime Administration will take custody of the records. 46 CFR 308.8

5.26 Those assured under war risk cargo insurance program.

To keep books, records and accounts in such form and manner that all information available to the assured as to the amounts at risk and the amounts of losses incurred and premiums due can be readily ascertained therefrom by the Maritime Administrator.

Retention period: Until a release is granted by the Maritime Administration, at which time the Maritime Administration will take custody of the records. 46 CFR 308.517

5.27 Underwriting agents under war risk cargo insurance program.

To keep a full and complete record of all applications, binders, and policies, and also record all premiums, charges, collateral deposit funds and surety bonds required by the terms of the binders and policies; and books, records and accounts covering the operations and activities under the Underwriting Agency Agreement, which shall be the property of the United States represented by the Maritime Administrator.

Retention period: Until a release is granted by the Maritime Administration, at which time the Maritime Administration will take custody of the records. 46 CFR 308.548

5.28 State maritime schools.

To keep records pertaining to the schools, its officers, instructors, crew, cadets, training vessels and shore bases. The schools shall also maintain records of cadet enrollments, reenrollments, absences with or without leave, hospitalizations, disenrollments, graduations, and other analogous data.

Retention period: Not specified. 46 CFR 310.3

5.29 Clearing agents under war risk cargo insurance programs.

To keep a complete, separate system of books, records and accounts covering its operation and activities under this agreement, including a record of all statements, vouchers and other information received by it from the underwriting agents which shall be the property of the United States represented by the Maritime Administrator.

Retention period: During the period of the agreement and up to 36 months after its termination and thereafter until final settlement of any outstanding claims against the Administrator by holders of policies issued by the underwriting agents. 46 CFR 308.551

5.30 Operators under title VI and VII, Merchant Marine Act, 1936.

To keep varied records created while under contract with the Maritime Administration/Maritime Subsidy Board.

Retention period: In accordance with the provisions of sections cited. 46 CFR 380.20–380.24

6. Office of Foreign Direct Investments

6.1 Persons in the United States making foreign direct investments.

To keep within the United States a full and accurate record of each transaction subject to the provisions of 15 CFR Part 1000, whether effected pursuant to authorization or otherwise, and of every other transaction with an affiliated foreign national.

Retention period: 3 years. 15 CFR 1000.601

6.2 Persons required to make reports and persons aiding in preparing such reports.

To preserve all working papers (irrespective of by whom prepared) used in preparation of reports required under 15 CFR 1020.121(a) or 1000.602(b), all exhibits, all schedules, and all attachments to such papers, and all books and all records related to such reports or to such other papers, that were prepared in the ordinary course of business.

Retention period: 3 years. 15 CFR 1020.121(b)

7. [Transferred to II 2]

8. National Oceanic and Atmospheric Administration

8.1 Licensees on whale catchers and factory ships, and at land stations.

To maintain records of detailed information of the killing, capturing, and delivery of whales and a detailed record of whales received and processed.

Retention period: 6 months following the end of the calendar year to which the records apply. 50 CFR 230.30, 230.31, 230.32 (retention: 230.34)

8.2 Persons engaged in weather modification or related activities. [Added]

To maintain daily record of activities, name and address of person operating weather modification apparatus, and such other records as required by sections cited.

Retention period: 5 years. 15 CFR 908.8, 908.9, 908.11

8.3 Recipients of fishing vessel mortgage insurance.

To maintain books of account and submit periodic reports as required by the Secretary of Commerce.

Retention period: End of period during which insurance is in force. 50 CFR 255.4

8.4–8.6 [Reserved]

8.7 Masters of shipping vessels engaged in yellow-fin tuna fishing. [Amended]

To keep an accurate log of all fishing operations, including the date, locality, and estimated quantity of tuna fish and other marketable fish, by species, which are taken on board.

Retention period: Not specified. 50 CFR 280.11

8.8 State fishery agencies or other non-Federal interests receiving Federal assistance under the Anadromous Fish Act of 1965.

To maintain records of accounts and reports, with supporting documentation thereto.

Retention period: 3 years following final payment. 50 CFR 401.15

8.9 [Reserved]

8.10 Purchasers of haddock, yellowtail flounder, or other finfish, and herring from U.S. fishing vessels. [Amended]

To keep records of each purchase of herring, haddock, yellowtail flounder, or any other species of finfish taken within convention area by a U.S. fishing vessel.

Retention period: Not specified. 50 CFR 240.10, 242.8

8.11 Masters or operators of fishing vessels engaged in haddock or yellowtail flounder, and herring fishing. [Amended]

To keep an accurate log of all fishing operations, including details of type of gear used, locality and duration of fishing, and estimated poundage of each species taken at each retrieval of gear.

Retention period: Not specified. 50 CFR 240.10, 242.8

8.12 Masters or operators of vessels holding Pacific halibut fisheries license or permit.

To keep an accurate log of all fishing operations, including the date, locality, amount of gear used, and amount of halibut taken daily in each locality.

Retention period: 2 years. 50 CFR 301.7

8.13 Halibut dealers.

To keep records of each purchase or receipt of halibut, showing date, locality, name of vessel, firm or corporation purchased or received from and amount in

V38-12 JAN 18 73 XUM

pounds according to trade categories of the halibut and other species landed therewith.

Retention period: 2 years. 50 CFR 301.8

8.14 Factory whaling ships and land stations.

To enter immediately in a permanent record the information reported by radio on whales taken by whale catchers, as prescribed in 50 CFR 351.13 (c), and other data, as prescribed in paragraph (d), when it becomes available.

Retention period: Permanent. 50 CFR 351.13

9. Regional Action Planning Commissions

9.1 Recipients of grants—financial records.

To keep and preserve on account of any grant under secs. 505 and 509 of the Public Works and Economic Development Act of 1965, as amended, full written records, accurately disclosing the amount and the disposition by such recipients of the proceeds of any such assistance, together with the amounts and dispositions of other funds applied to the project, all as shall adequately establish a compliance with the requirements of the act or acts involved and the terms and conditions upon which such financial assistance was made.

Retention period: Until completion of all work performed in connection with the project, or until final disbursement has been made by the Government, whichever is later, and at least 3 years thereafter. 13 CFR 307.62(10) (d)

10. United States Travel Service

10.1 States or private or nonprofit organizations receiving Federal grants for travel promotion projects.

To maintain all books, documents, papers, and records relating to the project.

Retention period: 3 years unless extended by the Assistant Secretary for Tourism. 15 CFR 1200.5 (retention: 1200.7)

11. Bureau of the Census

11.1 Exporters, their agents, and owners and operators of exporting carriers.

To retain all shipping documents, invoices, orders, packing lists, correspondence, and other documentation as required by 15 CFR 30.7 and 30.8.

Retention period: 3 years subsequent to exportation. 15 CFR 30.11

III. DEPARTMENT OF DEFENSE

1. Department of the Air Force

1.1 Contractors' flight operating procedures and flight crews.

To keep records of each flight crew member and policy and flight operating procedures.

Retention period: Not specified. 32 CFR 860.5

2. Department of the Army

2.1–2.3 [Transferred to III 3]

2.4 Persons holding permits for discharging or depositing into navigable waters.

To keep records as to the nature and frequency of all discharges and deposits from plant or other facility and such other information requested by the District Engineer.

Retention period: Not specified. 33 CFR 209.131

3. Defense Civil Preparedness Agency [Added]

3.1 Contractors with federally assisted contracts.

To maintain payroll and other related records during the course of the work for all laborers and mechanics working at the site of the work.

Retention period: 3 years. 32 CFR 1808.4

3.2 State or State agencies receiving Federal contributions for civil defense equipment.

To maintain books, records, and documents relating to such contributions.

Retention period: 3 years following completion of the approved project. 32 CFR 1801.6

3.3 State or State agencies receiving financial contributions for personnel and administrative expenses.

To keep books, records, papers, and other pertinent supporting material including those relating to procurement of administrative equipment and to merit system operations showing receipt and disbursement of Federal funds received.

Retention period: 3 years after payment unless advised by DCPA to maintain such records for a longer period. 32 CFR 1807.6

IV. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

1. Office of Education

1.1 Local educational agencies receiving Federal grants for construction of minimum school facilities in areas affected by Federal activities.

To keep all records supporting claims for Federal grants.

Retention period: 5 years after the date of final payment, or until notified that such records are not needed for administrative review, whichever occurs earlier.* 45 CFR 114.61

1.2 Local educational agencies receiving Federal grants to cover current expenditures in areas of public schools affected by Federal activities.

To keep all records supporting claims for Federal grants.

Retention period: Until completion of fiscal audit and/or administrative reviews which are conducted regularly by Federal agencies, or for 3 years following fiscal year to which the claim relates, whichever is earlier.* 45 CFR 115.42

1.3 State and local agencies receiving financial assistance for vocational education programs.

(a) To maintain records supporting claims for Federal grants or relating to the accountability for the expenditure of such grants and matching funds, and records supporting compliance and maintenance of effort and other requirements.

Retention period: 3 years after close of fiscal year in which expenditure was made or, if Federal audit has not occurred, 5 years after close of fiscal year in which expenditure was made or until notified of completion of Federal audit, whichever is earlier.* 45 CFR 102.129

(b) To maintain inventories of items of equipment acquired with funds and costing more than $200 per unit.

Retention period: Until depreciation of such equipment results in a fair market value of less than $200 per unit or until its disposition. 45 CFR 102.131

1.4 Institutions of higher learning receiving grants for librarianship training.

To maintain records relating to the receipt and expenditure of Federal grant funds and to the expenditure of grantee's contribution to the cost of the training program.

Retention period: 3 years after end of budget period; or if Federal audit has not occurred, until notified of completion of audit or 5 years following end of budget period, whichever is earlier.* 45 CFR 132.16

1.5 State and local agencies and any other entities participating in the library services and construction program, interlibrary cooperation or specialized State library services. [Amended]

(a) To keep all records identified as to individual program allotments supporting claims for Federal grants or relating to the accountability of the State agency or any participant for expenditures of such grants and of matching funds and records supporting maintenance of effort.

Retention period: 3 years after close of fiscal year in which expenditure was made, or if Federal audit has not occurred, for 5 years after close of fiscal year in which expenditure was made or until notified of completion of audit, whichever is earlier.* 45 CFR 130.39

(b) To keep inventories and records of each item initially costing $200 or more.

Retention period: Until depreciation results in less than $200 or until disposition. Inventories retained pursuant to (a). 45 CFR 130.41

* The records involved in any claim or expenditure which has been questioned shall be further maintained until necessary adjustments have been reviewed and cleared.

1.6 State agencies and training facilities receiving payments for manpower training.

(a) To keep all records supporting claims for Federal funds or relating to the accountability for expenditure of such funds and relating to the expenditure of its share of the costs of providing training.

Retention period: 5 years after the close of the fiscal year in which the expenditure was made or until notified of the completion of the Federal fiscal audit, whichever is earlier.* 45 CFR 160.16

(b) To maintain an inventory on all equipment acquired costing $50 or more.

Retention period: Until the expiration of the useful life of such equipment, or until notified of the completion of the audit covering the disposition of such equipment. 45 CFR 160.17

1.7 State and local educational agencies, municipalities, and nonprofit agencies receiving financial assistance for noncommercial educational radio and television broadcast facilities. [Amended]

(a) To maintain all records relating to the receipt and expenditure of the Federal grant funds and to the expenditure of non-Federal share of the cost of the project.

Retention period: 5 years after the close of the fiscal year in which the expenditure was made; or until the applicant is notified of the completion of the Secretary's fiscal audit, whichever is earlier.* 45 CFR 60.19

(b) To maintain adequate descriptive inventories and other records supporting accountability of all transmission apparatus acquired and installed in the project and costing, or in the case of donations, having a fair market value of $100 or more except that when depreciation of such apparatus results in a fair market value of less than $100 per unit such apparatus may be deleted from such inventory.

Retention period: 10 years after completion of the project. 45 CFR 60.19

1.8 State and local educational agencies and institutions receiving grants for education of handicapped children [Amended]

(a) To maintain all records supporting claims for Federal funds or relating to accountability of the grantee for expenditures of such funds.

Retention period: 3 years after end of budget period; or if audit has not occurred, 5 years or until completion of audit, whichever is earlier.* 45 CFR 121.6

(b) To maintain an inventory of equipment acquired and costing more than $300.

Retention period: For expected useful life of the equipment or until its disposition, whichever is earlier. 45 CFR 121.4

1.9 State commissions and institutions receiving financial assistance for construction of higher education facilities.

(a) *State commissions.* To maintain (1) accounts and documents supporting expenditures for expenses, (2) inventories and other records supporting accountability for purchase of equipment items costing $50 or more per unit, (3) records of each application received, and (4) records of all hearings on appeals and all proceedings by which it establishes relative priorities and recommended Federal shares for eligible projects considered.

(b) *Institutions, cooperative graduate center boards, and higher education building agencies.* To maintain all accounting records relating to approved projects, including bank deposit slips, canceled checks, etc. (or microfilm copies), for audit and inspection by the Federal Government.

Retention period: (a) (1) Until notified of completion of Federal audits for the Federal fiscal year concerned, (2) until notified of the completion of review and audit by HEW covering disposition of such equipment, (3) at least 2 years after final action is taken, and (4) at least 3 years; (b) 3 years after the completion of the project or until the applicant is notified of completion of the Government's audit, whichever is later.* 45 CFR 170.6

1.10 State and local educational agencies, public and private nonprofit agencies, and institutions of higher learning receiving financial assistance for adult education programs. [Amended]

(a) To maintain all records pertaining to the expenditure of the Federal grant and non-Federal contribution.

Retention period: 3 years after close of fiscal year in which expenditure was liquidated, or until notified that such records are no longer needed for program administrative review, or completion of Federal fiscal audit, whichever is the latest.* 45 CFR 166.40, 166.76

(b) To keep inventory and records of all items of equipment costing $100 or more in which cost the Federal Government has participated.

Retention period: Not specified. 45 CFR 166.35, 166.77

1.11 State and local educational agencies receiving financial assistance for strengthening academic subjects in public schools.

(a) To keep all records supporting claims for Federal grants or relating to the accountability of the grantee for expenditures of Federal grants and matching funds.

Retention period: 3 years after the end of the period for which funds were made available for expenditure; if audit has not occurred, until completion of audit or 5 years following the end of period for which funds were made available, whichever is earlier.* 45 CFR 141.17

(b) To keep continuing inventories and records supporting accountability for nonconsumable equipment costing $300 or more per unit.

Retention period: Until equipment is no longer useful; until residual value of equipment is less than $100; or until equipment is disposed of or accountability to United States is waived. 45 CFR 141.17

See footnote 6 on page 1816.

1.12 Private nonprofit schools receiving loans for acquisition of equipment for strengthening instruction in academic subjects.

To keep all records supporting the use of loan funds.

Retention period: Until the loan has been paid in full or 3 years after receipt of loan funds, whichever is later. 45 CFR 142.9

1.13 Institutes of higher education receiving financial assistance for graduate fellowship programs.

To keep all records supporting claims for Federal payments.

Retention period: 3 years after the close of the fiscal year to which such records relate; or until notified that such records are not needed for program administration review; or until notified of the completion of the Department's fiscal audit, whichever is the latest.* 45 CFR 145.5

1.14 State and local educational agencies receiving financial assistance for guidance, counseling, and testing programs.

(a) To keep all records supporting claims for Federal grants or relating to the accountability of the grantee agency for expenditures of Federal grants and matching funds.

Retention period: 3 years after the close of the fiscal year in which the expenditure was made; or if audit has not occurred, until notified of completion of audit or 5 years after end of fiscal year in which expenditure was made, whichever is earlier.* 45 CFR 118.55

(b) To maintain inventories of equipment costing $300 or more acquired with grant funds.

Retention period: Useful life of equipment or until disposition, whichever is earlier, and records of such inventories for 3 years thereafter. 45 CFR 118.41

1.15 Institutions administering the Federal insurance loan program. [Added]

To maintain records of (a) all federally insured loan accounts, and (b) each applicant to whom a loan is made.

Retention period: (a) Not specified; (b) until Commissioner has no further use of records. 45 CFR 178.41

1.16 State and local educational agencies receiving financial assistance for special educational needs of educationally deprived children.

(a) To keep all records supporting claims for Federal grants or relating to the accountability for expenditure of such grants.

Retention period: 5 years after close of fiscal year in which expenditure was made; or until notified that such records are not needed for administrative review, whichever is the earlier.* 45 CFR 116.54

(b) To maintain inventory records on equipment acquired with Federal funds and placed in the temporary custody of persons in a private school.

Retention period: 1 year following period inventories must be kept, or if cost-

V 38 - 12 JAN 18 73 XUM

ing $100 or more per unit, for the expected useful life of the equipment or until its disposition. 45 CFR 116.55

1.17 State and local educational agencies receiving financial assistance for school library resources, textbooks, and other instructional materials.

(a) To keep records supporting claims for Federal funds or relating to the accountability of the grantee or funded agency for expenditure of such funds.

Retention period: 3 years after the end of the period for which funds were made available for expenditure; if audit has not occurred, until completion of audit or 5 years following the end of the period for which funds were made available, whichever is earlier.[6] 45 CFR 117.39

(b) To maintain continuing inventories and other supporting accountability records for equipment costing $300 or more.

Retention period: Until equipment is no longer useful; until residual value is less than $100; or until accountability to United States has been waived. 45 CFR 117.39

1.18 State and local educational agencies receiving financial assistance for supplementary educational centers and services.

(a) To keep all records supporting claims for Federal grants or relating to the accountability for expenditure of such grants.

Retention period: 5 years after close of fiscal year in which expenditure was made, or until notified that such records are not needed for administrative review, whichever occurs first. 45 CFR 118.11, 118.64

(b) To keep inventories of all equipment acquired with funds costing $100 per unit.

Retention period: 3 years following the period for which such inventories are required to be made; or if costing $100 or more, for the expected useful life of such equipment or until its disposition, whichever is earlier. 45 CFR 118.11, 118.64

1.19 State educational agencies and nonprofit public and private agencies and institutions receiving Federal financial assistance for research and research related activities in the field of education and for construction of national and regional research facilities.

(a) To keep all records supporting claims under Federal grants or relating to the accountability of Federal funds.

Retention period: Until audit by or on behalf of the Department, or 5 years after the close of the budget period, whichever is the lesser.[6] 45 CFR 151.18

(b) To keep inventories and other records supporting accountability of nonconsumable equipment costing $250 or more per unit purchased.

Retention period: Until notified of the completion of the Department's review and audit covering disposition of such equipment. 45 CFR 151.18

1.20 State educational agencies receiving financial assistance to strengthen State departments of education.

(a) To keep all records supporting claims for Federal grants or relating to the accountability of such grantee for expenditure of such grants.

Retention period: 3 years after the end of the period for which funds were made available for expenditure; if audit has not occurred, until completion of audit or 5 years following end of period for which funds were made available, whichever is earlier.[6] 45 CFR 119.49

(b) To keep inventories and other records supporting accountability of equipment, which costs $100 or more per unit, purchased with Federal financial participation.

Retention period: Until notified of the completion of the Department's review and audit covering the disposition of such equipment. 45 CFR 119.49

1.21 Local educational agencies receiving financial assistance for construction of public elementary and secondary schools and for current expenditures in areas affected by major disasters. [Amended]

To keep records supporting claims for such assistance.

Retention period: 5 years following date of final payment under the application or until notified that such records are not needed for program administrative review, whichever is the earlier. 45 CFR 112.16, 113.19

1.22 [Combined with IV 1.21]

1.23 State commissions and institutions receiving financial assistance for acquisition of equipment to improve undergraduate instruction in institutions of higher education. [Amended]

(a) *State commissions.* To maintain (1) records supporting expenditures for expenses of State commission, (2) a complete case file on each application received, and (3) records of all proceedings by which it establishes relative priorities and recommended Federal shares for eligible projects considered.

Retention period: (1) Until notification of completion of Federal audits for fiscal year concerned, or 5 years following such fiscal year, whichever is sooner; [6] (2) at least 2 years after final action on the application by the State commission; and (3) at least 2 years after closing date for receipt of such projects. 45 CFR 171.7, 171.8

(b) *Institutions.* To maintain all accounting records relating to approval of projects and to verification of the applicant's maintenance of effort, including bank deposits, canceled checks, etc.

Retention period: 3 years after completion of the project or until applicant is notified of the Government's audit, whichever is later. 45 CFR 171.7, 171.8

1.24 Federal, State, and private programs of low-interest loans to vocational students and students in institutions of higher education.

(a) *Guarantee agencies.* To keep records on status of its student loan insurance reserve fund and the operation of its loan insurance progam.

(b) *Lenders.* To keep complete and accurate records on all federally insured loan accounts reflecting each transaction.

Retention period: (a) Not specified; (b) until Commissioner has no further need for such records, but for not less than 3 years from date loan either has been repaid in full or defaulted with reimbursement of the lender by the guarantee agency or the Commissioner. 45 CFR 177.8

1.25 State agencies or institutions receiving financial assistance for community service and continning education programs. [Amended]

(a) To maintain all records supporting claims for Federal grants or relating to accountability of State agency or participating institutions for expenditure of such grants or of matching funds.

Retention period: 5 years after close of fiscal year in which expenditure was made or until notified that such records are not needed for program administration review or of completion of Department's fiscal audit, whichever is sooner.[6] 45 CFR 173.29

(b) To keep inventories and records of all items of equipment initially costing $100 or more in which the Federal Government has participated.

Retention period: Not specified. 45 CFR 173.30

1.26 Institutions of higher education participating in the national defense student loan program.

To maintain records of all transactions with respect to the fund, general ledger control accounts and subsidiary accounts as required, pertinent records of fund activities including individual oaths, and promissory notes.

Retention period: Until agreed upon with the Commissioner that there is no further need for retention. 45 CFR 144.11

1.27 [Combined with IV 1.10]

1.28 Local educational agencies and institutions of higher education receiving financial assistance for bilingual education programs.

(a) To maintain all records pertaining to such Federal grant or to the expenditure of grant funds.

Retention period: 5 years after close of fiscal year in which the expenditure is liquidated, or until notified that such records are not needed for program administrative review, whichever occurs first.[6] 45 CFR 123.26

(b) To maintain inventories and other records supporting accountability on equipment costing $100 or more per item under an approved project.

Retention period: 1 year after the end of expected useful life of equipment or disposition of the equipment. 45 CFR 123.37

See footnote 6 on page 1816.

1.29 Local educational agencies receiving financial assistance for demonstration projects for reducing school dropouts.

(a) To maintain all records relating to Federal funds and to the expenditure of such funds.

Retention period: 5 years after close of fiscal year in which the expenditure is liquidated or until notified that such records are not needed for program administrative review, whichever is earlier.[6] 45 CFR 124.25

(b) To maintain records on inventories of all equipment costing $100 or more per unit acquired with Federal funds.

Retention period: 1 year after the end of the expected useful life of the equipment or after disposition of such equipment. 45 CFR 124.28

1.30 Institutions of higher education receiving financial assistance for college library resources program.

To maintain all records supporting claims for Federal funds and relating to the accountability of the grantee for expenditure of matching funds.

Retention period: 5 years after close of fiscal year or until notified of completion of fiscal audit, whichever is earlier.[6] 45 CFR 131.16

1.31 Local educational agencies and public and private agencies receiving financial assistance for research and training, exemplary, and curriculum development programs in vocational education.

(a) To keep all records supporting claims for Federal funds and relating to the accountability of the grantee for expenditure of such funds and its contribution to the cost of the program or project.

Retention period: 3 years after close of budget period in which expenditures were made; or, if a Federal audit has not occurred, 5 years after close of budget period in which expenditures were made, or until notified of completion of the Federal audit, whichever is earlier.[6] 45 CFR 103.48

(b) To keep records on all equipment procured or fabricated under the grant and costing more than $300 or having a residual value of more than $100.

Retention period: Not specified. 45 CFR 103.53

1.32 Institutions of higher learning receiving grants under the Upward Bound project.

To maintain all records showing progress of project in achieving objectives, and all accounting records necessary for audit.

Retention period: 3 years after completion of the project or until notification of the Federal audit, whichever is later; but in no case more than 5 years after completion of the project.[6] 45 CFR 155.14

See footnote 6 on page 1816.

1.33 State educational agencies receiving Federal financial assistance for planning and evaluation of programs and projects for elementary and secondary education. [Amended]

(a) To keep all records supporting claims for Federal funds or relating to the accountability for expenditure of such funds.

(b) To keep records on inventories of all equipment acquired under section 402 of the act and costing $100 or more per unit.

Retention period: 3 years following the period for which funds were made available and inventories required to be made; or if there has been no audit by that time, until such audit or until 5 years following the end of the budget period, whichever is earlier.[6] 45 CFR 107.8

1.34 State and local educational agencies receiving grants under the emergency school assistance program.

To maintain all records pertaining to expenditure of Federal grant.

Retention period: 3 years after end of budget period, or if Federal audit has not occurred, 5 years following the end of the budget period, whichever is earlier.[6] 45 CFR Part 181, App. A, Sec. 5

1.35 State and local educational agencies receiving financial assistance for educational programs on environmental quality.

To maintain such records as the Secretary may find necessary.

Retention period: Not specified. 20 U.S.C. 1532

1.36 Area vocational schools and institutions of higher learning participating in the college work study program.

To maintain records reflecting all activities of the program including student employment applications.

Retention period: 3 years following end of fiscal year or until completion of Federal audit, whichever is later, but no longer than 5 years.[6] 45 CFR 175.16

1.37 State and local educational agencies receiving grants for educational programs on drug abuse. [Transferred from IV 2.23]

To maintain such records as the Secretary may find necessary.

Retention period: Not specified. 21 U.S.C. 1002

2. Food and Drug Administration

2.1 Persons introducing shipment or delivery of unlabeled food, drugs and devices, and cosmetics into interstate commerce and operators of establishments processing, labeling, and repacking. [Amended]

To keep written agreements containing such specifications as will insure that such food, drugs and devices, and cosmetics will not be adulterated or misbranded upon completion of such processing, labeling, or repacking.

Retention period: 2 years after final shipment or delivery of such commodities from such establishment. 21 CFR 1.107, 1.204, 5.2

2.2–2.3 [Combined with IV 2.1]

2.4 Persons introducing shipment or delivery of unlabeled hazardous substances into interstate commerce and operators of establishments receiving and labeling such substances.

To keep written agreements containing such specifications as will insure that such hazardous substances will not be misbranded upon completion of such labeling.

Retention period: 2 years after final shipment or delivery of such hazardous substance from such establishment. 21 CFR 191.64

2.5 Packers of processed shrimp and canned oysters operating under the seafood inspection service.

To keep shipping records covering shipments from each lot of inspected seafood.

Retention period: At least 2 years. 21 CFR 85.9, 85.24

2.6 Sponsors, investigators, and shippers of new drugs and antibiotic drugs for investigational use; and investigational review committees. [Revised]

To maintain records of (a) each shipment and delivery and disposition of each new or antibiotic drug; and (b) documents relating to membership, study discussions, resolutions, etc. of review committees.

Retention period: (a) 2 years after shipment and delivery; (b) 3 years after completion or discontinuance of study. 21 CFR 130.3, 130.3a, 130.3b, 135.3, 144.8

2.6a [Combined with IV 2.11]

2.7 Persons introducing shipment or delivery of antibiotic drugs into interstate commerce; operators of establishments processing, labeling, storing, repacking, and manufacturing antibotic drugs; and persons requesting certification of antibiotic drugs. [Amended]

(a) To keep complete records of all shipments and deliveries of each batch or part thereof.

Retention period: 3 years from date of shipment or delivery and/or receipt of same. 21 CFR 144.3—144.7, 146.5

Photostatic or other permanent reproductions may be used as substitutes for records identified in this section after the first 2 years of retention. 21 CFR 144.23, 146.7

2.8 Persons petitioning for exemption from certification for antibiotic drugs intended for local or topical use. [Amended]

To keep records of all laboratory tests and assays required as a condition for certification on each batch produced and of all shipments and deliveries of each batch or part thereof.

V 38 - 12 JAN 18 73 XUM

Retention period: 3 years after date of shipment or delivery. 21 CFR 144.1

Photostatic or other permanent reproduction may be substituted for such records after the first 2 years of the holding period. 21 CFR 144.23

2.9 Insulin distributors to whom certifications have been issued by the Food and Drug Administration.

To keep records of shipments and deliveries.

Retention period: 2 years after disposal of all the batch covered by the certificate. 21 CFR 164.8

2.10 Dairy farms and plants at which any milk or cream is pasteurized for shipment or transportation into the United States.

To keep all thermograph charts.

Retention period: 2 years, unless within that period the charts are examined and released by authorized agent of the Secretary. 21 CFR 290.17

2.11 Persons manufacturing, processing, packing, or holding finished pharmaceuticals. [Amended]

To maintain batch production and control records for each batch of drugs; data concerning laboratory tests performed; records of the distribution of each batch of drug in a manner that will facilitate its recall if necessary; and written and oral complaints regarding the drug.

Retention period: 2 years after the distribution of the drug has been completed or 1 year after the expiration of the drug, whichever is longer. 21 CFR 133.7, 133.11, 133.12, 133.15

2.12 Persons to whom color-additive certificates have been issued by the Food and Drug Administration.

To keep complete and separate records showing the disposal of all the color additive from the batch covered by such certificates.

Retention period: At least 2 years after disposal of all such color additive. 21 CFR 8.26

2.13 Persons delivering for introduction or introducing into interstate commerce a color additive or a food, drug, or cosmetic containing such an additive, for investigational use.

To maintain complete records of each shipment and delivery.

Retention period: 2 years after such shipment and delivery. 21 CFR 8.33

2.14 Manufacturers or distributors shipping new drug substances intended for hypersensitivity testing.

To maintain records of all shipments for this purpose.

Retention period: 2 years after shipment. 21 CFR 130.41

2.15 Persons treating food with low dose electron beam radiation. [Amended]

To keep a record of the radiation intensity and power used by means of recorders coupled to the election accelerator. The record shall identify the food that has been subjected to the radiation.

Retention period: Permanent; 1 year for Food and Drug Administration inspection. 21 CFR 121.3007

2.16 Manufacturers, packers, distributors, and shippers of antibiotic drugs for human release. [Added]

To maintain such records as specified in section cited to facilitate determination whether such certificate or release should be rescinded or whether any regulations should be amended or repealed.

Retention period: Not specified. 21 CFR 146.14

2.17 Persons holding approved new-drug applications. [Amended]

To maintain records necessary to facilitate a determination whether there may be grounds for invoking section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) to suspend or withdraw approval of the application.

Retention period: Not specified. 21 CFR 130.13, 130.47

2.18 Manufacturers, processors, packers, and holders of medicated feeds. [Amended]

To maintain (a) receipt and inventory records of drug components; (b) production records; (c) master formula records or cards for each medicated feed; (d) laboratory control records on results of assays; (e) distribution records; and (f) records of complaints and action taken.

Retention period: (a)—(d) 1 year; (e) 6 months; (f) 2 years. 21 CFR 133.104, 133.105, 133.108—133.110

2.19 Manufacturers, processors, packers, and holders of smoked and smoke-flavored fish.

To maintain records providing positive identification of the process procedures used for the manufacture of hot-process smoked or hot-process smoke-flavored fish and of the distribution of the finished product.

Retention period: Not specified. 21 CFR 128a.7(e) (5)

2.20 Manufacturers, processors, packers, and holders of medicated premixes for use in the manufacture of medicated feeds. [Amended]

To maintain receipt and inventory records of any drug components used; batch production and control records; results of assays; distribution records; and oral and written complaints concerning safety and efficacy of each premix.

Retention period: 2 years. 21 CFR 133.204, 133.205, 133.208—133.210

2.21 Manufacturers, processors, packers, and repackers of human foods.

To maintain records of coding of food products.

Retention period: The shelf life of the product, except not longer than 2 years. 21 CFR 128.7(1)

2.22 Manufacturers, importers, or retailers of agricultural fireworks.

To maintain complete records of production, distribution, and receipt of all such fireworks, and the name and address of the consignee.

Retention period: 3 years after distribution is completed. 21 CFR 191.9

2.23 [Transferred to IV 1.37]

2.24 Sponsors of methadone maintenance programs. [Amended]

To maintain for each patient an admission evaluation and records consisting of personal and medical history, physical examination, and such other information as necessary.

Retention period: Not specified. 21 CFR 130.44

2.25 Manufacturers of impact-resistant lenses for glasses and sunglasses.

To maintain records of sale, distribution, and results of tests conducted on impact-resistant lenses.

Retention period: 3 years. 21 CFR 3.84

2.26 Manufacturers and importers of clacker balls, baby bouncers and walkers, or similar articles.

To maintain records of sale, distribution, and results of inspections and tests conducted.

Retention: 3 years. 21 CFR 191.65a

2.27 Manufacturers of poison prevention packaging.

To maintain records of tests and results of both children and adults required under the Poison Prevention Packaging Act of 1970.

Retention period: Not specified. 21 CFR 295.10

2.28 Licensed domestic and foreign manufacturing establishments of biological products or trivalent organic arsenicals. [Transferred from IV 3.17]

To keep records concurrently with performance of each step in the manufacture and distribution of each lot; complete records of recall from distribution; sterilization records including date, duration, temperature, and other conditions relating to each sterilization, so as to identify the particular process to which the sterilization relates; animal necropsy records; records by each establishment participating in manufacture of a product showing degree of individual responsibility with manufacturer preparing product in final form to retain complete records of all manufacturing operations; and records of tests of cultures for verification of identity and determination of freedom from extraneous organisms.

Representatives of licensed foreign establishments distributing biological products or trivalent organic arsenicals into any State or possession of the United States. To keep such records of distribution as are required of domestic licensed establishments.

Retention period: 5 years after the records of manufacture have been completed or 6 months after the latest expiration date, whichever is later.

Suspension of retention requirements: If a summary is retained, authorization may be granted to suspend retention of records of a manufacturing step upon a showing that such records no longer serve the purpose for which they were made. 21 CFR 273.301, 273.502, 273.780

2.29 Licensed domestic and foreign manufacturing establishments processing whole blood (human). [Transferred from IV 3.18]

To maintain records of the full explanation made by the physician, hospital or other medical facility, of why it is essential to allow time for transportation of whole blood (human) prior to determination of test results, to assure arrival when needed for transfusion.

Retention period: 5 years after the records of manufacture are completed or 6 months after the latest expiration date, whichever is later. 21 CFR 273.3004 (retention: 273.502)

2.30 Manufacturers of certain electronic products. [Transferred from IV 3.32]

To maintain (a) description of the quality control procedures with respect to electronic product radiation safety; (b) record of the results of tests for electronic product radiation safety; (c) for products that display aging effects which may increase radiation emission, records of the results of tests for durability of the product, and the basis for selecting the tests; (d) copies of all pertinent written communications; (e) records of the manufacturers distribution of products; and (f) records received from dealers or distributors pursuant to sec. 78.731.

Retention period: 5 years from the date of the record. 42 CFR 78.720, 78.721

2.31 Dealers and distributors of certain electronic products. [Transferred from IV 3.33]

To maintain, for products for which the retail price is greater than $50.00, information as necessary to permit tracing of specific products to specific purchasers.

Retention period: 5 years from the date of sale, award, or lease of such product. 42 CFR 78.730, 78.731

2.32 Manufacturers, packers, distributors, and retailers promoting retail sales promotions. [Added]

To maintain invoices and other records relating to "cents-off" coupons or other savings representations and to package size savings.

Retention period: 1 year subsequent to end of year in which promotion occurs. 21 CFR 1.1d, 1.1e

2.33 Hospitals and other authorized dispensers of methadone. [Added]

To maintain clinical record for each patient showing dates, quantity, and batch or code mark of drug dispensed.

Retention period: 3 years. 21 CFR 130.44

2.34 Manufacturers of methadone. [Added]

To maintain signed invoices of methadone delivered to licensed practitioner.

Retention period: Not specified. 21 CFR 130.44

3. Public Health Service [7]

[Renumbered]

3.1 Institutions receiving grants for research projects.

To maintain such progress and fiscal records as the Secretary may prescribe.

Retention period: 3 years after end of budget period; or if audit on behalf of HEW has not occurred, 5 years following end of budget period, or until audit occurs, whichever is earlier. In all cases an overriding requirement exists to retain records until resolution of all audit questions. 42 CFR 52.24

3.2 States and State agencies receiving Federal funds for construction and modernization of hospitals and medical facilities.

To maintain (a) separate fiscal and accounting records of Federal and/or State funds reflecting the receipt or expenditure of such funds and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) 3 years after close of fiscal year in which construction is completed if grantee notified of completion of Federal audit by such time. If grantee has not been notified, such records shall be retained for 5 years after close of fiscal year in which construction completed or until grantee is notified of completion of Federal audit, whichever comes first; [8] (b) 3 years after completion of the contract. 42 CFR 53.128, 53.132

3.3 Public or private nonprofit agencies, institutions, or organizations receiving grants for family health center projects.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of completion of Federal audit or until 5 years following end of budget period, whichever comes first.[8] 42 CFR 51.415

3.4 Public or nonprofit agencies and organizations receiving grants for initial cost of professional and technical personnel of community mental health centers.

To maintain such records, books, documents, and papers as the Surgeon General shall prescribe that are pertinent to assistance under the Mental Retardation Facilities and Community Mental Health Centers Construction Act of 1963.

Retention period: Not specified. 42 CFR 54.308

[7] For Food, Drug and Cosmetic Act regulations applicable to products licensed under the Public Health Service Act, see Food and Drug Administration, Items 2.6, 2.11, 2.13.

[8] In all cases where audit questions have arisen before expiration of such 5 year period, records shall be retained until resolution of all such questions.

3.5 State health agencies, public or nonprofit private agencies, institutions, or organizations receiving grants for dental health of children.

To maintain operational and accounting records relating to use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 51a.315

3.6 Institutions receiving Federal grants for the construction of health research facilities (including mental retardation facilities).

To maintain (a) all fiscal or other records relating to the construction and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) Not specified; (b) 3 years after completion of the contract. 42 CFR 57.8

3.7 Public or nonprofit private schools of medicine, dentistry, osteopathy, pharmacy, optometry, podiatry, veterinary medicine, and public health receiving Federal grants for the construction of teaching facilities for health personnel.

To maintain (a) adequate and separate accounting and fiscal records for all funds provided from any source to pay the cost of the project and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) 3 years after close of fiscal year in which construction is completed or if audit has not occurred, for 5 years after close of fiscal year in which construction is completed or until applicant is notified of completion of Federal audit, whichever is earlier; (b) 3 years after completion of the contract. 42 CFR 57.107, 57.108

3.8 Institutions participating in the health professions and the nursing student loan programs.

To keep records reflecting all transactions with respect to the student loan fund, recording Federal capital contributions and Federal capital loans separately.

Retention period: Until agreed with the Secretary that there is no further need for retention. 42 CFR 57.215, 57.315

3.9 Public or nonprofit private schools receiving Federal funds for construction of nurse training facilities.

To maintain (a) accounting and fiscal records and accounts for all funds provided from any source to pay cost of construction project, and (b) payroll records and kickback statements for all laborers and mechanics working at the project site.

Retention period: (a) 3 years after close of fiscal year in which construction

V 38 - 12 JAN 18 73 XUM

is completed; or if Federal audit has not occurred, 5 years or until applicant is notified of completion of audit, whichever is earlier; (b) 3 years after completion of the project. 42 CFR 57.407, 57.408

3.10 Public or nonprofit schools of medicine, dentistry, osteopathy, optometry, pharmacy, podiatry, and veterinary medicine receiving Federal funds to support their educational programs, for scholarship funds and for special projects.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after close of period of time during which grantee may obligate funds (budget period) if grantee notified of completion of Federal audit. If grantee not so notified such records shall be retained for 5 years after close of budget period or until grantee is notified of completion of audit whichever comes first.[8] 42 CFR 57.513, 57.611, 57.715, 57.1112

3.11 Public or nonprofit schools of public health receiving grants for provision of public health training.

To maintain records, documents, and information that relate to the grants.

Retention period: Until completion of the fiscal audit and resolution of all questions arising therefrom. 42 CFR 58.9

3.12 Public or private nonprofit agencies or institutions receiving Federal grants for the construction of medical library facilities.

To maintain (a) fiscal records and accounts for all funds provided from any source to pay for the cost of the project and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) Not specified; (b) 3 years after completion of the contract. 42 CFR 59a.7

3.13 Public or private nonprofit institutions receiving Federal grants for improving and expanding medical libraries.

To maintain progress and fiscal records relating to the use of such grant funds.

Retention period: 3 years after termination of the grant unless a different period of time is permitted or required in writing by the Secretary. 42 CFR 59a.20

3.14 Public or private nonprofit medical libraries receiving Federal grants for the establishment of regional medical libraries.

To maintain separate fiscal records and accounts for all grant funds.

Retention period: 3 years after termination of the grant unless a shorter or longer period of time is, respectively, permitted or required by the Secretary. 42 CFR 59a.37

3.15 Institutions receiving Federal grants for National Institutes of Health and National Library of Medicine training.

To maintain fiscal and other records relating to the training and instruction for which a grant is awarded.

Retention period: Not specified. 42 CFR 64.4

3.16 State and State agencies receiving grants for the support of communicable disease control programs.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first. 42 CFR 51b.14

3.17 Public or nonprofit institutions receiving Federal grants for regional medical programs.

To maintain all construction, financial and other records relating to the use of the grant funds.

Retention period: Until records have been audited unless a different period is permitted or required in writing by the Secretary. 42 CFR 54.405

3.18 State and State agencies receiving grants for comprehensive health planning.

To maintain adequate records to show the disposition of all funds (Federal and non-Federal) expended for activities under the approved State program, in addition to other records required by the regulations or which may reasonably be required by the Secretary.

Retention period: 3 years after submission of annual expenditure report or until resolution of all audit questions; for nonexpendable property, 3 years after its final distribution. 42 CFR 51.4

3.19 State health or mental health authorities receiving grants for comprehensive public health services.

To maintain adequate records to show the disposition of all funds (Federal and non-Federal) expended for activities under the approved State plan, in addition to any other records required by the regulations or which may reasonably be required by the Secretary.

Retention period: 3 years after submission of annual expenditure report or until resolution of all audit questions; for nonexpendable property, 3 years after its final distribution. 42 CFR 51.104

3.20 Clinical laboratories which have been issued licenses under the Clinical Laboratories Improvement Act of 1967.

To maintain (a) records relating to the observations of each step in the examination of specimens, the identity of the specimens, laboratory reports, quality control procedures, and maintenance of equipment and instruments; and (b) personnel records.

Retention period: (a) At least 2 years after date of submittal of report except as otherwise prescribed in the part or authorized by the Secretary; (b) on a current basis. 42 CFR 74.50, 74.52, 74.53

3.21 Clinical laboratories (microbiology and serology, clinical chemistry, immunohemotology, pathology, and radiobiology).

Clinical laboratories with small or infrequent operations in which no more than 100 specimens are accepted during any calendar year and which hold an unrevoked or unsuspended letter of exemption are to maintain and make available such accession and other records as the Secretary may find necessary to determine initial and continuing eligibility for exemption.

Retention period: Not specified. 42 CFR 74.2

3.22 State agencies receiving Federal grants for maternal and child health services and crippled children's services.

To maintain such accounts and supporting documents as will serve to permit an accurate and expeditious determination to be made at any time of the costs of carrying out the State plan, and a complete equipment inventory for equipment or supplies purchased with grant funds.

Retention period: Not specified. 42 CFR 200.16, 200.27

3.23 State agencies receiving Federal grants for child welfare services.

To establish and maintain such accounts, records, and supporting documents as will permit an accurate and expeditious Federal audit of the program to be made at any time.

Retention period: Until completion of audits (including the final resolution of any questions raised thereby) or for 3 years, whichever is later, unless the State agency is requested to retain particular accounts, records, or supporting documents for a longer period. 45 CFR 220.75

3.24 State agencies receiving Federal grants for child welfare services which have purchased items of equipment and supply in carrying out the annual budget.

To maintain a complete equipment inventory and adequate property controls covering such items.

Retention period: Not specified. 45 CFR 220.81

3.25 State health agencies or public or nonprofit private agencies and institutions receiving project and personnel training grants for family planning services.

To maintain operational and accounting records relating to the use of the grant funds.

Retention period: 3 years after close of budget period; or if Federal audit has not occurred, for 5 years after close of budget period or until notification of completion of audit, whichever is earlier.[8] 42 CFR 51a.217, 59.14, 59.213

See footnote 8 on page 1821.

3.26 State and local public agencies and public or nonprofit institutions of higher learning receiving Federal grants for research projects relating to maternal and child health services and crippled children's services, and research or demonstration projects relating to child welfare services.

To maintain accounting, budgetary, and fiscal records for each grant period of the amount and disposition of Federal and cost-sharing funds and total cost of grant period; and all basic data, cards, tapes, print-outs, tables, charts, and data analysis, and such other records as will facilitate an audit.

Retention period: 5 years after termination of the project or until final audit, whichever occurs first. 42 CFR 205.10

3.27 Public or nonprofit private schools of nursing receiving Federal funds for scholarship grants and for support of their educational programs.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 57.911, 57.1013

3.28 Public and nonprofit agencies or institutions receiving grants for the advancement of health in coal mining.

To maintain progress and fiscal records relating to conduct and results of projects and uses of grant funds.

Retention period: 3 years after end of budget period; or if audit has not occurred, 5 years or until completion of audit whichever is earlier. In all cases an overriding requirement exists to retain records until resolution of any audit questions relating to the grant. 42 CFR 55.40

3.29 Approved Psittacine Bird Treatment Centers.

To maintain complete records of all birds received, treated and shipped, including date of each shipment and name and address of consignee.

Retention period: Not specified. 42 CFR 71.163

3.30 Local government units receiving grants for the detection and prevention of lead-based paint poisoning.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 91.15

3.31 Public or nonprofit agencies receiving grants for migrant health services.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 56.115

3.32 Schools receiving grants to improve the quality of training centers for allied health professions.

To maintain progress and fiscal records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 57.716

3.33 Schools receiving grants for the construction of teaching facilities for allied health professions personnel.

To maintain (a) adequate and separate accounting and fiscal records and accounts for all funds provided from any source to pay for the cost of the project and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) Not specified; (b) 3 years after the completion of the contract. 42 CFR 57.808

3.34 Public or nonprofit 2-year schools of medicine receiving grants for conversion to a school accredited to grant the degree of doctor of medicine.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 57.1310

3.35 New public or nonprofit schools of medicine, dentistry, and osteopathy receiving grants to meet their initial cost of operation.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 57.1413

See footnote 8 on page 1821.

3.36 Public or nonprofit hospitals receiving grants for training, traineeships, and fellowships in family medicine.

To maintain operational and accounting records relating to the use of grant funds.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 57.1612

3.37 Public and private nonprofit agencies or institutions receiving research and demonstration grants relating to occupational safety and health.

To maintain such progress and fiscal records relating to the approved project as the Secretary may prescribe.

Retention period: 3 years after end of budget period if grantee notified of completion of Federal audit or if grantee has not been so notified, until grantee is notified of the completion of Federal audit or until 5 years following end of budget period whichever comes first.[8] 42 CFR 87.24

4. Social Security Administration

4.1 States under agreement for voluntary coverage of State and local government employees. [Amended]

To keep or cause to be kept records of a State and of political subdivisions of a State included under an agreement in a location accessible to and open for inspection by authorized officials of the Social Security Administration. Such records must show the amount of noncash remuneration paid as well as cash remuneration (tip and nontip) paid to each employee for services covered under the agreement, the amount of employees' contributions withheld from such remuneration, and the period in which it was paid; such forms and systems of accounting as will enable the Administration to determine the amount of contributions for which the State is liable and whether they have been paid; such records as are necessary to establish the coverage status of individuals, e.g., the employees choice in a referendum on a desire for coverage basis referendum; records of claims for credit or refund and the supporting statement which is the basis for the claim for credit or refund; records of each employee's wages which are subject to the limitation of liability; where the agricultural exclusion was taken must identify in its records those employees who performed agricultural labor and each period during which such services were rendered.

Retention period: For 4 years (or longer if the State or political subdivision so desires) after the date the contributions were due or were paid, whichever is later. These records must be retained for the prescribed period even though the coverage of the entity has

V 38 - 12 JAN 18 73 XUM

been terminated. Records for claims for credit and refund—for 4 years after the date the claim is filed even though the coverage of the entity involved has been terminated. 20 CFR 404.1256

4.2 [Deleted]

4.3 Hospitals, extended care facilities, home health agencies, and outpatient physical therapy providers which have filed agreements to participate in the health insurance for the aged program.

To keep clinical and other medical records, utilization review committee reports, physicians certifications, and recertifications.

Retention period: Hospitals, in accordance with statute of limitations in the respective State; extended care facilities, in accordance with State law or for 5 years in absence of a State statute; others, not specified. 20 CFR 405.1026, 405.1035(h), 405.1132, 405.1137(h), 405.1243, 405.1241, 405.1625

4.4 Hospitals, extended care facilities, home health agencies, and outpatient physical therapy providers which have filed agreements to participate in the health insurance for the aged program.

To maintain and provide such information as the Secretary finds necessary to determine whether payments are or were due under title XVIII of the Social Security Act, and the amounts thereof.

Retention period: Not specified. 20 CFR 405.406

4.5 Psychiatric and tuberculosis hospitals which have filed agreements to participate in the health insurance for the aged program.

To maintain such records as the Secretary finds to be necessary to determine the degree and intensity of the treatment provided to individuals entitled to hospital insurance benefits under the hospital insurance benefits for the aged program.

Retention period: Not specified. 20 CFR 405.1036

4.6 [Deleted]

4.7 [Reserved]

4.8 Clinical laboratories.

To maintain records of laboratory reports.

Retention period: Not specified. 20 CFR 405.1316(e)(2)

4.9 Hospitals and hospital-based physicians under agreements apportioning the physicians' compensation.

To keep records and furnish information to substantiate the agreements they enter into concerning allocation of the compensation of the physicians.

Retention period: Not specified. 20 CFR 405.487

4.10–4.11 [Reserved]

4.12 Suppliers of portable X-ray services for Medicare beneficiaries.

To maintain records of each patient receiving services and the name of the doctor ordering such services.

Retention period: At least 2 years or for the period of time required by State law, whichever is longer. 20 CFR 405.1414

4.13 Public health agencies, rehabilitation agencies, and clinics providing outpatient physical therapy services. [Amended]

To maintain clinical records for each patient receiving physical therapy services.

Retention period: In accordance with State law, or 5 years in the absence of State statute. 20 CFR 405.1723

5. Social and Rehabilitation Service

ADMINISTRATION ON AGING

5.1 State agencies receiving Federal grants for community planning, services, and training.

To keep such records and afford such access thereto as the Secretary of Health, Education, and Welfare may find necessary to assure the correctness and verification of reports.

Retention period: Not specified. 45 CFR 903.24, 903.80

5.2 Public or nonprofit private agencies, organizations or institutions receiving Federal grants for research and development projects.

To keep such records and afford such access thereto as the Secretary of Health, Education, and Welfare may find necessary to assure the correctness and verification of reports.

Retention period: Not specified. 45 CFR 904.8

5.3 Public or nonprofit private agencies, organizations or institutions receiving Federal grants for training projects.

To keep such records and afford such access thereto as the Secretary of Health, Education, and Welfare may find necessary to assure the correctness and verification of reports.

Retention period: Not specified. 45 CFR 905.8

5.4 State agencies and project grantees receiving Federal funds for community programs for the aging. [Amended]

To maintain such accounts and supporting documents as will serve to permit an accurate and expeditious determination to be made at any time of the status of the Federal grants, including the disposition of the moneys received and the nature and amount of all charges claimed to lie against the allotment to the State.

Retention period: Not specified. 45 CFR 903.17

5.5 State agencies and project grantees participating in programs and activities for the aging.

To maintain accounting records.

Retention period: 3 years after the end of the budget period (or fiscal year) if audit by or on behalf of the Department has occurred by that time. If audit has not occurred, the records must be retained until audit, or until 5 years following the end of the budget period (or fiscal year), whichever is earlier, or until resolution of all audit questions. 45 CFR 901.4

5.6 State agencies receiving grants for nutrition projects. [Added]

To keep such records as the Secretary may find necessary to assure the correctness and verification of reports.

Retention period: Not specified. 45 CFR 909.29

5.7 Public or private nonprofit agencies receiving grants or contracts for nutrition projects. [Added]

To maintain records as required by the Administration on Aging.

Retention period: Not specified. 45 CFR 909.48

5.8–5.9 [Reserved]

COMMUNITY SERVICES ADMINISTRATION

5.10 State agencies receiving Federal grants for child welfare services.

To establish and maintain such accounts, records, and supporting documents as will permit an accurate and expeditious Federal audit of the program to be made at any time.

Retention period: Until completion of audits (including the final resolution of any questions raised thereby) or for 3 years, whichever is later, unless the State agency is requested to retain particular accounts, records, or supporting documents for a longer period. 45 CFR 220.75

5.11 State agencies receiving Federal grants for child welfare services which have purchased items of equipment and supply in carrying out the annual budget.

To maintain a complete equipment inventory and adequate property controls covering such items.

Retention period: Not specified. 45 CFR 220.81

5.12 Public and other nonprofit agencies and organizations and public or nonprofit institutions of higher learning receiving Federal grants for research or demonstration projects in the field of child welfare.

To maintain (a) fiscal records for each grant period of the amount and disposition of Federal and cost-sharing funds and total cost for the grant period and such other records as will facilitate an effective audit; (b) all basic data, cards, tapes, print-outs, tables, charts and data analysis; and (c) such other records as may be required.

Retention period: (a) and (b) 5 years after termination of the project or until final audit, whichever occurs first; (c) not specified. 42 CFR 205.10

5.13–5.19 [Reserved]

REHABILITATION SERVICES ADMINISTRATION

5.20 Grantees receiving Federal funds for the construction of university-affiliated facilities for the mentally retarded.

To maintain (a) adequate and separate accounting and fiscal records and accounts for all funds provided from any source to pay the cost of the project and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) Not specified; (b) 3 years after completion of the contract. 42 CFR 54.4

5.21 State and public or nonprofit private agencies receiving Federal funds for services and construction of developmental disabilities facilities. [Amended]

To maintain records and accounts as required by Part C of the Developmental Disabilities and Facilities Construction Act and regulations of 45 CFR Part 416.

Retention period: 3 years or longer if audit findings have not been resolved; nonexpendable property, 3 years after final disposition of such property. 45 CFR 416.38

5.22 [Combined with IV 5.21]

5.23 Public and nonprofit agencies and organizations receiving Federal funds for initial cost of professional and technical personnel for community mental retardation facilities.

To maintain adequate and separate accounting and fiscal records and accounts for all funds provided from any source to pay the costs of the staffing project; and such other records as the Administrator, SRS, shall prescribe.

Retention period: Not specified. 45 CFR 416.94, 416.98

5.24 Grantees receiving Federal project grants for improvement of the quality of care and treatment of the mentally retarded and for research in health-related areas of mental retardation.

To maintain such progress and fiscal records as the Secretary of Health, Education, and Welfare may prescribe.

Retention period: 3 years after end of budget period, if audit on behalf of HEW has not occurred, 5 years following end of budget period or until audit has occurred, whichever is earlier; or until resolution of all audit questions. 45 CFR 52.24

5.25 State agencies receiving Federal grants for the provision of vocational rehabilitation services.

To maintain (a) such written personnel policies, records and other information as necessary to permit an evaluation of personnel operations in relation to the State agency's standards; and (b) such accounts and supporting documents as will serve to permit an accurate and expeditious determination to be made at any time of the status of the Federal grants, including the disposition of all moneys received and the nature and amount of all charges claimed against such grants.

Retention period: Not specified. 45 CFR 401.12, 401.18

5.26 [Deleted]

5.27 State agencies or other public or nonprofit organizations or agencies receiving grants for the construction of workshops and rehabilitation facilities.

To maintain (a) adequate and separate accounting and fiscal records and accounts for all funds provided from any source to pay the cost of the project; and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) Not specified; (b) 3 years after completion of the contract. 45 CFR 404.22

5.28 Employees or organizations participating with the Social and Rehabilitation Service in contracts or jointly financed cooperative arrangements for projects with industry relating to handicapped individuals.

To keep such records and accounts as the Administrator, Social and Rehabilitation Service may require.

Retention period: Not specified. 45 CFR 403.67

5.29 [Reserved]

OFFICE FOR PLANNING, RESEARCH, AND TRAINING

5.30 Institutions of higher learning and associations receiving financial assistance for expansion and development of undergraduate and graduate programs in social work.

To maintain fiscal records for each period of the amount and disposition of Federal and cost-sharing funds and total cost for the grant period and such other records as will facilitate an effective audit, and such other records as the Service may require.

Retention period: Not specified. 45 CFR 280.12

5.31–5.39 [Reserved]

YOUTH DEVELOPMENT AND DELINQUENCY PREVENTION ADMINISTRATION

5.40 State, public or nonprofit private agencies or organizations receiving Federal grants for juvenile delinquency and youth development programs and activities.

To maintain (a) grant accounting records, identifiable by grant number; (b) inventories and records supporting accountability of equipment which cost $300 or more per item; and (c) to keep such records and afford such access thereto as the Administrator, Social and Rehabilitation Service may find necessary to assure the correctness and verification of reports submitted to him.

Retention period: (a) Until audit or 5 years after end of budget period, whichever is the less; (b) until completion of review and audit covering disposition of such equipment; (c) not specified. 45 CFR 270.21, 270.23, 270.40, 270.42, 270.69, 270.75, 270.90, 270.92, 270.130, 270.132, 270.150, 270.152, 270.170, 270.172, 270.187, 270.189, 270.209, 270.211

5.41 State or other public agencies receiving Federal grants for construction of juvenile delinquency rehabilitation facilities.

To maintain (a) adequate and separate accounting and fiscal records and accounts for all funds provided from any source to pay the cost of the project and (b) payroll records and kickback statements for all laborers and mechanics working at the project.

Retention period: (a) Not specified; (b) 3 years after completion of the contract. 45 CFR 270.110

5.42–5.49 [Reserved]

MEDICAL SERVICES ADMINISTRATION

5.50 Persons or institutions providing services under a State plan for medical assistance.

To keep such records as are necessary to disclose the extent of the services provided to individuals receiving assistance under the plan.

Retention period: Not specified. 45 CFR 250.21

5.51 Institutions conducting training programs in nursing home administration under grants from Social and Rehabilitation Service. [Amended]

To retain records of all costs related to courses provided, and persons trained.

Retention period: 3 years after the end of the budget period if audit by or on behalf of the Department has occurred by that time. If audit has not occurred, the records must be retained until audit or until 5 years following the end of the budget period, whichever is earlier, or until resolution of all audit questions. 45 CFR 252.20

5.52 State agencies administering plans for medical assistance for skilled nursing home care.

To maintain on file for ready access by the Department of Health, Education, and Welfare all information and reports used in determining whether a skilled nursing home meets the requirements specified in the regulation.

Retention period: 3 years. 45 CFR 249.33

5.53–5.59 [Reserved]

ASSISTANCE PAYMENTS ADMINISTRATION

5.60 State agencies administering public assistance programs.

To maintain records on applicants and recipients, program operation, fiscal and statistical information, and other records necessary for reporting and accountability.

Retention period: As prescribed by the Secretary. 45 CFR 205.60

5.61 State and local agencies participating in public assistance programs. [Added]

To maintain accounting and fiscal records relating to the expenditure of funds.

Retention period: 3 years from date of submission of expenditure report or until resolution of audit questions; for nonexpendable property, 3 years after final disposition of such property. 45 CFR 205.145

6. General Administration

6.1 State agencies participating in the distribution and utilization of surplus property for health, education, and civil defense purposes.

To maintain accurate accountability records of all donable property received, warehoused, and distributed by each State agency. Accountability records of all single items having acquisition cost of $2,500 or more shall be kept separate from those of lesser amount.

Retention period: Minimum of 5 years. 45 CFR 14.6

V 38 - 12 JAN 18 73 XUM

6.2 State and local agencies acquiring real property.

To keep records of all relocation payments made and assistance furnished, and records of notification to persons and businesses displaced.

Retention period: Not specified. 45 CFR 15.59

6.3 Contractors and subcontractors subject to HEW Procurement Regulations. [Added]

(a) To maintain records of work orders for maintenance, equipment, purchase orders of quality control, receiving and inspection records, and expendable property records.

(b) To maintain stores requisitions for materials, supplies, and equipment.

Retention period: (a) 4 years following completion or termination of contract; (b) 2 years. 41 CFR 103–27.5409

V. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

1. Office of the Secretary

1.1 State, and public and private agencies participating in relocation assistance programs. [Amended]

To maintain records pertaining to eligibility for relocation payments, including all claims, receipted bills, or other documentation in support of a claim, and records pertaining to action on a claim.

Retention period: 3 years after completion of the federally assisted activities. 24 CFR 41.11(i), 42.195, 500.104(i), 550.107(g)

1.2 [Transferred to V 4.2]

1.3–1.5 [Reserved]

1.6 Insurer, or pool, or person executing agreement under Federal riot reinsurance program.

To maintain books, documents, papers, and records that are pertinent.

Retention period: 3 years after final adjustment. 24 CFR 1908.38

1.7 Agencies designing, constructing or altering publicly-owned residential structures.

To maintain records relating to each contract, grant, or loan involving such publicly-owned residential structures.

Retention period: Not specified. 24 CFR 40.6

1.8 Developers of new communities.

To maintain records of costs incurred for the project, including those of contractors and subcontractors.

Retention period: Not specified. 24 CFR 710.22

2. Federal Housing Administration

2.1 Lending agencies with respect to property improvement and mobile home loans. [Amended]

To keep complete credit and collection file pertaining to each eligible property improvement or mobile home loan transaction, which will accompany any claim for loss made by the insured.

(a) A property improvement loan file will include the borrower's application for a title I loan, the original note, completion certificate(s), certifications with respect to carpeting, and other exhibits furnished to the lending institution by the borrower. Where proceeds of the loan are not disbursed directly to borrower without dealer intervention in any manner, file will include borrower's written authorization to disburse to other than the borrower, signed copy of contract or sales agreement describing type and extent of improvements to be made and the material to be used, also record of written notice to borrower of credit application approval. Proper evidence shall be in the file of permissible additional charges assessed against the borrower for additional expenses such as recording or filing fees, documentary stamp taxes, title examination charges and hazard insurance premiums in connection with title I property improvement loans where security is taken in the nature of a real estate mortgage, deed of trust conditional sales contract, chattel mortgage, mechanic's lien or other security device taken for the purpose of securing the payment of eligible loans. Evidence of late charge billing must be in the file if claim is made under the Contract of Insurance. With respect to Class 3 property improvement loans under Title I of the National Housing Act, the property description, plans and specifications shall remain a permanent part of the loan file in connection with certification to the Commissioner by the insured that in its opinion the site is suitable for a home and the proposed structure when completed will not adversely affect surrounding properties.

Retention period: Not specified. 24 CFR 200.171, 200.172, 200.174, 200.177, 201.2, 201.4, 201.6, 201.8, 201.10, 201.11

(b) A mobile home loan file will include a dated credit application form executed by the borrower, a commercial credit report obtained by the insured on the borrower or evidence that the insured has made an adequate investigation of the borrower's credit. The file will also include the obligation document, a record of advance notice of intention to disburse proceeds of the loan, and a number of certificates pertaining to mobile home standards, sanitary facilities and codes, zoning, and placement.

Retention period: Not specified. 24 CFR 201.520, 201.525, 201.545, 201.570, 201.575, 201.605, 201.610, 201.665

2.2 Lending agencies—title I.

To keep dealer files in connection with dealer approval, investigation and control which shall contain the dealer application, the approval by the insured together with supporting information and a record of the insured's experience with the loans originated by such dealer.

Retention period: Not specified. 24 CFR 200.171, 201.8, 201.595

2.3 Project mortgagors under the National Housing Act.

(a) To keep books and accounts in accordance with requirements of the FHA Commissioner and in such form as will permit a speedy and effective audit and maintain for such periods of time as may be prescribed by the Commissioner; contracts, records, documents, and papers shall be subject to inspection and examination by the FHA Commissioner and his duly authorized agent at all reasonable times.

Retention period: Not specified. 24 CFR 205.127, 207.19, 213.30, 220.630, 221.530, 221.538, 221.550, 221.552, 227.1, 232.87, 233.505, 235.830, 236.1, 242.65, 242.79, 244.105

(b) Where neither mortgagor nor any of its associates has any interest in the builder, financial or otherwise, and in connection with cost certification procedure, records shall be kept of all costs of any construction or other cost items not representing work under the general contract; where the mortgagor and/or its associates have any interest in the builder, contractor, or any subcontractor, the mortgagor shall keep such records and in turn require the builders to keep similar records. Requirements also apply to rehabilitation projects.

Retention period: Not specified. 24 CFR 205.110–205.125, 207.27, 213.35, 213.37, 220.501, 221.550, 227.1, 231.1, 232.83, 233.505, 234.501, 235.501, 236.1, 241.155–241.160, 242.251, 244.147–244.155

2.4 Investors insured under yield insurance provisions under title VII of the National Housing Act.

To maintain such books, records, and accounts with respect to the insured project as may be prescribed by the Commissioner and will, in the judgment of the Commissioner, adequately and accurately reflect the conditions and operations of the project. The investor shall agree to permit the Commissioner or his agent at all reasonable times upon request to examine any and all books, records, contracts, documents, and accounts of the investor which reflect in any way the condition or operations of the project.

Retention period: Not specified. 24 CFR 238.255

2.5 Lending agencies for project mortgages insured under the National Housing Act.

Upon assignment of the mortgage to the Federal Housing Commissioner, when entitled to receive the benefits of the insurance will deliver to the Commissioner, in addition to other items specified, all records, documents, books, papers, and accounts relating to the mortgage transaction.

Retention period: Not specified. 24 CFR Parts 205, 207, 210, 211, 213, 220, 221, 224, 227, 229, 231–236, 241, 242, 244

2.6 Mortgagors of new or rehabilitated multifamily housing insured under the National Housing Act.

To keep such records as are prescribed by the Federal Housing Commissioner at the time certification to keep such records is made and to keep them in such form as to permit a speedy and effective audit.

Retention period: Not specified. 42 U.S.C. 1434

2.7 Mortgages of lower income family homes.

To maintain such records as the Commissioner may require with respect to the mortgagor's payments, the mortgage assistance payments received from the Commissioner, and the biennial recertifications of financial status from the homeowner or mortgagor.

Retention period: As prescribed by the Commissioner. 24 CFR 235.365

3. Office of Assistant Secretary for Research and Technology

3.1 Contractors and subcontractors with research and development contracts.

To maintain books, records, documents and other supporting evidence relating to the contract and such other records as specified in 41 CFR 1–20.301—1–20.301–3.

Retention period: Various. 41 CFR Part 1–20

4. Office of the Assistant Secretary for Housing Management [Added]

4.1 Lending agencies for mortgages of lower income family homes.

To maintain such records as the Assistant Secretary may require with respect to the mortgagor's payments, the mortgage assistance payments received from the Assistant Secretary, and the annual recertification of financial status from the homeowner or mortgagor.

Retention period: As prescribed by the Assistant Secretary. 24 CFR 420.5

4.2 Public agencies receiving assistance under Advances for Public Works Planning (First Program).

To keep accurate accounting records of all costs involved in connection with plan preparation.

Retention period: Not specified. 24 CFR 490.13

VI. DEPARTMENT OF THE INTERIOR

1. Office of the Secretary

1.1 [Reserved]

1.2 Contractors and subcontractors.

To maintain books, records, and other evidence of accounting practices to reflect costs claimed and incurred in performance of contract.

Retention period: 3 years from final payment of contract or as specified by Federal procurement regulations whichever expires earlier, and for such longer period as required by statute or contract. 41 CFR 14–51.104–1

2. Fish and Wildlife Service

2.1 Operators of commercial picking establishments, cold storage or locker plants receiving, possessing, or having custody of migratory game birds. [Amended]

To maintain accurate records showing the numbers and kinds of such birds, dates received and disposed of, and the names and addresses of the persons from whom received and to whom delivered.

Retention period: 1 year following the close of the open season on migratory game birds. 50 CFR 10.82

2.2 Persons exercising privileges under permits granted under Migratory Bird Treaty Act regulations.

To keep records and make reports as specified in the permits issued by the Bureau of Sport Fisheries and Wildlife for the importation, taking, sale, purchase, or other acquisition, and possession of live migratory birds and their eggs for propagating purposes; for the importation, taking, sale, purchase, or other acquisition, and possession of migratory–birds and their eggs, nests or parts for scientific and other limited purposes; for the disposition and transportation of such birds, eggs, nests, parts and their increase; and for the mounting or other preparation by a taxidermist of such birds, eggs, or nests.

Retention period. 1 year following the end of the calendar year covered by the records. 50 CFR 16.9, 16.11, 16.12, 16.13, 16.14 (retention: 16.3)

2.3 Persons exercising privileges under permits to kill, frighten, or herd migratory birds injuring crops.

To keep an accurate record of all migratory birds killed and submit a report stating the species and number of migratory birds killed by the permittee.

Retention period: 12 months following the date on which necessary reports are submitted. 50 CFR 16.21 (retention: 16.3)

2.4 [Reserved]

2.5 Persons authorized to kill depredating purple gallinules in Louisiana.

To maintain record of the number of birds killed by him and submit a report thereon.

Retention period: 12 months following the date on which necessary reports are submitted. 50 CFR 16.24 (retention: 16.3)

2.6 State fish and game departments conducting fish and wildlife restoration projects with Federal aid. [Amended]

To maintain cost records, accounts, and supporting documents relating to each project.

Retention period: 3 years following final payment. 50 CFR 80.32, 80.33

2.7 Persons authorized to use an identification symbol in labeling packages or containers.

To maintain records of all fish and wildlife specimens, or parts thereof, which are shipped, transported, carried, brought, or conveyed in interstate or foreign commerce under the Endangered Species Conservation Act.

Retention period: As specified in permit. 50 CFR 17.9

3. Geological Survey

3.1 Coal-mine lessees (federally owned lands).

To keep records of all coal mined, sold, or otherwise disposed of. Records of correct daily weights or biweekly measurements shall be posted if the miners are paid by weight or measurement.

Retention period: Not specified. 30 CFR 211.15

3.2 Oil and gas lessees (federally owned and restricted Indian lands).

To keep accurate and complete records of the drilling, redrilling, deepening, repairing, plugging, or abandoning of oil wells and of all other well operations, and of all alterations to casing.

Retention period: Until submission of reports to Regional Oil and Gas Supervisors. 30 CFR 221.23

3.3–3.7 [Reserved]

3.8 Operators of mines on leased public or Indian lands. [Amended]

To keep books of a correct account of all ore mined, put through the mill, of all ore and mineral products sold and to whom sold, the weight, assay value, moisture content, prices received, and percentage of mineral products recovered or lost.

Retention period: Not specified. 30 CFR 231.60

3.9 Oil and gas and sulphur lessees (Outer Continental Shelf).

To keep well records and production records, and information obtained in the course of well operations.

Retention period: Until submission of reports to Regional Oil and Gas Supervisors. 30 CFR 250.38

4. Bureau of Indian Affairs

4.1 Indian chartered corporations, unincorporated tribes and bands, and credit and cooperative associations from the United States.

To keep separate records and accounts of their credit activities and of their cattle loans.

Retention period: Not specified. 25 CFR 91.7

4.2 Indian corporations and tribes.

To keep separate records and accounts of their cattle loans in connection with the revolving cattle pool.

Retention period: Not specified. 25 CFR 92.9

4.3—4.4 [Reserved]

4.5 Oil and gas pipeline operators with rights-of-way over Indian lands.

To keep books and records of oil produced or run from the lands.

Retention period: Not specified. 25 CFR 161.25

4.6 Lessees of tribal lands for mining.

To keep a full and correct account of all operations; and their books and records.

Retention period: Not specified. 25 CFR 171.18

4.7 Lessees of allotted lands for mining.

To keep a full and correct accounting of all operations and their books and records, showing manner of operations and persons interested, shall be open at all times for examination of such officers

V 38 - 12 JAN 18 73 XUM

of the Department as shall be instructed in writing by the Secretary of the Interior or authorized by regulations to make such examinations.

Retention period: Not specified. 25 CFR 172.25

4.8 Lessees of lands in Crow Indian Reservation, Montana, for mining.

To keep books of account showing amount of ore shipped or oil or other mineral substance sold or treated, and showing amount of money received from sale of ores, oil, etc.

Retention period: Not specified. 25 CFR 173.18

4.9 Lessees of restricted lands of members of Five Civilized Tribes, Oklahoma, for mining.

To keep a full and correct account of all operations; and their books and records.

Retention period: Not specified. 25 CFR 174.34

4.10 Lessees of lands in Osage Reservation, Oklahoma, for mining, except oil and gas.

To keep upon the leased premises accurate records of the drilling, redrilling, or deepening of all holes, showing the formations; and books and records showing manner of operations and persons interested.

Retention period: Not specified. 25 CFR 175.13

4.11 Lessees of lands under jurisdiction of Quapaw Agency for lead and zinc mining.

To keep books in which shall be a correct account of all ore and rock mined on the tract, of all ore put through the mill, etc.

Retention period: Not specified. 25 CFR 176.24

4.12 Lessees of Osage Reservation lands for oil and gas mining.

To keep a full and correct account of all operations; and their books and records.

Retention period: Not specified. 25 CFR 183.44

4.13 Lessees of lands in Wind River Indian Reservation, Wyoming, for oil and gas mining.

To keep a full and correct account of all operations; and their books and records, showing the manner of operations and persons interested, shall be open at all times for examination by such officers of the Department as shall be instructed in writing by the Secretary of the Interior or authorized by regulations, to make such examination.

Retention period: Not specified. 25 CFR 184.25

4.14 Traders on Navajo, Zuni, and Hopi Reservations.

To keep accurate records of business activities. Receipts issued by the trader for Indian products must be recorded in the traders' books.

Retention period: Not specified. 25 CFR 252.7, 252.17

5. and 6. [Reserved]

7. Bureau of Mines

7.1 Note (supplied by Bureau of Mines):

Federal Coal Mine Health and Safety Act of 1969 (P.L. 91–173 Secs. 111 and 303(a); 83 Stat. 747; U.S.C. 813, 821).

(a) Records of the daily fan inspections and the fan pressure recording gage charts.

(b) The operator of a coal mine shall maintain written records of investigations of accidents and a copy of report relating thereto.

Retention period: (a) 1 year. 30 CFR 75.300–4(e); (b) 5 years from the date of accident. 30 CFR 80.22, 80.23, 80.31

7.2 State and local authorities receiving aid for reclamation and rehabilitation of strip and surface mine areas.

To maintain suitable records and accounts of transactions with and payments to project contractors.

Retention period: 3 years after completion of each individual project. 30 CFR 42.7

7.3 State agencies, organizations, institutions (public and private), or individuals receiving Federal grants for solid waste disposal projects, health and safety programs in coal mines, and research.

(a) To maintain books of account and supporting papers of financial transactions involving Federal grants and those financed with matching funds from other sources.

(b) To maintain accountability record of all property items with expected life of more than 1 year and acquisition cost of $100 or more.

Retention period: (a) 3 years after last payment to grantee; (b) not specified. 30 CFR 51.18

7.4 Operators of metal and nonmetal mines. [Added]

To maintain written records of investigations of accidents.

Retention period: 3 years from date of accident. 30 CFR 58.23

7.5 Operators of underground coal mines. [Added]

To maintain records of tests, examinations, and inspections required by mandatory safety standards.

Retention period: Not specified. 30 CFR 75.1103–8, 75.1103–11, 75.1107–16, 75.1801—75.1807

7.6 Private helium distributors selling to Federal agencies.

To keep such helium accounting records as are necessary to assure compliance with regulations in the section cited.

Retention period: At least 1 year following the dates of their applicability, and shall be made available to any duly authorized representative of the Bureau of Mines for examination. 30 CFR 2.4

7.7 Operators of coal mines. [Added]

To maintain a list of all certified and qualified persons designated to perform duties under 30 CFR Parts 75 and 77.

Retention period: Not specified. 30 CFR 75.159, 77.106

8. National Park Service

8.1 Concessioners. [Amended]

To keep records of their employees, payrolls, and other records with respect to compliance with labor standards established from time to time by or pursuant to Federal or State labor laws.

Retention period: 3 years. 36 CFR 8.8

8.2 Concessioners and subconcessioners operating under negotiated contracts in areas administered by National Park Service.

To keep such records as the Secretary of the Interior may prescribe to enable the Secretary to determine that all terms of the concession contract have been and are being faithfully performed.

Retention period: 5 calendar years after the close of the business year of concessioner or subconcessioner. 16 U.S.C. 20g

9. Office of Water Resources Research

9.1 Individuals and institutions receiving funds under the Water Resources Research Act of 1964.

To maintain books and records reflecting financial transactions involving allotments, grants, contracts, or other arrangements and all papers necessary to explain or prove the validity of the transactions recorded.

Retention period: 3 years after allottee's or grantee's last disbursement of such funds or after last payment thereunder was received by the contractor. 18 CFR 505.6

10. [Reserved]

11. Office of Oil and Gas

11.1 Persons receiving allocations of imports of crude oil, unfinished oils, and finished products.

To maintain complete and current records of imports, refinery inputs, petrochemical plant inputs and the outputs of such plants.

Retention period: 3 years. 32A CFR Ch. X, OI Reg. 1, Sec. 6

VII. DEPARTMENT OF JUSTICE

1.1 Foreign agents required to register under 22 U.S.C. 611 et seq.

To keep all books and records relating to any activities which require registration, including correspondence, memoranda, and other written communications to and from foreign principals and other persons, names and addresses of persons to whom "political propaganda" has been sent, financial records, etc.

Retention period: 3 years following termination of registration. Upon good and sufficient cause shown in writing to the Assistant Attorney General in charge of the Internal Security Division, a registrant may be permitted to destroy books and records in support of the information furnished in the registration statement which was filed 5 or more

years prior to the date of the application to destroy. 28 CFR 5.500

1.2 Manufacturers of and dealers in gambling devices.

To keep monthly records of sales and deliveries of gambling devices, showing the mark and number identifying each article together with the name and address of the buyer or consignee thereof and the name and address of the carrier, and including duplicate bills and invoices.

Retention period: 5 years. 15 U.S.C. 1173

1.3–1.10 [Reserved]

1.11 Manufacturers, distributors, dispensers, researchers, importers, exporters, and chemical analysists subject to the Controlled Substances Import and Export Act. [Amended]

To maintain records and inventories of each substance manufactured, imported, received, sold, delivered, exported, or disposed of in accordance with Part 304.

Retention period: 2 years. 21 CFR 304.3, 304.11–304.27, 308.24 (retention: 304.04)

1.12 Recipients of assistance under the Omnibus Crime Control and Safe Streets Act of 1968.

To keep records of amount and disposition of assistance; total cost of project; amount of total cost supplied by other sources; and other records as prescribed.

Retention period: Not specified. 42 U.S.C. 3769

VIII. DEPARTMENT OF LABOR

1. Office of the Secretary

1.1 Contractors or subcontractors engaged in construction, prosecution, completion, or repair of any public building, public work, or work financed in whole or in part by loans or grants from a Federal agency.

To keep weekly payroll records setting out name and address of each laborer and mechanic, his correct classification, rate of pay, daily and weekly number of hours worked, deductions made, and actual wages paid.

Retention period: 3 years from date of completion of contract. 29 CFR 3.4; 32 CFR 18.703–1; 41 CFR 1–12.403–1

1.2 Contractors or subcontractors subject to labor standards provisions applicable to contracts covering federally financed and assisted construction (see 29 CFR 5.1 and 5.5).

(a) To keep payroll and basic records including name and address of each laborer or mechanic, correct classification, rate of pay (including rates of contributions or costs anticipated for medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying costs of apprenticeship programs, or for other bona fide fringe benefits), daily and weekly number of hours worked, deductions made, and actual wages paid to all laborers and mechanics.

(b) In the case of unfunded plans or programs for fringe benefits listed in the Davis-Bacon Act, which are approved by the Department of Labor, to maintain records showing: (1) that the contractor's commitment is enforceable, (2) that it has been communicated in writing to laborers or mechanics employed by him, and (3) that it is financially responsible.

Retention period: 3 years after termination of contract. 29 CFR 5.5(a)(3)(i) and (6)

1.3 Contractors or subcontractors subject to labor standards provisions applicable to contracts subject only to the Contract Work Hours and Safety Standards Act.

To keep records relating to wages and hours.

Retention period: 3 years from completion of contract. 29 CFR 5.5(e); 516.2(a); 32 CFR 12.303–1; 41 CFR 1–12.303

1.4 Persons subject to the Farm Labor Contractor Registration Act of 1963.

To keep payroll records showing specified information concerning earnings, hours worked, withholdings from wages, time periods constituting the basis for payment, piece rates, and units of work performed at piece rates for migrant workers engaged in interstate agricultural employment paid by such a contractor either on his own behalf or on behalf of another.

Retention period: Not specified. 29 CFR 40.10

1.5 Contractors or subcontractors subject to Service Contract Act of 1965.

To keep records relating to work classifications, wages, fringe benefits, hours worked, and safety and health standards.

Retention period: 3 years from completion of the work. 29 CFR 4.6(g), 4.185, 1925.3; 32 CFR 12.1004; 41 CFR 1–12.904–1

1.6 Sponsors of apprenticeship and training programs and State apprenticeship agencies.

To maintain records on qualification and evaluation of each applicant and other records of compliance with regulations including affirmative action plans and qualification standards.

Retention period: 5 years. 29 CFR 30.8

1.7 Sponsors of work training and experience programs under the Neighborhood Youth Corps. [Amended]

To maintain such records as required by the Secretary for the purpose of the administration of the Economic Opportunity Act of 1964, as amended.

Retention period: Not specified. 29 CFR 50.41

1.8 [Reserved]

1.9 Contractor or subcontractors employing apprentices and trainees on Federal and federally assisted construction. [Amended]

To keep records of employment by trades of the number of apprentices and trainees, the number of apprentices and trainees by first year of training, the number of journeymen, and the wages paid the apprentices, trainees, and journeymen.

Retention period: During the performance of each contract. 29 CFR 5a.3

1.10 State or local government agency, public agency, Indian tribes on Federal or State reservations, or institutions receiving grants under the Emergency Employment Act of 1971.

To maintain records and accounts, including records of property purchased with non-Federal shares, and personal and financial records.

Retention period: 3 years after expiration of grant. 29 CFR 55.17, 55.31a, 55.42, 55.51

1.11 Sponsors and subcontractors of work incentive programs. [Added]

To maintain records and accounts including records of property purchased with non-Federal share, and financial and personnel records.

Retention period: 3 years after completion or final payment under agreement, whichever is later, or until resolution of all audit questions. 29 CFR 56.36

2. Employment Standards Administration

2.1 Physicians and hospitals treating Federal employees covered by the Federal Employees' Compensation Act.

To keep records of all injury cases treated by them sufficient to supply the Office of Federal Employees' Compensation with a history of the employee's accident, the exact description, nature, location and extent of injury, the degree of disability arising therefrom, the X-ray findings if X-ray examination has been made, the nature of the treatment rendered, and the degree of disability arising from the injury.

Retention period: Not specified. 20 CFR 2.10

2.2 Employers (including District of Columbia employers) subject to the provisions of the Longshoremen's and Harbor Workers' Compensation Act, as extended by the Defense Base Act, the Outer Continental Shelf Lands Act, and the Nonappropriated Fund Instrumentalities Act. [Amended]

To keep records in respect to any injury to an employee, including information of disease, other disability, or death.

Retention period: Not specified. 20 CFR 31.23, 41.22

2.3 [Combined with VIII 2.2]

2.4 Supply contractors subject to Public Contracts Act (contracts with U.S. agencies or District of Columbia). [Amended]

(a) To keep unexpired certificate of age of employee issued and held pursuant to the Fair Labor Standards Act.

Retention period: During period of employment of such minors. 41 CFR 50–201.105

(b) To keep employment records, including name, address, sex, occupation,

V 38 - 12 JAN 18 73 XUM

date of birth of each employee under 19 years of age (if the employer has obtained a certificate of age to record the title and office issuing the certificate, the number of certificate, if any, the date of its issuance, and the name, address, and date of birth of the minor, as the same appears on the certificate of age), wage and hour records.

Retention period: 3 years from date of last entry. 41 CFR 50–201.501(d)

(c) To keep basic employment and earnings records, wage rate tables, and work time schedules.

Retention period: 2 years from date of last entry or last effective date, whichever is later. 41 CFR 50–201.501(h)

2.5 [Combined with VIII 2.4]

2.6 State agencies having agreements with Secretary of Labor, or Administrator of Wage and Hour Division, for utilization of their services in making investigations and inspections under Fair Labor Standards Act and Public Contracts Act. [Amended]

To keep accounting records and supporting data pertaining to expenditures for investigations and inspections.

Retention period: Not specified. 29 CFR 515.6

2.7 [Combined with 2.8, 2.21, 2.25]

2.8 Employers subject to Fair Labor Standards Act. [Amended]

To keep employment records relating to wages (including retroactive payment of wages), hours, sex, occupation, conditions of employment, etc.

Retention period: 3 years for records containing employee information, payrolls, and certificates, union agreements, and notices; and 2 years for basic employment and earnings records, wage rate tables, work time schedules, order shipping and billing records (customers bills, etc.), job evaluations, merit or seniority systems, or other matters which describe or explain the basis for payment of any wage differentials to employees of the opposite sex in the same establishment, records of deductions from or additions to pay. 29 CFR 516.2, 516.3, 516.5, 516.6, 516.11–516.29

2.9 Employers subject to Fair Labor Standards Act employing apprentices in skilled trade at wages lower than minimum wage applicable.

To keep records relating to wages, hours, conditions of employment, etc., as well as designation of apprentices on the payroll, and when applicable, the apprenticeship program, apprenticeship agreement, and special certificate under which an apprentice is employed.

Retention period: 3 years from termination of apprenticeship. 29 CFR 516.5, 521.8 (a) and (c)

2.10 Joint apprenticeship committees holding certificates issued by Administrator.

To keep records of apprenticeship program, apprenticeship agreement, and special certificate under which an apprentice is employed by an employer; the cumulative amount of work experience gained by the apprentice, and a list of employers to whom apprentice was assigned and period of time worked for each employer.

Retention period: 3 years from date of termination of apprenticeship. 29 CFR 516.5, 521.8 (b) and (c)

2.11 Employers subject to Fair Labor Standards Act employing learners under special learners certificates. [Amended]

To keep payroll records of learners and occupation in which each learner is employed; any special learner certificates issued; statements obtained from learners employed under special learners certificates of experience acquired in the industry in the 3 years prior to employment as a learner; and to maintain file of all evidence and records, including correspondence, pertaining to filing or cancellation of job orders (in addition to requirements of 29 CFR Part 516).

Retention period: 3 years. 29 CFR 516.5, 516.30, 522.7

2.12 Employers subject to Fair Labor Standards Act employing student-learners as learners under certificates. [Amended]

To keep payroll records of student-learners and occupation in which each student-learner is employed and copies of applications filed in accordance with 520.4(a) and of any special certificates issued under which student-learners are employed (in addition to requirements of 29 CFR Part 516).

Retention period: 3 years. 29 CFR 516.5, 516.30, 520.7

2.13 Employers subject to Fair Labor Standards Act employing handicapped workers. [Amended]

To keep a copy of special certificates authorizing employment of workers whose earning capacity is impaired by physical or mental deficiencies at wages lower than the minimum wages applicable under Fair Labor Standards Act with employment record (in addition to requirements of 29 CFR Part 516).

Retention period: 3 years. 29 CFR 516.5, 516.30, 524.10

2.14 Sheltered workshops (as defined in 29 CFR 525.2(b)). [Amended]

To keep (a) records of the nature of each client's disability and records that reflect the productivity of each client on a continuing basis or at periodic intervals not exceeding 6 months; learning periods when authorized by the certificate; designation of workers who are evaluees and trainees as authorized by certificate; indication of which workers are under each certificate where more than one certificate held; indication of workers for whom individual certificates held; pricing of work and time studies made to establish prices; documents relating to State certification; and (b) records required under applicable provisions of 29 CFR Part 516.

Retention period: (a) 2 years; (b) 3 years. 29 CFR 516.5, 516.30, 525.13

2.15 Educational institutions employing student-workers as learners under certificates. [Amended]

To keep payroll records showing rate of pay, including a copy of any special certificate issued (in addition to requirements of 29 CFR Part 516).

Retention period: 3 years. 29 CFR 516.5, 516.30, 527.7

2.16 Retail or service establishments subject to Fair Labor Standards Act employing full-time students outside of their school hours under special full-time student certificates. [Amended]

To keep payroll records of full-time students employed outside of their school hours in any retail or service establishment and occupations in which each such full-time student is employed; statements obtained by the employer from schools attended by such students that the employee receives primarily daytime instruction at the physical location of the school in accordance with the school's accepted definition of a full-time student; records of the monthly hours of employment of full-time students at special minimum wages under a full-time student certificate and of the total hours of employment during the month of all employees in the establishment; and any special certificates issued (in addition to requirements of 29 CFR Part 516).

Retention period: 3 years. 29 CFR 516.5, 516.30, 519.7

2.17 Retail or service establishments subject to Fair Labor Standards Act employing commission employees exempt from overtime pay requirements pursuant to section 7(b).

To keep employment records relating to wages, hours, circumstances and conditions of employment, including a symbol or letter to identify each such employee; an indication that the employee's regular rate of pay in each workweek meets requirements of the exemption and basic records demonstrating this fact; copy of the agreement or understanding or summary of its terms, including the basis of compensation, applicable representative period, and the date on which the agreement or understanding was entered into; and total compensation paid to each employee in each pay period stating separately the commission and noncommission straight time earnings.

Retention period: 3 years for records containing employee information, payrolls and certificates, union agreements, and notices; 2 years for basic employment and earning records, wage rate tables, work time schedules, orders, shipping and billing records (customers' bills, etc.), record of deductions from or additions to pay. 29 CFR 516.2, 516.5, 516.6, 516.28

2.18 Homeworkers and employers in the women's apparel industry, the jewelry manufacturing industry, the knitted outerwear industry, the gloves and mittens industry, the button and buckle manufacturing industry, the handkerchief manufacturing industry, and the embroideries industry. [Amended]

To maintain a copy of each certificate authorizing employment of industrial homeworkers in the above industries on file in the same place at which the

worker's employment records are maintained (in addition to requirements of 29 CFR Part 516).

Retention period: 3 years. 29 CFR 516.5, 516.30, 530.8, 530.9

2.19 [Combined with VIII 2.18]

2.20 Employers of industrial homeworkers engaged in making handfashioned jewelry on the Navajo, Pueblo, and Hopi Indian Reservations. [Amended]

To keep records, including name, address, and date of birth of the homeworker, if under 19 years of age, description of work performed, amount and date of cash payments for each pay period, and a schedule of piece rates paid, and all records required by Part 516, except those required by 516.2 and 516.24.

Retention period: 3 years. 29 CFR 530.12 (retention: 516.5)

2.21 Employers of homeworkers in industries in Puerto Rico. [Amended]

To maintain (a) all records relating to the receipt, distribution, and production of goods; (b) handbook furnished by the Wage and Hour Division; and (c) personnel and wage and hour (including retroactive pay) records as indicated in section cited.

Retention period: (a) and (c) 3 years; (b) 2 years after date of last entry. 29 CFR 545.7

2.22–2.23 [Combined with VIII 2.21]

2.24 [Deleted]

2.25 Employers of homeworkers in industries in the Virgin Islands. [Amended]

To maintain (a) all records relating to the receipt, distribution, and production of goods; (b) handbook furnished by the Wage and Hour Division; and (c) records relating to such homeworkers including wages and hours and retroactive pay.

Retention period: (a) and (c) 3 years; (b) 2 years after date of last entry. 29 CFR 695.6 (retention: 695.7)

2.26 [Combined with VIII 2.25]

2.27 Employers of local delivery drivers and helpers. [Amended]

To keep records and computations with respect to employees for whom the overtime pay exemption is taken.

Retention period: 3 years. 29 CFR 516.15, 551.9 (retention: 516.5)

2.28 Employers, employment agencies, and labor organizations subject to Age Discrimination in Employment Act of 1967. [Amended]

(a) *Employers*—(1) To keep records for each employee containing name, address, date of birth, occupation, rate of pay and compensation earned each week; (2) when made in the regular course of business, to keep personnel or employment records related to job applications, promotion or discharge, job orders submitted to employment agency or labor organization for recruitment of personnel, test papers of employer-administered aptitude or other employment test, results of physical examinations considered in connection with personnel action, and advertisements; (3) to keep any employee benefit plans; (4) to keep application forms for positions known to be of a temporary nature.

Retention period: (1) 3 years, (2) 1 year, (3) 1 year after termination of plan, (4) 90 days. 29 CFR 850.3

(b) *Employment agencies*—(1) To keep records related to placements, referrals, job orders, job applications, test papers, and advertisements; and (2) to keep application forms for positions known to be of a temporary nature.

Retention period: (1) 1 year; (2) 90 days. 29 CFR 850.4

(c) *Labor organizations*—To keep records of name, address, and date of birth of members, and any individual seeking membership in the organization.

Retention period: 1 year. 29 CFR 850.5

2.29 [Combined with VIII 2.36]

2.30 Employers subject to child-labor provisions of the Fair Labor Standards Act. [Amended]

To maintain (a) certificates of age, (b) written training agreements, and (c) such other employment records as required by 29 CFR Part 516.

Retention period: (a) Until termination of employment, (b) duration of training program, (c) 3 years. 29 CFR 516.5, 516.33, 570.3, 570.35a, 570.72

2.31 [Deleted]

2.32–2.35 [Combined with VIII 2.30]

2.36 Contractors or subcontractors subject to equal opportunity in employment regulations. [Amended]

(a) To maintain records and documents relating to nature and use of tests, validation of tests, and test results as required.

(b) To keep employment or other records as required by the Director, Office of Federal Contract Compliance, the contracting agency, or an applicant for Federal assistance concerning the contract, including the development and retention of written affirmative action compliance programs to be updated annually.

Retention period: Not specified. (a) 41 CFR 60–3.15; (b) 41 CFR 1–12.805–4, 60–1.7, 60–1.40, 60–2, 60–5.21, 60–6.21, 60–7.21, 60–8.21

3. Labor-Management Services Administration

3.1 Every labor organization required to file a labor organization information report under the Labor-Management Reporting and Disclosure Act of 1959, or under regulations promulgated under Executive Order 11491, as amended by Executive Order 11616. [Amended]

To maintain records on the matters required to be reported which will provide in sufficient detail the necessary basic information and data from which the documents filed with the Office may be verified, explained or clarified, and checked for accuracy and completeness, and shall include vouchers, worksheets, receipts, and applicable resolutions.

Retention period: Not less than 5 years after filing of documents. 29 CFR 204.24, 402.9

3.2 Every person who pursuant to an agreement or arrangement with an employer undertakes certain activities or who has certain receipts or makes certain disbursements subject to the Labor-Management Reporting and Disclosure Act of 1959.

To maintain records on the matters required to be reported which will provide in sufficient detail the necessary basic information and data from which the documents filed with the Office may be verified, explained or clarified and checked for accuracy and completeness, and shall include vouchers, worksheets, receipts, and applicable resolutions.

Retention period: Not less than 5 years after filing of documents. 29 CFR 406.8

3.3 Labor organizations required to file annual financial reports under the Labor-Management Reporting and Disclosure Act of 1959, or under regulations promulgated under Executive Order 11491, as amended by Executive Order 11616. [Amended]

To maintain records on the matters required to be reported which will provide in sufficient detail the necessary basic information and data from which the documents filed with the Office may be verified, explained or clarified, and checked for accuracy and completeness, and shall include vouchers, worksheets, receipts, and applicable' resolutions.

Retention period: Not less than 5 years after filing the documents. 29 CFR 204.24, 403.7

3.4 Employers required to report payments or agreements or arrangements under the Labor-Management Reporting and Disclosure Act of 1959.

To maintain records on the matters required to be reported which will provide in sufficient detail the necessary basic information and data from which the documents filed with the Office may be verified, explained or clarified, and checked for accuracy and completeness, and shall include vouchers, worksheets, receipts, and applicable resolutions.

Retention period: Not less than 5 years after filing of documents. 29 CFR 204.24, 408.10

3.5 Persons required to file any report under labor organization trusteeship reports provision of the Labor-Management Reporting and Disclosure Act of 1959, or under regulations promulgated under Executive Order 11491, as amended by Executive Order 11616. [Amended]

To maintain records on the matters required to be reported which will provide in sufficient detail the necessary basic information and data from which the documents filed with the Office may be verified, explained or clarified, and checked for accuracy and completeness, and shall include vouchers, worksheets, receipts, and applicable resolutions.

Retention period: Not less than 5 years after filing of documents. 29 CFR 204.24, 408.10

V 38 - 12 JAN 18 73 XUM

3.6 Labor organization officers and employees who are required to file reports of certain income and interests under the Labor-Management Reporting and Disclosure Act of 1959.

To maintain records on the matters required to be reported which will provide, in sufficient detail the necessary basic information and data from which the documents filed with the Office may be verified, explained or clarified, and checked for accuracy and completeness, and shall include vouchers, worksheets, receipts, and applicable resolutions.

Retention period: Not less than 5 years after filing of documents. 29 CFR 404.7

3.7 Election officials designated in the constitution and bylaws, or the secretary if no other official is designated, of labor organizations conducting election by secret ballot provided for under the Labor-Management Reporting and Disclosure Act of 1959, or under regulations promulgated under Executive Order 11491, as amended by Executive Order 11616. [Amended]

To preserve all election records, including ballots.

Retention period: 1 year. 29 CFR 204.-29, 452.12(d)

3.8 Officials designated in the constitution and bylaws, or the secretary if no other official is designated, of national or international labor organizations conducting elections by a convention of delegates provided for under the Labor-Management Reporting and Disclosure Act of 1959, or under regulations promulgated under Executive Order 11491, as amended by Executive Order 11616. [Amended]

To preserve the credentials of delegates and all minutes and records pertaining to election.

Retention period: 1 year. 29 CFR 204.-29, 452.13(c)

3.9 Persons required to file any description or report or to certify any information therefor under the Welfare and Pension Plans Disclosure Act. [Amended]

To maintain records on the matters of which disclosure is required which will provide in sufficient detail the necessary basic information and data from which the documents thus required may be verified, explained, or clarified, and checked for accuracy and completeness, and shall include vouchers, worksheets, receipts, applicable resolutions and records of any written authorization delegating authority to sign any description or report.

Retention period: 5 years. 29 CFR Part 486

3.10 Surety companies required to file reports under section 211 of the Labor-Management Reporting and Disclosure Act of 1959.

To maintain records on matters required to be reported which will provide in sufficient detail the necessary basic information and data from which the reports may be verified, explained or clarified, and checked for accuracy and completeness.

Retention period: Not less than 5 years after filing of report. 29 CFR 409.5

4. Occupational Safety and Health Administration

4.1 Persons accredited for vessel cargo gear certification.

To maintain records of all work performed on gear certification, including tests, proof loads, and heat treatment; of the status of the certification of each vessel issued a register by such accredited person.

Retention period: Permanent. 29 CFR 1919.10, 1919.11

4.2 Operators or officers of vessels.

To keep vessel's register and certificates relating to cargo gear.

Retention period: 4 years after date of the latest entry except for nonrecurring test certificates concerning gear which is kept in use for a longer period, in which case certificates are retained as long as that gear is in use. 29 CFR 1919.12

4.3 Employers of maritime employees under the Longshoremen's and Harbor Workers' Compensation Act.

(a) To maintain records of tests of strength of stevedoring gear.

Retention period: As long as such gear is in use. 29 CFR 1918.61

(b) To keep records of the dates, times, and locations of tests for carbon monoxide made when internal combustion engines exhaust into the hold or intermediate deck.

Retention period: 30 days after the work is completed. 29 CFR 1918.93

(c) To keep records relating to tests and inspections for the existence of hazardous flammable, explosive, or toxic liquids and gases.

Retention period: 3 months from the date of the completion of the job. 29 CFR 1915.10, 1916.10, 1917.10

4.4 Contractors subject to Public Contracts Act (contracts with U.S. agencies or District of Columbia).

To keep an annual summary of occupational illnesses and accidents.

Retention period: 5 years after date of entry. 29 CFR 1904, 41 CFR 50–201.502

4.5 Contractors subject to Public Contracts Act (contracts with U.S. agencies or District of Columbia).

To maintain records of radiation exposure of all employees for whom personnel monitoring is required.

Retention period: Not specified. 41 CFR 50–204.32

4.6 State agencies receiving development and planning grants for occupational safety and health.

To maintain records consistent with pertinent instructions.

Retention period: Not specified. 29 CFR 1950.11

4.7 Employers subject to the Occupational Safety and Health Act of 1970.

To maintain records for each occupational injury and illness, including an annual summary, and also a supplemental record in detail according to OSHA Form 101.

Retention period: 5 years. 29 CFR 1904.2, 1904.4–1904.6

4.8 Employers subject to the asbestos standard. [Added]

To maintain records of (a) any personal or environmental monitoring required by section cited, and (b) all employee medical examinations.

Retention period: (a) 3 years, (b) 20 years. 29 CFR 1910.93

4.9 Employers subject to the ionized radiation standard. [Added]

To maintain records of radiation exposure of all employees who are personally monitored.

Retention period: Indefinite. 29 CFR 1910.96

4.10 State agencies receiving grants implementing approved State plans in the occupational health and safety program. [Added]

To maintain financial records, supporting documents, statistical records, and all other records pertinent to the grant program.

Retention period: 3 years, or longer if audit findings not resolved; for nonexpendable property, 3 years after final disposition. Microfilm copies may be substituted for the originals. 29 CFR 1951.47

IX. [Reserved]

X. DEPARTMENT OF STATE

1. Office of Munitions Control

1.1 Persons required to register as manufacturers or exporters of United States Munitions List articles.

To maintain, subject to the inspection of the Secretary of State, or any person designated by him, records on the exportation of articles enumerated in the United States Munitions List. Records shall contain all information pertinent to the transaction.

Retention period: 6 years, except that the Secretary may prescribe a longer or shorter period in individual cases as he deems necessary. 22 CFR 122.05

2. Agency for International Development [9]

2.1 Foreign governments, U.S. voluntary agencies, or intergovernmental organizations, except the World Food Program and United Nations Relief and Works Agency, involved in the transfer of food commodities for use in disaster relief, economic development, and other assistance. [Amended]

To maintain records and documents of all transactions pertaining to receipt, storage, inspection, and distribution of commodities, including records of receipt and disbursement of funds accruing from the operation of the program.

Retention period: 3 years from close of the U.S. fiscal year to which they pertain. 22 CFR 211.10

[9] For other AID contractors, see XXIX, Items 1.3, 1.13, 1.14.

2.2 AID suppliers of commodities and commodity-related services for AID-financed programs or projects.

To maintain all records pertaining to the supplier's business together with all other documents bearing on supplier compliance with the undertakings and certifications of the Supplier's Certificate, AID Form 282.

Retention period: Not less than 5 years after date of execution of the Supplier's Certificate. 22 CFR Part 201, App. A., sec. 11

2.3 AID service contractors and subcontractors. [Added]

To retain records, books, documents, and other supporting evidence pertaining to the contract.

Retention period: 3 years after final payment under the contract or subcontract or as otherwise specified. 41 CFR 1–20.201

XI. DEPARTMENT OF THE TREASURY

1. Bureau of Accounts

1.1 Public and private agencies holding refugee relief loans.

To maintain adequate books and records relating to the funds borrowed from the Secretary of the Treasury under the Refugee Relief Act of 1953, as amended, and resettlement loans made therefrom.

Retention period: During life of the loan. 31 CFR 290.5

2. Comptroller of the Currency

2.1 [Reserved]

2.2 National banks exercising trust powers.

To keep a separate set of books and records showing in proper detail all permissible fiduciary transactions engaged in under regulations and State and local law.

Retention period: Not specified. 12 CFR 9.8

2.3 National banks' shareholder lists.

To maintain a stock register book containing names and residences of all shareholders, such book to be kept in the main office of the bank.

Retention period: Permanent. 12 U.S.C. 62

2.4 Certificates executed by national banks under Exception 13 of R.S. 5200.

To keep certificates, executed by an officer of the bank designated by the board of directors for that purpose, in support of loans made based on negotiable or nonnegotiable installment consumer paper where the bank has in fact evaluated and is relying primarily on the makers for the payment of such obligations.

Retention period: Until repayment of the loan. 12 U.S.C. 84

2.5 [Reserved]

2.6 Investments in securities by national banks: credit information required.

To maintain credit information demonstrating prudence in evaluating public and investment securities.

Retention period: Not specified. 12 CFR 1.8

2.7 Security devices required in national banks.

To maintain records showing the name(s) and title(s) of law enforcement officer(s) who advises bank on installation, maintenance, and operation of appropriate security devices.

Retention period: Not specified. 12 CFR 21.5(b)

3. Bureau of Customs

3.1–3.5 [Reserved]

3.6 Manufacturers, processors, or dealers entering or withdrawing wool or hair of the camel under bond or receiving wool or hair by transfer under bond.

To keep records showing (a) in case of entry or withdrawal, the quantity, entered clean content, identity, and description of such wool or hair; (b) in case of receipt by transfer, the quantity, description, and date of transfer certificate of wool or hair and name and address of transferor.

Retention period: Records relating to bonded wool or hair—3 years after the imported wool or hair has been used in manufacturing; records of transferor, where the wool or hair has been charged against the transferee—3 years from date of transfer. 19 CFR 10.93 (retention: 10.95)

3.7 Manufacturers or processors of products and substances resulting wholly or in part from bonded wool or hair of the camel.

To keep records showing (a) date or inclusive dates of processing of each lot or inclusive dates of each period of manufacture; (b) quantity, identity, and description of wool or hair not previously processed put into process; (c) quantity and description of all intermediate products, stocks in process, and wastes not described put into process; (d) quantity and description of final products and quantity by weight of wool or hair content; (e) quantity of wastes remaining on hand; (f) inventory of wool and hair on hand at close of each abstract period; (g) quantities and description of any yarns spun.

Retention period: Records relating to bonded wool or hair—3 years after the imported wool or hair has been used in manufacturing; records of transferor, where the wool or hair has been charged against the transferee—3 years from date of transfer. 19 CFR 10.94 (retention: 10.95)

3.8 Manufacturers, processors, or dealers of articles of wool or hair of the camel.

To keep records showing quantity, description, and wool or hair content of all articles delivered from their premises pursuant to transfer under bond, purchase, consignment, or otherwise; date of delivery; name and address of person to whom delivered; exact designation; price paid or agreed upon.

Retention period: Records relating to bonded wool or hair—3 years after the imported wool or hair has been used in manufacturing; records of transferor, where the wool or hair has been charged against the transferee—3 years from date of transfer. 19 CFR 10.95

3.9–3.10 [Reserved]

3.11 Operators of importing vessels, aircraft, or vehicles.

To maintain evidence to support a claim of nonimportation or proper disposition of merchandise manifested but not found on board the importing vessel, aircraft, or vehicle.

Retention period: 1 year. 19 CFR 4.12, 6.7, 123.9

3.12 Proprietors of bonded smelting and/or refining warehouses operating under section 312, Tariff Act of 1930.[10]

To keep such records of the operation that will show the quantities of metal-bearing materials (a) on hand at the beginning of the period and the dutiable contents thereof; (b) received during the period and the dutiable contents thereof; (c) total to be accounted for and the dutiable contents thereof; (d) on hand at the end of the period and the dutiable contents thereof; and (e) worked during the period and the dutiable contents thereof.

Retention period: 5 years from date of statement. 19 CFR 19.19

3.13 Importers, exporters, proprietors of customs bonded warehouses, bonded common carriers, and others handling imported wheat in continuous customs custody.

To maintain such records as will enable customs officers to verify the handling to which imported wheat has been subjected and the proper accounting of any increase or shortage in quantity from shrinkage or other factor.

Retention period: 2 years after date of transaction. 19 CFR 19.34

3.14 Manufacturers or producers of articles manufactured or produced in the United States with the use of imported duty-paid merchandise and intended for exportation with benefit of drawback under section 313(a), Tariff Act of 1930.[10]

To keep records showing the date or inclusive dates of manufacture or production of the articles, the quantity and identity of the imported duty-paid merchandise used or appearing in the exported articles, the quantity and description of finished product obtained, and, if valuable waste is incurred in manufacture and claim is not based on the quantity of imported merchandise appearing in the exported articles, the value of the imported merchandise used in manufacture and the quantity and value of the waste incurred, and, in cases where two or more products are obtained, the values thereof at the time of separation.

[10] These records are required to be kept by manufacturers or producers, proprietors of bonded smelting and/or refining warehouses operating under section 312, Tariff Act of 1930, and importers.

V 38 - 12 JAN 18 73 J XUM

Retention period: At least 3 years after payment of drawback claims. 19 CFR 22.4, 22.6 (retention: 22.46)

3.15 Manufacturers or producers of articles manufactured or produced in the United States with the use, in certain cases, of substituted merchandise in lieu of imported duty-paid merchandise and intended for exportation with benefit of drawback under section 313(b), Tariff Act of 1930, as amended.[10]

To keep detailed records pertaining to duty-paid merchandise or other articles manufactured or produced under drawback regulations with the use of such merchandise designated as the basis for the allowance of drawback on the exported articles.

Retention period: At least 3 years after payment of drawback claims. 19 CFR 22.5, 22.6 (retention: 22.46)

3.16 Manufacturers or producers of flavoring extracts and medicinal or toilet preparations (including perfumery) manufactured or produced in the United States with the use of domestic taxpaid alcohol and intended for exportation with benefit of drawback under section 313(d) Tariff Act of 1930, as amended.[10]

To keep records similar to those required of manufacturers or producers in the case of articles manufactured or produced in the United States with the use of imported duty-paid merchandise and intended for exportation with benefit of drawback under section 313(a), Tariff Act of 1930.

Retention period: At least 3 years after payment of drawback claims. 19 CFR 22.23, 22.24 (retention: 22.46)

3.17 Licensed customhouse brokers. [Amended]

To keep current records of account reflecting all their financial transactions as customhouse brokers, including a copy of each entry made with all supporting papers, except those documents they are required to file with Customs, powers of attorney, copies of all correspondence and other papers relating to customs business and, except for certain specified limitations, a record of transactions of licensed customhouse broker (Customs Form 3079) in addition to the regular records of account.

Retention period: At least 6 years after the date of entry. When merchandise is withdrawn from a bonded warehouse, copies of papers relating to the withdrawal shall be retained for 6 years from the date of withdrawal. Powers of attorney shall be retained until revoked, and revoked powers of attorney and letters of revocation shall be retained for 6 years after the date of revocation. Records may be retained on microfilm pursuant to section cited. 19 CFR 111.23

3.18 Importers of merchandise subject to actual use provisions.

To maintain records showing use or disposition of imported merchandise.

Retention period: 3 years from date of liquidation of entry. 19 CFR 10.137

See footnote 10 on page 1833.

4. Internal Revenue Service

NOTE: The following items refer to requirements issued under the Internal Revenue Code of 1939 and the Internal Revenue Code of 1954 which were in effect as of January 1, 1973. All regulations applicable under any provision of law in effect on August 16, 1954, the date of enactment of the 1954 Code, are applicable to the corresponding provisions of the 1954 Code insofar as such regulations are not inconsistent with the 1954 Code, and such regulations remain applicable to the 1954 Code until superseded by regulations under such Code. The Internal Revenue Service points out that the omission from this compilation of any record retention requirement provided for by law or regulation issued thereunder shall not be construed as authority to disregard any such requirement. The Service also points out that persons subject to income tax are bound by the retention requirement given in item 4.1 regardless of other requirements which for other purposes allow shorter retention periods.

The record retention requirements of the Internal Revenue Service are divided into the following categories: Income, Estate, Gift, Employment, and Excise Taxes.

Regulations issued pursuant to the Internal Revenue Code of 1939 and not entirely superseded are carried in the Code of Federal Regulations as Appendixes to Subchapters A and D of Chapter I of Title 26.

INCOME TAX

4.1 Persons subject to income tax.

(a) *General.* Except as provided in paragraph (b), any person subject to tax, or any person required to file a return of information with respect to income shall keep such permanent books of account or records, including inventories, as are sufficient to establish the amount of gross income, deductions, credits, or other matters required to be shown by such person in any return of such tax or information.

(b) *Farmers and wage-earners.* Individuals deriving gross income from the business of farming, and individuals whose gross income includes salaries, wages, or similar compensation for personal services rendered, are required to keep such records as will enable the district director to determine the correct amount of income subject to the tax, but it is not necessary that these individuals keep the books of account or records required by paragraph (a).

(c) *Exempt organizations.* In addition to the books and records required by paragraph (a) with respect to the tax imposed or unrelated business income, every organization exempt from tax under section 501(a) of the Code shall keep such permanent books of account or records, including inventories, as are sufficient to show specifically the items of gross income, receipts, and disbursements, and other required information.

Retention period: So long as the contents thereof may become material in the administration of any internal revenue law. 26 CFR 1.6001–1

4.1a Section 38 property; computation of investment credit and qualified investment. [Amended]

(a) *Component members of a controlled group on a December 31 apportionment of $25,000 amount.* To keep as a part of its records a copy of the statement containing all the required consents to the apportionment plan. 26 CFR 1.46–1

(b) *Persons computing qualified investment in certain depreciable property.* Maintain sufficient records to determine whether section 47 of the Internal Revenue Code, relating to certain dispositions of section 38 property, applies with respect to any asset. 26 CFR 1.46–3

(c) *Recomputation of credit and qualified investment.* Maintain records which will establish with respect to each item of section 38 property, the following facts: (1) The date the property is disposed of or otherwise ceases to be section 38 property, (2) the estimated useful life which was assigned to the property for computing qualified investment, (3) the month and the taxable year in which property was placed in service, and (4) the basis (or cost), actually or reasonably determined, of the property.

Taxpayers who, for purposes of determining qualified investment, do not use a mortality dispersion table with respect to section 38 assets similar in kind but who consistently assign to such assets separate lives based on the estimated range of years taken into consideration in establishing the average useful life of such assets, must, in addition to the above records, maintain records which will establish to the satisfaction of the district director that such asset has not previously been considered as having been disposed of. 26 CFR 1.47–1

(d) *Disposition or cessation of section 38 property.* Any taxpayer who seeks to establish his interest in a trade or business, a former electing small business corporation, an estate or trust, or a partnership, shall maintain adequate records to demonstrate his indirect interest after any such transfer or transfers. 26 CFR 1.47–3, 1.47–4, 1.47–5, 1.47–6

(e) *Persons selecting used section 38 property, $50,000 cost limitation.* To maintain records which permit specific identification of any item of used section 38 property selected, which was placed in service by the person selecting the property. Each member, other than the filing member, of a controlled group shall retain as part of its records a copy of the apportionment statement which was attached to the filing member's return. 26 CFR 1.48–3

(f) *Election of lessor of new section 38 property to treat lessee as purchaser.* The lessor and the lessee shall keep as a part of their records the statements filed with the lessee, signed by the lessor and including the written consent of the lessee. 26 CFR 1.48–4

Retention period: See Item 4.1

4.1b Persons not totally blind claiming the additional exemption for blindness. [Added]

To retain a copy of the certified opinion of the examining physician skilled in the disease of the eye that there is no reasonable probability that his visual acuity will ever improve beyond the minimum

standards described in section 1.151–1 (d)(3) of the regulations. 26 CFR 1.151–1(d)(4)

Retention period: See Item 4.1.

4.2 Persons paying travel or other business expenses incurred by an employee in connection with the performance of his services.

To maintain adequate and detailed records of ordinary and necessary travel, transportation, entertainment, and other similar business expenses, including identification of amount and nature of expenditures, and to keep supporting documents, especially in connection with large or exceptional expenditures. 26 CFR 1.162–17, 1.274–5

Retention period: See Item 4.1.

4.3 Persons claiming allowance for depreciation of property used in trade or business or property held for the production of income.

To keep records and accounts with respect to basis of property, depreciation rates, reserves, salvage, retirements, adjustments, elections, cost of repair, maintenance or improvement of property, agreements with respect to estimated useful life, rates and salvage, and other factors. 26 CFR 1.167(a)–7, 1.167(a)–11, 1.167(d)–1.

Retention period: See Item 4.1.

4.3a Persons changing method of depreciation of section 1245 or section 1250 property. [Amended]

To maintain records which permit specific identification of section 1245 or section 1250 property in the account with respect to which the election is made, and any other property in such account. The records shall also show for all the property in the account the date of acquisition, cost or other basis, amounts recovered through depreciation and other allowances, the estimated salvage value, the character of the property, and the remaining useful life of the property. 26 CFR 1.167(e)–1, 1.167(j)–1

Retention period: See Item 4.1.

4.3b Persons claiming depreciation with respect to residential rental property. [Added]

To maintain a record of the gross rental income derived from a building, and the portion thereof which constitutes gross rental income from dwelling units, in addition to records required under section 1.167(a)–7(c) with respect to property in a depreciation account. 26 CFR 1.167(j)–3

Retention period: See Item 4.1.

4.3c Persons claiming depreciation of expenditures to rehabilitate low-income rental housing. [Added]

To maintain detailed records which permit specific identification of the rehabilitation expenditures that are permitted to be allocated to individual dwelling units under the allocation rules and income certifications that must be obtained from tenants who propose to live in rehabilitated dwelling units after the close of the certification year. 26 CFR 1.167(k)–2, 1.167(k)–3

Retention period: See Item 4.1.

4.3d Persons claiming a deduction for amounts expended in maintaining certain students as a member of household. [Renumbered and amended]

To keep adequate records of amounts actually paid in maintaining a student as a member of the household. For certain items, such as food, a record of amounts spent for all members of the household, with an equal portion thereof allocated to each member, will be acceptable. 26 CFR 1.170–2, 1.170A–2

Retention period: See Item 4.1.

4.4 Persons electing to treat trademark or trade-name expenditures as deferred expenses.

To make an accounting segregation on his books and records of trademark and trade name expenditures, for which the election has been made, sufficient to permit an identification of the character and amount of each expenditure and the amortization period selected for each expenditure. 26 CFR 1.177–1

Retention period: See Item 4.1.

4.5 Persons electing additional first-year depreciation allowance for section 179 property.

To maintain records which permit specific identification of each piece of "section 179 property" and reflect how and from whom such property was acquired. 26 CFR 1.179–4

Retention period: See Item 4.1.

4.6 Persons receiving any class of exempt income or holding property or engaging in activities the income from which is exempt.

To keep records of expenses otherwise allowable as deductions which are directly allocable to any class or classes of exempt income and amounts of items or parts of items allocated to each class. 26 CFR 1.265–1

Retention period: See Item 4.1.

4.7 Taxpayer substantiation of expenses for travel, entertainment, and gifts related to active conduct of trade or business.

A taxpayer must substantiate each element of an expenditure by adequate records or sufficient evidence corroborating his own statements. 26 CFR 1.274–1, 1.274–5

Retention period: See Item 4.1.

4.7a Corporations using different methods of depreciation for taxable income and earnings and profit. [Added]

To maintain records which show the depreciation taken each year and which will allow computation of the adjusted basis of the property in each account using depreciation taken. 26 CFR 1.315–15(d)

Retention period: See Item 4.1.

4.8 Corporations receiving distributions in complete liquidation of subsidiaries.

To keep records showing information with respect to the plan of liquidation and its adoption. 26 CFR 1.332–6

Retention period: See Item 4.1.

4.9 Qualified electing shareholders receiving distributions in complete liquidation of domestic corporations other than collapsible corporations.

To keep records in substantial form showing all facts pertinent to the recognition and treatment of the gain realized upon shares of stock owned at the time of the adoption of the plan of liquidation. 26 CFR 1.333–6

Retention period: See Item 4.1.

4.10 Persons who participate in a transfer of property to a corporation controlled by the transferor.

To keep records in substantial form showing information to facilitate the determination of gain or loss from a subsequent disposition of stock or securities and other property, if any, received in the exchange. 26 CFR 1.351–3

Retention period: See Item 4.1.

4.11 Persons who participate in a tax-free exchange in connection with a corporate reorganization.

To keep records in substantial form showing the cost or other basis of the transferred property and the amount of stock or securities and other property or money received (including any liabilities assumed upon the exchange, or any liabilities to which any of the properties received were subject), in order to facilitate the determination of gain or loss from a subsequent disposition of such stock or securities and other property received from the exchange. 26 CFR 1.368–3

Retention period: See Item 4.1.

4.12 Persons who exchange stock and securities in corporations in accordance with plans of reorganizations approved by the courts in receivership, foreclosure, or similar proceedings, or in proceedings under chapter X of the Bankruptcy Act.

To keep records in substantial form showing the cost or other basis of the transferred property and the amount of stock or securities and other property or money received (including any liabilities assumed upon the exchange), in order to facilitate the determination of gain or loss from a subsequent disposition of such stock or securities and other property received from the exchange. 26 CFR 1.371–2

Retention period: See Item 4.1.

4.13 Corporations which are parties to reorganizations in pursuance of court orders in receivership, foreclosure, or similar proceedings, or in proceedings under chapter X of the Bankruptcy Act.

To keep records in substantial form showing the cost or other basis of the transferred property and the amount of stock or securities and other property or money received (including any liabilities assumed upon the exchange), in order to facilitate the determination of gain or loss from a subsequent disposition of such stock or securities and other property received from the exchange. 26 CFR 1.371–1

Retention period: See Item 4.1.

V 38 - 12 JAN 18 73 XUM

4.14 Railroads participating in a tax-free reorganization.

Records in substantial form must be kept by every railroad corporation which participates in a tax-free exchange in connection with a reorganization under section 374(a) of the Internal Revenue Code, showing the cost or other basis of the transferred property and the amount of stock or securities and other property or money received, including any liabilities assumed upon the exchange, in order to facilitate the determination of gain or loss from a subsequent disposition of such stock or securities and other property received from the exchange.

Retention period: Permanent. 26 CFR 1.374–3

4.15 Records required in computing depreciation allowance carryovers of acquiring corporations in certain corporate acquisitions.

Records shall be maintained in sufficient detail to identify any depreciable property to which section 1.381(c)(6)–1 of the regulations applies and to establish the basis thereof. 26 CFR 1.381(c)(6)–1

Retention period: See Item 4.1.

4.16 Corporations and shareholders for whom elections are filed with respect to the tax treatment of corporate reorganizations.

To keep permanent records of all relevant data in order to facilitate the determination of gain or loss from a subsequent disposition of stock or securities or other property acquired in the transaction in respect of which the election was filed. 26 CFR 1.393–3

Retention period: See Item 4.1.

4.16a Qualified pension or annuity plans with provisions for certain medical benefits.

To keep a separate account for record-keeping purposes with respect to contributions received to fund medical benefits described in section 401(h) of the Internal Revenue Code. 26 CFR 1.401–14

Retention period: See Item 4.1.

4.17 Employers maintaining a pension, annuity, stock bonus, profit-sharing, or other funded plan of deferred compensation. [Amended]

To keep records substantiating all data and information required to be filed with respect to each plan. 26 CFR 1.404(a)–2, 1.404(a)–2A

Retention period: See Item 4.1.

4.18 Persons required to seek the approval of the Commissioner in order to change their annual accounting period.

To keep adequate and accurate records of their taxable income for the short period involved in the change and for the fiscal year proposed. 26 CFR 1.442–1

Retention period: See Item 4.1.

4.19 Persons selling by the installment method.

(a) *Installment method.* In adopting the installment method of accounting the seller must maintain such records as are necessary to clearly reflect income. A dealer who desires to compute income by the installment method shall maintain accounting records in such a manner as to enable an accurate computation to be made by such method.

(b) *Revolving credit plan.* The percentage of charges under a revolving credit plan which will be treated as sales on the installment plan shall be computed by making an actual segregation of charges in a probability sample of the revolving credit accounts in order to determine what percentage of charges in the sample is to be treated as sales on the installment plan. The taxpayer shall maintain records in sufficient detail to show the method of computing and applying the sample. 26 CFR 1.453–1, 1.453–2

Retention period: See Item 4.1.

4.19a Prepaid dues income.

A taxpayer who makes an election with respect to prepaid dues income shall maintain books and records in sufficient detail to enable the district director to determine upon audit that additional amounts were included in the taxpayer's gross income for any of the three taxable years preceding such first taxable year. 26 CFR 1.456–7

Retention period: See Item 4.1.

4.20 Persons engaged in the production, purchase, or sale of merchandise.

To keep a record of inventory conforming to the best accounting practice in the trade or business which clearly reflects income and is consistent from year to year. 26 CFR 1.471–1, 1.471–2

Retention period: See Item 4.1.

4.20a Supplemental Unemployment Benefit Trusts.

To maintain records indicating the amount of separation benefits and sick and accident benefits which have been provided to each employee. If a plan is financed, in whole or in part, by employee contributions to the trust, the trust must maintain records indicating the amount of each employee's total contributions allocable to separation benefits. 26 CFR 1.501(c)(17)–2(j)

Retention period: See Item 4.1.

4.20b Farmer's cooperative marketing and purchasing associations.

To keep permanent records of the business done both with members and nonmembers, which show that the association was operating during the taxable year on a cooperative basis in the distribution of patronage dividends to all producers. While under the Code patronage dividends must be paid to all producers on the same basis, this requirement is complied with if an association, instead of paying patronage dividends to nonmember producers in cash, keeps permanent records from which the proportionate shares of the patronage dividends due to nonmember producers can be determined, and such shares are made applicable toward the purchase price of a share of stock or of a membership in the association. 26 CFR 1.521–1

Retention period: See Item 4.1.

4.20c Controlled entities arm's length charges.

To maintain adequate books and records to permit verification of costs or deductions when a factor in determining the arm's length charge for services rendered to other members of a controlled group. 26 CFR 1.482–2(b)(3)

Retention period: See Item 4.1.

4.21 Corporations claiming deduction for dividends paid.

To keep permanent records necessary (a) to establish that dividends with respect to which the deduction is claimed were actually paid during the taxable year, and (b) to supply the information required to be filed with the income tax return of the corporation. To also keep canceled dividend checks and receipts obtained from shareholders acknowledging payment. 26 CFR 1.561–2

Retention period: See Item 4.1.

4.21a Mutual savings banks, etc., maintaining reserves for bad debts.

To maintain as a permanent part of its regular books of account, an account for: (1) a reserve for losses on nonqualifying loans, (2) a reserve for losses on qualifying real property loans, and (3) if required, a supplemental reserve for losses on loans. A permanent subsidiary ledger containing an account for each of such reserves may be maintained. 26 CFR 1.593–7

Retention period: See Item 4.1.

4.21b Mutual savings banks, etc., making capital improvements on land acquired by foreclosure.

To maintain such records as are necessary to reflect clearly, with respect to each particular acquired property, the cost of each capital improvement and whether the taxpayer treated minor capital improvements with respect to such property in the same manner as the acquired property. 26 CFR 1.595–1

Retention period: See Item 4.1.

4.22 Persons claiming allowance for cost depletion of natural gas property without reference to discovery value or percentage depletion.

To keep accurate records of periodical pressure determinations where the annual production is not metered. 26 CFR 1.611–2

Retention period: See Item 4.1.

4.23 Persons claiming an allowance for depletion and depreciation of mineral property, oil and gas wells, and other natural deposits. [Amended]

(a) *General.* To keep a separate account in which shall be accurately recorded the cost or other basis of such property together with subsequent allowable capital additions to each account and all other required adjustments; and, to assemble, segregate, and have readily available at his principal place of business, all the supporting data which is used in compiling certain summary statements required to be attached to returns.

(b) *Mineral property.* The information on which the summary statement is based and for which supporting data must be kept includes:

(1) An adequate map showing the name, description, location, date of surveys, and identification of the deposit or deposits;

(2) A description of the character of the taxpayer's property, accompanied by a copy of the instrument or instruments by which it was acquired;

(3) The date of acquisition of the property, the exact terms and dates of expiration of all leases involved, and if terminated, the reasons therefor;

(4) The cost of the mineral property and improvements, stating the amount paid to each vendor, with his name and address;

(5) The date as of which the mineral property and improvements are valued, if a valuation is necessary to establish the basis;

(6) The value of mineral property and improvements on that date with a statement of the precise method by which it was determined;

(7) An allocation of the cost or value among the mineral property, improvements and the surface of the land for purposes other than mineral production;

(8) The estimated number of units of each kind of mineral at the end of the taxable year, and also at the date of acquisition, if acquired during the taxable year or at the date as of which any valuation is made, together with an explanation of the method used in the estimation, the name and address of the person making the estimate, and an average analysis which will indicate the quality of the mineral valued, including the grade or gravity in the case of oil;

(9) The number of the units sold and the number of units for which payment was received or accrued during the year for which the return is made (in the case of newly developed oil and gas deposits it is desirable that this information be furnished by months);

(10) The gross amount received from the sale of mineral;

(11) The amount of depreciation for the taxable year and the amount of cost depletion for the taxable year;

(12) The amounts of depletion and depreciation, if any, stated separately, which for each and every prior year: (i) Were allowed, (ii) Were allowable, and (iii) Would have been allowable without reference to percentage or discovery depletion;

(13) The fractions (however measured) of gross production from the deposit or deposits to which the taxpayer and other persons are entitled together with the names and addresses of such other persons; and

(14) Any other data which will be helpful in determining the reasonableness of the valuation asserted or of the deductions claimed.

(c) *Oil and gas properties.* The following information with respect to each property is required in addition to that information set forth in paragraphs (a) and (b):

(1) The number of acres of producing oil or gas land and, if additional acreage is claimed to be proven, the amount of such acreage and the reasons for believing it to be proven;

(2) The number of wells producing at the beginning and end of the taxable year;

(3) The date of completion of each well finished during the taxable year;

(4) The date of abandonment of each well abandoned during the taxable year;

(5) Maps showing the location of the tracts or leases and of the producing and abandoned wells, dryholes, and proven oil and gas lands (maps should show depth, initial production, and date of completion of each well, etc., to the extent that these data are available);

(6) The number of pay sands and average thickness of each pay sand or zone;

(7) The average depth to the top of each of the different pay sands;

(8) The annual production of the deposit or of the individual wells, if the latter information is available, from the beginning of its productivity to the end of the taxable year, the average number of wells producing during each year, and the initial daily production of each well (the extent to which oil or gas is used for fuel on the premises should be stated with reasonable accuracy);

(9) All available data regarding change in operating conditions, such as unit operation, proration, flooding, use of air-gas lift, vacuum, shooting, and similar information, which have a direct effect on the production of the deposit; and

(10) Available geological information having a probable bearing on the oil and gas content; information with respect to edge water, water drive, bottom hole pressures, oil-gas ratio, porosity of reservoir rock, percentage of recovery, expected date of cessation of natural flow, decline in estimated potential, and characteristics similar to characteristics of other known fields.

(d) *Statement to be attached to return when depletion is claimed on percentage basis.* In addition to the requirements set forth in paragraphs (a), (b) and (c), a taxpayer who claims the percentage depletion deduction for any taxable year shall attach to his return for such year a statement setting forth in complete, summary form, with respect to each property for which such deduction is allowable, the following information:

(1) All data necessary for the determination of the "gross income from the property," as defined in 26 CFR 1.613–3, including, (i) Amounts paid as rents or royalties including amounts which the recipient treats under section 631(c) of the Internal Revenue Code, (ii) Proportion and amount of bonus excluded, and (iii) Amounts paid to holders of other interests in the mineral deposit;

(2) All additional data necessary for the determination of the "taxable income from the property computed without the allowance for depletion," as defined in 26 CFR 1.614–5. 26 CFR 1.611–2, 1.613–6

Retention period: See Item 4.1.

4.23a Mineral property, taxable income computation, allocation of section 1245 gain. [Amended]

Taxpayer shall have available permanent records of all the facts necessary to determine with reasonable accuracy the portion of any gain recognized under section 1245(a)(1) of the Code which is properly allocable to the mineral property in respect of which the taxable income is being computed. In the absence of such records, none of the gain recognized under section 1245(a)(1) shall be allocable to such mineral property. 26 CFR 1.613–5

Retention period: See Item 4.1.

4.23b Persons computing gross incomes from mining by use of representative market or field price. [Added]

To keep records as to the source of his pricing information and relevant supporting data. 26 CFR 1.613–4(c)(5)

Retention period: See Item 4.1.

4.24 Persons claiming an allowance for depletion of timber property.

To keep accurate ledger accounts in which shall be recorded the cost or other basis of the property and land together with subsequent allowable capital additions in each account and all other adjustments. In such accounts there shall be set up separately the quantity of timber, the quantity of land, and the quantity of other resources, if any, and a proper part of the total cost or value shall be allocated to each after proper provision for immature timber growth. The timber accounts shall be credited each year with the amount of the charges to the depletion accounts or the amount of the charges to the depletion accounts shall be credited to depletion reserves accounts. 26 CFR 1.611–3

Retention period: See Item 4.1.

4.25 Persons electing to aggregate separate operating mineral interests.

To maintain adequate records and maps that shall contain a description of the aggregation and the operating mineral interests within the operating unit which are to be treated as separate properties apart from the aggregation. A general description, accompanied by appropriately marked maps, which accurately circumscribes the scope of the aggregation and identifies the properties which are to be treated separately will be sufficient. There shall also be included a description of the operating unit in sufficient detail to show that the aggregated operating mineral interests are properly within a single operating unit. 26 CFR 1.614–2

Retention period: See Item 4.1.

4.26 Rules relating to separate operating mineral interests in the case of mines.

To maintain adequate records and maps that shall contain the following information:

(a) Whether the taxpayer is making an election or elections with respect to the operating unit in accordance with section 614(c)(3) (A) or (B) of the Internal Revenue Code;

V 38 - 12 JAN 18 73 XUM

(b) A description of the operating unit of the taxpayer in sufficient detail to identify the operating mineral interests which are included within such operating unit;

(c) A description of each aggregation to be formed within the operating unit, in sufficient detail to show that each aggregation consists of all the separate operating mineral interests which comprise any one mine or any two or more mines;

(d) A description of each separate operating mineral interest within the operating unit which is to be treated as a separate property, in sufficient detail to show that such interest is not a part of any mine for which an election to aggregate has been made;

(e) The taxable year in which the first expenditure for development or operation was made by the taxpayer with respect to each separate operating mineral interest within the operating unit, but if the first expenditure for development or operation has not been made with respect to a separate operating mineral interest before the close of the taxable year for which the election is made, such information should also be included;

(f) A description of each separate operating mineral interest within the operating unit which the taxpayer elects to treat as more than one such interest under section 614(c)(2) of the Internal Revenue Code, in sufficient detail to show that the separate operating mineral interest was not a part of an aggregation formed by the taxpayer under section 614(c)(1) of the Code for any taxable year prior to the taxable year for which the election under section 614(c)(2) of the Code is made, and to show that the mineral deposit representing the separate operating mineral interest is being developed or extracted by means of two or more mines;

(g) The taxable year in which the first expenditure for development or operation was made by the taxpayer with respect to each mine on the separate operating mineral interest that the taxpayer is electing to treat as more than one such interest; and

(h) The allocation of the mineral deposit representing the separate operating mineral interest between (or among) the newly formed interests and the method by which such allocation was made. 26 CFR 1.614–3

Retention period: See Item 4.1.

4.26a Persons aggregating operating mineral interests in oil and gas wells in a single tract or parcel of land.

To obtain accurate and reliable information, and keep records with respect thereto, establishing all facts necessary for making the computations prescribed for the fair market value method of determining basis on the aggregation. 26 CFR 1.614–6

Retention period: See Item 4.1.

4.26b Pooled income fund investing or reinvesting any portion of its properties jointly with other properties. [Renumbered]

To maintain records which identify the portion of the total fund which is owned by the pooled income fund and the income earned by, and attributable to, such portion. 26 CFR 1.642(c)–5.

Retention period: See Item 4.1.

4.26c Trusts-accumulation distribution allocated to preceding years. [Added]

For all taxable years of a trust, the trustee must retain copies of the trust's income tax return as well as information pertaining to any adjustments in the tax shown as due on the return. Trustee shall also retain trust's records required by section 6001 of the Internal Revenue Code and the regulations thereunder for each taxable year for which the period of limitations on assessment of tax under section 6501 of the Code has not expired. 26 CFR 1.666(d)–1A

Retention period: See Item 4.1.

4.26d Life insurance companies, contracts with reserves based on segregated asset accounts. [Renumbered]

Separately account for each and every income, exclusion, deduction, asset, reserve, and other liability item which is properly attributable to such segregated asset accounts and keep such permanent records and other data relating to such contracts as is necessary to enable the district director to determine the correctness of the application of the separate accounting rules and the accuracy of the computations. 26 CFR 1.801–8(c)

Retention period: See Item 4.1.

4.27 Life insurance companies distributing dividends to policyholders.

Every life insurance company claiming a deduction for dividends to policyholders shall keep such permanent records as are necessary to establish the amount of dividends actually paid during the taxable year. Such company shall also keep a copy of the dividend resolution and any necessary supporting data relating to the amounts of dividends declared and to the amounts held or set aside as reserves for dividends to policyholders during the taxable year.

Retention period: Permanent. 26 CFR 1.811–2

4.28 Life insurance companies with respect to the optional treatment of policies reinsured under modified coinsurance contracts.

The reinsured and reinsurer shall maintain as part of their permanent books of account any subsequent amendments to the original modified coinsurance contract between the reinsured and reinsurer. 26 CFR 1.820–2

Retention period: See Item 4.1.

4.29 Regulated investment companies.

To maintain records showing the information relative to the actual owners of its stock contained in the written statements to be demanded from the shareholders. For the purposes of determining whether a domestic corporation claiming to be a regulated investment company is a personal holding company the records of the company shall show the maximum number of shares of the corporation (including the number and face value of securities convertible into stock of the corporation) to be considered as actually or constructively owned by each of the actual owners of any of its stock at any time during the last half of the corporation's taxable year. Also to maintain a list of the persons failing or refusing to comply with demand for statements respecting ownership of shares. 26 CFR 1.852–6, 1.852–7

Retention period: See Item 4.1.

4.30 Real estate investment trust.

(a) To maintain in the internal revenue district in which it is required to file its income tax return such permanent records as will disclose the actual ownership of its outstanding stock.

(b) Shareholders of record may not be the actual owners of the stock; accordingly, the real estate investment trust shall demand a written statement from shareholders of record disclosing the actual owner of the stock. Section 1.856–6(d). A list of the persons failing or refusing to comply in whole or in part with the trust's demand for such statement shall be maintained as a part of the trust's records.

(c) For the purpose of determining whether a trust, claiming to be a real estate investment trust, is a personal holding company, the permanent records of the trust shall show the maximum number of shares of the trust (including the number and face value of securities convertible into stock of the trust) to be considered as actually or constructively owned by each of the actual owners of any of its stock at any time during the last half of the trust's taxable year, as provided in section 544 of the Internal Revenue Code. 26 CFR 1.857–6

Retention period: See Item 4.1.

4.31 Persons claiming credit for taxes paid or accrued to foreign countries and possessions of the United States.

To keep readily available for comparison on request the original receipt for each such tax payment, or the original return on which each such accrued tax was based, a duplicate original, or a duly certified or authenticated copy, in case only a sworn copy of a receipt or return is submitted. 26 CFR 1.905–2

Retention period: See Item 4.1.

4.32 Western Hemisphere trade corporations.

To keep records substantiating income tax statement showing that its entire business is done within the Western Hemisphere and if any purchases are made outside the Western Hemisphere, the amount of such purchases, the amount of its gross receipts from all sources, and any other pertinent information. 26 CFR 1.921–1

Retention period: See Item 4.1.

4.32a Persons or corporations seeking to come within the exception to the limitation on reduction in income tax liability incurred to the Virgin Islands, under section 934 of the Internal Revenue Code of 1954.

Must maintain such records and other documents as are necessary to determine the applicability of the exception. 26 CFR 1.934–1

Retention period: See Item 4.1.

4.32b United States shareholders of controlled foreign corporations. [Amended]

To provide permanent books of account or records which are sufficient to verify for the taxable year subpart F, export trade, and certain other classes of income; gross income excluded from base company income and the increase in earnings invested in United States property; also, if the Commissioner has issued a determination letter granting authority for excluding certain income from foreign base company income, a copy of the letter shall be retained. 26 CFR 1.954–1(b)(4)(v), 1.964–3, 1.964–4

Retention period: See Item 4.1.

4.32c Election to use the average basis method for certain regulated investment company stock.

To maintain records as are necessary to substantiate the average basis (or bases) used on an income tax return in reporting gain or loss from the sale or transfer of shares. 26 CFR 1.1012–1

Retention period: See Item 4.1.

4.33 Executors or other legal representatives of decedents, fiduciaries of trusts under wills, life tenants and other persons to whom a uniform basis with respect to property transmitted at death is applicable.

To make and maintain records showing in detail all deductions, distributions, or other items for which adjustment to basis is required to be made. 26 CFR 1.1014–4

Retention period: See Item 4.1.

4.34 Persons making or receiving gifts of property acquired by gift after December 31, 1920.

To preserve and keep accessible a record of the facts necessary to determine the cost of the property and, if pertinent, its fair market value as of March 1, 1913, or its fair market value as of the date of the gift, to insure a fair and adequate determination of the proper basis. 26 CFR 1.1015–1.

Retention period: See Item 4.1.

4.35 Persons participating in exchanges or distributions made in obedience to orders of the Securities and Exchange Commission.

To keep records in substantial form showing the cost or other basis of the property transferred and the amount of stock or securities and other property (including money) received. 26 CFR 1.1081–11

Retention period: See Item 4.1.

4.36 Stock or security holders records of distribution pursuant to the Bank Holding Company Act of 1956.

Each stock or security holder who receives stock or securities or other property upon a distribution made by a qualified bank holding corporation under section 1101 of the Internal Revenue Code shall maintain records of all facts pertinent to the nonrecognition of gain upon such distribution. 26 CFR 1.1101–4

Retention period: See Item 4.1.

4.36a Gain upon sale or exchange of obligations issued at an original issue discount after December 31, 1954.

Taxpayer shall keep a record of the issue price and issue date upon or with each such obligation (if known or reasonably ascertainable by him). If the obligation held is an obligation of the United States received from the United States in an exchange upon which gain or loss is not recognized because of section 1037(a) of the Code (or so much of section 1031 (b) or (c) as relates to section 1037(a)), the taxpayer shall keep sufficient records to determine the issue price of such obligations for purposes of applying section 1.1037–1 of the regulations upon the disposition or redemption of such obligations. 26 CFR 1.1232–3(f)

Retention period: See Item 4.1.

4.37 Persons engaged in arbitrage operations in stock and securities.

To keep records that will clearly show that a transaction has been timely and properly identified as an arbitrage operation. Such identification must ordinarily be entered in the taxpayer's records on the day of the transaction. 26 CFR 1.1233–1

Retention period: See Item 4.1.

4.37a Grantors of straddles.

In the case of a multiple option where the number of options to sell and the number of options to buy are not the same or if the terms of all the options are not identical, the grantor must indicate in his records the individual serial number of, or other characteristic symbol imprinted upon, each of the two individual options which comprise the straddle, or by adopting any other method of identification satisfactory to the Commissioner. Such identification must be made before the expiration of the fifteenth day after the day on which the multiple option is granted and is applicable to multiple options granted after January 24, 1972, 26 CFR 1.1234–2

Retention period: See Item 4.1.

4.38 Record retention requirements for corporations and shareholders with respect to the substantiation of ordinary loss deductions on small business corporation stock.

(a) *Corporations.* The plan to issue stock which qualifies under section 1244 of the Internal Revenue Code must appear upon the records of the corporation. In addition, in order to substantiate an ordinary loss deduction claimed by its shareholders, the corporation should maintain records showing the following:

(1) The persons to whom stock was issued pursuant to the plan, the date of issuance to each, and a description of the amount and type of consideration received from each;

(2) If the consideration received is property, the basis in the hands of the shareholders and the fair market value of such property when received by the corporation;

(3) Which certificates represent stock issued pursuant to the plan;

(4) The amount of money and the basis in the hands of the corporation of other property received after June 30, 1958, and before the adoption of the plan for its stock, as a contribution to capital and as paid-in surplus;

(5) The equity capital of the corporation on the date of adoption of the plan; and

(6) Information relating to any tax-free stock dividend made with respect to stock issued pursuant to the plan and any reorganization in which stock is transferred by the corporation in exchange for stock issued pursuant to the plan.

(b) *Shareholders.* Any person who claims a deduction for an ordinary loss on stock under section 1244 of the Code shall file with his income tax return for the year in which a deduction for the loss is claimed a statement setting forth:

(1) The address of the corporation that issued the stock;

(2) The manner in which the stock was acquired by such person and the nature and amount of the consideration paid; and

(3) If the stock was acquired in a nontaxable transaction in exchange for property other than money—the type of property, its fair market value on the date of transfer to the corporation, and its adjusted basis on such date.

In addition, a person who owns "section 1244 stock" in a corporation shall maintain records sufficient to distinguish such stock from any other stock he may own in the corporation. 26 CFR 1.1244(e)–1

Retention period: See Item 4.1.

4.38a Foreign investment companies.

To maintain and preserve such permanent books of account, records, and other documents as are sufficient to establish what its taxable income would be if it were a domestic corporation. Generally, if the books and records are maintained in the manner prescribed by regulations under section 30 of the Investment Company Act of 1940, the requirements shall be considered satisfied. 26 CFR 1.1247–5

Retention period: See Item 4.1.

4.38b Recomputed basis of section 1245 property and additional depreciation adjustments to section 1250 property when such property is sold, exchanged, transferred, or involuntarily converted.

To maintain permanent records which include (1) the date and manner in which the property was acquired, (2) the basis on the date the property was acquired and the manner in which the basis was determined, (3) the amount and date of all adjustments to basis, and (4) similar information with respect to other property having an adjusted basis reflecting depreciation or amortization adjustments by the taxpayer, or by another taxpayer on the same or other property. 26 CFR 1.1245–2, 1.1250–2

Retention period: See Item 4.1.

V 38 - 12 JAN 18 73 XUM

4.39 Persons involved in the liquidation and replacement of lifo inventories.

To keep detailed records such as will enable the Commissioner, in his examination of the taxpayer's return for the year of replacement, readily to verify the extent of the inventory decrease claimed to be involuntary in character and the facts upon which such claim is based, all subsequent inventory increases and decreases, and all other facts material to the replacement adjustment authorized. 26 CFR 1.1321–1, 1.1321–2

Retention period: See Item 4.1.

4.40 Unincorporated business enterprise electing to be taxed as a domestic corporation.

(a) *General.* Except as otherwise provided in paragraph (b), any unincorporated business enterprise electing to be taxed as a domestic corporation under section 1361 of the Internal Revenue Code is required to keep records, render statements, and make returns in the same manner as a domestic corporation.

(b) *Other records.* The following other records shall be maintained by a "section 1361 corporation:"

(1) Separate records shall be maintained for payments to owners of a "section 1361 corporation" in order that a determination may be made as to whether such payments are compensation for personal services to which section 1361(j) of the Internal Revenue Code applies, or are distributions which may be treated either as corporate distributions or as distributions of personal holding company income.

(2) In the case of a partnership, separate capital accounts shall be maintained for each partner. Such accounts shall set forth the original capital contribution, adjustments thereto (for example, because of an owner's share of undistributed personal holding company income), and any other information necessary to establish each partner's interest in the "section 1361 corporation."

(3) A "section 1361 corporation" shall maintain records of all transfers of interests by its owners made at any time during the period the election under section 1361 applies, showing the names of the transferor and the transferee, the relationship between them, and the interest transferred.

(4) The records of a "section 1361 corporation" shall be maintained in such a manner that assets, liabilities, income, and expenses of the "section 1361 corporation" are shown separately and distinctly from assets, liabilities, income, and expenses of the owners which do not relate to the enterprise. Moreover, separate records shall be maintained for personal holding income and deductions attributable thereto.

(5) A "section 1361 corporation" shall maintain an earnings and profits account which shall be computed in accordance with the rules applicable generally to domestic corporations, except that the receipt and distribution of personal holding company income (and expenses attributable thereto) shall not be taken into account in determining the amount of earnings and profits for the taxable year or accumulated earnings and profits. 26 CFR 1.1361–10, 1.1361–14

Retention period: See Item 4.1.

4.41 Records by small business corporations of (1) distributions of previously taxed income and (2) undistributed taxable income.

A small business corporation must keep records of (1) distributions of the net share of the previously taxed income of each shareholder and (2) each person's share of undistributed taxable income. In addition, each shareholder of such corporation shall keep a record of his own net share of previously taxed income and undistributed taxable income and shall make such record available to the corporation for its information. 26 CFR 1.1375–4; 1.1375–6

Retention period: See Item 4.1.

4.41a Persons required to withhold tax on nonresident aliens, foreign corporations, and tax-free covenant bonds on payments of income made on and after January 1, 1957.

To keep copies of Forms 1042 and 1042S. 26 CFR 1.1461–2

Retention period: See Item 4.1.

4.41b Affiliated group; (1) intercompany transactions, accounting for deferred gain or loss, and (2) allocation of Federal income tax liability.

(1) Maintain permanent records (including work papers) which will properly reflect the amount of deferred gain or loss and enable the group to identify the character and source of the deferred gain or loss to the selling member and apply the applicable restoration rules. (2) If an affiliated group elects to use the method of allocating Federal income tax liability provided in section 1.1502–33(d)(2)(i) of the regulations, it must maintain specific records to substantiate the tax liability of each member on a separate return basis for purposes of paragraphs (a)(1) and (b)(1) of such subdivision (i). In addition, allocations of tax liability may be made in accordance with any other method approved by the Commissioner, but a condition of such approval shall be that the group maintain specific records to substantiate its computations pursuant to such method. 26 CFR 1.1502–13(c)(5), 1.1502–33, 1.1552–1

Retention period: See Item 4.1

4.41c Withholding agents making payment to nonresident aliens, foreign partnerships, or foreign corporations after December 31, 1971, which are subject to a reduced rate or an exemption from tax pursuant to a tax treaty.

To maintain Form 1001, Ownership, Exemption, or Reduced Rate Certificate.

Retention period: *Coupon bond interest* at least 4 years after the close of the calendar year in which the interest is paid; *Income other than coupon bond interest or dividends* at least 4 years after the close of the calendar year in which the interest is paid; *Noncoupon bond interest* at least 4 years after the interest is paid. 26 CFR 1.1441–6, 1.1461–1.

4.42 Tax-exempt organizations. [Amended]
